Chapter 111: What and what?

Qin Yu waved his hand and said, "Don't make fun of me."

"Brother, just call me Xiaoyu, you are really welcome."

Uncle...

呸呸, my brother is always so polite, which makes people feel embarrassed.

After all, I am quite familiar with Li Wanxing, isn't it?

"Okay, let's talk about business." Li Xiao led the topic on the right track.

After recounting the previous conversation between him and Qin Yu.

Li Xiao looked at the two and asked, "What about your own opinions?"

"Of course I want to." Xu Hao said without thinking.

looked at Yang Chengjun, he looked hesitant.

"Soldier, if you have any concerns, just say that everyone is your own." Li Xiao asked.

"Yes, just tell me something." Qin Yu nodded.

"I don't have much money." Yang Chengjun responded.

There was a shy embarrassment on a serious face.

Qin Yu asked: "2 million?"

Yang Chengjun thought for a while, nodded and said: "Okay, I'll find someone to borrow something."

"Then two million per person, try the water first."

Qin Yu said with a final word.

"No problem." Xu Hao agreed very happily.

Li Xiao also nodded in agreement, "How much is the agency fee?"

"2.5%, profit and loss are at your own expense."

"According to the rules, 15% of the profit must be pumped."

"The first time I cooperated, I personally call the shots, this time I will avoid it."

Li Xiao asked: "This will not affect you?"

"No."

Qin Yu responded: "But only this time, rules are rules."

"Understand!"

Several people nodded and said: "You have given us a big advantage."

Considering that I want to truly integrate into the circle, I maintain this friendship.

Qin Yu decided to give them another reassurance pill.

"This transaction can only make more profit and less profit. It is estimated that the profit will be more than 50%, so don't worry."

Hearing what he said, none of the three took it too seriously.

The futures market is so messy, it will not be called 'crocodile pool'.

.....

Early in the morning, I woke up in a familiar room.

Qin Yu looked at the sleeping anchor next to him, full of exclamation.

Last night, he found the little anchor's **【Specialty】** .

Variety of people, passive evolution.

Development is a very interesting thing,

The adaptability of the little anchor is far beyond his imagination.

In the future...something will be exhausted!

walking towards the clubhouse with his swimming trunks, Qin Yu remembered what happened last night on the way.

He has agreed with the three to give them a reply within 5 days.

In addition, they need to get the money ready within 5 days.

Once I have an affirmative answer, the money must be transferred to the designated account as soon as possible.

Can't ask more, the cycle is fifteen days.

After is over, the money will be remitted to the previously remitted account together with the capital and profit.

Of course, it is the income after deducting agency fees and various handling fees.

In fact, at the night market stall last night.

Qin Yu could agree to let them join on the spot.

It's just that he doesn't think it should be done.

Know that humans are complex creatures, most of the time.

Things that are within reach will not be cherished and valued.

So, add some difficulty appropriately.

For Qin Yu and Li Xiao, both are good.

This will make the connection between them closer.

At the same time, it will also lay a solid foundation for future cooperation.

was thinking that someone had already arrived at the gym, opened the door and went in.

The familiar back figure came into view.

It's just that today's dress is different from the past.

sports tube top, tight yoga pants, outline the perfect body proportions and golden lines.

is more attractive than her previous one-piece bikini.

"Why are you here?"

Saman stands upright with one leg and kneels on the shelf with one leg.

stretched his left hand to prop up on the stand, and held a small dumbbell in his right.

Lift up, put down, lift up...

She is doing boating.

"Huh..."

Putting down the dumbbell in his hand, Charman sat on the shelf and asked, "Why can't I be here?"

As if it really didn't matter to him, Qin Yu walked towards the treadmill with his hands.

After warming up, start repetitive exercises every day.

Fitness is an addictive exercise.

He just insisted on it for less than a month, and he couldn't stop it.

Perhaps this is related to his surplus physical strength and energy.

After taking 5 pills of kidney power.

The physical fitness has been significantly improved, not only the external image.

is more from inner strength, speed, reaction and energy.

Opening his eyes every day, Qin Yu can intuitively feel it.

Today, he is stronger and more powerful than yesterday.

So far, Qin Yu has enjoyed this kind of experience.

"Mr. Qin."

After he finished a set of bench presses, Shaman took the initiative to come over, "Can you teach me?"

"There are tutorials everywhere on the Internet, very comprehensive." Qin Yu put the barbell back into the card slot and said.

"But online tutorials can't provide protection, I'm afraid I will suddenly lose power."

Shaman needs a qualified assistant coach, but there has been no suitable candidate.

She is very vigilant and it is difficult to be friends with strangers.

If it weren't for her leg cramps that day.

Qin Yu rescued her in time.

Now they will still maintain a non-interference situation.

"What are your body requirements?"

met her pleading gaze, Yu Ge reluctantly agreed.

This has nothing to do with her [data] and [features].

In other words, what are the snake waist and lightning hip?

What is side parking? ?

To him such a simple and promising young man, I can't imagine it at all.

Did not hear Sha Man's answer, Qin Yu asked again: "To put it bluntly, it's the part you want to practice."

"Waist, abdomen, thighs and back bridge." Shaman responded generously.

Download the professional APP, open the basic tutorial, 99 yuan.

"Purchase this tutorial, and then we will look at your body data."

"What do you mean?" Sharam asked curiously.

"Flexibility, strength, balance and coordination, etc."

After Shaman paid for the tutorial, Qin Yu said, "Follow me next."

Qin Yu performed very professionally, as if he was really knowledgeable about fitness.

In fact, he can be regarded as a senior hobbyist.

After all, there are six pack abs and perfect mermaid line to testify.

These can never be fake.

"How to do it?" Sharen asked, standing in front of him.

"The arms are spread out, yes... the legs are parallel to the shoulders."

Seeing her movements, Qin Yu nodded and said: "Yes, that's it, then squat down."

Shaman directly squatted down, "No, it's not like this, have you learned squat?"

Qin Yu instructed her, "The rear axle should be lifted up and then upwards."

"Yes, rely on the thighs and waist to exert strength, that's it."

"Stretch your hands forward, parallel to your shoulders... Yes, take your time."

Shaman learns very quickly, which shows that her motor nerves and coordination are very good.

"Follow my password next."

"Get up... squat... up... squat..."

Shaman followed his instructions, doing standard squats.

10.

She needs to adapt her body to the standard of movement first, and then gradually increase the volume.

"Now let's try the hip bridge and lie down."

Qin Yu squatted beside her, holding the phone horizontally, the screen facing down.

"Bend your legs, keep your feet on the ground, and keep your legs even with your shoulders."

"Hands and arms are close to the ground, like in the video."

Wait for her to be ready~www.mtlnovel.com~ Qin Yu said: "Strong, chest, abdomen, and rear axle should all be strong at the same time, so..."

"The elbows cannot leave the ground, the palms and arms are only for support."

"Lean strength, continue..."

Seeing that she could not comprehend the point of exerting strength, Qin Yuping stretched out his palm and dragged her back.

lifted up slightly and said, "Feel the power of my palm, and use this position to exert force."

"It doesn't matter if you can't do it now, but the way you use it must be correct."

"The rear axle is tightened, yes...to the top, that's right, that's it."

Under Qin Yu's careful guidance, Shaman quickly grasped the main points of exerting strength.

"Will you throw the big rope?" After a two-minute rest, Qin Yu took her to the next item.

"I watched the video, but I haven't tried it."

Shaman looked at her delicate fingers, not sure if she could do it.

The ten fingers do not touch the sun spring water, and the skin can be broken with a finger.

was really embarrassed by direct contact with the rope.

"Come here first, and bring a pair of all-inclusive sports gloves tomorrow."

Qin Yu grabbed the rope with his legs, squatted with his legs apart, and the back bridge was at a 45-degree plane with his back.

Then, both arms exerted force.

The thick twine shook on the ground.

The power of swinging the rope, the repeated fluctuations and the resilience of hitting the ground.

Clearly conveyed to both hands, causing the arms to react and gradually heat up.

200 in a round, 100 in each hand.

Qin Yu exhaled and threw away the rope, taking a deep breath to adjust the rhythm.

"Can I feel it?"

Seeing Hiroshi's biceps that seemed to be beating, glowing against the bead of sweat.

Shaman involuntarily reached out and put her hand on it, 'so hot, so strong...'

Chapter 112: Manager He knelt on the spot

In the swimming pool, Shaman floats lazily on the water.

Hearing the sound of splashing from the swimming lane next door, I felt at ease inexplicably.

The corners of his mouth are slightly tilted, and his eyes are closed.

Unknowingly, there is a sense of comfort that I want to just fall asleep.

"Hey." Sha Man was taken aback by the sudden voice.

The sense of balance was broken, and the body suddenly fell.

was hooked on the rear axle by a pair of powerful arms, and suddenly slammed into a strong chest.

‘Super resilience? The sense of touch makes Yu Ge's brain respond.

With his eyes facing each other, Qin Yu let go of his hands with some embarrassment: "Your heart is so big that you are sleeping in the swimming pool?"

"Who said I was asleep?" Shaman's cheek seemed to be painted with pink blush.

pretends to be cold and arrogant, and his eyes are shy and panic, which makes people laugh.

"I'm leaving, pay attention to your own safety."

Qin Yu said that he plunged back into the water, and he reached the shore with a few moves.

took the bath towel and put it on his shoulders, and walked straight out.

Looking at the back of him leaving, Sha Man was lost in memory.

The hot and safe feeling of fingers resting on the muscles disturbed her peace of mind.

My thoughts smashed into my heart like stones, splashing layers of ripples.

‘Does he have a girlfriend?’

Inexplicable thoughts jumped into her mind, and took root in her mind like a stubborn illness.

can't go away!

.....

Back home, Wang Hong was preparing breakfast in the kitchen.

rabbit ears headaddress, V-shaped one-piece tight-fitting split top, one-piece black silk, and an apron in front.

Today's theme is: Bunny Girl.

"Shao Qin." When Wang Hong heard the voice, he turned his head and smiled gracefully.

"Yeah." Qin Yu pretended that nothing happened, sitting at the dining table and picked up the phone to send a message.

He has made an appointment with the former landlord Hu of the Oriental Royal Garden.

See you at the gate of Binjiang No.1 at 10 o'clock this morning to see the two houses in his hands

"Shao Qin, breakfast." Wang Hong put the breakfast on the table.

Qin Yu looked up at her, and was about to say that she didn't need to be like this in the future.

I saw the green pattern on the apron became clearer...

"Let's eat together!"

