

## **Pinnacle 281**

### **Chapter 281: It's sloppy (Happy New Year's Eve everyone)**

The wild brother is not fierce, just watch the drizzle silently.

A live broadcast, from a little fame in a single district to the fourth in the top ten of the annual peak.

What is this concept?

Put it in the entertainment circle, that is, passers-by to the top in one night.

Abbreviation: miracle!

The small anchors have had the support of many fans before, but they are basically prostitutes, draining traffic!

It does create a lot of benefits for the union, but she herself...

There are six digits.

Compared to when I first met Qin Yu, it was a different day!

But compared with the big anchors of the same level, the difference is not even a little bit.

It is obvious that he is not familiar with the anchor, and he will not support the eldest brother.

After all, whose money is not caused by the wind, is it?

...

How does it feel to be hit by more than ten million?

To ask the little anchor, she feels a bit like dreaming, but she feels very normal.

Live in a mansion worth hundreds of millions every day, overlooking half of Xia's economic and financial core area.

Going out is a luxury car of millions.

It's probably the meaning of the rich and powerful in and out.

Whispering and seeing, the small anchor's positioning of itself, and the concept of money will naturally undergo a major change.

Environment makes people!

If medical beauty is a secondary structure of the body, the No. 1 Seaview Mansion is a reconstruction of her heart.

Confidence, courage, cognition...

They are all different from her before.

It was these changes that allowed her to get rid of the Buddhist status of the salted fish girl!

Gone is still a bit floating, and the full screen of praise has made the little anchor's heart swell even more.

When she turned her head and looked at Qin Yu's indifferent expression.

Her heart swelled to take off, and a cool breeze blew in an instant, calming her down.

"boss."

Cheng Xiyu pleased to pour yellow wine for him, and the probe asked in a low voice: "Aren't you unhappy?"

"??" Qin Yu looked at her worried look and patted her on the head funny.

"You can be bolder."

Qin Yu doesn't mind that her woman is ambitious and has her own independent career.

It's okay to be a little greedy.

We must know that greed is the best motivation, but there are also two types of cleverness and stupidity.

Smart greedy people, full of motivation, have clear goals, and know their own position.

What should be done, what should not be done, can be clear in my head.

Think twice before doing things. Measuring gains and losses is a basic quality.

Stupid greedy people can only see petty profits in front of them.

Losing the watermelon and picking sesame seeds is the most classic and easy-to-understand interpretation!

Brother Yu didn't dare to say that the women he knew were all human beings, but at least there was no idiot.

What's more, they can get it not only with money.

It's like Li Wanxing's face dog, if Qin Yu doesn't look so handsome, there won't be so many things behind.

At the beginning, it could only be said that Li Wanxing had a slight affection for him.

I think this boy is very interesting, clean, loves to laugh, and talks witty!

This was the stupid move of pushing him to Lan Yue, and the silly cat gave himself away.

It triggered a series of follow-up stories!

For this, Yu Ge has to thank Li Wanxing.

If it hadn't been for her feeling at the beginning, Qin Yu was a bit far from her own appearance standard.

Brother Yu may not be able to eat big and small now, and have four rooms in the same room!  
cough.....

There are only two rooms now, which seems to be a bit short of the fourth room.

When I was busy with the little anchor's annual peak race, when I was buying a car for Li Wanxing.

Would you like to arrange Xuan Xuan's house by the way? ? ?

This time, Brother Yu had to find a big house.

At least five rooms and three halls...

Xuan Xuan is not young anymore, it is inconvenient to live with Teacher Shen all the time!

'Brother Hurt, the baby and the albino shark are going to work hard! '

'I heard that Lao Bai said that it will cost 10 million, and the baby will also have 10 million! '

'Fuck! Is the anchor so rich? '

'The bread in your hand won't smell anymore! '

'Here comes, here comes the rocket rain! '

'Fuck, Kaka Kaka...it's! '

It's really rocket rain, and the banners all over the screen are densely floating.

The platform started to freeze again!

'Why do I have to go through this with a monthly salary of 3,000? ? '

'The monthly salary is 1500, and I only eat the anchor! '

'Monthly salary is 800, I am the first ten thousand yuan household in our village! '

'I just went online today, how can I exchange sweet potatoes for gifts? '

The first miserable congress was held, and it was a miserable one.

Fans of albino sharks and babies have also begun to frantically brush gifts, and the popularity of the live broadcast of the small anchor has shrunk.

Seeing that the popularity of the two rushed to 300 million, the old fans of the little anchor were all exploded.

'Fuck, do you want to be so fierce? '

"Famous scene, absolute famous scene! '

'Waiting for the hot search, come to wave a sense of existence! '

'Ma Dongdong, here I am! '

'Big brother, my province's Olympic number silver medal, count the six thieves!'

Not much to say, Rocket Rain is coming again! !

Since they all like to use Super Fire, Brother Yu also responded with Super Fire.

Holding the warm rice wine in his hand, he ate the crab meat that was peeled by the little anchor and piled in the crab shell.

The waiter sitting behind Qin Yu trembled slightly with his mobile phone arm.

20000, 20000, 20000, 20000...

Tap your finger on the screen, and the waiter's heart will read '20000. '

Ten rounds of super fire also went out.

Since she was little, she has never experienced such an exciting thing.

Just as Qin Shao ordered, let himself click until he stops!

At 200,000, the waiter's heart began to swell.

This kind of feeling is so good, it's like becoming a rich man, spending money like dirt, reaping the admiration and envy of others.

At 2 million, the inner surprise became numb.

And began to doubt, this is not a show, right?

No matter how rich it is, it will not be spent like this?

At the time of 5 million, people have returned to calm.

Isn't that 20,000 yuan, but 5 million are all brushed up, what's the point?

At 8 million, people are completely stupid!

The brain is sluggish, and the finger mechanically clicks on the top of the screen to confirm.

Click, OK!

For her, money and numbers have lost their specific meaning.

Only knowing that repeated clicks again and again means that a sum of money has gone out again.

How much is it, it seems that there is no point in investigating this?

In short, it is a huge sum of money that he may not be able to earn in his lifetime.

"It's okay." Hearing someone talking, the waiter's sluggish eyes refocused, and his body regained vitality.

"Qin Shao, is it all right?" The waiter said and looked down, the number beating at 10001.

One is 2000 yuan, 10001 is...

20 million is so gone? ? ?

"Well, it's hard work, you can open the payment code."

The waiter clicked on the payment code expectantly. This was her labor income, so there was nothing to be embarrassed about.

Ding ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ 20,000 yuan to the account on WeChat.

The waiter bowed and smiled openly and said, "Thank you Qin Shao, thank you Miss Cheng!"

"You deserve it, go on!"

Nodding to the opponent, Qin Yu took advantage of the trend to open the list.

First place: silent drizzle, heat 385, 720, 401.

The heat of close to 400 million made Qin Yu frowned in dissatisfaction.

After such a long time, he thought that the heat had passed 500 million, which made the waiter stop.

Looking at it now, he was too sloppy!

Looking at the distance from the second place, it turned out to be only 50 million away.

How to do? I'm too lazy.

Qin Yu rolled his eyes and suddenly looked at Cheng Xiyu on the opposite side, 'Yes! '

## **Chapter 282: Server crashed**

In the drizzle silent live broadcast room, all fans are blown up!

10,000 rounds of super fire, reaching the top of the top ten anchors of the year, who else? Who else?

The old fans congratulated the little anchor one after another, and happily ran and told each other!

On the contrary, the tourists were extremely active, rushing to the live broadcast rooms of other anchors one by one.

Who else? All present here are younger brothers and younger sisters.

No. 1 of the outdoor year, row noodles!

I finally have a tripod in the great outdoors, still a beauty, is there any!

In the future, whoever talks about me being the second child of ten thousand years outdoors, I will poke the screenshots in his face, poke, poke, poke!

Large-scale outdoor programs, silent confession, emotional catharsis, food and mysterious people, please pay attention to the anchor, drizzle and silent.

This wave of propaganda made a lot of noise on the platform, and many anchors were disgusted.

However, due to the current prestige of the little anchor, he could only lick his face to help propaganda.

All kinds of monsters, ghosts and monsters, all became her friends.

If you know it or not, let's talk about it first!

Anyway, her fans took the initiative to advertise. Is it wrong to help her publicize?

In this case, the small anchor is also helpless.

You can only take it for yourself, and talk about the future.

"Five hours have passed since today's live broadcast, time..." As he said the closing words, a mobile phone handed over by a big hand interrupted the little anchor's thoughts.

Looking at Qin Yu, the little anchor was full of question marks! ! !

what's the situation?

"It's too tiring to move on your own!" Qin Yu pointed to the screen, "It should be safe to open another 100 million gap."

Looking at the screen with a trumpet, the depressed albino shark threw up on the spot.

Damn it!

Even if you are a gangster, don't bring such humiliation.

With the two of us, if you don't get 5 million, it will be a dispensable weak chicken in your eyes?

The baby is also watching the silent live broadcast of Drizzle.

However, he was more frank and neat than the albino shark, and directly took his fans to the live room for rounds.

When the 5,000 super fire was previously brushed, the baby knew that it was in vain this time.

Decisively chose to give up in front of the fans, "We will not go this year. Everyone is happy to watch the live broadcast. During the Chinese New Year, I will do some lucky draws and welfare. I will keep the money for my parents and children to buy something.

"Don't persuade anyone anymore, just listen to me, let's just watch the play, and watch the play!" The baby gave it to the kid who spoofed.

Several tourists who watched the excitement with a rhythm also received a year-end package from the housekeeper.

Silence, take off, go well within you!

However, the baby's ears have always been bad, and I don't know if it was pulled by the sister-in-law.

This will still ask my fans, what did the eldest brother just say?

