Chapter 1991

Hence, things would definitely turn out the same for Ikken, or even worse.

“Ahh!” Ikken roared and swung the Godslayer at Levi.

And along with it came a terrifying wave that engulfed everything in its wake, leaving only death and destruction.

The Godslayer was more of a samurai sword.

It was forged from the simplest of materials. But after going through decades of tempering in molten lava, it became a masterpiece.

It was even more frightening than the Divine Sword.

Seeing that, Robed Slayer’s expression darkened.

Ikken Yagyu is terrifying. Who would have thought that Raysonia had someone like this?

Robed Slayer could feel the pressure Ikken was exuding as his veins expanded.

He’s reached a whole new level.

It was Robed Slayer’s next target.

No wonder Levi asked me to step back.

Boom!

A light flashed before Ikken’s eyes as a destructive aura enveloped the space like a volcanic eruption.

At that point in time, it felt like Ikken was destruction incarnate.

“So this is the elder’s true power. How terrifying.”

Levi’s voice echoed into the ears of the people of the Yagyuu family.

They were all surprised to hear that name.

Levi Garrison?

Everyone in the Yagyuu family knew that name.

It was the name of their mortal enemy.

It’s him!

Shouldn't he be dead?

Why is he still alive?

How is he here!

Wait, no! It makes sense. Levi Garrison. Who could possibly have this much power if not him? He's the only one that could destroy the four families with ease, kill Kenkage, and force the elder to use his strongest move! It's really him!

They were sure of his identity now but did not have time to ponder on the reason he was still alive.

Naturally, Ikken also knew who Levi was.

Even though he was in seclusion, he still caught wind of the new rank one fighter on the Gem List in Erudia.

After all, the person that defeated him was the previous rank one, Southern Emperor.

That said, he was unfazed because he was sure that, no matter who it was, they were going to be cut down by his blade.

"What? Is his identity fake?" the higher-up of the Watanabe family exclaimed.

"That's right. He has a fake identity!"

At that moment, everyone turned towards Delano.

He was dumbfounded.

Was there a mistake?

It was because their attention was all focused on Robed Slayer. That's why they neglected the small fry beside him.

"Who could he be?" one of the Watanabes asked.

"Maybe it's a fighter related to Levi that wanted revenge. Or it can also be one of Robed Slayer's disciples. He has a lot of them after all," Delano proposed.

Hearing that, Muzo from the Watanabe family immediately pulled up more data.

"Based on what was collected from the fight between the four families and Robed Slayer, this person never involved himself in the fights. It was all done by Robed Slayer."

"That means he's just a small fry then! There's no need for concern! Think about it. Are there even fighters left in Erudia that could actually avenge Levi?"

...

Everyone else gave it some thought and assumed that they were overthinking things.

Everyone from The Dark Sun was stunned by Levi's action.

Everyone started paying more attention to the corpses.

“Sir! We’ve got breaking news! The Yagyuu family has been wiped out, along with their elder and Solar Rankings number one, Kenkage Yagyuu!” a scout reported after returning.

Hearing that, everyone’s heart sank.

It’s confirmed! But Robed Slayer is already wounded to this extend! He must have paid a heavy price to do what he did. He’s at his last leg now! No wonder he brought the bodies with him! He’s trying to intimidate us with it! Ha! What a joke!

After giving it some thought, the men from The Dark Sun came to their senses.

They figured, no matter how strong Robed Slayer was, they could take him down in his current condition.

“Drew Leeson. We didn’t expect you to be strong enough to wipe out the whole Yagyuu family! None of us could stop you if you came to us prior to that! But alas, you’ve made the wrong choice and came here with critical injuries! How can you even fight us now? Men! Take them down!” Muzo ordered.

Soon enough, tens of thousands of fighters came out of the headquarter and surrounded Levi and Robed Slayer.

All their advanced weaponry was activated.

“The only thing we can do is avenge the Yagyuu family then!”

The people smiled as they assumed that Robed Slayer's death was assured with his current condition.

But then, Robed Slayer smiled all of a sudden.

That smile sent shivers down everyone's spine.

Something's off.

More and more people came in and clotted the door.

There were hundreds of them, and they were all stunned.

“M-Mr. Watanabe, we are here to offer assistance under the orders of Mr. Johnston!” the men announced.

“Huh? Bruce?”

Isn't he just signing their death warrants for them?

Levi bent down slowly and picked up a dagger.

Swoosh!

He flung it casually, turning it into a bolt of lightning.

Swish!

The dagger flew like a bullet and went through the man's head, some thousand feet away.

Even though he was involved in it, but no one expected it to be him, Cyrus the Fiery Demon.