Qin Yu changed his mind, he decided to respect Wang Hong's little hobby.

"No, Shao Qin, I'll wait for Miss Cheng to eat together."

Wang Hong lifted his apron and squatted down and said, "I'll squeeze your legs. It's been a hard day."

.....

Get into the car, Qin Yu pulls out the last kidney power.

casually thrown into his mouth.

quack, quack!

Chewing and swallowing, the feeling of fullness hits again.

set off.

When he came to the Oriental Royal Garden, Qin Yu leaned against the property office and stopped.

Security guard Zhang chased up and asked curiously: "Qin Shao, what's the matter with you?"

"Yes, how do we sell the underground parking spaces in our community?" Qin Yu asked rhetorically.

"Then you are going to the property to ask."

Lao Zhang looked around, and said quickly: "External 800,000, internal price 500,000, I heard!"

These are all he heard unconsciously.

I can't guarantee if it's true, and Qin Yu has to ask himself.

"Okay, thanks."

Picking up the Sanhua Zi in Chu Wu Ge, Qin Yusai gave him a bag and walked towards the property.

Old Zhang beamed Huazi into his pocket.

stood at the back of the big par with his hands on his back, looking around with pride.

"Hello..."

Hearing someone pushing the door, the person from the property office looked up and smiled.

In the next second, I couldn't laugh at the sight of the person.

"Are you there, Manager He?"

Qin Yu didn't care about the other party's reaction, so he pointed out that he was looking for He Tao.

"Yes, Manager He just came back yesterday."

The employees nodded repeatedly and pointed to the office area behind the corridor door.

"Thank you."

went straight to the door of the property office manager, Qin Yu knocked on the door.

"Come in." He Tao's angry voice came.

Qin Yu smiled, twisting the handle and pushing the door open.

"Manager He, long time no see."

噗通!

Hearing Qin Yu's voice, He Tao trembled all over, and his legs slid from the chair softly.

knelt under the table on the spot, slumped there with cold sweat on his forehead.

Qin Yu stepped forward to see He Tao who was kneeling neatly, and was surprised: "It's not New Year yet, how can you make such a big gift?"

"Manager He, don't you want to corrupt my red envelope, right?"

"No, no, dare not, I didn't..." He Tao denied incoherently.

讹?

Is it too small for me to live, or is my life too stable?

This surname is Qin, there is a ghost.

"Qin, Mr. Qin, Shao Qin... Grandpa Qin, what's your order?"

He Tao was crying and knelt on the ground across the table, and asked in a trembling tone.

It's not that he doesn't want to get up, but his legs are as soft as noodles.

It's not up to date!

"Mr. He, don't be so polite. I'm only 19 years old this year. I'm a bit old to be a grandfather."

jokingly, Qin Yu turned around: "I want to ask about the parking spaces in our community."

"Yes, as soon as the elevator shaft of Building 25 comes out, the two parking spaces directly opposite are our property."

"Originally it was reserved for my own people, but in the end a few more were left. How many do you think you want?"

He Tao finished speaking without panting, without trembling at all.

It seems that the other party is here for the parking space, not for trouble.

This is good, this is good.

"What about the price?" Qin Yu asked.

"It's cheap, it's definitely cheap. Who will replace these two parking spaces with at least 1 million."

"The transaction will not be less than 800,000, but Qin Shao, you ask, 500,000 one."

The price was the same as Lao Zhang said, but Qin Yu did not agree on the spot.

hesitantly murmured: "500,000! Don't two cost 1 million?"

Look at him rubbing his chin, looking upset.

He Tao panicked, "80, two are only 800,000, and there is a discount if you buy two at a time!"

"You didn't tell me just now, I thought you only need one."

Speaking of this, He Tao couldn't wait to cry over.

is close to the elevator shaft, two parking spaces from the entrance and exit.

only sold for 800,000?

This year's year-end award is definitely not to think about it, that's it.

He has to beg the other party to quickly agree, 800,000 is already considered as a face to himself.

'What kind of evil did I make? He Tao cried silently.

"Okay, then give Manager He a face, and I will take both."

Swiping the card to open the ticket, Qin Yu sat on the sofa.

watched He Tao personally go through the formalities for him after he was busy.

After all these were done, he said that the following formalities would also be handed over to him.

After the transfer of the ownership and the property certificate, he will personally send it to the door.

Satisfied with receiving the card and bill, Qin Yu then left the office.

Dingdong~

Jiang Xiaoshan opened the door and looked at Qin Yu and asked, "Come in and sit or leave now?"

Big black waves, hot red lips.

Black and white Korean woolen coat, with black silk lining inside, plus a black short skirt.

mid-tube black lacquered boots.

"How long are you cleaning up?" Qin Yu asked curiously.

"2 hours." Seeing what he meant by not coming in, Jiang Xiaoshan closed the door.

took his arm and said, "Isn't this going to give you Qin Shao's face?"

"Cough!"

Qin Yu cleared his throat and said, 'It's okay if you don't increase your face~www.mtnovel.com~ when you get to the new house, you have to try the bed first. '

When entering the elevator, Jiang Xiaoshan put down her hands holding his arm.

Keep a certain distance from him, just like ordinary friends.

This woman...

drove to Binjiang No.1, Landlord Hu was already standing at the gate and waiting.

"Shao Qin."

took the initiative to hold his hand, Landlord Hu looked at Jiang Xiaoshan beside him: "This is a girlfriend, it's really beautiful."

Jiang Xiaoshan at this time is wearing a black mask, but from the eyebrows and frontal bones.

and her figure can still be seen in the outfit, she is a beautiful woman.

"Thank you." Jiang Xiaoshan replied politely.

"Let's go to the house first." Qin Yu said.

"Yes, look at the room first." Landlord Hu led the two of them inside.

The overall environment of the community is better than that of the Oriental Garden. In fact, there is no environment in that community.

The open space surrounded by several buildings is the courtyard, with a fountain-like flowerbed in the middle.

put some rest stools, steps and rectangular green belts around.

is already a green environment.

is not so much a community environment as it is to deal with errands.

But the compact communities in the bustling areas are like this, no one can tell.

Binjiang No.1 has a different environment, whether it is greening, gardens, or squares.

is a rockery with a small bridge and flowing water, and there are everything you need for a relaxing pavilion.

The community strictly implements the plan for the diversion of people and vehicles.

From entering the gate of the community, to the front of the building.

Qin Yu didn't see any car along the way, parked on the road or corner of the community.

There are a few children running and playing in the square, and Yinling's laughter makes people feel comfortable.

Chapter 113: Earn 4 million in hand

"The management of this community is particularly strict. Greening and high-quality management services are the brand it has created."

"One elevator for one household, direct elevator access."

"24-hour hot water, these are already standard..."

The elevator stopped on the 16th floor. They had mastered the basic situation of the community.

The elevator door opened, and it was facing a space of about 2 square meters.

The security door is on the left.

Fingerprint unlock, the overall tone of the room is off-white.

is not so bright and dazzling, but it does not appear gloomy.

It feels just right.

The overall soft furnishings, furniture and lights are all in line with the tastes of young people.

"How big is this set?" Qin Yu thought it was good.

"113.5 square meters, now the average market price of this community is 100,000 per square meter."

"My room type is definitely the best in the community, whether it is lighting or the overall layout of the room."

"Look at this small balcony in the restaurant, as well as two small balconies in the second bedroom. They are all gifts."

"In addition, I have two parking spaces in this community, which are sold together with the room."

Hu, the landlord first explained the situation of the room in detail, but there is no exaggeration.

It should be a gift, that is, it should be a gift, and it should be spent by him, so I will not mention it less.

"The price you want?" After he finished speaking, Qin Yu asked.

"The same apartment was sold before at a price of 105,000."

Landlord Hu said in deep thought: "In this way, we are working together for the second time. I will give you an average price of 100,000."

"90,000, including parking space." Qin Yu calculated in his heart.

Plus yesterday's basic salary, Qin Yucari still has less than 9 million yuan.

90,000 per square meter, use 'Consumption Discount Card 2*,' to get a 30% discount.

Then it's just over 7 million.

This way he can have more than 1 million pocket money left, which is just right.

"Shao Qin, you are too good at doing business." Landlord Hu pointed at him, dumbfounding.

"Business is not about having business, and I don't think I see many customers like me who are willing to pay cash."

Hu's landlord's house has its advantages, and Qin Yu also has his own advantages.

is refreshing, pays in one go, never sloppy.

Customers like him are really rare, and both of them know it well.

Besides, although the management of this community is strict, the environment is not bad.

But judging from the geographical location and the surrounding facilities, it is more than one grade behind the Oriental Royal Garden.

Next door is the Shanghai Opera. This alone is not comparable to pure green management.

"Ninety thousand is really too little, let me give it a step, ninety thousand, try to be auspicious!"

Landlord Hu replied with a smile, as Qin Yu said, business is only when there is business.

If you can bargain, I can also bargain.

90,000 per square meter, this price is indeed a bit beyond his bottom line.

"Mr. Hu, our time is precious."

"I have taken a fancy to the house, but the price can only be up to 90,000 per square meter."

signaled Landlord Hu, don't worry, Qin Yu continued, "I also knew the environment here before I came here."

"To be honest, it's not the best choice for young people who like to lively."

"At the price I gave, you can find better ones in Xuhui. It's nothing more than spending more time."

Although he didn't want to admit it, he knew that Qin Yu was right.

The price he gave, and the easy payment method.

is enough to find a more suitable house in Xuhui, there is no doubt about that.

And he is in need of a large sum of money to solve the problem at hand.

"Ninety-two thousand, with two parking spaces, this house is yours."

Landlord Hu's expression looked like he had made a difficult decision.

Making money is definitely making money, but I want to make a lot of money by real estate speculation.

is not so easy.

Long cycle and high financial pressure, these are all risks that need to be taken.

Especially high-priced rooms.

Once it is urgently needed to sell, damage is inevitable.

The price of 90,000 is definitely a disadvantage compared to the market transaction price.

But considering my current situation, I can get a lump sum to solve the problem.

is already a good result for him.

What's more, he also wants to have a kind relationship with Qin Yu.

At such a young age, he has such abundant financial resources. Landlord Hu is impressed.

"Shanshan, what do you think?"

Talking about the price, the next thing is naturally to ask what the 'homeowner' means.

Although it has not been stated clearly, Qin Yu's intention is obvious.

This house was bought for her.

"I feel good."

Hearing the two negotiate the price, Jiang Xiaoshan has nothing to hide.

She likes this house very much.

is like tailor-made for yourself.

with warmth in the cold.

is not like exposed hotness, but introverted fanatic pursuit.

