

## **Pinnacle 101**

### **Chapter 101: Barrow characteristics**

"Uncle Qin, how do you feel?"

Natasha asked softly.

"Very comfortable, thank you."

Qin Yu sat up, wiped the sweat from his face and said.

"It's me now."

Natasha handed her the oak branch, and stepped on the steps to lie down where he was just now.

Then she untied the bath towel under her armpit and pushed it down to the waist.

The milk-smooth back was exposed in sight.

This.....

"It's time to start."

Natasha turned her head and said with a smile in her eyes.

"Great."

Brother Yu looked attentively and nodded blankly.

used the previous movements of the Oak Branch Scholar, tapping back and forth like a dragonfly.

Wow~

It was another heat wave, and Old Joe poured the remaining half bucket of water on the stone.

"This is more comfortable."

Sitting in the white misty sauna, he breathed like swallowing chili noodles.

The hot sting made Old Qiao's complexion red and his eyes widened.

but because of the heat, he blinked frequently.

The funny look made Qin Yu look reluctant to think about it.

From Jin to now, he has only one feeling.

Comfortable!

Water vapor rushed toward his face, and the scorching sensation disappeared after only less than 1 second.

The naughty water droplets penetrated his skin through the pores like an elf.

felt like he was breathing all over.

is warm and moist from head to toe.

This kind of comfort that he has never had before makes him linger.

I forget the time for a while, and I don't want to leave the sauna.

The old Joe, who was holding back, finally couldn't hold it anymore.

jumped up like a keen bear, rushed forward and opened the door.

"Dad, how are you?"

The cold wind hits, sweeping away the heat wave in the room.

also makes Natasha, who is surrounded by heat and hazy, becomes real again.

"I'm fine."

Old Joe took two breaths of cold fresh air first.

Then looked at Qin Yu and said, "Brother, the next step should be the last step."

jump into the ice lake.

Baro's classic sauna.

When the body is steamed red and the pores are opened, it is at the hottest time.

suddenly jumped into the icy lake, cooling down completely from the inside out.

This feels a bit like tempering.

First burn red and beat, and then suddenly cool down.

Repeatedly, making steel into steel.

Watching Natasha rushing all the way onto the small pier.

suddenly jumped high, straddled forward with long legs, and smashed into the lake without a hole.

噗咚!

Qin Yu also rushed up, still making a strange cry in his mouth.

If a person is not in the second grade, it is a vain boy!

.....

End the sauna with strong national characteristics.

Qin Yu had the opportunity to visit Lao Qiao's mansion.

The layout of the room is not complicated, the most are various animal specimens.

The deer head, bear head, tiger head hanging on the wall...

There are also various bird specimens.

The bearskin on the floor is very comfortable to step on barefoot.

"You like it, I will give it to you when I leave."

Old Joe pointed to the bearskin carpet on the floor and said.

"Forget it, it's a hassle to pass the level."

Although good, none of his houses fit this style.

If there is a chance in the future, I will buy another courtyard, an independent manor.

Then consider the decorative style inside, whether to match some natural wildness.

Time came to the afternoon without knowing it during the conversation.

Everyone also started preparing barbecues in the backyard.

First light up all the bonfires in a circle.

Let the temperature in the campfire ring warm up.

then lit the biggest bonfire in the middle and put on the barbecue turntable.

Large pieces of meat, squeezed and massaged by artificial fingers.

makes the meat softer and can better absorb the taste of the juice.

then put it on the iron sign with the length of the arm.

Put it on the fire and turn the wheel.

The meat is roasted at a high temperature evenly.

Two barbecue grills were carried out at the same time, and the others who lived here also returned.

"What kind of meat are these?"

Qin Yu sat beside Talitha, turning the wheel at a constant speed and asked.

"Venison, my father personally called last night."

Talisa pointed to the plate on the stone and introduced.

"There are also bear meat, bear paws, and roe deer meat."

All in all, the types of grilled ingredients are absolutely abundant.

sits on an entire forest, these game meats are his own ranch for Old Joe.

"Brother Qin Yu, don't sit with a woman."

Old Joe's brother hugged a bucket of vodka and shouted, "Let's drink!"

"There is vodka in there?"

Looking at the iron bucket with high calf, Qin Yu asked uncertainly.

"Yes, Andri has his own winery."

"It seems that he wants you to lie down and go back."

Hearing Talitha's teasing, Qin Yu stood up with a slap on the thigh.

"Who will lie down and go back, I don't know yet!"

Teddy bear can drink it.

Looking at Andri's confident performance, he should be able to drink in Teddy Bear.

But no matter how you can drink it, you can't hold back what you are going to meet.

"How to drink?"

Qin Yu looked at the big tea cup in front of him, and asked without changing his face.

This cup is indeed quite bluffing.

1000ml capacity.

If converted according to the bottle, it is a bottle and a half of vodka.

...10 large teacups of the same capacity are placed in this circle.

There is just an empty glass in every other middle.

Five cups have wine, five cups did not.

"Barrow Turntable."

"10 o'clock, 1 o'clock, turn to a hollow glass, drink with alcohol."

1 o'clock is the lowest, 10 o'clock is the least.

1 point is 2 points on the left, 3 points on the right, and so on.

The rules are very simple, you can decide whether to drink or not to drink.

"Dare you?" Andri asked defiantly with a raised eyebrow.

'Ding. '

'The host is detected to be provoked and a random mission is triggered. '

'Task: A real man has to go forward! '

'Win the final victory in the game, and stick to the end, you will get rewards. '

'Reward: Lotus Family Maga 1\*. '

"No problem." Qin Yu smiled.

picked up the dice casually.

"Do you mind if I come first?"

Andri looked at him unexpectedly, "Of course, you are a guest."

Is he really not afraid, or he is bluffing.

At this time, Andri couldn't tell.

Only Old Qiao sits firmly on the mountain.

The smile between       looks, as if he knew what was about to happen.

Gululu!

The dice bounced and rolled on the iron plate in the circle of the wine glass.

Six o'clock.

It turned out to be a bit unlucky, Qin Yu shot a glass with wine.

"Brother, your luck looks a little bad."

Old Joe looked at him with a smile of joy.

smiled and picked up the wine glass, just listening to the swallowing sound of 'gudonggudong'.

Dry the vodka in the cup without changing the color.

Qin Yu was as relaxed as drinking water.

turned the tea cup upside down and shook, Qin Yu calmly put it back to its original position.

"Joe, from now on he will be the brother of all of us."

"I like him."

Andri laughed and cheered: "Wow~"

The rules changed again while pouring the wine.

The glass of wine drunk by Qin Yu was not filled.

Instead, the empty glass No. 4 next to it was filled with wine.

This makes the game fun.

"It's me."

Old Joe dropped the dice, it was exactly 4 o'clock.

"Ha, you are really unlucky, hurry up and drink!"

Andri took the cup to his mouth and poured it directly.

ahem, ahem~

Old Joe was choked with a cough.

Half of the wine in the glass was drunk by his big beard.

"Andri, I swear if you do this again, I will kill you."

Old Qiao grabbed the beard with his hand, and slammed it twice, threateningly.

"I'll say when you can win~[www.mtlnovel.com](http://www.mtlnovel.com)~ Andri raised his fist and said with a brazen laugh.

"Let's speed it up."

Andri picked up the dice, shook it vigorously between his hands, and threw it out.

"Aha, empty glass!"

This guy is either lucky or a master.

Anyway, he got a bye in the first round.

Then came Old Joe's housekeeper, his driver, and bodyguard.

turned down one by one, and the first round of wine was basically emptied.

The second round still started with Qin Yu.

And he was unlucky enough to hit another 1 point.

咚咚咚~

After another glass of wine, Qin Yu put down the glass with a calm expression.

The face is not red, the heart is not beating.

everyone applauded and shouted: "This is what a man should be."

"Boy, good job."

"Let's go on, not get drunk or return."

"If you don't get drunk, you won't return!"

After the third round, the barbecue is finally ready.

The plates full of meat alternated in everyone's hands.

Everyone grabbed a piece and ate it so much.

"Are you okay?" Talitha asked with a smile, sitting beside her.

"Very good."

Qin Yu raised the barbecue in his hand and praised: "It tastes good!"

"My craft is the best."

"But the most important thing is the sauce prepared by my father, which is his secret recipe."

Talisa put her arms on his shoulders and spoke loosely.

"Would you like a drink?"

Qin Yu asked jokingly at the big tea mug in front of him.

"No more."

Talisa shook her head, and said, "Are all the men of Xia Country drink like you?"

## **Chapter 102: Electric syllable**

"I'm in Xia Country, so I can only drink it in general."

Qin Yu said seriously: "It's more than I can drink."

The creators are all handsome, and they speak nicely.

one of the best.

What is this wine? ?

Talisa blinked her big beautiful eyes, her heart full of doubts.

This is not the same as Xia Guo she knows?

.....

The next day, the sky was bright.

Qin Yu lying on the bed opened his eyes.

put on a cashmere sweater and a windproof jacket.

Pushing the door and walking out of the manor, Qin Yu started jogging along the forest path.

"Oh, haha, haha~"

Looking at the woods, facing Talisa who was training in the clearing.

The leaves rolled up between his fists and feet, Qin Yu involuntarily stopped.

She is wearing a pair of tight yoga pants in front of her eyes.

only has a sports tube top on her upper body, and her long hair is casually tied with a ponytail.

There is a strong aggression between the gestures.

Looking at her eyes, Qin Yu even suspected that she had really killed someone.

Thus, who was practicing fighting skills, turned her head suddenly.

leaning forward, attacking like a cheetah.

boom.

The fist wind blew his face, Qin Yu lowered his shoulders and leaned back.

dodged Talisa's fist sideways, stepped back and said, "This is not fun."

Talisa looked at him sideways, playing with the taste: "You are very fast."

"It's just a quick response, I don't know how to fight."

"Really?" Talisa obviously didn't believe it.

But she did not try again, everyone has their own secret.

isn't it?

