Chapter 2461 Controlling Maya Industries

It was as if he was trying to scare everyone to death.

Levi's words got everyone curious.

Something seems off... Why would he ask us if we want to know how he survived? Could it be...?

Levi didn't wait for them to come around. He simply chuckled and pointed out, "Haven't you been curious about how I survived? Or why I never run into any Gods?"

His words were like a bomb that had gone off in everybody's minds.

Ah! He has figured it out. I can't believe he actually knows about the Gods... but wait, how does he know all that? We never share the real folder with him. All he ever received was the fake folder.

"G-God? How did you know about them? It shouldn't be possible... D-Did you bug us?" asked one high-rank official of Maya Industries while stuttering.

"Bug you? Of course not. The reason I know about the Gods is simple. I met them," replied Levi calmly.

"Huh? Did you meet them? No, wait. If you met them, then it means that the Lab of Gods' folder is accurate. The Gods exist," gasped the high-rank officials of Maya Industries.

No one suspected Levi's words.

The fact that he used the word God meant that he knew the truth.

That, however, presented another mystery.

If Levi had run into the Gods, how did he return unscathed? It shouldn't be possible. It can't be!

Chapter 2462 Testing The Sword Out

Levi had to make a small adjustment, but he ended up having Maya Industries under his tight control.

The decision-makers had always been nothing more than puppets, anyway.

They probably set Maya Industries up because Lab of Gods ordered them to do so.

Those thoughts prompted Levi to keep the fact that he had conquered Maya Industries a secret.

He wanted to use Maya Industries to trace back to Lab of Gods.

It's possible that the incident in Restricted Area 76 is leaked, and Lab of Gods might already know about it.

That means they might make their move soon.

The Lab of Gods might be aiming for the resources in Restricted Area 76 and will likely send someone over.

That was why Levi wanted to get an anti-theft system and a surveillance system set up.

It would turn Restricted Area 76 into the most secure place with zero blind spots.

Even the slightest movement and the faintest noise could raise an alarm.

In a way, the entire thing could be described as Levi's trap. He was waiting for the big fish to bite the bait.

He laughed aloud.

No one could understand or relate to his glee.

They didn't know why he was laughing like an idiot.

Hell yeah! I can test my sword out now.

Levi had thought hard about who his opponent would be.

In the end, he decided to go to The Cardinal Hall and ask Divine Brigadier as well as a bunch of other fighting experts to fight against him. He wanted them to join forces and block a single swing from his sword.

But that wouldn't be fun, and it kinda feels like I'm bullying them.

Hence, the situation in Erudia came at the perfect time.

The ancient Garrison clan suddenly showed up, and a fighter like Eustace is perfect for testing my sword out!

I can even use this opportunity to learn more about the Ancient Clan. I'm basically killing two birds with one stone. Hah, lady luck truly is on my side. I can't believe I actually have someone to test my sword out on.

Everyone stared curiously when they saw how Levi was laughing aloud.

Forlevia's words were instantly backed up.

"That's an amazing plan! You're absolutely brilliant, Evie."

"All we need to do is get to The Cardinal Hall! Eustace won't dare to barge in."

Everyone was looking at Forlevia with admiration glowing in their eyes.

They also clapped for her.

"There are only two shortcomings to this plan. The first is that we must bow down to The Cardinal Hall. We will be living with them, after all, so we have to recognize them as the owner and the host. "Only then will The Cardinal Hall allow us to stay.

"The second shortcoming is that we might have to stay there for quite some time.

"We can't leave the place until Eustace has left permanently. Naturally, that won't apply if we grow and become strong enough to defeat Eustace and the ancient Garrison clan on our own," said Forlevia with a straight face on as she looked at her father.

Zoey and the others were quick to chime in. "That's true, but it's not that bad to hide in The Cardinal Hall. Take your time and slowly build your strength up. Just regard this as your solitary training."

"That's true. After training in solitary for a few years, you will emerge as a great fighter and can go after the ancient Garrison clan then."

"Exactly! We believe in you, Master. In five years, you will surely grow to be strong enough to fight against the ancient Garrison clan."

Chapter 2465 He Was Locked In The Prison Of Darkness Too

"Hurry! My God Crusher is hungry for blood," urged Levi.

He finally found an opponent to test his sword out on, so he truly couldn't wait.

Please let the guy be stronger. Heck, the stronger he is, the better. Hopefully, he is the kind of guy that
can go on a rampage in The Cardinal Hall or maybe even someone who can frighten the Gods in
Restricted Area 76. Ah. Please let him be a threat to me too! Only then will this fight be fun and
meaningful.

Queenie didn't quite understand why Levi was that excited and eager, but she tapped into her network
and searched for Eustace Garrison.

It didn't take long before Queenie found Eustace.

"He's not in Oakland City. Instead, he's in Chillshire."

"Okay, then let's hurry to Chillshire. I can't wait any longer."

Levi and Queenie went to Chillshire immediately after.

The place was already in a wreck by the time they reached there.

Fear filled the place ever since God of Massacre showed up.

The guy made a bee's line to the Ancient Clan in Chillshire and massacred everyone there as soon as he showed up.

