

## Pinnacle 171

### Chapter 171: 1 good show

I received the transfer information and looked at the one zero, two zeros, three zeros on it...

"Aren't you afraid that I won't return it?" Li Wanxing put the phone back in her bag, looking at her with complicated expression.

"It doesn't matter if you don't have it yet, you can also pay for it." Qin Yu smirked like a mockery.

"I want to be beautiful!" Li Wanxing gave him a charming look, "I will definitely pay back the money, I'm much more expensive than ten million."

Qin Yu wanted to ask on the spot, "How much is it, how can I pay?" '

Money is something to Yu brother?

has no other meaning, it just wants to help others.

"Lazy cat, your man lent me ten million, and you will be my creditor's wife in the future."

Li Wanxing deliberately teases Lan Yue, wanting to see how she reacts.

"Huh?" Lazy Cat opened her eyes a slit, looked at her and closed it again, "That's Qin Yu's money, not mine, you ask him to make a debt... Lord..."

The lazy cat didn't want to talk comfortably, she wanted to lie down like this and be petted by Qin Yu.

There was a clear envy in his eyes, Li Wanxing really didn't know what to say.

Perhaps, this is how foolish people have silly blessings, and good people have rewards!

"I'm a little hungry, are you all okay?" Qin Yu looked at the time, it was time for dinner.

"It's okay." Jiang Xiaoshan said.

"It's okay," Wen Yaxuan said.

"I have to go with Xuexue later." Li Wanxing wanted to tell her the good news as soon as possible so that she could sleep well.

"That means it's okay now. I'll leave after eating. I'll order takeaway." I didn't want to move when I went out. I went straight to a hot pot restaurant with a good rating and ordered a mandarin duck pot and a portion of dishes for eight people.

Wen Yaxuan is here today, and there is more than one who can eat.

.....

The hot pot is delivered, plug in the electricity to bring the bottom of the pot to a boil, and all kinds of dishes are ready.

"Xuan Xuan, how's Mr. Shen doing?" Qin Yu asked while eating. The taste of this restaurant is good. It's good to only eat the bottom of the pot without dipping.

"It's better, Doctor Zhu has been with her." Wen Yaxuan showed a happy smile on her face.

"Doesn't she need to go back to work?" Jiang Xiaoshan was a little curious, the doctor Zhu had too much time.

"Doctor Zhu is the publicity ambassador selected by the medical system. You should have seen her on the Internet." Wen Yaxuan looked at several people and found that they all shook their heads and said they had not seen her.

took out the mobile phone to find the rescue video, and explained the situation to them.

Everyone understood why she could stay here all the time. Hudu faces overseas and is a window and cultural exchange place for foreigners to understand Xia, and it is also a place for publicity.

Zhu Ying's rejection of local publicity and interviews is more than just a follow-up recovery for Shen Bing's physiotherapy.

But there are many propaganda outlets in Hudu who are inviting invitations, wanting to publicize and report her image and the doctor-patient relationship positively.

This is also the meaning of the above. Now Zhu Ying is a big red in the medical system.

"Dr. Zhu is very busy during the day, and occasionally reporters will come to school to look for her." Wen Yaxuan was envious of this.

If one day her design can be recognized and interviewed by the industry, she will surely fly happily.

"Qin Yu, the meat is ready." Jiang Xiaoshan lifted the colander and poured the meat into his bowl.

Three eyes were cast neatly at Jiang Xiaoshan, but she sat back like an okay person.

The touch of Qin Yu's previous candle blowing with her still echoes in his heart.

No one knows how much she appreciates what he has done better than Jiang Xiaoshan herself.

What he did was not only inviting himself to blow a candle, but a public expression of his identity and care.

That's why she broke the leaky window paper, implying that the relationship between the two is not simple.

'It's so good to be cared about. Jiang Xiaoshan smiled like a flower, lowered her head and took a small bite with her bowl.

By this time, Li Wanxing and Wen Yaxuan basically understood what was going on.

Lanyue was still confused and talking and laughing with everyone, making them feel at ease while they were anxious.

Since Jiang Xiaoshan can do it, why can't she?

As the person involved, Qin Yu is particularly calm, but in fact he feels overwhelmed.

The surface is as stable as an old dog, and his heart is flustered. It is his current mood.

After discovering that the girls reached a tacit understanding in silence, Lan Yue was indifferent to this.

Qin Yu is in a great mood!

It seems that he is destined to become a beautiful boy who is home to the world and travels the world.

.....

The next day, Qin Yu was awakened by a burst of weight.

The good smell in the nose found the source after opening my eyes.

is the hair of a lazy cat.

At this time, she was shrinking into a ball, sleeping soundly on her chest.

No wonder he feels that breathing is getting harder, and he has a breathless sense of drowning.

gently set her up, Qin Yu got up to wash!

The door to the guest room where Jiang Xiaoshan and Wen Yaxuan live is closed, and it's very quiet inside.

got dressed and went out with his mobile phone.

Qin Yu was jogging along the community, but before finishing a lap, Old Qiao called.

"Old Joe, it's so late?" It should be early in the morning over there, it's really late.

"Haha, I'm a Barrow Bear, now is the time to drink and eat meat." Old Joe sounded very lively, singing and laughing in celebration.

"Celebration party?"

"Yes, I got a big bonus, of course I have to celebrate together."

Since the horse has won the championship and won the championship, it will naturally be rewarded and encouraged.

Otherwise, who else is willing to fight for the next time.

Win or lose is the same anyway, so what are you doing?

Paddling!

Regarding the team bonus, Qin Yu let Old Qiao figure it out.

He knows the actual situation better than himself, and a basic principle is 'give more and not give less.'

After the greeting, Old Joe told him that the money had been paid.

The dividends that belonged to Qin Yu, as well as the principal plus income of Li Xiao, were all settled.

said goodnight to him, and Qin Yu dialed his mother's number while sitting in a chair on the side of the road.

"Hey, mom..."

Knowing that the money his son earned abroad has arrived, Liang Chuyu opened the interface while mumbling.

Sha~

Liang Chuyu is silent.

"Mom? Mom?" Qin Yu called out several times.

"Um... here it is!" Liang Chuyu's voice was a little dumb, and her throat was dry and itchy.

"Did Uncle Lu show you the room?" Qin Yu didn't mention the money, so she felt relieved.

"I didn't make an appointment today at noon." Liang Chuyu pondered: "Son, where did you make so much money?"

Qin Yu and his mother explained the collapse of the New Zealand currency price in the front-end time, "I made money from it, and I did it in partnership with my previous friends."

"Then...how much did he make?" Liang Chuyu was a little nervous.

"He made more than one billion, which is much more than mine." Qin Yu said with a relaxed smile.

There was a light venting voice on the phone, and Liang Chuyu's voice was emotionally attached again: "How do you plan to use this money?"

"Sell the house for the family first, and leave the rest with the company. I will be useful later."

"Our current house is pretty good..."

"Mom, people have to learn to enjoy, and keep a pile of money until it grows old. It is a pile of numbers, but if you use it to change your life and enjoy your life, then it has value."

"You kid..." Liang Chuyu couldn't laugh or cry. Where did he learn this set.

"Okay, I will go with your dad to have a look at noon." Liang Chuyu agreed.

She still doesn't know the specific situation of the house, only knows that the place is in Nanhu, and the son is very satisfied after seeing it.

"That's right, and you put more than 8 million yuan transferred into my card, which is someone else's money."

Hearing that he brought a few friends to do it together, Liang Chuyu reminded him uneasy: "If you are not sure about this kind of thing, or do less, it will be very troublesome if too many interests are involved between friends."

From the last time I went to buy a bracelet, I can tell that my son's Protestant friends are not easy.

Now I take the other party to make money again. If I make a profit, I can say it.

"Well, I know it, Mom, then you go to work!"

Hanging up the phone, Qin Yu sat there thinking for a moment, then stood up again and ran forward.

Huh~huh~

Looking at the girl passing by again, Qin Yu frowned unnaturally.

Waiting for the other party to pass by again, wheeze~wheeze gasps came.

Qin Yu speeds up to catch up with the other party, and pats her on the shoulder: "Hello."

"Ah, hello." The girl took off the headphones and looked at him suspiciously: "Is there something wrong?"

"That...you have a problem with your breathing rate. Running fast is a great fit for your body. If possible, jogging is better."

Leaving under the gaze of the girl 'You are sick', Qin Yu didn't care what she thought at all.

He just reminded the other party out of good intentions that her running style will only increase the load on the body~[www.mtlnovel.com](http://www.mtlnovel.com)~ and may even cause injury.

As for whether the other person can listen, it's her own business.

However, like her body that shakes more than 3cm when running, she may be used to heavy loads.

.....

took the breakfast home, Lan Yue and Wen Yaxuan were robbing the bathroom.

Look at Jiang Xiaoshan again, this meeting has already been washed, and she is sitting in front of the makeup table applying eyeliner.

"Hurry up and have breakfast." Wen Yaxuan's eyes lit up when she heard something to eat.

let go of Lan Yue's hand, pretending to be humble, and said: "Okay, let you go first."

"Hee hee, thank you Xuan Xuan." Lazy cat thought he had won, and walked into the bathroom humming triumphantly.

"Qin Yu, have you bought a lot?" Wen Yaxuan stood by the dining table and swallowed her saliva.

Crab powder buns, soup buns, soy milk, bean curd, chaos, there are so many varieties just by seeing them.

Breakfast is too rich, right?

"When I ate hot pot, I didn't hear you say that there are too many dishes for eight people." Qin Yu passed by her and scraped the tip of her nose with her finger.

"I hate it." The little hand stomped back and forth, making it clear that he was acting like a baby. squeak~

The dressing table chair rubs against the ground, it is Jiang Xiaoshan's deliberate sound.

"Xuan Xuan, I'm fine." Pursing her lips, Jiang Xiaoshan wiped off the lip balm with paper.

Applying it first will have a protective effect, and then applying lipstick after eating will make the lips more moist and shiny.

The morning of a scene with three women is not really a joke, but it is also a headache.

When they were all sitting at the table to eat, they were almost late.

## **Chapter 172: The evolution of small anchors**

directly to the school parking lot before Qin Yu turned around and left.

Although it is only a few steps away, driving is faster than running.

Especially these girls, none of them can run.

dancing well does not mean that you can run, let alone lazy cats are really lazy in their bones.

can lie down and never sit down, this is the principle!

Back at Seaview One, Qin Yu found that both Lamborghini and Nine-Five Supreme Gold Edition were covered.

Take the elevator upstairs, push the door and hear movement inside, "Wang Hong."

"Shao Qin, you are back." Wang Hong wore normal clothes today, maid outfit.

The kind that does not have an open edge and is leaky.

is a bit conservative compared to her previous style.

"Why are the two cars underneath covered?" The three cars left here are for the little anchor, and they are exploring the outdoor food for her.

There is no luxury car as a gimmick, just by discovering good food, the traffic will definitely be cut in half.

"Sister Xiao Yu said she can just drive 911." Wang Hong took the bag, "have you eaten yet?"

"I have eaten, don't worry about me." Lying on the sofa casually, Qin Yu checked that the time was almost the same, and dialed Li Xiao's number.

toot, toot...

No one answered the phone, and I just hung up and called back.

