

Miracle Pill Maker Bullies the Boss

Chapter 31: Proud And Arrogant

Huo Yao was not that familiar with Min Yu. They had known each other for nearly a year but the number of their interactions was quite limited. She didn't know what he did for a living. In fact, this was the first time that she had learnt his name and only because he brought it up himself.

Min Yu tilted his head. "Do you think I look like one?"

Huo Yao sized him up and down and shook her head, critically. Post that, she said, "Nope."

No school would hire a teacher like him unless the school's intention was to have students' minds distracted from their studies.

1

Min Yu smiled faintly. "Indeed, I am not a teacher."

In a sense, she was right.

Huo Yao turned her face and looked outside the car's window. She was not in the mood to ask any more questions. "Please pull over and drop me on the side. I can walk to the admissions office from here."

Zhuo Yun slowed the car down but did not pull over. He was looking at Min Yu through the rear view mirror.

"Okay." Min Yu gave his consent.

Only then did Zhuo Yu gently apply the brakes.

Huo Yao threw a look at Zhuo Yun. The interaction between these two was interesting. After she said thanks to both of them, she stepped out of the car.

Zhuo Yun did not re-start the car immediately. and watched as the girl walked further and further away from them.

After that, he asked in a low voice. "Yu, is she the girl whom you asked us to look up? Huo Yao?"

Min Yu gave a brief answer. "Yes."

His detached and indifferent expression had been restored on his face. He was tapping his index finger on his knee, unconsciously.

"She is pretty but I didn't notice anything special about her." Zhuo Yun commented in an off-hand manner.

He could not figure out why his master was so into this high school girl. If his family found out, it would cause a major stir.

Min Yu gazed at her receding back and replied with a faint smile on his face. "Prettiness in itself, is a special strait."

1

Zhuo Yun could not help but refute by saying, "There are so many beautiful young ladies from wealthy families in the capital. I have never seen you ever paying so much attention to any of them."

"So superficial." Min Yu sneered.

1

Every expression on his handsome face was saying that he despised Zhuo Yun's remark.

Zhuo Yun, "..."

This was hypocrisy! Double standard!

Zhuo Yun shook his head and steered the conversation away from Huo Yao.

His tone had turned serious now. "Yu, there's another update. The agent still hasn't managed to trace Shangguan Yu. Do you think... that there is no such person, to begin with?"

5

Cloud Realm was a platform that had access to all the top-level information chains around the globe. If no concrete information could be found about Shangguan Yu on Cloud Realm, naturally, Zhuo Yun would think so.

1

Min Yu pressed his thin lips together. "Are you saying that the medicines concocted according to ancient prescriptions are fake as well?"

Zhuo Yun was also distressed about this matter. "But we have been searching for over a year now..."

1

"Then let's search for another year." Min Yu sounded casual but Zhuo Yun could tell that he was also feeling impatient.

Zhuo Yun looked at him through the rearview mirror and nodded his head.

**

After Huo Yao got out of the car, she asked someone for directions to the Office of Academic Affairs. Not long afterward, she reached her destination.

She knocked on the door and entered only after the person inside gave her the permission to do so.

There was only one teacher in the office. He was in his late thirties and was busy writing something down.

Huo Yao went to him and used simple words to explain why she was here.

Surprised, Wei Mingzhe put his pen down. "Are you the person who passed the online test with a perfect score from Fuxian County? Are you Huo Yao?"

Huo Yao adjusted her backpack and raised her eyebrows in a haughty way. "Yes, I am."

Wei Mingzhe evaluated the girl with his gaze. Her demeanour revealed her pride and arrogance.

His initial thoughts were hidden under his gaze. He believed that kids from small, remote counties were really full of themselves and didn't know what modesty was."

1

He shook his head and said, "Give me your Acceptance Letter."

2

Chapter 32: Hates People Pulling Strings

A glint of confusion arose in Huo Yao's eyes as those words reached her ears. "Some time ago, a guard took my Acceptance Letter away and he said that he was going to verify the information at the Office of Academic Affairs. Sir, didn't you receive the letter from him?"

Wei Mingzhe frowned. "No. I have been in my office all this time but I didn't see any security guard stopping by. The Acceptance Letter is an important document. How could you just give it to a security guard?"

Huo Yao's eyes dimmed. All of a sudden, she remembered the odd expression on that guard's face when he saw her Acceptance Letter. Back then, she hadn't thought much of it. But now, she suspected that the guard was waiting for her on purpose to take her document away.

"Only with the Acceptance Letter, can you enroll in No.1 Middle School. Without it, you will have to find another school." Wei Mingzhe was not exaggerating or trying to scare her.

1

This was one of the rules of the school.

"Not even with the copy which the school keeps in their file?"

1

Wei Mingzhe shook his head in negative.

"Okay, got it." Huo Yao left from there right away.

Wei Mingzhe was startled that Huo Yao would leave so readily. Before he even formed his thoughts, she had already stepped out of his office. He opened his mouth but eventually, no words came out.

She was just a conceited student. Not accepting her was not such a bad thing.

A few minutes later, the Dean hurried into the admissions office. "Wei, did a girl named Huo Yao come to register today?"

He provided additional information a beat later. "A senior student is transferring here."

Wei Mingzhe did not know why the Dean would appear to be so worried. He said calmly, "She did come but has already left."

Wei Mingzhe did not try to hide the information.

The Dean immediately relaxed because he thought that Wei Mingzhe had assigned a class to the girl already. "Alright, I am glad she is taken care of. I have other things to attend to. See you later."

Wei Mingzhe was completely baffled by Dean's harrowed arrival and hasty retreat. It was then that he realized that the man had misunderstood him. Wei Mingzhe stopped the Dean at once. "No, sir, Huo Yao came here. But I think she forgot to bring her Acceptance Letter. She has already left."

The Dean spun around immediately. "What did you say? She left? How could you let that happen?"

Wei Mingzhe could not understand why the Dean would pay so much attention to a mere transfer student.

After a few seconds of hesitation, Wei Mingzhe reported to the Dean what Huo Yao had said when she came in. He didn't hide the matter related to the security guard, either.

The Dean stomped his feet, burning with a frenzy of rage. "Wei, you are so inflexible. Do you know that she is the Principal's... Never mind. I have to find her."

4

Wei Mingzhe watched as the guy left in a hurry. He was still pondering over the words which the other man left unsaid.

The Principal's what?

Relative?

Did that mean that the transfer student had not got a 'perfect score', but was instead a relative of the Principal?

The more Wei Mingzhe thought about it, the more convinced he was of this. Otherwise, that girl wouldn't have been so full of herself and the Dean wouldn't have been so nervous.

Right then, Wei Mingzhe began to think badly of Huo Yao.

1

He hated students who got into the school by pulling strings instead of using their ability.

1

**

After Huo Yao left the Office of Academic Affairs, she didn't go to look for the guard. After all, someone had deliberately meant to take away her Acceptance Letter. That guard might have destroyed the letter already. He could insist that he did not take it in the first place and then it would be her words against his.

Hence, Huo Yao decided to go directly to the Principal's office.