The reason behind that attack was that the clan had fallen for Donald's taunts once and spoke ill of the ancient Garrison clan.

Both clans were a part of the Ancient Clan, but their difference in strength was still great.

Chapter 2466 I Will Test My Sword On You

Naturally, the two youngsters in question were Levi and Queenie.

They had been searching for hours, but they eventually figured out which route Eustace was taking and found him.

At that moment, Levi had a huge photo with him and was placing the photo right beside Eustace's face to compare the two carefully.

That got Eustace utterly speechless.

"Yep, that's a match, alright. There's no mistaking it. You're Eustace Garrison."

Levi tore the photo apart after he confirmed that the man standing in front of him was the one he had been looking for.

"You..."

Eustace was taken aback.

No one had ever dared to behave like that in front of me before. Not even the members of the ancient Garrison clan have the guts to do so.

Heck, even the genius, Donald, is cautious around me and keeps his distance.

That guy doesn't even have the guts to get too close to me when he speaks.

This young man standing in front of me is different.

"Are you here for me?" asked Eustace to test the waters.

"Yeah, I'm here for you. Dang, I had to spend so much effort to track you down," complained Levi.

Eustace was infuriated.

No one could save Levi now that Eustace's bloodlust had been triggered.

Even the greatest heroes won't be able to rescue him!

"What's the point of talking sh*t? Hurry up. My sword is craving blood."

Levi could barely wait any longer.

What he didn't know was that his words only served to taunt Eustace even more.

"Gah! I am so going to kill you."

Eustace was so angry that his aura flushed out of him.

It felt as if the mightiest weapon of a deity was about to strike the darkest of nights...

It was scary!

Actually, it would be more accurate to say that it was downright terrifying.

Queenie sensed the horrifying pressure that threatened to overwhelm the entire world, and she couldn't help trembling.

It's almost as powerful as the aura my father exuded after he took the holy pills.

That means that Eustace is slightly stronger than Father...

Or maybe a little more than just slightly...

The holy pills were ridiculously powerful, so that means that Eustace definitely has what it takes to defeat Father!

Levi sensed it as well.

Chapter 2468 Eustace Cries

When Eustace took his sword out, his aura increased by over ten folds.
His combat prowess also rose exponentially.
That was right.
That version of him was the Eustace Garrison that even the Ancient clan had to be wary of.
He was in his scariest state at moments like those, and no one could stop him.
When the ancient Garrison clan first locked him up, they conned him and separated him from his sword.
Only then were they manage to lock him up.
If they hadn't done all that, they would not be able to lock him in the Prison of Darkness.
When Death Sword revealed itself, Queenie felt light-headed. Her mind might've also shut down for a second there.
Through that sword, she saw countless lives fading away. A mountain of corpses and an ocean of blood stood there as the agonized screams of the angry spirits filled her ears.
She felt as if her soul was being dragged into the sword.

It makes sense that Skyward Sword failed to fight against something as terrifying as this.

Levi chuckled when he saw Eustace with Death Sword. The former challenged, "Are you sure you're worthy of learning my sword's name?"

This sword is named the God Crusher because I created it to fight against Lab of Gods. Hence, Eustace actually is not worthy of learning its name.

Levi couldn't deny that he was rather interested in Death Sword, though.

It is much stronger than Skyward Sword.

That gives me another avenue to test my sword out. That is amazing. Awh, Eustace is such a nice guy. He is going all out for me to test my sword. What a great guy!

Yep, that was right.

Levi had overwhelmed Eustace so much that the latter had cried.

The great God of Massacre had freaking cried.

It was beyond imagination.

No one would believe the story if it was ever shared, but he truly was crying.

In fact, he looked like a kid who was crying over a lollipop that was taken away from him.

He had just occupied Chillshire, and if their citizens had been there, they would've dropped their jaws.

Him? Crying? How is that even possible?

Humiliation, anger, emptiness, loneliness, and utter helplessness.

Those words best describe what Eustace was feeling at that moment.

He had never felt that helpless, or that humiliated, before.

His opponent messed with him like he was a toy, and there was nothing he could do about it.

I was defeated... I was actually defeated. And by a youngster!

Everything that Eustace held dear and was immensely proud of... they were nothing to that guy.

Neither my strength nor my weapon meant anything to him.

Chapter 2470 How Death Sword Breaks Apart

Eustace suddenly tilted his gaze up. An evil glare flushed out and scared everyone senseless.

“Nothing f*cking happened! Also, none of you have the authority to butt in on my matter.”

Eustace’s words got everyone to tremble in fear. They shut up right away.

“The Garrison clan will keep a low profile for now. Stop trying to expand or occupy lands. I’m tired and will be taking a break.”

Eustace left after saying his piece.

At first, he thought that he’d crush everything in his path as soon as he was released.

Who would’ve thought that it’d only take a few days for a fighter to show up and force him to his knees?

Looks like things out here aren’t as simple as they seem.

Everyone was stunned.

That was not Eustace’s style at all!

Does he really want to keep a low profile? That is unimaginable!

Still, Eustace had already issued his orders, so everyone had to obey.