"Deal." Qin Yu stretched out his hand to landlord Hu and smiled.

"Deal." Landlord Hu breathed a sigh of relief as he held his hand.

The two parties directly traded on the spot, and the landlord Hu passed all the formalities to him.

The last is a notarized certificate.

The subsequent transfer and procedures of the house have nothing to do with him, and the house has all rights to Jiang Xiaoshan.

'Use consumer discount card 2*.'

'Are you sure to use the consumer discount card 2*.'

‘Confirm.’

The transaction amount is 10,442,000 yuan, and Qin Yu's real payment is 7,309,300 yuan.

A house of ten million will earn more than four million when you get it. Understand?

Even at the price of 90,000 per square meter, he made more than 3 million yuan.

No one will believe this kind of good thing!

"The money is received, Qin Shao is really young and promising, looking forward to the opportunity to cooperate again."

Landlord Hu shook his hand a little excitedly and said.

"Maybe there will be soon." Qin Yu smiled and sent Landlord Hu out of the room.

From now on, this house has nothing to do with him.

"Give me your ID card." Qin Yu said to Jiang Xiaoshan.

At this time, she is sitting on the sofa in a daze, she really can do it easily.

Have you bought a house and settled down in the big Hudu that everyone dreams of?

really belongs only to my own home.

The unreal feeling made Jiang Xiaoshan feel that she was still dreaming.

Is she still awake, but in a dream?

Snapped!

After a pain in the back bridge, Jiang Xiaoshan came to her senses and looked at Qin Yu and said, "What are you doing?"

"This is the right thing to ask you, why are you in a daze?"

Qin Yu said amusedly: "Give me my ID card, and it's time to get off work when the trading market meets."

"Oh!"

Jiang Xiaoshan cleverly pulled out the certificate from her bag, "Qin Yu, do you really want to buy it for me?"

Passed him the certificate, Jiang Xiaoshan thought she would be very happy.

But this is not the case. On the contrary, there is a kind of fidgeting hesitation.

Click, click.

Qin Yu sent the photo to Xu Hao and received an 'ok' expression.

"I have already bought it."

Returning her ID card, Qin Yu got up and said, "First go to the supermarket to buy something, and it should be done when it returns to the transfer."

drove to two places and finally bought everything.

Qin Yu's big pagoda first brought back the daily necessities and drinking water bought in the supermarket.

Follow-up bedding, various cushions, carpets, small ornaments.

Lazy sofas and swings on the balcony will be delivered to your door for installation.

did not choose online shopping, the picture shows this convenience.

For him, the price is not bad anyway.

"The house has been transferred to your name, and someone will send it back later."

Qin Yu put the phone in front of her, and the screenshot sent by Xu Hao made it clear.

The address of the house is here~www.mtnovel.com~ The name of the owner is Jiang Xiaoshan.

"It seems to be a dream!" Jiang Xiaoshan leaned against the sofa as if she had awakened from a dream and whispered.

Although she is a native of Hudu, the conditions at her family were not bad when she was a child.

But since that happened, the situation has changed dramatically.

All these years can only be said to have enough food and clothing, and my mother still lives in that old house.

It's her father's life with that woman, and it's getting more and more prosperous.

wants to settle down in Dahudu and own a house again.

In the eyes of former Jiang Xiaoshan.

If you don't speak to that woman, you want to buy such a house on your own.

Unless I can become the second one.

Otherwise, with my own efforts, I won't even think about it before the age of 40.

After three years of graduation, the normal deposit is six or seven digits.

is simply mentally retarded!

For a child in an ordinary family, it can be between 35 and 40 years old.

Be financially independent and have certain savings.

is more than 90% of people of the same age, this is true.

Take a one-billionth special case to summarize the entire group.

is the same as the average salary, it's pure hooligans.

In fact, she has indeed become a "she".

"What are you thinking about?"

Qin Yu found that she was very strange today, and was in a daze at every turn.

"Nothing." Jiang Xiaoshan woke up and shook her head, smiling: "What do you want to eat?"

"Don't do it, let's go out to eat." Qin Yu looked at the time, "Lazy Cat, it's time to end get out of class now."

After lunch, it happened to take the two of them to the 4S shop to pick up the car.

Dream girl pink Rolls-Royce Phantom, what will it look like when it is really opened?

Chapter 114: It's great to have money

Lunch was settled at the Maocai shop behind the school.

The boss wife was not there today, but Brother Yu was relieved.

"How is Mr. Shen's situation?"

After Qin Yu came back, there was no time to see her.

"It's much better, but it's a bit troublesome to go up and downstairs."

Lanyue said glumly: "I want to keep her at home, but she insists..."

Now, she finally knows who Xuan Xuan's character resembles.

"How about buying some food in the evening and inviting Teacher Shen and Xuan Xuan to the house?"

"Okay, I'll call." Lazy Cat picked up the phone happily.

"Teacher Shen..."

.....

Rolls-Royce 4S shop, the brand new Phantom parked in the parking space waiting to be delivered.

The wall at the rear of the car is covered with blue balloons, and the red carpet on the floor is sprinkled with fresh petals.

A red ribbon is hung on the front cover of the car, and a big red flower is tied in the middle.

At this time, two stylishly dressed girls are in front of the car and talking to the salesman.

"Sister, help, 500 yuan, just make a video."

"Yes, sister, just a few minutes, it won't delay you."

The two girls put their hands together and begged her for help.

The pink Rolls-Royce Phantom is super rare even in musical notes.

As long as you can make a video, it will definitely be popular when you post it.

Will they be on fire then?

is like the internet celebrity who edited the anchor's video and included it in his own work.

is the drizzle of notes that have not yet settled in, and it is a mess of fire on the notes with various editing.

Many of her current fans are chasing past notes.

"No, the owner is coming soon." Sales refused again.

If they arrive an hour or two early, they might agree.

Now, the area manager is in the store, and she has also received calls from customers.

The other party is already on the way and will be there soon.

If this is seen by a client or manager.

One complaint can make oneself work unsafe.

500 yuan and work which is more important, she can still distinguish this point.

Beep!

The whistle sounded, making the girl who was still struggling to look back.

The volcano-grey GTS parked at the door, and two women and one man got out of the car.

Men are handsome, women are beautiful.

Two little internet celebrities who are generating power for love hurriedly aimed the camera at the door.

I can see that the sales of the visitor are trotting to the door, "Mr. Qin, Ms. Lan, Ms. Jiang."

"The car is ready, and the store has prepared a handover ceremony for us."

"The key will be delivered to you personally by our regional manager."

A middle-aged white foreigner walked into the work area with a square face and a beard.

smiled cordially and spoke with a fluent accent, and took the initiative to grab his hand involuntarily.

"Mr. Qin, hello, I'm the regional manager of Daxia, Pete. It's an honor to meet you."

"Your official language is very good. Have you been in Xia for a long time?" Qin Yu asked with the other's hand.

"Yes, it's been 15 years, I love this country." Pete responded with emotion.

"Then we are friends." Qin Yu liked his answer.

is like a kind of acceptance, not to prove it from the side.

Xia Guo now has the strength and status that needs white people to please.

"I like to make friends, Xia Guo friends who own Rolls Royce."

How Pete is as a friend, I haven't tasted yet!

But he is definitely a qualified hitman.

"Shall we hold the ceremony first?" Pete invited him.

"She is the owner of the car... Lan Yue." Qin Yu pointed to Lazy Cat and introduced.

"Beautiful lady, nice to meet you."

Pete invited Lazy Cat to stand in front of the car with him, preparing to hold the new car delivery ceremony.

Internet celebrity lovers who have been entangled in the past, wanting 500 yuan to borrow the Pink Phantom to shoot videos.

was looking at Lan Yue with complicated jealous eyes.

One of them raised their mobile phone and wanted to take pictures of the delivery process.

Lanyue's looks and body are no worse than the little anchor.

Another girly Rolls-Royce Phantom is being delivered.

Seriously edited and posted on the Internet, the effect should not be worse than that of the anchor.

She has thought about the copywriting: Congratulations to my sisters for mentioning the new car, thousands of girly fans, do Jimei people think it looks good?

A big hand blocked the camera, "We don't need to shoot."

It was Qin Yu who stopped her.

The other person's act of not asking for self-examination is very uncomfortable.

The internet celebrity looked at him displeased, "Photographing is my freedom, who are you?"

"I am her boyfriend, and shooting is your freedom. Yes, it is our freedom to be photographed or not."

"Mr. Qin."

Sales noticed the conflict here, and beckoned to the security guard at the door.

"Two ladies, please leave." The salesman smiled formulaically.

"Why?" The internet celebrity stared at her in embarrassment.

"It is okay for the two ladies not to leave, but please respect the freedom of others."

"You know, the right to portrait is protected." Sales looked at the security guard who came over.

"It is forbidden to shoot here, Mr. Qin does not want to be harassed."

"Understood." The security guard understood in seconds!

stood beside them like an electric pile, staring straight ahead.

"Cut, don't you have two bad money, what's so great."

"Sorry."

Qin Yu smiled slightly, "It's really great to have money, but unfortunately you can't realize it."

"Why don't we play a game, which one of you slaps each other."

"I'll give her 10,000 yuan." The two little internet celebrities were stupid on the spot.

The **** the right slapped up and slapped towards the other side.

Snapped!

'S voice was crisp, and the girl who was beaten was even more embarrassed.

"Give me the money." The beating man placed his hand in front of Qin Yu, and his eyes frantically said.

"Scan the WeChat account!"

Qin Yu took out his mobile phone and looked at the girl who was beaten and said, "Tsk tsk, it's so cruel... it's swollen!"

"You **** dare to hit me? I did it with you."

Hearing the voice of a girlfriend, the hitter wanted to explain to her.

This is all for making money, one slap is ten thousand yuan, and you don't make money if you are stupid?

Before she had time to explain, the hair was scratched from the head.

her head leaned back uncontrollably, and she felt that her scalp was about to be scalped off.

"Ah~ let go, let go, you bitch, are you crazy?"

The hitter turned to face the rear, his heart raging.

stretched out his hands and scratched, grabbing the hair of his girlfriend.

"Ah~ you **** still dare to fight back? I kicked you to death."

"Ahhhhh, Li Hong, you bitch, you shameless slut."

Looking at the two people fighting on the ground, everyone present was dumbfounded.

This...exciting!

I started picking up clothes with a hit.

is already pretty cool, but it's fine now.

show up!

Is the way young girls fighting are so wild now?

"What are you looking at, please separate them?"

Pete, who didn't want to interfere, asked the security and staff to separate the two women.