What's more, no matter how fast it is in modern times, is it faster than bullets?

"My father always said that practicing fighting is just to improve physical fitness."

"It makes people able to react and judge faster!"

"So, I have never really played against anyone."

"Of course, I haven't received combat training..."

If you want to learn to fight, you must first learn to be beaten.

This is especially important in actual combat!

You hit someone ten punches, and they just get hurt.

And when someone hits you, you lose the ability to resist.

no matter how many skills you learn, what's the use?

"Can you pass the bullet faster?"

Qin Yu looked at her declining face and said.

Talisa laughed helplessly: "Your words are exactly the same as my father."

"He said, if there is a naive need for me to fight hard with people."

"Then these are not important anymore."

The topic ends here.

Qin Yu pointed to the front and said: "I want to continue running back, are you coming?"

"I want to be alone."

"Okay, see you at home."

waved to her, Qin Yu ran forward at a constant speed.

When he went back, Talisa was already eating breakfast.

bread, jam and cheese, and hot milk.

"There will be an electronic syllable in the city tonight, do you want to come?"

Talisa drank the milk and asked softly.

"if you have time."

Seeing her with curiosity, Qin Yu explained: "I need to talk to your father."

He is not sure what time old Joe can get up.

He was drunk last night.

was dragged back to the room by Qin Yu.

Andri, butler, bodyguard, driver...

At last, I can stand on the scene.

Apart from Qin Yu, there are only Natasha and the family cook and nanny.

The standard old-century Barrow aunt physique.

"The outside world has a big misunderstanding of Barrow women."

Biting the bread, Talisa began to explain to him the reason.

This point also starts from the proportion of the population.

because the proportion of males is small.

So, the old Barrow woman after marriage.

need to shoulder the burden of the entire family and develop their tough and independent character.

also gave up women's pursuit of beauty.

Strong physique not only allows them to bear more housework.

At the same time, they can ensure that they are not violated and protect their families.

Deterring enemies who want to disadvantage them or their family members.

Therefore, this more practical 'beauty' has quietly become popular in Barrow's house.

The Barrow women now don't need to worry about this anymore.

The pursuit of beauty by the nature of a woman once again has the upper hand.

Nowadays, the Barrow family is the most important thing in women's lives.

There is the item of body management.

"Twenty years have passed."

"The image of Aunt Barrow will be as rare as an endangered animal."

咚.

Old Joe clutched his head and stumbled towards the restaurant like a drunkard.

No, he is just a drunkard.

The hangover last night hasn't woken up yet, and the skull seems about to split.

"Talisa invited me to participate in the electronic syllables."

Qin Yu joked and sarcastically said: "You don't look very good."

"Yes, my head is about to split, \*\*\*\* it."

"Qin, you never said that you can drink so much!"

Old Joe looked at him depressed.

His eyes were dizzy, erratic, and he was obviously still drunk.

"You never asked." Qin Yu retorted.

"Dad, here you are." Talisa put the sober tea in front of him.

"Thank you, dear." He took the tea and drank it.

Old Qiao's complexion looks better.

"Sasha, can you help me fetch the papers from the study?"

"Ok."

After a while, Talisa walked back with the documents.

"Look, my brother, if you need a lawyer..."

Old Qiao didn't finish speaking, he saw that Qin Yu had already signed his name on the document.

Compared to lawyers, he trusts system guarantees more.

"Thank you for your trust, brother."

Old Joe hugged him involuntarily and patted his back hard.

was moved as if to cry.

"We are brothers, Joe."

Qin Yu patted him on the back cooperatively, "Brother."

"Have you finished talking about business?" Talisa asked when she looked at the two of them.

"Of course not, we still have a lot to talk about."

There is much more that Old Joe wants to talk to him.

The investment focus and development direction of the relevant company.

According to his news recently, the income and specific details.

Anyway, the conversation has just begun.

.....

talked a lot with Old Joe in the room.

also gave Qin Yu a deeper understanding of the system.

Flamingo Hedge Fund, operating according to the news of 'him'.

made a lot of money in the international market.

The money Qin Yu got was the income from his personal account, and he deserved it.

In other words, these operations are all real.

Unbeatable.

No one can find any loopholes in the funds.

Moreover, 'Qin Yu himself' also reminded Old Qiao to remember to pay taxes very intimately.

"I am such a good citizen!"

Qin Yu, who was sitting in the co-pilot, muttered softly in a dream.

"What did you say?" Tallisa, who was driving, looked at him.

The wind was too loud, and she did not hear what Qin Yu said clearly.

"It's nothing."

Qin Yu replied, looked at the wide open window and asked: "Don't you feel cold?"

Natasha smiled generously and said, "You will be crazy when you are young."

hum!

The accelerator was stepped on, and the Dodge Viper ejected like an arrow.

You're going to be crazy when you are young.

Talisa is indeed a lunatic.

This lady is dying to drive the car. In layman's terms: Just take off, life and death will be yours.

There is a traffic jam ahead, so she drove directly into the opposite lane.

The oncoming cart honked the horn frantically, as if she hadn't heard it~[www.mtlnovel.com](http://www.mtlnovel.com)~ if it wasn't for Qin Yu to yank the steering wheel.

He suspected that Talitha was really going to go to the end with the driver of the cart, so whoever counseled it first!

"I will drive when I go back."

The car stopped in front of the Olympic Stadium, and Qin Yu opened the door and jumped out of the car.

Anything Talissa is upset about life!

How crazy he wants to be, joking with his life as a bet.

Yu brother is not interested in staying with her.

Don't think that you can do whatever you want by being beautiful.

In this wonderful world of colorful flowers, Qin Yu has just experienced the good side.

has no plans to die young!

"Hey, don't be so boring, you should have the vitality of a young man."

Talisa chased up and said happily.

Sometimes Qin Yu can't tell which one is the real one.

"The vitality of young people does not mean that they are actively seeking death."

followed the crowd into the arena, and Talitha took out the ticket and handed it to him.

"Well, I know I'm a bit too much."

"I just miss the taste of freedom a bit, and I am overwhelmed."

"If there is another next time, please remember."

"No matter how special you are, there is only one life."

handed the tickets to the staff, and Qin Yu followed the crowd into the venue.

At this time, the stadium is full of people.

People holding beer in their hands, step by step approaching the stage.

"We are late."

Seeing the crowd in front of him, Qin Yu stopped.

"follow me."

Talisa took his hand and walked towards the passage in the venue.

5 minutes later.

The two appeared on the left side of the stage, and in front of them were the stairs up to the stage.

### Chapter 103: You keg me nar

"This event, my family is a sponsor!"

Talisa shook her body with the opening music.

Black \*\*\*\* back sling V-neck hip skirt with glittering sequins on the chest.

\*\*\*\* dress, perfectly set off her hot body.

The dancing posture twisted with the music keeps the air warmed!

Qin Yu turned to look backstage.

[Goddess Stalker]'s minimap, red dots in three different locations are flashing.

The closest to him is Talisa, which Qin Yu decisively ignores.

Click the red dot on the right.

Scanning system:

Soda:

Age: 26.

Yan value: 88↓.

Body: 94-.

Mood value: 79↑.

Favorability: 85↑.

Freshness: 83-.

[Hint: body special item +5. 】

‘TAXX’s DJ?’

Qin Yu can think of someone named Soda, only the DJ who was in the bar that day.

Compare the angle of the map and look to the background.

Half shirt, sports tube top.

The childlike face of the logo, the balance ball that walks up and down.

Who else but her?

just...

Why does the system directly give out the favorability value, do you know her?

"looking at what?"

found him frequently looking backstage, Talitha looked sideways.

Soon, her eyes were fixed on Soda.

The only female DJ in the backstage is a beautiful girl.

The overbearing and non-compliant balance ball is particularly eye-catching.

"Do you need me to introduce you? Uncle Qin..."

Talisa pressed against his pinna and exhaled softly.

"No need, we know it."

Qin Yu took a step away and moved a safe distance away from her.

This woman is poisonous!

is not only crazy enough, but also has been playing with fire.

She is afraid that she has never heard of the proverb that people who play fire will burn themselves.

.....

"Hi, see you again."

The accent of squeezing his feet came into his ears, and Soda appeared beside him.

"We know each other?"

"In Xia Guo, TAXX bar, I have... see, here, you."

After the question was answered, Qin Yu stretched out his hand and smiled: "Meet again."

"I'm going..."

Soda pointed to the stage, then raised his hand and raised his head and said, "It's over...a drink?"

"Ok." Qin Yu responded with a smile.

"It looks like you had a good chat."

After Soda left, Talitha said with an unhappy expression.

Although I don't understand what they're talking about.

But she can still understand Soda's drinking action.

So, the two have a date after the end?

What about yourself?

Talisa is a little upset, she is the one that should be paid attention to.

"Yes, we made an appointment to have a drink."

Qin Yu looked at her and said, "You can have some fun by yourself."

"Don't forget, we are here together." Talisa responded.

"There is no need to go back together." Qin Yu answered simply.

Soda's bonus points are tempting.

Brother Yu wants to try it for himself, what is the experience of being hit by someone with a ball.

"Man." Talisa said proudly and disdainfully.

"Woman!" Qin Yu replied.

It's not for her Laozi's sake. Brother Yu is online with her now.

Let her experience the cruel torture of being beaten by someone!

"Hey, here you are."

The staff brought two pairs of earplugs and warned: "Don't take them off before the end."

The two are too close to the stage.

Without the protection of earplugs, hearing is easily damaged.

"Welcome to the Kremlin 2021 Freshman Electronic Syllables."

"For this event, we have invited well-known DJs from all over the world..."

"The carnival is about to begin, let us first have...S...oda."

Soda trot onto the stage and waved hello to the audience.

The obviously foul balance ball, which fluctuates with her rhythm.

screams and cheers sounded instantly.

Soda's bonus item broke the barrier and won a warm response.

The song sounded, Soda jumped and jumped on the stage.

instantly burst the atmosphere of the scene!

The drinking speed of ball sports enthusiasts has soared in a straight line.