The eldest brother said that he would call another 10 million, and he would be a safe distance away!

My brother Bao still has noodles, and the eldest brother is scared.

Forcibly arranging the noodles, you can't accept it!

666, my brother battling teeth!

"Be honest, be honest, in other people's houses, look at it!"

The baby smiled and raised his hand and pressed it down, "I'm a little scared of the strength of this hurting brother!"

"Too fierce, I have never seen such a fierce elder brother, so capable!"

The baby said something, not vomiting, "If you hit another 10 million, I won't be able to hit the 5 million, and it will be 10 million."

"I have taken it, and I will also put some rockets on the drizzle!" The baby said and got 10 rockets.

Now that everyone is here, I can't live without giving some gifts.

In other words, Brother Bao is also one of Douya's side dishes.

Come empty-handed, walk empty-handed, not authentic!

At this time, the little anchor did not see the rocket banner at all, staring at Qin Yu with big sullen eyes, clearly asking the boss, did I hear it wrong?

The gap of 5 million is already very safe.

Why go out with another 10 million, even if you have money, it is not spent like that!

The little anchor naturally didn't understand Brother Yu's difficulties.

Don't ask for details.

Ask, just love you, rich, willful! !

Sprint to the championship: Lead the young anchor to win the annual peak championship.

Trigger random tasks: absolute gap!

Absolute gap: Congratulations to the host for leading the small anchor to the top. Before the ranking is officially settled, please open the safety gap of 150 million heat with the second place!

The task rewards will be superimposed on the sprint to the champion, and the specific task settlement rewards shall prevail!

See the words specifically subject to the task settlement reward.

Brother Yu had a wonderful expression at the time. Is the system broken?

There is a big beef in the beef noodles, wow! !

Open it and take a look.

???

Please refer to the actual product...I am!

Out of trust in the system, Qin Yu still chose to believe it and would not engage in false propaganda.

The fact is, even if the system is really going to be done like this, Brother Yu has nothing to do!

In reality, he can still find a channel for complaints, whether it's useful or not, at least he is looking forward to it.

But the system...

Who to complain, the miracle maker?

Brother Yu knew that it was a group of handsome men who were more handsome than himself.

I have no clue if I want to find it!

For the time being, letting go of his helplessness and worry, Qin Yu pointed to the phone and said, "It's getting late."

Seeing that he insists on doing this, the little anchor who is used to saying yes to him can only nod helplessly.

At this time, Wang Hong reminded her on the side, remember to thank the baby for his 50 super fire.

"Thank you baby brother for his 50 shots, thank you baby brother for your support!"

"My friends, something unexpected happened. Our live broadcast will continue for a while."

"How about me! I just received a new challenge, scoring 5000 shots in 10 minutes."

puff

The fans who were drinking water in front of the live broadcast all threw up.

Listen, listen.

Is this something human can do?

Someone was curious just now, what the mysterious guest did to the little anchor's cell phone.

Now I understand it all!

Brushing gifts for yourself is still a gift worth 10 million.

Have you seen this operation?

Ugh

I have never seen it before, and I have never seen it either.

This is simply not something human can do. It can be done with money, right?

It must be said that my three views have been refreshed today. Is my eldest brother still lacking doglegs?

What kind of dog legs, big brother can use dog legs? Brother, is there a dog shortage at home?

I can do anything, brother, I can do anything!

Damn, half of me, I live streaming and eat shit.

The one upstairs can be pulled down! 5 million I eat three cattles, without hiccups.

I only need 1 million, produce and consume by myself, leaving no traces!

You guys are so disgusting...male \*\*\*\* male god, I can swallow bananas one at a time.

Male god, I can dance hip-hop, Thomas spins the best.

Electro-optical poisonous dragon drills, one top ten!

Private chat upstairs! !

Take me, it's time to start.

I want to get in the car, nothing else, just want to rise to the world!

Private!

The business has developed to this point, can it be tolerated by super-management?

Immediately mute the title and take it away!

It has always been only for me to cut the leeks, but some people want to cut the leeks.

It's really looking for \*\*\*\* in the pit.

Looking at Qin Yu again, he was sure that he was serious.

The little anchor said to the camera: "Now, the challenge is about to begin, please remember to count for me!"

After speaking, Cheng Xiyu's fingertips clicked on the screen.

Rocket Rain is coming again!

The fan enthusiasm in the live broadcast room continued to soar, and the anchor used his eldest brother's account to brush gifts for himself!

This kind of famous scene is the first time in the live broadcast industry.

The popularity of the entire live broadcast room has risen from 500 million to 600 million... and then to 800 million, 1 billion.

Click!

The live broadcast before me went black, and the server of Douya was destroyed.

Countless fans took pictures in front of the computer and exclaimed, "Damn, absolutely famous scenes, hot searches have been made."

"It's a loss, it's a loss, I had known a few more bullet screens, maybe I could still mix up the hot search!"

"This time it's a big loss, \*\*\*\* it! No, I have to refresh and wait for the hot search to see when it comes out."

The most innocent ones are the fans who are on the air, and there are a few anchors who have just been tied to their eldest brother.

Are happily flirting with the eldest brother.

I want to explore the strengths of my eldest brother and see if there is a need for further development.

Click!

The screen went black, and the entire platform server exploded directly.

Throw up, throw up! !

After 15 minutes, the platform server went online again.

Open the live broadcast room and see where there is a big brother.

Either ran away or went to another live broadcast room, and the hard day's hard work was all wasted.

I don't know how many people cursed the little anchor madly behind the scenes because of this.

It's just She is already on the way home with her elder brother, so she is totally in no mood to think about it.

10 million, just let myself give it away.

Even though the subject is himself, Cheng Xiyu still feels weird when thinking of the previous scenes.

Is he feeling sorry for himself, deliberately making excuses to give himself pocket money? Thinking of this possibility, Cheng Xiyu couldn't be more moved.

Reaching out and touching his side face, Cheng Xiyu's fingers run along his neck, shoulders, lower abdomen...

All the way down!

### **Chapter 283: Looking forward and sighing (Happy New Year: Bullish)**

December 6.

On the last day of the Douya annual peak game, the small anchor Drizzle Silently ranked first in the year with a heat of 580 million.

In second place is the albino shark, with a fever of 380 million.

The third is the baby, with a fever of 320 million.

The fourth place has only 200 million heat, which is completely out of touch with the top three!

Looking at the popularity of the first three to over 300 million, the cold-faced girl can only sigh with excitement~

But how can she understand the second and third despair!

I hit 10 million, and they all served as foils for others.

Albino Shark almost emptied his savings, it can be said to be empty!

After working hard for several years, I returned to the pre-liberation overnight.

But even so, it can't change his fate as the second child.

Seeing that there are only 2 hours left, the gap between the two is 200 million heat, 20 million big summer coins!

Can't afford to offend, can't offend!

The albino shark was willing to give up, but this time it really couldn't move.

The trade union can be regarded as benevolent, hitting out more than 12 million back and forth.

The elder brothers who have a good relationship with the albino sharks have also supported more than 10 million rebates.

He himself hit another 10 million in cash!

The remaining more than 6 million, and more than 60 million enthusiasm, are contributed by millions of fans.

Free gifts accounted for more than half!

In this wave, the albino shark has suffered a miserable loss.

But he also displayed his own power and prestige, leaving people with the impression of daring to fight and fight!

"Big brother is too fierce, let's join in the fun too."

Albino Shark talked and started rounds, first on the home page, click!

"Tonight, we are going to spend this unforgettable day on the yacht." Cheng Xiyu is currently on a private yacht, browsing the river scenery with the sea breeze.

'666, I haven't seen you in a few days, the little anchor has already boarded the yacht!'

'I just want to know what to eat tonight?'

'Don't do it yourself? Remember that the little anchor can only make omelets {laughs miserably}'

'Fuck, Lao Bai is here.'

'Hit the place? ? ?'

'Little anchor, someone has come to hit the scene.'

The albino shark, who had just entered the live broadcast room, didn't panic when he saw someone bringing the rhythm.

Nothing is as practical as action, and 20 shots are delivered first.

Albino Shark presents the anchor Drizzle Silent Super Rocket, come and watch~

...

Albino Shark presents the anchor Drizzle Silent Super Rocket X20, come and watch~

After finishing the gift, the albino shark took the initiative to say hello to the little anchor: 'good drizzle, please take care of it in the future! '

'My Lady Queen, please take care of me. '

'My little Bai is a cute pet, he is very nice, so please don't hesitate to call it in the future. '

'Yes, you can use your energy as a slave, haha...'

'Seize the deadly use, scumbags, resist creation! '

Fans of Albino Shark took the initiative to show their favor, and the two fans immediately had a common topic.

Albino Shark: 'Fuck, you LSPs, you betrayed when you see beautiful women. '

'Xiaobai, you can go back, we will stay here. '

'Here we are here, so you can rest assured and go by yourself! '

'Xiao Bai, it's nothing to do with you. The audience members are very satisfied. Go back! '

Such a happy atmosphere also affected the little anchor: "Thank you Albino Shark, thank you Bai Jiajun for your support, please come to visit us more in the future!"

"A fan just asked, what are you going to eat tonight..." Cheng Xiyu said as the camera started to rise, then higher and higher.

'Fuck, this is the drone used? '

'666, the little anchor has really grown up. '

'Oh, I can't find the pleasure of the past, Grandpa Qingjie! '

As the camera zooms to the top of the yacht, circle around.

The panoramic view of the yacht surrounded by light strips was exposed to everyone's sight, and various envy and jealous speeches filled the screen.

The little anchor on the deck waved to the top, and the voice was clear into the live broadcast room: "Has everyone seen it? This yacht is really beautiful."

"The price is also really expensive, 180,000 yuan a night, so today we have to eat something good."

