Chapter 3301 North Pavilion In Crisis

After bidding Floyd goodbye, Gloria immediately rushed toward West Pavilion.

However, she received a piece of shocking information saying that the Three Sages of North Pavilion had been heavily injured. North Pavilion was on the verge of crumbling because a lot of factions were getting ready to invade North Pavilion.

Although the information was a secret in Gerton, Gloria still managed to hear about it.

The men under her control were eager to deliver her the news as soon as they could.

Gloria's eyes flashed menacingly, and she murmured to herself, "If the Three Sages of North Pavilion are confirmed to be injured, then North Pavilion will inevitably get divided. After all, North Pavilion is wealthy and powerful. Who wouldn't want a piece of it?"

At the same time, Gloria was also thinking about what could happen next. In the Ecclesiastic Order, the Five Pavilions are huge factions. If they were to divide North Pavilion, they might not show up directly because of their egos. However, there'll surely be a lot of underhanded tactics used behind the scenes. Still, the other four factions will definitely not snatch a piece of North Pavilion in the open.

Shortly after, she received another piece of news saying that some people couldn't wait any longer, and they had already gone to challenge the Three Sages of North Pavilion.

Naturally, if they were to act, they should do it now since North Pavilion's Three Sages are injured. They won't stand a chance once the Three Sages of North Pavilion are healed.

Indeed, they had to act as soon as possible and invade North Pavilion while they were still healing.

Although those people said they wanted to challenge them, they were actually trying to find out if the Three Sages of North Pavilion were indeed injured.

He knew he had to act cool because the challengers were sounding him out.

If I can pretend that I'm not hiding anything, they'll be too scared to attack us.

As suspected, the result was incredible.

The leader of Divine Tiger Palace and the others were all stumped, and they didn't know how to react.

The master of North Pavilion seems so calm!

He's not acting like the Three Sages are injured. Why does he look so unaffected?

Not only did he clear a path for us, but he had also deactivated the Dragon Trapper Formation! Apart from the Three Sages of North Pavilion, that formation is their only defense!

The challengers had long wanted to attack North Pavilion to check the Three Sages out. However, they were too scared of the Dragon Trapper Formation. That was the only reason why they hadn't acted yet.

Since the master of North Pavilion had deactivated the formation, doesn't that mean he's very confident?

Could it be that the Three Sages of North Pavilion aren't even injured?

Otherwise, why did he deactivate the Dragon Trapper Formation so willingly?

What if the Three Sages are actually in solitary training?

When the Three Sages of North Pavilion realized they had been exposed, they had no choice but to fight back.

Although they were heavily injured, they were still capable of defending themselves.

Hence, a fight between them and the seven to eight elites ensued.

Naturally, everyone knew for sure they were injured.

If they weren't, those seven to eight elites would've been killed pretty quickly.

Upon getting the confirmation, those invaders immediately shot a signal flare to tell everyone that the Three Sages of North Pavilion were injured.

The challengers outside the North Pavilion's hall saw the signal flare instantly.

The leader of Divine Tiger Palace and the others were exhilarated.

"It's true! The Three Sages of North Pavilion are seriously injured!"

"Charge! This is our best opportunity to conquer and divide North Pavilion!"

"Don't let them activate Dragon Trapper Formation!"

Everyone was over the moon and started attacking North Pavilion.

As news spread, more and more people rushed there to get a piece of North Pavilion for themselves.

In fact, the news of the Three Sages of North Pavilion being injured had spread throughout the Ecclesiastic Order.

To their dismay, more and more people had noticed them.

Soon, there were people approaching them from everywhere.

Sonja and the others slowly became overwhelmed, and they couldn’t hold out any longer.

At that moment, it was almost impossible for them to break through.

“Try harder! We must get Sonja out of here so she can get help!” Magnus and the other two fought like hell to clear a path for Sonja. In the process, they didn’t mind getting injured badly.

Just like that, they managed to clear a path for Sonja, but those three were already heavily injured.

Still, at least they had managed to get Sonja out of there.

“Sonja, run! Just leave us! Save North Pavilion!” Magnus and the other two shouted.

“Be careful, you guys!” Sonja had no choice but to escape.

Right after she made her way through, a figure came out of nowhere and slapped her forcefully across the face. Sonja was sent flying.

Magnus and the other two suffered the same fate and were sent flying as well.

Floyd went to ask the others, "Where is Master going?"
"I don't know!"

Everyone shook their heads.

Right then, an idea came to Floyd's mind.

Since Master is gone, should I test Evie's spiritual bone? Just like Gloria, I'm curious about that too! If
Master doesn't leave, there's no way I can test it. Now is my perfect opportunity to do that.

Gloria had already taught him how to test spiritual bones.