The mobile vending cars on both sides of the stadium, the sales of drinks are gratifying.

"who is she?"

Talisa stopped a staff member, pointed to Soda and asked.

"who knows?"

The staff shrugged their shoulders and walked away innocently.

It doesn't matter who she is, what matters is what she can play.

As for the titles of Gao Da, don't you want as many as you want?

Soda has not been on stage for long or short.

Exactly 25 minutes.

After        ran off the stage, her face was red.

hugged Qin Yu with excitement and kissed his face.

"I am so happy."

Soda knows best what the performance tonight represents.

Look at the people on stage at this time.

Once the top 100 in the world, Ah Tie.

Now he is also a DJ who performed on the same stage with him.

This honor will bring her a broader stage, and her value will continue to soar.

"Qin, go have a drink."

Soda couldn't calm down at this time, she wanted to release her inner passion.

"no problem."

Qin Yu looked back at Talitha, "See you later."

Looking at the background of his departure, Talisa still couldn't believe it.

Did he leave without a trace of nostalgia?

There was a smile on his cold and arrogant face.

She became more interested in her father's new business partner.

It's just that the thought of Old Joe's warning to her.

Talisa's expression of excitement suddenly condensed, "Damn..."

.....

"Soda, where are you going?"

Seeing his own celebrity pulling a man out running, the agent became anxious.

"Yan Oni, I will go back by myself, bye!"

was led by her all the way to the backstage channel.

The rhythm of the music became heavy and distant, and the lights gradually dimmed.

seven turns, a downward staircase greeted the eye.

"Where is this place?" Qin Yu asked curiously.

"I discovered it, the secret..."

came down the stairs, and a round tunnel came into view.

The place is not very big, five or six meters forward is the wall.

Soda slammed into someone.

There seemed to be flowers blooming in the eyes, "I'm so excited..."

"me too."

raised his hand on her head, and Brother Yu was guided by the holy light.

The canyon map is loaded, and the character is online.

This time, Brother Yu chose the random mode that was rare, and got the wine barrel.

Soda takes control of Gnar.

"Your barrel, I'm Nar, come on!"

Soda was very brave and provoked.

"Accept your plea."

At present, Brother Yu will not be polite.

"Happy hour is about to begin."

"Try this."

"Oh ha ha ha ha ha ha ha ha."

"It's time for the fight."

Nar was held down and beaten, and the data was terrible.

Even if it makes a moan that people don't understand.

is also unable to change the situation of her defeat!

.....

After 45 minutes, Soda was defeated.

'Ding.'

'The host broke free from the suppression of Shuangfeng Mountain and successfully completed the carpet bombing.'

'This has resulted in amazing achievements, triggering random rewards.'

'Reward 1: Consumption discount card 2\*.'

'Reward 2: Skill Advance Card 1\*.'

'Reward 3: A piece of inside information.'

Released with passion, Soda leaves slightly tired.

Now they have time to have a good drink.

Whether this battle is over depends on the next arrangement...

.....

Ling Ling Ling...

As soon as Qin Yu fell asleep in the hotel, he was woken up by the ringing of the phone.

"Hey?"

"Shao Qin, this is Xiao Zhao."

Zhaoyang said excitedly: "I finally found you."

learned that he had made many phone calls, and they all showed that he was not in the signal zone.

Qin Yu responded with a smile: "I have entered the mountain, what's the matter?"

Look at the time, Xia Guo at this time should be exactly 9 o'clock in the morning.

"That's right, your car has been transported to Hudu smoothly."

"That's good, I'll find someone to pick it up. UU Reading [www.uukanshu.com](http://www.uukanshu.com)"

Qin Yu is going to put the car at Seaview One, the parking space is still vacant!

"Wait, Qin Shao, something is wrong now!"

"I am listening."

After listening to Zhaoyang's narration, Qin Yuren was a little dazed!

Prince Diga took a fancy to his car and wanted to ask him if he would take action.

"The prince said he can buy it at a premium..."

money?

Brother Yu is someone who lacks money?

lack is definitely lacking, compared with the real rich.

Qin Yu now counts nothing in this asset.

Kidiga Prince will not buy a car at a premium of a hundred times.

People like hype and make gimmicks.

But it's really not a fool.

So, tens of millions of brother Yu still don't take it seriously.

The wine is a bit on the top, it's really floating

did not hear a response, Zhaoyang immediately shifted the conversation.

"Of course, I also told the prince that you are not an ordinary person, and you are not the one who lacks money."

"So, the prince said it can be replaced!"

"Replacement?"

"Yes, the prince said you can choose one from the list he provided."

Prince Tiga has no shortage of luxury cars, what he wants is unique.

Qin Yu's Xia Feng Nine-Five Supreme Customized Gold Edition was created by the official team.

This is the first time that Lamborghini has built on its own entry-level sports car.

personally modify the settings to create the only limited edition.

This alone means that it will make a strong mark in the history of the Lamborghini brand.

As its owner,        will naturally be included in it.

Prince Tiga valued this, as for the car itself.

Is his gold-plated supercar no longer fragrant, or the diamond-encrusted Mercedes can't run?

#### **Chapter 104: Real men, you should play guns and cannons**

"Tell the prince that if he is interested, he will play the car together another day."

"Forget the others."

Qin Yu refused Zhaoyang's proposal without considering it for long.

Replacement equivalent or premium of 10-20% is meaningless to him.

The only global limited edition, Xia Feng Niuwu Supreme Gold Edition.

Just relying on these two days, it is not measurable by money alone.

Xia Guofeng's customized car is better to stay in Xia Guo.

Prince Tiga wants to find Lamborghini to customize a Tiga version for him.

Want to make friends, welcome!

The idea of hitting him in the car, let it go.

As for the identity of the other prince, do you need to worry about it...

What a joke, no matter how noble he is, he is only the prince of Tiga Kingdom.

What does        have to do with my old Xia family?

"Okay, I will convey what you mean, Shao Qin."

Zhaoyang on the other end of the phone has a bitter face, and he can't afford to offend either end.

If the prince is rejected, he will be upset.

I still can't get angry with him.

'Who did I provoke me? '

Xiaozhao is wronged.

.....

sent Cheng Xiyu's number and address to Zhaoyang.

Qin Yu, who hung up the phone, lost sleep, turned over and got out of bed.

Looking out the window, the white snow is all you can see.

Snowing!

Get dressed and put on a windproof jacket.

Qin Yu walked out of the hotel and stepped on the snow.

squeak, squeak~

The soft snow is very comfortable to step on.

The Kremlin at 5 am still sleeping peacefully.

Soon, the tranquility was broken by the teams and machinery cleaning the snow.

Qin Yu's phone rang again.

"Where are you?" Talitha asked indistinctly.

"Hotel..."

Qin Yu frowned and said, "How much wine did you drink?"

"Don't worry about it, I...I'm going back, stay in your hotel!"

'Hey, girl, do you want to have fun together? '

'We will take you...'

There was a messy voice on the phone, and he hung up suddenly.

With furrowed brows, Qin Yu speeded up and ran in the direction of the Olympic Stadium.

His hotel is less than 1 km from the stadium.

The two are equivalent to next to each other.

The electronic syllable has just ended, and there are people everywhere at the door.

After a little thought, Qin Yu rushed to the parking lot.

"let me go."

Seeing Talisa who was caught by two men, her right cheek was slightly red and swollen, and she was embarrassed.

Qin Yu, who had just arrived, breathed a sigh of relief.

"Little bitch, I will let you know how good I am."

The blue-eyed Teddy Bear looked at her viciously, raising his fist and hitting her abdomen.

Snapped!

Qin Yu grabbed the opponent's wrist and said with a smile: "Man, it's wrong to hit a woman."

A man wrapped in a long down jacket with his right hand on his hips outside the parking lot.  
took back the steps, and once again led the figure into the darkness.

.....

Three teddy bears on top of alcohol lay on the ground groaning.

Qin Yu carried Talisa, who had been drunk, and put her in the co-pilot.

Take out the key from the bag.

Qin Yu thoughtfully pulled her skirt down.

hum!

The engine started, and Qin Yu drove towards the way he came.

Soon after the Viper disappeared.

The down jacket man reappeared and walked steadily towards the parking lot.

The drunk bear who just woke up sits on the ground.

swearing and speaking harshly.

"Let me see her again, I will let her know the man..."

There are more big feet on the ground in front of you.

raised his head and looked at the mysterious man whose face was hidden in his hat.

"Who are you, go away."

responded to him with a huge sole covered with snow.

boom.

The hapless drunk passed out again with a glorious bloodbath.

Back to the manor, Old Joe, who was just getting up in his nightgown, was reading the newspaper in the living room.

looked at Qin Yu who walked in with Talisa's shoulder.

Old Joe is dumbfounded!

"What's going on here?"

Give the person to the sturdy Aunt Barrow.

Qin Yu asked back: "Can't you see that she drank too much?"

"Of course I know she drank too much."

Old Joe retorted: "I'm asking again, why don't you look at her."

"You are her uncle."

Qin Yu couldn't refute this sentence.

Who makes yourself an elder?

"By the way, she was hurt a little...a little hurt, don't be so nervous."

Qin Yu roughly said the situation again.

I thought that Old Joe would be furious, but I never thought it would be over just by humming.

"The young eagle always has to experience wind and rain to grow."

Old Joe was particularly calm with his hands behind his back, and greasy his feet slid towards the bedroom.

Make sure there is nothing wrong with Talitha.

The redness and swelling on his face will soon disappear, so Old Joe is relieved.

"Brother, do you want to try the power of tanks?"

Old Joe put his arm around his shoulder and shook it vigorously.

"In your country, there won't be such an opportunity, come on!"

How could Qin Yu refuse.

Real man, you should play guns and cannons.

Gun, he often plays, and his record is outstanding.

Cannon, it's the first time to fight.

Boom!

The trunk in front of the tree exploded and broke, and the tall tree canopy fell to the ground.

Qin Yu suddenly felt that this is a good idea for efficient logging.

is fun and convenient, but it's a bit expensive.

