Chapter 1041: old friend

When the eight fanatics including Li Xiaoxiao appeared, all the personnel had arrived.

The reason they arrived at the latest was because they had to return to the hive before leaving.

Take out the gene slot in the body and leave the seeds!

"Good trip." Qin Yu sent her blessings.

"Mouse also asks you, help me watch him." Li Xiaoxiao said freely.

"If I can't come back, how about protecting him in his old age?"

"Old age?"

Qin Yu smiled and said, "It's too early to talk about this now."

"A breakthrough?" Li Xiaoxiao's eyes lit up.

If ordinary people can also break the life limit, the only problem between them will be solved.

How about giving it to Xia Ke for decades?

Wait for her to fight in a foreign land and return in glory, and then send the big country to Xu Hao's hands.

"Look, this is the star field I laid for you!"

啧啧, that scene, Li Xiaoxiao is a little hot.

"I'll know when you come back next time."

Seeing that she was distracted, Qin Yu patted her on the shoulder and said, "It's time to get on the boat."

"Go, let the mouse wait for me." Li Xiaoxiao waved his hand confidently and proudly.

The previous melancholy, as if drifting away in the wind.

A woman's heart is really hard to figure out!

Watching everyone board the ship, the deck gradually rose, and Qin Yu and others returned to the base.

The main engine ignited, and the huge hull leaped forward in the next second.

is just a blink of an eye, and it becomes a shining star embellishment in the distant deep sky.

Republic, Northwest Integrated Command Center.

"The Medusa has been detected and it is heading towards a predetermined orbit, meeting us."

"If the signal is lost, the radar signal cannot be tracked."

"The signal appears, and the other party has arrived at the designated location."

Hearing the report that took only a few seconds before and after, Bai Ze was full of emotion, 'How many surprises are you prepared for Qin Yu? '

When the Medusa converged with the Xingyue, Renhuang and Fuxi that set off ahead of schedule, they drove into the predetermined coordinates.

A huge light gate suddenly unfolded in front of the hull.

In the stargazing room, Andrew and Anderson were jumping and shaking like they were convulsed.

shook his head dancing and dancing until it became a blurry afterimage.

The beating afterimages of the two seem to be connected together, forming a trance arc wave.

Outside, the light gate is getting bigger and bigger.

Xingyue led the first to go to Guangmen, followed by Renhuang and Fuxi.

Wait until the light door can hold the volume of Medusa.

The hull of the ship passed through the light gate to the unknown without hesitation, and the light gate suddenly disappeared into the deep air.

The Asian Space Project has come to an end, but it does not mean that Brother Yu has stopped.

There are still many things that need to be solved by him!

The specimens and living aberrations in the hive, including the aberration of the mantis knife that pierced through [Assaulter].

At the moment of attack, its hands can turn into mantis-like sharp blades.

It is such a sharp blade, piercing the [Assaulter] made of titanium and rhodium alloy, and piercing him.

Another characteristic of is that there are no bones in its body.

Including cartilage and meridian!

It is a pile of meat, but it can form a fixed shape.

even includes the mantis knife that pierced [Assaulter].

This obviously arouses everyone's curiosity. The good news is that Shi Cui is still far north of the Bald Eagle.

So, no one would call them an idiot and let them get out of their projects.

Everyone has the opportunity to participate in this big project.

This is great news for the Ministry of Biochemistry!

At the same time, there is another good news. Ilibela found the remaining RRT members.

They didn't die, they were just blocked in the sewer tunnel by a group of distortions.

Moreover, there are more important discoveries!

"man-made?"

Qin Yu meditated: "Any other clues?"

"The sewage channel there is like a well-equipped evil laboratory, you will like it."

Ilibela snickered, she couldn't wait to start messing up.

Fort Decker, the bald eagle's most confidential biological and chemical weapons research laboratory.

It has existed for two centuries because it is located close to the White House and the Army Headquarters.

So, up to now, it is still in the hands of the White House.

Ilibela found in the sewer, it was the archive mark of Fort Decker.

Originally, these files should be destroyed.

All personnel were evacuated after entering the RRT, but things always have accidents at critical junctures.

Coleno discovers the hidden biochemical laboratory in advance.

broke into it and killed the staff who had not had time to destroy the documents and evacuated in the future.

But at a critical moment, the opponent blew up the backup exit.

So, Coleno could only hide in the laboratory with the surviving team members and wait for rescue.

Fortunately, the company did not disappoint them and found a hidden entrance to the laboratory.

Under the firepower of 20 [Assaulters], the aberration body ushered in annihilation.

Now, they can go home.

In the past few days, Brother Yu finally heard good news.

This made him suddenly have the nature of having a party. After a long time without going out to sea, his boat was about to rust.

"Brother, find a time to go to sea?" I first called Li Xiao, and the answer was "No."

The pseudo-ecological training center project and the development of the entire Lingang require his personal attention.

Li Xiao is now busy even having lunch in the car, let alone going out to sea.

Xu Hao even rebuffed: "Brother, I'm going to Hipi, will you do the work?"

"You have to promise, I will ask for annual leave today." Xu Hao remembered joining the company.

I haven't repaid the annual leave even once, or make up the accumulated leave this time.

Finish for half a year first, and then make up the rest another day?

"I just remembered something else, let's make an appointment next time."

As he didn't hear Xu Hao's follow-up question, Brother Yu hung up the phone.

What an interstellar joke!

Let him go to work to give Xu Hao a vacation, do you think I look like such a selfless person?

He would rather stay at home alone and check his phone.

Thinking of this brother Yu, press to turn on the screen again and open the WeChat account to have fun.

I didn't think about it, Lezi took the initiative to find him.

"Brother Yu, are you there?" Tang He.

"Yes, what do you want from Brother Baozi? {happy person}" Qin Yu.

"Go!" Tang He.

"Our class party, are you coming?" Tang He.

"I am in Hudu! Let's play!" Qin Yu.

Class party, Yu brother is a little moved.

In the high school era, school is the main theme of life, accounting for at least 90% of the time.

Even if it's on vacation, I still get together with my classmates.

It's definitely impossible to say that you don't miss that time!

But when I think of going there, it's all bragging, one by one, like a sky monkey.

Brother Yu's mind faded away, so I still want to forget about it.

"I really won't come, don't regret it, Zhang Le is back." Tang He.

Zhang Le?

"Are you sure Zhang Le is back, don't joke with me." Qin Yu.

Qin Yu, Tang He, Gao Bo, Zhang Le, they were the Four Swordsmen at first.

Later, Zhang Le's family moved to the south, and he also transferred to another school.

At first, I used to call, but suddenly I couldn't get in touch.

The phone number became empty, and I never met again.

"Really, he is sitting next to me now, what do you think?" Tang He.

"Wait, we will arrive in half an hour." Qin Yu.

Hot pot restaurant, Tang He put down his phone with a smile, and Gao Bo immediately asked next to him: "What did Brother Yu say?"

"Do you still need to ask?"

Tang He looked at Zhang Le on the opposite side, and said, "As soon as I heard you were there, Brother Yu immediately hit Fei Di and came back."

"Tsk, it's a true love duo." Gao Bo raised his eyebrows meaningfully.

Zhang Le, who has small curly hair, is thin in figure, smiles and looks like a 'good guy' sign, shook his head funny.

"It's been a long time, I don't know what to say."

Tang He disliked complaining: "Who is to blame? It's not that you moved to the south."

Zhang Le helplessly said: "What can I do?"

At that time, his family had to go to the South because of his father's business, and he was also helpless.

