Chapter 1371

Thierry had been dreaming of that for the longest time.

Currently, the Great Family of Westford was considered the weakest of the Four Great Families.

However, things would definitely change should Levi joins them.

As such, Thierry needed to use any means he could to get Levi to join his side.

With Levi around, he was confident that for the next century, or even a few centuries, the Great Family of Westford would reign supreme.

Thierry kept his head lowered while waiting for Levi's reply.

The other members of the family could hardly believe what they were seeing as they had never seen Thierry bowing down to anyone.

"Mr. Garrison, as long as you agree to join us, I'll agree to any conditions you have in order to show our sincerity."

Everyone had thought that no one would be able to reject such alluring terms offered by Thierry.

However, Levi looked up with a sneer and replied, "I'm not interested!"

To the Lopez family, the Great Family of Westford was their biggest supporter, and it wouldn't be too much to even regard them as their family's forefathers.

"Should we get on our knees?" asked Harry, who couldn't contain his feelings.

Everyone wanted to present their best selves to Thierry.

"You don't have to, but everyone else should do so," instructed Cora.

Thump!

Thump!

One by one, the Lopezes got on their knees.

"Thierry, this is my husband, Harry Lopez, and the others are our younglings," said Cora to introduce everyone.

Thierry wasn't paying attention to them at all. He simply nodded numbly.

Judy and the others were even less interested in the Lopez family.

"It's Daddy. They're describing Daddy!" cheered Forlevia while clapping.

Even Zoey thought that Thierry's description matched Levi.

"Was the guy in a wheelchair?" asked Zoey curiously.

Thierry shook his head and replied, "No, he wasn't. There's no way a powerful man like that needs to use a wheelchair."

"Oh, then it can't be him," murmured Zoey.

First off, Levi is in a wheelchair.

Secondly, there is no way that Levi would go to a place like Lake Westia.

Her reasoning was sound because there was no way she could've guessed that Levi would drop by the place in person to avoid being detected by Minka's men and to get the report from West Sky Lord.

"That truly frightened me. I thought it might actually be Levi for a second there," said Harry and the others before they heaved a deep sigh.

The consequences would have been grave if that person turned out to be Levi.

Thierry nodded and answered, "Sure, I'll be there."
"That'd be amazing!"
Every member of the Lopez family became excited.
That was understandable since Thierry's reputation would bring infinite benefits to the Lopez family.
"Listen up, everybody. You are to welcome Mr. Langston and treat him as our most honored guest!"
After that, the Lopez family led Thierry into their residence.
The welcoming party was so big that it got the entire North Hampton involved.
Everyone learned that Thierry had moved in and was living temporarily with the Lopez family.
It didn't take long before the Lopez family got the Black family to go visit Thierry.
At that moment, every younger member of both families was gathered outside.
Shaun, Samuel, and Jennie were hanging out together at the time.

Apart from that, Levi wanted to see how Zoey and Forlevia were doing.

Even with an invitation card, it should have been difficult for Levi to get into the party site.

However, Shaun had deliberately made some arrangements, so Levi walked into the place with ease.

"Levi is here!"

"Yes! Our wish is about to come true!"

Shaun and the others grinned excitedly when they heard about Levi showing up.

On the other side, Levi also learned the identity of the person who sent the invitation card.

He guessed the perpetrators' intentions right away.

Ah, so they want to con someone else to do their dirty work.

"Hah," chuckled Levi.

Do they think Thierry can destroy me? Puh-lease, the guy can be ten times braver, and he still won't have the guts to come after me. Those idiots are so dumb.

Meanwhile, the members of the Great Family of Westford were enjoying everyone's admiration.

On the other side, Shaun and his pals happened to meet Levi, who was in a wheelchair at the time.

“How dare you show up here, Levi? You won’t leave the place in one piece tonight!” threatened Shaun and the others.

They were about to make a scene when they received a call from their family.

An order was issued. They were to look for the mysterious man right away.

“But...”

Shaun and the others were stumped.

What is up with everyone? Why are they looking for the mysterious man? They should be searching for Levi instead! We have such a rare opportunity to get rid of him once and for all. How did things change so drastically? Gah, never mind. We have to go look for the mysterious man now.

Shaun and the others had no choice but to watch as Levi left. They went to look for the mysterious man after that.

As they did so, they bumped into Judy, who was running over like a lunatic.

“Did you guys see anyone walking by?” asked Judy excitedly.

“No. We didn’t see anyone here,” replied Shaun and the others.

Levi was the only one who walked past that route, but they had completely disregarded his existence.

The two parties would meet each other soon.

Meanwhile, Shaun was scheming about how he would make Levi bump into Thierry.

Hah, it would be so great if they meet head-on! Levi won't even have the chance to beg for mercy.

"Wait, could he have been in the lounge? We searched everywhere except the lounge," suggested someone.

"Right! That is possible!" blurted everyone as the revelation hit them.

Meredith immediately instructed, "Russell, run ahead as quickly as possible and go to the lounge. Hurry!"

Hearing that order got Russell to run as fast as lightning toward the lounge.

Everyone else sped up as well.

Russell was fast, but he met Levi on the way over to the lounge.

"Levi, what are you doing here?" asked Russell curiously.

The mere thought of how Thierry and the others were right behind him got Russell to sweat nervously.

Levi will definitely be in danger if they see him here!

“I will station some men around the compound and lock him in. He won’t get away with it!” promised Shaun as he grinned smugly.

Jennie and the others were smiling brightly as well.

All that’s left is to wait and watch Levi perish!

Zoey and Russell panicked.

D*mn it, things will be grave if Levi isn’t already gone.

What came next was the members of the Great Family of Westford leading the team in person to locate Levi.

Taunting the head of the Great Family of Westford is a huge sin. He can die a dozen times, and he still won't be able to atone for it!

Shaun was quick to get the guards to stop Levi from leaving.

However, the guards claimed that they never even saw Levi. It seemed the guy was nowhere to be found within the compound either...

"Huh? How is that possible? Why would Levi leave all of a sudden? This can't be!"

Shaun couldn't understand what was going on.

Why would Levi leave for no reason?

Everyone else was stumped as well.

Zoey and Russell, however, heaved a breath of relief.

Everyone nodded simultaneously.

They simply couldn't forget what they experienced earlier.

Thierry and Judy rushed over immediately and demanded, "Where is he? Take us to him now!"

"He already left. He warned us against following him and said that he would kill us if we do."

The men looked terrible.

"I guess that is understandable..."

Thierry slumped down like a deflated balloon.

"This is still great news, though, Grandpa. At the very least, we've confirmed that he is here in North Hampton. That means there is a good chance we'll find him!" said Judy.

Thierry clapped in delight and agreed, "You're right! Okay then, you lot did a good job for locating him, so you will all be rewarded."

Thierry was looking at the search party as he said that last sentence.

That got everyone to cheer maniacally.

Their future would be bright if they could present Thierry with that medicine.

At that moment, they were only somewhat connected to Thierry via Cora.

They didn't actually have a rapport with the guy.

However, if they gave Thierry the medicine, they would be forming an actual alliance with the Great Family of Westford.

They would not need anyone else to help.

The Lopez and Black families would become an official part of the Great Family of Westford.

That meant that both families would prosper until the next century... or even longer!

Harry and Meredith had dreamed of that their entire life.

They wanted to make a real change.

"We must treasure this opportunity!" said everyone as they clenched their fists.

Everyone already had a plan.

"I'll give you my word that I will definitely get my hands on that medicine, Cora."

"There is no point in letting Levi have that medicine, anyway. He is not worthy of it!"

Everyone agreed to it.
