### **Chapter 2571 You Have No Idea What You Have Missed**

Eskild, Viggo, and the other five said, "As we persevered, Divine Brigadier, God of Massacre, and the previous head of the Garrison clan took us as their students."

"Yes. We fought for our own future. It was your fault for not leaving with us. We were assigned to other teachers after leaving!"

The seven of them puffed up their chests proudly in anticipation of the others' envious and complicated gazes.

They must've regretted not coming with us!

However, they were stunned by what happened next.

Their smiles were gone, they stared at the remaining students in disbelief.

Everyone else shared his sentiment.

However, they quickly came to their senses.

No way! We just saw them practicing the useless basic technique. Either Levi had deceived them with lies, or they have resigned to their fate. They must've accepted fate and pretended that they don't care!

"Just you wait. Two years later, I'll defeat each and every one of you!"

"Yes, this technique is stronger than you can imagine. We need time to prove our skills. Give us a couple of years to show you a miracle!"

In the face of the other students, Troy and his friends couldn't wait to reign above them.

Chapter 2573 One Person

It was a mind-blowing sight.

Never had anyone seen such a scene in their lives.

The crowd was familiar with Carigrey Mountains, for they had seen the mountain range before they arrived at Carigrey Academy.

And yet, there was a colossal hole in the middle of the mountain range.

Did someone do this on purpose?

Comprehension dawned, and they recalled the huge commotion that happened in Carigrey Academy earlier.

“Who was it? Hurry, tell us!” Eskild grabbed Troy’s shoulder and shook the latter earnestly.

“Did you see who did it? Hurry, tell us who he is!” everyone uttered anxiously.

They wanted to know whether it was Dark Emperor or the other two who did it.

Troy and the students replied firmly, “We won’t tell you!”

The crowd fumed at their answer, but they were eager to know who the fighter was.

Eskild and the spies were especially frantic, for their mission was to find out Dark Emperor and the other two’s real identities.

It was Zoey.

Everyone, including Zoey, couldn't fathom why Levi wanted to take his students to The World Summit.

She couldn't help but step out to stop them.

"Levi, please don't waste their time. Listen to me and step down from the position. We can improve our skills together. Stop interfering in someone else's business!" she implored.

"Yes, Boss. Let's not bite off more than we can chew. You're not strong enough to be a teacher."

#### Chapter 2576 The Lab of Gods Is Looking For Someone

Finally, Levi led everyone to The World Summit. Despite being mocked by them, he still led them onto the Hall of Gods.

Others might feel it was disrespectful to step onto it, knowing that it was meant for unrivaled warriors of fame, but Levi gave no hoots to everything.

Everyone could not resist having a reverence for the stone plaque. If name were not on it, they would be deemed disrespectful of it.

Nonetheless, they were stupefied at the sight of the wordings carved on the back of the stone plaque after climbing onto it.

“Other than me, the rest of them will be the mortal enemies of the whole world. By hook or by crook, you must remember their names! To be frank, I have been nurturing all of you all this while because of them! In other words, I need all of you to battle against them!” Levi uttered solemnly.

"Could it be Dark Emperor's senior disciple?" Lucifer asked warily.

"Yeah! You have the right guess! Actually, the so-called Senior Disciple is Divine Brigadier and Dark Emperor's son! Shield has managed to find out about that. Thus, he could be the only person who knows about Dark Emperor's identity at the moment!" Mr. X uttered placidly.

Shortly after, the special forces agent from Shield brought someone with a mask to meet them.

He turned out to be Senior Disciple of Dark Emperor.

"Who's the current Dark Emperor?" Mr. X cut to the crap.

After that, he even wiped off all the high-rank officials to take control of the whole organization! From what I know, Death Fiend, Tempestus, and the others know the exact identity of Dark Emperor. Senior Disciple nodded and replied, "I have a feeling that he does. But he doesn't know who I am and hasn't tried to find out."

"If you still can't trace any clue, I suggest you go and look for him! After all, he's the head of The Cardinal Hall. I bet he knows the exact identity of Dark Emperor and the others. He might keep it mum from the others, but you are his son! Even though he won't tell you everything, I'm sure he'll at least give you some clues if you insist on avenging your mother," Mr. X hinted to him.

Senior Disciple was quick-witted and got his point at once. "Ah! I get it! Just wait for my great news then!"

He could barely wait to leave and meet Daxon at once.

Next, Mr. X turned to instruct those from Shield, "As for the current head of the ancient Garrison clan, you can give it a try to get some clues from the family members."

"Yes, Mr. X." They nodded respectfully.

Eskild turned out to be the one blurting out the question. He had actually voiced up the doubt bugging most of the others' minds.

Many others were observing Levi too, and could not resist feeling that he looked suspicious. Even Zoey and the others assumed he was trying to learn discreetly from them. Even so, they knew it was inappropriate for them to comment on anything.

After Eskild voiced his doubt, the others echoed as they inched toward Levi and surrounded him.

"You have a point. I notice he has been standing here for hours and acting weirdly!"

"Not only that, he's doing the same for almost all the teams..."

"Good gracious! He observes every student for more than one minute. What's that for if he's not learning our skills discreetly?"

"To motivate everyone, the chancellor has sent a divine tool for us to take a look and give it a try!" Daxon announced again.

His words whipped up all the students. Wow! We'll get to see the divine tool on the spot and even give it a try to test its force?

Shortly after, someone brought in a rectangular box with modern technology.

The box opened with a thud right after Daxon keyed in the passcode. The next second, a crossbow with glimmering blue rays sprang out.

Boom!

At the same time, everyone was overwhelmed when it emanated a massive force. Even Gabriel and the others were flabbergasted and tensed up due to the intimidating force.