"Hey~" Li Xiao's voice was like a broken gong.

"Drink too much again?" Qin Yu said.

"Well, business entertainment, cough cough..." After clearing his throat, Li Xiao's voice could be better, "call in early morning, what good news?"

"The money is here, I will transfer it to you, pay attention to check it!" Qin Yu said.

"This is really good news. I will eat more for breakfast today." Li Xiao responded with a smile.

"Okay, let's not say, I have to notify them both."

Hung up the phone and transferred the money to Li Xiao, Qin Yu dialed Xu Hao and Yang Chengjun's numbers successively.

Tell them the good news, and then pass the money.

Things have just begun, and Qin Yu is going to release the new news in two days.

It depends on whether the follow-up cooperation between the two parties is going further or not.

"Boss~" Sleepy eyes, the little anchor wearing a cool silk sling put his hands on the fence and looked at him.

"Why did you wake up?" Qin Yu got up and walked to the second floor.

"I heard your voice." The little anchor came down the stairs to meet him.

"Let's go, go to sleep again!" He put his arms around the small anchor and walked to the bedroom, Qin Yu continued: "Don't cover the car below, just buy it and use it."

"It's too expensive, some places are not easy to stop, and scratching is troublesome." The little anchor coquettishly arched his head in his arms.

In this regard, women are really naturally gifted, and everyone feels different when doing the same actions.

"Then you can figure it out according to the situation, don't think it's hard to drive."

"Hmm~"

The little anchor nodded and said something to his ear:.

He raised his eyebrows, and Qin Yu lazily picked her up, "What are you waiting for?"

.....

It's already three poles of the sun when I get up again, and Qin Yu sitting at the table has a big appetite.

The appetizer prepared by the little anchor for him is very delicious.

Look at her data again, specialty: Variety master, passive evolution.

At the beginning, the little anchor had only these two specialties: Variety Master is her collection of "skins".

Passive evolution seems to Qin Yu to be highly exploitable and has great potential.

He thinks right, it can be said that he thinks wrong.

Because he really didn't expect passive evolution to be able to develop brand new specialties.

At present, the small anchor has five new specialties.

【Turn the river to the sea, the winding path is quiet, the stocking destroyer, the high-heeled control, the queen of the field. 】

From now on, she is the one with the most potential and ability.

Five new specialties have evolved in such a short period of time, and the small anchor has unlimited potential.

"How is the trade union recently?" Qin Yu asked for a topic at random.

"Sister Hong." The little anchor motioned to Wang Hong and said.

She is now Cheng Xiyu's personal assistant, and she is responsible for the arrangements and communication between the union and the platform.

"He Sheng has set up a new department, specializing in live broadcast sales, and is currently negotiating with the platform."

"At the same time, the stationing note was announced. The platform side issued an announcement for the face, and welcomes the arrival of the Drizzle House."

"In addition, he wants to use Sister Xiao Yu's influence on the notes to open up the situation."

This is quite normal. The Drizzle Building looks beautiful, but in fact it can only be regarded as just standing on the heels.

I want to score a note now, will He Sheng's appetite be too big?

However, in this age when traffic is king, it's just a matter of an instant.

Who can say that he won't get hot?

"What do you think?" Qin Yu turned to look at Cheng Xiyu, wanting to hear her consideration.

"I still want to do what I am now. If I sell goods... Sister Hong can work part-time!"

Cheng Xiyu wanted to help Wang Hong be in the upper position. With her performance ability, she was just a bit wronged to be an assistant.

Seeing that she has her own ideas, Qin Yu nodded and said: "You can figure this out by yourself!"

Qin Yu is not very concerned about this guild.

If it weren't for system tasks and Cheng Xiyu, it would be a question whether Drizzle Tower would appear!

"Thank you boss." Cheng Xiyu, who was trusted, smiled sweetly.

Although she is not broadcasting, her character is still very salty.

But I gradually found fun and value in work, and the little anchor felt that I could struggle a little more.

.....

On the weekend, the cool Lamborghini hit the road again.

The sound of a cracking engine made the whole street look at it, and he took out the phone as quickly as possible.

"Handsome man, you are so handsome!" The naked confession in the street caused a lot of laughter.

The girl waved her hand indifferently, hoping to make the handsome guy in the luxury car look at herself more.

Perhaps this one looks at her?

It's a pity, the cruel reality is that Lamborghini hit the brake at the corner of the street, and then a flexible steering disappears.

When the Lamborghini walked out of the special effects of the movie and stopped in front of the Conservatory, the sensation caused was no smaller than before.

It's just that no one exaggerates to post it to take photos.

After all, such a car parked alone in front of the school, without the photography and professional team behind.

I knew at a glance that it was not an internet celebrity who did the copywriting.

The real big guys have always been low-key, it's better to be less provoked!

DiDi~

cherry blossom powder with yellow accents, large red calipers with 20-inch wheels.

Yan Er is here.

Ling Ling~

"Hey." Before Qin Yu lowered the window to greet him, Yan Er called.

"Fuck, brother Yu, are you here? There was a Lamborghini Centennial at this door. It seems to be a convertible version with a global limit of 20."

"Fuck, let me tell you, you don't know how handsome this car is..."

"So handsome, fucking..."

Yan Er breathed out fragrance, and kept talking about the configuration, data and various designs of the car.

"If this allows me to drive once, let me do anything!" Yan Er shouted from the top.

"Well, come here!" Qin Yu smiled lightly and lowered the car window, and waved to the sultry BMW in the distance.

"Yu, Brother Yu, don't bring such...I'm here." Lamborghini was really fragrant for a hundred years, and Yan Er still couldn't resist the temptation.

rushed to the side of the car with wind all the way, Yan Er bends down and grabs the door to look at the center console.

"Pretty, too beautiful." With accented compliments, the saliva stars flew randomly.

Qin Yu said disgustedly: "Yes, let me come down and play slowly by myself."

"Brother, you are really my own brother." Yan Er grabbed his hand, and water splashed in his eyes.

"Let go!" Qin Yu's face turned green when he saw the mobile phone raised around him.

You said that you just got out of such an irritating car, this will make me cry.

I don't know what is going on!

As for those who join in the lively shooting, Yu Ge pulls on the brim of his hat and lets them shoot if he likes to shoot.

He brought a hat, sunglasses, and a black mask on purpose today.

If anyone can recognize this, Brother Yu can only give him a 'like'.

"Brother Yu, wait, you sit here, I'm a little scared." Yan Er, a tall man, tweaked like a little lady.

sat in the co-pilot and watched him operate step by step, put in gear, and give gas.

hum!

The bursting sound instantly floated to the sky, and the blood flowing in the body seemed to become hot due to it.

"Cool." Yan Er grabbed the steering wheel excitedly.

"Where are Shen Dong and Hou Kun?" Qin Yu asked after he calmed down.

"The two said to take a taxi. I just went to get my hair done, and they said I would pick them up," Yan Er responded casually.

It's not that Shen Dong and Hou Kun are unwilling to take a ride, it's mainly that Yan Er's car is really irritating.

The two felt that they couldn't control them. Sitting on it, there was always the illusion that they were about to be molested by the bald uncle.

"Boss, look over there, are people coming out?" Yan Er put all his thoughts on the car~www.mtnovel.com~Qin Yu noticed the four girls walking out the door.

They are also heading towards Qin Yu's direction...

It should be said that I am looking at Lamborghini for a hundred years, and there is a little sense of expectation in the surprise.

"Yes, the one on the right is my girlfriend." Yan Er parked the car first.

Then, he pushed the door and got out of the car and waved to the girl in the distance: "Xia Bai."

"Second brother." Xia Bai ran over with long legs and flicking his sleeves.

The other three girls kept their hair straightened, and then looked at their dresses, and then they followed.

"Second brother?" Qin Yu laughed at Yan Er's girlfriend.

In fact, he usually doesn't do this unless he can't help it.

"Hello." Xia Bai's cheeks blushed slightly, and politely asked: "You are Qin Yu that the second brother said?"

"Well, hello, sister-in-law." Qin Yu joked, taking off his mask.

"Xiao Bai, you can just call Yu Ge with me." Yan Er hugged his girlfriend, demonstrating the woman's right to belong.

The smaller and slender Xia Bai stood beside him, immediately giving Qin Yu the sense of sight of beauty and beast.

The realistic version of Beauty and the Beast of these two people.

"Brother Yu, boss." Shen Dong and Hou Kun finally arrived.

At this time, the roommates waiting behind Xia Bai couldn't wait. Someone coughed to remind her.

"Oh~ I forgot to introduce, these are my roommates."

"Youyou, Xixi, Tongtong, three big beauties!" Xia Bai stretched out her arms weirdly, shaking back and forth in front of her roommate.

The three of them also stood sideways in coordination, with one hand on their hips, blinking forward while their long hair fell.

### **Chapter 173: Hidden functions of supercar co-pilot**

"Haha~" Before the pose was set, the girls just showed off with a smile.

"Hello, handsome guys!" Yuyou raised his hand and waved, it seems that his personality is the most outgoing.

"Hello." Hou Kun greeted a little shyly. After speaking, he realized that he hadn't introduced himself, and hurriedly said: "That, my name is Hou Kun."

"Shen Dong, beauties are good." Shen Dong smiled, and the corner of his eyes looked at the Lamborghini next to him for a hundred years.

What beauty, this car is too fragrant, right?

"Brother Yu, your car?" Shen Dong said.

"Well, I just bought it soon." Qin Yu responded.

"Okay, everyone is here, let's go to the wine...restaurant!" Yan Erhuafeng turned around and came back.

The passion from driving just now hasn't faded. When I see my girlfriend, I want to go to the hotel to deepen my relationship.

Hasty!

"Which one of you rides in my car." Yan Er asked not far away.

"We are all done together." Xia Bai was a little uneasy to hand over his roommate.

She was afraid that people would be gone before they arrived at the restaurant.

"Uh~" Shen Dong and Hou Kun looked at them, and they were so handsome, just as if they couldn't sit down.

"Okay, see you in the hotel." Qin Yu said and sat in the cab.

Found that Shen Dong and Hou Kun hadn't moved, they looked up and said: "Go, what are you waiting for, Dong, sit down!"

Although there are only two positions, it is important to know that supercars have additional abilities.

For example, the number of co-pilots can be superimposed.

The more expensive the price, the higher the number of stacks.

Qin Yu once saw three girls in TAXX, the co-pilot of a Daniel.

Shen Dong and Hou Kun looked at each other and walked to the co-pilot. The girls who had not left laughed.

"Handsome man, if you don't mind, let's get in your car with Xixi!" Yuyou pulled Xu Xixi, "The two of them are too crowded to sit in."

She chose Xu Xixi not because the relationship between the two is better.

It was keenly aware that Qin Yu's eyes stayed on Xi Xi's body longer.

Shen Dong and Hou Kun were relieved when they heard the other party's suggestion, and they were a little bit disappointed.

super run!

"That's it, Adong, Kun, follow me." Yan Er took the lead and walked towards his BMW.

Zhang Xitong, who was dragged away by Xia Bai, was somewhat reluctant.

That car is so cool, she wants to ride too!

Yang Youyou got into the co-pilot first. She was wearing high-waisted jeans, which made her movements more convenient.