But he is a high school student, what can he do?

Just arrived in a brand new place, I don't know anything, and I don't have friends.

The classmates in the school all look at you with unfamiliar eyes, looking at you like a chicken.

That feels terrible, nothing worse than it.

Absolutely...

However, recalling that period of time, Zhang Le still smiled in his heart.

Because of their three buddies, they have been helping him through the difficulties.
until...

"It's almost time, let's go ahead too!" Gao Bo got up to check out.

"Oh, I almost forgot to send a location to Brother Yu." Tang He bowed his head and sent the location to Qin Yu.

Seeing the natural performance of the two, Zhang Le's embarrassment gradually disappeared.

Everything seems to be the same as before.

Quantity seller, Gao Bo pushed open the door of the A001 box, glanced at the two people outside the door, beckoned and shouted, "That's it."

"Oh, the doctor is here." The classmates who were chatting in the box also saw Tang He, Gao Bo, and Zhang Le rushing in?

"This is, Zhang Le?" Someone recognized him, pointed at him in surprise and said, "When did you come back?"

"Today, just arrived." Zhang Le smiled slightly, his expression a little awkward.

He has a very good personality, warm and kind, just a little introverted.

is always inexplicably embarrassed, and then answers all questions with a silent smile!

"Hey, big guy, see who is here?" The other party hooked Zhang Le's shoulder and led him to everyone.

"Hello everyone, long time no see!" Zhang Le smiled and waved to greet everyone.

"Zhang Le? Haha, it's been a long time since UU reading www.uukanshu.com."

"Wow, you are here too, how many years have you not seen?"

"It's almost ten years, right?"

"More than ten years, I think it will be longer?"

There are also people who didn't know him later, and curiously asked Zhang Le's identity.

Because, he seems to be the kind of person with a good temper.

The key is that he looks a little handsome, which obviously attracted the attention of some girls.

This made Zhang Le the focus of the conversation and made him very uncomfortable.

Bathroom, polite smiling face appeared again.

"Hey, hey, did we order drinks and snacks first?" Tang He clapped his hands and shouted.

"Yes, order something first." Gao Bo said with a big smile.

"Squad leader, I ordered something."

Tang He looked at Du Xu, this class gathering is AA fundraising, and the money is in his place!

After several years in society, Du Xu is obviously no longer the naive boy who only talks about ideals.

There is no need to be disappointed at this time, and he happily stood up and shook the phone, "If you want to drink, come with me!"

Chapter 1042: that year

One car, two cars, three cars...

The standard for today's party was 300 yuan per person. A total of 29 people came, for a total of 8,700 yuan.

So, it doesn't matter if you spend extravagantly!

They have only one purpose today, happy...

was pushing a small truck at checkout. Accompanied by 'Young Master', a group of older children drove forward on the cart.

"Hi, classmates, long time no see!" In front, Qin Yu who rushed over stood at the corner and waved with a smile.

"Qin Yu." Du Xu looked a little restrained when his feet landed in the air.

"It's Qin Yu, haha, you are here too."

"Hey, look at everyone, the big boss is here."

"Brother Yu!" Tang He also saw him, handed the trolley in his hand to his classmates, pushed him forward and walked into the house.

A group of people hustling and hustling, did not let Brother Yu speak, directly pushed him into the box.

If Tang He didn't take the lead, no one would dare to do that.

A lot of things are like this, once someone starts making a fuss, all the tension and baggage are thrown away.

"Hey, hey, everyone, be quiet, see who is coming?" The loud screams quieted the conversation in the box.

When it was clear that the visitor was Qin Yu, the atmosphere immediately ignited.

"Qin Yu, long time no see!"

"Big boss, why are you free to come here? Peng Xun is brilliant!"

"Hey, do you think Qin Yu is more handsome than when he was in school."

"Brother Yu, you have changed too much."

"You are not the same." Qin Yu looked at Du Xu and said, "Squad leader, why do you have a beer belly?"

Du Xu lowered his head and touched his stomach, then smiled: "Life!"

Yes.

No matter how lofty the ideal is, it cannot resist the reality of life.

had ideals, and finally became a chatting and laughing accompany at the wine table.

Only when I walked into the society did I realize that the world is big, and I am just a drop in the ocean.

Even the saint has to eat, let alone him!

"Zhang Le, Zhang Le." Gao Bo saw Zhang Le standing on the edge and pulled him over and said, "Why are you standing so far away?"

"Brother Yu, see if it's the same bamboo pole." Gao Bo laughed.

Qin Yu stepped forward, looking at Zhang Le's rusty expression, opened his arms and joked: "Tie Sun, long time no see."

"...Fuck!" Zhang Le cursed with a smile, and patted his back hard.

With this scene, when I sit down again.

Zhang Le clearly felt that the people around him showed more enthusiasm for him.

People, you can't escape reality anytime.

With a deep sigh, Zhang Le took the wine glass and drank it.

"Brother Yu, sing a song?"

Looking at Hang Yifan who came to the microphone, Qin Yu smiled lightly: "You guys have not seen you for a long time, I have to have a few drinks."

declined the classmate's invitation, Qin Yu called Zhang Le over, and the four formed a small circle.

"Don't say anything, do one first." Qin Yu raised his glass.

The three of them happily raised their heads to do it, their eyes crossed, and they couldn't help laughing.

At this moment, time seems to have not changed anything!

"A Le, where have you been in the past few years?" Tang He couldn't help but complain after putting down the cup.

Without saying a word, people disappeared for so many years.

He was so angry at the time, how could he be like this.

But now, it's mature.

Tang He could understand that if it weren't for something, it would definitely not disappear without a trace.

"It's hard to say a word, let's not say it, drink!" A bit of bitterness flashed under his eyes, and Zhang Le took the initiative to fill up several people.

"Come on, Dad respects you." Zhang Le put on a serious elder attitude.

The three of them looked at each other, and in the next second they came forward and pressed him on the table.

"Drink, if you don't give this grandson a drink today, don't even think about leaving."

"I think your kid is too courageous, dare to talk to your old father like this."

"Come on, there are enough drinks and water pipes today!"

"Wrong, brother, eldest brother, I was wrong."

Seeing a few people playing with no image, time seems to have returned to the high school era.

"The relationship between them is really good." In the corner, the quiet girl said softly.

"You don't know, they have known each other since elementary school, Zhang Le left in high school, and three of them are left.

But I haven't seen each other for so many years, I can still do this...I really envy it! "

"Zhang Le is going to post this time, look at Tang He and Gao Bo now, it is said that they are worth hundreds of millions."

"Really or fake, can't you tell?" Looking up, both of them are dressed in ordinary clothes.

The domestically produced machine on the table, the clothes look like some treasures, jeans, and sneakers.

Gao Bo's AJ, Tang He wore double 361...

This brand is not worn by my cousin from junior high school in my county seat.

Really worth more than 100 million yuan, this is too simple, right?

"Look at the watch." Lin Wanyu, who works at Yinying Department Store, clearly knows the goods. pointed to Tang He's exposed wrist, "Rolex Blackwater Ghost."

"Gao Bo brought a green water ghost, a hundred thousand watches, what do you think?"

"It's only a hundred thousand, and it's okay!" The girl was asked without feeling.

A watch with a value of hundreds of millions and a value of more than 100,000, feels so cheap.

After looking at each other seriously, Lin Wanyu curiously asked, "Xiao Yuan, which big company are you in now, and the income is okay?"

"No, it's part-time job, five or six thousand a month, it's not enough."

