### **Chapter 1001**

Levi wouldn't allow anyone to question anything he said.

Nevertheless, Yale, Jayden, and everyone else present was startled.

Lyndsay immediately asked, "Levi, who are you to bar us from entering?"

How dare he bar us from entering even when we're not stopping him from going in?

Jayden then said, "Mr. Freeman, you're the person in charge of the project. Can he actually bar us from entering? I mean, shouldn't you be in charge of everything here?"

Yale glanced at Levi before he replied, "You're right. Mr. Garrison, I think there's been some misunderstanding. Since you're only a tender, I'm afraid you can't bar anyone from entering."

"What I say goes! Your word means nothing against mine!"

Levi entered the hall as soon as he finished speaking.

Unperturbed by his outburst, Jayden, Lyndsay, and the rest began to head into the hall but were all stopped by Kirin.

"All of you are not allowed to enter!"

"What if we want to go in anyway?" Jayden retorted.

"Restrain them!"

## **Chapter 1002**

Exactly a month later, the bridal chamber that Levi designed was completed.

It’s time to give Zoey a perfect wedding.

To him, their wedding will be perfect as long as his mother, sister, and brother attended it.

He vowed to tell Zoey the truth about who he really was on their wedding day.

I want to tell her about the truth by myself. I want her to know that her husband is Erudia’s God of War!

Then, I will hold her hand and overlook the world like an emperor with his empress!

“We should also make early preparation to get pregnant before our wedding!” Zoey added bashfully.

“Certainly. In that case, we shouldn’t go home today!” Levi put on a sly smile.

“Sounds good.”

Levi and Zoey didn’t return to their homes that night.

After a night of intimacy, both of them grew to cherish each other more.

The two of them were finally together after going through ups and down for ten years.

From that moment onwards, no one would be able to separate them from each other.

Meredith, Robert, and Harry were all exasperated.

Meanwhile, Zoey’s parents were indignant at the sudden news.

Immediately, they called Zoey and asked, “We heard you have decided on your wedding date. Is that true?”

To which their daughter replied composedly, “It’s true, I’ve discussed it with Levi. I was planning to give you a call to inform you tonight.”

“Why have you not discussed your wedding date with us? Do you even treat us as your parents? Do you even respect the elders in the Lopez and Black families?”

“Are you planning to ditch your mother? Oh right, I guess Levi’s mother is your new mother now. In that case, who am I to you?” Caitlyn scowled, almost smashing the phone out of anger.

Zoey hurriedly explained, “Mom, I’m already an adult. I can make my own decisions now. I’ll discuss certain things with you all when it’s necessary. However, I can make most decisions on my own.”

“Since marriage is a life-changing event, how can you decide on it all by yourself? Besides, all of us don’t agree to your marriage to Levi Garrison again!”

Caitlyn continued on without listening to her daughter, “Also, why don’t you listen to your grandpa and grandma? They will gladly arrange your marriage for you!”

Immediately, the rest added, “That’s right. The grand wedding will certainly become a popular topic among the people in the entire South. Won’t we be embarrassed if his mother attends the wedding?”

“Exactly. We mean no offense, but both the Lopez and Black families have to maintain our reputations!” Harry agreed.

“Look, Zoey. Everyone agrees to the condition I’ve set!” A triumphant smile appeared on Meredith’s face.

Aaron suddenly interjected, “As your father, I have to list down some conditions too!”

“What?”

Everyone looked at Aaron in bewilderment.

“Your marriage is unavoidable because you two have already become husband and wife. So, I will agree to it. However, Levi has to marry into our family!” the man commanded coldly.

“Marry into your family?” Levi was stunned by his demand.

## **Chapter 1005**

Zoey wished that Levi would pretend to agree to the conditions to avoid any trouble.

She was ready to deal with the problems afterward once he pretended to agree.

She made a promise to herself – she would not make Levi embarrassed.

As such, the man definitely wouldn’t have to obey the rules.