Xu Xixi bent forward and shrank into Yang Youyou's arms, unable to stop smiling.

It's the first time she has done this. It's a bit embarrassing, but she also finds it very interesting.

Those boys outside must be spitting fragrance, complaining about the injustice of the world, right?

black silk, short skirt, long boots, hot!

Xu Xixi pulled the skirt down with his hands, his cheeks were a little red.

'I've known that I won't wear this one, I blame Xiaobai for saying that \*\*\*\* is the most important thing.'

"Are the two beautiful women sitting down?"

"Ok."

"Then let's go."

let out a low roar and slowly merged into the rush of traffic.

Yan Erding's restaurant is not far away, only a ten-minute drive away.

Because it was the weekend, it was almost time for dinner, and there were already quite a few people in the shop.

Yan Er has already booked the location before, so there is no need to worry about the queue.

"Everything in the shop is bundled by couples, 160 per person, and the price is pretty affordable!" Hearing Yan Er's tone, he must have come more than once.

The table is rectangular, with four chairs on each side.

Xia Bai naturally sat next to Yan Er, beside Zhang Xitong, who was in a car with her.

Hou Kun seemed to want to sit next to her, but hesitated.

In the end, Shen Dong couldn't see it and pushed him.

Yang Pomelo sat down by the window, Xu Xixi wanted to sit next to her, but Shen Dong took the lead.

"Hey, beauty, you sit here." Blocking between the two, Shen Dong smiled and pointed to the position behind her.

The pairing is successful, and the four menus are placed on the table.

"What do you want to eat?" Qin Yu handed over the menu to Xu Xixi.

"I can do it." Xu Xixi smiled and took the menu, placing it in the middle of the two to choose together.

Her first impression of Qin Yu was very good, and she was polite to take off her mask when meeting.

When        came, the conversation on the road did not have any pretentiousness, and it was not as arrogant as she had imagined.

Besides, he is so handsome!

Even Xu Xixi, who is used to seeing handsome guys, still feels his heartbeat throbs when he sees his side face.

"How about this?" Qin Yu would seek her opinion before making a choice.

This kind of caring gentleman's behavior makes Xu Xixi's favorability 'cengceng' straight up.

After finishing the meal, her favorability has risen to 75 points.

"Handsome guy, what do you do?" Zhang Xitong, who was sitting opposite, pointed the target at Qin Yu.

Hou Kun's expression was helpless for an instant, and his eyes towards Qin Yu were full of resentment, 'Brother Yu, please let it go.'

Qin Yu returned him with a 'reassured' look.

"Vagrant people who are unemployed are mainly responsible for the prodigal, and then go home and be beaten."

"Gluck~" Zhang Xitong leaned on the chair and laughed.

"That is the rich second generation?" Yang Youyou pomelo looked at him and asked.

This time it's Shen Dong's turn to be anxious. He has a lot of feelings about Yang Youyou, probably...beautiful!

Things gather together in a similar way, the more I see, the more I agree.

Especially the circle of women.

Beauties are surrounded by beauties, even if they are not goddesses, at least they are not ugly.

is like Yang Youyou, after finishing up and dressing up with 86 points, it is no worse than 90 points.

"Not to be counted, I mainly have a bad stomach, and I like to eat soft rice."

Yang Pomelo froze for a moment, and then smiled in his eyes: "It's strange if you believe it!"

Qin Yu shrugged helplessly, as if saying, 'I can't help you if you don't believe me.'

Seeing that Yang Youyou touched a soft nail, Zhang Xitong no longer actively entangled him. He had a match with Hou Kun next to him, and chatted with each other.

Hou Kun is either bad or a bit too boring.

talked about the topic basically all around the school, otherwise it would be to tell her some movies.

Seeing his passion and devotion, Zhang Xitong was embarrassed to death, but it was not easy to interrupt.

In comparison, the situation of Yangyou pomelo is much better.

At least Shen Dong has a good mouth, which can make her laugh. He thinks this boy is quite funny.

"Second brother, what the \*\*\*\* do you roommate do?" Seeing Qin Yu and Xu Xixi chatting happily and laughing constantly, Xia Bai was also curious about him.

I heard Yan Er talk about him many times before, and this time I saw a real person.

Young, handsome, humorous, and rich. Isn't this the ideal type of a woman?

"I don't know too well. Anyway, I am very rich and have my own business." Yan Er said with a smile.

"Then you start your own business?" Xia Bai looked at him in surprise, "Really?"

"He has a Porsche, and the license plate is A99999." Yan Er's answer was the standard speech when talking about cars with his girlfriend.

BMW, Mercedes-Benz, Porsche, Lamborghini, just talk about the brand.

Either you just say the price directly, one hundred thousand, one million, ten million.

Don't talk about the series, models, power, data, etc.

Yan Er still remembers that he and his ex-girlfriend saw a GTR modified.

555 horsepower, 632N·m torque, breaking 100% in 2.7 seconds, 315kmh top speed. 涡轮增压

The king of mountain roads, the invincible \*\*\*\* of war, the king of roads... countless reputations flashed in his mind.

The blood boiled melody seemed to echo in my ears, and the old faith returned again.

"Isn't it just a broken Nissan? It's not as good as your BMW."

The ex-girlfriend used a particularly calm tone to extinguish his good response and belief in the neon \*\*\*\* of war.

From then on, as long as he thinks of GTR, the calm phrase "Bro Nissan, not as good as BMW" will echo in his ears, it is simply the devil.

From then on, Yan Er understood this truth.

"What the \*\*\*\* do you do?" Xu Xixi looked at the boy in front of him amusedly, and could no longer bear the curiosity in his heart.

"Do you really want to know?" Qin Yu drank a drink and looked directly into her eyes.

"Well, you don't know, our whole bedroom is very curious about you."

"It is not good for children to be too curious, and they are easy to be deceived."

Xu Xixi glanced charmingly and said angrily: "Who is a kid now?"

Qin Yu glanced at her chest straightforwardly, "I said he wasn't a child."

Xu Xixi pressed his hand to his chest, and then remembered that he was wearing a round neckline, panting heavily.

"Actually, I am a student, and I did a little business. It is no different from you!"

Hearing Qin Yu's answer, Xu Xixi became even more angry.

thought he was a good person, but he did not expect it to be disguised by the underworld.

There is no difference. Everyone has to breathe the same air. It's really no difference.

"Hey, where shall we go to play after dinner?" Zhang Xitong suddenly interrupted their conversation, looking at them expectantly.

She can't bear it anymore. From just now to now, she has listened to detailed reviews of three movies that she has never seen before.

From the birth of the script, whether it changes according to reality, to the director's idea, the preparation of the crew.

And then to the consideration of casting, their performance in the film and the success and evaluation of this film, what kind of profound truths are contained in it..

'I want to die! The inner monologue of Zhang Xitong is like this.

It's not that I haven't met a straight steel man before and forced a chat.

However, it is really the first time that Zhang Xitong has met with someone like Hou Kun.

"I will have something to do, maybe I can't go." Qin Yu explained in advance.

He made an appointment with his little brother to run two laps on the field, otherwise he wouldn't drive a Lamborghini.

is thinking about waiting on the track to test its real handling and dynamic performance.

"What about Xixi?" Xia Bai asked unhappy.

The appointment is for friendship, how can I leave halfway since it's here, it's embarrassing to leave a girl behind.

"I'm ready to accompany Xi Xi." Zhang Xitong couldn't wait to raise his hand.

If she and Hou Kun continue to stay, she will suffer from depression.

Qin Yu also felt that it would not be good to leave the other person alone. He looked at her and said, "Why don't you go with me?"

"Okay!" Xu Xixi agreed without thinking.

"Oh~" Take it away directly, this wave is indeed unexpected, Xia Bai and Yang Youyou yelled.

Only Zhang Xitong leaned in a chair depressed, listening to Hou Kun saying, 'It's better to go to the movies later, the movie I just said just happened to be released...'

'Movies, \*\*\*\* movies, I never want to watch movies again in my life. Zhang Xitong is crazy.

#### **Chapter 174: Like an arm**

On the race track, Xu Hao's R8 stopped at the door.

Leaning against the car door, he looked up from time to time.

When he heard the sound of a cracking engine, Lamborghini jumped into his eyes.

"Brother Yu, I'll take a lap later." The car stopped in front of him, and Xu Hao looked down into the car.

'Hey...the beauty of the co-pilot has changed again.'

Xu Hao grinned, his eyes were like, 'deserved of Brother Yu.'

"Okay, everyone else has arrived?" Qin Yu responded with a smile.

"All in there, beautiful women are good." Xu Hao waved.

"Hello." Xu Xixi was a little restrained.

"Go, let's talk inside." Qin Yu said.

"Okay, Brother Yu, you go first." Xu Hao waved to the security guard at the door and signaled to let him go.

The stadium is already covered today, Jun brother pays!

The two million he 'borrowed' from his home and the dividends all fall into his hands. Whoever makes the family is the only seedling of the Yang family.

This is envious of Li Xiao and Xu Hao, this month's consumption must be bought by Brother Jun.

Yang Chengjun doesn't matter, it doesn't matter if he keeps the money anyway.

What is missing, just talk to the family.

"Fuck, it's a century-old convertible, Brother Yu, this car is too awesome!"

Every time Liu Xing pauses, the next time the pitch is higher than before.

He heard about it just before Qin Yu arrived, and Li Xiao deliberately sold it and refused to tell him what car it was.

said he was going to surprise him!

Now Liu Xing sees that Lamborghini has a century-old, 20 convertible versions around the world, which is really amazing.

"Brother Yu, Brother Yu..."

As soon as Qin Yu opened the door to get out of the car, Liu Xing ran over eagerly.

Throwing the key to him, Qin Yu said amused: "Stay steady, this car is a bit wild."

"Hey, I like wild ones." Liu Xing took the key and got into the car.

Cars are just like women. He has always liked 'wild'.

"Brother." Qin Yu led Xu Xixi to the side court observation platform.

"Which little girlfriend is this this time?" Li Xiao looked behind him.

Apart from anything else, Qin Yu's vision is really good.

Although this girl is a bit worse than the previous anchor, she is also at the level of a goddess.

To be honest, Li Xiao is a little envious!

Qin Yu turned his head and looked at Xu Xixi with a smile: "Just a friend, Xixi...Xixia, this is Shao Li."

"Hello, Shao Li." Xu Xixi is still a little confused, what kind of circle is he in today?

Why is it a bit absurd in a TV series, so unreal.

"Hello." After greeted the other party, Li Xiao said in a low voice: "I can believe what you said? Anyway, don't provoke my sister."

"What if your sister provoke me?" Qin Yu asked like a joke.

Li Xiao was instantly silly.

Yes!

Qin Yu doesn't provoke the younger sister, but what if the younger sister takes the initiative to send it to him?

How to do? How to do?

Li Xiao was one head and two big, and his mood instantly collapsed.

Same as a man, he knows the allure of a sea king like Qin Yu to girls.

Seemingly wantless, immobile like a mountain.

is actually a big light bulb, illuminating a whole sky, attracting the girls one after another, like moths into the fire.

"Anyway, don't provoke her." Li Xiao looked at him with complicated expression.

Qin Yu smiled and did not answer.