The camera began to zoom in, and finally stopped at the top of the third deck.

A chef wearing a white chef's costume and a scarf is cooking.

Seeing the drone flying in front of him, the chef raised his head and waved his hand, greeted everyone with his foot-wrapping accent: "Happy New Year!"

Although the festival has passed, the official Spring Festival has not yet arrived.

But it does not affect the sincere blessings.

"Tonight our special guest, the three-Michelin-starred chef, Mr. Thomas Kent, will personally prepare the dishes for tonight."

"How about me! Just wait and eat now."

The female fans waited for a long time, and found that there was no male god, and began to complain.

'Where's my male god? '

'Where is the male god? '

'I want a male god, hurry up and return the male \*\*\*\* to me, otherwise...get it off and understand! '

Bai Fumi: "Is the male \*\*\*\* here?" If you are not here... Have you seen these 100 super hot? Hiss~ no more! '

Seeing this familiar ID, old fans immediately picked up '666. '

This is the first fan who has blatantly tied the big brother.

White and beautiful, these two have yet to be verified.

But 'rich' is really rich.

A large wave of LSPs began to offer flattery frequently, hoping to win Bai Fumei's favor.

Seeing so many people caring about her boss, Cheng Xiyu was a little bit emotional.

But in a blink of an eye, there was another sly smile!

Hey, these little bastards, you want male gods, right?

Okay, here you are.

I let you only watch, not eat, and greedy you little bitches.

Nodding to Wang Hong, the little anchor's voice came again: "Our mysterious patron tonight, now..."

The camera appeared behind Cheng Xiyu, who was lying next to the fence and looking towards the river.

Seeing this scene, fans were full of curiosity!

Everyone is here waiting to see the male god, what are you doing while lying on the side of the boat watching the sea.

How to drop?

There is a sea king under the water. Are you going to catch a lantern for night fishing?

Just thinking that a string of bubbles suddenly appeared on the surface of the river, then a head suddenly popped out.

The drone's lens swept across from the side.

Soon everyone hadn't seen it, and only the back of his head was covered with water drops.

Seeing the little anchor pointing upwards, Qin Yu made a threatening move at her.

Leaning over and paddling, several people with alternate arms have reached the stern deck...

Grasping the railing and walking up the deck, the figure wearing only swimming trunks is completely exposed in the live broadcast room.

"Fuck!" The short-haired girl who was drinking coke, the coke in her mouth ran down the corners of her mouth.

"Ahhhhh..." The lovely girl lying in the dormitory immediately sat upright.

There was a screaming dance, making the dormitory sisters think she had a convulsion.

When I know what happened, I look at the screen...

Silly~

This live broadcast is really man... really big!

"Male god, male god, so handsome~~~"

On the subway, the JK girl with her mobile phone jumped and screamed. She was strange to the people around her. She turned a blind eye to the foolish eyes, staring straight at the figure on the screen.

I really want to eat ice cream!

In a shared room with a secondary school and two girls, the dignified and well-behaved girl in the past shouted to her girlfriends in a roaring voice: "Crazy crazy, so handsome, ahhh~ sisters, come and see the male god!"

"Um~ I'm wet, too... ah!"

Before the live broadcast, countless female fans fell into a state of nympho.

Tears are overflowing from the corners of the mouth~~

The drone lowered its height and passed over his chest.

The line of the strong figure swept past, and the barrage in the live broadcast room instantly exploded!

‘Want to see, more, closer.’

‘Details, details... Has anyone noticed the following?’

'It's so big? '

'Upstairs, you guys are so dirty...'

'I really want to know what it's like to sleep with this figure! '

'It's definitely a sense of security. {Cover your mouth to not let yourself cry}'

'Dirt, the little train is driving, I want to lick it from top to bottom. '

"It's like licking ice cream~"

'No way, no way, I have to find something to eat, I'm so hungry! '

'Oh, why isn't the male \*\*\*\* mine. '

Seeing these barrages, the little anchor smiled backwards and closed, but desperately held back.

No, you can't laugh!

As a professional gourmet online celebrity anchor, she has undergone rigorous training.

Unless I can't help it, "Hahaha..."

"Seeing everyone so happy I will announce another good news!"

"The food culture documentary filmed by me and a group of foodies, "Xia Guo on the Bite of the Tongue" has been officially launched on major websites."

"Everyone can watch the latest video from 0:00. Friends who like local specialties, don't miss it. I guarantee this program will be unforgettable for your life."

"This show is exclusively titled by my boss and sponsored exclusively by foodies. Special thanks to me as a sand sculpture netizen. I don't have enough food. I just want to be a waste. Happy Water House's strong support!"

After propagating a wave of "Xia Guo on the Bite of the Tongue", which is about to be launched, the little anchor was actually very worried.

If you insist on whether your dream is right or wrong, can the video be successful...

#### **Chapter 284: Blackmailed (Hi Pi Niuye)**

0 o'clock in the morning.

The ranking of Douya's top ten peak anchors of the year is officially locked!

First place, top of the list: silent drizzle, popularity of fans: 600 million.

In the last two hours, Bai Fume alone brushed 1 million.

The rest came from the support of several big anchors and free gifts from network SPs.攪攝攪

Within a few minutes of Qin Yu's appearance, the free gifts were crazy! ! !

Until the little anchor said that she was going offline, the female fans were still brushing up their gifts, crying, 'God man, don't go.'

In this regard, the little anchor smiled very happily and decisively went offline!

Just to make you see it, you can't touch it, and you can't get it, and it's annoying you little bitches.

Huh...

But after she was proud, Wang Hong let the ship dock and asked the chef to leave.

The yacht once again moved along the river, when it was parked in the middle of the river.

The little anchor can't laugh a little anymore.

'Why does the boss look so terrible that he is going to eat people? The little anchor is full of confusion.

In fact, it is clear in my heart!

How dare you let your own boss sell meat for money, this girl is really floating.

If you don't take care of her tonight, you might have to sell yourself another day.

The dinner cooked by a three-Michelin-star chef was discarded on the activity table on the deck.

Qin Yu carried the little anchor to the top deck of the third floor and pressed her back against the guardrail.

The sea breeze is fierce, like a battle horn sounded!

The pure white dress is waving with the wind, and the skirt is flying high, adding a touch of delicate color to the monotonous river scene.

...

With the help of a stick, the little anchor resumed his former good-will.

When I got up in the morning, the eyes that looked at him were a bit of adoration and attachment!

The more abuse, the more love, the more abuse, the more love!

This woman... looks a little bit wrong.

Lying on the deck and looking at the distant scenery, Qin Yu's sharp eyes gradually faded.

'Ding, congratulations to the host for completing the task, the task rewards are superimposed, calculating...'

'Reward distribution.'

'Reward 1: The virtual currency consumed in this mission will get cash back at a ratio of 1:1, and the source of funds has been revised!'

'Reward 2: Prediction card for major Internet events.'

'Reward 3: 15% of Douya Entertainment's shares have been transferred to the host.'

Of the three rewards from the task, none of them disappointed Qin Yu.

It seems that the system has not been damaged by an unscrupulous advertiser, and it is still as pure as ever.

Just like Brother Yu, still as simple as a teenager! 嘯慙慙

The first 20 treasure map warm-ups, 100 big tiger sharks suppressed the public opinion made by Bai Fumei.

Then came 100 rounds of Super Fire and 500 rounds of Tiger Shark!

With 1,000 rounds of big tiger sharks, the small anchor directly reached the top ten fourth of the annual peak.

Immediately afterwards, there was 10001 super fire, more than 20 million, which brought her to the top of the list.

In order to complete the task, another 10 million was invested.

Finally, before last night, in order to maintain the 150 million heat gap, Qin Yu scored another 10 million.

Total cost: 56.3 million tiger shark wings.

The money was converted into Daxia coins and remitted to Qin Yu's savings account unchanged.

Not long after the transfer, Qin Yu received Shen Chuxia's WeChat account.

Shen Chuxia: "Shao Qin, you have another sum of money transferred to your account. Do you have any needs?"

For customers like Qin Yu who have large amounts of funds in their accounts, banks have always attached great importance to them.

Not to mention that the other party helped himself a few years ago.

Every bank had an impulse request years ago, and Qin Yu originally planned to transfer 50 million to his mother Liang Chuyu.

Because Shen Chuxia said that he needed impulse, she asked him to keep the money in the account for a period of time.

Qin Yu didn't transfer the money.

This favor can't be paid off by just talking.

To know that the normal year-end impulse bridge, the interest rate is simply ridiculously high. ㄅㄆㄇㄏ

Take the 100 million yuan lying on Qin Yu's account as an example, he can make a seven-figure profit in just one week.

But the other party directly rejected the proceeds, making the vice president and the president treat themselves differently.

She also called her to the office to commend her. The implication is: as long as you maintain this customer well, your position as vice president is there!

At the same time, she also received a year-end bonus of 500,000.

This is a real benefit, which falls into his pocket.

It's not only about one's own future, but also about one's own money, both of which are very important to anyone.

How could Shen Chuxia dare not take the initiative under such circumstances?

You know, there is still Xu Yue staring behind her.

She didn't need to take the initiative to let go as long as she dared to have the slightest negligence, Xu Yue would ruthlessly take away the person and everything she was about to possess.

Suffering from gains and losses, like a needle-bearing threat, Shen Chuxia can't wait to go to Shanghai for a business trip now!

I walked back and forth in the office and waited for 2 hours, but I didn't get a reply.

Shen Chuxia was really restless.

Immediately got up and walked to the president's office: "President, I want to apply for a business trip to Hudu."

"To Hudu on business?" The president was taken aback for a moment. When he saw her face full of crisis, he immediately nodded and said: "This decision is very good. As the reserve elite in our industry, we should go out and meet more. world."