"Really?" Lin Wanyu curled his lips, holding back the groove in his heart and did not speak again.

Five or six thousand a month, I thought you were tens of thousands every minute!

Only a few hundred thousand watches?

You forgot to brush your teeth in the morning, what a big tone!

did not talk to each other again, Lin Wanyu's gaze kept focusing on Gao Bo.

I remember that in high school, he even chased himself.

At that time, he felt that he liked to cause trouble, and just wanted to hide away.

Why didn't he see that he is still a potential stock?

"Hey, what are you looking at?" Lin Wanyu was taken aback when he was violently knocked down.

Looking back, Lin Wanyu hugged each other happily: "Qiang Qiang, when did you come, why didn't I see you."

"I have been here for a long time, and I have been there." Liu Qiangyu asked with a smile, "You haven't said yet, who are you looking at?"

Seeing her slightly shy cheeks, Liu Qiangyu teased: "It's not Qin Yu, right? But, he is really handsome now."

"Where is it."

Lin Wanyu vomited: "I don't have such a big heart. What kind of status do people look at now?

Shen Yu was almost the same, they were big news at the time. "

Liu Qiangyu joked: "What's the identity of a man, what's wrong with you?"

leaned back and pointed at her: "If you want a figure and a cheek, it's worse than Shen Xu. What are you afraid of?"

"Go, don't talk nonsense, I won't forgive you when people misunderstand me." Lin Wanyu clamored to cover her mouth.

"Okay, I won't say anymore, didn't Shen Xun also come?" Liu Qiangyu laughed and dodged.

After a meeting, she was half a joke, and half seriously asked: "Aren't you watching Gaobo?"

Lin Wanyu's expression became unnatural after being dismantled.

"Wow, I really got it right, didn't you look down on others at that time!" Liu Qiangyu asked in surprise.

"Shhh, keep your voice down." Lin Wanyu was a little panicked.

What should I do if people find out, besides, I didn't have any intention of falling in love at the time, and she was not the only one who refused.

The two were whispering, but Xiao Yuan suddenly stood up.

Seeing that she just walked straight to the small circle where Qin Yu was in, holding a drink to toast a few people.

'How dare she not be afraid of being gossiped? Everyone was amazed, and while admiring them, they had mixed feelings in their hearts.

Everyone is still young, and within a few years of graduation, the skin has not been beaten and has become thicker than steel.

I want to go up and have a relationship with Qin Yu, but I am afraid that other students will feel that they are flattering.

fall out!

No one thought that Xiao Yuan, a little girl would have such courage.

"Don't be disrespectful, everyone here is classmates, let's drink one together."

Qin Yu didn't accept the other party's toast, instead, he drank a glass.

"Then classmate Qin, I'm not welcome." Xiao Yuan said with a smile.

"Don't be polite, you didn't have any less hammering buns when you went to school." Qin Yu laughed.

He remembers that Xiao Yuan was at a table with Tang He, every time he sat against the wall.

As soon as Tang He was going in and out, she had to be caught and beaten.

It is annoying that he can go in and out hundreds of times during one get out of class.

Because of this, Qin Yu and Gao Bo made fun of Tang He.

"Stop talking, it hurts!" Tang He clutched his head with a wry smile and shook his head.

"Gobo, Gobo."

Xiao Yuan was about to speak when he suddenly heard someone shouting Gao Bo's name.

looked around, only to see Liu Qiangyu who was pulled up into the seat so hard to make her shut up.

Besides Lin Wanyu, who else is pulling her?

"Qiang Qiang, haha." Gao Bo took the wine glass and walked over, and the recollection of the small circle came to an end.

Xiao Yuan took the opportunity to sit beside Tang He, wanting to talk to Qin Yu.

Out of classmates' love, Brother Yu maintains plenty of patience.

After a while, the other party began to inquire about his privacy.

Do you have a girlfriend? U U Reading [www. uukanshu. com](http://www.uukanshu.com). What is the situation in the com family? What is the annual salary of the big boss? Is it too much money to spend?

is also a person who has been in the society for a few years.

Just when Brother Yu lost his patience, the phone rang.

"You guys talk first, I'll answer the phone." He got up and went to the corridor, and Brother Yu answered the phone with a sigh of relief.

"Dong Qin, didn't you bother you?" Gu Yi's gentle and elegant voice blew away the depression in his heart.

"Miss Guy's phone number, how can it be an interruption?" Qin Yu said with a face.

"Qin Dong is still so good at talking, I wonder if it is not convenient for you to meet."

"I will socialize out here...tomorrow?"

"Okay, you can arrange the time and let the secretary notify me, so that it will not delay Qin Dong's precious time."

After a few more words, Qin Yu, who hung up, leaned against the wall tiles in the corridor and beckoned to the passing 'Young Master'.

"Is there a cigarette, come one." Brother Yu said with a smile.

"Brother, we are not allowed to bring these to work, we sell them at the drink bar."

"thanks."

I went to the wine bar and bought Bao Huazi, and I just took a sip from Yu Lili.

"I remember when you went to school, you didn't smoke." A familiar voice came, making Yu Ge a little startled.

looked back, the figure and appearance were just like what he remembered.

"Why, don't you know me?" Shen Xuan put his arms around and stood quietly.

Chapter 1043: Past

Graduated from university and broke up the season.

High school is actually the same, but it's a bit more unforgettable than college.

Compared with the sensuality of college, young love is more beautiful, sincere, and pure.

is unforgettable!

He thought he had forgotten, but when he saw her again, he realized that he was only pressing his feelings to the bottom of his heart.

"You look the same as when you were in school." Qin Yu wiped out the cigarette butts in the trash can.

"You have changed a lot, how is it, big boss, is your life very moisturizing now?"

Shen Xun's brilliant smile is full of youthful breath, plaid shirt, jeans, white shoes.

Brother Yu is entangled in his heart, do you want to look at her data?

"The classmates are here, now that I'm here, I said hello." Brother Yu walked to the box as he said.

Shen Xun walked fast and followed behind, "Why, dare you not face me?"

"Open..." Brother Yu closed his voice.

kept himself calm, he almost broke the defense because of a word from the opponent.

"Everyone is a classmate, there is nothing you dare not face." Qin Yu responded casually.

"Really?" Shen Xu seemed a little lost.

Brother Yu wants to pretend not to care, but his heart doesn't let it.

"Brother Yu, why are you..." Tang He, who was sent to look for him, saw Shen Xu behind him.

"Shen Xun? Why are you here?" Tang He asked in surprise.

She didn't go abroad, why did she come back again?

"Tang He, long time no see." Shen Xu said with a smile.

Tang He glanced at Qin Yu, who was expressionless, and said with excitement: "It's been a long time since I saw it, everyone is inside."

Tang He opened the boxes and shouted loudly: "Everyone, our goddess Shen Xie is here, let's get a place quickly."

When Tang He shouted so, Shen Xu, who was standing in the air, could only go to the box first to meet his old classmates.

As soon as she left, Tang He closed the door immediately: "Brother Yu, don't you still remember it?"

"No." Qin Yu suddenly became reticent.

Looking at his performance, Tang He knew that he was insincere: "It's over, people are gone."

At this time, Qin Yu, who had completely calmed down, hammered her chest hard.

smiled and cursed: "You're gone, are you such a worthless person?"

"Hey, when it comes to feelings, any man with iron will have to cry." Tang He felt.

"Get out of here, it's just abrupt, and it didn't slow down for a while." Qin Yu scolded with a smile.

"That's good, but she is more beautiful than before." Tang He recalled.