"Here is the control lever, that is the throttle, forward is..."

After 5 minutes of theoretical training.

Old Qiao handed over the previous generation main battle tank to Qin Yu.

Let him drive casually in the woods, and there is no problem with drifting.

Qin Yu's learning ability surprised Lao Qiao and Andri.

just tell him how to drive.

He can increase his horsepower and drive the tank around the trees in the forest.

Had he been trained as a tank driver before?

If Old Joe understands, what is to be forced.

may be able to understand the picture in front of me better.

【Old Driver】 The effect is not only applied to ordinary driving.

This is also the detail that he discovered after he squeezed the joystick.

when coming out of the tank.

Brother Yu is already thinking, can pilots also work part-time?

"It's not early, we should go back."

parked the tank at a fixed position, and several people took the big G back to the manor.

Talisa is sitting on the steps outside the door at this time.

was wrapped in a blanket and had a cup of hot tea in his hand.

looked at the snow in a daze.

"Baby, you should rest in the house."

The out-of-focus pupils reunited, and Talisa looked at her father.

"I lost my temper last night."

"Anyone will make mistakes. What matters is what you get out of it."

Old Qiao sat down next to his daughter, letting her lean on his shoulder.

The father and daughter looked side by side at the distant forest.

Brother Yu at this time, feels like a 2000w super light bulb.

Staying here will only be disappointing.

slipped away...

At night, Old Joe, Talisa, Aunt Barrow and others went into battle together.

prepares Barrow's home cooking for Qin Yu.

In Barrow, only the closest friends can prepare such home-cooked dishes.

"Really leaving tomorrow?" Old Joe wanted him to stay longer.

There are fewer and fewer friends who can have a temper.

Besides, he has not had time to entertain his brother.

He had saved his life.

Without him, there would be no self and all this.

"Old Joe, I'm still a student, and I must focus on my studies."

Filling the hollowed out tomatoes with various condiments, Qin Yu looked at Talisa to make sure that he did nothing wrong.

"You did very well."

Talisa took the tomato in his hand.

Tomato baked with cheese, there is a different way to eat it.

In addition, there are small yuanbao dumplings dipped in sour cream.

Red cabbage soup with sour cream.

Olivier salad mixed with yogurt.

Mao Xiong likes to eat yogurt, so four dishes for a meal are yogurt.

.....

All the dishes are served. Qin Yu's favorite is mushroom fried rice and beef stew.

The rich soup and the beef are served in the mouth with a spoon.

The more you chew, the more delicious it is!

Potatoes baked with mushrooms are also good, sweet and delicious, and the fresh aroma of mushrooms is aftertaste.

During the meeting, the two discussed the dividend system of the Flamingo hedge fund~[www.mtnovel.com](http://www.mtnovel.com)~ Old Qiao believed that now is a good time for expansion, and they need to maintain sufficient capital reserves.

Qin Yu also said that he does not need to spend money at present.

The development of the company is the most important thing, and there are some things he needs to talk to Old Qiao privately.

.....

That night, Qin Yu and Old Qiao talked for a long time in his study.

When he came out, Old Joe was already happy from ear to ear.

The news that Qin Yu brought was exactly what he needed.

If this transaction can really resemble the content in the 'message'.

Flamingo does not need to hedge at all, and directly leverages the largest capital.

The profit will be amazing.

However, the risk of doing so is also extremely high.

Once the 'information' is wrong, they will lose the blood for the transfusion.

"It's better to be more cautious."

Qin Yu's suggestion is to still follow the usual hedging operations.

hedge the uncertain risk and obtain part of the income that can be confirmed.

Although it is impossible to maximize benefits like this.

But it can guarantee income and avoid uncertain risks.

"I think so too."

After the excitement, the old Qiao also regained the calm and composure of the past.

Money is earned endless.

Even if they cannot maximize their profits, their profits will be amazing.

Therefore, there is no need to take risks for the extra profit.

"I will ask Talisa to take you to the airport tomorrow morning."

"Okay, good night."

walked towards his room, Qin Yu was stopped by a figure as soon as he turned the corner.

Natasha leaned against the wall in her pajamas in a silk suspender skirt.

‘Danger!’

Superb fighting instincts made Qin Yu feel the threat from battle.

This woman wants to do something!

leaning back against the wall, the perfect arc of forward leaning is like art.

exquisite profile face with a slight smile.

Slender legs stretched forward, delicate toes curled slightly.

Lightly touch the milky white diagonal of the opposite corner.

"Are you leaving tomorrow?"

"Cough."

Qin Yu cleared his throat and said, "I'm still a student, I talked about this topic before dinner."

"Really?" Talisa turned around and put her arm on his shoulder.

looked up at his gaze slightly, and said, "I want to give you a gift before I leave."

"What is it?"

With his head down, Qin Yu looked away. The picture was too white and a little dazzling.

"You'll know when you come with me."

took his hand and ran forward, breaking into the room at the end.

‘DiDi, warning, warning...’

‘The host breaks into the trial ground, the character is locked, and the upload is forced.’

‘Holy light descends, the ranger cannon is charged...over!’

‘The enemy hero Vayne launches the ultimate moment and the battle begins.’

The holy spear ranger holding the cannon carefully observed the surroundings.

When a sword glow that breathes cold engulfing the muzzle.

He knew that this would be an endless cruel battle.

"Let's hunt down those who have fallen into the darkness in Anxi!"

"Come on, come and try?"

"There is no time for nonsense."

"I will never get tired of fighting."

"I heard the call of ignorance."

"Strong words are just a waste of time."

"I want you to die very happy."

"Some people call it magic, and I call it a good target."

"Joke, what does this mean?"

"It's easy to kill you, and it's even easier to kill you again."

"I smell black magic."

"Death is knocking on the door? No, I am the one who knocked on the door."

The pure holy light drives away the darkness, making her figure invisible.

"Death is a kind of kindness, and I have enough kindness to bestow you."

Holding a weapon, the Paladins dived and dived.

"No one can escape from my gun. I aim at the target."

'Cold pursuit. '

.....

The next day, Qin Yu rarely got up late.

looked at the sun high outside the window, took a look at the watch.

10:25 am.

This is not his old style, but fortunately there is no flight delay.

Yesterday's battle was too fierce, and the actual combat effect of +20 can be said to be against the sky.

In the process of washing and finishing.

Qin Yu's mind can still recall the ultimate enjoyment of ecstasy.

This is what he has so far.

The most brutal, thrilling and exciting battle I have ever experienced.

If it wasn't for Brother Yu's experience.

almost fell under her night hunter, under his tongue.

wiped the non-existent cold sweat on his forehead.

is too thrilling!

Qin Yu walked out of the room and found that it was quiet inside.

Old Joe and his brother Andri went out to do errands, but Talitha disappeared.

Only the driver and Aunt Barrow are left in the room.

Breakfast has been prepared for him, "Do you need me to prepare something else for you?"

Seeing that the time is approaching noon, Aunt Barrow is afraid that he will not only have enough bread and juice.

"No need, I dare time."

The two bites took care of the bread and omelette, and took up the 'tons of juice' and drank them.

Put the cup on the table, and Qin Yu asked the driver to take him to the airport.

"correct."

Qin Yu, who was about to leave, stopped and gave the note written in his pocket to Aunt Barrow.

"When Talitha comes back, give this to her."

"I will, you are welcome to come again."

The heavy big G rolled over the snow and drove to the road.

Aunt Barrow, who was standing in front of the window, heard the footsteps behind her and smiled and said, "He's gone."

"Did he say anything?"

The cool dressed Talisa stood barefoot beside her.

"No, but he asked me to forward this to you."

Looking at Talitha who took the note with joy, Aunt Barrow left quietly.

It's time for her to prepare lunch, there is still a pile of firewood waiting for her in the backyard.

.....

The plane arrived at Hudu International Airport.

Walking out of the terminal, Qin Yu's expression is full of regret.

was another disappointing flight.

What black long straight top flight attendant, I have never encountered it once.

What a hell!

'Is it because I am asking too much? '

Thinking of the young ladies born in 1985, Qin Yu shook his head uncertainly.

High demands, can you blame him?

Who makes him so good?

found his car in the parking lot. The volcanic gray pagoda was covered with dust.

Pull the car door and sit in the cab.

Qin Yu turned on the wiper to clean the windshield and drove to the campus.

He has to go back to school first to cancel his leave.

parked the car on the opposite side and walked towards the bedroom with the suitcase.

"Guide, I'm back to cancel the holiday."

Qin Yu looked inside the room, and the instructor was playing the vibrato.

The music of cross-dressing stuck point was heard outside the door.

"You who go to school are smarter than my instructor!"

Turning off the phone, the instructor Shen Wanqian watched him open the suitcase.

looked inside curiously.

"This is a souvenir for you, vodka and bear cigar."

Putting things on the table, Shen Wanqian smiled enthusiastically.

"You say you, go out as soon as you go out, and give me any presents!"

"Yes, I don't have to take care of my guide."

Qin Yu said with a humble smile.

"Okay, I must be tired after this trip. Go back and rest soon."

"I'll take care of the cancellation of leave."

Shen Wanqian put the things in the drawer, and said he would take care of it.

Qin Yu was also happy and relaxed, dragging his suitcase out the door.

arrived in the bedroom without going too far.

"On the order, on the order...you have such a dish, why don't you play Lianliankan?"

"You play a fart AD, how about the output? You don't have an auxiliary high output yet, you play..."

Qin Yu pushed the door and entered, causing the roaring Shen Dong to instantly change his face.

"Ouch, Brother Yu, you are back."

took off the headphones, Shen Dong ran up and took the box.

"What's wrong with you, playing a game is so popular."

Qin Yu looked at his computer screen funny.

This look.

'Good guy, 0-12 top crocodile, 1-8 VN, direct good guy. '

What are you playing here? I am sorry for the excellence of the two big brothers if I don't kneel.

"Don't mention it, as long as you advance to the competition, there will be evildoers. I suspect that the official is playing me!"

