### Chapter 2471 Levi Garrison Is Unlucky

Everyone else, including Donald and the others, had never seen Death Sword before, but Humphrey had, so he could tell that something was off.

Why is Eustace's Death Sword broken in half? What the hell has happened? Did he get into some trouble? How did it get to the point where Death Sword is broken?

Everyone sensed that something was off with Eustace when he first returned.

Moreover, Death Sword was broken, and it was easy to deduce that something had happened.

"Huh? Why is the sword broken? Are you hiding something from us?"

Everyone was curious.

At that moment, Eustace truly wanted to confess and tell everyone how someone had easily defeated him.

But I represent the ancient Garrison clan, and my mission is to conquer Erudia. If I tell them the truth, it will deal a heavy blow to the entire clan.

They will surely become uninspired and scared.

Things might get so bad that it will affect the clan's enthusiasm.

It would also be freaking embarrassing...

After seeing Death Sword, the crowd gasped.

Tyrone and Donald were exceptionally impressed.

They now believed in their power even more.

"Huh, Kuroki Takiya died too quickly. When he defeated me back then, I had to hold myself back and rush to the ancient clans to seek help. If he were alive, there's no way his body could have been able to hold up against Death Sword. That's simply impossible," Donald said with a sigh.

Donald's search for help was partially the reason for the arrival of God of Massacre, Eustace.

"Of course. If he encounters Death Sword again, he'll still be doomed."

Tyrone and the others nodded.

"If only I had Death Sword at that time. There's no way Kuroki would have won against me at that time then!"

Donald yearned for Death Sword.

He truly wanted it.

Curious, Tyrone asked, "Sir, why didn't you pick God of Massacre to be your master instead? Although Humphrey Garrison is strong, he's not on the same level as God of Massacre."

"That's because Mr. Eustace's murderous intents are too strong. All the techniques he knows are for the sake of killing. My family is afraid that I'd become a monster, so they refused to let me learn from him. Still, I wished he could be my master. If he's my master, I'll then have the chance to defeat The Cardinal

Hall General. I've been hearing others talk about how The Cardinal Hall General has been training in the Iron Golem Technique recently. If I get my hands on Death Sword and become a student of God of Massacre, then I'd be able to defeat The Cardinal Hall General. Otherwise, the gap between our skills will only grow wider and wider," Donald told him what was on his mind.

Zoey did not wish to see anyone hurt because of Levi.

Therefore, she was determined to face it alone.

After all, it was not the first time for her to face a situation like this.

“Mom, Dad, Grandma, Grandpa, leave now! Leave this place quickly. The quicker the better! If you dilly-dally any longer, you won’t be able to leave anymore.”

Hearing Zoey’s urgings, both the Lopez and Black family members sped out.

This has nothing to do with me. Why should I stay and wait for the grim reaper to come? Even Levi has fled from his own problem. Why should I stay to tackle this issue? I’m not that stupid.

Upon hearing Zoey’s words, the members of the Lopez and Black families escaped.

Then, Zoey turned to Azure Dragon and the others. “You all should leave too. This has nothing to do with you. If the Garrisons are furious, all of you will be dragged into this mess!”

Azure Dragon and Floyd instantly said, “It’s fine! His problem is our problem! Moreover, how could we let you be in danger all by yourself? We’ll stay here with you.”

“Indeed, we’ll stay in this together. We’ll stay with you through thick and thin!” the others yelled in unison.

Moved, Zoey sobbed quietly.

#### Chapter 2474 Cowards Who Fear Death

Upon arriving at the scene, Eustace questioned, "Where are Levi and his child? Tell them to come out here right away."

"The ancient Garrison clan is here for two things today.

Firstly, we'll be taking Evie, who has the bloodline of the ancient Garrison clan, back to train her. We can't let her continue to wander the streets anymore. She's doing nothing but wasting her talents by living a life like this.

Secondly, Levi has killed his brother and locked his own father up. Furthermore, he has sent his own family members to doom. He has been breaking the Garrison clan rules again and again. Even one death sentence is too easy on him in consideration of all the crimes he has committed. That is why we're here now—to punish him," Humphrey said to them.

Many of the Garrison clan members were trembling in anticipation; they had been waiting for this day to come for far too long.

As far as they knew, Levi was the one who had pulled them to hell; he was the one who had dragged them off the top of the pyramid.

They had been enduring in silence all this while, and finally, it was time for vengeance.

"Are you prepared to pay for the crime of harboring a criminal?" Donald questioned, his finger jabbed at the cornered bunch.

However, Zoey stared at Eustace and uttered, "First and foremost, my daughter has the right to choose how she wants to live her life. She's now already in The Cardinal Hall. If you're that capable, then feel free to march there to look for her!"

"The Cardinal Hall?"

Humphrey and the others choked and paled when they heard the mention of The Cardinal Hall.

At the sight of the selfish Lopezes and Blacks, the others could only heave a heavy sigh.

However, Zoey did not blame them for their behaviors.

After all, they truly had nothing to do with Levi's mess.

Levi was the one who had created this whole ruckus.

It was pointless for them to die for Levi's mistakes.

