Chapter 331: Only a few autumns in life

After eating two hastily, Shen Bing left hurriedly on the excuse of something.

"Isn't it time for a holiday?" Jiang Xiaoshan looked at Wen Yaxuan in surprise.

This girl is still a little bit awake, her head bumping and biting fritters...

"Xuan Xuan?" Jiang Xiaoshan yelled again, and she knew she was talking to herself.

"I don't know, maybe something is wrong!" Wen Yaxuan replied casually, and yawned, put down the fritters and walked back: "I have to go to bed again, so sleepy~"

After a while, Lazy Cat and Li Wanxing also came out.

After breakfast, Jiang Xiaoshan drove her Cayenne, and a group of five people went straight to the airport.

When he arrived at the terminal, Li Wanxing, who was sitting by the door, got out of the car first to pick up his luggage.

Lazy Cat and Wen Yaxuan were lying beside Qin Yu, whispering something softly.

When Qin Yu spread his arms, put them in his arms and smiled goodbye...

Click~

Seeing this scene, passers-by collectively freeze the frame, I??..... It's cracked!

What kind of fairy is this? ? ?

Not only did they drive off, but someone took the initiative to pick up their luggage.

When can the hand of the goddess be used to carry luggage, why is it not like this in my own perception?

When they recovered and wanted to take pictures, Qin Yu had disappeared in front of the terminal building.

The four fairies also drove and left quietly...

"This is the happiness of the rich, woooo~~" The single dog desperately covered his mouth with his hands, trying his best to keep himself from crying.

However, I can't help it!

Wow~

After boarding the plane, Qin Yu put on his blindfold directly to sleep soundly.

Xing Lu has been flying the northern route recently and hasn't seen it for a long time.

This made Yu Ge a little disappointed, he also wanted to experience the taste of flying in the air.

"Sir, sir." Someone pushed him, Qin Yu took off his blindfold and saw Xing Lu who was snickering at a glance.

Reaching out, she wanted to hug her into her arms, and Xing Lu, who had been prepared, dodged.

"Sir, do I need something to drink?"

Naughty blinked, Xing Lu whispered: "How about this surprise?"

"You have become unbehaved." Looking at her glamorous figure wrapped in a cheongsam, Brother Yu looked forward to the time after landing.

...

W Hotel, knocked open the door, two figures stuck together disappeared in the crack of the door.

Hot emotions ignite the air until sunset and sunrise!

‘Pleasant mood brings high-quality experience and triggers random rewards.’

‘Stock Prediction Card: A stock will be randomly locked after use to predict the trend in the next fifteen days.’

"Don't you fly today?" Watching her lazily leaning against the head of the bed, admiring the lake view outside the window.

That lazy and charming temperament is so beautiful!

Xing Lu shook her head and chuckled, "Tomorrow, take me in the abandoned city for fun?"

Pop~

Qin Yu snapped his fingers and walked.

Shopping and women are like biological dependence on water.

SKP, Xing Lu, who walked into the mall, had to be dazzling, and her heart was even more upset.

Just look in the window, it's six or seven digits.

Eight-digit numbers are not uncommon. Can you not be frightened?

The consumption values here can definitely cause enough blows to any normal person.

"Here you are." Qin Yu handed the card to her hand: "You decide what to buy."

There are more than 50 million in the card, which is enough to buy anything.

If it's not enough, just move some more 'public funds'.

Whether or not Lixin will pay dividends, and when they will be distributed, is not a matter of his word.

The company doesn't have a lot of money lying on its books.

It is less than six billion dollars, I believe it is enough to buy things.

To his own woman, Qin Yu's attitude is to spend it!

Money is a tool for pleasure and convenience.

If you lose this layer of essence, why do you want it to be used for?

The fire is not burned, and the table is not hard enough.

Wiping the **** is too panic, there is a fart!

Unfortunately, none of the women around him would spend money.

That means Li Wanxing is a bit prosperous, with one shot worth tens of millions.

Brother Yu was very optimistic about her at first, but when he bought a car, he knew he was different.