During the period, a man sold his arm and his nail was cut.

After finally separating the two, the beater pulled up the skirt fiercely.

sorted out the floating underwear again~www.mtlnovel.com~ came to Qin Yu viciously, took out the phone, "give me the money."

Scan the QR code to pay.

looked at the other party with blood on his face, his hair messed up like a chicken coop, and a few strands of broken hair hanging on it.

Qin Yu asked amusingly: "Do you think it's great to have money now?"

Hearing the receipt tone, the other party ran away in embarrassment without looking back.

"Let go." Freed from the restraint of the security, the beaten chased out.

stood at the door, pointing to the distance and yelling: "Qi Dan, you wait for me..."

This is the end of a farce.

Lanyue and Pete stood for a group photo in front of the car, and received the key and certificate from him.

Qin Yu used the newly bought Canon to record this moment.

"Let me see, I want to see."

Lan Yue ran over and slipped the key into Jiang Xiaoshan's arms.

, holding the key in his hand, looked at the two of them side by side, and stared at the camera head-to-head.

Jiang Xiaoshan walked helplessly towards the pink phantom that no one cares about.

It seems that her lover's part-time driver is going to be on duty early.

.....

"Relax, don't worry, follow your own ideas."

Sitting in the co-pilot of the Phantom of Fen Lao, Qin Yu said softly and softly to Lan Yue.

At this moment, she was clasping the steering wheel with her hands, her head kept looking left and right, observing every corner.

The nervousness is clear at a glance.

This is her third time on the road officially. Before that, she was Kai Shanshan's polo.

Compared with it, Fan Lao Phantom is too big and difficult to control.

‘But it’s so beautiful!’

Even if he did not deliberately observe, Lan Yue could feel the envy of the people passing by the road.

Chapter 115: Circumvention plan is being generated

'Ding. '

‘Congratulations to the host for showing the charm of money to the world and triggering random rewards. ’

‘Shopping Critical Rebate Card 2*: When the shopping limit is over 50,000, get 1~10 times the cashback crit. ’

This system notification appeared after he paid 10,000 yuan to a small internet celebrity.

So, Qin Yu hit her face as a small net red.

not only did not lose money, but made a lot of money.

This is a miracle!

At this time, the system experience has exceeded 23 million.

With more than 1.3 million consumption, you can upgrade to LV5.

According to the previous increasing rule of level experience, it should require 125 million experience points to upgrade to LV6.

This is simply an astronomical number!

Fortunately, the system can be self-sufficient, and he has Old Qiao this way of making money again.

The inside information provided by the system, how much they can benefit, is still unknown.

The scale of the Flamingo is not very large, and the funds currently in charge are 1.2 billion U.S. dollars.

Self-holding capital is 80 million US dollars, plus the income earned by following the trend of "Qin Yu".

Calculated according to Qin Yu's 50% profit, then it is 600 million dollars in revenue.

Flamingo promised an annual rate of return of 10%.

is 112 million dollars.

Following the usual practice, the flamingo obtains such a generous return, it needs to give investors an extra return.

The amount is 1% of the personal rate of return.

That is to say, another 11.2 million dollars of expenses will be spent.

Qin Yu's personal dividend income is more than 280 million U.S. dollars, which is about 1.7 billion Xia Yuan.

Then, just a tax alone would have to pay more than 700 million Xia Yuan.

.....

To transfer this money to China, Qin Yu must set up a company as soon as possible.

Even so, it is calculated at 25% of the corporate income tax.

The amount of tax payable is also more than 400 million.

hiss~

Sorry, I was wrong.

I shouldn't breathe, wait for me to blow some cool breeze.

Qin Yu complained a little bit painfully in his heart.

Four small targets, slap...nothing.

Whether the money should be transferred back to China, Qin Yu really has to think about it.

Of course, he can also buy a car to offset part of the tax.

According to regulations, the price of the vehicle excluding tax shall not exceed 5 million yuan, and it must be for non-employee welfare purposes.

This limits Qin Yu's thinking.

How to buy a 400 million company car?

A construction cruiser per person?

After thinking about it, Qin Yu felt that it was more appropriate to put the money in Flamingo.

What to do, wait until the event is over, and then consider.

Now, Fan Lao is in front, and Big Par GTS is behind.

Two cars one behind the other, rushing to the vegetable market.

They are going to Mr. Shen's house for a meal, and she would like to personally thank everyone for their care during this time.

During the period of illness, several girls were always caring for her.

fish, shrimp, oysters.

buy some fresh fruits and vegetables.

The big pockets and the small pockets were packed in the trunk, and two cars drove into the Shanghai theater.

"Wow~ what kind of fairy looks is this, whose car?"

Fan Lao Phantom just stopped, it attracted countless students and passers-by to take pictures.

"What should I do?" The lazy cat sitting in the car was a little at a loss.

She doesn't want to be on the campus network and be talked about.

"Put on a mask, I will open the trunk and you will get out of the car. See you at Xuan Xuan's house."

opened the door and got off, Qin Yu walked around to the trunk to get things.

The eyes of passersby also shifted to him.

Young and handsome.

is stylishly dressed and looks clean.

The tight clothes when bending over, you can vaguely see strong muscles and perfect body lines.

The flower lovers have screamed in low voices.

At the same time, Lazy Cat opened the door and ran quietly into the alley ahead.

The big and small bags are in my hand.

Qin Yu locked the door and walked towards the teaching building.

The passerby remembered that the driver hadn't gotten off yet, but he could look into the car again to see where there were shadows.

Lazy Cat has already ran upstairs in one breath and knocked on the door of Teacher Shen's house.

"Yueyue, why are you running in such a hurry?"

Looking at Lan Yue who was panting at the door, Shen Bing looked out suspiciously.

"No, it's okay, Teacher Shen, I ran too fast."

Lanyue piled up a smile, and kindly took her arm: "What you do, I can smell the fragrance."

"You are a puppy! You can smell it all."

Wen Yaxuan, who was picking vegetables, joked: "Where are the others?"

"Shanshan and Qin Yu are behind." Lan Yue pointed out and ran to her to help.

"Is Qin Yu here too?" Shen Bing muttered in a daze.

"Well, he bought a lot of vegetables!" Lan Yue responded with a smile.

was saying that people had arrived, Qin Yu and Jiang Xiaoshan stood one after another at the door.

"Ms. Shen." Qin Yu smiled and nodded in greeting.

"Hello, classmate Qin." Shen Bing replied with a complex expression.

"Mr. Shen." Jiang Xiaoshan smiled elegantly.

took things into the kitchen and went back to the living room to help with preparations.

'Ding, the real desire in the host's heart is detected. '

'The evasion plan is being generated...'

'Target: Aturing. Known as the father of virtual exchange technology in the universe...'

'In the search target, the estimated time is 1460 hours. '

'Countdown to 1459:59...'

"come in!"

followed Shen Bing to the kitchen, Qin Yu put down the things, rolled up his sleeves and said,
"What can I do for you."

"It doesn't need you." Shen Bing responded coldly.

Looking at the unwashed dishes on the chopping board, Qin Yu took off his watch and set it aside.

took the initiative to pick up the basket and began to wash the vegetables by the sink.

Seeing that he has already started, Shen Bing did not refuse any more. He picked up the watch he had placed on the table and said, "I'll put it outside for you."

"Okay, you can put it anywhere." Qin Yu responded with a smile.

Back to the living room, Shen Bing saw that there was nothing on the speaker, so he prepared to put the watch on it.

"Ms. Shen, is that Qin Yu's watch?" Jiang Xiaoshan asked suddenly.

"Well, he wants to help, I will put the watch away for him."

"I'll help him put it away." Jiang Xiaoshan walked quickly, and the tension in her expression was clear at a glance.

"Is this watch expensive?" Shen Bing basically never cared about these luxury items.

I sometimes hear someone mention what brand, but there is no clear concept.

, let alone tell her to recognize what brand series or the like.

"Well, it's quite expensive." Jiang Xiaoshan nodded, not clearly saying that this watch is worth more than ten million.

"Let's see what watch it is?" Wen Yaxuan leaped on her mother's back and looked forward.

Shen Bing was slammed by her and almost threw the watch out, "Slow down."

Jiang Xiaoshan looked at her heart and raised her throat.

If you fly the watch out, millions will be gone.

"This..." Wen Yaxuan lowered her head and saw that her two big eyes opened wider.

"Shan Shan, this is the new watch king you said, right?"

"Hmm." Jiang Xiaoshan nodded helplessly.

"Wow... more than ten million!" Wen Yaxuan said in surprise.

"How much?" Shen Bing trembled, and quickly grabbed the Patek Philippe in his hand.

"Ten million...More than that, Shanshan knows, you can ask her."

Seeing her mother's strange expression, Wen Yaxuan stuck out her tongue and ran back laughing.

"Shanshan." Shen Bing looked at Jiang Xiaoshan seriously, as if to see through her mind.

The flashing light in the eyes made Jiang Xiaoshan sigh secretly.

‘What’s going on here?’

.....

In the kitchen, UU Reading www.uukanshu.com Qin Yu has washed all the dishes.

When Shen Bing came back, he said to her: "Mr. Shen, the dishes are all washed, what else can I do."

"I..." Shen Bing looked complicated and looked at him hesitantly.

Qin Yu set off a huge wave in his heart, and the surface was calm.

"I'll be fine, you go and rest!"

Shen Bing retracted his gaze and began to prepare dishes, but his heart was chaotic.

'I, can I really stop him? '

"I'm not tired, stay and help."

Qin Yu insisted on staying, but Shen Bing did not object.

He is not good at cooking, but it is still possible to beat him.

The space in the kitchen is inherently small, and it is inevitable that there will be scratches when walking back and forth.

The two are busy with their own affairs, with a clear division of labor.

When waited for the processed fish and shrimp to be sent to the kitchen, Wen Yaxuan rushed to help chop the vegetables.

said it was after practicing knives and culinary skills.

The kitchen has become more crowded...

huh...

The kitchen fire is strong, and the heat is rolling.

Qin Yu wiped the sweat from his forehead and saw Wen Yaxuan's cheeks glowing red.

stretched out her thumb to help her wipe off the sweat from the tip of her nose...

The fragrance of the girl came out, and the smell was very weak.

But it seems to be omnipresent like bone marrow, Wen Yaxuan's earlobes are even redder.

"It's ready to be served." Shen Bing put the vegetables on the plate and deliberately turned his back to the two of them.

How could they hide their little movements from themselves.

It's just that, now Shen Bing himself is confused and confused.