At school, although Shen Xun was pretty, he brought braces and glasses.

didn't dress up very much, and his appearance was mostly sealed.

Nowadays, gentle and sensual, she looks like a sweet big sister coming out on TV.

"What nonsense, drink!" Qin Yu grabbed his shoulder and killed him back to the box.

"Brother Yu is here, come here, let's have another drink."

"Tap a song of my good brother, let you know what is the **** of song."

"good..."

"Shh!"

The party lasted until midnight, and the people who had a good time left one after another.

Qin Yu found Du Xu and sent himself and Zhang Le's money to the group: "Squad leader, you can collect it."

"Brother Yu, I'll transfer you." Zhang Le said as he took out his mobile phone.

"Just add a friend, and supper, please, this is not the end." Qin Yu said.

"Yes, your grandson has been running for ten years, and you will make up all the wine you owe tonight." Tang He hummed.

I am happy today. He hasn't controlled the amount and even blows more than a dozen bottles and drank a lot of foreign wine.

The tongue is a bit unwilling, and it's floating!

and Shen Xun who came in the middle of the journey, too, make up for his share.

Du Xu smiled and said, "I'm not welcome. I will send the bill to the group after I have settled the bill."

Since someone took the initiative to give it, he, the organizer appointed by everyone, has no reason to refuse.

It doesn't look good for anyone, and it's not necessary to make everyone feel unhappy for a few hundred dollars.

Du Xu also sent a notice in the group after he finished speaking, and the group became lively again in the middle of the night?

"What's the situation, Qin Yu and Shen Xun have both gone?"

"I'm lost, whoever has such a big face, invited the big boss Qin to him."

"Is it time for me to go now? Thighs, leave some hair on the legs before going."

Across the Internet, the thickness of the skin is infinitely strengthened, and it is not so much worry about whether it is true or false.

It is a pity that the parties involved are busy reminiscing about the past and have no time to deal with the ridicule in the group.

"Let's go, the small string is up." Tang He waved his hands baffledly.

A group of people walked out, and Shen Xun followed up and said, "Guys, do you mind if I go with you?"

He couldn't help but turn his eyes to Qin Yu. Seeing that he didn't say anything, Gao Bo could only answer: "Then go!"

So, four men and one woman moved to the roadside barbecue stall.

First, I ordered a barrel of draft beer. After the small skewers were more spicy, grilled fish, chicken wings, cold dishes, edamame and peanut platter for a table.

"Le, tell me?"

Although there was an uninvited Shen Xun, Gao Bo couldn't help being curious.

He now wants to know what happened that year that caused Zhang Le to suddenly lose the news.

Zhang Le looked at a few people, eyes drooping, and slightly nodded: "Get over there, Huahua World, not long after my mother ran away with a wild man, and took away all my dad's money.

No working capital, the company went bankrupt, my dad... he was angry when he saw me, the phone was smashed, and there was no money to buy a new one. "

In a few words, Qin Yu felt sour.

"Why don't you call, my fucking..." Tang He swayed, looking back and forth with a sullen expression.

I wanted to say something, but I felt that it was wrong again.

Not only feels sorry for Zhang Le, but also thinks that even if he knows it, it won't help.

This kind of helpless suffocation made his heart angry.

Finally, he slapped the table fiercely, giving his heart a channel to vent.

Gao Bo lowered his head, took a draught beer cup and poured it into his mouth.

'S already black face, like a haze on a cage.

The 800 ml cup dries all at once.

Qin Yu didn't say anything, just picked up the cup and handed it to Zhang Le's face.

raised his head, Zhang Le with a slightly ruddy eye grinned, toasted and drank.

After that happened, he became a thorn in his father's eyes.

I either drink heavily or beat and scold him every day.

Zhang Le silently took it, feeling that he was pitiful, and his heart was full of guilt.

The more I hate my mother, the more I want to make up for her!

Do two jobs a day, half-work and half-study, to survive that difficult time.

Ke Zhang Le can no longer live with him, and his business is picking up in the factory. After his father met his new girlfriend.

Zhang Le left the place where he was tortured without saying a word, and returned here!

"Brothers, please take care of me in the future, I will take root here." Zhang Le said and cried.

All his good memories stopped at the moment he left here.

Now, he is back.

was so sad in his heart, and no longer the original happiness.

"Le, come to live with me tomorrow, I will get you a game pod, we will fight the world in the game from now on."

Tang He now bought a new house and townhouse in Abandoned City. Only he and Xu Ya lived.

There are several rooms vacant at home, just pack up one room and let him live in.

"Forget it, you are in love, what's the matter if you add a light bulb." Zhang Lejue was not suitable.

What he fears most is to trouble others, even more so now.

"What light bulb, are you an outsider?"

. Tang He patted his thigh and said, "Don't you know Xu Ya?"

Zhang Le just laughed, but didn't answer.

Seeing Tang He's reluctance, making him unable to answer, Qin Yu interjected: "What are your plans?"

"I'm going to find a job to do first, with food and shelter, and stabilize." Zhang Le scratched his head.

He doesn't have much savings, he has to make money quickly.

"Don't say anything about entering the factory, any plans, I will lend you the money first." Qin Yu said.

Gao Bo also said: "Why don't you follow me to make an online ride, and if you go back and do it, you can draw your own order."

Zhang Le waved his hand and said gratefully: "Don't be busy, wait for me to settle down and talk about it, besides, my milk is still there!"

Only then did a few people remember that Grandma Zhang Le's house was just outside the East Ring Road.

Since they are dependent, the few people are not so urgent. With so many things happening, what he needs most now is to relax.

"Drink, no one is allowed to leave tonight." Qin Yu raised his glass and said loudly.

"Go!" several people echoed.

Just then, a slender hand appeared in front of his eyes: "Cheers."

blinked and looked at the quiet Shen Xun, Yu brother had forgotten that she was there.

"...You are free!" Qin Yu muttered.

"I'm not saying, no one is allowed to leave tonight?" Shen Xu chuckled, "How can I be casual?"

Looking at the other party's teasing smile, Brother Yu has a toothache.

Is this a shot at yourself in the foot?

"Stop talking, drink." Seeing Qin Yu speechless, Gao Bo raised his head and did.

哐哐...

The cup slammed, while picking up vegetables and delivering it to the mouth, recalling the past.

chatting, talking about the love affair in high school.

Brother Yu was speechless during the whole process, only eating vegetables and drinking, seeing that he said nothing, Shen Xun decided to take the initiative.

"Qin Yu, what do you think?"

looked up at her, this was forcing her to make a statement.

Ling Ling~

Just then, the phone rang suddenly.

Caller: Lazy Cat.

"Sorry, I want to answer an important call." At this moment, Brother Yu was relieved suddenly.

Although, he had already thought calmly just now, and clearly realized that there would be nothing between them.

Even Brother Yu looked at her more like a stranger.

Those so-called throbbing!

is just the shock and chaos caused by her sudden intrusion into her life~www.mtlnovel.com~.

and a beautiful recollection of the past...

What is unavailable is always in a commotion. Qin Yu is also an ordinary person, so naturally he can't avoid it!

It's just that these should be let go.

"Hey, lazy cat... I miss you too... Yes, I am having dinner with my friends."

"Well, you know how much I drink... Rest early... I love you."

was standing not far away from Shen Xu, and the voice just hit her ears.

When Qin Yu took his seat again and asked, "Where did I go?"

Shen Xun just smiled barely, holding the wine glass in both hands and fell into deep thought.

She is not a three-year-old child, and Qin Yu's behavior just now clearly meant to tell herself.

