Chapter 2201 Muramasa Blade

All this while, the power of the Skyward Sword was only spoken about in legends.

But now, everyone had seen its might with their own eyes.

Without the sword, Zoey would have needed more than ten minutes to defeat the tens of elite fighters who stood in her way.

However, the sword allowed her to kill them in just a split second.

Consequently, everyone was awed by its power and strengthened their resolve to get their hands on the sword.

Within that small area, a brutal battle began.

Everyone acted as if they had gone berserk.

However, with the Skyward Sword in her hands and the Sacred Organization's elite protection from the shadows, Zoey slew her way out of the crater step by step.

The more she got used to wielding the Skyward Sword, the more destructive its power became.

Wielding the sword elevated her skills to the next level.

Moreover, she hadn't even managed to fully gel with the sword yet.

If she had truly managed to wield the Skyward Sword to its full potential, she would become invincible.

As her foes swarmed her to get their hands on the sword, none of them managed to get the better of her.

In fact, the four Progenitors were even injured by Zoey.

Chapter 2202 Owing The Skyward Sword

The battlefield was in utter chaos. Despite all the elite fighters that gathered, everyone fought for their own agenda instead of collaborating.

Therefore, the Sacred Organization easily created a path to escape.

After glaring at her enemies, Zoey decisively turned and left.

In response, Edmund bellowed, "Everyone, now isn't the time for us to fight amongst ourselves. We should band together and retrieve the Skyward Sword from the She-Devil first! After that, we can fight for it again!"

Everyone grunted in acknowledgment at Edmund's plan.

"That's right. The Skyward Sword can belong to anyone except Zoey!"

"Everyone, let's pry the sword from her hands first!"

"We have to unite and kill Zoey for the sword!"

Agreeing to the proposal, Donald reminded, "Everyone, Zoey's accomplices are among us. We have to stop fighting each other. Or else, she is going to escape!"

"Attack!"

"Let's fight!"

Finally, everyone was united.

Other than Zoey's faction, everyone was part of the hastily formed alliance.

Tens of thousands of fighters swarmed Zoey and her men.

“Zoey’s husband, Levi, has offended the ancient Garrison clan. Given that Levi has disappeared, Zoey will have to be punished in his stead. In the name of the ancient Garrison clan, I sentence you to death! Die!” Donald bellowed.

At that crucial moment, he was no longer desperate for the sword.

Even though Edmund was controlling the entire area, and everyone else had their powers reduced, none of them were willing to give up fighting for the sword.

Edmund might be invincible here, but he wouldn’t be staying here forever, would he? The moment he leaves, the Skyward Sword would be up for grabs again.

“I support the idea!”

One by one, the ten most powerful factions in Erudia stated their stand.

It didn’t matter what their relationship was with Zoey, all of them concurred.

“Agreed!”

“Agreed!”

Everyone decided then to kill Zoey first.

After all, they had two objectives from the beginning—the Skyward Sword and Zoey.

“Kill Zoey!” tens of thousands of men chanted vehemently.

“Fine. In that case, let’s offer her blood as a sacrifice to the Skyward Sword!” Edmund roared.

Having been badly beaten, Zoey was in no condition to defend herself nor counterattack.

Lying on the ground, all she could do was wait for the Grim Reaper to take her.

Having lost all hope and abandoned by her comrades, she had chosen to give up.

The moment Edmund got his hands on the Skyward Sword, the Dark Emperor had ordered the Sacred Organization to retreat and abandon Zoey.

After all, she was of no value to him anymore.

At that moment, Edmund burst into hearty laughter. Having wielded the Skyward Sword, he felt as if he had become invincible and no one was able to stop him.

Within the same moment, everyone had witnessed the Skyward Sword's true power.

It had elevated Edmund's combat prowess to a different level.

Consequently, Donald and everyone else began to covet the sword with greater fervor.

No matter what, they had to get their hands on the sword and shouldn't give up easily.

“Die, Zoey!”

Brandishing the Skyward Sword, Edmund charged at Zoey who had already closed her eyes.

Other than these trivial enemies, Levi’s true killers have been eradicated. The Lab of Gods has also been destroyed. Therefore, I can finally die in peace and see Levi in the afterlife.

Just as the Skyward Sword was about to gloriously tear Zoey apart, everyone cheered at the She-Devil’s impending doom.

"You..."

Edmund fell into a dilemma.

Am I really to strike Evie? Will the elders approve of my actions?

"Do you know that your mother has committed many crimes and murdered a lot of people? Do you know how much blood she has on her hands?" Edmund questioned.

Forlevia shook her head. "My mother must have been framed as killing isn't in her nature. Furthermore, I don't care about that. As long as I'm here, I will protect her!"

The elders hiding in the shadows began to worry as their worst fears had come true.

Forlevia had finally intervened.

Consequently, they agonized over whether they should get involved in the event of a battle.

"Haha, what a joke! The She-Devil's daughter turns out to be The Cardinal Hall's most talented fighter?"

Chapter 2206 Piercing Zoey With The Sword

Hiding in the shadows, the elders were getting anxious.

They didn't care nor wanted to hear about Zoey, but Forlevia's every move meant everything to them.