"Brother Yu, take a look at this record, is this something humans can play?"

Shen Dong pointed to the record on the screen with disgust and said.

"Our rhubarb plays better with paws than the two of them."

Yan Er who was lying on the upper bunk greeted Qin Yu first.

Tucaosaid: "Your rhubarb is refined, let me send it to Yulin!"

"Go on rolling, can you be a man, do you grab the position of rhubarb?"

Shen Dong smiled and shook his hand~[www.mtlnovel.com](http://www.mtlnovel.com)~ and then said, "Brother Yu, where did you go?"

"Went abroad to take care of some work." Qin Yu said casually.

Yan Er gave a thumbs up and said, "Niubi, the industry has developed abroad."

"I was originally abroad." Qin Yu responded.

"Where is Hou Kun?"

I didn't see him, but the bed was very clean.

"It's the library!" Shen Dong said with a curled mouth.

"A contradiction?" Qin Yu asked.

A few of them played quite well that night, what's the problem?

"There is no contradiction."

Yan Er jumped out of bed and said, "It's just that some habits are different."

Hou Kun loves to be clean, even reaching a state of paranoia.

Whenever someone touches his thing, his expression is gloomy for an instant.

The last time Shen Dong sat by his bed, Hou Kun took down the entire mattress and washed it.

"It feels like I have lice on my body, not to mention embarrassing."

Shen Dong said helplessly.

He knows that everyone has their own hygiene habits.

But you are a big man who lives in a dormitory. As for this?

"Maybe it's spiritual cleanliness." Qin Yu casually dealt with it.

In terms of the habits of northerners, it is indeed a bit hypocritical.

"How was the battle last time?"

Qin Yu looked at Yan Erdao: "But you brought two, can you eat them for your body?"

Yan Er slapped the 'Bangbang' on his chest and said, "Just tell me if this body will work!"

"Both are less..."

eyes drooping, his expression suddenly wretched and said: "However, Brother Yu...that's really exciting!"

#### **Chapter 106: What nanny car do you want**

Leaving two boxes of cigars, Qin Yu drove the car to the Oriental Royal Garden.

The man on duty today is Lao Miao, who smiled and opened the door.

Ding Dong!

rang the doorbell, and Qin Yu stood at the door with flowers in hand.

intends to surprise the lazy cat.

During the two days when I went to Barrow, they had been chatting through WeChat.

Qin Yu also knows that Mr. Shen has moved back to the school staff building.

The dance rehearsal continues.

However, this time the school assigned her an assistant.

Shen Bing only needs to sit in a chair and control the overall situation and the integrity of the line dance.

The specific details are all done by the assistant.

"Who?" Lazy cat rubbed his eyes and opened the door.

Then I saw a large handful of red roses and the face she missed all the time.

took the flowers and held it high, and the lazy cat jumped directly into his arms.

wrapped around him like an octopus.

'S cheeks pressed against his chest, rubbing up and down slightly.

The reincarnation of a lively cat demon.

"Doesn't it mean that the genius is back?"

hugged her and sat on the sofa, the lazy cat still lay in his arms.

"If you don't say that, how can I surprise you?"

Qin Yu rubbed her head and asked.

"Hmm~~" Nuonuo's voice was full of laziness.

arched in his palm, and the lazy cat just lay in his arms and fell asleep.

Jiang Xiaoshan, who heard the movement, opened the door.

The gray cotton pajamas of My Neighbor Totoro, set off by her cold expression, looked very funny.

"You..." Qin Yu couldn't help laughing at her.

"It's a lazy cat." Jiang Xiaoshan said weakly.

She has her own silk pajamas, but the lazy cat insists on keeping it warm.

forced herself to put on the Totoro pajamas she bought.

"In this way, it matches the overall style of the room better." Lazy Cat said.

"Why is she so tired?"

Holding Lan Yue distressedly, Qin Yu looked at her and asked.

"Culture classes, line dancing, student union work are as many as part-time jobs outside of school."

Jiang Xiaoshan glanced at him diagonally and said, "What do you think?"

rubbed the long hair of the lazy cat, Qin Yu sighed secretly.

'Why don't you say this silly girl? '

"Don't you say that I told you, I can't stand her pitiful eyes."

Jiang Xiaoshan warned, and her eyes looked at Lazy Cat with some admiration and envy.

Don't look at her soft and weak, introverted.

is actually very strong inside.

She wants to live by her own efforts, not dependent on anyone.

"What can I do?" Qin Yu asked her for advice.

"You have done enough."

Jiang Xiaoshan sat opposite, looking at him and muttering: "Buy a car."

"Catch the bus, the subway will make her waste a lot of time."

"But she doesn't drive much."

Qin Yu is seriously considering whether to assign her a driver.

Lan Yue's exhaustion, driving by himself would only worry him.

Thinking of her character, she would definitely reject this arrangement.

"I can pick her up." Jiang Xiaoshan responded.

"Are you sure?" Qin Yu asked in surprise.

"Anyway, I always run around, crews, interviews, and commercials!"

Jiang Xiaoshan is from the acting department, and now she is about to run interviews with the crew everywhere.

see if I can find some suitable roles.

In addition, she also does some part-time modeling work.

It's more convenient if you have a car, whether it's with her or Lan Yue.

"What are you talking about?" Lan Yue asked, narrowing her eyes.

"I'm talking about buying a car for you." Qin Yu said with a smile.

"Why buy a car? Public transportation is good."

Lanyue became energetic at once, looked up at him and said: "Driving is very troublesome."

There are cars everywhere on the road, all kinds of stoppages and forced penetrations.

There are more and more tight parking spaces, and every time I stop is like a war.

Just thinking of these Lan Yue loses interest in driving.

"It doesn't matter, Shanshan can give it to you."

Qin Yu looked at Jiang Xiaoshan and said.

"Yes, anyway, there are only a few places you go, and I can still act for personal gain."

Jiang Xiaoshan jokingly said: "At that time, it will be my car."

After hearing her say this, Lan Yue didn't object so much anymore.

"Then when shall we go to see the car?"

"How are you now? I'm going to eat right after watching."

If the opinions are reached, the next thing is much simpler.

drove the big par and went straight to the 4S shop.

To talk about the nanny car, it must be Elfa.

Why are so many people willing to be slaughtered? It's not because it has the highest overall cost performance.

easy to open, easy to use.

In appearance, no matter whether it is for home or business use, it will not feel awkward.

Humanized interior design and convenient operation control, spacious space.

is an important factor for the rich to regard it as their first choice for a family car.

Of course, another important point is his practicality and economy.

It's not just talking about driving a Toyota that doesn't break down.

Being left on the road at every turn will be very troublesome for the two girls.

"Look at Elfa." Qin Yu went straight to the subject and said to the sales.

"Sir, Alfa is a hot-selling model, and there is no current car."

"When will there be a car?"

"This...it will take more than 6 months to wait normally."

Qin Yu also knew that Elfa would increase the price, "How about the increase?"

an increase of 400,000 yuan, three days to pick up the car.

There is not much money, but the attitude of the other party makes people unpleasant.

"There are a lot of people in line behind, we don't have to worry about selling our cars."

That expression is like saying, "I love to buy or not, and don't buy to get fucked."

Brother Yu is still not used to his stinking problem!

You spent money and you made a mistake, right?

Go to Rolls Royce when you go out, what kind of nanny car do you want?

"Sir, madam, welcome to Rolls Royce."

The friendly smile and warm service make you feel at home in an instant.

This is the experience consumers should have.

"Are there any cars in the Phantom?"

Although Rolls-Royce's cars are relatively stable, the Phantom is still more suitable for young people than Cullinan.

"Qin Yu, don't you want me to drive this car?"

Looking at the diamond black Rolls-Royce Phantom in front of him, Jiang Xiaoshan was silly on the spot.

Qin Yu smiled and did not speak, motioning her to sit on it and try it.

opened the door and sat in the driving position.

Holding the steering wheel, Jiang Xiaoshan looked up at the top of the starry sky.

Comfortable seats, the body seems to exude the breath of brand heritage.

immediately made her feel different.

"Madam, in fact, young people nowadays, especially young and promising clients like you."

"The recognition of Rolls-Royce is extremely high."

"Whether it is for business purposes, or in terms of personal identity, taste and needs."

"Rolls Royce is your best choice."

Sales glanced at Qin Yu and suggested: "Of course, if you are not satisfied with the color, we will provide more choices."

"At Les Les, all your needs will be met."

Look, talk more if you can speak.

Even spending money has to be uncomfortable, which is very comfortable.

"Lazy cat, what color do you like?"

From the initial resistance and hesitation, Jiang Xiaoshan has already begun to consider colors.

"My Neighbor Totoro Gray." Lazy Cat said decisively.

Jiang Xiaoshan rolled her eyes silently, "Is there any pink?"

"Yes~[www.mtlnovel.com](http://www.mtlnovel.com)~ If you want factory color, it will take a long time."

"It's easy to apply the film, and it can be completed in one day."

The sales brought two sets of color swatches and handed them to Jiang Xiaoshan and Qin Yu respectively.

As for Lanyue...

is lying in the back row, squinting, looking up at the starry sky. '

a lazy posture with sleepy eyes.

"Want pink?" Qin Yu asked, looking at the various fans in the booklet.

"Well, pink is more girlish, otherwise it looks too formal."

"There is one note per person, what are you afraid of?" Qin Yu said with a smile.

"Then am I the average one?"

Jiang Xiaoshan pursed her lips and smirked: "Isn't Rolls Royce making a profit?"

Sales are smiling and silent, waiting for their final decision.

Today's order seems to be no problem.

Now the sales days are not easy. Although Rolls-Royce is not like Porsche or Ferrari, it is averaged by net red every day.

Ke also often have people come to shoot jokes, wasting time.

If it weren't for them, they didn't have a live broadcast and brought photography equipment.

With this relaxed look, sales really wonder if they are looking for material.

"Dream girl fan, what do you think?"

Jiang Xiaoshan pointed to the color on the booklet and asked for his opinion.