He was telling himself tactfully: I already have a girlfriend, you are out of play.

Otherwise, he could go farther!

Shen Xun's plan was disrupted by this sudden call.

Just like she came uninvited, stood in front of Qin Yu again, trying to break into his life.

Just, she seems to have failed! ! !

Chapter 1037: baptism

Why was there no support? Why was there no one to notify the team when Mark evacuated, and only sent someone to look for it after 20 hours of losing contact.

Looking for a corpse?

I found it and did a great job!

"Qin, it was my fault. I only paid attention to Mark's mission and forgot the team he led."

Fink appeared in the projection, confessing his mistake blankly.

But his plan to take all the responsibilities onto himself, I'm afraid he will fail.

"Responsible for the on-site command of this operation, Captain Mark was downgraded to one level and paid out his salary for the whole year as compensation.

The rear commander was downgraded to three levels, and the liaison officer and related personnel were deducted half a year's salary and down to two levels. "

At this moment, the commander who was staying in the meeting room with Fink, did not appear in the projection.

When he heard that the punishment for himself was to be downgraded to three levels, he almost collapsed and fainted.

three levels, which means that he has fallen from management to the level of ordinary staff.

Salary, treatment and permissions are greatly affected!

But he can only stand in place with his trembling body, expecting Fink to say something.

"I see." Fink's answer made him despair.

This mistake, he should have assumed the greatest responsibility.

As the commander-in-chief of the mission, every detail must be considered.

When Mark takes away [Assaulter] based on the situation, he should provide support for the RRT.

But he did not, because according to the feedback, Fairban is not dangerous.

Mark returned without notifying the RRT team.

Lost the signal and did not send a plane to check and restore contact.

Until 20 hours later, I still remembered this elite team under the reminder of the liaison officer.

A commander like this has been destroyed by a bullet when placed on the real battlefield.

MD, does he think he is having a party?

"Fink, RRT is the company's fist facing the outside world. Most of the time, it is used to solve problems with strength.

Don't treat it as dispensable, I am very optimistic about the development of RRT, and I hope you do the same. "

Fink knew that this was telling himself that he valued RRT and it was also a beating.

If he had just been rescued, Fink would yell "Watfak."

Now, "I understand, Qin, please rest assured that this kind of thing will never happen again."

Qin Yu nodded, and then issued a new order: "I want to see people when I live, and I want to see the dead when I die. If you turn Fairban upside down, you will have to find the others."

Also, no matter what kills them, anyone who dares to hurt RRT has to pay.

Fink agrees very much!

According to Qin Yu, RRT will be the front of the BlackRock Southern Consortium and Miracle Company in the future.

Now, the facade is rattling.

If they don't react a little, the outside world thinks that BlackRock is weak in swallowing the Southern Consortium.

As for those players, Fink will try his best to find them anyway.

Even if it's just a mutilated body.

protect short, but the characteristic style of Miracle Company.

"The follow-up progress of this matter will be handed over to Watson. Now let's talk about the source."

After dealing with the punishment and mistakes, Qin Yu wants to know the progress of Shi Cui and others.

The screen turns to the first angle of view.

This is an electronic record of a certain station [Assaulter]. What they see is a scene that has already happened.

straight along the mountain road, and soon came to a mountain.

Mark pointed to the front, indicating that this was the place where the moose was fighting.

Then, [Assaulter] spread out to find the target.

Soon, they were attacked by an aberrant body.

There are wildlife, humans, reptiles, and even marine life.

The impact here is far beyond everyone's expectation. Two big tongs with sarcoma are waving like a hammer.

The king crab the size of a calf is an eye-opener for everyone.

During the battle, two [Assaulters] were destroyed, including the sight they were watching.

The screen jumped instantly, and Qin Yu saw a deformed body inserting his hand into the back of [Assaulter], penetrating its power compartment.

These aberrations are stronger than those I have seen before.

is not one point, but a lot!

Those aberrations that transform under the energy storm, and the aberrations that are being observed in front of you.

The difference in strength is like a child and an elite warrior trained by the devil.

"Has this deformed body been caught?" Qin Yu asked.

"Caught it, on the way back to the base." Watson said.

The titanium rhodium alloy, which can resist any known weapon attack in theory, was penetrated by one hand.

This made Qin Yu full of curiosity about how it did it.

Regular attacks cannot be done by strength alone.

Therefore, this aberration must have its special place.

Plus the moose that scratched the surface of the titanium rhodium alloy, the power they used.

What is the difference between the radiant energy of the ordinary distortion body?

Qin Yu had a huge question in his heart, maybe finding the answer can help them better understand the subspace.

"Fast forward to the source of discovery." Qin Yu nodded and said.

The screen flickered rapidly until [Assaulter] climbed the mountain.

The mountain that blocked the view fell below the foot, and a disgusting and terrible scene appeared in the picture.

In the huge valley, the land is scorched and twisted.

I don't know if it is soil or flesh and blood thick glands.

is like the legendary earth dragon turning over and messing up the earth.

When Shi Cui and others appeared, Ben's still calm ground pulse moved frantically.

squirming quickly, spinning the shuttle up and down on the ground, like a mysterious machine running at full speed.

Zizi~

The screen flickered, [Assaulter] was affected by soaring radiation pollution.

At the same time, Mark's repressed panting came in the picture: "Leave here, it is trying to influence our thinking."

Ishichoi's voice appeared, "Stay back."

The screen flies, and when it slows down again, they have already retreated to their previous positions.

"To build a temporary camp, I need time to do research." Shi Cui said, spreading his palms.

In his palm, a black flake is breathing.

That was the sample deducted from the ground vein before he left.

The picture ends here, and Zhu Ying stepped forward and concluded: "Now, Dr. Shi Cui is still in the temporary camp, studying the nature and changes of the ground veins, and the rest are escorting the subject back on their way."

Valuable living aberrations, and those more common corpses, are all on the shipping list.

"...After returning, the subspace program will start as usual, and we need more information."

Passive beating is not Yu Ge's style. They need to take the initiative to win this war.

That's right, in his opinion this is the harbinger of a war.

Disorderly, chaotic radiation.

will only create destruction and killing, their meaning.

may be to purify the universe, who knows!

As a member who is unwilling to be purified, Brother Yu has no choice but to stand on the opposite side of the subspace.

Either win this war and find a way and strength to defeat radiation.

Either, be assimilated by radiation and become one of them.

became a chaotic and crazy beast, Yu brother didn't want to do that.

Before noon, He Wu and others returned to Miracle Town.

Before I had time to rest, I received a notice of departure.

Replaced the inner armor of the Qi body, a few people boarded the ship and went to the moon base with Qin Yu.

There they will complete the fission-class power armor dress, and then board the Medusa.

, together with the Star Moon and the Weeping Band, sail into the subspace to start a new journey!

When they arrived at the moon base, two neatly aligned rows of [Assaulters] were boarding the ship.

It's a pleasure to watch them walking in line, just like watching a military parade.

just lacked some cheers and music, and looked very quiet.

"I can only deliver it here." Next to the Medusa, which was so huge that the end was invisible.

Qin Yu pressed He Wu's shoulder and said, "Be careful, you must come back safely, and don't forget that someone is waiting for you at home."

"I will." He Wu nodded confidently.

During the conversation, McKison took Andrew and Anderson and walked from a distance: "My lord, good day."

Andrew and Anderson touched their hearts with their right hands, bowed and said respectfully, "My lord!"

...

The scene was a bit embarrassing. Brother Yu was still telling He Wu just now, "You must believe in science and know how to use the power of science and technology."