Hence, they nervously watched on as Forlevia faced off with Donald.

Cognizant of how powerful Forlevia was, Donald launched his attacks without holding back at all.

In response, Forlevia had to fight back with the best of her abilities, notwithstanding the fact that she had to protect her mother too.

Everyone was bewildered by the battle between Forlevia and Donald.

How can the child be so strong as to stand toe to toe against someone as powerful as Donald?

Considering everyone knew how formidable Donald was, they were astounded by the fact that Forlevia was able to stand her ground against him.

Furthermore, they were amazed that Forlevia could fend off Donald while protecting Zoey at the same time.

Even Edmund was dumbfounded by what he saw.

Just as expected, the elders have raised such a powerful child. From the looks of it, Evie can take me and Donald on at the same time.

"What are you spacing out for? Go and kill Zoey!" Donald snapped.

Chapter 2207 The Mightiest Defensive Divine Tool

This round, Zoey did not dodge or retaliate at all. There was a splatter of blood as the Skyward Sword pierced through her right shoulder.

All of a sudden, there were intimidating flickers from her flaring eyes.

Boom! She sent Edmund flying with her powerful strike of palm.

Poof! Blood spurted out from Edmund's mouth.

He was flabbergasted and his heart skipped a beat.

Am I seeing things? How is it possible that the woman is able to emanate such unrivaled power when she is weak as a kitten?

The others were rooted to the ground, astounded by Zoey's mighty combating power even when she was in such a crucial state.

"My goodness! Levi Garrison's whole family has such mighty combating power. His wife and his daughter are good at fighting just like him!" Someone commented.

"If Levi Garrison were still alive, I bet he would feel ashamed of himself! After all, he's too weak in this new era. That's why he needs the two women to shield him from any strike!" another fighter mocked.

Chapter 2208 He Is Here

It was as though all the fighters had lost their mind. The incredible ability of the Skyward Sword had driven them insane!

Almost everyone was deluded by the Skyward Sword. There was utter madness in their eyes. They would rather risk their lives to obtain the sword.

The Skyward Sword seemed to have the ability to influence everyone's mind, either in a good or evil way. At the moment, it sent everyone into a state of loss of mind.

To obtain the Skyward Sword, they had to capture Forlevia so The Cardinal Hall would be forced to hand it out.

Thus, they struck against Forlevia profusely. All their minds were prevailed by the yearning for the sword. Nothing could hold them back.

Zoey was dumbfounded. Initially, she planned to retaliate, kill Edmund and flee. The Imperial Armor was the final trump card that she would not easily reveal. She presumed that the Skyward Sword might not be able to slash it within a short span or could hardly do so.

It never occurred to her that things would turn the other way around! Her perfect plan was foiled by the horrendous Skyward Sword!

The Dark Emperor could actually foresee this. He was the one who gave Zoey the Imperial Armor. Apparently, he must have retreated as he knew that the armor was not comparable to the Skyward Sword.

The unrivaled power of the Skyward Sword sent everyone into a tizzy. Even the elders were bedazzled and sighed. "If not because the divide brigadier's son has obtained it, the rest of us might be fighting for it too! It is indeed a terrifying weapon that seems to cast a spell on everyone!"

Buzz!

The ear-piercing vibration sounded like a rumble of thunder out of the blue, shaking the earth violently.

Boom!

The next moment, it was as though there was an invincible, enormous palm shoving all the fighters away from Zoey and Forlevia.

Incredibly, even elite fighters such as Donald, Edmund, and the four Progenitors were pushed a few hundred meters away from them effortlessly.

Everyone gaped at each other. Their minds turned mushy as they tried to figure out what could be the peerless power that could shove all the fighters aside without showing the fighter. It was indeed an overwhelming combat skill beyond their imagination!

Apart from the fighters, the other elite fighters observing in dark corners were stupefied. The talented fighter from Raysonia with Muramasa Blade was not an exception.

Meanwhile, the top-tier fighters in the dark corners were startled and rendered speechless.

“W-What is going on? Since when is there such an ultimate fighter out of nowhere?” one of them stuttered.

Everyone glared at Levi with blazing eyes. Their minds were prevailed by the utter eagerness for the Skyward Sword.

Regardless of who he is, finish him off at once if he dares to stand in our way! We are willing to do anything for the Skyward Sword!

Edmund was in silence. His main motive was to end Zoey's life at once and protect Forlevia. He was doing so indirectly for the sake of the Skyward Sword.

On the other hand, Donald continued to instigate all the other fighters by yelling, "Everyone, attention, please! Whoever wishes to obtain the Skyward Sword, you have to finish him off first!"

"Kill him now!" The other fighters yelled out in agitation like ones who had lost their mind!

Obsessed with the Skyward Sword, they had lost their ways.

Sadly, an ultimate sword of Solaris Energy had turned the other way around into a devilish item. It had deluded everyone's mind, driving everyone insane, turning the whole place into a living hell.

If the Skyward Sword was never pulled out of the ground, it would not result in such turmoil.

"Look at all of you! You see only Skyward Sword now. Don't you know that it has driven you crazy?" Levi fumed at them.
