Chapter 3041 Ultimate Parasite

Levi was fully prepared to take action if Forlevia was in any danger.

Parasite King then retrieved the box containing Ultimate Parasite, and a terrifying aura filled the place instantly.

The poisonous organisms in the area began to twitch like crazy, and the ferocious beasts that they kept as pets started roaring and screeching.

Even the live hosts used to breed the venomous parasites were thrashing about wildly as the parasites inside them reacted to Ultimate Parasite's aura.

It was so terrifying that even Parasite King's disciples had to back off.

Otherwise, Ultimate Parasite would suck their life force out of them.

That was the main cause of death for those who got close to Ultimate Parasite.

"You guys should back off too," Parasite King told Levi's group with a sinister chuckle.

Levi waved at them and motioned for them to fall back.

“Hahaha!” Parasite King burst out laughing as he felt his own power levels increasing too.

Since Ultimate Parasite was directly linked to his body, he would get stronger along with it.

As a terrifying aura enveloped the mountains around them, the fluctuations in the spiritual energy and magnetic fields caused a thunderstorm to form.

Soon, the spiritual energy in the air took the form of a vortex and started affecting everything around it.

The strange phenomenon was so scary that even Malcom and the others who were waiting outside exclaimed in shock when they saw it.

“Oh, no! We’re doomed!”

“The Ultimate Parasite must’ve absorbed that nasty poison by now! It’s going to mature fully!”

“Levi, you b*stard! None of us will be able to stop Parasite King now!”

Despite the outrage from everyone, Azure Dragon and the rest refused to budge from their spot.

Meanwhile, Forlevia’s condition continued to improve as the worm continued absorbing the poison.

“As expected of Final Malice! It truly is the deadliest poison in existence! Hahaha! I’ve never seen anything like this! Come on, baby! Keep going!” Parasite King exclaimed excitedly as he urged his worm to carry on.

Chapter 3043 I Will Be The Judge Of That

Levi was still in the middle of checking Forlevia after she had gotten better when the moron before him started laughing boisterously, spewing nonsense, and causing all kinds of abnormal phenomena to happen outside.

He was a complete eyesore to Levi.

What a pain!

That was why Levi went up and gave Parasite King a hard slap across the face.

The latter was visibly taken aback as a result.

After all, he had just bragged about being invincible and how he could rule over everything and everyone.

Yet, he ended up receiving a slap the very next second.

What was more shocking was the fact that he did not see Levi's slap coming.

Huh... something's not right.

I'm supposed to be invincible. So how did this happen?

Did something go wrong?

It doesn't make sense!

Parasite King watched as Levi stared at him.

Chapter 3044 Levi Is Being Targeted Again

Malcom and the others charged into Parasite King's nest only to find that it was now in shambles.

Everything had been razed.

All the people in there had died.

The magical herbs and spiritual energy crystal had dried up.

Even all the poisonous organisms and venomous parasites had been destroyed.

This was supposed to be a Rank One restricted area, but now, there was nothing left.

The Black Sky Union blazed with fury.

They had come looking for anything valuable, only to stumble upon nothing.

"What happened? What's going on?"

The group was evidently puzzled.

“I’m guessing Parasite King destroyed everything in the process of creating the Ultimate Parasite,” Malcom explained. “His spiritual energy must have destroyed everything, including the magical herbs. It’s not surprising, though; there’s no way any living creature could’ve survived in such an environment.”

“But where did Parasite King and Ultimate Parasite go? I don’t see them anywhere.”

He also announced that he had gotten rid of half the venom in Forlevia’s body.

It could deter Idrae and other mysterious forces from attacking, apart from encouraging more people to figure out a cure for the venom with the bounty offered.

“Come! Destroy me! Try to stop me! Anyway, half the venom is no longer in my daughter’s body. You are a bunch of trash! Do you think you can get in my way?” Levi vented his anger.

Even though he encountered countless obstacles during the process, he still managed to remove half of the venom in Forlevia.

When the news got out, everyone was shocked, especially the people in Idrae.

“What the hell? He used a venomous parasite! If he took out half of it thus far, it would not be long before he cures his daughter.”

“Ugh, I hate you, Levi! It is ridiculous! I can’t let him continue to treat his daughter!”