Her shoulders sank, and the lazy cat resting in the back row lay on her back and said, "It's so beautiful."

"This is going to happen."

There is nothing to choose, tax plus film.

The final transaction price: 8.24 million.

"Lan Yue, come and sign."

handed the pen to Lan Yue and watched her sign it.

"Shao Qin, Miss Lan, Miss Jiang, please wait a moment."

The sales hurried away with the information.

## **Chapter 107: Specialty**

"Is this to buy?"

Lazy Cat steps on the side of the chair with her feet, curling herself into a ball.

there was still a bit of confusion in his expression.

At this time, she hadn't really realized that she had a luxury car worth more than 8 million in her name.

"Yeah." Qin Yu nodded and smiled.

Jiang Xiaoshan looked confused, like a lazy cat who doesn't eat fireworks.

A trace of envy flashed in his eyes.

She is the real winner of life without arguing or arguing.

19 years old.

The assets under the name of        have reached 20 million.

This is a huge sum of money that so many people cannot earn in their lifetime.

Qin Yu paid for the car in full, and did not use the 'Consumption Discount Card 2\*.'

This card is still useful for him to keep.

As his woman, Jiang Xiaoshan should also make arrangements.

More than 4 million cashbacks from previous food crit.

More than 8 million cashbacks from the crit of alcohol consumption.

plus the remaining more than 2 million in his previous card and the accumulation of basic salary.

The balance of Qin Yu's card is close to 17 million.

After paying for the Rolls-Royce Phantom, the remaining money should be enough to buy a small apartment of 80 to 90 square meters.

The only thing to consider is...

She wants to live in the Oriental Royal Garden and be with a lazy cat.

Still change to a quieter and more hidden address.

According to Jiang Xiaoshan's previous practice, she should choose the latter.

Finger tapping on the virtual keyboard.

Ding.

Jiang Xiaoshan's cell phone heard a beep.

'I'm going to see a house, what is your favorite property?' Qin Yu.

Jiang Xiaoshan's heart is hot, and she is a little worried about gains and losses.

She is not sure if Qin Yu is really asking for her own opinion or expressing it euphemistically...

Like what she understood.

Is he going to buy himself a house?

'Is it still in Jing'an?' Shanshan.

'It's okay not to be in Jing'an, but it's convenient to stay closer.' Qin Yu.

What is convenient he didn't say directly, which made Jiang Xiaoshan even more uncertain.

She didn't want to get a cold disappointed answer while she was igniting hope.

'Binjiang No.1 Monk's Bay is said to be good. 'Shanshan.

'Let's take a look at some time, together. 'Qin Yu.

Hearing the two people's prompt sound 'ding, ding' rang endlessly.

Lanyue's eyes turned and picked up the phone.

Ding.

Jiang Xiaoshan just responded to the message, and the alert sounded again.

'What are you two talking about again? 'Lazy cat.

.....

Jiang Xiaoshan looked at Qin Yu with a guilty conscience, and found that he was looking at the work area in the distance.

Then he moved his gaze to the opposite Lan Yue.

'Don't look at me, I'm going to be discovered. 'Lazy cat.

Jiang Xiaoshan, who looked at the information, couldn't laugh or cry, what on earth did she want to do?

'What are you talking about? 'Lazy cat.

'He said he wanted to see the house. 'Shanshan.

'Wow, Shanshan, you are going to be a rich little woman. 'Lazy cat.

Lanyue's first reaction was that Qin Yu wanted to buy her a house.

'He is just pursuing my opinion. 'Shanshan.

Jiang Xiaoshan doesn't want to have hope too early.

As she thought before, disappointment is always frustrating.

may even make irrational judgments.

'Don't be silly, he only asks you, of course he wants to buy it for you...' Lazy cat.

'Don't say there is nothing between the two of you, I'm not Xuan Xuan. 'Lazy cat.

'...' Shanshan.

"Shao Qin, the procedures are complete." The salesman walked quickly with a smile on his face.

'Anyway, I'll tell you if there is a result. 'Shanshan.

Jiang Xiaoshan clicks to send and puts the phone in her pocket.

"Go." Qin Yu put away the formalities.

It's better to take these things home and give them to her. The little confusion of the lazy cat does not matter for the occasion.

"Go to eat first, and then take you to buy something!"

Qin Yu is going to buy a camera, and will be equipped with a working laptop by the way.

There are still lenses and I have to buy some spare parts!

I haven't finished enjoying the art photos on the phone.

But he thinks Wang Hong's skills need to be improved, and he decides to personally guide her.

The words of the memory card.

It's better to buy more.

It is best to make a mark on it to avoid accidental confusion.

"Good, good!" Lan Yue said cheerfully.

did not look reluctant at all, but rather looked forward to it.

This is not like her character!

Because Lan Yue thought he was going to choose a house for Shanshan.

"How about going to the isinglass store last time?"

Qin Yu is still obsessed with the dishes in that restaurant, the taste is really good.

Lazy cats naturally have no opinion. Marble yams are really delicious.

Jiang Xiaoshan also nodded in agreement.

When Li Wanxing and Lan Yue came back, they mentioned that store.

praised the dishes, especially the isinglass porridge.

Today, she will also try to see if it is really that delicious.

ordered three white maws as usual, and the dishes did not change.

Jiang Xiaoshan fell in love with this shop immediately when she was drinking porridge.

If there is a chance, they should come often.

What is the benefit of a miracle believer?

It is still said that the system needs believers to meet some of its needs.

Or the meaning of its existence lies in the development of believers.

No matter what, the conclusion that can be drawn is.

Believers are very important to it.

Canon Hudu Headquarters is located at the junction of Jing'an and Xuhui.

is not very far from the restaurant, only 15 minutes by car.

Canon 5DMarkIV, big three yuan.

The camera has a special price of 19,800 yuan, and the big three yuan lens is 37,800 yuan.

2012 model, 13.3-inch high-fitting fruit notebook, unit price: 16,888 yuan.

Qin Yu bought it mainly to facilitate work.

It happened that Li Wanxing and Lan Yue were there, so I bought them both.

"Three stations." Qin Yu smiled at the salesman.

Total price: 108,264.

Without Qin Yu's words, the sales took the initiative to wipe out the fraction.

One hundred and eight hundred, bill and swipe card.

From entering the store to paying the bill by swiping the card, carrying things out.

Qin Yu spent less than 15 minutes in total.

"This is for you."

handed the two notebooks to the two sitting in the back row.

Qin Yu looked at Jiang Xiaoshan and asked, "Are there classes tomorrow morning? If not, go to a place with me."

#### **Chapter 108: High-end bureau**

"No, she has been very idle."

Lan Yue answered first.

Jiang Xiaoshan looked at her coldly, and said helplessly: "Well, I have time."

"That's it, I will pick you up tomorrow morning."

There was a weird atmosphere between the two, Qin Yu didn't care.

is just a little secret between girlfriends.

As for why the invitation was made in front of Lan Yue...

It was because of the process they used to communicate with their mobile phones before, and Qin Yu also saw it in his eyes.

Is it appropriate to confess, or to deceive the lazy cat as a fool.

Qin Yu undoubtedly chose the former.

And from the attitude of Lazy Cat, she understands her intention.

and threw a charming and charming white eye at him.

Ling Ling...

"Hey, brother." As he was about to drive away, Li Xiao called.

"Shao Qin, I heard that you are back, do you want to arrange one tonight?"

Li Xiao asked jokingly on the other side of the phone.

"No problem, how about TAXX?" Qin Yu responded.

He has never been to other places, he has been to TAXX at least once.

The atmosphere before zero o'clock is a bit worse, the drinks are a bit more expensive, and there is nothing else to choose from.

"Okay, my side is Mouse, Chengjun, Liu Xing, plus myself."

"I will order the card first, and I will send you later, see you at 10 o'clock."

"Old player." Li Xiao said with satisfaction.

At 10 o'clock, the atmosphere is very high, it is a good time for admission.

"Are you busy?" Jiang Xiaoshan asked softly.

"Li Xiao... Wanxing's eldest brother, do you know?"

Seeing the two nodded, Qin Yu continued: "I will go to the bar with him and a few friends in the evening. Who of you is interested?"

"I won't go, I want to go back soon..."

Lanyue said slyly: "Put in a cylinder of hot water, soak in a comfortable hot bath, and then go to bed."

Qin Yu suddenly turned his head, staring at her every word and saying: "Little girl, you are playing with fire."

"Me too, actually, we can take a bath together at night."

Jiang Xiaoshan said, casting her gaze out of the window, deliberately not looking at Qin Yu's expression.

The corners of the tender red lips kept rising.

.....

At 10 o'clock in the evening, Qin Yu's car stopped by the TAXX road.

When        got out of the car, there was a roar of engine.

The white Koenigsegg drove into the fork and stopped at the empty space on the side of the road.

"Brother Yu."

Liu Xing got out of the car, closed the door, and walked quickly towards him.

The upper body is a trendy Chicago jacket, and the lower body is a simple pair of panties.

White high-top sneakers, simple and stylish.

"What about the rest?"

Did not see a car following behind, Qin Yu asked curiously.

"We are still on the way, shall we go in first?"

Seeing the crowds around and the cameras turned on by internet celebrities, Qin Yu walked in first.

Simple, low-key, is the hallmark of Brother Yu.

was hyped by internet celebrities, not his style.

Even if you want to hype, it must be cheap for your little anchor.

These monsters and ghosts are hiding in the world of beauty.

Rely on being a demon and vulgarity to induce hype, in the end there is only a dead end.

The only difference is the way of death!

"I visited this place when it opened, and it was more lively at that time!"

The number of sporadic queues at the door was much less than when he came.

In his opinion, TAXX's current popularity and flow of people are not even a little bit down.

However, it is normal to put it on an entertainment venue.

No matter how hot the place is, it will not last more than 10 years in the end.

Normally, it will be good for three to five years.

In three to five years, the boss has already made a lot of profits.

"The essence of human beings is to like the new and dislike the old, and there are always times when they are tired of playing."