“Of course I don’t agree! It’s still acceptable if you only want me to marry into your family. But to make me change my last name? No way! I’m Levi Garrison for the rest of my life, and no one can ever change my last name!” Levi retorted coldly.

*My mother gave me this name. No one can ever change it!*

Everyone was startled at how Levi sounded so resolute.

“In that case, are you also saying you don’t want to marry Zoey?” Meredith asked immediately.

“I certainly want to marry her!” Levi replied smilingly.

“Marry into our family if you want to marry her then. Otherwise, the marriage is out of the question!” Aaron firmly stated.

“Let me get this straight. Firstly, I’m going to marry Zoey. Secondly, I won’t change my last name nor marry into your family. Thirdly, my mother must attend our wedding.”

All of them were startled at first, but they soon glanced at him curiously.

Zoey looked at Levi curiously. *Does he have a secret?*

Levi said smilingly, “I actually wasn’t in jail for the past six years!”

Indeed, this was a startling revelation to everyone in the hall.

All of them looked at him in disbelief; they used to think Levi had been imprisoned for six years.

However, it turned out that they were very, very wrong.

Stunned and surprised, everyone wondered what had actually transpired.

Meanwhile, Zoey was more flabbergasted than the rest.

*No wonder they didn’t allow me to visit him three months after he supposedly went into jail.*

She hadn’t visited Levi in prison for several consecutive years because she had not been allowed to enter.

Time flew by, and Zoey and Levi had stayed in the hotel for many days.

After more than ten days, Zoey suddenly said to him, "My period hasn't..."

"Oh? Really?" Levi asked excitedly.

"I'll go to the hospital to do a pregnancy test later. Sylas will join me, so you don't have to come with me," she said.

Actually, Zoey had already secretly taken a pregnancy test at home; she knew she was pregnant.

Nevertheless, she would be relieved only after she went through the proper pregnancy test in the hospital.

"Okay, I'll wait for your good news then!"

Levi actually wished to go along with her. However, after giving it a thought, he felt that it was better to wait for her news because he was too nervous.

Zoey and Sylas soon arrived at the hospital for a pregnancy test in the afternoon.

"Why do I feel like someone is following us?"

Sylas instinctively felt something unusual in the air, but the woman didn't manage to notice anything out of place when she turned around.

There was no one behind them, save for a few patients who wore face masks passing by.

The media were still trying to find out who the father was.  
Soon, the secret would come to light.  
Even the paparazzi and private detectives were also investigating this case in secret.  
With that, Zoey's pregnancy became the talk of the town.

*Who is the father of her child?*

*Boom!*

Upon reading the news in the media, Zoey was thunderstruck. Her face instantly turned pale.

Sylas exploded. "Someone is trying to stir up trouble!"

"We've got updates on the man! His name is Damon Trudon, the vice president of Oriental Star Group, and he's Zoey's right-hand man. He's thirty-nine years old and a father to two kids!"

One of the men burst out laughing.

Ebone sneered, "Useless woman. She must have been having an affair with this man for quite some time now, and she's even pregnant with his child!"

"Shame on her! How could she hook up with a married man who already has two kids?"

"Let's expose her! Everyone should know what kind of woman she is!"

The paparazzi were very excited.

Ebone let out a cold snort. "Zoey Lopez is doomed!"

He had not been so ecstatic in years.

Not only could he make a quick buck out of this scandal, but he could also destroy someone who sat on top of the social pyramid.

There was no way they could escape from the building anymore.

"What do we do now?" Sylas asked.

"I'll give Levi a call."

She got through to Levi on the phone. "Darling, something terrible happened!"

Levi did not know what was going on as he was still at home. "What is it?"

When Levi checked his phone, he was stunned by what he read.

Did all this happen in just one morning?

"Where are you? I'll go and get you now!"

Levi sped to Syllas' condominium and noticed that a large group of paparazzi and journalists were swarming into the building.

Hence, he immediately called Azure Dragon, who then came and expelled the crowd.

Levi finally managed to enter the building and find Zoey. He then brought her to the Warzone compound.