He is afraid to start the next step, but it is not what he said then.

"Liu Xing went up, you really have a big heart." Li Xiao also felt that he shouldn't continue the topic just now, and pointed to the one in the stadium.

"What am I afraid of? The big deal is to drive away his Koenigsegg Regera."

"By the way, when did the thing you said start?" Li Xiao raised the matter.

Qin Yu said that there is still action in the near future, but he told the family to give out a sum of money.

The amount is not large, one hundred million.

The guarantee that Li Xiao gave would make more profit less, or even if it lost part of it, it didn't matter.

But if this matter is a pit, Li Xiao will be pitted.

Then his days at home will only be more sad than now.

"Ready?" Qin Yu was also curious about how much money he could raise. "How much are you going to prepare this time?"

"Not much, just a small goal!" Li Xiao raised a finger.

"One hundred million." Qin Yu nodded calmly, "It's true that there are not many, where are Mouse and Brother Jun?"

"The same, one billion per person." Li Xiao was suggesting that the three were moving forward and retreating together.

"I will give you an answer within two weeks." Qin Yu didn't worry about using the 'silver card.' This matter will wait until he has time.

Seeing that the two talked and laughed, they were worth tens of millions, and Xu Xixi shivered back a few steps.

Is this the world of the strong?

very scary!

Recently, Qin Yu thinks more about the arrangement of the 'Dragon 1 chip'.

I always feel the heartache of violent things in my hands. If you want to invest in research and development, production, you need to consider more problems and troubles.

He had a superficial idea before, and he asked Aixia to work with him.

If you want to really send the 'Dragon 1' chips to the assembly line, the first problem they face is that there is no domestic ability to manufacture cutting-edge chips.

They suffered a technological blockade from the Western world.

Yes, the people of Xia have never been afraid of challenges since ancient times.

The time required for this...

How can we break through the technological blockade and patent barriers so that Xia Guo has the technology to manufacture cutting-edge chips?

This is the first problem to be considered and solved!

As for the individual, Qin Yu didn't even think about it.

He didn't take the initiative to jump into the crowd and let himself be a public enemy.

Besides, I want to move such a large capital, and move this big cake that even the country is greedy for.

It is impossible to do it with personal power.

Qin Yu estimated that even with the addition of Li Xiao, Xu Hao, and Yang Chengjun, it would not be possible.

'So, the first step is to die! Qin Yu shook his head helplessly.

Perhaps, the next time the 'pachinko' appears, it can bring about a change in the current predicament.

"Qin Yu?" Xu Xixi clung to him, looking up curiously: "What's the matter with you?"

The frowned brows were smoothed again, and Qin Yu said relaxedly: "There are always headaches in work."

"Yes, it's boring enough to be a tutor now. I don't know what it will be like to work with so many people in the future." Xu Xixi looked nervous and clung to the railing.

"I haven't asked what you teach." Currently the most mainstream is piano, violin or cello.

"Guzheng!" Xu Xixi responded with a smile on his face.

Guzheng, this is really an unpopular choice.

No wonder she has a graceful temperament that can make people calm and serene.

Although there are not many people who study Guzheng, just mention the word 'guzheng'.

Vaguely and graceful figure, half of her long hair hangs over her shoulders and half over her chest, her skin is white, tender and crystal clear like fat.

The eyes are like a smile but not a smile, expressing affection.

Two dimples seem to hide a touch of shyness and tenderness, and the fairy spirit is fluttering, as if there is no cannibalistic firework.

If Xu Xixi is put on a period costume, he can be sure that he is more beautiful than the description.

Instead of just paying attention to her straight and long legs...

"What are you looking at?" Xu Xixi's cheeks were a little hot as he stared at him all the time.

"I wonder what you would look like in ancient costumes." With eyes facing each other, Qin Yu said calmly, "As beautiful as the Guzheng fairy I imagined."

"is it?"

Xu Xixi was a little shy, but quickly took out his phone and said, "Actually, I have pictures of performing in ancient costumes. Would you like to see it?"

"Of course, who would say no to beautiful women?"

"How can it be like you said..."

Xu Xixi opens the photo album and finds out the costume photos taken by her performance.

In the photo, she wore a white dress, with her arms raised falsely on the guzheng, with a serious expression and a slight smile.

'S elegant makeup blends with her outfit, bringing out more natural beauty.

"Oh." Qin Yu sighed.

Xu Xixi held the phone tightly in his palm, "I said, it's not as good as you think."

Qin Yu looked at him weirdly, the meaning in his eyes was obvious, 'what are you kidding about?'

"I sigh because you look more beautiful in ancient costumes than I thought, and the image of the muse in your dream is shattered!"

Qin Yu shook his head with a bitter face, as if how hard this incident had caused him.

"Hee hee, have you fooled many girls with this trick?" Xu Xixi smiled back and forth, and his mood was about to overflow.

"How is it possible, I never lie to girls!" Qin Yu said confidently.

He really never lied to a girl!

Know that there is a decisive difference between girls and women.

The difference between        is more than a thousand miles...

It's not that Qin Yu is lying, he has always been an honest person.

Everyone who knows him knows that it is simple, very simple!

.....

"Brother Yu, return the key to you." Liu Xing sweated his forehead after the run. After returning the key to him, he shouted 'cool, cool, so cool.'

For those who love to play cars, this trip is even cooler than finding two goddesses to plug their wings.

"Do you want to try on the track?" Qin Yu asked Xu Xixi, who looked down at his head.

"Can you? Their co-pilots are not seated. UU reading [www.uukanshu.com](http://www.uukanshu.com)" Xu Xixi wanted to go but was a little worried.

"Don't worry, the old driver." Qin Yu said and took her to the starting point.

got on the car and fastened the seat belt. Qin Yu looked at her and asked, "Are you ready?"

Xu Xixi held the seat belt with both hands, and nodded in fear and excitement: "Ready."

Buzz, squeak~

The moment the tire slipped on the ground, a strong feeling of pushing back suddenly hit.

Xu Xixi only felt that the air was being squeezed out of his chest, holding his breath instinctively, and holding on to the seat belt with a pale face.

"Ah~" The harsh scream echoed in the arena.

Li Xiao and others on the observation platform couldn't help laughing, "Yu brother is worthy of being an old driver. This is a skillful trick."

"It's a corner." Liu Xing pointed to the corner, looking forward to it.

The car looked like a dexterous lightning, a beautiful Z, and the curve had been left behind.

"Fuck, fuck, fuck, handsome~" Liu Xing stamped his feet in excitement, roaring almost the whole time.

His time for playing cars is not short, and he has met many masters.

But there has never been a person who can maximize the handling and performance of a car like Qin Yu.

This means that he not only has superb posture skills, but also knows every data about the vehicle he drives.

Really realize that the car is an extension of the body, making it like an arm.

## **Chapter 175: Racing**

Only the short noise of tires rubbing against the ground can be heard on the track.

'S breathing is as fierce as it is on fire, watching the scene of flying back and forth.

Xu Xixi's heart was about to jump out of his throat, and the balance ball swayed violently with inertia.

When he slowed down towards the exit, Xu Xixi felt like a rebirth.

"Huh, huh~" Xu Xixi suddenly leaned sideways towards Qin Yu in the sound of short breathing.

The sparkling red lips are like crystals, and he kisses his thick lips without hesitation. The fierce heartbeat is close together, and the frequency is synchronized.

braked and stopped in front of the entrance, Xu Xixi's lips were stuck, "Woo~"

In front of the observation platform, Xu Hao's jealous face was distorted.

How come there is no girl like Xu Xixi who initiates an active attack on him.

Lips split, Xu Xixi slumped in the seat, panting, his heart about to jump out of his chest gradually calmed down.

Scanning Analysis System: Literature under the pens of

Xu Xixi's data does not seem to him particularly amazing.

can only be regarded as a 'normal' level.

But her temperament can definitely be ranked second, even not as good as Lan Yue.

If the system has a temperament score, Lan Yue is the ceiling, then she is also at least 95 points.

found his eyes staring at him loosely, obviously distracted.

Xu Xixi shook his hand in front of him: "Hey, what are you thinking?"

"Miss you." The pupils reunited and looked directly at her with a smile.

"Ah~" Xu Xixi hurriedly shifted his gaze and lowered his head at a loss.

"Brother Yu~" Xu Hao shouted to remind him to leave the runway, the car behind had already set off.

Parked the car in the parking space, Qin Yu looked at Xu Xixi, who was still immersed in emotion.

"Your clothes." Qin Yu said.

Xu Xixi lowered his head blankly, "Ah~"

pressed his hand on his chest, Xu Xixi laughed on his face to cover up his embarrassment.

quickly tidying up his skirt with both hands.

Just now, Qin Yu's speed was as high as 280 horses, and his speed when cornering was 160 horses.

is almost unbelievable, but it is also accompanied by strong inertia.

If her skirt were not for good elasticity, Qin Yu could only take her to the mall to buy clothes.

back to the observatory.

"Friend, huh?" Li Xiao looked at him teasingly, as if saying, 'you have so many friends.'

"Brother, this is what you don't understand." Qin Yu looked at him solemnly and said: "I have no other hobbies, I like to make friends."

"...I vomited." Li Xiao really took it.

"I'm so happy today, are we going to add some extra money?" Yang Chengjun proposed to add some chips, but it's boring to run more than two laps on the court.

"How to play?" Qin Yu asked.

"How about donating to the orphanage? I went there last time, and I was deeply impressed!" Li Xiao suggested.

The last few people discussed, the loser will donate to the orphanage in the name of the champion.

The amount is set at 100,000 per person.

"This kind of activity can be carried out frequently in the future, should we set up a team?" Xu Hao asked happily.

"Just your skills, what team will take you to play?" Yang Chengjun was really in a good mood, and he would even complain.

"Brother Jun, without slaps." Xu Hao couldn't laugh or cry.

"We will finish the game first." Li Xiao made a final decision and walked towards his bull.

Li Xiao, Yang Chengjun, Qin Yu, Han Hu and Liu Xing played.

Xu Hao is the referee, but Ge Qing said he was not interested.

This is also the ranking they decided, and Qin Yu ranked second from the bottom.

The location is very good, and there is enough space in the tournament for them to perform their best.

"Do you want to come again?" Qin Yu asked Xu Xixi's opinion before getting into the car.

Seeing her hesitating look with expectant eyes, she knew she would follow.

"Brother Yu, do you want to bring someone to play with us?" Han Hu is reminding him that one more person will have an extra load, which will also affect handling, balance and speed.

"It's okay, everyone is free to play." Qin Yu responded indifferently.

"This is your choice, don't blame me for bullying you." Li Xiao felt that his opportunity had come.

He ranked first, and Qin Yu had another load on his car.

If you still don't win this time...then try hard next time.

falg can't stand up randomly.

He had seen Qin Yu's skills, and he was more than a professional class.

toot~

The moment the electronic command sound rang, the four cars started at the same time.

followed the graphite black and classic red 458 rushed out, leading the way.

Han Hu is driving the Ferrari Classic Red 458.

As a member of the three-second supercar club, the performance of the 458 is beyond doubt.

Han Hu spent a lot of time and energy on it, and it took him three months to debug and modify it.

Maybe his 458 is not the most powerful in the modified car, but it is definitely the most suitable for him.

