### Chapter 3221 Congratulations For Being Invincible

“Huh?” As soon as Levi entered Erudia, he sensed something was wrong.

His face fell instantly.

There was a strong aura circulating the air of Erudia.

The entire country was in a mess, as though many people had been rummaging around for things.

Sensing the powerful aura, Levi knew instantly something had happened.

At first, he panicked and felt slightly fearful.

However, a smile soon appeared on his face.

Isn't this what I expected? Once I reveal my combat prowess, it'll definitely attract trouble. Evie and Zoey must've become their target—many people's target.

Nonetheless, the forces involved were not those Levi expected.

Besides, I bet many people from Ecclesiastic Order are planning to take my spiritual bone now that I've revealed my incredible powers. Then again, it's not going to be that simple for them to view or even take my spiritual bone. They've got to be stronger than me! Of course, I won't sit by and let them attack. I've

After that, Levi continued his journey toward the hideout of Forlevia and the others.

In the middle of his journey, he met Edmund and a group of men.

Edmund was leading the Heavenly Guards to investigate the situation and find ways to stop the conflicts from happening.

When he met Levi, he looked conflicted. In fact, he was so embarrassed that he wanted to find a hole and hide in there.

He never expected the powerful Levi was his master all along.

When Daxon told Edmund about it all a while ago, the latter was still in disbelief.

However, when he started placing all the clues, he realized his master was indeed Levi.

Despite that, he still could not accept and believe the fact.

In the past, Edmund often made things difficult for Levi. On top of that, he even viewed Levi as his opponent. Never did he expect the latter to turn into his master overnight.

Edmund could not help but feel a little unfair, and he could not accept the truth.

Even so, it was all thanks to Levi that he was able to have a foothold in that era with his current abilities.

When he was attacked by Keereans back then, Levi was the one who asked his mentor for help.

Thus, Edmund was slowly trying to accept Levi as his master.

One of Edmund's men alerted him, snapping him back to reality.

That's right! Azure Dragon and the others disappeared for quite some time, but they reappeared after that. Then, they disappeared immediately after that. Before that, the factions of Ecclesiastic Order were looking for Azure Dragon and his men. Oh no. Something has happened. Something must have happened.

As the general of Heavenly League, Edmund was well aware of Ecclesiastic Order's level of interest toward Azure Dragon and his gang.

Worried something might happen to the five, Edmund had informed them about the situation.

However, they were the strongest group in Heavenly League. Thus, there was nothing Edmund could do if they did not want to listen to him, even if he was the general.

Now that he analyzed the situation, there was a great possibility that something was going to happen.

Even Forlevia and Zoey might get into trouble. The hideout that Levi mentioned earlier was going to be revealed.

Something bad is coming!

Immediately, they rushed off in the direction where Levi went.

Unfortunately, they could not match Levi's speed.

He had disappeared, and there was no way they could catch up with him.

He was not going to let his chance of challenging Levi slip from his fingers.

Boom!

A frightening aura exuded from his body, followed by a faint sound of thunder.

He looked like a god of battles.

Truth was, the Esoteric Guild was not exactly like how the legends make them out to be.

Back then, Levi met many masters of magical techniques before he came to Erudia. In reality, they only inherited some skills from the Esoteric Guild.

At least, they looked quite like the real thing.

Now, the legitimate descendant was finally there.

Those magical techniques used by the masters were just child's play.

The real magical techniques were ones that had the ability to manipulate nature.

The masters of magical techniques he met in the past were only borrowing the magical techniques' powers.

In other words, they were fake.

They could never do what the theurgist was doing.

Now that the theurgist had released his aura, it felt as though both heaven and earth were roaring.

#### Chapter 3225 The Scheming Gloria

Meanwhile, Floyd and the woman of his dreams, Gloria Gaston, were in a villa in Erudia.

Gloria belonged to the West Pavilion faction of Ecclesiastic Order.

Ever since Floyd told Gloria about Azure Dragon and his comrades leaving the hideout, he had gotten closer to her.

“What about the condition of Forlevia’s spiritual bone? Do you know anything about it?” Gloria asked suddenly. Her enchanting gaze left him utterly bewitched.