This is another master who doesn't spend money! ! !

"Spend whatever you want?" Holding the card in his hand and turning it back and forth, Xing Lu asked jokingly: "Are you not afraid of bankruptcy?"

"Bankrupt?" Qin Yu raised his head and glanced at the tall hall: "I'm afraid it's a bit difficult!"

"Puff~" The woman passing by heard the words and laughed, and then walked away embarrassedly.

If they want to pretend to be forceful in front of the young lady, they will pretend to him.

How can I say that I have received professional training, so why didn't I hold it back?

Seeing his confident eyes and attitude, Xing Lu decided to tease him.

Richard Mille, nicknamed 'the ticket to the billionaire's.'

Any brand that young people have heard of has mixed reviews from the public.

But this does not prevent it from exploding and rising prices.

The literary circle is even more chanting a poem: life is just a few autumns, don't give up without Miller!

Various series are priced at one year, hunger marketing, media promotion, celebrity effect, and expensive.

Four points create its explosive potential.

As for quality, NTPT carbon fiber, craftsmanship, brand conscience and so on.

That is the additional guarantee of "money in place"!

There is no guarantee for a watch at this price.

That's really not a purely ridiculous IQ tax.

As for whether IQ tax is true or not, there is no right to say without investigation.

Preconceived prejudice is often dumbfounded.

It's okay to see...

Entering the store, Xing Lu pointed to the exhibits in the window: "That Richard can take a look at me, please."

The sales first glanced at the two without a trace, and smiled and said, "Madam, our RM056 is a patrolling exhibit and will not be sold for the time being!"

Hearing what the other party said, Xing Lu still believed it stupidly, "Are there any other styles?"

"Wait." Qin Yu interjected: "What are the conditions for buying RM056?"

As soon as Qin Yu spoke, he knew who was in charge of the sales. "Sir, there are only 5 pieces of RM056 in the world. This is the only one in China."

Qin Yu responded: "Just say the conditions!"

"You need to match different consumptions to accumulate 20 million."

"What watches are there in the store? Limited quantities."

If you want to buy it, you can buy a limited amount, at least in terms of scarcity of resources, it can make its price stronger and maintain its value.

The basic model is neither good-looking nor valuable.

The desire to buy it without bringing it is a waste of time.

When the salesman was about to speak, he saw the black starry sky of Patek Philippe on his wrist, and the conversation changed: "Xiaowan, take out our Richard."

A small silver suitcase was placed on the table, and Qin Yu and Xing Lu were also invited to the VIP room.

This posture made Xing Lu a little restless: "I'm just kidding, don't you really want to buy it?"

Qin Yu smiled and said, "Just look at it!"

There must be curiosity, let's talk about whether you buy it or not.

If you like it, take it. If you don't like to leave, there is nothing to be embarrassed about.

A valuable watch that brings people confidence from the inside out.

That feeling...

Buying a luxury car and a luxury house are two completely different concepts.

Take the Patek Philippe black starry sky on Qin Yu's wrist, you are just a dick.

Bringing this watch will also produce a sense of expansion: the world is big and there is no place to go!

Click!

With the lock open, there are ten in two rows and four in the top row.

A total of fourteen Richard Mille came into view.

The first thing that fascinated Brother Yu was the Red Devils on the far right side of the second column.

Seeing that he picked up the Red Devils, "The rm35-02 model is what people often call the Red Devils."

"Although the price is not expensive, it is true that Miller is the most popular and the best selling one."

Qin Yu asked: "How much is it?"

The Red Devils are very light, if you don't look at it, they are in your hands.

It is hard for Qin Yu to believe that he started with a watch, and the tape feels very comfortable.

"Sir, the current price of this watch is 980,000." The salesman responded with a smile.

Taking off the black starry sky and setting it aside, Qin Yu put the Red Devil on his wrist.

The overall fit is very comfortable, placed in front of the eyes, carbon fiber texture, hollow dial.

The completely exposed mechanical craftsmanship brings people a new and different experience.

Qin Yu has never experienced it on Patek Philippe and Hublot...