"In this way, you will be granted a one-month vacation, paid, and all expenses will be reimbursed in full. What do you think?"

Hearing such a happy answer from the president, Shen Chuxia was both relieved and helpless.

There is still such a little bit of sorrow in my heart!

This is the real society of adults, everyone can only calculate gains and losses and benefits.

Other...Who cares, and who really cares?

You can tell by looking at the performance of the president, knowing that you have a family.

At this time, not only was there no contempt and ridicule, but the words and expressions were full of comfort and encouragement.

It's like saying, 'Xiao Shen, I did not read you wrong, it's a talent, for the sake of the greater self, the ego can sacrifice!'

...

At the same time, Qin Yu was talking with his mother Liang Chuyu.

These days, I have been busy with the annual peak game of the little anchor, and I almost forgot to promise my mother.

"You and my dad don't work so hard, pay attention to your health... Overtime must also be paid, and I will transfer the other money to you, pay attention to check it!"

"Ah, I should go back for the New Year... I don't have time in the near future, um, I'm fine with Qingqing!"

"Yes, Daily Video, don't worry!"

攪攪攪. After talking to Liang Chuyu for a long time, Qin Yu received a confirmation message from her shortly after she hung up the phone.

The money has arrived.

Master Mother: 'I'm taking this money, so please don't hesitate to speak when you need to.'

Master Mother: "Your dad asked me to tell you, be careful when you finish outside, remember all the time, and I'm still with your dad!"

The mother of a thousand miles away is worried, Liang Chuyu does not ask his son to be rich, but asks him to be safe.

The higher you fly, the harder you fall!

Liang Chuyu saw more of this kind of thing with her own eyes. She just wanted to remind her son at all times.

Even when the sky fell, she and Lao Qin were staring at it, and they couldn't kill anyone!

Qin Yu: "Understood, Mom, you and my dad are used to enjoying happiness!"

He understood his mother's worry, but Liang Chuyu didn't know his true situation.

A miracle is added, even if Brother Yu wants to lose, it is not allowed!

Hang on, just ask you how to lose? ? ?

Putting down the phone, Qin Yu's heart was gone.

Ding!

Curiously picking up the phone, Qin Yu thought it was Liang Chuyu.

After opening it, it turned out to be the old father.

嶺巔 Miaoshuyuan 巔. Old Qin: "Did your kid have something in the words just now?" '

Old Qin: "I think your kid is itchy. The seven wolves used to be good quality thief, I still keep it! '

Lao Qin: "You guys better watch out for New Year's Eve"

衤衤 Miaoshuyuan 衤衤. After being blackmailed by the old father, Brother Yu was also drunk!

Is there such a father?

When you hear the overtones, you don't explain it to your mother, just to blackmail your son?

Dad... Let's start the dinner!

However, Brother Yu is still a little curious.

The old man should have been exhausted physically and mentally recently, paying public food every day.

What does he want private money for now?

As for the great dreams that I have had since I was a child, does it come from his inheritance?

If you are not curious about whether Lao Qin has a romantic history outside, it must be unrealistic are all men, who don't know who anymore.

This mainly depends on the specific situation, that is, if you know your mistakes, you can correct them, and you will know your mistakes.

Still dead and unchanging, obsessed with not understanding!

Occasionally there is a meeting, Qin Yu can also understand.

But now he is blackmailing his pocket money, Yu Ge wondered, why is the situation a bit wrong?

At this time, Qin Han, who was driving his wife to work, was in a good mood.

But I don't know that the little hobby that I have on a whim has caused my son's endless associations.

He just wanted to try the feeling of hiding private money. What's wrong?

## **Chapter 284: Blackmailed (Hi Pi Niuye)**

0 o'clock in the morning.

The ranking of Douya's top ten peak anchors of the year is officially locked!

First place, top of the list: silent drizzle, popularity of fans: 600 million.

In the last two hours, Bai Fume alone brushed 1 million.

Within a few minutes of Qin Yu's appearance, the free gifts were crazy! ! !

Until the little anchor said that she was going offline, the female fans were still brushing up their gifts, crying, 'God man, don't go.'

In this regard, the little anchor smiled very happily and decisively went offline!

Just to make you see it, you can't touch it, and you can't get it, and it's annoying you little bitches.

Huh...

But after she was proud, Wang Hong let the ship dock and asked the chef to leave.

The yacht once again moved along the river, when it was parked in the middle of the river.

The little anchor can't laugh a little anymore.

'Why does the boss look so terrible that he is going to eat people? The little anchor is full of confusion.

In fact, it is clear in my heart!

How dare you let your own boss sell meat for money, this girl is really floating.

If you don't take care of her tonight, you might have to sell yourself another day.

The dinner cooked by a three-Michelin-star chef was discarded on the activity table on the deck.

Qin Yu carried the little anchor to the top deck of the third floor and pressed her back against the guardrail.

The sea breeze is fierce, like a battle horn sounded!

The pure white dress is waving with the wind, and the skirt is flying high, adding a touch of delicate color to the monotonous river scene.

...

With the help of a stick, the little anchor resumed his former good-will.

When I got up in the morning, the eyes that looked at him were a bit of adoration and attachment!

The more abuse, the more love, the more abuse, the more love!

This woman... looks a little bit wrong.

Lying on the deck and looking at the distant scenery, Qin Yu's sharp eyes gradually faded.

'Ding, congratulations to the host for completing the task, the task rewards are superimposed, calculating...'

'Reward distribution.'

'Reward 1: The virtual currency consumed in this mission will get cash back at a ratio of 1:1, and the source of funds has been revised!'

'Reward 2: Prediction card for major Internet events.'

Take the 100 million yuan lying on Qin Yu's account as an example, he can make a seven-figure profit in just one week.

But the other party directly rejected the proceeds, making the vice president and the president treat themselves differently.

### **Chapter 286: Rush to send money**

CooperS, Lederney limited edition.

At the first sight of it, Li Wanxing was moved.

The flat air intake above the car logo, red stripes on both sides and red embellishment of the rearview mirror.

Cute, sporty, stylish, and handsome! ! !

It is perfect to fully meet all the needs of Yan Gou.

When asked about the price, the cheap brother Yu was a little embarrassed to place an order.

Fan Lao of Lazy Cat, Cayenne of Shan Shan.

Although Xuan Xuan hasn't bought a car yet, she must have started with a million.

The mini that Li Wanxing wants is only more than 500,000 yuan.

Putting it together, is it a bit different? ? ?

"Are you sure you want this car, don't you look at the BMW 7 Series next door?"

Qin Yu wants her to see more, the BMW 7 Series on the booth next door is very good!

Li Wanxing glanced toward the next door, "No, it's so long, why should I be so spacious?"

"It costs gas, parking is difficult, and I am tired even if I want to wash a car!"

"Anyway, I'll drive by myself. Don't you still have your car when you go out?"

Li Wanxing's thinking is very simple, she just bought a scooter for herself.

Going out to play, is the Rolls-Royce Phantom of Lazy Cat not fragrant?

Or is Jiang Xiaoshan's new Porsche Cayenne not enough?

Yes, they have already seen Shanshan's new car.

Envy is envy, but there is no jealousy.

Everyone's identities are similar, and they have been sisters for so many years.

The most important thing is that each of them knows very well in their hearts that Qin Yu will not favor one another and treat everyone the same!

At first, not long after Lazy Cat bought Fan Labor, didn't Jiang Xiaoshan place an order for Cayenne?

Of course, this fact was only recently known to them.

The four fairies had an in-depth conversation in the bedroom, and the specific content is unknown.

But they reached a tacit understanding, unanimously united externally and internally!

As for the future, let's talk about it then!

In the typical ostrich psychology, one day is counted as one day, and escape is the easiest way.

This does not mean that the problem is handed over to Qin Yu...

He caused the trouble, he took advantage of it, and it was his coolness.

Why should they solve the problems caused by the sequelae?

Even so, everyone still has a steelyard in their hearts!

How much should it be, the norms of life will not change.

Why does Li Wanxing have to choose mini, because he really wants to join the Che Youhui and ask for advice from the "predecessors"?

not necessarily.....

Does anyone remember that she is not clear, but she knows it herself.

Previously, she had taken 10 million...cash from Qin Yu.

This is true and not compromised!

In fact, apart from the lazy cat among the sisters, she is the one who gets the most.

Jiang Xiaoshan has at least a car, and Xuan Xuan has nothing to do until now.

Li Wanxing also has to worry about how she feels, right?

Her actions are like Jiang Xiaoshan deliberately concealing that she, like a lazy cat, has a house similar to her own.

If Li Wanxing knew this, she might no longer insist on choosing mini.

Test drive, place an order!

The process is as simple as going to a vegetable market to buy vegetables.

Grind and chirp, do three to five thousand down.

That little money was not enough for the precious time that Brother Yu wasted, so he drove away quickly.

Fresh and touching.

Li Wanxing mentioned a new car, and Lazy Cat also ran into her car, insisting on experiencing it!

In this way, Qin Yu sent her back, "Then you arrange it yourself, I have something to go out!"

"With my brother?" Li Wanxing asked from the car, "Are you not going to the bar again?"

Seeing her suspicious little eyes, Qin Yu laughed and retorted: "Or, take you with me?"

Men do things, what do you need to interrupt, Xiao Nizi?

Be crooked, believe it or not?

Seeing his unkind eyes, Li Wanxing hurriedly went to the car window, "Remember to come back early, the lazy cat is still waiting for you!"

"Sister Wanxing, why am I..."

The sound gradually disappeared, and the brand-new mini drove outside the 4S store.

Qin Yu followed, and didn't separate until he got on the elevated bridge, and each drove to the destination.

Today's venue is not arranged in a bar, because some people are coming from above.

Ye Jinlan!