Swallowing his saliva, Floyd shook his head. “I don’t know, and I don’t think anyone has run any tests on it. All I know is that Master has been constantly taking Forlevia somewhere to get rid of the poison in her body. He didn’t have time to run tests on her spiritual bone.”

“But I heard Forlevia’s quite talented. She should be more talented than you, right?” Gloria questioned.

She had tested Floyd’s spiritual bone long ago. It was a top-quality spiritual bone, which was quite close to the class of the spiritual bones owned by Azure Dragon and his men.

Hence, Gloria taught him the Art of Consumption.

“Who?” Gloria asked at once.

“She’s from North Pavilion. I can’t really remember her name. I think it’s...” Floyd said while scratching his head.

“Sonja Dahlin?” Gloria added.

“That’s right. That’s her name.” Floyd nodded at once.

As Gloria’s breathing began to accelerate, she asked, “After they tested Forlevia’s spiritual bone, what did they say?”

“I don’t know the details because I wasn’t paying attention, but it seems to be pretty good.”

A cold glint flashed in Gloria’s eyes. Da\*n it, Sonja, how dare you go and get Forlevia’s spiritual bone tested. The only reason it is being kept a secret is that her spiritual bone must be exceptional! Hence, Sonja and the others must be hiding something!

Consequently, Gloria’s curiosity deepened.

Coincidentally, she had just learned that Levi had distinguished himself during the battle of Elterton.

If something terrible were to occur, Levi would blame himself for the rest of his life.

Consequently, all he could do was pray that they were safe. After that, he would immediately go out to rescue them.

"In that case, let's find them at once. Please God, let them be safe and sound!"

Zoey was on the brink of tears.

"All right then, let's go and look for them together. Follow me and don't leave my side!"

Levi didn't leave anyone behind, as he mobilized everyone for the search.

There's no point in leaving anyone here. What if something happens to them instead?

At that moment, Floyd arrived with Gloria in tow.

#### Chapter 3229 Pessimistic Outcome

Since she didn't know how powerful Levi was, she wanted someone else to test it for her.

Now that Forlevia has emerged, there would certainly be those who couldn't resist kidnapping her. In  
time, some of the factions within Ecclesiastic Order would definitely fight Levi. Consequently, I would be  
able to evaluate the true extent of Levi's power with my own eyes.

Based on Ecclesiastic Order's standards, they would be able to tell at first glance how strong Levi was.

Nonetheless, Gloria lamented, "Even though I was the first to track down Azure Dragon's movements,  
someone else beat me to him!"

Evidently, the faction Gloria worked for wasn't the one that captured Azure Dragon.

It was someone else instead.

"With regards to Forlevia, I must have her!"

Gloria's eyes glistened with conviction.

Having the ability to manipulate Floyd made her goal a lot more achievable.

Meanwhile, Levi led his group in search of Azure Dragon and the rest.

Given how huge their group was, they were unable to travel quickly.

As a result, Floyd managed to quickly catch up with them and subsequently explain his analysis.

Chapter 3230 Is There Still Hope

At that moment, it finally dawned upon Levi and the others how powerful Azure Dragon and the others’ spiritual bones were.

It was the same reason why Azure Dragon would be in terrible circumstances.

There was no way they could be unharmed by now.

“However, there’s still hope!” Sonja suggested.

When Levi and the others were all ears, they asked Sonja anxiously, “What do you mean? Do we still have time?”

Sonja nodded. “Mmm-hmm... Even though the five of them possess an elemental spiritual bone each, one needs to amalgamate all five of them together for maximum effect. This isn’t a process that Ecclesiastic Order can achieve. In fact, more than ninety percent of people can’t do it.

“Nevertheless, it doesn’t mean that everyone will fail, for there are still those who can. Such powerful figures have long identified the elemental spiritual bones. However, they have yet to take action because they are still figuring out the amalgamation process. After all, it’s an extremely complex procedure.

“There are a lot of sacrifices to be made in the process of transplanting the spiritual bone, which by itself is a forbidden technique. To transplant one’s spiritual bone to another is the equivalent of transplanting one’s talent. Not only does the process require a lot of luck, one has to pay a price that commensurates with it. Consequently, few know of this forbidden technique, and those who do so are called Bonemasters.”