An aggressive rebel with a slant sword.

Especially the bright red, the more you look at it, the better it looks, it's toxic!

Taking the Red Devil off his hand, Qin Yu didn't put it back in the box.

Instead, I put it on the table next to the box, and the subtext is: buy it.

There is also a pure red in the box, "RM5003, using dual-second split-second tourbillon technology, surface material is NTPT, the world is limited to 75."

"The power reserve is 70 hours. You can see the arrow pointer on the top like an oil meter. The inside and outside are made of sapphire crystal, and the water resistance is 50 meters..."

The overall shape of the wine barrel, the surface is printed like a tire pattern, and it feels very comfortable to get started.

"The price is 7.11 million."

Observing the front and back, Qin Yu felt that it was an advanced version of the Red Devil.

The dial is enlarged and double-tracking tourbillon technology is added.

More detailed treatment Limited, the price immediately doubled several times.

Buy it!

The same version in blue, numbered RM5301, limited to 30 pieces worldwide.

Manual movement, hairspring alloy material, power reserve 70 hours.

NTPT carbon fiber, three-piece case, water resistance to 50 meters, laminated sapphire crystal, torque limiting crown,

The price is only cheaper than before, only 6.1 million.

Together, the price of the three watches has exceeded 14 million.

At this time, the salesman came again with a palm-sized silver box, "Qin Shao, you already have our VIP qualifications. I don't know if you like it or not."

Chapter 332: Qin Banyu

Richard Mille & Maruyama co-produced, Overlord limited edition.

Limited to 8 in the world, number: RMO012.

Transparent case with a pure skull inside.

The hollow eye socket is inlaid with a six-sided ruby, and the red hairspring extends upward from the left eye position.

It's like flames are shooting outwards.

The phalanx, index finger, middle finger, and little finger on the eye socket are inlaid with a gemstone.

The sides are pure sapphires, and the middle is emeralds.

The texture is very good!

Under the shining of the light, the whole watch exudes evil and dangerous signals.

Handsome!

This watch is really handsome, and Qin Yu stayed on his wrist even though he didn't want to.

Lifting it up in front of you, there is a kind of explosive Nakaji soul burning in an instant~

'Ding, the pleasure is increasing, the miracle blooms, and random tasks are triggered!'

'Watch Master: As a senior watchmaker, how can you not have an outfit that matches yourself?'

[Reminder: This shopping only needs a 10% discount, buy it.]

The second spirit increased the level of pleasure again, triggering random quests.

All consumption is 10% off, Yu Ge still needs to worry about the issue of value preservation?

Don't talk about this...

Just so many celebrities, second-hand collectors and speculators will not let its price drop.

Unless, Richard Mille makes a trick on his own, which is not uncommon in the business world.

Pointing to the three watches on the table, Qin Yu raised his wrist again, "What do you think?"

Xing Lu was stupid, where did she have any thoughts.

Do rich people buy things like this?

"I... bought so many straps here?"

Xing Lu pointed to the Bone King series on his wrist indefinitely, "How much is this one?"

Seeing that Qin Yu also had to seek her opinion, sales no longer dared to have the previous contempt.

Bent over to please and said, "Madam, the price of this watch is 8.88 million."

It's worthy of being a joint name with Neon Writer, and the price is all knowingly easy.

Take a number that makes people feel comfortable and auspicious!

"Buying a watch is not just for bringing it."

Qin Yu picked up the black starry sky on the table: "Except for this one, I don't use it to watch the time!"

"What is it used for?" Xing Lu was even more confused.

Qin Yu said, "It's like a woman's jewelry, used as foil and decoration."

A foil of tens of millions! ! !

Xing Lu: I'm sorry, but I don't deserve it.

"It's up to you." Xing Lu didn't dare to make a proposition if he couldn't refute his face.

The price of the four watches he chose in this meeting has exceeded 23 million.

Where does Xing Lu's courage come from?

"The watch king brought me to see." Taking off the bone king, Qin Yu put the black starry sky back on his wrist.