This woman is here to discuss business, at least that's what she said.

But Qin Yu always felt that she had another purpose.

He clearly remembers the barrage that Bai Fumei brushed on the night of the peak.

Bai Fumi: 'Maybe you will be interested in me someday? '

Interest, yes or no!

But it is not enough to make Yu Ge give up his principles and dreams.

You must have a dream to make salted fish. I hope it can be dried a little bit more!

How can you be a human being without dreams?

...

The Pujiang Mansion, Jiutian Pavilion, is based on the meaning of 'live in the nine heavens. '

Li Xiao, Xu Hao, and Yang Chengjun were waiting in the box.

When Qin Yu arrived, Ye Jinlan hadn't seen the shadow yet.

"The Lord hasn't arrived yet?" Pushing the door in, they looked nervous when they saw the three instinctively getting up.

Brother Yu teased: "Why, the three elders are still afraid of a woman?"

Li Xiao smiled bitterly and sat down, "Brother Yu, don't mention it, the Ye family is too famous!"

Xu Hao went on to complain: "My father has ordered, the Ye family can only make a good deal and do a great job."

Yang Chengjun was reluctant to admit defeat: "Give the Ye family father a face!"

"My grandpa's face, I don't need you to give it to me!" A crisp voice came from behind Qin Yu, and the three people who had just had their butts next to the stool stood up again.

Looking back, who else could it be if it wasn't Ye Jinlan?

"Miss Ye, please come inside." You don't need to look at it to know that the three of you will be embarrassed. Qin Yu took the initiative to change the subject: "Running all the way, are you tired?"

"Not tired, just a little boring!" Ye Jinlan asked bluntly: "Why are you tired because the traffic is so developed?"

"..." Brother Yu was speechless when asked.

I'm not just polite, this woman is really good enough.

But her performance on the Internet is quite different from the reality...

camouflage?

Qin Yu thought of this possibility, but instantly suppressed curiosity.

Does pretending have anything to do with yourself? ? ?

Who is curious and who is curious, Brother Yu didn't intend to provoke this woman anyway.

"Miss Ye, shall we sit down before talking?"

The personal relationship is exempted, and the business still needs to be discussed. Ye Jinlan is here to give money this time.

Kuafu Technology, Qin Yu owns 40% of technology stocks.

The amount of his subscription is naturally to be paid by other shareholders. How the money should be paid out will be negotiated today!

Talisa had to come out in person, so Qin Yu stopped it.

It is better to keep the flamingo mysterious behind, and there is no benefit to face-to-face with her and Qin Yu.

"I'm here this time, and it's on my own behalf. You can talk to Cheng Yaojin for yourself."

Ye Jinlan didn't worry about the details anymore, and directly spread the problem in front of everyone, "15% of the shares, according to the proportion, should be 1.5 billion."

"But because of Mr. Qin's side... his 4 billion yuan needs to be claimed by everyone!" Ye Jinlan glanced at the three Li Xiao people across from him, "You all agree?"

"Agree." Yang Chengjun responded cleanly: "Yu's share, my Yang family claims 700 million."

Not to be outdone, Li Xiao said, "The Li family also claimed 700 million."

Xu Hao nodded and said: "The Xu family is also 700 million, and the money can be paid now!"

Seeing the three people's quick and neat performance, Ye Jinlan started to be surprised.

What kind of ecstasy did this young man who walked out of the abandoned capital poured them?

Naturally, the Ecstasy Soup was not filled, but it took them to make a small fortune.

However, the three companies were able to take out all the profits of the oil futures, which surprised Qin Yu!

Seeing Li Xiao's blinking, Qin Yu knew that the three of them had done much.

It must be promised to the family that there will be more generous returns in the future, so that the family can agree to use all the proceeds for investment.

The goal of investment is naturally Qin Yu.

"This is better." Ye Jinlan's expression changed suddenly, and he smiled lightly: "My Ye family claimed one billion!"

A total of 4 billion yuan, only Ye, Li, Xu, and Yang, these four claim 3.1 billion.

There is a share of 900 million!

Even if the Cheng family is unrefined, Lixin can easily eat it.

This is what Qin Yu planned The remaining 900 million yuan was claimed by Lixin. "

These seven billion, one billion...

They don't just give out money, but also a favor included in it!

Since Cheng Yaojin was not there, Qin Yu was no longer polite and took the final 900 million shares in the name of the Flamingo Fund.

4 billion is not a small number for any person or organization!

It can be put here, Qin Yu, in a few simple words.

In less than five minutes, five people gave it a clean finish.

The performance of scrambling, like the money is too much to worry about not being spent...

### **Chapter 287: serious condition!**

The share is agreed, and the next step is naturally a matter of time!

"The negotiations with the local government are almost complete."

"The land and the construction of the factory are all funded by the Yamen, tax-free for five years, and the Yamen must see the money before approval."

Qin Yu nodded and said, "There is nothing wrong with it, the empty glove white wolf is something you dare to do."

"Then let's...pay the money into the account before the middle of the month?" Li Xiao looked at a few people, but actually asked Ye Jinlan.

"I'm fine, who will come from the Cheng family?" Ye Jinlan naturally came prepared since everyone was here.

As long as a phone call, the money will be transferred to the bank's tripartite supervision account!

The various preferential policies offered by local yamen must also be guaranteed, and hope is seen.

This tens of billions of investment must be all spent on the company.

Only local yamen can rest assured.

The bank is mainly responsible for supervision and matchmaking, and the specifics will naturally be handled by someone!

Li Xiao replied somewhat helplessly: "In this way, I will inform Brother Jin'er, let's talk about it tomorrow?"

Qin Yu was too lazy to care about the details, and Xu Hao was so careless that he couldn't catch up with it.

Yang Chengjun is a suitable candidate, but he has nothing to do with Cheng Yaojin!

Ye Jinlan...

Forget it, I'm the middleman, let's continue to do it!

After discussing the business, under Li Xiao's gesture, the food was brought to the table by the waiter.

"Taste the southern food, and I don't know your habit of eating or not." Li Xiao greeted Ye Jin with his chopsticks.

It's just that she seems to be so absent-minded!

Out of the corner of his eye, he glanced at Qin Yu who was sitting next door from time to time, observing his every move.

Regarding this, the three of Li Xiao glanced at each other, and they had already been surprised!

There are few women who are not interested in him.

Whether it's in curiosity or something else, it seems like there is a strange magic in him.

Xu Hao is envious of this!

If he had this ability, the little widow of the neighbor next door...

Hehehe!

Seeing Qin Yu just bury his head in eating, Ye Jinlan endured and endured, finally couldn't help it.

"Did you recently become a stake in Douya Entertainment?" Ye Jinlan exposed himself with a mouth.

"Are you investigating me?" Qin Yu put down his chopsticks and looked at her with an unkind expression.

The atmosphere immediately became tense, and the three of Li Xiao also put down their chopsticks and looked at Ye Jinlan and waited for her to give an explanation.

At the same time, the gaze towards Qin Yu was also curious.

He invested in Douya Entertainment? Why didn't I receive any news, when did it happen?

You know, Douya is currently favored by investors.

There are many people waving checks to join the group, all staring at this piece of fat!

Qin Yu became a shareholder of Douya Entertainment without saying a word. This ability...

Looking at each other, the three of them understood each other's meaning.

With such an ability, no wonder he has repeatedly made gains in the futures market! !

Perceiving the tension in the air, Ye Jinlan raised his lips: "As a major shareholder of Douya Entertainment, I naturally have to know something about new partners!"

"Is the Ye family a major shareholder of Douya?" Qin Yu was a little surprised, "Yes, I recently became a shareholder of Douya."

"It's not only as simple as buying shares, you are the second largest shareholder." Ye Jinlan proactively stretched out his hand: "Get to know, Ye Jinlan, the largest investor in Douya Entertainment."

Seeing the other party's hand reaching in front of him, Qin Yu gently touched it as if afraid of electric shock, "Hello."

This performance made Ye Jinlan frown, "Is there a thorn in my hand?"

"No." Qin Yu looked up at her eyes, and said sincerely: "I'm allergic to women!"

Puff~

The wine Yang Chengjun had just put in his mouth sprayed all over the floor, and he was turning his head and coughing desperately.

He swears to heaven that he didn't mean it.

mainly.....

This reason is too ridiculous, allergic to women? ? ?

After finally stopping, Yang Chengjun dipped his mouth with a towel and looked at him strangely.

'The reason for this, Yu brother, how are you embarrassed to say it? '

Who knows, Ye Jinlan nodded and wondered as if he really believed, "Is there such a problem?"

Qin Yu's expression is sincere: "It's true."

Ye Jinlan looked naive, as if he really believed his nonsense.

In fact, my heart is frantically complaining, 'I believe you a ghost, this man... is poisonous! '

He almost broke the disguise of his many years.

With so many koi carp around, you say you are allergic to women?

Let alone how absurd this reason is, his actions alone are not convincing!

Not only romantic, but also a liar...

Ye Jinlan couldn't help being curious for a while, how could he be curious about such a man?

and so.....

Men are not bad, women do not love is the truth?

Ye Jinlan is a little puzzled, is she sick? ? ?

What was the taste of the food, I didn't taste it in the end!

When Ye Jinlan left, he wanted Qin Yu to send it away...

Finally, considering his 'condition,' he decided to wait and see.

She must first figure out what is wrong with herself?

"Brother Yu, what do you think?" Xu Hao raised his eyebrows in the direction of the door, smiling very cheaply.

Snapped!

Yang Chengjun slapped his hand up.

Xu Hao's head knocked on the table, making a crisp bang.

"If you want to die by yourself, don't hurt Brother Yu!"

Although Yang Chengjun is not an old fox, he remembers what the old man said.