Qin Yu sent a WeChat message to Xiao Li on his mobile phone.

Less than 10 seconds, the spirit guy rushed out of it.

"Shao Qin, I've been waiting for a long time." Xiao Li came up and apologized again and again.

"This is Shao Liu." Qin Yu introduced him.

"Shaohao Liu, I'm Xiao Li!"

Xiao Li bowed 45 degrees and greeted Liu Xing enthusiastically.

"There are three more friends coming, please explain."

"Okay, brother, don't worry, Xiao Li has arranged it for you."

took the two of them inside, and Xiao Li used the walkie-talkie to confess to the welcoming guests at the door.

to ensure that you will not be left out when you wait for the guests.

This is his biggest new customer.

Last week, Qin Yu consumed more than 300,000 yuan in one night.

Bring friends again every few days.

This kind of frequent visitor and high consumption customer.

is the most appreciated and welcome wherever you go.

The bar wants to do so prosperously, it relies on such big customers.

Otherwise, you will consume millions at a time.

I'll never see it again in my life, what's the use?

The most is when you come, small mouth desserts, be diligent.

Then see if there is a chance, and take the opportunity to make a fortune.

I don't know much about Qin Yu and Xiao Li.

But these two times when the other party came, he observed carefully.

For example, what he wore on his wrist last time was a Hublot worth more than two million.

This time, darling...

As soon as I met Xiao Li, I saw 6002G-010 on his wrist.

Patek Philippe's new generation watch king, perpetual calendar, tourbillon, minute repeater.

double-sided dial, gold three-dimensional Roman numerals.

18K gold dial, white gold case, sapphire transparent cover, moisture-proof and dust-proof.

Xiao Li is a luxury watch lover.

In the words of netizens: I love chatting with you like the poor, and I can't afford anything, just knowing it!

Xiao Li doesn't know how many pieces of the Xia State are. The per capita income of notes is 100 million. Who knows?

But he learned from the news that the King of India and Thailand carried this watch.

is the same style on Qin Yu's wrist, with a black dial and filigree design.

How rich the other party's family is, I'm afraid it is beyond his imagination.

In short, I can't afford to provoke a big guy.

The service is good.

Some scum leaked from the fingers of the big man, and it was enough for him.

How fragrant was the last 30,000 commission, can he remember?

"Brother, still 009 card, do you think it is appropriate?"

Xiaoli took two steps forward, lowered his voice and attached ear canal: "Next door 001 card, high-end celebrity."

Boy, you widened the road today!

High-end celebrities, the four words explain clearly.

What is a high-end celebrity?

First of all, it is exquisite, and it is not necessarily all big names.

But it must be exquisitely matched and be careful.

Good-looking feet are thin high heels, which must be exposed.

has a nice leg shape and should be paired with long, narrow boots.

Smooth back Angelica dahurica.

Halter strap bag hip skirt must be arranged.

seemingly inconspicuous accessories are actually the key.

Van Cleef & Arpels four-leaf clover necklace is already high-end.

The necklaces, earrings, and bracelets of the Dior family are the most popular among celebrities.

The style is young and novel, and the price is not expensive.

The details like hair are even more important.

There is no one for a few thousand dollars, so I am sorry to say that it is a lady?

turned his head and looked at the next door, it really was from accessories and outfits.

From the gestures of gestures and gestures, all with high-end celebrities.

Qin Yu turned on the scan, and the freshness was quite high.

85 is the worst.

There are two in terms of appearance value reaching 92+, specialties [Drilling]

is indeed a high-end game.

Circles like this have clear goals, and they can't be reached.

looks good, when I can't make an appointment.

People have only one purpose.

Catch the golden turtle!

Liu Xing also noticed the situation next door, and turned around to give him a man who knows how to look ~[www.mtlnovel.com](http://www.mtlnovel.com)~ two sets of big spades, one set of champagne king. "

"The matching drinks and water, look at the arrangement."

Qin Yu smiled and arranged the wine first.

It is impossible for him to take the initiative.

No matter when, the policy cannot be shaken, this is the bottom line.

"Okay, brother, I'll make arrangements now."

"Xiao Li, I'm all my own today, keep a low profile."

"Understood, brother." Xiao Li nodded in response.

Liu Xing said admiringly: "Brother Yu, pay attention to it!"

He was really scared before, and the DJ was screaming: 009 Kaxi mentioning something.

When there are outsiders entertaining, the scene will naturally be sufficient.

But today he was holding out to play, gathering with friends.

Completely relaxed mentality, it's a bit too much to deal with this.

"What are you two talking about?"

The sofa sank back, and Li Xiao stepped to sit between the two.

Louis Vuitton's handbag and car keys are placed on the table, revealing the essence of the game.

Xu Hao and Yang Chengjun also went around the sofa and sat in the deck.

"Brother Yu arranged two sets of big spades, waiting for the wine!"

Liu Xing also revealed his Koenigsegg car key.

"Brother, are you trying to drink everyone?" Li Xiao tilted Erlang's legs and looked at Qin Yu.

"You can wash your hands if you can't drink it. I heard it can whiten the skin." Qin Yu said in cooperation.

"Yu brother is proud." Xu Hao thumbs up with admiration.

"Handsome guy, can I sit here with my little sisters?"

The pleasant sound made the old drivers present secretly laugh.

Before the wine arrived, wouldn't the fish take the bait?

## **Chapter 109: things you do not know**

"Sit down, this is Shao Qin, his place tonight."

Li Xiao got up and introduced to Qin Yu.

No matter how good the relationship is, it can't be overwhelming.

The primary and secondary still have to be distinguished, others pay the bill and you pretend to be the big head.

is not the case.

"Brother, are you hurting others?"

Qin Yu vomited: "It's all my own, so what do you tell me?"

"I punish myself for a cup!"

Just as the wine arrived, Xiao Li brought a few hot pants and long legs.

Each of them held a sparkling \*\*\*\*\* holder with the bottle stuck in the middle.

did not twist and collapse, holding a light sign to wave the atmosphere of the city.

The DJ on the stage is still playing music, his head shook his head.

The girls put the wine on the table with smiles. There are two self-sufficient looks and good figures.

squatted down and put a drink, and when he got up, he showed off his S-curve.

The long legs stretched straight forward, and the toes point to the ground.

blinked at Qin Yu with one hand on his hips.

Xiao Li has been observing his expression and found that Qin Yu has no response.

quickly stepped forward and waved, drove everyone out.

As colleagues, the opportunity has been given to them.

But I can't grasp it, my elder brother didn't respond, so I can't blame him.

"Shao Qin, everything is ready." Xiao Li pointed to the drink on the table and smiled.

"What are you waiting for?" Qin Yu raised his head and glanced at him, "Fully open."

"Fully open?" Xiao Liren was stupid again.

Brother, don't take you like this.

Every time there is a new surprise, every time it is full.

Brother, I'm so tired, I can't hold it!

cra cra cra~

The ace of spades and the King of Champagne were all opened, and Qin Yu pointed at the people present.

"Ask what you drink and fill it with everyone."

Xiao Li filled everyone with wine one by one, and was about to exit the deck.

Qin Yu stopped him, "Xiao Li, you don't understand the rules."

"Shao Qin, you say, I will change." Xiao Li said with a smile.

"I asked so many friends to play with you, you can't respect everyone a drink?"

Qin Yu pointed at him and said jokingly: "Xiao Li is pretty good, but it's a bit too restrictive."

"Qin Shao said and laughed, I didn't want to understand, he was stupid."

said that, not to mention it was too happy.

It is clear that Shao Qin wants to introduce customers to himself, and it depends on his performance.

"Can you drink it?"

Liu Xing picked up the cup and said, "Let's go one first. It's up to you to get a few sets of wine from Shao Qin today."

"Shao Liu, I respect you."

swept around on the table, Xiao Li picked up the gift powder X and prepared to give it to his mouth.

You must be sincere, and at least you have to blow the bottle.

"Hey eh, what are you doing?"

Qin Yu stopped him directly, snatching the bottle and said: "Just boasting you, I just used a drink to fool people."

"You can fool Shao Liu?"

picked up the ace of spades and stuffed it into his hand, "Fill yourself."

"You have heard what Liu Shao said. Can you take a few more sets? It depends on your performance."

"Okay, I must accompany my big buddies to drink well."

Xiao Li can't laugh or cry and fill himself up, and drink a toast with Liu Xing.

As soon as the drink was served, the atmosphere immediately rose.

The two celebrities who came to Qin Yu's side also began to take the opportunity to get close to each other.

"Shao Qin, I toast you a glass." Xin Yan said with a smile while holding the champagne glass.

"Drinking is okay." Qin Yu responded with a smile: "Don't pour a glass, I'm a little scared!"

"I can still drink." Xin Yan pursed her lips and chuckled.

"That's good."

Turning to look at the \*\*\*\* the right, Qin Yu asked, "What about you? What's your name?"

"Jin Xuan." Jin Xuan smiled happily: "Shao Qin, you are so handsome!"

"Handsome?"

Qin Yu touched his face, "It's very common! It's mainly because I have special skills."

"What is it?" Jin Xuan asked curiously.

"The ability to play money and play games, I play online games very well."

So far, Yu Ge has not failed in online games.

Repeatedly fights and wins, the more you fight, the more brave you are.

Especially after taking drugs, it is a humanoid raider.

"Really, I also like to play games, does Qin Shao play pesticides?"

Xinyan asked in surprise, her arm naturally took his arm and pressed it slightly hard.

The \*\*\*\* are amazing, which made Brother Yu admired.

No wonder there is one of her specialties: super resilience.

"Shao Qin, I also like to play games."

Jinxuan held his other arm, her resilience was obviously worse by one level.

However, Qin Yu was amazed by her next performance.

"Shao Qin, look, my throat will shrink!"

Jinxuan opened her mouth, her teeth were clean, her tongue was pink, and the soft flesh on the sides of her throat.

shrank and agitated like a lizard's gills.

This is a bit outrageous.