Seeing this scene, the sales eyes are a little more worried!

"Small bowl, please bring that RM056." It's not 'take it,' you have to use 'please.'

A little bit of verbal skills will give people different hints.

It's like the supercar elements that Richard Mille has incorporated into the dial.

The power reserve dial like a stopwatch is like a debugging area marked by a gear.

Just poke the G-spot of the Chinese supercar...

What to buy is not to buy, buy it!

TODT limited edition, fully transparent sapphire tourbillon dial, limited to 10 pieces worldwide.

Price: 25.65 million.

Calculated with just a few tables, the value is already half a billion.

But it's really good-looking, or just... buy it?

"Then let's swipe the card?" Qin Yu played with the RM056 in his hand and tilted his head to ask Xing Lu for her opinion.

Hearing what he said, the sales were uneasy.

Have you missed it, this ordinary lady is the real master? ?

"Madam, Qin Shao has a very good vision, he chooses either hot or limited edition."

"The preservation rate is strong, and the trend of premiums is still rising. It is a good time to start."

Sales are only in terms of premium, scarcity, publicity and value preservation, and never mention the brand heritage.

Even the dirt-eaters know that Richard has no historical background!

Doesn't mentioning this mean hitting yourself in the face?

Xing Lu seems to be weighing and thinking, but in fact she has no master, her palms holding the card are full of sweat.

50 million, just buy a few toy watches? ? ?

Qin Yu nodded calmly, and Xing Lu immediately handed out the card.

That refreshing and simple, let the sales be stunned again!

What are these two people doing? Who is in charge.

Put the question aside first.

In short, this sales commission is in hand.

Ben was a little depressed, and suddenly became beautiful...

Originally it was not her class today, but the old man in the shop had to ask her to change classes.

Who ever thought, just sell the treasure of the town shop at the bottom of the box.

Not only that, but also generated 23 million in sales.

Her commission is 6%, if 50 million is 300,000...

When the sales came back, they looked at Qin Yu and Xing Lu as if they were looking at a walking money printing machine.

Too rich...

Each watch is packaged in a particularly grand manner, and four 25X19cm high-end gift boxes are prepared.

enter password.....

'Ding, the consumption this time is 48.65 million, and the actual consumption is 4.865 million. The system will make up for the insufficient balance. '

Hearing the 'ding' in his hand, Qin Yu carried the gift box and walked out.

"Shao Qin, Ms. Xing walks slowly, Richard Mille looks forward to seeing you again."

The sales at the door of the store gave them a ninety-degree bow and did not raise their heads again until 30 seconds later.

At this time, the backs of the two had long since disappeared.

And she rushed into the store excitedly, shouting in exaggerated tone and action: "I invite you tonight. Order whatever you want."

...

Thinking of Qin Yu holding half a billion in his hand, Xing Lu had to stare at the box carefully while walking.

"I'll bring it to you if you want." Qin Yu lifted the box and handed it to her.

Xing Lu shook her head quickly and said, "Forget it, I'm afraid I won't be able to compensate if I accidentally knock it down."

The cheapest Red Devils among them can only afford it for more than five years without eating or drinking with her salary.

Xing Lu couldn't even think of the other ones...

Qin Yu hooked her waist with her hand to the area around her arms, and said with a smirk: "It's broken, it's meaty!"

"Bah~" Two red rouge rose on her cheeks, and Xing Lu whispered: "Who is going to pay you for the meat."

"Who is lying in front of the big bay window every time, yelling..."

"Also say, still say~"

Brother Yu, who hit his chest chaotically, was heartbroken.

The little fist is very powerful, so I have to try her massage techniques when the evening activities are over.

Qin Yu took her to continue shopping, but Xing Lu shook her head repeatedly, "I'm hungry, I want to eat something delicious."

Xing Lu is still a bit uncomfortable with his consumption philosophy.

Give her some time to slow down first, this will make her mind messy, how can she be in the mood to go shopping?

"Should I call you Qin Banyu from now on?" Xing Lu broke free of his control and ran forward laughing and teasing.