“The Fiery Demon himself? That’s impossible!” both Levi and Robed Slayer exclaimed at the same time.

Levi was framed and got mistaken as the demon’s heir, meaning Cyrus’ disciple.

In the end, Levi could not believe that Cyrus was actually the one that framed him in the first place.

And Robed Slayer even more so.

“But it is the Fiery Demon! We’re not lying!” The Watanabes were panicking.

“Why did he do that? What’s the benefit of letting everyone mistake me as his disciple?” Levi asked.

“That, we have no idea. What we know is that he offered to help us on his own accord!” the strategists replied.

“Later on, he vanished! Ever since Bruce started working with us, Cyrus disappeared. Not Even Bruce himself was cognizant that Cyrus is the leader of The Dark Sun.”

“After that, Cyrus and his men were never seen again,” the Watanabe family explained sincerely.

Levi could tell that they weren’t lying to him.

I can’t believe Cyrus is involved in this!

Anyhow, now that The Dark Sun has disbanded, Cyrus can be dealt with later.

“Levi, we’ve told you everything we know. I believe you’ll keep your word and spare us?”

Flurried, the Watanabe family were sweating bullets.

Levi smiled and responded, “Yeah, of course! I always honor my word. Don’t worry.”

He turned around and left.

The Watanabe family were relieved after hearing Levi’s statement. The vise that had been gripping their chest finally loosened up.

Copious amounts of people in Erudia were praying to Levi, telling him that he could finally rest in peace.

Even the Seven Fiends came to visit Levi's grave. “Master, you can rest assured that you've been avenged. That being said, we know that some of your enemies are still alive. Don't worry, we'll help you get rid of them!”

The Dragonites and some of Levi's acquaintances also visited his grave at the Cenotaph.

Since Levi's corpse was no more, his grave was filled with his belongings.

“Levi, are you seeing this? I told you another hero like you will emerge to save Erudia.”

“Yeah, it's all turning out like you wished.”

“Also, don't worry about your wife and kid. We'll be sure to look out for them. But honestly, I don't think they even need our help with how powerful they've become.”

Meanwhile, Robed Slayer was able to re-establish the position of Erudia in the martial arts world with his determination and strength.

The disciples of Robed Slayer from all around the world were enraptured because of this.

They were very proud of what their master had accomplished.

Thanks to their master's achievement, they were revered by many people.

As the name of Robed Slayer continued to spread, more and more people became interested in being his disciple.

Some of them were even trying to get associated with Robed Slayer through his disciples.

The people that Bruce kept behind bars were none other than the Lopez and Black families.

Henry, Fabian, Shaun, Logan, Jennie, and the others were all there.

During the crisis in Erudia, they retreated to Zarain.

However, after Zarain successfully defended itself against Erudia, they were stripped of all their assets and were kicked out of the country.

This led them to a conundrum. They couldn't return to either Zarain or Erudia.

Without a place to call home, they lived like stray dogs.

They had to endure a plethora of hardships just to stay alive.

If it wasn't for their combat skills, they would've been dead already.

Later on, these people came to Bruce's mind while he was helping Jared with his experiment.

Bruce wanted to make them his test subjects.

So, he ordered his men to capture them and bring them to him.

Once they were in his captivity, Bruce injected super serum and various other chemicals into them, enhancing their physical strengths as well as their mental capabilities.

In order for them to withstand Jared's experiment, they need to become stronger!

Bruce wanted every one of his test subjects to survive Jared's experiment.

I need all of them to get revenge for me!

"Do you know who made you all suffer?" Bruce queried.

"Levi!" he added.

Upon hearing the name Levi, Logan was furious.

Because of his restraining order, we weren't able to return to Erudia. It's all his fault!

Many people begged for him to remove the order, but he didn't even bat an eye.

Everything's gone awry because of him!

"I'll give you guys a chance to get revenge on him. What do you say?"

The Lopez and black families went pensive and quiet.

Can we really trust him?

"What are you guys worried about? Fine, I'll give it to you straight! I want to get rid of Levi! And you guys are the pawns to achieve that goal! My experiment will get you prepared to fight him."

The Lopez and black families pondered for a while.

It's not like we have a choice here. He'll kill us anyway if we refuse to comply.

We should just accept his proposal.

Besides, we do still have a score to settle with Levi.

Isolated from the outside world, the Lopez and Black families hadn't heard of Levi's death.

Thus, they ended up being deceived by Bruce's words.

"Okay, we'll kill Levi for you!"

Bruce was delighted to hear their answer.

I can use their grudge against Levi to control them.

“Our situation is looking great! However, there are still some concerns.