The Ye family is not easy to provoke, and the women of the Ye family are not easy to provoke!

Getting into a lot of trouble is a lot of trouble, and the forces behind it are complicated.

It is good, every aspect will come to pester you.

In trouble, push you out inside and out.

The tree is big with deep roots and luxuriant branches!

It also means that there are too many snakes, insects, rats and ants to cling to.

This is the price of being the son-in-law of the Ye family...

"Brother Yu, whether you are interested in her or not, I will advise you to dismiss it!" Yang Chengjun really regarded him as his own brother, so he told him that.

What does the immortality have to do with him if you change to another person!

Li Xiao nodded and smiled: "Cheng Jun said it is not bad. Without the means and ability, being the son-in-law of the Ye family will only be sucked up."

Qin Yu put down the wine glass and joked: "I have no interest in her. Besides, even if I am really interested, who can be sure that I was sucked up?"

Either self-confidence or arrogance!

It's just a joke after drinking...

Everyone is full of food and drink, and each will be sent home by the driver arranged by the club. What should you do!

...

At the meeting the next day, one chair was removed from the table! .

The phone holder was placed in the original position, and Cheng Yaojin's face appeared on the screen.

"Before I'm here, you'll take all the shares, it's not authentic!"

Cheng Yaojin laughed and joked: "Qin Shao, Lixin's nine hundred million, don't you share it with me?"

"Plainly making so much money with you, if there is no point to express, people would think that my Cheng family is insatiably greedy."

Hearing what he said, Qin Yu responded politely: "Brother Jin'er is polite. It's all a business. Lixin did not receive any underpayment. What's taking advantage of it."

"Furthermore, the nine billion is not swallowed by Lixin, and I have to give investors an explanation!"

The matter of face, naturally, must be put on the face.

Cheng Yaojin wanted nothing more than a good reputation, and fell in love with Qin Yu again!

Qin Yu also found out the relationship between the two of them now is a simple business partner.

What will happen in the future, that has to be said later.

Favor, or exempt!

None of the people present were fools, since Qin Yu was so straightforward.

Cheng Yaojin didn't want to be entangled anymore, "Then let's make that decision. In three days, all the money will be in place!"

"No problem!" Looking at each other, everyone nodded in response.

Cheng Yaojin also hung up the video call and went to work on his country's major affairs.

Ye Jinlan got up to leave, showing exceptional indifference throughout the process.

From beginning to end, I never saw Qin Yu, and his attitude was completely two extremes from yesterday.

"How do we fix it? Arrange it?" Xu Hao couldn't wait.

During this time, it was negotiations, site selection, and work supervision.

He is almost dried up!

Now it is an urgent need to replenish spiritual energy, UU reading [www.uukanshu.com](http://www.uukanshu.com) rushes madly...

Seeing that Li Xiao and Yang Chengjun were both interested, Qin Yu shook his head and said, "I won't go anymore. I have to go back to accompany my girlfriend."

Xu Hao looked at him bitterly, "Brother Yu, do you really have the heart to abandon me? Sister is enough!"

Qin Yu smiled and cursed: "Am I missing your little girl?"

Little anchor, four fairies, Shaman...

Which one is not pulled out alone, he needs to go to the bar to find a girl?

For wild food, occasionally go out to find excitement and freshness.

Don't put the cart before the horse, treat it as business!

### **Chapter 288: Damn it, I can't feel my heartbeat**

After leaving three single dogs to find happiness for themselves, Qin Yu drove away.

Li Xiao chased out from the hall, "Brother Yu!"

"Brother, what else? I really want to go home with my girlfriend." Qin Yu asked jokingly.

"Is there any Wanxing in this girlfriend?"

Qin Yu's expression was stunned, wondering if he should say it or not.

Seeing his look, Li Xiao understood, "Brother Yu, I have never asked for Li Xiao in my life."

Taking a deep breath, Li Xiao looked at him seriously: "Even when my dad was beaten to death with a thick-armed stick when I was a child, I didn't snorted."

"But I'm just such a little girl... I beg you, don't hurt her."

When he was beaten when he was a child, only his sister was guarding him and crying while holding his father's leg.

He was locked up, and it was also his sister who secretly stuffed the buns in the door to feed him.

"Speaking of heart-wrenching words, the Li family's hundreds of people add up, and it is not as important as Wanxing in my heart. If someone hurts him..."

Li Xiao is not threatening him, but just tells the truest thoughts in his heart.

The only thing he cares about in this life and feels owed is Li Wanxing.

Just like Li Xiao said, the life and death of the entire Li family, honor and disgrace!

In his heart, it is not as important as Li Wanxing.

"Relax, my own woman, it's too late for pain!"

Qin Yu pointed at him and cursed with a smile: "It's you, who harms other girls and younger sisters every day, can your conscience live by?"

"Hey!" Li Xiao grinned: "I am helping a girl who has lost her footing in society and doing good deeds!"

His shameless ability has almost surpassed Xu Hao.

...

Return to the Oriental Royal Garden.

The four fairies were all there, and the small coffee table in the living room was moved aside.

Lazy cat uses the open space as a stage and is dancing!

The other three daughters sat on the sofa, commenting like a judge, "The toes are not straight enough!"

"It's too stiff when you lower your waist, so the movement of raising your hand back should be charming and tender."

"Stick your chest, it's not naked, it's already A, but A is gone."

Xuan Xuan's complaint made the lazy cat break the power in a second, and the back arch bridge's body instantly fell to the ground.

Rubbing his \*\*\*\* to stand up, Lazy Cat complained: "Xuan Xuan~"

Wen Yaxuan suddenly asked with her big eyes, "Is it bad to be an honest person?"

As he was talking, the door was opened by Qin Yu: "What are you talking about?"

Seeing that all four of them were there, Brother Yu's smile became weird.

Walking towards the sofa with a smile, Li Wanxing and Jiang Xiaoshan stood up first, "I'm going to the hospital to change the snow and snow, so let's go first."

"I have something, lazy cat, I will go back to the dormitory at night!" Jiang Xiaoshan made it clear that she was giving her time.

The lazy cat sat cross-legged on the ground with red cheeks, without a word, and lightly nodded his head.

Shy to be shy, but I don't want to give up the time with Qin Yu!

She hasn't been moisturized by wind and rain for many days...

Game skills have become rusty, so you have to practice hard and develop new ways and routines!

Wen Yaxuan shrank in the corner of the sofa, making her own little transparent!

'Can't see me, can't see me! In my heart, I want to stay, but I am afraid of being seen.

Seeing Li Wanxing and Jiang Xiaoshan put on their shoes, they were ready to go out.

Just as Wen Yaxuan was about to breathe a sigh of relief, the two turned around and asked at the same time: "Xuan Xuan, have fun!"

"..."

Ahhhhh~~

Wen Yaxuan's mentality collapsed! ! !

When she recovered, the battle had already begun.

Soft and boneless, as if the lazy cat was about to melt limp on the yoga blanket.

Usher in an unbearable impact!

The dragon crash...

...

When Qin Yu opened his eyes again, it was still dark outside!

Last night's brand new development, let Yu Ge discover the potential ability of [Left and Right Stroke].

If the two parties are in the subconscious of fully voluntary cooperation, the joy of the game experience will be doubled.

When the melee comes, drink two more glasses!

[Happy Hour] Come, the joy in it is not enough for outsiders.

After a simple rinse, Qin Yu wore a sweatshirt and went for a run.

Just after running a lap, I ran into the girl I saw last time.

The swing amplitude of 3cm is still so dazzling.

The elasticity of this dress... really good!

One lap, two laps, three laps...

When the fifth lap is reached, the intersection point changes.

Without seeing the other party again, Qin Yu was a little curious, thinking that the other party was going back.

When he continued to move forward a few hundred meters, he saw the girl struggling to hold her chest with her hands, and fell to sit on the grass.

"Hey, are you okay?" Qin Yu took off the headset and asked curiously: "Would you like to call you?"

The girl shook her head in pain, opening her mouth to say something.

His expression was startled, and his body fell to the side.

"Hello~" reached out and hugged the girl, and found that she had fainted.

Qin Yu quickly let her lie flat and put her hand in front of her nose.

Exhale very weak!

Looking at the tall and tall mountain, Brother Yu said to himself: 'I'm here to save people.'

Press the palm of your hand on her heart, fucking~

Brother Yu couldn't even notice his heartbeat. Is this the extra layer too plump? ? ?

"1, 2, 3, call, 1, 2, 3, call..."

Qin Yu did several sets of heart resuscitation, and then turned her head to his side.

The index finger and \*\*\*\* stretched into the mouth and induced vomiting in her throat!

"Oh~cough..." The girl retched suddenly and opened her eyes wide.

Seeing the boy squatting in front of him, he was nervous and restless, plus a foreign body sensation in his mouth.

Let her instinctively open her mouth to bite...

"It hurts~" Pulled his finger out of his mouth.

Looking at the upper and lower gums, Brother Yu almost threw up.

Is it wrong to be bitten to save people?

"That~" the girl sat upright and said awkwardly, "I'm sorry, I thought..."

"Forget it." Qin Yu stood up and shook his head and said, "Since you are all right, then I will leave first."

"Hey, wait!" Seeing Qin Yu running forward without looking back, the girl asked, "My name is Jin Xi, what is your name?"

Jin Xi's expression was a little lost without hearing Qin Yu's answer.

However, thinking that the other party would occasionally appear in the morning jog in the community, Jin Xi felt that there was always a chance to meet again!

'Next time I see him, thank him again.'

Regaining his strength, Jin Xi stood up, clapped his hands and walked home.

She has to go home for a change and go to the hospital for a check-up to be at ease.

"Is he a doctor, he saw my problem last time?" Jin Xi walked to the home with doubts.

Thinking of his indifference and disdain the last time the other party advised him.

