Chapter 2131 No One Is Leaving This Place Alive

Inside the manor, Levi was resting with his eyes closed.

Suddenly, he could feel a sense of dread while his left eyelid twitched rapidly. It felt as if there was impending danger.

“Damn it. Something’s about to happen!”

Levi had an accurate sixth sense.

Hence, he shared what he sensed with Sammy.

“Could it be that I’ve been discovered?”

While Levi felt wary, Sammy went to investigate.

When she tried contacting her guards, none of them responded.

That was when she knew that the safety perimeter had been compromised.

Only the manor’s security system was still functioning.

“Something’s wrong! My men are not responding. I’m afraid they might be dead!” Sammy exclaimed.

“Come on, let’s escape via the secret underground tunnel. We cannot stay here any longer.”

Sammy led Levi away at once.

Boom!

Crack!

At that moment, the French windows in the room were shattered by an attack.

A figure appeared to block their way.

It was Lucifer.

In his desperation, Levi performed the Forbidden Technique.

At the crucial moment, the power unleashed by Levi caught Lucifer and the others by surprise.

Despite their overwhelming strength and the fact that he was seriously injured, Levi managed to battle toe to toe with them.

It was unbelievable.

However, Levi was forcing himself beyond his limit.

Soon, it was obvious that he was on his last legs.

If the enemies were only one class weaker, Levi would be able to leverage the explosiveness of the Forbidden Technique to fight his way out.

Their chances of survival would be much higher.

Unfortunately, Lucifer and all of his men were simply too strong.

Previously, Levi had only managed to fight on equal terms with them using the Forbidden Technique.

But now, their numbers had increased and his chances looked bleak.

However, in a desperate bid for survival, Levi gave everything he had and exhausted all of the Forbidden Techniques he knew.

Even though executing Forbidden Annihilation would cause him to lose his mind, Levi didn't care.

All that mattered was their survival.

So what if I turn into a mindless killing machine?

Meanwhile, Lucifer and his men were being agitated by the young men produced by the Devil Genesis Project.

"Kill them all!"

Lucifer scoffed, "Do you know how you came to being? How dare you stand against us?"

Thirty years ago, the man in a suit had started Project Genesis at the Lab of Gods.

He too had started the Triple Group's Devil Genesis Project.

Given that he was the founder of both projects, the young men in front of them were considered his creations.

Ironically, they were now standing in their way which made for a twisted joke.

Pfft!

Suddenly, the tattoos on Lucifer's body began to glow. With a sudden explosion of power, he grabbed one of the young men and tore him apart with his bare hands.

Boom!

Hell Witch then unleashed Hellfire to burn one of them to crisp.

Unfortunately, not everyone was able to absorb fire like Levi.

Whoever that was caught would be incinerated to bits.

Lucifer grinned, pleased to see Levi in that pathetic state.

He has given up!

It gave him immense satisfaction to be able to beat a man like Levi to the point of desperation, hopelessness, and surrender.

I, Lucifer, did it!

Just as he was about to deliver the final fatal blow on Levi, Levi suddenly opened his eyes and gave him a terrifying look.

Lucifer froze on the spot, the smile wiped off his face.

Oh no!

By the time he realized something was wrong, it was too late.

A man like Levi would never give up on his fight! He never did that in the past, was not about to do it at that moment, and would likely never do it even in the future.

It was true he was thinking about Emma, Zoey, and Forlevia, but it was not because he gave up his fight and was waiting for doom.

Levi is dead!

Half a year ago, when that news came out from the battle at Goldenport Island, it created a huge uproar!

The Erudians mourned while his foes celebrated.

No one could imagine they would hear the same news again six months later.

What is happening?

Levi is dead?

Isn't he dead long ago?

Why is this trending again?

Soon, many speculations and news surfaced.

People began to realize Levi actually did not perish during the battle at Goldenport Island. He had staged his own death and deceived everyone.

"This is impossible!" the man shouted.

He was from the Ancient Clans and had exceptional medical knowledge and skills.

"What is wrong?" His reaction puzzled the rest of the group.

"He was dead a while ago, but he seems to be breathing again! His body is self-healing!" the man exclaimed in shock.

"That is impossible!"

"So he is not dead?"

The men were elated by the surprising revelation.

"Oh, wonderful! That is simply wonderful!"

"No, something is not right! This is unbelievable! Not only is he reviving, but he also seems to be coming back stronger and more formidable, like a phoenix rising from the ashes!" the man marveled.

Everyone stayed still, and true enough, they too, felt a growing vitality exuding from Levi.

Chapter 2137 My Mysterious Master

Jester King left immediately upon receiving Scias' new instructions.
Not too long after, the lab announced that Lucifer had been revived.
It was Dr. Erebus who performed the miracle and brought Lucifer back from the brink of hell.
"Death is not in his vocabulary!" Scias crowed.
"Now, time for me to start my project!" he concluded and washed his hands off all other matters to
focus on the mysterious project he mentioned. Details of that project were top secret, but one could
almost be sure it would be nothing short of crazy.
"Huh? I am still alive?" Levi woke up and found himself with a stronger body and greater prowess.
This is strange! Oh, it must be the Forbidden Technique!
He immediately thought of the most powerful skill of the Forbidden Technique, which he used during his
fight with Lucifer.
So in actual fact, he had misunderstood it. The technique was not meant to kill oneself together with
one's foe, but to help one get out of the most desperate and dangerous situation. It was actually

Chapter 2138 Almost A God

That was the question that had been on Levi's mind for the longest time.

Seeing how the Ancient Clans became so emotional over his mentor, he couldn't help but become more curious about the mysterious man who made him who he was.

The power to mobilize these Ancient Clans added to the many mystiques surrounding his mentor. The Ancient Clans obviously knew who he was, so that was Levi's chance to find out more about him.

"You don't know who he is?" the crowd looked at him with bewilderment written all over their faces.

"He had never told me his real identity, so I really have no idea who he is!" Levi confessed.

Those members of the ancient clans exchanged knowing glances, then concluded, “We are not surprised, given how he had always been. We would find it more suspicious if you said he told you everything!”

“Actually, we don’t know much about him either, Maestro. We are in no position to probe and would not dare to question either!”

“He is an enigma! During our times, he had a God-like presence. All of us present here had benefitted from his graciousness and help in one way or another!”

He was also curious why Bruce trusted Cyrus so much and what made Cyrus suddenly vanish from the public’s eyes during his heyday. There were too many missing pieces of puzzles in Cyrus’ story.

Cyrus was extremely emotional when he talked about Levi’s mentor. The gratitude and awe he had were deep in his heart.

Chapter 2140 A Visit To The Cardinal Hall

That explained why Cyrus was able to monitor The Cardinal Hall when Bruce entered Erudia to ship out
the sunstones.

After hearing about Cyrus’ story, Levi found it was a simple case of revenge.

“It is not wrong of you to want to seek revenge for your family. However, you should not have brought
harm to the innocent! If not for my special relationship with my mentor, you would not have stopped,
right?” Cyrus submissively stood by as Levi lectured him.

“I would not stop you from seeking your revenge. However, from this moment on, if you were to do
anything that brings harm to the innocent or threatens Erudia, I would not let you off!” Levi warned.

Cyrus nodded his head in agreement. Out of respect for Levi’s mentor, he would do anything Levi
instructed him to do, even if it was at the expense of his own life.

“Oh, by the way, where am I now?” After coming to an agreement with Cyrus, Levi asked about his
hiding place.

“We are still in Keerea, Maestro. We did not leave the country,” Cyrus replied.