"Boss, I'll board the ship first." He Wu smiled and turned and walked towards the entrance.

McKison stared at his back indifferently, his eyes filled with dissatisfaction.

Damn mortals, they have no respect for our lord!

"Ahem." Interrupting McKison's conjecture, Qin Yu said: "Do you know what you are going to do?"

"Preach the doctrine and let all lives be surrendered to miracles." Andrew and Anderson said in unison.

After speaking, they didn't hear any response or compliment. The two raised their heads cautiously and saw Qin Yu's heart trembled.

Oh, I missed it.

This is McKeeson's indoctrination to them, so I shouldn't mention it here.

"Develop the company and believe in science." Anderson corrected it first.

Andrew nodded in cooperation with a sincere expression on his face.

Brother Yu only feels tired about this, it's too difficult for me.

"Your most important responsibility is to lead the fleet so that they can return safely and avoid a fatal crisis."

"If you encounter a big trouble that cannot be solved, open the star gate and return to the earth, understand?"

"Understood, my... boss." Andrew replied with nodding his head in the first place.

Archbishop MacKison said that whoever can get the praise of our lord can avoid the baptism of thunder and lightning. UU reading www.uukanshu.com

According to McKison, thunder and lightning are the purest and holy power in the world.

It can cleanse the filth in the mind and body, and make the faith firm and pious.

This is not just McKison's rhetoric, he really thinks so.

Because every time after baptism for two people.

He would walk into the lightning and thunder that he released with a face full of reverence, and accept the sublimation and baptism of himself.

At the same time, it is a kind of self-punishment!

Because McKison believes that there is still evil deep in his heart, and he is not religious enough.

only occasionally ran away, forgetting what happened to my master.

Therefore, when he baptized himself, the intensity of his power was even stronger.

Thunder and lightning at that level, Andrew and Anderson suspected that they could not even maintain their human form.

The moment entered, it would turn into two groups of twisted and convulsed nose mud.

But every time, Andrew and Anderson can see the enjoyment of his mouth rising.

This abnormality really makes them scared.

At the same time, the fear of Shi Cui reached its extreme.

You must know that this old man became what he is now after receiving his reformation and training.

As for the prolonged thunder and lightning baptism, the two of them are really going to be electric stupid.

As long as they can avoid being soaked in lightning and thunder again, let them recognize Qin Yu as a father.

My father, peace!

Chapter 1038: old friend

When the eight fanatics including Li Xiaoxiao appeared, all the personnel had arrived.

The reason they arrived at the latest was because they had to return to the hive before leaving.

Take out the gene slot in the body and leave the seeds!

"Good trip." Qin Yu sent her blessings.

"Mouse also asks you, help me watch him." Li Xiaoxiao said freely.

"If I can't come back, how about protecting him in his old age?"

"Old age?"

Qin Yu smiled and said, "It's too early to talk about this now."

"A breakthrough?" Li Xiaoxiao's eyes lit up.

If ordinary people can also break the life limit, the only problem between them will be solved.

How about giving it to Xia Ke for decades?

Wait for her to fight in a foreign land and return in glory, and then send the big country to Xu Hao's hands.

"Look, this is the star field I laid for you!"

啧啧, that scene, Li Xiaoxiao is a little hot.

"I'll know when you come back next time."

Seeing that she was distracted, Qin Yu patted her on the shoulder and said, "It's time to get on the boat."

"Go, let the mouse wait for me." Li Xiaoxiao waved his hand confidently and proudly.

The previous melancholy, as if drifting away in the wind.

A woman's heart is really hard to figure out!

Watching everyone board the ship, the deck gradually rose, and Qin Yu and others returned to the base.

The main engine ignited, and the huge hull leaped forward in the next second.

is just a blink of an eye, and it becomes a shining star embellishment in the distant deep sky.

Republic, Northwest Integrated Command Center.

"The Medusa has been detected and it is heading towards a predetermined orbit, meeting us."

"If the signal is lost, the radar signal cannot be tracked."

"The signal appears, and the other party has arrived at the designated location."

Hearing the report that took only a few seconds before and after, Bai Ze was full of emotion, 'How many surprises are you prepared for Qin Yu? '

When the Medusa converged with the Xingyue, Renhuang and Fuxi that set off ahead of schedule, they drove into the predetermined coordinates.

A huge light gate suddenly unfolded in front of the hull.

In the stargazing room, Andrew and Anderson were jumping and shaking like they were convulsed.

shook his head dancing and dancing until it became a blurry afterimage.

The beating afterimages of the two seem to be connected together, forming a trance arc wave.

Outside, the light gate is getting bigger and bigger.

Xingyue led the first to go to Guangmen, followed by Renhuang and Fuxi.

Wait until the light door can hold the volume of Medusa.

The hull of the ship passed through the light gate to the unknown without hesitation, and the light gate suddenly disappeared into the deep air.

The Asian Space Project has come to an end, but it does not mean that Brother Yu has stopped.

There are still many things that need to be solved by him!

The specimens and living aberrations in the hive, including the aberration of the mantis knife that pierced the [Assaulter] by hand.

At the moment of attack, its hands can turn into mantis-like sharp blades.

It is such a sharp blade, piercing the [Assaulter] made of titanium and rhodium alloy, and piercing him.

Another characteristic of is that there are no bones in its body.

Including cartilage and meridian!

It is a pile of meat, but it can form a fixed shape.

even includes the mantis knife that pierced [Assaulter].

This obviously arouses everyone's curiosity. The good news is that Shi Cui is still far north of the Bald Eagle.

So, no one would call them an idiot and let them get out of their projects.

Everyone has the opportunity to participate in this big project.

This is great news for the Ministry of Biochemistry!

At the same time, there is another good news. Ilibela found the remaining RRT members.

They didn't die, they were just blocked in the sewer tunnel by a group of distortions.

Moreover, there are more important discoveries!

"man-made?"

Qin Yu meditated: "Any other clues?"

"The sewage channel there is like a well-equipped evil laboratory, you will like it."

Ilibela snickered, she couldn't wait to start messing up.

Fort Decker, the bald eagle's most confidential biological and chemical weapons research laboratory.

It has existed for two centuries because it is located close to the White House and the Army Headquarters.

So, up to now, it is still in the hands of the White House.

Ilibela found in the sewer, it was the archive mark of Fort Decker.

Originally, these files should be destroyed.

All personnel were evacuated after entering the RRT, but things always have accidents at critical junctures.

Coleno discovers the hidden biochemical laboratory in advance.

broke into it and killed the staff who had not had time to destroy the documents and evacuated in the future.

But at a critical moment, the opponent blew up the backup exit.

So, Coleno could only hide in the laboratory with the surviving team members and wait for rescue.

Fortunately, the company did not disappoint them and found a hidden entrance to the laboratory.

Under the firepower of 20 [Assaulters], the aberration body ushered in annihilation.

Now, they can go home.

In the past few days, Brother Yu finally heard good news.

This made him suddenly have the nature of having a party. After a long time without going out to sea, his boat was about to rust.

"Brother, find a time to go to sea?" I first called Li Xiao, and the answer was "No."

The pseudo-ecological training center project and the development of the entire Lingang require his personal attention.

Li Xiao is now busy even having lunch in the car, let alone going out to sea.

Xu Hao even rebuffed: "Brother, I'm going to Hipi, will you do the work?"

"You have to promise, I will ask for annual leave today." Xu Hao remembered joining the company.

I haven't repaired the annual leave even once, or make up the accumulated leave this time.

