Chapter 1871

Even though those young talents were strong, they stood no chance at all when they were being targeted.

Apart from Josephine and the others, who were “locked up” by Levi, and Forlevia, who were taken away by The Cardinal Hall, all of Erudia’s young talents had been injured severely.

Even the top three of the Stone List were targets of the assassination.

Nevertheless, they were on completely different levels from the other young talents, so they managed to kill all the assassins and fight their way out.

It was not without a price, though. All three of them were severely injured.

“How could you let the top three escape? Don’t you know they’re much stronger than other talents? Why didn’t you send more assassins? What if they expose us?” The leader of the Raysonian forces was infuriated when he learned about the top three’s escape.

“Sir, we’re sorry for our incompetence, but we can still fix this! The top three were separated and have gone missing. We can still find them before they return to their respective forces.”

Hearing that, the leader ordered, “Send our men to hunt them down and kill them before anyone finds them. Also, I need you to spread the news that this is the Seven Fiends’ deed. They were angry about The Cardinal Hall capturing Levi, so they retaliated by targeting all of Erudia’s young talents.”

Chapter 1872

Besides, Wynona had asked the Seven Fiends before and was told that Levi's order was for them to stay put. If that was so, how could they attack Erudia's young talents?

Before this, she had even made an assurance at Gamma Tech that Levi would never do something that would endanger Erudia. Instantly, she realized someone had framed Levi.

On the other hand, Okano was exhilarated when he heard about the news. "Huh! We have succeeded! Long live Raysonia! "

Enraged, Blood Fiend roared, "I'll kill you!"

"Calm down!" The others quickly halted him.

Later, Wynona discussed with the Seven Fiends to come up with a solution. "We should prove to them that we're innocent."

"The evidence we collected so far is still too little to convince them of our innocence. Now that Master Garrison has been caught, it's even harder for us to clear our names."

"That's right. I'm afraid we will become their target."

None of them noticed that a Ghost Samurai, who initially received the order to kill Okano, had sneaked in and rescued him.

Actually, Levi had already guessed that they were locking him in prison to elicit information from him.

Still, he was clinging to the hope that they would let him meet his mother and his child.

In hindsight, he was wrong.

I can’t listen to them anymore! I need to fight back! Dragon Chain, huh? Let me try and see if I can break it!

With all his might, he tried to break the Dragon Chain.

Clank! Clank! Clank!

To his surprise, the chain merely vibrated with a clang.

Not even a crack appeared on it.

Instead, the parts of the chain that pierced through his body tightened.

As a result, his bones were suppressed, and his body was a bloody mess as the chains ground his flesh.

"Levi Garrison!" Zoey exclaimed through gritted teeth, with vibes so chilling that they stunned everyone.

Isn't Levi her husband?

How did he become her enemy instead?

The Seven Fiends were feeling perplexed.

"That's not it. Ms. Lopez, Levi is your..."

Just when they started to speak, they were interrupted by Wynona.

"Do you still remember Levi?" Wynona tried to probe further, trying her luck.

"I remember that he's my enemy! I am gonna kill him if I see him!" Zoey said, her eyes burning with fury.

"I heard that he has already been captured and will be executed soon! That's fantastic!" Zoey was overjoyed when she heard the news.

After observing Zoey for some time and hearing what she said earlier on, Wynona had already figured out what was going on.

Jared's consciousness must have attacked Zoey's mind and infiltrated her consciousness, resulting in Zoey's memory loss.

Chapter 1875

Everyone was perplexed and curious to know who it was who managed to defeat Levi.

It wasn't anyone from The Cardinal Hall or Eragon, Xenotoph was still in seclusion, and Hendrix, the Southern Emperor who was also the first on the Gem List, had already been missing for several years.

If that was the case, there didn't seem to be anyone else who would be Levi's match.

Who was it then, who had managed such a feat?

Not only was everyone in Erudia bewildered, the news had also stunned the forces in Raysonia, as they wondered who it could be if it wasn't the Robed Slayer who had defeated Levi.

They were curious to know if it was someone from within or outside of Erudia, and if that person was a friend or foe to them.

A moment ago, the Raysonian forces were still rejoicing over the damage which they had caused to the Erudia martial arts world.

As such, the sudden news came as a shock.

Just then, Bruce, from Zarain, had also gotten in touch with them.

"Well done, guys! That wasn't even something we could have achieved!"

The chieftain of the Raysonian forces replied with a smile, "How can we be compared to you, Mr. Johnston! We can only use backhand methods, catching our enemies unaware. However, you launched an open and direct attack on them!"