The power of the car is not the stronger the better, the lack of control will only cause tragedy.

Take a later drive as an example, if it is a driver who has never driven before.

is a kick of floor oil trying to test the limit speed, there is a high probability that the car will get out of control.

Although Han Hu can't do it like an arm, he still knows its data and performance well.

buzzing~

The engine roared and four cars were speeding on the track one after another.

The one in the front was Qin Yu's. Xu Xixi in the co-pilot closed his lips tightly, his face flushed, and his wide pupils changed from fear to panic, to a metamorphosis of gradual excitement.

Qin Yu, who was completely absorbed in the competition, did not notice her change.

For him, everything around him is far away, only the track in front of him comes into his mind through his sight.

The body and the car are integrated, he is just racing against himself.

squeak, squeak~~

The rough friction between the tires and the floor produced a thick green smoke, and Xu Hao outside the court held his head speechlessly.

Every time I watch Yang Chengjun drag racing, he feels heartache of cardiac arrest.

Brother Jun, I beg you brother, please!

squeak~

There was another burst of blue smoke rising, and Xu Hao was completely desperate.

Even if it's not his car, it hurts to watch someone build it like this!

How can such a good GT2RS fall into the hands of a reckless man?

.....

Qin Yu successfully won the first place, Han Hu was second, and Li Xiao was third.

Yang Chengjun, who is operating fiercely like a tiger, is pleased to mention the fourth...

It was Liu Xing who fell in the end. Koenigsegg was really wronged in his hands. It is worthy of being a dish and a playful.

"Brother Yu, admire it."

Han Hu parked his car next to him and praised: "Someday you are interested in participating in a professional game, you must tell me."

"Do you have a team?" Qin Yu asked rhetorically.

Han Hu doesn't have a team, but he knows a group of domestic modding experts, and these people are not bad in technology.

It's just that the racing industry is not taken seriously in China, and there may even be some contemptuous discrimination.

Let them have no suitable stage to display their abilities and show their talents.

"I have no plans to form a professional team to participate in international competitions. I just want to play by myself."

Qin Yu doesn't have time to do these ~www.mtnovel.com~ The things on hand are enough for him.

"Maybe you will change your mind someday?" Han Hu responded with a smile.

I chose the orphanage where Li Xiao had been to, and one million was credited to the public donation account in Qin Yu's name.

"Brother Yu, do you want to try my Koenigsegg?" Liu Xing walked over dejectedly.

How come he always can't play his car, so angry!

"I will try." Qin Yu took the key and threw his car key to Xu Hao.

He has been waiting for a test drive for a long time.

"Brother Yu, I'll be with you." Xu Hao, who took the key, wanted to play with him.

"Just you?" Li Xiao vomited: "You only have to eat ashes behind."

Xu Hao replied cheerfully: "I'm open, I'm happy to eat ashes."

The two got on the track, and Koenigsegg, who was like a tweaking little girl in Liu Xing's hands, immediately turned into a wild beast.

Watching Koenigsegg, who is speeding on the track, will pull out five or six positions nine cakes

Liu Xing couldn't believe his eyes, 'is this really my car?'

Seeing his depressed and speechless expression, Li Xiao patted him comfortably on the shoulder: "You can still use it to pick up girls in the future. The car is not suitable for you."

Liu Xing nodded resignedly, feeling slightly better.

Although it can't bring out the performance of the car, it's okay to pick up girls with it, and the probability is high.

## **Chapter 176: Qin Yu's new circle**

It was night after leaving the last game, and Xu Xixi was still in excitement.

"Where to go next?"

Seeing her unfulfilled look, she was obviously addicted to playing.

"Go to the hotel to eat, and then sleep!" Get together, you must have a meal before you can leave.

Xu Xixi was dumbfounded.

Is he going to take himself to the hotel directly? ?

do you want to go?

Xu Xixi's first thought was not to refuse, but whether to go...

When a person starts to hesitate, it proves that her choice is more biased towards the latter.

is the option that creates a 'contradiction'.

So, when Qin Yu drove the car to Waldorf Astoria, Xu Xixi was still sitting in the co-pilot.

The most comfortable thing for him to come to Waldorf is that all questions will be arranged for him by the butler.

"Take her to the restaurant, all consumption is in my name." Xu Xixi followed the housekeeper to the western restaurant.

Qin Yu also came to Weijing Pavilion alone.

Li Xiao and others have arrived, but Ge Qing is missing.

"He has something to go back, let's leave him alone." Li Xiao motioned to him to sit next to him.

Before the dishes were on the table, Li Xiao mentioned investment again, and Han Hu and Liu Xing also wanted to take a ride.

"They probably know something and they are reliable, but you have the final say if you want them to join." Li Xiao was asking for his opinion.

Han Hu and Liu Xing are in business at home, but since they can become regular members of the circle, this business is definitely not easy.

"A quota of 100 million is the same as you." Qin Yu agreed.

Since Li Xiao can bring it up personally, it shows that the two are reliable in his heart.

Otherwise, why is there only one missing Ge Qing?

Those who are present now form a new circle.

The circle of Li Xiao and Ge Qing is their own business.

But in the new circle formed today, there is obviously no place for Ge Qing.

"Okay, then you come and talk to them?" Li Xiao wanted him to confirm his position in the circle.

The core of this newly formed circle is naturally Qin Yu, which is understandable.

Li Xiao also occupies the advantages of age and 'Big Uncle', and has more say than other members.

But how long this circle can last, and how much influence it will have.

It depends on what kind of benefits and changes Qin Yu will bring to them this time, and everyone here is looking forward to it.

Their status at home is more or less embarrassing.

To be straightforward, yes.

Outsiders only see the surface of their scenery, but they cannot see the other side of embarrassment.

Are Liu Xing and Han Hu short of money?

There is no shortage, even if the position at home is embarrassing, there is no shortage at all.

What they lack is recognition, praise and affirmation, rather than being called a prodigal.

If you are willing to be a prodigal, you will lie at home and wait to receive your pocket money.

is also much better than most people in this world. Luxury houses, sports cars, and worry-free food and clothing are basic.

But this is not the life they want, otherwise why ask Li Xiao to test Qin Yu's attitude.

"I won't say any more polite words. In short, everyone here today is my own, and I will make a fortune together in the future!"

Qin Yu's words are very white, with a little meaning.

I can make a fortune!

"Brother Yu, we listened to the younger brother about your rules, how long is the cycle this time?" Han Hu wanted to know this.

"For 20 days, no more than one month at most, the money will be transferred back to the remittance account." Qin Yu said confidently.

"When shall we start?" Liu Xing had to go back to raise money first.

wants to collect a hundred million, he is probably going to pull the tiger's skin this time, carrying Li Xiao's name.

Later, he will talk to Li Xiao separately.

"Within this month, please wait for notification at any time."

It's normal for Qin Yu to say that, when it depends on the market, it needs to be analyzed accurately before starting.

If he comes up, he will say, "Anytime," the two of them really have to think about it.

After dinner, a few people drank two bottles of wine, when it was time to leave.

"You won't leave?" Seeing that Qin Yu didn't mean to leave, Li Xiao asked curiously.

"I have something to do, you go first." Qin Yu smiled with a normal face.

"Then you pay attention to safety." Li Xiao turned and left with a weird expression.

This kid's life is too moist.

I drove home and thought about it all night, but Li Xiao didn't want to understand what was wrong with him?

.....

The next day, I woke up surrounded by soft velvet.

Xu Xixi found that the temperature around him was gone, and the other party had already left.

Lost, sad, sad.

These little emotions were quickly interrupted by the sound of the phone, which was from the front desk.

"Miss Xu, Mr. Qin ordered the breakfast for you, can it be delivered to your room now?"

"Yes, that... does he have any other explanations?"

"Yes, Mr. Qin specifically explained before he left. All your expenses in the hotel will be recorded in his name. You can stay as long as you want. If you need to, just ask your butler directly."

"In addition, according to the size provided by Mr. Qin, we have purchased new stockings and Pleasurements underwear for you..."

.....

In the large classroom, Qin Yu, who was in class, noticed the vibration of the mobile phone.

'Thank you, when will we meet again?' Xixi.

'I have time to find you.' Qin Yu.

Putting away the phone, Qin Yu once again devoted himself to learning.

His passive skills: hardworking and studious.

is not just multiple experiences and changes in game skills, but can also be applied to daily learning.

It did not make Qin Yu an unforgettable genius, but it also allowed him to easily understand the meaning of the topic, break it apart, crush it, absorb it, and transform it into his own knowledge.

If he had this ability in high school, he would not sit here now.

But there will be no chance to meet so many interesting new friends and start to fulfill my childhood dream.

went back to the dormitory after class, and found Hou Kun was lying on the bed, the unclosed book was still beside the bed.

This is not like him usually, "What's wrong with this?"

Shen Dong glanced in the direction he was looking, and said, "What else? I've been hit."

"The one named Tong Tong?" Qin Yu asked amusedly.

"After eating yesterday, someone answered the phone and left, leaving him alone." Shen Dong jumped out of the bed and came to Hou Kun and pushed him.

"Come on, monkey, where is there no fragrant grass in the end of the world, if it doesn't fit anymore, you are not raising fish?" Shen Dong's comfort was a little bit heartbreaking.

"Just tell me, I don't even have the qualifications to be a spare tire." Hou Kun seemed to have suddenly opened up, and he could even realize the potential hint.

"Then you mean you want to make a spare tire?" Yan Er asked angrily.

"Second brother, you can pull it down, don't irritate the monkey anymore." Shen Dong replied in an angry voice.

"Don't fight between you two, I'm fine." Hou Kun sat up, his tone a little lost, but his emotions seemed okay.

"Actually, I am not angry with others. I just think my mouth is too stupid. I didn't want to find any other topics. In the end, I felt embarrassed to talk about it~[www.mtlnovel.com](http://www.mtlnovel.com)~ Hou Kun scratched his head depressed. , He is low in EQ, not stupid.

When        was halfway through the meal, he knew the topic was a bit boring and wanted to find something else.

But Zhang Xitong didn't take the initiative to speak. He couldn't find other topics for a while, so he could only talk awkwardly in the end.

When the other party left after eating, Hou Kun felt quite disappointed, but he did not feel relieved.

Keep talking like this, it's him who is embarrassed.

"It's okay, I will be able to contact the girl a few times in the future." Qin Yu said.

Hou Kun smiled awkwardly and said, "I still think reading is easier."

"That's okay! You just study hard, and finally gallop in the business world and become an elite white-collar worker. When the time comes, the goddess will not need you to take the initiative, and I am afraid that you will not find a girlfriend.

Shen Dong danced and described his bright future to Hou Kun. He went in and out of luxury cars and went to high-end venues.

manages hundreds of millions, billions of funds, and talks with people about tens of billions of large projects.

At that time, the goddess was in front of him, she was just a shy housewife.

"Which one you want to fly, you have to fly, Niubi!" Shen Dong put his thumb up in front of Hou Kun.

"Fuck, there is such an exaggeration as you said!" Qin Yu opened his hand with a smile and cursed.

He is purely teaching bad children, Hou Kunduo is a child, don't let him get the wrong color in the end.

"Brother Yu, just tell me if I'm telling the truth." Shen Dong asked with a grin.