20 minutes walk, Xiaonanmen.

There are so many delicious foods, so Xing Lu decided to eat hot pot.

Therefore, only hot pot is the only favorite food in the country.

From south to north, from west to east, there are basically few places that don't like to eat hot pot.

Market hot pot in a mess, the dishes are served in small bowls of rice.

The dish tray is a bamboo basket woven from bamboo, which is placed on a bamboo shelf.

There is a long bench, an old wooden table, and a copper pot in the middle.

Surprisingly good business!

Before the meal, the shop was almost full.

"Is this famous among you?"

Xing Lu looked at the small bowls in the basket with great interest. The portion of each dish was very small, which suits her best.

So she can order a few more and taste each.

The kind with a lot of powder is not suitable for women like her who need to control their diet and body.

"I'm here for the first time. I don't know when the fire started." Qin Yu threw the four gift boxes under the table, picked up the small bowl, and poured it into the pot.

"Wait." Xing Lu stopped his behavior, took the bowl and moved half of it into the pot with chopsticks.

The amount of food that was originally only one bite was scored twice, and Brother Yu suddenly became hungry.

How can I starve to death with such a way of eating?

Halfway through the meal, Qin Yu couldn't stand it anymore.

"Waiter, four servings of yellow throat, blood clot, squid and beef each."

When the waiter brought the dishes, Brother Yu put them all in the pot at once.

Glulu's boiling With a spoon, it's all hard stuff.

This is the way to eat hot pot.

Just now, the more he ate, the more hungry he got, and finally he was flustered.

Eat heartily until you are full, and the dishes on the table have also been cleaned up!

Xing Lu drank a drink and smiled: "So this is your appetite?"

The two were in a hurry together before, and basically didn't sit down and eat a decent meal.

To eat, the main course is also her own.

Qin Yu's appetite today is almost the same as when she was eaten.

All with a posture of wind and wind...

Chapter 333: Smaller, the pattern is smaller

"Would you like some more?" Holding the roasted gluten in his hand, Qin Yu teased as he walked.

There is no image of a billionaire at all.

"What should a billionaire look like?"

Qin Yu asked amusedly: "A dozen black suits and a tall bodyguard are staring at pedestrians fiercely."

"Eat the delicacies of the mountains and the sea, rinse your mouth with shark fins, soak your feet with bird's nest?"

Throwing the lottery into the trash can, Qin Yu wiped off the chili noodles at the corner of his mouth with his thumb, "Wake up, it's the 21st century."

"Hate, you are the old antique!" Seeing him continue to eat marinated stinky tofu, Xing Lu swallowed desperately.

If you want to eat, you really want to eat, but it's true if you can't eat.

I blame him for not telling himself that there are so many delicious foods on the street.

Qin Yu, who turned into a fancier, stopped and went, taking a portion of whatever he wanted to eat.

Don't say it, the street food is no worse than the Huangpu Mansion!

I am enjoying it, and the hot squid in my hand must be taken away.

Xing Lu, who had previously complained that he wanted to pay attention to Qin Banyu's image, stretched her neck and bit on the squid's whiskers.

The corners of the mouth are covered with oil flowers and spices: "It's delicious, let's have two more bunches."

A large bunch of squid is delicious to eat.

Thinking of the gluttony of him eating stinky tofu before, and finally not letting go of the marinade, Xing Lu took him back and walked back.

Who made him deliberately greedy himself, repeat the rhythm just now!

...

"No, I can't eat it!" Xing Lu spit out the liquid mixture, her tongue was numb.

The food on the side of the road was too supportive to eat.

Lazily leaning on the recliner, he looked out through the bay window from the dark room.

At this time, Wanjia lights illuminate the night sky, just like a shining galaxy.

"When will I have a home of my own?"

Xing Lu had longed for countless times, when one of the thousands of lights was lit for herself.

Thinking about it, tiredness surged into my heart.

Xing Lu turned over and fell asleep.

...

The east wind from the north blew on the face like a cold knife pulling meat.

Accompanied by the light rain falling from the sky, the taste is particularly sour and refreshing.

