Chapter 2231 The Replacement

Regardless, the results spoke for itself.

Ever since Edmund took over Garrison Industry, it rose rapidly in the ranks.

Garrison Industry would not be in its current position if it were not for Edmund.

If it were anyone else, Garrison Industry would not be able to achieve the strength comparable to what it currently had.

It was only able to become one of the top factions and stand toe to toe with Maya Industries because Edmund was strong.

He managed everything with an iron fist and had the background and status to back him up.

No one else would produce the same effect.

Hence, everyone in Garrison Industry respected Edmund wholeheartedly.

Even wayward people like Kirin, who was initially reluctant, were convinced by Edmund.

That man is clearly a different breed.

He also played a vital role in helping Kirin and the others grow into who they were.

Edmund would always provide them with the best technique and supplements, disregarding the conflict in the past.

By then, everyone in Garrison Industry was convinced that Edmund was the new boss of the place, and Levi was just the founder.

Edmund walked in front of Levi and stared into his eyes.

“What say you, Levi Garrison?”

Anyone could tell that Edmund was intentionally taunting him.

With that, the atmosphere grew heavy as though a fight would break out in any second.

“As long as it’s for the betterment of Erudia, I honestly don’t care who owns Garrison Industry! They could even be dogs or cats for all that matters!” Levi said calmly under the heat of Edmund’s burning gaze.

Boom!

What Levi said immediately caused an uproar.

“What are you trying to say here? Who’re you calling dogs and cats?”

Edmund’s subordinates were not having it and pointed their fingers at Levi.

All those elites were staring at him, seething with murderous intent.

At the same time, Kirin and the others sighed.

DG Gemini had wanted to teach Levi a lesson since three years ago.
There was no way he would give up on an opportunity like that.
It was obvious that he just wanted to push Levi around.
Especially after seeing that Levi was still so arrogant.
Hence, no one intervened.
As for Kirin and the others, they wanted to help Levi out, but Edmund stopped them by just giving them
a look.
Right then, Cyrus laughed.

"What an idiot! You're far too weak to be fighting him alone! You should all join in! Including you, The
Cardinal Hall General!" he exclaimed mockingly while looking at DG Gemini.

“Just let him end it in one blow and save some time!”

Cyrus wanted nothing more than for Levi and The Cardinal Hall to get into a fight, so he fanned the fire.

He knew about Levi’s strength better than anyone else after all.

The Cardinal Hall would undoubtedly be crushed if the two fought.

At that moment, Cyrus wanted Levi to help him exact his revenge on The Cardinal Hall and embarrass them.

That was Levi too! Aren't you all stronger than him? Why did tens of thousands of people get blown away with a mere wave of his hand?

At present, no one was paying Cyrus any heed.

Meanwhile, Levi smiled. "I'll give you another chance. Go back obediently and stay there! Don't make me send you back myself!"

"Watch your mouth, you insolent brat!" Kenny and the other family members all glared at Levi.

"It's been three years! Do you still think we would let you have your way with us? We're the Garrison clan! The head of the ten factions! You have no control over us!"

"On the other hand, your days are numbered! You've violated the house rules of the ancient Garrison clan! Your death is inevitable!"

...

The whole Garrison clan hated Levi with a passion as all of them gave him a death stare.

It was like they were trying to murder him with their gaze.

Chapter 2235 As Strong As The Masters

At that moment, the world's anger in Zoey reached an all-time high, and the whole of North Hampton echoed the voices that were asking for her execution.

Back then, killing her was just an afterthought when the Skyward Sword appeared.

But this time, Zoey was the main target.

Even Levi frowned when he saw that.

He probably did not expect the situation to develop to that extend.

Things are getting out of hand, but I can't just watch Zoey get killed like this! Not a chance!

"Kill everyone in her family! Including her child!"

"It's only fair! Blood for blood! Zoey Lopez killed so many people! Everyone related to her should pay the price as well!"

"That's right! Kill them all!"

The noise grew louder as the crowd grew bigger.

"See?" Donald shrugged. "We don't even have to do a thing! I reckon they'd drown just from everyone's spit!"

Meanwhile, Cyrus took a peek at all the people and sneered, "You people are out of your minds if you think you can kill Ms. Zoey with Levi around!"

How great would it be if Daddy was as strong as my masters? He wouldn’t be having a hard time with his
enemies nor get laughed at by the others.

However, the elders laughed when they heard that question.

“Sorry, my dear. But your father’s strength and ours are incomparable. He wasn’t the one that spotted
us! We were the ones who approached him!” Celia explained.

She told Forlevia about how they appeared when Levi asked her to give up on the techniques the elders
taught Forlevia.

“Oh, I see!”

Forlevia’s expression quickly dulled after hearing that as her hopes were dashed.

She thought that her father was actually as strong as the elders.

“Let’s leave, Evie!”

The elders looked at each other and decided to help Levi by taking Forlevia to safety.

“Huh? But I want to stay with Mommy and Daddy. They are in danger right now, and I want to protect
them!”

Forlevia looked determined.

"And I mean all of you! No one specific!" Levi added. "To me, everyone here is trash!"

The crowd immediately went crazy when he dropped that bombshell.

This is absurd!

How preposterous!

How can he still be so arrogant at a time like this?

Did he just call hundreds of thousands of people trash?

So, the king of old had decided to keep his dignity intact and go down with his head held high.

This is too much of a coincidence. Ancient ruins being discovered, technology advancements skyrocketing, and fighters being mass-produced. There's definitely something wrong here.

The more Levi thought about it, the more certain he was that Lab of Gods was behind everything.

That said, in his current situation, no one was going to believe him no matter what he said.

"I say, it's time we show Levi and Fiery Demon the cruel reality of this new era!"

"Yeah! They'll only understand how weak they truly are after we beat them up!"

Everyone was eager to get some action.

Right then, several powerful waves appeared and stood before Levi.

“You’ll need to go through us if you’re even thinking of touching them!” they shouted.

It turned out to be the Seven Fiends that once served Levi and Cyrus.

“Zoey’s a demon, a killing machine that belittles humanity! She should die!”

Soon, more followed suit.

Excluding some of the elderly, Henry and the likes were all asking for Zoey’s death.

They were afraid.

Now that they became pure energy beings, they had superpowers, but it also felt like their bodies were extremely weak.

That was why they feared death more. They were too fragile.

Survival comes first at a time like this! To hell with Zoey!

“How could we do that to her? She’s our granddaughter!”

Naturally, Cora could not accept it.

“Mom, Dad, the whole families’ going to be in danger if you don’t allow it!” Henry and the others were trying their best to persuade them.

Dark Emperor had been monitoring everything and felt a little excited when he saw that.

He was conflicted between hoping for Levi to be capable of massacring hundreds of thousands. At the same time, he wanted him to be mediocre in terms of power.

It was finally time for the moment of truth.

If Levi truly escaped Prison of Darkness by himself, then he could easily take on millions without a problem.

Hundreds of thousands of eyes were on Levi at the same time.
