Chapter 3171

A Reminder

“Don’t worry, I’ll definitely destroy Idrae.” Levi smiled.

Dr. Erebus added, “Mr. Garrison is more powerful than you can ever imagine. So, there’s nothing for you to be anxious about. Aren’t you curious about the secrets regarding his resources? Actually, it’s all very simple. We get it directly from the restricted area. The beast is not Mr. Garrison’s match. His prowess in combat is far too great for the Deity to handle. Therefore, the unknown danger is absolutely non-existent to him.”

Upon hearing Dr. Erebus’ explanation, everyone finally understood everything.

I see!

All that they had regarded as dangerous was just a piece of cake to an invincible fighter like Levi.

His resources seemed as vast as an ocean, waiting to be picked up by its rightful owners.

Although Levi had never left Erudia, the number of resources added to his name kept coming. That had allowed him to do whatever he wanted.

“Yeah, Boss, no worries. We can manage.”

“The Heavenly League is not to be underestimated. I’m certain we can handle it, come what may.”

The five smiled and assured Levi.

Actually, they were all clever individuals who had all the relevant information at their fingertips.

From their perspectives, they were confident that what Levi worried about would never happen.

When the five of us combine our forces, it’s not easy for anyone to remove the spiritual bone from us.

Rumor had it that they could exert the true potential of their spiritual bones when the five work together to unleash their power.

Although Levi thought otherwise, the five were confident about their capabilities.

On top of that, they were deemed as supreme warriors of the Heavenly League. Should they join forces, the chance of defeating anyone from the Ecclesiastic Order was high.

Some big shots from the Ecclesiastic Order were interested in cultivating and protecting them five.

Dr. Erebus could not shut his eyes. He was super excited to witness a watershed event in history the following day.

Meanwhile, Azure Dragon and the others reached the pre-arranged venue by Levi.

“What a perfect location! No one will ever find us here,” they exclaimed.

Zoey said, “Let’s stay here as we’ve been told and not add to Levi’s worry.”

“Sure, Zoey,” the team promised.

Right then, the spies who were following Azure Dragon and the team panicked.

They were so sure they had their eyes on them before the group disappeared under their noses.

"Oh, I see. Great. Then, do you know where they are now?" Another question was posted from the manor.

Stunned, Floyd stammered, "Err... I've left the Heavenly League for some time. Hence, I'm not sure where are they right now."

He added quickly, "Nonetheless, I can perform a search. It won't take me long before I can locate them."

"Good. If you can tell me their exact location, I'll meet you face to face."

The reply came like a bolt from the blue and made Floyd jump for joy.

It was what he had been waiting for!

She was considered the most sought-after goddess in the Ecclesiastic Order; the one who had it all.

Though the difference between Floyd and her was vast in all aspects, he refused to give up pursuing her despite being ignored all the time.

The men sighed as they agreed with each other.

Everyone was under Levi’s care all along, and they were very touched by his kind gesture.

“But Boss doesn’t know that we’re already capable of fending for ourselves.”

"So you're Levi's disciple?" the woman asked.

Never did Floyd think that she was interested in getting to know him. He nodded repeatedly and answered, "Yes! I'm his most excellent disciple!"

A corner of the woman's lips quirked up. "I heard Levi has a daughter, and she's absolutely gifted. Is that true?"

Floyd responded without hesitation, "That's right! Her spiritual bone is more powerful than the Five Great Wars Regiment—Azure Dragon and his gang! But as of now, no one has put her spiritual bone to the test!"

The woman gave him a faint smile. "I wish I'd have the honor to do that for her!"

“That would be great!” Floyd was so head over heels with the woman that he had no idea what she had in mind.

Not long after that, the Ecclesiastic Order was thrilled when they spotted Azure Dragon and his gang.

They were afraid that someone else might have extracted the spiritual bone and taken it away.

They were relieved when Azure Dragon appeared. “Quick! Let’s get ready! Go and look for the severance dagger!”

The clerics in the Ecclesiastic Order started panicking when they noticed Azure Dragon and his gang had emerged.

Hello, Xyperia. I've come to conquer you. I've come to ravage you to the ground!

Even if you regretted not handing Idrae to me, it's too late now!

I know you have a lot of deities on your side, but I'll wipe out every single one of them!

The incident in Terrandya was just a prelude. Now, it's show time!

To Levi, all those Super Deities were no different from clowns!

While Levi did not show much expression on his face, excitement was written all over Dr. Erebus' face.

How could he not be excited since the war that would take place today would be a historic moment?

When the Ospeans learned that Levi had departed, they too, made their way to Xyperia to witness this historic moment.

After one night, all the deities from Elterton Union, including those they had recently created, had finally arrived.

They all took their position and stayed in their respective lines.

"Levi better not chicken out! We want to take him down first before moving on to something more ambitious!"

They were afraid that Levi might not turn up.

They would still be able to proceed with the ceremony even if Levi did not come, but his presence would make the formal occasion more significant.

After all, the entire world was paying close attention to them.

Meanwhile, Xyperia had just received the news—the Ospeans had arrived!

They claimed that had come to witness a historical moment.

The Xyperians started laughing. "See? Even the second most powerful nation has come to witness the ceremony. They must have come to surrender themselves to us!"

Soon, representatives from Terrandya, Hawen, Keerea, and Raysonia had also arrived at Xyperia.

They might have claimed that they had come to attend the ceremony, but their intention was to watch the drama from the sidelines.

A lot of council members were utterly numb at that point.
Some of them were even trembling in anxiousness.
"Don't disclose it yet! At least not till Levi arrives!"
They rubbed their palms together in absolute anticipation.
They were trying to suppress their curiosity while waiting for Levi's arrival.

"We've got to try! We can't possibly sit and do nothing knowing that Azure Dragon and his gang might be in danger, right?" A determined look flashed across Sonja's eyes.

Thus, the four of them went to look for Azure Dragon and his gang.

Meanwhile, Levi had finally arrived in Xyperia.

"Elterton plateau is right ahead! Prior to the spiritual energy revival, that place used to be a barren land. Now, however, it has become an oasis!" Dr. Erebus was amazed by the changes made by the spiritual energy revival.

"Well, I'm going to return it to its original state today!" Levi uttered coldly.

Shortly after, Levi's arrival caused an uproar in the whole Elterton plateau.

Finally, he'd arrived.

All eyes were fixed on Levi as he made his way there. While some were impressed by his guts and bravery, some thought he was a complete fool. How foolish of him! Doesn't he know what's he up against? How bold of him to come here!