Finish for half a year first, and then make up the rest another day?

"I just remembered something else, let's make an appointment next time."

As he didn't hear Xu Hao's follow-up question, Brother Yu hung up the phone.

What an interstellar joke!

Let him go to work to give Xu Hao a vacation, do you think I look like such a selfless person?

He would rather stay at home alone and check his phone.

Thinking of this brother Yu, press to turn on the screen again and open the WeChat account to have fun.

I didn't think about it, Lezi took the initiative to find him.

"Brother Yu, are you there?" Tang He.

"Yes, what do you want from Brother Baozi? {happy person}" Qin Yu.

"Go!" Tang He.

"Our class party, are you coming?" Tang He.

"I am in Hudu! Let's play!" Qin Yu.

Class party, Yu brother is a little moved.

In the high school era, school is the main theme of life, accounting for at least 90% of the time.

Even if it's on vacation, I still get together with my classmates.

It's definitely impossible to say that you don't miss that time!

But when I think of going there, it's all bragging, one by one, like a sky monkey.

Brother Yu's mind faded away, so I still want to forget about it.

"I really won't come, don't regret it, Zhang Le is back." Tang He.

Zhang Le?

"Are you sure Zhang Le is back, don't joke with me." Qin Yu.

Qin Yu, Tang He, Gao Bo, Zhang Le, they were the Four Swordsmen at first.

Later, Zhang Le's family moved to the south, and he also transferred to another school.

At first, I used to call, but suddenly I couldn't get in touch.

The phone number became empty, and I never met again.

"Really, he is sitting next to me now, what do you think?" Tang He.

"Wait, we will arrive in half an hour." Qin Yu.

Hot pot restaurant, Tang He put down his phone with a smile, and Gao Bo immediately asked next to him: "What did Brother Yu say?"

"Do you still need to ask?"

Tang He looked at Zhang Le on the opposite side, and said, "As soon as I heard you were there, Brother Yu immediately hit Fei Di and came back."

"Tsk, it's a true love duo." Gao Bo raised his eyebrows meaningfully.

Zhang Le, who has small curly hair, is thin in figure, smiles and looks like a 'good guy' sign, shook his head funny.

"It's been a long time, I don't know what to say."

Tang He disliked complaining: "Who is to blame? It's not that you moved to the south."

Zhang Le helplessly said: "What can I do?"

At that time, his family had to go to the South because of his father's business, and he was also helpless.

But he is a high school student, what can he do?

Just arrived in a brand new place, I don't know anything, and I don't have friends.

The classmates in the school all look at you with unfamiliar eyes, looking at you like a chicken.

That feels terrible, nothing worse than it.

Absolutely...

However, recalling that period of time, Zhang Le still smiled in his heart.

Because of their three buddies, they have been helping him through the difficulties.

until...

"It's almost time, let's go ahead too!" Gao Bo got up to check out.

"Oh, I almost forgot to send a location to Brother Yu." Tang He bowed his head and sent the location to Qin Yu.

Seeing the natural performance of the two, Zhang Le's embarrassment gradually disappeared.

Everything seems to be the same as before.

Quantity seller, Gao Bo pushed open the door of the A001 box, glanced at the two people outside the door, beckoned and shouted, "That's it."

"Oh, the doctor is here." The classmates who were chatting in the box also saw Tang He, Gao Bo, and Zhang Le rushing in?

"Is this, Zhang Le?" Someone recognized him, pointed at him in surprise and said, "When did you come back?"

"Today, just arrived." Zhang Le smiled slightly, his expression a little awkward.

He has a very good personality, warm and kind, just a little introverted.

is always inexplicably embarrassed, and then answers all questions with a silent smile!

"Hey, big guy, see who is here?" The other party hooked Zhang Le's shoulder and led him to everyone.

"Hello everyone, long time no see!" Zhang Le smiled and waved to greet everyone.

"Zhang Le? Haha, it's been a long time since UU reading www.uukanshu.com."

"Wow, you are here too, how many years have you not seen?"

"It's almost ten years, right?"

"More than ten years, I think it will be longer?"

There are also people who didn't know him later, and curiously asked Zhang Le's identity.

Because, he seems to be the kind of person with a good temper.

The key is that he is a little handsome, which obviously attracted the attention of some girls.

This made Zhang Le the focus of the conversation and made him very uncomfortable.

Bathroom, polite smiling face appeared again.

"Hey, hey, did we order drinks and snacks first?" Tang He clapped his hands and shouted.

"Yes, order something first." Gao Bo said with a big smile.

"Squad leader, I ordered something."

Tang He looked at Du Xu, this class gathering is AA fundraising, and the money is in his place!

After several years in society, Du Xu is obviously no longer the naive boy who only talks about ideals.

There is no need to be disappointed at this time, and he happily stood up and shook the phone, "If you want to drink, come with me!"

Chapter 1039: that year

One car, two cars, three cars...

The standard for today's party was 300 yuan per person. A total of 29 people came, for a total of 8,700 yuan.

So, it doesn't matter if you spend extravagantly!

They have only one purpose today, happy...

was pushing a small truck at checkout. Accompanied by 'Young Master', a group of older children drove forward on the cart.

"Hi, classmates, long time no see!" In front, Qin Yu who rushed over stood at the corner and waved with a smile.

"Qin Yu." Du Xu looked a little restrained when his feet landed in the air.

"It's Qin Yu, haha, you are here too."

"Hey, look at everyone, the big boss is here."

"Brother Yu!" Tang He also saw him, handed the trolley in his hand to his classmates, pushed him forward and walked into the house.

A group of people hustling and hustling, did not let Brother Yu speak, directly pushed him into the box.

If Tang He didn't take the lead, no one would dare to do that.

A lot of things are like this, once someone starts making a fuss, all the tension and baggage are thrown away.

"Hey, hey, everyone, be quiet, see who is coming?" The loud screams quieted the conversation in the box.

When it was clear that the visitor was Qin Yu, the atmosphere immediately ignited.

"Qin Yu, long time no see!"

"Big boss, why are you free to come here? Peng Xun is brilliant!"

"Hey, do you think Qin Yu is more handsome than when he was in school."

"Brother Yu, you have changed too much."

"You are not the same." Qin Yu looked at Du Xu and said, "Squad leader, why do you have a beer belly?"

Du Xu lowered his head and touched his stomach, then smiled: "Life!"

Yes.

No matter how lofty the ideal is, it cannot resist the reality of life.

had ideals, and finally became a chatting and laughing accompany at the wine table.

Only when I walked into the society did I realize that the world is big, and I am just a drop in the ocean.

Even the saint has to eat, let alone him!

"Zhang Le, Zhang Le." Gao Bo saw Zhang Le standing on the edge and pulled him over and said, "Why are you standing so far away?"

"Brother Yu, see if it's the same bamboo pole." Gao Bo laughed.

Qin Yu stepped forward, looking at Zhang Le's rusty expression, opened his arms and joked: "Tie Sun, long time no see."

"...Fuck!" Zhang Le cursed with a smile, and patted his back hard.

With this scene, when I sit down again.

Zhang Le clearly felt that the people around him showed more enthusiasm for him.

People, you can't escape reality anytime.

With a deep sigh, Zhang Le took the wine glass and drank it.

"Brother Yu, sing a song?"

Looking at Hang Yifan who came to the microphone, Qin Yu smiled lightly: "You guys have not seen you for a long time, I have to have a few drinks."

declined the classmate's invitation, Qin Yu called Zhang Le over, and the four formed a small circle.