Where does the mind come from to control Wen Yaxuan's feelings.

Just let it all, let the flow take its course!

Chapter 116: Learning is so happy

Li Wanxing came here with a smell, and she arrived just after the food was put on the table.

But when she opened the door, she went straight to Lan Yue.

"Ahhhh~~ Say, is that pink Rolls-Royce Phantom yours?"

Li Wanxing stood behind Lan Yue, locked her throat to make her raise her hand to surrender.

"Yes....."

Lanyue reached out and pointed at Qin Yu: "He bought it."

did not need to ask questions, from surrendering to betraying Qin Yu in one go.

Li Wanxing let go of her weakly, "If you don't tell me, I know it's him."

"Little Sesame, you still let people live."

Li Wanxing is really going to throw up.

Just go on like this, there is a man around them that they can see.

This little scorpion, is he eating his own sister?

"I'll buy a car for my girlfriend, are you okay?" Qin Yu said innocently.

"Yes, it's okay."

Li Wanxing rolled her eyes, "Now all the girls in the school are discussing who is so romantic."

"The campus network has exploded, watch it for yourself!"

Li Wanxing was limp on the sofa, only feeling really tired.

If this goes on, she really doesn't know whether to wait any longer.

The confused lazy cat has taken the lead, so forget it.

Who let it be given by yourself?

But if Xuan Xuan and Shan Shan are overwhelmed again, wouldn't she be the eldest sister very faceless?

Wen Yaxuan is already using her mobile phone to log on to the campus network.

The phone is always stuck on the login page.

When she finally boarded, she immediately saw the pink phantom of the dream girl.

"Lazy cat, lazy cat, I will ride in your car from now on, it is too beautiful!"

Wen Yaxuan bounced and jumped and said, her girl's heart is about to be cute.

As for Shen Bing, who looked down at the phone, he was already stupid.

More than 8 million Rolls-Royce Phantom, more than 10 million luxury watches.

The impact of these luxury consumer goods is more shocking than the house.

.....

Rolls-Royce Phantom fantasy girl fan, which has brought heat for several days.

However, no one saw this car again.

Lanyue parked the car in the Oriental Imperial Garden and never wanted to drive into the school again.

The lessons from last time are enough, she doesn't want to be watched and discussed.

In the past few days, Qin Yu has been in three places.

often wake up from Seaview One in the morning.

You have to rush to the Oriental Royal Garden at noon, and then to Riverside One in the afternoon.

rushed back to Seaview One at night.

Sleeping at Seaview No. 1 or Binjiang No. 1 was originally no problem.

But Jiang Xiaoshan has to go back to the dormitory at night to avoid being caught by her roommates.

Qin Yu also agreed to Shaman's request.

is her assistant fitness coach and swimming coach every morning.

A man wants to do what he says, and he must have a beginning and an end.

Qin Yu is a promising young man with great promise, how could he break his promise?

On the side of the little anchor, Douya's year-end event is about to start.

Anyone who feels qualified to want a wave has already begun to warm up in advance.

The entire platform is full of discussions about divisional games.

Cheng Xiyu's live studio is naturally no exception.

As a new first-line anchor, she is not inferior in popularity.

But on the Big Brother list, there are no real eye-catching results.

Like La Lago and Kai Kai Ge give a reward, it has been identified that it is the union's support.

In addition, Largo also changed a new name.

Fengyu Loutai pillars, known as: Brother Zhuzi.

The name is simple, easy to remember, and catchy.

Although it was a bit repulsive at first, Largo has now fully adapted to it.

Wherever he appears, it has its own warm-up effect.

The unified barrage of "Brother Zhuzi" is even more full.

In the next divisional competitions, union resources will be effectively allocated.

Except Cheng Xiyu!

Before the establishment of the trade union, Qin Yu had made it clear.

This year-end game, the young anchor Cheng Xiyu will play by himself.

There is only one goal: year-end champion.

Other elder brothers are also waiting for his performance, if this wave is crotch.

Fengyulou also scattered.

But if Qin Yu is really like what he said, invest hundreds of millions of dollars to list the small anchors.

Even if it is not hundreds of millions, there are fifty to six million.

Fengyulou is definitely a wave of take-off and is well-known in the live broadcast industry.

Only then will the union really become famous, and there will be more operations inside.

You must know that in this age of entertainment to death.

Flow and reputation are not just intangible assets, but tangible cash.

The contract of the small anchor, they don't make much.

can let her bring other anchors with the union.

It doesn't need to be much. As long as one or two take off, the union will not worry about making money in the future.

The old brings the new, and the new replaces the old.

Live broadcast has always been like this, as long as the traffic can be stabilized.

Then it doesn't make any difference to the trade union who the anchor is.

"I will leave tomorrow and let Shanshan come to live with you."

Oriental Royal Garden, Qin Yu and Lazy Cat have just had lunch and lie on the sofa and watch TV together.

legs curled up, lying sideways in his arms.

The sleepy lazy cat hummed lazily, which was regarded as a response to him.

"You will be back in about a week, then you can stop trying to run away."

Qin Yu scratched the bridge of her nose, causing the lazy cat who had just opened his eyes to squeeze his eyes into a meniscus again.

She really likes Qin Yu's little moves.

I can get my point every time, which makes her feel extra comfortable.

"Hmm." He snorted again, and Lazy Cat buried his head on his chest. .

No matter what Qin Yu called, she didn't want to raise her head.

The ice muscle of the neck turned into a piece of peach blossom pink, which looks pink and delicious, making people want to take a bite.

There is still 10 minutes to gather at equal distances.

The two people set off from home, and Qin Yu sent her to school.

turned around and came to Binjiang No.1.

In the underground parking space, Jiang Xiaoshan's Polo stopped neatly.

Swipe the card and go upstairs.

Pushing open the door, Qin Yu found today's tutor in the living room.

Professional suit, black silk, black lacquered workplace high heels.

with long hair on the top of his head, and a pair of light glasses on the bridge of his nose.

Jiang Xiaoshan is holding a copy of English everyday language in her hand...

"Student Qin, you are late."

Teacher jiang put down the book, picked up the ruler and patted it gently on the palm.

"Mr. Jiang, it is clear that you arrived early."

Qin Yu smiled and sat beside her, "What are we learning today?"

"Today, we are going to learn the language used in the daily life of foreign couples."

"It is highly repetitive, but it expresses many different meanings."

"I want you to clearly explain the meaning of each meaning."

Jiang Xiaoshan pushed the frame on the bridge of her nose with a cold expression, "For example,
Yes~"

"It has multiple meanings, and different tones represent different meanings, understand?"

"Understood." Qin Yu responded.

"If you make a mistake, you will be punished." Jiang Xiaoshan said solemnly.

Qin Yu grabbed the ruler in her hand and patted it in her hand, "But what if the teacher is wrong?"

Jiang Xiaoshan's mouth rose slightly involuntarily.

"Of course...you can punish it!"

.....

Qin Yu devoted himself to it and enjoyed the joy of learning a foreign language.

Three consecutive class hours, all perfectly met the standard.

It's because Teacher Jiang was too hot and confused and typed the wrong question.

was punished by the ruler!

Look at her exhausted look~www.mtlnovel.com~ Qin Yu said with a laugh; "Why not rest here tonight?"

"No, Wanxing will definitely doubt it." Jiang Xiaoshan refused without hesitation.

Being a footer is a shameful and difficult thing.

First of all, Lan Yue is a serious girlfriend.

Qin Yu approved, well-known.

As a third party, it will be morally despised first.

And the third and fourth, you can put the moral pressure on the second person.

is the beginning of her, and it will develop into what she is now.

Although the probability of this happening is extremely small.

does not mean that it will never happen, so Jiang Xiaoshan should not be known by others.

I was already with Qin Yu.

Not bad!

She is a third party, which does not mean that she has to take the initiative to publicize and acknowledge.

Lan Yue should have seen something.

But she doesn't talk too much.

Li Wanxing had doubts, but only doubts, she did not have the delicate thoughts of Lan Yue.

Wen Yaxuan...

Victorious, stubborn, kind, and intelligent.

However, in terms of feelings, she is a silly girl, and she doesn't know how to express and cover up.

According to Jiang Xiaoshan's understanding of her, she is likely to take the initiative next.

When the time comes, I don't have to reveal the identity of the second person, and can avoid trouble to the greatest extent.

Moreover, Xuan Xuan is more likely to be sympathized and forgiving by Li Wanxing.

After all, her character is like that, not like herself.

In the eyes of other girls, she has always been the indifferent, arrogant and scheming bad woman.

She doesn't need to let this label leave a deeper mark on her body.

Chapter 117: Medicinal wine, knead...

The next day, Qin Yu woke up early.

There was another fierce battle when I came back last night, and the little anchor turned out to be extremely demon's skin.

Lightning change-up almost made the Paladin Ranger surrender.

Fortunately, Yu Ge's concentration is extraordinary.

Withstood the enchantment of the enchantress, killed her seven in and out in the canyon.

The little anchor had to beg for mercy again and again, only to get back a small life.

Otherwise, this battle must be red!

What makes Yu brother a headache is that the cook will be online soon.

Knowing that he should make other arrangements, two juicers in one house.

Who can stand this?

'Ding. '

'The host makes a reasonable and effective plan for time through his own efforts. '

'Random rewards are triggered. '

'Reward 1: Title [Time Management Apprentice]'

Qin Yu shook the elastic band, Ye Qing returned!

.....

Yacht Club, when Qin Yu arrived, Sha Man had just finished warming up.

"Today we will try a new movement, the slanting board style."

With both hands and feet on the ground, let the body form a gentle angle.

Keep your body and arms still.

Bounce your feet side by side and separate, effectively exercise the gluteus maximus and leg muscles.

hip bridge is also an essential item.

After nearly a week of practice, Shaman has mastered the essentials of movements.

But when doing these actions, occasionally there will be sudden loss of strength.

Qin Yu wants to protect her safety at this time.

Make sure that she will not hurt her waist, shoulders, elbows, joints, etc.

These important and fragile key parts.

"Be careful."

Supported her chest with her right hand and her thigh with her left hand, Qin Yu gently placed her on the ground.

"Huh, huh..." Shaman breathed and adjusted the rhythm.

She was too aggressive in the 'inclined board pose' just now.

Qin Yu suggested that she get 10 in groups and gradually increase.

But she wanted a group of 20, and by the time she reached 15, she was exhausted and collapsed.

"It's no longer possible." Shaman lay on the ground sideways, waved her hand weakly and said.

"Come here today, I'll wait for you in the pool."