After running around, Qin Yu couldn't help returning to the hotel room, it was too cold.

The weather nowadays changes as soon as it changes, without warning at all.

In the morning, I was wearing a T-shirt and shorts, and in the afternoon, my body was wrapped tightly in a big cotton-padded jacket.

Thinking of waiting for Xing Lude to go to the airport, Qin Yu asked the front desk to prepare two warm clothes.

As one of the hotels with the highest specifications in the abandoned city.

This extra service can still meet the needs of customers.

When Xing Lu got up, the new long white down jacket and velvet trousers were already on the sofa.

"What's this?" Xing Lu didn't notice the change in the weather outside while staying in the constant temperature room.

Qin Yu pointed out and motioned for her to see for herself.

A few minutes later, Xing Lu hugged her shoulders with her hands and ran back to the room from the balcony shivering.

"Is there a ghost in this weather?"

After such a toss, looking at the clothes on the sofa, I only felt warm.

Sending Xing Lu to the car, Qin Yu also took a taxi back to Nanhu Manor.

Open the door of the room with fingerprints, and the person who was about to have slippers was given.

It's like being casted by someone with a 'holding spell,' and it's still in an instant!

"This, what's the situation?" Looking at the stroller next to the shoe cabinet, Brother Yu was a little uncomfortable.

...

A variety of nutritional products, parenting books, and nutritional recipes needed by pregnant women.

Open the refrigerator and it is full of bunches of grapes.

The size is almost as big as the eyes are big, purple and black, it's not cheap at first glance.

Look at the dozen or so baby net pictures hanging behind the TV wall.

All of them are beautiful!

Got...

Seeing this, if Brother Yu didn't know what was going on, he would really pretend.

My mother is pregnant, and she wants to have a younger brother and younger sister to play with.

After the initial shock, Qin Yu was happily looking forward to it!

I don't know what the little guy will look like, male or female? ?

Preferably twins.

In this way, he can both beat his younger brother and hurt his younger sister.

Lollipop in one hand, seven wolves in the other, tusk...

look forward to.

drop.

"Old Qin, when do you think your son will come back? Just because it's fast, there's no guarantee!"

"Don't worry, your son is older and has his own ideas. Besides, it may be in business..."

Qin Han said: "These don't seem to be my shoes."

...

In the living room, Liang Chuyu sits on the three-seater sofa in the middle.

Qin Han sits on the single sofa on the left, and Qin Yu sits on the single sofa on the right.

From time to time, he glanced at his mother's stomach, showing that he couldn't wait.

What's playing on TV, the big and small people didn't even bother to watch it.

Liang Chuyu, who had already felt a little weird, couldn't help being looked at by her son so constantly, "Smelly boy, it's only been three months, and I can't get out even if I look at her (he)."

"Hey!" Reaching out to catch the pillow that his mother had thrown away, Qin Yu stuffed his arms:

"Mom, has the confinement club been set?"

"What did the hospital check say, did you ask men and women?"

"Well, pregnant women need proper rest."

"By the way, there is also massage... Activating blood and ventilating, which is very good. Would you like to find a few aunts to come back?"

Qin Yu only heard so many mouths from his parents when he was born under what conditions.

Anyway, the best that the family can give is given.

Now the conditions are different, and a little one comes to this home again.

Naturally, it should be given to the best, such as nutritionist, health care, massage, and confinement.

Everything has to be prepared, everything should be complete!

Hearing his mouth bursting like a machine gun, Liang Chuyu couldn't laugh or cry: "You ask so much, where should I answer?"

"I asked once, you answer slowly!" Qin Yu grinned silly.

Suddenly there are many villains in the family, and they really accept this.

The more I think about it, the more I get excited.

Or, prepare lollipops and seven wolves first? ? ?

"Sir, madam, dinner is ready, you can eat." Aunt Joe walked out of the dining room.

"Eat first." Liang Chuyu abruptly got up and walked towards the restaurant in a rush.

What Qin Han looked at was frightened, "My wife, wait a little longer, the doctor said..."