Needless to say, Gloria had considered the matter in a comprehensive manner. She had thought about
all the possibilities.

She had even thought about the possibility of Floyd testing spiritual bones on his own.

Hence, she had already taught him how to do that earlier on. She had even given him the tools he
needed.

What should I do? Should I test it?

Although he had the idea of doing so, he hesitated.

"I had a feeling you guys would go remind Floyd, so I told him about it first. That's why he didn't suspect a thing when you guys went to him. If anything, he only thinks you guys are trying to sow discord between us! I've always kept an eye on you guys and the Bonemaster list. I made sure that the lists I gave Floyd would overlap with yours."

Gloria had them all figured out so well that Sonja and the others were shocked and speechless.

No wonder this woman is so amazing! She truly is no ordinary person! Not only did she figure everything out on her own, but she even knew about our plans in detail! She even brainwashed Floyd beforehand because she knew we'd go to him! As for the Bonemaster list... Now it's clear why Floyd would be completely under her control!

This woman is simply far too powerful! None of us would stand a chance if she so much as decided to come after us! D*mn it... Had we told Levi about this sooner, we might've been able to prevent this from happening! Now, the only hope for North Pavilion has fallen into this woman's hands, and there's nothing we can do about it! North Pavilion is done for, and no one is going to survive!

Gloria burst out laughing as she continued, "Regretting won't do you guys any good now! You guys would've been fine if you had told Levi about this sooner!"

Sonja knew she would say that. "Why did you bring them here, Gloria? You must have a reason for doing so, right? Well? What is it?"

The smile on Gloria's face was instantly replaced by a terrifyingly gloomy expression, and her entire body was exuding a murderous aura as she said, "I want you to tell me in detail the respective levels of Levi and Forlevia's spiritual bones!"

Chapter 3308 Cruel Gloria

Magnus and the others started protesting as well.

“Come on, Gloria! Our lives are in your hands now! There’s no reason for us to lie to you!”

“That’s right! I’ve tested Levi’s spiritual bone, and it really is nonexistent!” “Even if he did have one, it’d be of the absolute worst quality!” “It can’t even absorb spiritual energy, so it’s as good as not having one!”

“However, I can tell that his strength is gained through pure physique training alone!” “His body is ridiculously strong! I’ve never seen anyone with such a powerful body my entire life!”

“He may have been completely defenseless against us at the time, but we wouldn’t even be able to scratch his skin if we tried to ambush him!”

Gloria didn’t believe them at first, but she figured they had no reason to lie to her when their lives were on the line.

Since Levi has always been an anomaly, being able to use the Art of Consumption was just a theory that I came up with. It’s possible that he really became strong through pure physique training alone. When it comes to pure physique training, the Ecclesiastic Order is the only thing that comes to mind. Those guys are practical examples of what a person could achieve by taking pure physique training to the extreme. While it may be hard for one to believe that Levi has achieved this level of strength through pure physique training, it isn’t entirely impossible either. After all, he was powerful enough to pose a threat to the Ecclesiastic Order. Given all the strange things that have happened to him, not having a spiritual bone doesn’t sound that far-fetched...

With that in mind, Gloria asked, “Fine, I’ll believe your statement about Levi not having a spiritual bone. What about his daughter, then?”

Although Sonja was utterly terrified by Gloria's ruthlessness, she still tried to negotiate with her. "I'll tell you everything you want to know, but you have to let them go! If you kill all three of us, you'll never find out what Forlevia's spiritual bone is like!"

Having witnessed Magnus' death, Sonja couldn't afford to let Kato and Ralph suffer the same fate.

Unfortunately for her, Gloria wasn't the type to take kindly to negotiations. With a swift swing of the sword, she severed Kato's left arm clean off his shoulder.

Spurt!

Hmph! I hate it the most when people try to negotiate with me! Did you really think I wouldn't be able to find out about Forlevia's spiritual bone without your help? Guess what? I can get that information through Floyd as well! The only difference is that I'd have to come up with an elaborate scheme for that!

"Hahaha!" Gloria cocked her head back and cackled like a madman.

She looked so scary that Sonja and the others shuddered when they saw her.

How is someone of our age capable of being so d*mned scary?

"Knowing about Forlevia's spiritual bone isn't going to do you any good! You won't be able to take it from her anyway!" Sonja shouted.

The smile on Gloria's face vanished instantly when she heard that, and she tensed up as the sudden realization dawned upon her.

Hmm... That is indeed a huge problem... It's almost impossible for me to get my hands on that spiritual bone with Levi around! As smart as I may be, this problem is way beyond me! I'll have to take Levi out when he finds the killer! That's the only way for me to get my hands on Forlevia's spiritual bone!