Qin Yu pulled her up, but Shaman didn't mean to move.

"I want to take a break, I can't walk anymore."

With her hands on her knees, Shaman only felt that her body was weakened from the inside to the outside.

The amount of exercise today is a bit big, but this shouldn't happen.

Shaman guessed that this is related to her recent diet.

While enhancing exercise and consumption, her diet still maintains the same amount.

She lacks enough energy in her body to supplement her exercise expenditure.

"Have you eaten breakfast?"

Seeing that her condition is not so good, Qin Yu asked thoughtfully.

"Well, nutritious oatmeal and yogurt." Shaman replied, sitting on the ground again.

"How much?" Qin Yu asked.

"Probably..." Shaman circled the palm-sized circle with both hands.

"Let's go, take you to eat."

Needless to say, Qin Yu pulled her up and walked out.

"I'm so tired, I don't want to move." Sha Man said with a pained face.

"If you stop eating, you should go to the hospital."

Not wanting to hear her make any excuses, Qin Yu turned around and picked her up and walked out.

is a breakfast shop directly opposite the door.

sells very simple things, Xiao Long Bao, Chaos.

Both of them taste good.

A cage of shrimp dumplings, Shaman, who had previously said not to eat, chewed with relish.

From time to time, I drink two mouthfuls of Chaos Leather with a spoon, it's so fragrant!

"If you want to continue practicing, you must increase your energy intake."

Shaman nodded while eating, looking carelessly.

I knew at a glance that she didn't take her words to heart.

"Don't worry, even if you eat more, you won't get fat."

"Know that your current consumption is at two different levels than before.

"Enough enough energy to support the rear axle you want to exercise."

Eating more is equal to being able to exercise the body you want without getting fat.

Shaman heard this sentence.

"Do you have any fitness meals?" Shaman swallowed the last bit of Xiaolongbao, and asked curiously at him.

"No, I am born with a constitution that is not fat."

Qin Yu's answer won him a roll of eyes. Sha Man hates this kind of person most.

It's okay, I always like to show off that I can't eat fat.

I have to complain from time to time, "Why can't I get fat if I want to be fat?"

As a physique prone to weight loss, Shaman has formulated a strict plan to maintain her figure.

Every time I hear this, I want to put my boiled vegetables on the other person's forehead.

Tell him, how does it taste to try cabbage?

It's rare to be presumptuous once, and the food makes Sha Man feel happy.

When went out, like an innocent little girl, she walked forward in circles, jumping and jumping.

The extreme happiness creates sorrow.

When Shaman jumped off the curb, her heel was cushioned on it.

The toes couldn't touch the ground, and while the body was out of balance, there was a 'quack' from the bare toes.

"Woo..." Sharam sat on the ground, holding her bare feet with her hands.

He bit her lower lip in pain, her complexion turned purple, and a layer of fine sweat appeared on her forehead.

The whole body was trembling even more.

Qin Yu dragged her up, hugged her in his arms and asked: "How about? Do you want to go to the hospital?"

Shaman was speechless in pain, but still shook her head.

Big and bright eyes are filled with tears, and the bank will burst in the next second.

"Habitual dislocation, old problems, hoarse~"

Qin Yu squatted down on one knee and let her sit on her lap.

supported her back with one hand, and pulled the trouser legs up with the other, the red and swollen ankles came into view.

was originally only peach-core big bare feet, but now it looks like a fist.

"What do you usually do?"

"I have medicinal liquor at home, so I can rest for a while after applying it."

Hearing what she said, Qin Yu picked her up again and said: "Go, take you home."

.....

Shaman lives in the building close to the innermost edge of the community.

and the building where Qin Yu lived was just separated by a building.

Because of the angle, the two buildings can't see each other.

The elevator goes straight to the 11th floor, and the door just opened.

saw a simple and warm family welcome living room.

"Let me down!" Shaman seemed to be better, her tone no longer seemed painful.

The shoe cabinet on the left only has ladies' shoes, and the slippers on the feet are full of ladies' style.

Observing this, Qin Yu hugged her and walked into the living room.

put her on the sofa, Qin Yu did not see anyone else in the room.

She lives alone here.

"Where is the medicinal liquor?"

"On the shelf over there, there are clear glass bottles with labels on them."

Looking in the direction of Shaman's fingers, Qin Yu easily found the medicinal liquor she was talking about~www.mtnovel.com~ It was packed in a transparent glass bottle of about 300cm, and the color was as transparent as amber.

The number is a bit too much, there are twelve or three bottles in the cabinet.

There are four empty bottles in it.

It seems that dislocation is commonplace for her.

took a bottle in hand, and Qin Yuzhe returned to the living room.

sat at her feet and opened the bottle cap.

The pungent medicinal smell was a bit offensive, and Qin Yu slapped it with his hand.

Shaman said embarrassedly: "I can come by myself."

"Don't move, lie down."

The palm of the bottle was pressed against the mouth of the bottle, and the bottle was suddenly turned upside down and back to the front.

Qin Yu put down the bottle, his palm was covered with medicated wine.

The palms of both hands are pressed tightly and rubbed quickly.

When the palm starts to heat up, the effect of the medicine starts to work.

He only squeezed the other's sole with one hand, and covered her red and swollen ankle with the other.

Follow the clockwise direction, rub and rub...

Shaman's performance was fairly normal at first, and the pain made her unable to worry about anything else.

But very quickly, the scorching sensation began to gradually eliminate the pain.

The blazing heat burned her heart, and there were tears in her eyes.

seems to be being warmed by the fire, turning into a warm spring water.

The air in my breath seems to contain an intoxicating atmosphere.

Reason is flanked back and forth by sensual desire, making her unable to parry.

When Qin Yu's fingers undoubtedly rubbed the delicate soles of the feet, the desire in his heart gushed out like a volcano.

Nothing can suppress its eruption anymore.

"Let's get closer." Bandrew's gunner was on the line.

Summoning of the Holy Light, uploaded by the Paladin Ranger.

Chapter 118: 1 day trip to the living room and bedroom?

Holy light, purify everything!

How can the delicate body of the little cannon girl withstand the bombardment of the sacred gun giant cannon.

Anything blocking him will be shot through by the Holy Spear...

When the gunner raised the flag and surrendered, the Paladin Ranger cruelly opened the 'cold pursuit.'

rush~

.....

"If I have something tonight, I won't go back."

"I have packed my luggage, do you want me to take you to the airport?"

"Wang Hong will send me off, you sleep with you."

"Okay, I will pick you up when I come back."

"OK, good night."

Ending the conversation with the little anchor, Qin Yu looked at the woman pretending to be sleeping next to him.

"When are you going to pretend?"

'S ridiculous tone made Shaman angrily open her eyes.

suddenly opened his mouth and bit his shoulder, humming: "I know you are uneasy and kind."

Shaman said angrily after leaving a tooth mark on his shoulder.

"There is something we have to figure out."

Qin Yu looked at her deeply, "You took the initiative to rush over."

"Also say, still say, I will let you say it again."

Shaman rode on him, slapped and beaten reluctantly.

Until the body accidentally slipped backwards, the quarrel came to an end!

.....

In the early morning, the biological clock tells the time on time.

looked at Sha Man, who was curled up in his arms, with his mouth turned upside down, with a sweet smile on his face.

Qin Yu kissed her on the cheek.

Last night, Shaman insisted on performing an electric hip dance for him.

Accompanied by trembling electronic sounds, I shook for more than 40 minutes, which was really hard.

stood up and got up, and washed briefly.

Qin Yu left a note and left the room.

Go back to the next-door top-floor mansion next door.

The packed LV suitcase was placed at the door, which contained a change of clothes and his camera.

Of course, the memory card is brand new.

The memory card marked with the little anchor was locked into the safe in the bedroom by her hand.

"Shao Qin, breakfast is ready."

Wang Hong deliberately woke up early and prepared breakfast before he returned.

Qin Yu scheduled a 9 am flight, because of the morning rush hour, the time will be a little bit late.

Today, Wang Hong didn't pinch his legs anymore.

just watched him quietly after eating breakfast, and then went to the basement with him.

Looking at the two supercars parked in the garage, Qin Yu asked, "Is it convenient for you to go out?"

"I don't go out very much, and the grocery shopping place is also very close." Wang Hong responded.

"Looking back to choose a family car, Cayenne will be fine." Qin Yu said casually.

drove him to the airport and watched him walk into the terminal.

It should be sad to say goodbye...

But Wang Hong feels very good, because this is not what she should have.

There is also the mobile phone that she updated specially before and handed it back to Qin Yu.

The life art photos stored in are believed to be enough for him to pass the boring time on the road.

Sitting in the VIP waiting room, Qin Yu casually flipped through the phone album.

Wang Hong's hobby is really weird.

Weird costumes, all kinds of looks.

There are many postures that he has never seen before.

What does this woman do in her room all day long?

Ding Ding~

The sound interrupted Qin Yu's thoughts.

took out his mobile phone, there were more than a dozen WeChat messages on it.

'Shao Qin, are you busy?' Xiao Xinxin.

'Qin Shao, when will I go to play again, remember to call me {Pen Refill}.' Xiao Xinxin.

'Qin Shao, why are you ignoring me?' Xiao Xinxin.

'Don't you forget me?' Xiao Xinxin.

These are all sent by Xinyan, since the bar that day farewell.

can receive 20 or 30 letters from her every day.

Qin Yu occasionally returns one, but ignores the others.

Xinyan was not discouraged, and continued to send greetings every day.

occasionally acts like a baby and loses his temper.

Most of them are taking advantage of Jiu Jin, at this time Brother Yu will not pay attention to her.

Slowly Xinyan also understood, only to please her to get a response.

This kind of humble thing, licking and licking is used to it.

'Qin Shao, didn't you say you want to come to me? {Poor}' Xuan'er.

'Tonight, my little sister is hosting a birthday party at the Carlton Hotel, are you coming?' Xuaner.

'My new evening dress, does it look good? {Picture}' Xuan Er.

'{Picture}X5.' Xuaner.

'Qin Shao, why are you ignoring others? {Wronged}' Xuan'er.

Jin Xuan's rank is obviously higher than Xin Yan.

Start with the visual effects, the smooth and flawless back is more real than the empty text.

'Thank you for the invitation, people are in the abandoned city, please make an appointment another day!' Qin Yu.

Just clicked the send button, and there was an echo immediately.

'{Happy}' Xuaner.

'I've always wanted to travel to the abandoned city, can I find you? {Expectation}' Xuan'er.

'Just take me around if you have time, it won't bother you.' Xuaner.

'Hotel? Day trip to the living room and bedroom?' Qin Yu.

