Chapter 2081 Cyrus Is Injured

There's only one organization that can recognize me that easily!

As Cyrus thought about it, he was more confident with his assumptions.

Death Fiend was definitely the one who impersonated Levi earlier. Moreover, Sacred Organization is the force that goes against Lab of Gods.

However, Cyrus was unsure whether the man standing in front of him was Death Fiend.

For some reason, he felt that the man in front of him was way stronger than Death Fiend.

But then, he did not know how much Death Fiend's capability in Sacred Organization had improved over the past few years.

Meanwhile, Levi realized who was helping Lab of Gods.

It turns out that Cyrus is doing something in the back!

Before that, Phoenix had sensed the presence of a mysterious and powerful organization numerous times. He believed that the organization was trying to create obstacles to stop them.

It seemed like they were using The Dark Sun.

"Come!" Levi started the battle without hesitation.

Bruce refused to throw in the towel after what Levi had done to him.
With great confidence, he said, "Great! I'll leave Levi to you!"
He believed he could take Levi down since everyone was on his side now.
I'd only concede defeat if Levi is capable of killing every single one of them here!
Cyrus was the first to transform himself into a lightning bolt and struck in Levi's direction.
Levi retaliated with a punch.
After learning his lesson from his previous encounter with Levi, Cyrus stayed away from him to avoid Levi's Annihilation Blast from infiltrating his body.
He was ready to keep Levi under his control and prevent him from striking back.
Cyrus threw another invisible punch that gave out flames on its edges at lightning speed.
The punch then splintered into hundreds and thousands of forceful shadows that zapped through the air.
Each punch might be invisible but could have a destructive impact on the target.

All hell broke loose. Levi showed no mercy and started taking the people around him down!
Except for the Double S grade fighters from the Lab of Gods, Levi basically vanquished all his enemies
with just one punch!
Flesh and blood splattered all around, and some bodies were blown off far away.
In a snap of the finger, Levi had crushed about a hundred enemies.
Of course, dealing with more powerful fighters would not be that easy.

Cyrus and the two pure energy beings were the most powerful Lab of Gods' fighters, who took orders from Bruce.

In short, Bruce had the authority to mobilize Quadruple S-rank fighters, twenty-three Triple S-rank fighters, and countless Quadruple S-rank fighters, not forgetting weapons like God Scepter!

As a brainchild of the Lab of Gods, Triple Group had many bases all over Keerea and around its neighboring countries.

These bases could easily transmit signals through satellites and activate superweapons as they were all on standby.

With all the fighters and weapons at his command, Bruce was confident he had checkmated Levi.

As for Sammy, he would hand her over to Triple Group and let them decide her fate.

Chapter 2084 The Strongest

Cyrus was still concealing his true strength and had not used his true abilities in his fight with Levi.

But he was desperate to find out who was the person in front of him.

He wanted to bring him down at any cost.

Hence, Cyrus finally showed his true strength.

Thump! His speed was twice as fast as before, and his strength had also increased significantly.

The pressure given out by Cyrus was enormous.

Levi suddenly felt the pressure on him increase immensely.

This time, he knew that Cyrus was coming for him in his true strength.

Cyrus actually trained with this technique to this extent? I thought I could completely suppress him and prevent him from gaining any advantage. It turns out he's really keeping his true strength hidden until the end. I'll have to admit that he's strong enough to be my opponent.

The pressure that Levi felt was gradually increasing.

In addition, he was oppressed by two pure energy beings and all the other fighters.

Every single one of them was unleashing their true power.

Levi was completely suppressed and could not do anything. He was in a tight spot.

There's no chance for me to get away. The only way I'll be able to leave here is to fight them with all my might and destroy anyone who gets in my way.

When Bruce saw this situation, he could not help but feel powerless.

Chapter 2085 Cyrus and Levi

The power of the punch was dreadful.

Levi's shirt was shredded into pieces, and the things that were stored in his shirt fell out.

It was some ancient manual and a black seal that his master left for him while in prison.

The black seal was already old and worn out. However, the word "God" could be vaguely seen on it.

"Do you wish to die?" Levi was forced to react.

Do you think I'll be easily defeated? Do you think I won't be able to get out of here?

Levi then grabbed his ancient manual and the seal, then dashed toward his enemies with murderous intent.

At that moment, Cyrus happened to glance at the black seal that had fallen to the floor.

Cyrus was stunned and trembled all over when he saw it.

He felt as if he had been struck by lightning and almost knelt on the floor.

Obviously, Cyrus recognized the seal.

The seal must have had a significant meaning to Cyrus for him to feel shocked when he saw it.

After a while, Cyrus made a bold decision.

Levi was taken aback when Cyrus suddenly revealed a chance for him to escape.