"Haha! But we failed and you guys succeeded! I think we should cooperate more in the future. We have benefited a lot from your operation, allowing us to complete our mission in Erudia!"

"Cooperation? Sure! We'll be more than willing to do that!"

Kaiden slumped onto the floor as he stared at the empty cell in disbelief, feeling terrified!

In fact, everyone could not believe what was happening and their eyeballs were nearly popping out of their sockets.

How could the Dragon Chain be broken?

How is that even possible!

In the whole of The Cardinal Hall's history, no one had been able to break free from the Dragon Chain, no matter how formidable they were.

It was simply impossible to do so!

There were no exceptions!

However, Levi had managed to break the Dragon Chain, which was frightening!

After examining the rupture points of the Dragon Chain, Gerald muttered, "The chain was broken by a combination of flames and a tremendous force! This is too crazy! Who on earth would have that kind of force? It's impossible!"

Zelda shook her head helplessly, saying, "Well, we have no choice but to believe it! The Dragon Chain is indeed broken, and Levi has indeed escaped!"

"Is it really Levi's own powers? I don't believe it! Someone must have come to rescue him!"

Trenton and the rest merely stared in disbelief.

Chapter 1877

The Raysonian forces were shocked as well.

That did not make sense at all!

They had thought that their greatest enemy had been eliminated, but it turned out that he had escaped.

How is that even possible?

Not only was The Cardinal Hall the most influential martial arts organization in Erudia, they had even used the Dragon Chain to restrain Levi.

How is it possible that he has managed to escape?

That was definitely bad news to them!

It might even be disastrous for them!

"How did that even happen? With Levi's abilities, there was no way he could have broken free from the Dragon Chain!"

"What's going on? Could there be someone helping him?"

Bruce and the Raysonian forces fell into deep thought.

After pondering for a while, Bruce said, "The first thing Levi's gonna do is to find Zoey! We can make use of that to our advantage, but we have to act fast!"

"Sure, understood!"

After the news had gotten out, The Cardinal Hall's reputation was totally shattered and was slandered by the entire world!

Zoey's punch was so powerful that it caused a deep crack on the ground, splitting the villa into two.

The Seven Fiends were startled by her energy.

Is it necessary to go to this extent?

They could hardly believe that the gentle and virtuous woman could be so violent!

"I haven't told you guys yet. She was actually the one who defeated your master!" Wynona said, standing at one side.

The crowd gasped in shock when they heard that.

No wonder Robed Slayer had clarified that it wasn't him who did it.

So it's actually her!

"It could be that your master had let her win on purpose, but it's likely that both of them were equally matched!"

The Seven Fiends were shocked after hearing what Wynona said, feeling terrified.

Zoey's attacks were direct and powerful, with every single move enough to cause massive destruction.

Even Levi noticed that Zoey's powers had increased from the previous time they fought.

If that was the case, how could the man let such a good opportunity slip?

As such, Ghost Samurai had no choice but to make a move before Levi managed to subdue Zoey.

Boom!

Suddenly, a black figure appeared, seemingly out of nowhere, behind Levi, just like a phantom.

Even Ghost Fiend, who was specialized in the Phantom Skill, was shocked.

“How did he do that?”

Ghost Samurai launched an attack on Levi right away, attempting to ruin his plan.

“I’ve been waiting for you to show yourself!” A voice boomed.

It turned out that Levi had been waiting for whoever was hiding in the shadows to take action.

Although it seemed as if he was focusing on inserting needles into Zoey’s acupoints, he was also keeping a lookout for the person in the shadows at the same time.

Indeed, the man had really shown up!

Levi suddenly swung an extremely powerful punch towards Ghost Samurai at an unbelievable angle. In fact, the punch was so forceful that a whirlpool was formed in mid-air.

In the past, Levi was dismissive of the mysterious old man. However, his thoughts had taken a new turn.

He is very powerful!

“Do you know him?” Wynona couldn’t help but ask curiously.

“He is my master,” Levi replied.

“You master? Is he the famed Cyrus?” The Fiery Demon was the first person to appear in Wynona’s mind.

Yet, Levi shook his head. “I don’t think he is Cyrus. In fact, I suspect that he might be even stronger than Cyrus.”

According to Levi’s observations, along with feedback from The Cardinal Hall and Seven Fiends, Cyrus’ power should be similar to his.

It would be difficult to determine the winner if they engaged in a battle.

Hence, Levi concluded that Cyrus was not his master.

“Still, this is an advantageous situation! Thankfully, Jared has been dealt with. If not, he’d be a huge problem. Additionally, you have gained a superpower!” Wynona replied.