'Qin Shao, you are so bad! They will wait for you in the hotel.' Xuaner.

'{Picture}X3.' Xuaner.

clicked and opened three photos, all of which were photos of her private room in the bathroom.

'I'll talk about it when it comes.' Qin Yu.

Turn off the phone, and the ground crew informs that it is time to board the plane.

sat in his seat and asked the stewardess for a blindfold, and Qin Yu fell asleep at the end.

What goddess, black silk, stewardess.

Brother Yu has no hope at all, it is better to recharge your energy.

.....

Walking out of the abandoned airport, Qin Yu stopped a taxi.

"Master (si) Fu (fu), come here." Show the navigator position on the phone.

Qin Yu turned on the navigation prompt, closed his eyes and leaned on the back seat to take a nap.

I heard that he had a local accent, and he kept driving the navigation prompt.

The detour that happened to the little anchor did not appear, and Qin Yu arrived at the destination smoothly.

Mercedes-Benz 4S shop.

"Shao Qin, your car is ready."

The brand-new G63 is parked in the delivery parking space, which is also tied with a red ribbon and big red flowers.

The car body is cleaned and the film is already attached.

The darkness is moderate, and the people inside can be seen, and it is a little vaguely hazy.

Open the front cover and trunk, after a simple inspection.

Ignition check the instrument panel, the fuel tank is full.

The included oil card is inserted into the sun visor.

"Okay, I drove away."

Qin Yu rejected the delivery ceremony prepared by the 4S shop and went straight to the car and left.

"Okay, there is my business card in the glove box. You can just make a phone call after the maintenance."

The salesman smiled and watched him leave, saying in his heart that he did not envy that it was fake.

is also a young man.

Millions of G63 were bought by the other party.

is more refreshing than buying food by yourself.

Looking at myself again, I can only stand by and serve the other person with a smile.

This strong sense of drop is too real.

.....

The little sorrow of sales psychology, Qin Yu is not clear about it.

At this time, he was driving towards home in a brand new G63.

"Hey, mom, are you and my dad at home?" Qin Yu dialed her mother's phone.

"Where can we be when we are not at home on weekends?" Liang Chuyu asked, "How are you at school?"

"I'm back, I'll be home later, you let my dad go downstairs."

"Why are you back?...Old Qin, your son asked you to wait downstairs."

"What are you doing?" Qin Han's deep and majestic voice came into the microphone.

"What are you doing?" Liang Chuyu preached.

Silently raised his head, Qin Yu said, "I brought something back, so I can't take it by myself."

Hearing that his son came back with something, Liang Chuyu's tone immediately changed: "Go, wait downstairs."

"Isn't it here yet?" Qin Han retorted.

"If you let you go, go to ~www.mtlnovel.com~What the hell? My son remembers to bring you something..."

Qin Yu quickly found an excuse to hang up when he heard the mother's reply.

Otherwise, you will have to aim at yourself after a while.

'Dad, you've worked hard! Qin Yu mourned for his father for one second in his heart.

.....

Standing by the lane of the community, Qin Han looked back and forth.

As soon as a taxi came, he squinted his eyes to make sure that his son was sitting inside.

Smelly boy, you know to direct yourself before you get home.

even let him be scolded by his wife.

'Waiting for the meeting, let's see how I clean him up. '

Qin Han decided to ask him carefully how he ran back when he was going to school.

I called him twice before, but it took a long time to come back.

What the **** does this kid do at school all day?

I was trying to force a confession by words and deeds, so that my wife would be the same enemy and stand on the united front to educate his son.

Qin Han saw a G63 full of wild beauty appearing at the end of the lane.

'This is the car a man should drive. '

Qin Han looked at the car carefully, his heartbeat speeding up involuntarily.

Any man who loves a car can hardly resist its charm.

black matte car paint, low-key, restrained, and calm.

The blackened front bumper is full of domineering.

is also blackened headlights, adding a wild aggression to the vehicle.

makes it dangerously mysterious.

Curiosity drove him to look at the cab, but he was dumbfounded when he looked up.

'I am not wrong, right? Sitting in the cab is clearly his son, Qin Yu.

parked the car beside him, Qin Yu lowered the window and said, "Dad, how about this car?"

Chapter 119: About Newcoin

"Where did you get it?" Qin Han asked with a straight face and expressionlessly.

"I bought it, do you want to drive twice?"

Qin Yu jumped out of the car and came to his father's side, shook the car key in his hand and asked.

Qin Han did not rush to test the car, "Tell me, how did you buy it?"

"Do you remember, I went to Barrow during my sophomore year in high school."

Qin Yu's surface is calm, but in fact he is beating the drums in his heart.

lied in front of Qin Han, reminding him of the fearful age dominated by seven wolves.

"Yeah." Qin Han nodded with enlightenment.

Qin Yu breathed a sigh of relief, but fortunately the system was powerful enough.

Although I don't know what the explanation Qin Han heard is, he just needs to approve it.

"That time, I saved a Teddy Bear. I was very rich in Barrow."

"In order to thank me, I just asked me to do business with him, do you know Newcoin?"

"I know, the current market value is 25,600 US dollars/piece." Qin Han replied decisively.

In other words, it is also the financial system. Virtual currency has been on fire abroad in recent years.

Qin and Han who should know still know.

"We bought a lot of cooperation, not just made tens of millions."

Qin Yu said relaxedly.

"How many tens of millions?" Qin Han felt a bit ridiculous, so why did he suddenly buy New Zealand dollars.

also made tens of millions. How simple were you at that time?

"How many times has the New Zealand currency soared this year, don't you believe me?"

Qin Yu grinned stupidly, vividly showing the surprise and unreality of the pie in the sky.

"We still buy less, if we sell a few more."

raised his hand and waved forward: "Your son, I at least have assets of more than 100 million yuan, and the feeling of making a dollar is really cool."

Snapped!

Slapped on the back of the head, Qin Yu turned around and continued to smirk.

But he knew in his heart that Dad Qin Han already believed his words.

New Zealand currency, anyone who knows knows how crazy the past two years have been.

From the beginning, no one cares about it, and now it has broken the 100,000 Xia coin mark.

Crazy is not enough to describe!

also made countless experts and professors fall into the eye.

At the same time, its skyrocketing has attracted many large financial institutions into the market.

The price has also soared steadily as a result, as if there is no end in sight.

The entire market is blinded and crazy, relatively global.

The scarce quantity guarantees its value.

It's just that no one knows that this crazy financial feast has been buried.

As the world's largest New Zealand currency trading platform Bitfinex, it has announced that tens of thousands of New Zealand currencies have been stolen.

These new coins belong to its founder, and the news is announced.

The market value of New Zealand currency immediately skyrocketed!

The same routine repeats every once in a while, and from time to time, hundreds or thousands of New Zealand coins are stolen.

Therefore, the number of New Zealand coins has remained scarce.

The obvious hunger marketing is a false situation formed by the joint efforts of the founder and the capital.

Why is Qin Yu so sure?

'Inside information,' from the system is the best answer.

'On September 18, 2021, someone claimed to have found 'stolen' New Zealand coins...'

'On September 20th, international buyers, led by corrupt countries, began a small-scale sell-off of their New Zealand dollars...'

'September 21, the continued high price of New Zealand currency weakened...'

'On September 23, more than 50,000 New Zealand coins flowed into the market, and the market value fell below the 20,000 U.S. dollar mark. '

'September 25th, the conspiracy of the dealer and the founder to create a scarcity of money was revealed...'

'September 26, the founders had a strong disagreement and appealed to court each other. '

'On September 27, the Ministry of Foreign Affairs of the corrupt country issued an official announcement that it will shut down all digital currency trading channels in the country...'

'On September 28, the market value of New Zealand currency was cut in half, and Bitfinex was investigated by an international organization and ordered to be shut down. '

There is only one sentence at the end of the news: The global digital currency has ushered in a cold winter.

The night before leaving Barrow.

Qin Yu and Lao Qiao were talking about this in the study, and they wanted to make a fortune in New Zealand dollars.

"I'll try it." Qin Han took the car key and walked quickly into the car.

Seeing the old man's heart is clearly moved, but it is not easy to show it straight.

Qin Yu let out a weird aunt smile.

In other words, it's time for the little brother and their money to arrive at this time.

Clicked on the phone, Qin Yu dialed Lao Qiao's number.

'Jolie Childowski is the asylum of the system, and the content of the conversation has been encrypted!'

"Hey, old Joe."

"My brother, I just want to contact you, the money has been received."

"That's good, have you already entered?"

"Of course, we must avoid the eyeliner of those people."

"I believe you, I will contact you if you have news!"

"I will bring back good news."

At this time, Old Qiao was about to take a private jet to the country of corruption.

He will command the whole situation there.

hum~

After waiting for a few minutes, Qin Han, who had circled the lane of the community, came back.

"How is it?" Qin Yu took the car key he had thrown away, and then threw it back.

"What are you doing?" Qin Han asked in surprise holding the key.

"This is a gift for you, Dad." Qin Yu said with a smile.

"Give it to me?" Qin Han was taken aback first.

Then turned his head away with a complex and excited expression, he was a bad expression.

but a delicate and sensual person.

His son suddenly became so interested, and he had mixed feelings for a while.

"Your mother should be anxious, go, go home."

"Dad, aren't you wiping your tears secretly?"

"Go away, you stinky boy, can someone as old as I shed tears?"

"Yes, yes, men are steel, so tears don't flick."

"Your kid is itchy, right?"

The voice of father's kindness and filial piety gradually faded away, and only the shiny G63 stopped there, pressing the curb unilaterally.

Back home, Qin Yu was grabbed by Liang Chuyu and asked together.

Why are you back? How is the school? Are you still used to being in Hudu?

Eat, live, how is the weather?

"Mom, I'm okay!" Qin Yu took his mother's hand amusedly and comforted.

"I am already 19, and I am not a child."

Hearing the mutter in his mouth, Liang Chuyu was unhappy, "19? You are 90 and that is my son."

"..." Qin Yu was speechless, and could only agree to please nodded.

"What are you two doing down here for so long?" Liang Chuyu asked curiously.

"Hey~" Qin Han let out a weird laugh.

"Old Qin?"

"Your son gave me a gift." As Qin Han said, the corners of his mouth couldn't stop rising.

Not only does he like G63, but more importantly, this gift is from his son.

"You didn't take anything when you came up. Where are the gifts?"

Liang Chuyu looked at the door and said, "Let me see."

"Downstairs, go, let's go out to eat today."

Qin Han took his mother's hand and was about to go out, but she threw him away.