Jin Xi felt even more guilty! !

I thought that the other party had found a reason to strike up a conversation. It turned out that I had misunderstood him.

...

After buying breakfast and returning home, the lazy cat is already up.

Stretching on the balcony: "I will officially perform on stage in more than 40 days. I have to get my body ready."

"Isn't the warm-up I did for you enough?" Qin Yu squatted down and hugged her waist, picked her up directly and placed it at the dining table.

The lazy cat blushed and didn't know how to answer, and in the end he could only hammer him in the chest angrily.

Before meeting Qin Yu, she had never felt stupid.

Blame him, he is always rude! !

Really like.....

Like a cat attached to its owner, she shrank into Qin Yu's arms and let him feed herself breakfast.

A pair of long, straight legs rippling back and forth, nowhere to rest!

When Wen Yaxuan came out of the room with her hair messed up, she sat weakly at the dining table.

Only then did the lazy cat return to his position obediently, taking a bite, biting the pancake!

"Don't worry about me, as long as I don't exist." Wen Yaxuan said, holding the bowl and walking towards the living room, so she didn't want to make a light bulb here.

The battle last night exhausted her, and now she still feels aching all over.

This savage guy is so gentle that he doesn't understand at all!

She dug a spoon of wonton and placed it next to her mouth, Wen Yaxuan opened her mouth angrily and bit forward.

Ahhh~

The milk is fierce, the milk is fierce, okay, slap! !

...

Luheng Building Headquarters.

Yan Xue, who took the takeaway back to the office, happened to meet Jiang Hongsheng's assistant, Xia Ke.

"Miss Yan, eat takeaway again?" Seeing the bag she was holding, Xia Ke cared and said, "If you always eat this way, your body will break down."

Yan Xue tucked the tips of her hair, smiling unnaturally and said, "It's okay, these are enough for me."

"Okay, then I won't interrupt your lunch." Xia Ke waved his hand with a smile, and was about to walk away.

When Xia Ke met a strange figure head-on, he took a closer look, "Qin Shao~Qin Shaohao."

Bowing to Qin Yu to say hello, Xia Ke still remembered that the other party was a young man whom the boss paid special attention to.

It is said that the most expensive top-floor mansion developed by the group was bought by him as a greeting.

A mansion with hundreds of millions of dollars can be bought as soon as you buy it. I don't know what it's like to live in it?

"Xia Ke, don't be so polite, just call me Qin Yu." Qin Yu greeted gently.

He won't forget this Xu Hao's true love, he heard that Xu Hao is still rushing to pursue it now.

However, from his perspective.

If Xu Hao doesn't cut off the messy tricks around him, he wants to catch up with this girl...

difficult!

Unless he is willing to spend his money, just like Yan Xue, it can be smashed hard.

It's still a little bit possible!

## **Chapter 289: Overflowing flow**

"President Qin, your lunch!"

Back at the office, Yan Xue opened the two takeaways and set them apart, smiling and handing her chopsticks with both hands.

"I don't pay much attention to it at work, eat together!"

Qin Yu was here to handle official business today, and knew that Yan Xue was going to take out, so he asked for a portion.

"Thank Mr. Qin." Yan Xue bowed politely, and then Yan Xue sat down.

Her respect for Qin Yu is from the heart, not only because he gave herself the job.

And take care of your only little self-esteem, and show the details when you treat!

The thoughtful act of prepayment of wages.

And the ten million lent to Wanxing before...

The total number of them all combined makes Yan Xue's feelings for him very complicated.

Gratitude is mixed with worship.

The thoughtful action pierced the delicate heart of the little daughter again.

Adore...

It seems a little bit too.

But Yan Xue pressed it in her heart very well. It was sister Wanxing's boyfriend.

What's more, the other party is so good, there must be many equally good girls around.

Yan Xue in the past would never think that she was worse than anyone else.

But when she comes into contact with real life, down to earth!

I realized that I was not as good as I imagined...

I don't know how to cook, I don't know how to make firewood, rice, oil, and salt. I don't know how expensive fireworks are!

The reality after the fairy tale shattered almost made her breathless.

Fortunately, Wanxing was with her, 'and he...'

Looking up at Qin Yu who was eating, Yan Xue lowered her head again with a guilty conscience.

"After this time, the business will officially start. I will send the weekly briefing to you from the company."

"Not only Lixin, but also Kuafu Technology, you are all responsible for the docking!"

Qin Yu raised his head and glanced at Yan Xue, and said casually: "The burden of this job is not light, I will give you an assistant later!"

Hearing what he said, Yan Xue quickly stood up, "I can do it well, President Qin."

Amused he raised his hand and motioned her to sit down, "Don't be so nervous, what should I do at work, privately we are friends."

"You are young, don't be so serious!" Qin Yu privately likes a relaxed atmosphere when he is working.

They are all young people, who are pretending to look at them all day long and old-fashioned?

Tired not only by myself, but also by seeing others!

"I see, Qin... Qin Yu." Yan Xue said, 'I know,' there was no lack of restraint between words and actions.

Qin Yu didn't force it anymore, at least it was a good start, "I have the final say about the assistant. Don't worry, your salary is indispensable."

Find another assistant, mainly responsible for some finishing and chores!

This assistant did not work for him, but for Yan Xue.

If she feels dissatisfied, she can open the substitution at any time, "In short, everything about her is in your hands."

"Wage!" Qin Yu thought for a while and said: "4000 is set during the internship period, and it is changed to 6000 after passing the assessment. What do you think?"

If before coming to Luheng, Qin Yu asked.

Yan Xue must have asked three questions, she could only be anxious in her heart!

But she didn't learn anything less in Luheng during this time.

Especially the gossip chats between colleagues and women, the pantry is always the right and wrong place in the office.

"If it is a freshman, the salary is already very high, and we can raise the requirement appropriately."

"Recently, I have taken several actions of the company, as well as the future development direction and strategic goals..."

"I want to set higher standards in foreign language communication!"

I heard Yan Xue's 'development direction,' 'strategic goal.'

Brother Yu is stupid!

What the hell...

What direction? What strategy?

On the surface, Brother Yu didn't panic at all: "Yes, it seems that I have worked hard during this period."

"My salary is not in vain!" Qin Yu said jokingly, closing the good takeaway.

Seeing his movements, Yan Xue also buttoned her box of lunch.

"Don't worry, you continue to eat." Qin Yu motioned for her to finish eating.

Yan Xue shook her head and said affirmatively: "I'm done, President Qin."

Put the lunch in the trash can, and Yan Xue sorted out the papers.

Start reporting back to him one by one, and record the decisions and comments he made!

"The tens of billions of funds required by Kuafu Technology have been credited to the third-party designated account, and the entire project will be officially opened on the 15th of this month."

"The local government wants to invite you to the groundbreaking ceremony!" Yan Xue looked up at him after speaking.

"I won't go to the groundbreaking ceremony...In this way, I will arrange for a representative to go there."

Qin Yu himself doesn't want to be in the limelight...

Especially when dealing with yamen, Qin Yu meant to avoid it.

It is really unavoidable that he will come forward himself again!

"In the future, things like this will be returned. Business and politics will draw a clear line. There are only benefits, no harm!"

"Understood, President Qin." Yan Xue nodded in response, recording them in his notebook and files.

One copy is reserved for myself to remind myself.

One is to be sent back to the headquarters of the abandoned capital, while keeping a memo.

"Kuafu Technology's land use and transfer procedures have all been sent over. Do you want to check it out?"

"Look."

After receiving the scanned documents from Yan Xue, Qin Yu scanned and photographed one by one.

By the time the two finished their work, it was already afternoon.

Seeing that the time is almost the same, Qin Yu got up and said, "Let's go, I'll treat you to dinner."

Yan Xue hesitated, "Mr. Qin, is it appropriate for me to go?"

"What are you thinking about!"

Qin Yu smiled and said, "I happened to have no one to eat with me today, and everything is going to happen, so you should take it as a partner with me."

The little anchor wants to go out live, and recently her film "Xia Guo on the Bite of the Tongue" has been hailed on the Internet.

Even the court station named and praised it as a new, profound and meaningful program!

Since the imperial court's call, the little anchor's life has immediately become colorful.

All kinds of invitations, endorsements, swarming!

Those who can push, purely for money, the small anchors all push.

Now that Qin Yu has resolved her worries, the little anchor wants to make the show more meaningful.

Instead of changing your original intention purely to make money!

I heard that the court may invite her to participate in an interview in a few days. This is a good opportunity to show her face.

As long as he can board the court platform, Cheng Xiyu's identity will no longer be just a network anchor in the future.

Lazy cats are busy dancing, and Mr. Shen has recovered well recently!

In addition, not long before the official performance, the dance company is under a lot of pressure...

There was something in Li Wanxing's house and was called away by Li Xiao.

Jiang Xiaoshan was notified of the audition, saying that she would have to come back later.

Wen Yaxuan...

This silly Nizi was tossed so badly last night, and now she is a bit hiding from Qin Yu.

For fear of being caught by him, it will be an output, the stick will serve!

Shaman has been abroad for many days.

Invited to participate in the opening of a painting exhibition, the little rich woman is going to consume the rich again.

In the end, Qin Yu found out that there was no one around him who could accompany him to dinner. It was terrible!

When the hot pot was on the table, Yan Xuehaoxuan did not laugh when Qin Yu complained.

How did he admit that he was entangled with many women so frankly?

Among these women, a few are with him...

"Are your friends, except for the little brother, all women?"

Yan Xue was not good at asking directly, she could only speculate on it sideways.

Listening to what she said, Qin Yu thought about it again.

Hey~

It seems that this is really the case!

Qin Yu said solemnly: "Maybe I am more feminine!"

