Chapter 2401 The Ruins Are Real

If the ruins were recently fabricated, there would be more clues upon closer investigation once excavation began.

In fact, they might be able to find out who was the one responsible for creating the fake ruins.

By discovering the mastermind behind the scenes, they might have a chance to locate the enemy's hideout.

Levi sent the Erudian Alliance to search the ruins at once.

By then, news of the ruin's appearance had spread far and wide.

Thus, Garrison Industry and many other Erudian factions headed there at the same time.

Even Kirin and the others wanted to try their luck when they heard the news.

Many of them gathered at North Hampton and prepared to plunder the ruins.

Even Queenie's interest was piqued. Hence, she decided to go over with Azure Dragon.

"Don't waste your time. It is definitely a fake."

Levi stopped them just when they were preparing to leave.

"Levi, didn't you say that the ruins were fake? Why did it turn out to be genuine?"

"Yes! You owe us an explanation!"

Everyone piled on their criticisms.

Levi was indeed caught off guard by the matter as all the previous ruins turned out to be fakes.

Not only was their time wasted, but they had also been used as pawns.

However, he didn't expect it to be real this time.

"I suspect that there's something amiss," Levi replied.

Edmund's subordinates continued to blame Levi.

"That's right. If not for him, the Iron Golem Technique would still belong to Erudia. At the very least, Erudia will have another warrior in the top three places of the Divine Leaderboard."

"Levi has not only caused us to lose the Iron Golem Technique, but also to allow it to fall into the hands of the enemy. Soon, they will use it to kill us!"

"Levi, you will soon have blood on your hands. Erudia will suffer because of your actions!"

Everyone stared daggers at Levi.

They, especially Zoey and the others, were kicking up a big fuss because Levi truly made a mistake.

It was Levi who stopped them when they wanted to search the ruins.

After that, he told them a whole load of crap.

“It has something to do with the mutated zombies. The management of Maya Industries had mentioned before that mutated zombies were part of a project left behind by Dr. Erebus at the Lab of Gods. Initially, the experiment was supposed to be used on large beasts. Its objective was to create a body that is undying and indestructible. The mutated zombies were already quite the achievement, but they had yet to be perfected.”

Having heard Levi’s analysis, Death Fiend instantly understood what was going on.

“Therefore, they went to the ruins to obtain the Iron Golem Technique. If they managed to incorporate it into their experiments, they would be successful in creating something invincible. Hence, by getting their hands on the technique, they intend to strengthen their creation!”

“You’re right! Let me head to Maya Industries and check with them.”

Disguised as the Dark Emperor, Levi headed to Maya Industries to enquire.

The answer he received was that the Iron Golem Technique couldn’t be applied to mutated zombies.

However, the same couldn’t be said of the Lab of Gods’ project.

Considering how diabolical Dr. Erebus was, he might be able to find a use for it.

Chapter 2405 I Am The Guardian

Everyone in Erudia panicked at the news.

The matter escalated much faster and was a lot more terrifying than they expected.

Even though the Iron Golem Technique was easy to master, the time that Hirai took to progress was still shockingly short.

However, most people didn't know that the more terrifying figure was Hirai's master, Kuroki Takiya.

He had emerged in Raysonia recently as a powerful master and was ranked sixteenth on the Divine Leaderboard.

In truth, he was the one who had gotten the Iron Golem Technique first.

As of then, his disciple had relied on the Iron Golem Technique to secure his position within the top thirty.

With regards to Kuroki, he was truly the one meant to challenge the top-ranked fighter of the Divine Leaderboard and also Divine Brigadier.

As they took down their opponents one by one, their exploits shocked the entire world.

Soon, news of Kuroki and his disciple entering Erudia and challenging the Erudian warriors, especially those on the Divine Leaderboard, began to spread.

The powerful Erudian warriors on the Divine Leaderboard such as Kirin, White Tiger, Floyd, etc were outside the top thirty.

His decision intrigued everyone.

It appeared that Divine Brigadier took Levi's side when it came to the two matters.

Thus, Queenie was puzzled as to what her father saw in Levi.

Is he really extraordinary? But no matter, this is another wonderful opportunity still.

In the end, she would put Levi out there to face Kuroki and his disciple.

After all, she really wanted to know if he could defeat the enemy or was just boasting all the time.

If he really could, that would prove how special he was.

Or else, he would be killed in the process.

With that, Queenie made her decision to use the circumstances as a trial for Levi.

Soon, Kuroki and his disciple entered Erudia and began their challenges.

Hirai challenged those who were ranked higher than thirty on the Divine Leaderboard.

At that moment, all those from the Divine Leaderboard who were defeated were gathered at Levi's manor.

They were laying the blame on him.

"Levi, have you seen what you have done? The consequences are playing out right in front of you!"

"Erudia has been humiliated and everyone feels ashamed!"

“All its champions on the Divine Leaderboard have been wiped out. There’s no one left to stop them now. Today marks the darkest moment in Erudia’s history!”

Even Edmund and his men had hurried over.

“Levi, do you now admit that this is your fault? If you hadn’t stopped us by saying it was a fake, the Iron Golem Technique wouldn’t have fallen into the hands of others. Now, outsiders are using it to trash us and humiliate Erudia. They are trampling on our pride and the martial arts of Erudia!

Chapter 2408 Trembling At His Name

Edmund was no different as he too was traumatized by the beating Kuroki gave him.

That was also the first defeat he had ever experienced in his life.

He had unleashed all the techniques of The Cardinal Hall, including the organization's secret moves.

Unfortunately, everything he did was futile in the face of the Iron Golem Technique.

Having been utterly thrashed by Kuroki, the only emotion he felt was despair.

The moment he heard Kuroki's name, his body shuddered in fear as cold sweat broke out on his forehead.

"Queenie, don't worry. Kuroki is here just to spar, not to kill you."

The moment he finished, Edmund fled.

The rest of the warriors were in more miserable conditions than Edmund was. Their faces had lost all color while they were drenched in cold sweat. Many of them were even hobbling as they fled.

Kuroki's name alone was enough to scare the living daylights out of them.

In a blink of an eye, everyone who came to lay blame on Levi vanished because they no longer had the courage to face Kuroki at all.

She felt her knees buckle as cold sweat drenched her entire body.
Seized by fear before the battle even began, Queenie had already surrendered mentally.
In fact, she would undeniably lose to Hirai if they were to fight, let alone Kuroki.
"Is... Is this the fearsome power of the Iron Golem Technique?"

Queenie shuddered fearfully.

Just as expected, Kuroki and his disciple, Hirai, had arrived.

Consequently, there was no one else in the vicinity of Levi's manor. Not a single soul even dared to watch in secret.

Chapter 2410 Showing Mercy

Both Kuroki and Hirai were stunned by it.

There's still someone there?

Since the time they arrived, they didn't notice Levi's presence, as they were only focused on Queenie.

In fact, they were oblivious to Cyrus and Mia's existence too.

After all, the aura they exuded was so weak that it was no different from an ordinary person.

As for ordinary folk, they were nothing but insects to Kuroki.

Hence, he wasn't even bothered to look.

Therefore, he treated Levi as if he wasn't even there.

After all, Levi wasn't even worthy of being ridiculed by them.

When one was insignificant, others wouldn't even notice one's existence.

However, when Kuroki and his disciple heard a sound, both of them were caught by surprise.

"Hmm? There's actually someone else?" Hirai asked curiously.

Kuroki began to scrutinize Levi.

Even Queenie, who was still sprawled on the ground, looked at Levi in astonishment.
