Chapter 2541 One Punch Is All It Takes

Naturally, the one who complained was Levi.

He looked furious.

He had completely given up on Karsten after seeing how the latter was.

Even after everything I've done, he is still so freaking weak. Ugh, and he's moving like a dumb peacock. What's the point of making a scene? He is nothing but a stupid, useless piece of utter trash!

Levi was so angry that he was really losing it!

He was excited and had been waiting eagerly.

Playvolume00:00/00:44TruvidfullScreen

It was bad enough that he was disappointed once, but Levi had given Karsten so much help after that. The former even waited for three whole days.

And this is all I get for my patience?

How could Levi not be disappointed?

That Karsten only managed to absorb a quarter of that crystal's energy and barely merged with it!

Karsten might have reached the highest level of the Divine Extraction Technique, but there were a lot of subcategories in Level Nine!

Everyone was stunned.

They stared at Levi in disbelief.

What is he doing? Karsten has been taunting, but shouldn't Dark Emperor and his friends be the ones who are angry? What does Levi Garrison have to do with anything? Why did he run over?

They were dumbstruck!

Zoey and the others, who had been waiting at the side, were all dumbfounded.

Their minds were blank.

Playvolume00:00/00:44TruvidfullScreen

If they could think, they would most certainly have gone out to stop Levi.

It's fine if you go after others, but you are going after Karsten! He is the man who has mastered Level Nine of the Divine Extraction Technique. He is undefeatable. Are you insane? Why did you go after him?

When Levi ran over, he triggered a chain reaction.

The crowd gasped.

That punch was ridiculous.

To Karsten, it was so incredibly weak, and every spectator saw that it carried no weight whatsoever.

Everyone could tell that Levi had put everything he had into that punch.

It seemed that he had been preparing to throw that punch.

At first, he was over ten thousand meters away from Karsten.

It looked like Levi had been preparing the punch as he ran that distance.

Playvolume00:00/00:44TruvidfullScreen

After all that preparation, he finally threw the punch.

Unfortunately, everyone saw that punch as being utterly weak.

It looked terrible. The power was average, and the speed was only slightly above average.

It definitely couldn't bring about an incredible change or anything.

At most, that would get the fighters on the Provisional Leaderboard to back away a little.

Chapter 2544 Levi Killed Karsten

At his final moments, Karsten recalled a name he had long forgotten.

The name on the stone plaque was Garrison, L...

That day, Death Fiend got Karsten to move away before he could finish reading those words.

At that moment, Karsten realized that the second word was Levi!

It's Levi Garisson!

He instantly understood what it meant to have one's name carved on the back of the stone plaque. It was to honor a fighter so powerful that he or she was regarded to be above the Divine Leaderboard.

Playvolume00:00/00:44TruvidfullScreen

"That's me. Why are you calling out to me?"

Levi frowned and was a little confused.

He figured it out soon after, though.

Ah, Karsten must've seen my name carved on the back of the stone plaque. Something still feels off, though.

"Hahaha..."

Karsten suddenly laughed aloud.

That was a question and the truth.

Still, there were over a hundred thousand witnesses there, so they couldn't all have made a mistake.

How did a seemingly weak punch from Levi kill Karsten?

There was only one possibility—the strength was well hidden.

The stronger the punch, the weaker it seemed.

The strength of that punch must be beyond everyone's imagination.

The truth was Levi had defeated Karsten.

Rumors could be faked, but not when something was presented before their eyes.

Everyone saw it, and that had to be the truth.

Chapter 2546 Levi Is The Top Fighter On The Divine Leaderboard

It didn’t take long before the news of how Levi had defeated Karsten was shared worldwide.

The forgotten hero rose to be the everyone admired once more.

Levi was a hot topic at the time because no one thought that he’d rise to the top of the Divine Leaderboard.

Isn’t he ridiculously weak? I thought he can’t even make it to the Provisional Leaderboard. When did he suddenly become so strong? Did Dark Web make a mistake? Is this new list legit?

That was what the public thought since they didn’t know that name had long been carved onto the list.

Dark Web would never make any mistake, and it definitely wouldn't share fake news.

Playvolume00:00/00:44TruvidfullScreen

When Levi walked over, he saw that Zoey had a complex expression on her face. She asked, "So you have been that strong the entire time? Why didn't you tell us?"

Levi smiled and replied, "I told everyone, but no one believed me."

Someone used their power to part the clouds surrounding the stone plaque.
The stone plaque listing the Divine Leaderboard was presented to the public clearly.
Everyone inched forward to take a closer look.

“Huh?”

The crowd murmured at the very next second.

Fear and surprise could be seen on all of their faces as they could not believe what they saw.

So where is it?

Chapter 2548 Under Pressure

They had the same thought like everyone else because they saw how Levi had killed Karsten with just one punch.

Combat prowess like that was incredible.

The top three fighters on the Divine Leaderboard were too mysterious, so it was possible that they were stronger than Karsten. However, even if they ignore the first three spots on the Divine Leaderboard, Levi should still be in fourth place.

It didn't matter how weak Karsten looked since he was still stronger than Daxon and Gabriel.

Yet, name was nowhere to be found.

"Maybe Dark Web hasn't had the chance to update the list? Should we wait a little longer?" asked Lucifer.

Playvolume00:00/00:44TruvidfullScreen

Mr. X was smarter. He frowned and said, "I don't think that is the case. Something is off, but I can't quite pinpoint the issue..."

"Yeah, something feels weird, but I can't really tell what it is either," replied Lucifer.

Chapter 2549 The Statement By Dark Web

That statement shook the entire world to its core.

It said that Dark Web and the other organization would remain fair when listing the Divine and
Provisional Leaderboard. They claimed that there was no mistake.

Anyone who had proved themselves would be listed, whereas the weak would remain outside the list.

The statement also claimed that the Divine Leaderboard and the Provisional Leaderboard were accurate
as they were.

Now, the whole world was furious!

The Dark Web had officially stated that there was nothing wrong with the Divine Leaderboard and that Dark Emperor was still the best fighter.

Playvolume00:00/00:44TruvidfullScreen

Any fighters who have proved themselves will be listed, whereas the weak will remain off the list... what is that supposed to mean? Levi is not on the list. Does that mean that he is weak? How is that even possible? Everyone saw him killing Karsten with just one punch. How is that weak? A fighter like Levi shouldn't be left out of the list. The Dark Web is basically insulting our intelligence!

Chapter 2550 The Truth

The problem was that the one who killed Karsten might not be Levi.

Once the issue was voiced out, everyone was struck hard with realization.

That's right!

We've all been wondering about Levi killing Karsten with one punch, but there's a possibility where Levi isn't the one who killed Karsten.

It has nothing to do with the punch.