Seeing Hou Kun's eyes with expectation, Qin Yu thought for a while and said: "If you really want to be like Dongzi said, the reality will be more exaggerated than what he described. It is not just the goddess who wants to post it upside down."

### **Chapter 177: Qin Yu is here again**

What Hou Kun gets from his longing is blind expansion or down-to-earth motivation.

Only he knows this, but he has forgotten the unhappiness before.

"Hey~" Shen Dongyan smiled and sat beside Qin Yu, bumping him with his shoulder: "Brother Yu, how do you feel like tearing the black silk by hand?"

"I don't know." Qin Yu said calmly.

"Don't be humble." Shen Dong pointed at Yan Er: "Second brother girlfriend called early in the morning and asked if you came back last night... Xi Xi didn't go back to the bedroom. You weren't together?"

"Yes." Qin Yu said.

"Do you still know that?" Shen Dong looked at him suspiciously, saying, 'Is Brother Yu from the graceful school?'

"What is Wanyue School?" Qin Yu was surprised, what new saying?

"It is superficially strong, but in fact it is very gentle and considerate..."

Yan Er interrupted openly and said, "It's a wolf dog on the surface, and a milk dog in the back."

"It's almost the same!" Interrupted Shen Dong, slammed his mouth with excitement.

"No... I really don't know."

Qin Yu said sincerely, "I don't need to do it, they just tore it by themselves."

surprised!

Yan Er and several people in the dormitory are stupid.

"Puff~" The sound of spraying water came from the corridor.

"What are you talking about, what am I..." The cursing voice went away.

Shen Dong's face was flushed, and he couldn't say a word in his stomach full of sorrows.

"Brother Yu, you are really poisonous!" Hou Kun couldn't help but vomit.

It's really not easy for him to live in the dormitory as an honest person.

"Tsk tsk..." Shen Dong was completely jealous, "Brother Yu, I want to apprentice, teach me!"

"Don't you have Yang Yuyou?" When Qin Yu left yesterday, he saw that they both had a good conversation.

"Don't mention it, people look down on me." Shen Dong laughed to himself, "Where is the conservatory, I am not handsome, and I have no money, eight packs of abs, and only one mouth is left."

"A good mouth is fine, girls like a sweet mouth." Yan Er encouraged him to work harder and take down Yangyou.

Four people and two pairs will go shopping and watch movies together.

is still quite interesting.

"I don't have any advantages, so I'm left with self-knowledge." Shen Dong waved his hand with a look through.

Yang Youyou is very happy, but he just finds him interesting.

I like it, I can't even talk about it.

Shen Dong can feel this by himself. There is a chance to catch up, but he doesn't have to think about it and knows that it will be difficult.

"It's not that there is no chance, don't belittle yourself." Qin Yu was not purely comforting him.

Although he is not as handsome as he said, his family is ordinary.

But he has a very good personality, knows how to take care of others, and can speak nice things.

Ask for a little bit lower, there are still plenty of options to do.

"Various festivals, daily gifts, red envelopes, please eat and drink, accompany jokes and laugh, you will be scolded if you don't agree, and the last sentence is: scum, do you deserve it?"

Shen Dong said that he laughed first, "This kind of feeling is too tired, why bother!"

"Transparent!" Qin Yu really didn't expect him to have such a deep understanding, "You have to be an emotional mentor, there must be a future."

"Haha, maybe I will really do this in the future, then you have to invest in me, Brother Yu." Shen Dong responded with a big smile.

"It is necessary. Investment companies are not as good as investors. This is a famous saying in the investment industry." Qin Yu said.

"Count me." Yan Er put down the barbell and raised his arms to reveal strong biceps: "If anyone dares to cause trouble, physically persuade them to leave!"

"Then I will do the data analysis, the technical officer will be fine." Hou Kun interjected nonchalantly.

"Don't say it, it really suits you."

Shen Dong can think of him sitting in front of the computer, wearing glasses, doing data sorting and analysis, and being gentle.

.....

In the afternoon, Qin Yu drove to the door of Shanghai Opera at less than 5 o'clock.

Seeing that it was strange, the security guard walked out of the pavilion and planned to register.

The window of the car was lowered, and the security guard looked in with amusement: "Who am I supposed to be! I changed the car."

"Yeah." Qin Yu opened the storage box, took the box of Huazi and threw it to the security guard.

"Oh, thank you." The security guard caught Huazi and kicked it in his pocket, opening the gate and letting him go.

Qin Yu is more diligent than the Shanghai opera students, is polite and polite, and brings gifts from time to time.

Who doesn't like such a rich and polite young man who will come?

Registration is free.

In the parking lot, Qin Yu, who had parked his car, carried a large bag and walked to the staff building.

"Xuan Xuan." Knocked on the door and Qin Yu carried things in. "This is what I bought for Teacher Shen. They are all daily supplements and beautiful bird's nest."

"Buy so much, mom is going to talk about you again." Wen Yaxuan looked at the dozen or so gift boxes on the floor, feeling a little headache.

The things he brought last time hadn't been eaten yet, so I bought so many more this time.

Isn't he afraid of making up too much?

"It's not that Mr. Shen eats alone, you can also eat more. Women should pay attention to maintenance from a young age, so that they will not show old age in the future."

Qin Yu pointed to the hand-wrapped box and said, "There is top-quality flower glue in it, and it is included in the practice."

The things he bought in the flower maw shop are all top ingredients that he ate last time.

Just this box, more than 50,000.

Invigorating qi and blood, beautifying and beautifying, especially the collagen contained in it, enabling women to maintain natural, firm and moisturized skin.

"Got it!" Feeling his concern, Wen Yaxuan ran to the kitchen happily: "Mom, Qin Yu is here."

"Come on again?" Teacher Shen's cold voice came from the kitchen.

"Yeah, Teacher Shen, I'm going to trouble you again." Qin Yu leaned against the kitchen door and said with a smile.

"...Help!" Shen Bing pointed to the uncut dishes on the cutting board.

"I'm coming." Wen Yaxuan rushed to do it. Recently, she has been working hard to learn how to cook.

is just that every time a dish is made, Shen Bing can silently sigh.

"I'm coming." Qin Yu grabbed her shoulders and pushed her out of the kitchen, "Go and put away the things I brought."

"Oh~" With grievances pouting, Wen Yaxuan reluctantly went to pack her things. I used to lay hands on Liang Chuyu at home, and Qin Yu would be fine with the side dishes alone.

Since he has been squeezing rice more often, he has become more proficient in knife skills and hands-on skills.

Compared with the past, it is more and more proficient.

"There are so many delicious foods outside, can't satisfy you?" Shen Bing, who was making the soup, turned his back to him.

tilted his head and looked at her graceful back, Qin Yu smiled: "I like to eat home-cooked food."

"Home cooking is sometimes tired of eating." Shen Bing replied.

"That was made by someone else, Mr. Shen, you made it, so you don't get tired of eating it." Qin Yu retorted.

"...Oh!" Shen Bing sighed and did not continue.

She is not a good talker, and it is not easy to say so much.

"Let's let." Shen Bing cooked the soup and went to the refrigerator outside to get what he needed.

Qin Yu leaned back against the cabinet, raised his hands and inhaled backwards, as if trying to turn himself into a paper man.

Shen Bing passed sideways, and the inadvertent scratching of the rear axle made her tremble.

Only when nothing happened, go out, come in, and the kitchen will be quiet again.

Shen Bing, who was cooking, didn't notice, and the slightly raised corners of her mouth were the most true portrayal of her heart.

"I'm back It's Dr. Zhu Ying who is back.

"Huh? Someone is coming?" Seeing Wen Yaxuan carrying her things into the house, Zhu Ying looked curiously in the living room.

"Auntie, Qin Yu is here." Wen Yaxuan said with a smile.

Zhu Ying showed a touch, and walked to the kitchen after 'oh'.

Seeing him really helping in the kitchen, Zhu Ying said amusedly: "Are you going to be a door-to-door son-in-law?"

"Don't talk nonsense." Shen Bing looked back at her, the arc of the corner of her mouth disappeared.

"Okay, I won't say, wait for the meal." Zhu Ying put the bag back in the house and went to wash. She ran outside for a day and felt uncomfortable. She had to take a shower first.

After half an hour, all the food was served on the table.

Qin Yu and Wen Yaxuan are sitting together, while Shen Bing and Zhu Ying are opposite.

"Mom, the flower gum Qin Yu brought is the most top-notch. The way is to remember it in the box." Wen Yaxuan is afraid that she will forget it in a few days, so it's better to tell her first.

"The top-notch fish maw is not cheap, right?" Zhu Ying looked at Qin Yu with interest.

"It's okay," Qin Yu said lightly.

"Next time, don't bring things." Shen Bing knew how to say he would come, but really don't bring things anymore.

There are so many supplements in the house that it can be used as a staple food, and Shen Bing obviously feels that he has been fattening during this period of time.

### **Chapter 178: Call Xiaoyu!**

"Qin Yu, why do you think you have become handsome?" Wen Yaxuan asked with a puzzled eye and tilted her head.

"Really?" Qin Yu smiled.

This is because the potential increase brought by the 3 points of sunshine has reached the extreme, and his momentum is growing stronger.

The combination of the two will naturally make people feel his obvious changes.

"Eating, what is handsome or not?" Shen Bing raised his head and glared at her.

Wen Yaxuan shrank her neck, and found that Shen Bing didn't look at herself anymore, and put out her tongue wickedly to express her dissatisfaction.

Ling Ling~

Qin Yu's phone rang, and when he saw the call prompt above, he decisively pressed the answer button.

"Hey, mom~"

At the table, the three women raised their ears at the same time, feeling inexplicably nervous.

.....

2 hours ago, the eye-catching matte black big G stopped in front of the gate of Nanhu Manor.

Manager Liu, who had been waiting at the door hurried forward, took the initiative to pull away the co-pilot and smiled and said, "Mrs. Qin, meet again."

Liang Chuyu carried the Hermes Gardenparty sent by Lu Qing, "Yes, I always trouble you, don't be surprised, Manager Liu."

"Why?" Manager Liu pretended to be horrified: "My job is to provide services to customers. If even this is troublesome, the company can't open me?"

"Hehe, Manager Liu is really good at talking, how can the company be willing to do your job so well?" Liang Chuyu smiled in cooperation.

"Hello, Mr. Qin, it's a hard drive to drive here!" Manager Liu walked around the front of the car quickly, another compliment.

So far, all the customers he has received.

Qin Han and Liang Chuyu who have watched four times are not troublesome at all, but they are the most sincere.

Judging from the conversation he heard by chance, they were just considering whether to buy, not whether it was affordable.

is the kind that is particularly emboldened, and I don't worry that such a large expenditure will affect the business.

In Manager Liu's heart, the two are super rich people hidden in the waste city.

This kind of people are found all over the country. Xia Guo was influenced by Confucianism for thousands of years and created this special situation.

Especially the temperament of Qin Han and Liang Chuyu, an extraordinary tolerance, there is a sense of oppression of giving orders to the station.

A shrewd person who is good at calculations, who can calculate the accounts clearly and clearly with just a few words, makes Manager Liu a cold sweat.

If he reveals more, the other party will even understand the company's interests.