"Don't say anything, do one first." Qin Yu raised his glass.

The three of them happily raised their heads to do it, their eyes crossed, and they couldn't help laughing.

At this moment, time seems to have not changed anything!

"A Le, where have you been in the past few years?" Tang He couldn't help but complain after putting down the cup.

Without saying a word, people disappeared for so many years.

He was so angry at the time, how could he be like this.

But now, it's mature.

Tang He could understand that if it weren't for something, it would definitely not disappear without a trace.

"It's hard to say a word, let's not say it, drink!" A bit of bitterness flashed under his eyes, and Zhang Le took the initiative to fill up several people.

"Come on, Dad respects you." Zhang Le put on a serious elder attitude.

The three of them looked at each other, and in the next second they came forward and pressed him on the table.

"Drink, if you don't give this grandson a drink today, don't even think about leaving."

"I think your kid is too courageous, dare to talk to your old father like this."

"Come on, there are enough drinks and water pipes today!"

"Wrong, brother, eldest brother, I was wrong."

Seeing a few people playing with no image, time seems to have returned to the high school era.

"The relationship between them is really good." In the corner, the quiet girl said softly.

"You don't know, they have known each other since elementary school, Zhang Le left in high school, and three of them are left.

But I haven't seen each other for so many years, I can still do this...I really envy it! "

"Zhang Le is going to post this time, look at Tang He and Gao Bo now, it is said that they are worth hundreds of millions."

"Really or fake, can't you tell?" Looking up, both of them are dressed in ordinary clothes.

The domestically produced machine on the table, the clothes look like some treasures, jeans, and sneakers.

Gao Bo's AJ, Tang He wore double 361...

This brand is not worn by my cousin from junior high school in my county seat.

Really worth more than 100 million yuan, this is too simple, right?

"Look at the watch." Lin Wanyu, who works at Yinying Department Store, clearly knows the goods. pointed to Tang He's exposed wrist, "Rolex Blackwater Ghost."

"Gao Bo brought a green water ghost, a hundred thousand watches, what do you think?"

"It's only a hundred thousand, and it's okay!" The girl was asked without feeling.

A watch with a value of hundreds of millions and a value of more than 100,000, feels so cheap.

After looking at each other seriously, Lin Wanyu curiously asked, "Xiao Yuan, which big company are you in now, and the income is okay?"

"No, it's part-time job, five or six thousand a month, it's not enough."

"Really?" Lin Wanyu curled his lips, holding back the groove in his heart and did not speak again.

Five or six thousand a month, I thought you were tens of thousands every minute!

Only a few hundred thousand watches?

You forgot to brush your teeth in the morning, what a big tone!

did not talk to each other again, Lin Wanyu's gaze kept focusing on Gao Bo.

I remember that in high school, he even chased himself.

At that time, he felt that he liked to cause trouble, and just wanted to hide away.

Why didn't he see that he is still a potential stock?

"Hey, what are you looking at?" Lin Wanyu was taken aback when he was violently knocked down.

Looking back, Lin Wanyu hugged each other happily: "Qiang Qiang, when did you come, why didn't I see you."

"I have been here for a long time, and I have been there." Liu Qiangyu asked with a smile: "You haven't said yet, who are you looking at?"

Seeing her slightly shy cheeks, Liu Qiangyu teased: "It's not Qin Yu, right? But, he is really handsome now."

"Where is it."

Lin Wanyu vomited: "I don't have such a big heart. What kind of status do people look at now?

Shen Yu was almost the same, they were big news at the time. "

Liu Qiangyu joked: "What's the identity of a man, what's wrong with you?"

leaned back and pointed at her: "If you want a figure, a face and a face, it's worse than Shen Xun, what are you afraid of?"

"Go, don't talk nonsense, I won't forgive you when people misunderstand me." Lin Wanyu clamored to cover her mouth.

"Okay, I won't say anymore, didn't Shen Xun also come?" Liu Qiangyu laughed and dodged.

After a meeting, she was half a joke, and half seriously asked: "Aren't you watching Gaobo?"

Lin Wanyu's expression became unnatural after being dismantled.

"Wow, I really got it right, didn't you look down on others at that time!" Liu Qiangyu asked in surprise.

"Shhh, keep your voice down." Lin Wanyu was a little panicked.

What should I do if people find out, besides, I didn't have any intention of falling in love at the time, and she was not the only one who refused.

The two were whispering, but Xiao Yuan suddenly stood up.

Seeing that she just walked straight to the small circle where Qin Yu was in, holding a drink to toast a few people.

'How dare she not be afraid of being gossiped? Everyone was amazed, and while admiring them, they had mixed feelings in their hearts.

Everyone is still young, and within a few years of graduation, the skin has not been beaten and has become thicker than steel.

I want to go up and have a relationship with Qin Yu, but I am afraid that other students will feel that they are flattering.

fall out!

No one thought that Xiao Yuan, a little girl would have such courage.

"Don't be disrespectful, everyone here is classmates, let's drink one together."

Qin Yu didn't accept the other party's toast, instead, he drank a glass.

"Then classmate Qin, I'm not welcome." Xiao Yuan said with a smile.

"Don't be polite, you didn't have any less hammering buns when you went to school." Qin Yu laughed.

He remembers that Xiao Yuan was at a table with Tang He, every time he sat against the wall.

As soon as Tang He was going in and out, she had to be caught and beaten.

It is annoying that he can go in and out hundreds of times during one class.

Because of this, Qin Yu and Gao Bo made fun of Tang He.

"Stop talking, it hurts!" Tang He clutched his head with a wry smile and shook his head.

"Gobo, Gobo."

Xiao Yuan was about to speak when he suddenly heard someone shouting Gao Bo's name.

looked around, only to see Liu Qiangyu who was pulled up into the seat so hard to make her shut up.

Besides Lin Wanyu, who else is pulling her?

"Qiang Qiang, haha." Gao Bo took the wine glass and walked over, and the recollection of the small circle came to an end.

Xiao Yuan took the opportunity to sit beside Tang He, wanting to talk to Qin Yu.

Out of classmates' love, Brother Yu maintains plenty of patience.

After a while, the other party began to inquire about his privacy.

Do you have a girlfriend? How is the situation at home at UU Reading www.uukanshu.com? What is the annual salary of the big boss? Is it too much money to spend?

is also a person who has been in the society for a few years.

Just when Brother Yu lost his patience, the phone rang.

"You guys talk first, I'll answer the phone." He got up and went to the corridor, and Brother Yu answered the phone with a sigh of relief.

"Dong Qin, didn't you bother you?" Gu Yi's gentle and elegant voice blew away the depression in his heart.

"Miss Guy's phone number, how can it be an interruption?" Qin Yu said with a face.

"Qin Dong is still so good at talking, I wonder if it is not convenient for you to meet."

"I will socialize out here...tomorrow?"

"Okay, you can arrange the time and let the secretary notify me, so that it will not delay Qin Dong's precious time."

After a few more words, Qin Yu, who hung up, leaned against the wall tiles in the corridor and beckoned to the passing 'Young Master'.

"Is there a cigarette, come one." Brother Yu said with a smile.

"Brother, we are not allowed to bring these to work, we sell them at the drink bar."

"thanks."

I went to the wine bar and bought Bao Huazi, and I just took a sip from Yu Lili.

"I remember when you went to school, you didn't smoke." A familiar voice came, making Yu Ge a little startled.

looked back, the figure and appearance were just like what he remembered.

"Why, don't you know me?" Shen Xuan put his arms around and stood quietly.