“Let’s request for Xyperia to dispatch their men. We have to do whatever we can to stop him from curing his daughter of all venom!”

Everyone in Idrae panicked.

None of them had gotten over how the three of their leaders had died.

Meanwhile, Levi had gotten rid of half the venom in his daughter’s body.

Chapter 3046 Where The Resources Were Hidden

It was common knowledge that Levi had lost lots of his resources during this period.

Firstly, he offered bounties which many people had collected.

More importantly, Hawen 'robbed' him. After Terrandya took over, they cheated him, and he also gave Erudia much of his resources.

Yet, he still could give out another reward.

Where was he getting the resources from?

How did he get his hands on them?

Didn't he tell Terrandya about the secret?

The series of questions made everyone puzzled.

Besides, based on the latest report, Levi did not step foot out of Erudia the whole time. He did not have anyone bring in resources for him either.

Looking at the facts, he should be out of resources by then.

Therefore, the origins of his existing resources remained a mystery.

It was as though he could pluck them out from thin air whenever he needed them.

Chapter 3047 News From The Heavenly League

Hearing that, everyone started to probe, "Where did Levi stash his resources?"

"I bet you didn't expect Levi to hide them in Parasite King's old lair."

As soon as Blood Clan's leader finished, everyone started to gossip.

They were all shocked by the revelation.

Over the last few days, countless of them tried to look everywhere for the resources, and it was the only place they failed to check.

The large mountain in Marsingfill, Erudia, had been destroyed by the Ultimate Parasite. Therefore, almost no one would go there.

Levi had hidden his resources there as it was hard for others to locate them.

If they tried to look for it themselves, they would never find it.

It was a splendid idea.

The leader of Black Sky Union cautiously questioned, "How did you know?"

The other leader only chuckled in response. "I have my ways!"

"Did someone from Heavenly League reveal it to you?" Black Sky Union's leader guessed.

Chapter 3048 What If I Said No

Soon, everyone gathered their men and started to head for the mountain in Marsingfill.

Half a day passed, and the organizations had finally gathered together.

Countless men were then standing outside Parasite King's old lair.

The number of men who came had tripled compared to the previous time.

In particular, they assembled all those with combat prowess on par with that of a Deity.

There were more than sixty such fighters among the organizations.

At the moment, they hid outside the Parasite King's old lair, preparing to attack.

One of their men had checked earlier and confirmed that all Levi's resources were there.

It turned out that the news from the man in the Heavenly League was accurate. Right then, they were waiting for him to draw the Heavenly Guards away. Soon, those in the Heavenly League received news that they had to go up North to deal with an issue. movements near the North, in Xyperia. It was a blatant threat to Levi. “Although we do not have a Deity among us, we have sixty-seven fighters of comparable combat prowess. In a short amount of time, they are as good as Deities. Besides, we have hundreds of provisional combatants, and the rest are elite fighters. Are you sure you can take us on?”

The organizations snickered.

Unexpectedly, Levi threw a question back at them. "Who says we only have a few people?"

"Huh?"

Everyone froze momentarily before they burst out laughing.

"Are you waiting for your Deities from the Heavenly League? It's too bad that they won't appear even if you die today."

They continued to mock, "Exactly. Your men can't possibly rush down in time. Besides, they won't even know what is happening here. By the time the news reaches them, all your resources would already be in our possession."

All their faces beamed with confidence.

From their perspective, Levi looked like he was waiting for Azure Dragon and the rest.

Other than them, Levi had no one else to help him.

Chapter 3050 Finally Some Rest

"Huh? There is?" The crowd was stunned as they swept their gaze around their surroundings.

"That's right! There is!"

Suddenly, a voice called out loudly.

The crowd watched as a figure appeared from a towering tree.

It was Troy. He had finally decided to reveal his presence to the crowd below.

It's a Deity!

"Yep, there is!"

Another voice called out from the other side.

Turning their heads toward the voice, the crowd watched as Bruno materialize out of thin air.

Another Deity! No, he's a Super Deity!

The crowd could feel how Troy's and Bruno's auras were much stronger than the Deities of the Heavenly League.

It felt as if the two could destroy the whole group with just a punch.

Weldon revealed himself too.