This ability makes Manager Liu's eyes shine, and he can't wait to dig her into the company right away.

I can think of the other party as Mrs. Kuo who waved to buy a few hundred million mansions...

Forget it, my small company...not worthy!

"Did you two take a casual look today, or do you have any ideas?" Seeing the two standing at the door, without the intention to go in, Manager Liu asked curiously.

"Wait first, Mr. Lu will be here soon." Qin Han said, the oppressive feeling came on his face.

is more pressured than facing his immediate boss, Manager Liu silenced his voice in an instant, and nodded with a smile to meet him.

Within five minutes, Lu Guohui's family arrived.

The two families met together. This kind of battle let Manager Liu know that this is not easy!

'Could it be...' Thinking of a certain possibility, Manager Liu was pleased.

but hurriedly reduced a somewhat triumphant smile, and the process of speaking and receiving was more enthusiastic.

"Qingqing, Auntie still wants to ask, what do you think?" Standing on the platform of the building and looking at the scenery of Nanhu Lake, Liang Chuyu asked Lu Qing again.

Looking at her parents in embarrassment, Lu Qing really didn't know how to answer.

She knows that Aunt Liang respects her own opinions, but such a big thing can be bought if she listens to her opinions.

just in case.....

Lu Qing wanted to see if their relationship changed, how would the family meet in the future?

"Chu Yu, you can tell your children what to say about such a big thing. If you want me to tell you, just follow your own heart. Anyway, I think it's a good place."

He Hong took the initiative to take over for her daughter to relieve embarrassment, and gave Liang Chuyu a reference as a friend.

"It's good, but... it's too expensive. In my life, Lao Qin and I have never thought about today." Liang Chuyu was actually satisfied, but she just couldn't make a decision.

The external price of this house is 200 million, which was an astronomical figure for them in the past.

"Then you are not your son anymore. The child has made money. First of all, you want to honor the two of you. What else are you dissatisfied with?"

He Hong understood her thoughts, and changed to herself, suddenly breaking from one million to the level of billions.

'S performance will only be worse than her, at least the number of contacts in her work is in the billions.

Although she does not belong to a dime, it is naturally easier to accept it psychologically if there are more visible. The nature of Qin Han's work is also the same, so the two can accept the fact that their son has earned hundreds of millions.

is an ordinary family, and now I am afraid it is still in unreal self-doubt.

"Then, really bought it?" Liang Chuyu cast his gaze to Qin Han.

She knew it herself, and finally decided that Lao Qin and herself had to come.

"Let's call Xiaoyu!" Qin Han's most attractive thing is the yard. Turning around to make some wood, he can do wood carvings in the yard, play chess, and go fishing in the lake when he has nothing to do.

.....

"Of course I buy it, it may be the ancestral home of our old Qin family in the future." Qin Yu added another bargaining chip to his mother.

Guangzong Yaozu, full of descendants, who dare to say that he has never thought about it in his heart?

"Okay, then buy it, don't worry, Mom will definitely negotiate a good price." Liang Chuyu is already considering how to bargain.

The price of 210 million yuan is 200 million yuan in her heart.

The next few will be cut down. If you don't cut down hundreds or tens of millions, Liang Chuyu's accounting has been useless over the years.

"It's all over to you and my dad... In addition, there will be a few sums of money in the account at the decisive time, and I will notify you when that time." Qin Yu said about the quota for the next plan.

"You come back quickly and take the card away, where I have come so much time to worry about this for you." Liang Chuyu said in a muttering voice.

In fact, I was afraid of delaying my son's business.

It's like a business with hundreds of millions of funds flowing at every turn. If you delay it, something will happen.

What if she has no cell phone signal one day, or is too busy to receive it?

"Okay, I'll go back to get it another day." Qin Yu also felt that it was always too troublesome to do this, so he had to find a good candidate as soon as possible to formally set up an office in the abandoned city.

"Qingqing is on the side, can you say something?"

"Don't tell me, you are all by the side, what can you say, you are in touch every day!" Qin Yu calmly rejected his mother's proposal.

He would be sitting at the dinner table of Shen Bing's house, and say something to Lu Qing?

Saying "I miss you too" is Wang Fried!

It was only Qin Yu himself who was bombed, and he was scorched from the inside out.

"That's OK, let's leave it alone, you are busy with you." Liang Chuyu felt that it was the same. The children should let them communicate privately. She only needs to know that the relationship between the two is good.

Ending the call and putting away the phone, Wen Yaxuan asked softly: "Qin Yu, is it your mother?"

"Well, tell me about buying a house." Qin Yu responded with a natural expression.

He has escaped the King's bombing game, so he's afraid now?

"Qin Yu Where is your home?" Zhu Ying asked with a curious smile.

"The abandoned capital." Qin Yu responded.

"Famous ancient capital! I haven't been to it yet. If I go there, you, the landlord, will take me to take me around the abandoned capital."

Zhu Ying just casually said that her current schedule is all arranged above, and she has no say at all.

looked up at her balance ball, Qin Yu said firmly: "Definitely."

"Is the house price expensive in the abandoned city? Where did your family buy the house?" Shen Bing suddenly asked.

She is trying to find a psychological balance to calm down her gradual loss of control.

"On the other side of Nanhu Lake, do you know Nanhu Manor?" Qin Yu looked at her calmly.

"Are you talking about a Nanhu Manor with hundreds of millions of dollars?" Zhu Ying exclaimed.

Thanks to the experience of this time, the most on her mobile phone is all kinds of traffic platforms. is related to the waste city, it appears the most frequently, and the most popular is the Nanhu Manor, which has a set of hundreds of millions.

"Yes, my parents just called and said that they think it's good, this meeting should be negotiating." As a son, he knows Liang Chuyu's character better.

Serious work, resolute and resolute has always been her style of doing things.

This will no matter who is talking to her, I believe she must have learned her pressing style step by step. Reading and Reading Pens Interesting

## **Chapter 179: Friends in Nothing**

Shen Bing, who tried to find balance to suppress his emotions, once again suffered a shocking blow.

A house with hundreds of millions of dollars is bought as soon as you say it is bought, so he is also a son of a wealthy family?

"Wow~ It seems that you are also a wealthy boy, disrespectful and disrespectful." Zhu Ying clasped her fists and laughed weirdly.

"What rich family, our family is not a rich family." Qin Yu quickly denied that he didn't want the outside world to misunderstand anything.

Explain the work of Qin Han and Liang Chuyu clearly, and Qin Yu talked about his income abroad.

"Actually, it was luck this time. I made a big bet and made a lot of money. If the price of New Zealand currency continues to soar, then I may have to come to the door cheeky now."

After Qin Yu finished speaking, he smiled and looked at the opposite side, as if to get an affirmative answer from her.

"Then you come to live well, I believe you will get better." Wen Yaxuan looked at him in response, the silly girl turned out to be serious.

If it were not for Shen Bing and Zhu Ying, Qin Yu really wanted to hug her and love her.

Facing Qin Yu's scorching gaze, Wen Yaxuan did not shyly avoid it, but responded boldly.

It seems that Jiang Xiaoshan's statement before, really stimulated her.

This Huiyu brother just wants to give Jiang Xiaoshan a thumbs up, the best mistress deserves it.

"By the way, I have a friend who has an appointment to watch a movie, are you going?" Qin Yu asked pretendingly.

"Okay!" Wen Yaxuan found that her mother had no objection, and immediately agreed happily.

As for the friend who asked him, as long as Qin Yu is there, she doesn't care at all.

At this time, Shen Bing was still immersed in the information Qin Yu said, completely unaware of what was going to happen.

Qin Yu is not a son of a wealthy family, everything is earned by his own hard work.

This surpassed all her expectations and caused a great shock in her heart.

If it is true that he said, facing her and Xuan Xuan's relationship, should he still maintain the development trend of 'Let's go with the flow'?

If they really get there, will the so-called family opinion happen to Xuan Xuan again?

Shen Bing was upset for a while, and even Wen Yaxuan didn't notice when she said goodbye to her when she went out.

.....

took Wen Yaxuan to leave school, and the two went straight to the cinema.

"When did you buy the new car?" Seeing the various buttons in the car, Wen Yaxuan wanted to dial each to try its use.

"I only arrived a few days ago." I found that she was curious about the central control, "If I want to drive, I will leave the car in the school for you."

"Huh?" Wen Yaxuan was taken aback, shook her head and said, "No, I have nowhere to use a car."

I always go to school and go home in Shanghai opera. It only takes a few minutes to find a lazy cat, and there is nowhere to use a car.

Besides, this car is so high-profile, if Shen Bing knew about it, she would be scolded again.

"Why don't you drive?" Qin Yu said as he leaned the car on the side of the road and turned off the engine.

and Wen Yaxuan changed positions and taught her how to start from the first step.

took out the key, put his finger on the touch screen and swiped upward.

The sleeping beast is revived again, buzzing~

"Don't be nervous, just like driving normally, be careful when going up and downhill and crossing speed bumps." Qin Yu, who was sitting in the co-pilot, guided her carefully.

Wen Yaxuan was almost crying when she got off the car when she drove to the theater.

The first supercar driving experience, super poor!

"I was only worried and afraid along the way, and I didn't remember what you said." Wen Yaxuan lowered her head, and followed him forward in frustration.

The forward figure suddenly stopped, the fingers touched, and the small hand was held in the palm of the big hand.

"If you don't remember, you won't remember. Isn't it a big deal?" Qin Yu took her hand all the way to the theater, "Two tickets, thank you."

"What do you want to see?" the cashier asked politely.

looked up at the movie recommendation above and glanced at it. Qin Yu didn't find anyone he wanted to watch, "A romance movie will do."

"Huh?" The cashier looked at him, then at the girl pulling behind him.

vomit~

This dog food is overwhelming.

When Qin Yu walked to the viewing area with the ticket, the cashier heard the conversation between the two.

"where is your friend?"

"He has something to do with him."

"Oh, then there are only two of us."

"Yes, is this bad?"

"...Ok!"

No wonder the big guys can soak up the goddess, friends out of nowhere... this wave of learning.

In the movie theater, the armrest between the two seats was pushed up, and Qin Yu almost never watched the screen.

When the film ended, Wen Yaxuan had already put on a mask.

Back in the car, Wen Yaxuan couldn't help but raised her hand to pat his shoulder, "It's all swollen. Mom will definitely call me how to get me home like this."

"Hey, I can't help it!" Qin Yu smiled bitterly.

I really don't blame myself for this, I just blame her for being so tempting, I can't stop at all.

"What should I do now?" Wen Yaxuan looked at her lips in the mirror, her face shy and distressed.

"It doesn't matter, I have a way." Qin Yu started the car and drove towards the southwest.

.....

After half an hour, the car parked in the underground garage of Binjiang No.1.

"Where is this?" Wen Yaxuan got out of the car with a dazed face. This community is completely unfamiliar to her.

Is it because he has a house here, so does he usually live here?

"Come with me and you will know." Qin Yu took her upstairs together.

The elevator opens and the fingerprint is unlocked.

Di, the door opened.

"Xuan Xuan." Looking at Jiang Xiaoshan who was standing at the door delicately and calmly, Wen Yaxuan was completely silly.

was taken into the room faintly, changed his shoes faintly, and sat at the dining table faintly.