"Then you have to change my clothes and wear this out?"

Liang Chuyu pointed to the pajamas on her body and looked at the two men suspiciously.

How can one be weird than the other, are the two of them crazy about gains and losses?

Waiting for Liang Chuyu to change clothes, and see the brand new G63 downstairs.

I finally understand why my old Qin is so calm ~ www.mtlnovel.com ~ why he has become so weird.

"You gave this to your dad? Where did you get the money?"

After learning the exact price, Liang Chuyu was shocked.

"Mom, don't worry, do you remember..."

I repeated the explanation just now, but Liang Chuyu still didn't believe it.

She also knows something about New Zealand.

can come from a woman's intuition, making her suspicious of this matter.

Qin Yu was not surprised at this. Liang Chuyu was originally a cautious, responsible, and thoughtful person.

"Mom, look." Qin Yu took a photo of the signed contract.

There is also the profit ratio and some irrelevant data in front of her.

includes several selective collection records.

"The actual profit is much higher than this, but the company has to grow."

"Do you really make so much money?"

Seeing the evidence before him, Liang Chuyu knew it was true.

It's just that I still can't believe it in my heart.

This change came too fast, too big, so unreal.

Not to mention her, even before Qin Yu, there was always an unreal sense of illusion.

However, this is the case.

"You trust your son! He is not the kind of messy person."

In this regard, Qin Han's receptive ability is stronger.

My son has grown up and has a promising future.

I should be happy for him!

"By the way, Dad, you will stop at the property and I will ask about the parking space."

The parking spaces of the community are divided into ground and underground.

Fees are charged by the hour on the ground, anyone can enter, 2 yuan per hour.

is sold and rented underground.

is now sold out, but the agency next to the property has news of listing.

Chapter 120: Oh so cheap

parked the car on the side of the road, Qin Han did not get off.

Liang Chuyu followed Qin Yu to the agency and asked for information about parking spaces.

"There are 3 parking spaces on sale in Building 2, and the price is almost 200,000."

200,000 parking spaces?

Qin Yu, who has experienced the prices of Hudu, just wants to say that it is really cheap.

"Which is the closest to the elevator shaft?"

"This, it costs 210,000. If you are sincere, you can bargain."

"200,000, pay the deposit now, trade in the afternoon and tomorrow morning."

Qin Yu's refreshment made the intermediary a bit at a loss.

once again confirmed that he was not joking, quickly picked up the phone.

dialed the landlord's number and set the time in front of Qin Yu.

"Tomorrow... OK, 9 o'clock in the morning..."

Seeing Qin Yu's gesture, the intermediary immediately said: "No problem, then we will see you in the shop when we arrive."

A deposit of 10,000 yuan was paid, and this matter was finalized.

"Mom, give me your card number." Back in the car, Qin Yu asked Liang Chuyu for her card number.

"WeChat sent to you." Liang Chuyu responded.

sent the card number to his son, and then said: "Mom doesn't spend your money, all this money is for you to save for marriage."

Qin Yu can't laugh or cry, why the parents all over the world are the same.

"I have transferred 500,000 yuan to you. You can spend this money with confidence, it's a sturdy flower."

"I bought the house in Hudu, so I don't have to worry about finding a wife!"

Qin Yu wanted to give his mother a reassurance, but the atmosphere in the car suddenly cooled down.

tilted her head to look at Liang Chuyu, and found that her expression was filled with horror.

Qin Yu asked: "What's wrong?"

Liang Chuyu and Qin Han exchanged their eyes in the rearview mirror. Qin Han asked, "Are you going to stay in Hudu?"

"That's not the case, just buy a house, which is convenient for you to live in, and you can keep the value!"

"I am going to put the company in our place. The local policy is not to vigorously attract investment, and you and my mother can help me take a look."

"This is a good idea." Liang Chuyu took the topic and left Qin Han aside.

Seeing his wife's attitude of throwing it away when she ran out, Qin Han rolled his eyes helplessly.

After so many years, he has long been used to it.

"Are you afraid that I will stay in Hudu?" Qin Yu finally reacted.

"It's mainly your dad, he is more worried." Liang Chuyu throws the pot daily.

"You can really think far enough, it will take several years!"

Qin Yu really didn't think so far.

But he felt that in the future, there will definitely be more runs on both sides.

Parents are definitely willing to stay in the abandoned city, they will spend most of their lives here.

Relatives, friends, relationships are all here.

When I went to Hudu, my eyes were darkened, and no one knew him.

There are differences in eating, using, language and living habits, so why bother!

Besides, where is rich is not the uncle?

This time I will give my parents a thorough first, not wanting to surprise them too much.

When he comes back next time, Qin Yu is going to move his family to Nanhu directly.

There are few people, but it doesn't matter whether it is the surrounding facilities, the environment or the management safety of the community.

is not comparable to the current community.

There are several wholesale markets near here, all of whom live in businessmen.

Lively is really lively, but it's just too lively.

When driving out the door, the battery car can take up half of the road and run into rampages.

is like, 'I'm not convinced, hit me, I just lay on the ground with a rub, there is no more than 200,000 I can't get up! '

The family did not run far, and ran along the Second Ring Road for more than 30 miles.

Downstairs of Lifeng International on the second ring road, I had a three-sweet stew pot.

squid, prawns, chicken wings, and finally some noodles.

For the people of Qinchuan, noodles are definitely the daily staple food, not one of them.

Even if you eat hot pot, Sichuan food and the like.

I also got a piece of noodles, a nest of sour noodle soup.

After eating and drinking enough, Liang Chuyu talked about digestion and went to the shopping mall.

"I just bought you some winter clothes."

If you have money but no money, you don't have to delay buying clothes for your son as a mother.

He has the money to buy it, but he bought it himself.

is different from what Liang Chuyu bought for him.

I looked around, and finally I saw the Adi shop.

"Sports, sunshine, and comfort should be worn at this age."

Two black trousers and three down jackets.

Yellow tooling model, white slim fit and black loose version.

Every Liang Chuyu thinks it looks good, "Which one do you like?"

"This yellow one is a bit sticky, it's too troublesome to set up."

Qin Yu said while looking at the black shards sticking to the yellow fibers.

"Then wrap the other two and just change to wear."

Liang Chuyu glanced at the shoes on his feet, "Would you like to buy two more shoes?"

"I bought enough shoes," Qin Yu replied.

He likes the guard pants and down jacket that he just chose.

Single talk about style, I don't know how many times stronger than Louis Vuitton's.

may be related to age, I really do not appreciate the design taste of LV.

spent less than 5,000 yuan, and the food was gone.

went back to the parking lot and got on the car, Qin Yu looked at the position in the WeChat account.

"Dad, let's go to the West Market first, and the gift I ordered for my mother is there."

Hearing what his son said, Liang Chuyu said happily: "Mom doesn't want any gifts."

Son can have this heart, it is enough for her to be happy for several days.

It's not important whether a gift is a gift or a gift!

"I have paid the deposit, let's go!"

Qin Han naturally listened to his son. He had a gift, so how could he lose his wife?

He was a little worried before, did this kid forget his mother?

Fortunately, brat still remembers.

Or, he might be sleeping in the car tonight.

.....

West City, park the car in the underground garage.

Qin Yu didn't take the two into the mall, but kept walking inside.

About 800 meters later, a jade shop facing the street came into view.

Linglongxuan, the door plaque with black letters in official script and Phnom Penh, the atmosphere is calm.

The glass wall across the street is full of shelves with all kinds of jade and jade.

Pushing the door and entering, the elegant sandalwood rushes towards his face.

The music played by is guzheng, which is crisp and beautiful, setting off the atmosphere of the store.

"Hello, welcome to Linglongxuan." The female salesman greeted her with a smile.

"Hello, I made an appointment before, and my surname is Qin." Qin Yu responded with a smile.

The little brother made an appointment for him in this shop, and the boss has a lot of good old materials in his hands.

Qin Yu in the photo shows a jade bracelet made of high ice glass, which sells for 850,000.

"Are you Qin Shao?" The saleswoman asked curiously.

"Well, Li Xiao introduced it." Qin Yu nodded.

"Hello Shao Qin, I didn't recognize you."

The female salesman asked them to go inside and came to the reception area.

asked them to sit down, and the saleswoman explained: "I didn't expect you to come today, but the boss is not there."

"I will look at things first."

It doesn't matter if the boss is there or not, he is not here to see the boss.

"Actually, you should have seen it just now, it's the bracelet in the rotating glass box facing the door."

"I'll take it out now, so you can see."

The female salesman walked out as she talked, and a nice-looking staff brought tea.

"Shao Qin, are you a master now?"

Liang Chuyu, who has never spoken, looked at him teasingly and said.

"A joke, just a joke!" Qin Shaopian replied.

In front of my mother, claiming to be a master, I am afraid it is itchy?

After a while, the female salesman was holding a wooden tray with a layer of white silk and satin on it.

, lying flat on the top, is Qin Yuxiang's high ice glass jade bracelet.

"This is this ~www.mtlnovel.com~ high ice glass jade bracelet with floating flowers."

"You can see that the emerald floating flower inside is very green, and its lines are also very clear and translucent..."

"Mom, take it and try it." Qin Yu said calmly.

Liang Chuyu was looking for the price on the label, except for the product name and barcode.

didn't see the price at all!

"How much does this cost?" Liang Chuyu asked curiously to let the female seller wear it for herself.

"Auntie, Qin Shao and the boss discussed the price, I don't know."

Female sales only know the normal selling price, but what is the transaction price between them.

Only they know it.

Jade, especially jade, has a lot of moisture in the price.

The same thing can be sold for five hundred thousand and one or two million.

"How much is it?" Liang Chuyu looked at his son Qin Yu.

"There is not much money, my boss and I are friends, tens of thousands of dollars."

Qin Yu pointed to the bracelet on her wrist: "Mom, how beautiful you look."

Liang Chuyu shook his wrist, and said happily: "It's pretty, but it's too expensive."

To buy a bracelet for tens of thousands of dollars, this consumption concept is too extravagant for her.

The female salesman was listening in and just wanted to cry.

Auntie, if this bracelet weren't for your son's relationship too hard.

We don't sell 660,000 less.

"This is a friend's friend's shop. The price is cost, and the key things are fidelity."

Qin Yu said that he had dialed the number of little brother Li Xiao: "Hey, brother, I am in the store."

"Well, things are good, my mother is very good with them, how do you say the money?"

"The boss is not... OK, then tell the clerk."

handed the phone to the female salesperson, Qin Yu smiled and said, "Li Xiao's phone number."