Hence, they were doing the right thing, and Zoey approved of it.

Right then, Tyrone said, "It's true. The elders are not on good terms with Levi. This matter has nothing to do with them."

Donald chimed in, "Indeed. They hate Levi as well."

Hearing that, Eustace said, "All right. As long as they bow thrice to me, I'll let them off."

Eustace's words sent a wave of relief that washed over them.

Instantly, the Lopezes and the Blacks groveled at Eustace's feet.

Their dignity was worth nothing in the face of an opportunity to survive.

Chapter 2476 Let Me See Who It Is

Right them, a voice traveled into everybody's ears.

It had cut through the air like the sound of thunder in the abyss.

It frightened everyone and made some leap into the air.

It truly was a bolt out of the blue.

Among those who were alarmed were Donald and Tyrone, who nearly jumped in shock.

Zoey, Floyd, and Azure Dragon were also startled by the familiar voice.

"Boss!"

"Master!"

"He's back?"

"We were wrong about him!"

Knowing that Levi had returned, Floyd and the rest were overjoyed.

In fact, tears of joy were brimming in their eyes.

Things would be different once Levi was back.

Even if he did not have the capability to deal with the current situation, at the very least, he would be standing by their sides through tough times.

Even if they were to die, at least they would be accompanying each other in the afterlife.

Zoey smiled when she heard the all-too-familiar voice.

The arrogant way Levi was carrying himself infuriated Zoey, for they thought that he was only bluffing  
and making his bark sound worse than his bite.

Nevertheless, it was still an impressive move from him as he looked like he was unwilling to go down  
without a fight.

When Tyrone and Donald saw Levi, anger thrummed in their veins.

The other Garrisons were equally vexed as they balled their hands into fists upon seeing the familiar face.

That was a face they would never forget.

Right then, Humphrey and the others turned toward Levi.

Even Eustace had twisted his neck to take a look at Levi.

Coincidentally, his eyes met Levi's.

Their eyes locked, and it felt as though time had come to a standstill.

Eustace stiffened and stood still.

The longer he stared at Levi, the more his eyes widened.

He studied Levi's face for a while.

Then, he turned toward Queenie and studied her face for a while too.

In seconds, his breathing quickened as his chest rose and fell quickly.

Seconds later, he could barely take in any air.

#### Chapter 2478 Slapping The Garrisons

Donald was not the only one excited. Tyrone and the other Garrisons too shouted excitedly, "Levi, it's time for your life to end! The elders of the ancient Garrison clan will be listing your crimes and giving you your sentence."

"Sanction Levi!"

"Punish Levi!"

The crowd was eagerly shouting for their clan to carry out the punishment.

When Donald realized that Eustace still had his head lowered, he nudged him.

"Mr. Eustace, look, that's Levi. He's the one who killed Damien! He's—"

Slap!

Abruptly, Eustace slapped Donald.

It was a slap so strong that it sent Donald flying.

As he soared through the air, he knocked into the trees and destroyed them.

"Ugh! Argh!"

After reaching the ground, Donald's body trembled as he continued to roll on the ground, unable to come to a stop.

Blood was spurting out from his mouth.

His face was completely gory and bloody.

His tendons were all torn.

He was half dead.

Donald had been rendered half-dead by a slap from God of Massacre.

It was fortunate that Donald himself was mighty too. Otherwise, that mere slap from God of Massacre would have certainly killed him.

Rage nearly consumed Eustace.

Silence enveloped the place.

No one made a sound.

If a pin were to drop, everyone would have heard it.

After all, who would dare to speak?

Those who had spoken earlier were all in pain and rolling on the ground now, barely breathing...

Thus, there was no way those who were left standing would dare to utter a word.

They could only stare at the people on the ground, flabbergasted.

Their minds were buzzing with white noise.

There was only one question in their heads. Why?

Why would Eustace strike his own people?

He was merciless and quick, and he nearly killed Donald.

Isn’t he here to deal with Levi?

Why did he suddenly seem like a different person and attacked Donald and the others instead?

This is abnormal.

It's just too abnormal.

No one could understand what was happening.

They just could not.

It was simply incomprehensible.

"It was because he was scared of me. He saw me, and that was why he had attacked the Garrisons instead before running off."

Everybody was stunned by Levi's explanation.

The God of Massacre? Afraid of Levi?

How can that be?

That's impossible.

Everyone had just witnessed how powerful Eustace was.

He had defeated the fighters of the Divine Leaderboard with just one slap.

Even someone from Donald's class was in that state after a slap.

Levi would only be as powerful as a worm in front of God of Massacre!

Therefore, everyone thought that Levi was joking with them.

In the meantime, Humphrey's analysis was almost the same as Azure Dragon's.

They guessed that Donald had infuriated Eustace by ordering him around.

Once the Garrison clan were back in Oakland City, the members of the clan were apprehensive.

They went out to sanction Levi, but why are they back with a whole bunch of casualties?

Right then, Eustace gathered the people and finally spoke.

“There are two things I want to talk about. Firstly, take out all of the clan’s medicine for them. I’ll be treating Donald and Tyrone myself.”