Yan Xue thought about it seriously, and she nodded her head in agreement: "You are young and gold, handsome and caring. Such boys are indeed very popular."

"Really?" Qin Yu looked at her: "Am I as good as you said?"

Yan Xue smiled slightly, and said sincerely: "It's better than what I said. To me, President Qin is like...like a hero falling from the sky!"

Qin Yu looked at her in surprise, playing with the taste: "A person as old as you still has a heroic complex?"

Yan Xue asked in return: "What's wrong with the hero complex Who ruled that you can't worship heroes when you grow up?"

This is true. Who rules that you can't worship heroes when you grow up?

Qin Yu deliberately teased her and asked, "What do you want to say to me, a hero?"

Yan Xue put down his chopsticks, raised his hand and shouted to the waiter: "Waitress, please help me with two bottles of beer, thank you."

When the beer was on the table, Yan Xue first filled Qin Yu with it.

Then he poured himself a cup and stood up with his hands in his hands: "Qin Yu, thank you for your help, let me see the light from the darkness again, and regain hope for life."

Before Qin Yu could speak, she raised her head and did it.

Because I drank too fast, the white foam flowed down the corner of my mouth.

Along Baizhi's neck, piled up between the \*\*\*\* collarbones, overflowing out and disappearing into the collar.

**Chapter 290: HNA service, 5 stars praise**

Yan Xue was drunk, as expected...

When she regained consciousness, she was already lying at home.

The clothes on his body were lifted clean!

'It's him? Thinking of Qin Yu's face, Yan Xue didn't feel sad.

On the contrary, there is a hint of joy! ! !

"Mr Qin... Qin Yu?" Yan Xue wearing a 'bikini' walked out of the room.

After a few laps, the expression of joy gradually changed to loss.

No one, shouldn't it?

When he is drunk, he will never leave himself in a restaurant or give it to others.

After turning around again, I made sure that there was no one in the house.

Yan Xue quickly ran back to the room and picked up the phone...

President Qin: "You were drunk last night and you vomited everywhere. Next time you can't drink, don't be aggressive!"

It was Qin Yu who sent him back, which made Yan Xue's worry disappear.

But it sounds like I was very gaffey last night.

So that he even left himself at home and left...

Yan Xue covered her head with the quilt, her cheeks flushed as if steam could come out of it.

This is too shameful!

...

At this time, Qin Yu was already sitting on the flight to the abandoned city.

Ding Dong!

Xing Xing, who was wearing a Hainan Airlines uniform, appeared next to him, raising his hand and pressing the call button.

His slender waist was already wrapped by a pair of big hands, and his body was involuntarily taken forward.

"Ah~" Xing Lu fell into the arms of the passengers in the exclamation.

Perceiving his big hand at the blame, Xing Lu snapped it off angrily: "You are not afraid of being seen."

"I am the only passenger in the entire first-class cabin, and you are a stewardess." Qin Yu touched the tall and straight rear axle, and said in surprise: "What's there to worry about?"

"That won't work, occasionally the captain and colleagues in front will also come over." Xing Lu looked up with some worry.

This time the model is not a semi-enclosed type, it would be bad if someone passed by!

"Don't worry, my luck has always been good."

Qin Yu squeezed her face: "Look at you, you are all thinner, come, feed you some good food."

Seeing him alone, Xing Lu asked curiously: "How can you have anything to eat."

"Who said no, isn't it?"

...

Experienced an empty bite, personal service from the beauty of HNA.

Before getting off the plane, Qin Yu gave star-studded praise!

This must be given.

Otherwise, Xing Lu, whose cheeks are sore, must find him desperately!

After leaving the terminal, Qin Yu called a Didi.

After paying 100 yuan offline, the master agreed to wait in the parking lot for half an hour.

Soon after, Xing, who was dragging a small suitcase, appeared in sight.

"Master, you can go now."

W Hotel, Xing Lu bit his lip as soon as he entered the room.

The faint mint aroma reassured Brother Yu.

"It's all produced by you, do you dislike it?" Seeing his surprised expression, Xing Lu asked jokingly.

Qin Yu said confidently: "There is no regulation, manufacturers must use their own products!"

"Strong words are unreasonable." Throwing her down on the bed, Xing Lu shook her head and took off the netting behind her head.

The long black hair swayed down like a waterfall, "Now, it's me."

...

After spending two days and two nights crazy at W Hotel, Xing Lu took off again to Shangdu.

The time was just stuck on the day the project started.

Hurrying to the airport with a pinch, Xu Hao has been waiting by the road for 5 minutes.

"Brother Yu? When did you come out, and which flight did you take?"

Xu Hao only knew that he had just arrived at the airport.

As for which flight I took, it is not clear where I came from.

"Arrived early, did some private affairs!" Qin Yu turned the subject off, he had already seen his car.

The matte black big G stopped in front of you!

With the car window lowered, Lu Qing with sunglasses smiled and said, "Have you been waiting for a long time?"

"It didn't take long for the mouse to just arrive."

Qin Yu patted him on the shoulder and introduced: "This my girlfriend, Lu Qing, is also Lixin's financial director."

Looking at Lu Qing in the cab, Xu Hao's jealousy is beyond recognition!

Almost couldn't resist the urge to talk to her.

In Hudu, there are one, two, three, four, five...

I don't know how many sister-in-laws, all of whom are top beauties.

...

Xu Hao would only say this in his heart.

Good brother, loyalty...

He is also looking forward to Brother Yu buying a few more suites from Xia Ke so as to boost her performance!

"Now that you are in the northwest, let's take you to experience the three-piece gold set."

Parked the car on the side of the road, Lu Qing put on a scorpion-like showy.

First, Xu Hao had to understand the arrangement.

Don't let Qin Yu's friends think that his girlfriend doesn't even understand a little bit of etiquette!

Liangpi, Roujiamo, Bingfeng!

The white-collar's daily three-piece suit is sure to be tasted once when it is scrapped.

However, most travelers can't find a delicious store.

Being pitted, the experience will naturally not be very good.

Lu Qing was looking for a chain store in Nanqu, every day it was off work.

Business is so good, white-collar workers are all lining up at the door waiting to take out!

It was working hours when they arrived, and the shop was almost full, all of them were nearby residents.

"Try it." Lu Qing greeted Xu Hao to taste it himself.

He had actually tasted it before, and it didn't feel very good.

But at this time, the hospitality is difficult, and Xu Hao can only move his chopsticks cooperatively.

It doesn't matter what you eat, it's the most important who asks for it!

As soon as the chopsticks were dropped, Xu Hao's attitude immediately changed, "It's delicious!"

The crispy pie is filled with minced meat froth, and a bite is mixed with meat froth and soup. It is not too delicious.

Take another mouthful of Liangpi...

The cool and sour cold skin is neutralized by minced meat and cakes, and the taste is just right.

From time to time, sip a special drink, Bingfeng.

Fun!

After experiencing a handful of authentic Northwestern cuisine, Xu Hao was still complaining when he went out: "The driver told me last time that he took me to the best stores."

"Sure enough, there are pits everywhere!" Xu Hao said with emotion.

It is a pain to mention that he was slaughtered for the first time on arrival, and that he was tricked into drinking soy juice!

Outsiders are really not used to drinking that thing, Xu Hao, who was brave enough to try it, drank it twice.

Worse every time!

"Brother Yu, let me tell you..." Xu Hao, who turned on the tuberculosis mode, was terrifying.

Waiting for the car to stop at the door of the hotel, Qin Yu took the initiative to open the door for him.

"Here you are, hurry up, don't forget to do business."

"I haven't finished yet!" Xu Hao muttered reluctantly and got out of the car.

Ignoring her complaint, Qin Yu returned to the car and urged: "Hurry up and drive!"

Seeing the weird look of the two, Lu Qing couldn't afford to laugh.

Waved to Xu Hao on the side of the road, and then turned around and drove in the direction where he came.

Nanhu Manor, the gate is locked tightly.

Qin Han and Liang Chuyu were not at home.

This kind of normalcy is not just Qin Yu, even Lu Qing has gradually gotten used to it.

"Are you talking about the battery factory?" Lu Qing dropped her bag on the sofa, lying on the side comfortably.

When the holiday comes, not only the company is busy, but the school is also not easy.

The various activities and arrangements in the department cannot be stopped every day.

Had it not been for Qin Yu's return, Lu Qing would have gone back to the bedroom to lie down...

"Well, how many partners will come back then and introduce you to?" Qin Yu fell beside her and took the opportunity to hug her waist.

"Don't move, I'm so tired!" Lu Qingjiao smiled and patted his big hand.

Qin Yu took it as it was, and his palm went upstairs again, slender waist, "It's because of your hard work that I want to reward you!"

"Are you a treat?" Lu Qing glanced at him with a charming look.

At this glance, Brother Yu had a hunch.

Today's battle is bound to be charcoal, and corpses are everywhere!

...

The next day, Qin Yu, who was working out in the gym at home, ran into Liang Chuyu who was about to go out.

"Son?" Liang Chuyu asked in surprise: "When did you come back?"

Look at his clothes at home, and consider that it will be early in the morning.

People will definitely not come back here, 'this kid, don't say hello when you come back!'

"I came back last night. Didn't my shoes take off the door?" Qin Yu was also shocked.

Mom didn't just find out about herself now, right?

Hearing what he said Liang Chuyu laughed and said: "I thought it was your dad's new shoes, and he was on a business trip again."

Qin Yu was relieved to learn that Lao Qin was on a business trip.

In the second spring of the two of them, he who was a son came home like a thief.

For fear of disturbing the two people's interest!

"I'm back to do something. I didn't tell you last time, the battery factory."

"Oh, what about the factory?"

Compared to the benefits that the business will bring, Liang Chuyu is rather worried.

Is your son's career developing too fast? Are there any potential risks and problems?