Ok? ~ It smells so good.

"Eat hot pot?" Wen Yaxuan's thoughts strayed instantly.

"Yes, we have specially prepared four kinds of pot bottoms, spicy, extra spicy, super spicy and fungus soup." Jiang Xiaoshan pointed to fungus soup and smiled: "This is for me."

"Where is the meat?" Wen Yaxuan has already started looking for meat on the table.

Although I have just eaten it before watching the movie, I can smell the pungent and spicy aroma in the air.

"Gudong~" I'm hungry.

Melaleuca belly, duck intestines, boneless duck feet, yellow throat, cuttlefish, shrimp slippery...

Jiang Xiaoshan is very well prepared, because occasionally Qin Yu also likes to eat hot pot when he comes.

These are also his favorite dishes. In terms of eating, he and Wen Yaxuan are of the same mind, and the tastes are exactly the same, which is a perfect match!

"Huh, huh~ Take it!" Wen Yaxuan still praised Jiang Xiaoshan for preparing enough.

"Do you want duck blood?" Although Jiang Xiaoshan was asking, she had already picked up the empty plate and walked to the kitchen.

"Yes, two copies, thank you Shanshan." Wen Yaxuan shook her head happily, duck blood was the best.

Seeing her happy look, Qin Yu really couldn't laugh or cry.

He has now begun to wonder, why on earth Wen Yaxuan hasn't been deceived yet?

Looking at her current performance, she can sell her a hot pot.

"Here you are." Jiang Xiaoshan filled the plates with the cut blood clots and put them on the table.

"Shanshan, the hot pot you made is too delicious." Wen Yaxuan is sure that this is not a direct-bought base. She has basically eaten all the hotpot bases on the market, and there is no such delicious.

"I learned this with my eldest sister from the community. She is from Shanfu and taught me how to cook the ingredients." Jiang Xiaoshan said with a smile Miaobifang miaobifang.com 忝忝. "Ah, that's it, huh~hu~" Wen Yaxuan swallowed the hot hairy belly in her mouth, "Can I come to eat more often in the future."

When it comes to the word 'eat', her pupils are shining.

This is a natural expression of good food and physical and mental pleasure.

Amusingly glanced at Qin Yu and ate, pretending to know nothing.

Jiang Xiaoshan said meaningfully: "Not only can you come often, you can also live here."

"Well, that's great, eh~" Wen Yaxuan suddenly stopped her chopsticks, raised her head afterwards, and looked around again, "Um...is this your home?"

"Well, you can also use this as your home." Jiang Xiaoshan responded.

"Oh!" Wen Yaxuan lowered her head, her tone becoming a little weird.

She has already reflected on what happened just now.

In other words, she has realized what is happening now and what is about to happen.

'Just...' Looking at the Melaleuca belly rolled into a ball in the bowl, Wen Yaxuan decided to continue thinking after she was full.

Anyway, she has fallen into the wolf's den, even if she wants to escape...

Weak and weak, she can't escape even if she is weak.

So, it's better to get rid of the food in front of you first, 'when mom calls, let Shanshan tell her that there's no problem, right?'

### Chapter 180: Time manager

"Shanshan, why would you live here?" In the kitchen, Wen Yaxuan was wiping the washed dishes.

"Qin Yu arranged it." Jiang Xiaoshan turned her back to her, unable to see her appearance.

"You two...were together very early?" Wen Yaxuan had countless question marks in her heart. "It's not very early." Seeing her dodge backwards, pouting her mouth in disbelief, Jiang Xiaoshan laughed and said, "At least it's more than a lazy cat."

But I got his body earlier, so I won!

Wen Yaxuan showed an expression of 'I'm so smart', muttering "I knew..."

"What do you know?" Qin Yu, who was wrapped in a bath towel and wiping her hair with the towel, walked out.

Golden ratio figure, handsome face, and splashes of scattered hair.

'So handsome! Wen Yaxuan fell instantly, and her resistance to food was only 0.

Even if she was to be hit by a stick, she couldn't stop her love of food.

Ling Ling~

The phone rang and she saw Wen Yaxuan's gesture of bowing her head in silence.

Jiang Xiaoshan naturally picked up the phone: "Hey, Teacher Shen, this is Shanshan..."

"I said you were taking a bath, and Teacher Shen asked me to take care of you." Jiang Xiaoshan's eyes flashed with a smirk.

"What are you going to do?" Wen Yaxuan warily wanted to back off.

suddenly hit a strong obstacle behind him, with a comfortable temperature and fresh...shampoo smell.

"Where are you going?" Looking back, Qin Yu's smile came into his eyes.

"Ah~Don't!" The flustered deer fell into the trap of the hunter.

is activated, and the favorability is being judged.

Favorability is greater than 80.

Number: 2.

the opposite sex...

The judgment is successful.

The target's sanity declines, the thinking activity declines, and it enters a state of confusion.

.....

Yu has always believed that only two wings can fly more steadily.

In terms of his personal experience, his judgment is not wrong!

When Qin Yu returned home after buying breakfast, Jiang Xiaoshan had washed up and put on a light makeup.

"I'm back." Smiling and taking the breakfast from Qin Yu, Jiang Xiaoshan went to the kitchen to set the plate.

Looking at her back, Qin Yu has a deeper understanding of the exquisite girl.

For Jiang Xiaoshan, makeup and appearance are the most basic requirements of a person.

Even if you go downstairs and throw a trash, open the door and get a courier.

must wear delicate light makeup and dress appropriately.

I want to see her sloppy look, it's impossible...

Even when she goes to bed at night, she will tie her hair up with a net cover, and then apply the mask.

The first thing I wake up every day is to dress myself up beautifully.

'Being a delicate girl is really tiring! Qin Yu thought with emotion.

"Xuan Xuan, I have dinner." The breakfast was served on the table, Jiang Xiaoshan said as she walked to the room.

"No, no~ ah, return my quilt!" The coquettish voice disappeared, and Wen Yaxuan was pushed out of the room by Jiang Xiaoshan reluctantly.

"Morning." Qin Yu greeted her.

Wen Yaxuan glanced at him, and quickly lowered her head like a ghost.

, walking at the same pace as a chick, sitting opposite, 'ahhh~'

The bun was bitten off in half, "Ah woo~" is gone.

No matter what happens, it's not important to fill your stomach, ah~

When Jiang Xiaoshan cleaned up the room and came out, there were only two crab noodle bags on the table.

"Xuan Xuan, here's this for you." When one of the buns was clamped to Wen Yaxuan, Jiang Xiaoshan bit the buns and ate them very finely.

"Are you enough?" Wen Yaxuan blinked, she ate less than usual!

"Yeah." Jiang Xiaoshan eats like a hamster, with a bite a little bit bigger than his thumb.

If you are impatient, you will have to rush out of illness to see her eating.

"Ah woo~" Half of the bun is gone.

blinked big stupid eyes and opened his mouth 'ahhhhhh,' the perfect ending.

Helped his head helplessly, Qin Yu only felt the big tendons in his temples 'bump 'boom', his brain hurts!

After breakfast, Qin Yu originally planned to send Wen Yaxuan back to school in person.

Jiang Xiaoshan stopped him: "Let me go! If Teacher Shen sees it, she will be fainted with anger."

Qin Yu gave a sad smile, still trying to counsel him when he should.

The short retreat is for a long-term and great victory. Good men must know how to advance and retreat.

each got in the car and watched Jiang Xiaoshan's Volkswagen POLO slowly leave.

A long string of words appeared in front of Qin Yud.

'Reward 1: Sunshine is worth 1 point. '

'Reward 2: Title Advanced Card. '

'Reward 3: Shopping Critical Rebate Card 3\*. '

The title advanced card, Qin Yu used it without hesitation.

'Whether to choose advanced? '

'Yes. '

was erased abruptly, leaving only the transparent space left in place.

After waiting for about 2 seconds, a new line of font appears.

has been advanced, this title can help the host manage time more effectively.

smiled satisfied, Qin Yu saw the reduced font in the lower right corner.

'Zoom in. '

'Target: Aturing. Known as the father of virtual exchange technology in the universe...'

'In the search target, the estimated time is 1460 hours. '

'Countdown to 475:30...'

Most of the search time has passed, and I don't know what kind of surprise the system mentioned 'Aturing' will bring me!

The ringing of the phone interrupted his thinking, and the name displayed on the screen surprised him.

"Hey, Ms. Yalan."

.....

"Mr. Qin, just call me Yalan, let's have a meal together, let me thank you." On the green lawn, Yalan said with a bright smile.

Not far away, the nanny is leading the children to play football, behind which is the elegant and luxurious European-style villa.

"Really no need." Qin Yu responded with a smile.

"Mr. Qin, I will always remember you like this. Let's make friends."

make friends? This is kind of interesting.

"Okay, just make friends."

"Let's add a WeChat account, and I will let you know when we make a reservation. How about noon?"

"Yes."

As soon as he hung up, Qin Yu received an application from the other party's WeChat friend.

Click through, and the other party sends a message, 'Mr. Qin?'

"Call me Qin Yu directly, this is what you said." Qin Yu released the voice button.

"Okay, Qin Yu, I will send your address later." Yalan replied with a smile.

Putting the phone aside, Qin Yu drove back to school.

When he arrived in the dormitory, he had already received the location from the other party.

is in Jing'an, not very far.

"Brother Yu." Shen Dong, who was waiting for the start when someone came in, turned around and greeted him.

"Where are the two of them? No class today?" Qin Yu asked curiously.

"Well, the second brother went to see his girlfriend, and the monkey went to the library." Shen Dong, who had already started the game, controlled the character and marched towards the middle road.

When        was halfway, Shen Dong put down the mouse.

Ten fingers are flying~www.mtlnovel.com~ The keyboard makes a 'crack' when pressed.

Shen Dong and the jungler start spraying.

The reason was that the opponent wanted to hit when he chose, and Shen Dong didn't speak, and when he chose, he locked Lacus in seconds.

'Take a Lux, do you play NM? Caigou, look at your \*\*\*\* record, go home and play farming!'

'I'm playing with you\*.....%#, the scum of Bronze III dare to be arrogant, rubbish!'

'I'm a big diamond, I abuse you just like I abuse SB.'

'I'm going to you ¥#), my size is your father.....'

The two of them were very happy, and the blind man stood in the grass and didn't even fight the BUFF.

It seems that he has made up his mind and wants to fight the "soft girl" with a wave of hand speed.

Qin Yu looked at it and shook his head again and again. There is no sense of game experience in playing like this.

is still his own online game fun, naked and hand-to-hand, and the battle is fierce.

If the enemy dares to talk nonsense, block the opponent's mouth with a stick, leaving her speechless.

Lying on the bed and playing with his cell phone, when the time was almost the same, Qin Yu and Shen Dong, who was still practicing hand speed, said hello to go outside the net.

"Brother Yu, don't have lunch together." Shen Dong took off his son, tapped his flying fingers, and asked back.

"No, I made an appointment and left." Qin Yu waved his hand and left without looking back.

Follow the navigation guide to the destination, and a chic courtyard greets you.

Low-key and simple, wooden doors no more than 2 meters high.

A pine tree is planted on each side of , which is tall and green, with alternate lines, which further brings out the sense of age of the small courtyard.