What is your specialty?

The huge mouth of the abyss...Okay, it's okay.

"Drink."

Qin Yu leaned back on the sofa, tasting the wine leisurely.

Xiao Li has already been on the bar with Liu Xing...

It's not right to say that, it should be said that Liu Xing hit him.

The two poured seven or eight cups in succession, and Liu Xing patted the cups on the table.

"carry on!"

Xiao Li's face changed when he saw his vacillating footsteps.

Covered his mouth with one hand, and said with the other: "Shao Liu, I'm dying...I have to slow down."

Liu Xing shook his head, watching his eyes soften a little.

The road for the young man is getting wider!

"Little Li..." Liu Xing pointed at him and smiled: "If I need it in the future, I will find you to arrange it."

"Thank you Liu Shao."

Xiao Li's face is no longer pale, and his voice is also smoother.

happily picked up the wine and said, "I will toast you one more."

咚咚!

Dry the wine in the glass in one sip, Xiao Li continued: "What kind of arrangement do you need, just give it a call."

"As long as Hudu is a prosperous place, I have some avenues..."

"There are friends in the demon city, you can also find me if you need it."

Liu Xing nodded in satisfaction: "The business development is quite extensive, add a WeChat account."

"Brother, I will add you." Xiao Li took out his mobile phone neatly.

Seeing Liu Xing's defeat so quickly, Yang Chengjun picked up the cup.

"If you can drink me, I will leave it to you in the future."

The serious and rigid expression made Xiao Li a little hesitant.

How does this brother's expression look like he is going to hit someone.

Brother, just have a drink, do you want to be so serious?

Xiao Li has even thought about whether he will lose quickly.

turned around and took out a gun, and collapsed himself.

Ok!

Xiao Li admits that he has read too many novels, and his ideas have become a little wild.

But Yang Chengjun's appearance really looks a bit scary.

"Brother Jun, are you closing your aura?"

Xu Hao raised his head to Xiao Li, and said, "You scared people."

"No, brother, I just look at the image of Brother Jun who can drink especially, and I am afraid that I will bury myself by digging a hole."

Xiao Li Biao explained with a smile, but unfortunately his explanation was pale and weak.

Yang Chengjun squeezed out a smile, "If you can drink it, you have to drink it before you know it."

"Xiao Li, this is your performance tonight." Qin Yu looked at him with a smile.

"It's done."

Xiao Li nodded fiercely and said: "Qin Shao, I am not for some performance, mainly because the big brothers are happy."

"Good point." Li Xiao held up his glass and said, "We must drink one first."

"Nowadays, there are not many liquors as sensible as you. UU reading [www.uukahnsu.com](http://www.uukahnsu.com)"

What Li Xiao said was from his heart, and young people nowadays are all impetuous.

I want to stand and make money!

But he didn't think clearly about whether he was capable of that.

I met \*\*\*\* and slippery in the bar, and there were too many ignorant liquor sales.

Last time, Li Xiao went to M1NT.

I wanted to withdraw the wine that I had saved before, but the wine salesman forced a consumption of 50,000 yuan.

Not to mention wine without consumption, it is also the rule of the club.

Li Xiao called the boss on the spot, and it turned out that it was all about liquor sales.

He just wants to earn an extra commission and treat himself as a triumphant.

Consumption, Li Xiao never cared.

Like most wealthy people, as long as the money is happily spent.

But there is absolutely no one in this world who is willing to be killed as a triumphant.

Xiao Li is good, Li Xiao raised his index finger and said to him: "There will be arrangements in the future, I will leave it to you."

"Thank you brother for your trust, I promise to make arrangements for brother properly."

Xiao Li took the cup and drank it, and said gratefully.

then looked at Qin Yu and took the initiative to pour a cup to finish.

"It's alright, Brother Jun is still waiting!" Qin Yu waved his hand to signal him to greet the good guests.

"Brother Jun, I respect you." Xiao Li went to Yang Chengjun with a drink.

Even if he is really going to be robbed of his forehead today, he has to drink this wine!

"Shao Qin, your watch is so beautiful."

Xin Yan, who couldn't speak for a long time, asked coquettishly, holding his left arm.

What goddess!

You can't imagine how active and gentle the goddess will be in front of the rich.

How many kinds of tricks can you put in...

## **Chapter 110: Someone wants to take a ride**

"Let me see, wow~"

Jinxuan held his wrist and said: "This is Patek Philippe's new watch king."

pretending to be exaggerated tone and expression to cover up the inner shock.

What kind of luck did I hit today, and I was able to meet this kind of width?

How does it feel to wear tens of millions on your hands?

Jin Xuan can't realize it.

Anyway, if it were her, she would definitely take various poses in the first place.

save enough for one month to post pictures.

Then put the watch intact and put it in the safe for careful storage.

Like Qin Yu in daily life, it is impossible to wear it.

What if you bump into it?

"Qin Shao, look good!"

whispered and acted sweetly, Jin Xuan's body swayed into his arms like a catfish.

is just one song and eighteen touches...

"I know, this watch costs tens of millions, is it real, Shao Qin?"

Xinyan was unwilling to show weakness and pulled him into her arms.

glanced at Jin Xuan's aftermath from the corner of his eyes.

can't wait to throw her own specialties directly at her internet celebrity face.

It's best to hit her directly!

Tens of millions just hang on your hands...

What concept?

To be honest, this has exceeded Xin Yan's imagination ceiling.

What kind of restraint, hold, measure.

Now I just want to merge myself with Qin Yu.

If you can completely conquer him, turn to be a girlfriend.

Xinyan has to wake up in her dreams.

Isn't this the beetle-in-law she dreams of, the diamond man!

"Hey, two beauties."

The little brother hugged the younger sister next to him, and interjected: "You are going to divide Qin Shao, hold back, hold back a little."

"Looking at Xiner, I am very reserved."

Looking at the celebrity in his arms, the little brother squeezed her cheek.

"Brother, you are bad~" Xiner raised her hand shyly and patted his chest.

嘤里嘤里嘤.....

I'm going to throw up.

Brother Yu picked up the champagne and drank it, and quickly suppressed his shock.

This kind of high-end tea craftsman, ordinary people really can't stand it.

Qin Yu clasped his fists in both hands to pay tribute to the little brother.

This is a master, this is a master!

"Drink and drink."

The two had a toast, and Li Xiao asked, "Shao Qin, don't you know what you do?"

All the people present here want to find out about him, including the ladies who have just come over from the 001 card.

"Do some small business, mainly abroad." Qin Yu responded.

The flamingo and old Joe matter, it's not difficult to find out with a snack.

includes his previous whereabouts to Barrow.

It's no surprise to do some business outside these years.

is more worth hiding.

The key lies in Old Joe's background and true identity.

However, in terms of the degree and level of his protection.

It is difficult for ordinary people to reach his true level, let alone investigate his identity.

I am afraid that as soon as I have an idea here, I have already been warned by a certain department.

So, in the case that Lao Qiao is just a hedge fund founder and a financial tycoon.

Qin Yu doesn't mind if someone associates himself with him.

And those who are on the same level as Lao Qiao, he can't hide from each other.

Instead of bothering to make up lies, it is better to be open.

To know the back of any lie, you need countless lies to justify yourself.

too tired!

"What small business, I also have a small business across the sea."

Li Xiao let go of her hand holding Xin'er, wanting to have a good chat with him.

Woman?

How important is business.

"In the international market, speculation in gold futures, foreign exchange and the like."

When he heard that he mentioned, 'the international market, gold futures.'

Li Xiao's eyes were wide.

"Small business? Your business is really small..."

Li Xiao smiled bitterly and shook his head, saying, 'Is this guy really humble, or deliberately irritating himself.'

Dare to speculate in futures and foreign exchange in the international market, which one is a small player?

General small characters, throw in hundreds or tens of millions.

can't even splash a Mercury.

Hundreds of millions of investment may be shot to death by giants and predators in the huge waves every minute.

To know that in the international market, especially the heavy metal market.

It is the national players who stir up the situation, and they hit hard every time.

The first second was calm and calm, and the next second was a huge mouth in the abyss, raging waves.

It was almost too late for Xiaoyu Xiaoxia to react.

Before they could make a correct judgment, the aftermath of the waves had completely submerged them.

The actual operation and complexity are more complicated than Li Xiao knows.

That's why he was so surprised!

To put it simply, anyone who can gain a firm foothold in the international futures market and do transactions.

No one can be regarded as a small business!

From the perspective of Qin Yu's expenses, he is clearly a winner rather than a loser.

"Do you have any vacancies for your small business?"

Li Xiao didn't wait for him to speak, and proactively said: "I know the rules, don't ask too much, don't intervene, just take a ride, and be at your own risk!"

Qin Yu looked at him unexpectedly and patted Xinyan and Jinxuan's rear axle.

Good flexibility!

"You two go to the side to play, I'll talk about something with my brother."

The two of them did not pretend to be gestures, and happily sat on the sofa next to them.

When Xin'er babbled just now, both of Qin Yu's expressions were in their eyes.

Ladies' Tutorial: What do you understand by observing your words?

"Do you want to take a ride? By yourself or at home?" Qin Yu had to know this in advance.

"only me."

Li Xiao looked aside, "If there are enough parking spaces, bring soldiers and mice."

"I think you guessed it, the military family has some influence in the Ministry of War."

"Mouse..." Li Xiao smiled and said, "Don't look at him inconspicuously, but the staff is in the house."

These two people can help, so he will take the initiative to bring them into the car.

is like Liu Xing.

The family is rich, but only rich.

At the critical moment, I have to beg them.

There are limited parking spaces, and his level is not enough for the younger brother to take the initiative to sell favors.

"Guan Wu Sha Hat?" Qin Yu asked curiously.

then waved his hand and said, "Don't...don't tell me, the situation in your family has nothing to do with me."

Li Xiao spread his hands, shrugged and did not answer.

It's better this way, everyone pays for it.

What is the specific situation of each family, just have a general idea in mind.

There are some things, it's not that the more you know, the better.