Snapped!

The shoulder was beaten, Qin Han stopped.

The son is still there, and some things are in front of the child, how embarrassed!

"Hehe~" Lao Qin also grinned silly, and personally helped his wife to sit at the dining table.

Carefully align the dishes and chopsticks!

Turning around again, sternly said: "If you don't come to eat yet, let your mother and I wait for you?"

"..." Brother Yu suddenly wanted a younger brother.

During the meal, Qin Yu also learned that they did not ask the child's gender.

Nowadays, families don't have to worry about food and clothing, and they don't need labor to do housework. Boys and girls are more casual.

Many young families are even proud of having a daughter.

My Xia country has a serious imbalance between men and women, face!

As for other aspects, Qin and Han have already made arrangements.

The famous confinement center in Nanhu, 180,000 per month.

Lao Qin directly decided for 2 months to move in 15 days before the expected date of delivery, and there will naturally be someone responsible for 1 to 1 later.

Knowing that it would cost 180,000 a month, Liang Chuyu couldn't bear to say anything!

In the end, Lao Qin was moved, "We are not young now, and the root cause of the disease is the easiest to have children."

"Do you want your child to grow up, and when Xiaoyu got married and had a grandson who wanted you to take care of him, he felt sick?"

In any case, Liang Chuyu accepted the sky-high price of 180,000 a month.

Besides, Lao Qin was very refreshing when he swiped his card.

There was still a bit of joy on his face, not at all distressed.

It's not your own money to spend, what do you feel distressed?

I wanted to knock on some pocket money before, but was finally confiscated by my wife.

Since there is no small vault, we also experience the feeling of spending money.

He has been cheating for more than ten years, and there is no rule that he is not allowed to cheat!

If Qin Yu knows what he thinks, he must say...

Smaller, the pattern is smaller!

Old Comrade Qin, think boldly, and you can take bigger steps!

In the afternoon, Lu Qing, who learned that he had returned, came.

I also brought some fruits and supplements...

However, it is not specifically for pregnant women.

She only learned today that Liang Chuyu is pregnant again...

Although I mentioned a few words during the meal before, no one took it seriously.

Unexpectedly, the two of them actually killed people, but they really...

After a few simple words, Liang Chuyu and Qin Han went upstairs, leaving time for the young people.

It wasn't a sneaky stay, but Lu Qing let it go quickly.

The whole person was lying in Qin Yu's arms, asking about his plans and plans for the New Year.

"There is no plan, the taste of the new year is getting weaker now, it is meaningless at all."

This year, the Qin family will definitely have a good time, and I don't know how many people will come to visit the door from thousands of miles away.

As long as you don't make a lot of 'raw noodle' relatives, Brother Yu will already be thankful!

Chapter 334: recognize

The next day, Qin Yu and Lu Qing slept until the daylight was bright.

She didn't agree to stay overnight, but in the end she couldn't get enough of Qin Yu's softness.

He was turned into the room in a daze.

Two hours later, foaming at the mouth...

After working all night, people are all red, as if there is something great!

"Mom asked me to go home for dinner at noon, do you want to go?" Lu Qing tapped the phone, chatting with her mother.

"The express delivery will arrive later, I will go home with you at noon." Qin Yu responded.

The new year goods bought for parents and Lu Qing's parents were all delivered by express.

If you want to bring it, you can also bring it, but Qin Yu finds it troublesome.

There is also the gold bar from C&D Bank, which also needs Brother Yu to pick it up in person.

Shen Chuxia and Xu Yue were anxious to deliver them to the door, but Brother Yu had to agree to it.

One morning, successive express delivery all delivered.

Among them is a watch bought for Qin Han and Lu Guohui's tea.

A pair of He Hong's ancient-cast pure gold bracelets as a gift.

The tea is picked from the Wuyi Dahongpao from the subtree, and one tael is 100,000.

The purchase channel was provided by Yang Chengjun, and Qin Yu bought a total of 4 taels.

Give Lu Guohui 2 taels, and leave the remaining 2 taels for Dad Qin Han to drink by himself.