Chapter 2086 The Black Seal

Levi hurriedly took out the black seal.

However, after staring at the black seal for half a day, he still did not notice anything unusual about it.

He had already observed the seal several times and found nothing mysterious about it.

Why did Cyrus change his mind to help me after he saw it? The only explanation is that Cyrus recognizes it and is familiar with it. It might symbolize the status of the person. This seal is left to me by my master. Then, that should mean that it symbolizes the status or features of my master. Not to mention that Cyrus is of the same origin as me. Therefore, he should be acquainted with my master. That was why he has helped me to escape as he recognized my master's seal.

He paused for a while before getting to a conclusion. Everything makes sense now. Cyrus is not my master. He's probably my master's student or has some other relationship with my master. He probably knew who my master was. I'm curious about the real identity of my master.

Levi looked at the seal and realized something significant was hidden within the seal.

He thought that it would be revealed bit by bit in the future.

The next time he met Cyrus, he would ask about it.

For the time being, he should consider how to deal with pure energy beings.

On the other side, Bruce went to find Sammy.

It turned out that Sammy did not leave Keerea. Instead, she was staying at the headquarters of Triple Group.

Her status was unique as she was one of the direct lineages of Triple Group.

Chapter 2087 The Garrison Industry

Bruce returned to the Lab of Gods with a sour mood.

His superior consoled him, "It's all right. It's rather normal that you're unable to deal with them."

"Is this the level of the pure energy beings that you have produced?" Bruce could not refute the words of his superior and felt humiliated.

This was the first time the pure energy beings were engaged in a real battle. Unfortunately, they did not show satisfactory results.

"Please don't worry. The pure energy beings are still in the experimental stage. Following this, I will create a perfect product."

His superior sneered at him and said, "Suit yourself with your little experiments. Our lab is working on a project that is almost finished. When it's finished, it'll be able to subdue all other countries, haha..."

Bruce's body trembled as he was shocked.

Is my project on pure energy beings just a small experiment in the Lab of Gods? What exactly have they been working on in the lab? Why does he have so much confidence?

His superior looked through Bruce's thoughts and coldly said, "This is a top-secret project of the lab. Therefore, you are not qualified to participate unless you can solve the current problem with the sunstones."

Bruce felt inspired by his superior words.

He swore that he would make it to the core of the Lab of Gods.

Originally, he intended to entice Henry and the others to participate in an experiment.

Bruce was rather pleased to see how things were going smoothly for Henry.

They had endured so many disappointments, but finally, they had something to be proud of.

Jared's plan was to turn himself into a godly being that was above all humanity.

He wanted to have the power to take out his opponents with just his mind!

Bruce's invention, on the other hand, could turn a person into an invincible being with unique qualities. It also gave the person incredible strength, but that was all it could do.

Finally, they had made some progress with Henry.

There was still a long way to go before they were a match against Jared's invention, but at least they made some progress.

"Do the tests now!"

Bruce had his people run some tests to see how strong Henry was as a fighter.

The former was ever so delighted with the results.

Henry was so strong that he was terrifying.

Bruce reported to his superior immediately after the tests were done.

He was praised for the result.

"Not bad. Keep it up."

Two short sentences were all it took to get Bruce excited.

At that moment, Cyrus was the only one who knew who the seal belonged to.
He was also the only person that was aware of the owner's actual identity.
Naturally, that meant that Cyrus also knew about the Ancient Clan's manhunt.
"I can't believe that he is actually alive and has a disciple!"
Cyrus was tearing up a little.
It was as if he could die in peace after learning that truth.
"The world is about to change," murmured Cyrus before he sighed.
He was the only one who knew what the seal truly entailed.
Now that the seal has resurfaced, the Ancient Clan will reveal itself again.

Chapter 2090 Henry Lopez The Demon

The man who the Ancient Clans had been looking for, Levi, was actually in solitary training at that moment. He needed to find a way to deal with the pure energy beings.

They were no longer the Lab of Gods' core.

It could be said that the pure energy beings were a mountain of obstacles that was sitting right in front of Levi.

Hence, he had to eliminate them.

It was undeniable that Levi loved researching and was gifted in it.

He had already started examining every single Forbidden Technique that his master had entrusted him with.

Since I am not allowed to use Forbidden Technique, I will just have to alter them to create something new but equally powerful.

My new techniques may stem from the Forbidden Technique, but it is still something new.

Master had forbidden me from using the Forbidden Technique, but I can definitely use techniques of my own creation and design.

No one knew where Levi was at that moment.

Even Azure Dragon and the others were kept in the dark about his location.

Their only missions during that period were to further develop Garrison Industry and keep an eye on the Lab of Gods.