The pair of pure gold bracelets is not very precious, 56.5 grams each.

This kind of thing is not only bought for wearing, but also an investment and heart.

It's good as a gift.

Lu Qing specifically explained before, don't buy too expensive gifts.

Sometimes gifts are burdensome!

I just came across such two hand-carved bracelets with Buddha, which are beautiful and auspicious.

Qin Yu bought it directly.

Seeing these two gifts, Lu Qing secretly breathed a sigh of relief: "What about my gift?"

Hearing her question, Qin Yu pointed at herself arrogantly: "Isn't this it?"

"Bah, shameless~"

Lu Qing said shyly, and wanted to scratch him when he went up.

If she doesn't scratch him this time, Lu Qing will...

Go to bed and beg for mercy!

No way, who made that face so handsome.

If it breaks, it will be me who feels distressed.

After making a fuss on the bed for a while, Lu Qing ran into the cloakroom to change clothes.

For convenience, she put a lot of clothes in Qin Yu's bedroom cloakroom.

"Ah~ Qin Yu, did you buy another watch?" Seeing the four watches in the transparent glass cabinet in the middle of the cloakroom.

Xing Lu took the Red Devils with him when she left, so now there are only four.

They are RM5003, RM5301, Overlord Bone King and Watch King RM056.

Qin Yu originally wanted to give her RM5003.

But Xing Lu insisted on not accepting it, and took the initiative to choose the cheapest Red Devils.
at this time.

Lu Qing caught the Overlord Bone King Limited Edition in the middle with a glance.

The evil skull, the red glow and fluttering flames in the hollow eye sockets.

Really super handsome.

"I just met the spot, and I bought it if I liked it." Strong arms hugged her from behind, and smiled with ears and ears: "You like it, I'll send you off."

"I don't want it." Lu Qing smiled and shook his head, opened the cabinet and took out the bone king and put it on his wrist regretfully said: "The dial and strap are bigger, so they are more suitable for boys."

"Then find time these two days to see what you like."

"Hmph, don't think that you can buy me off this way."

Lu Qing raised his head proudly: "I, Lu Qing, don't bend my waist for five buckets of rice!"

Five minutes later, Lu Qing looked at the swan pendant on her neck in the mirror, happily looking like a silly.

"It's so beautiful!" Lu Qing looked back and forth admiring it sideways, not to mention how beautiful it was in his heart.

Gifts are not important, but Qin Yu gave them.

What, don't you bend your waist for five buckets of rice?

Who said this, pedantic and extremely stupid!

...

At noon, carrying big and small bags.

There are two kinds of gifts in various fruit gift boxes. Qin Yu and Lu Qing go home together.

He Hong, who opened the door, was cooking in an apron.

Seeing the big and small bags in their hands, they said angrily: "What's the matter with your child, you have said the same as going back to your own home, don't do this."

"It should be." Qin Yu entered the room with a smile and put down the gift box in his hand.

Take out the box with the gold bracelet separately: "Auntie, this is the gift Qingqing and I picked for you!"

One mouth is the old rivers and lakes, and Lu Qing is also forgotten.

What parents care about most is not gifts, only their baby daughters.

At least for Lu Guohui and He Hong.

Qin Yu remembers the couple in everything, and does not forget to ask her daughter's advice when buying gifts.

That is really putting her daughter in her heart, which makes He Hong more happy than the gift itself.

"Okay, okay." He Hong accepted the gift with a smile, and He Hong let the two of them rest in the living room first.

"The food will be ready soon, you two will watch TV first." He Hong hurried to the kitchen with the present.

She was still squatting with pig's feet soup in the pot, this would be better too.

"Uncle Lu is not there?" Qin Yu still wanted to hand the tea to him in person.

The real Wuyi Dahongpao, even the buds on the subtree, are extremely valuable.

Without channels and energy, you can't buy it even if you have money.

Dahongpao in circulation on the market?

Anyway, the store said it was true.

Whether others believe it or not, Brother Yu believes...

"My dad said that the company will have a meeting, he will try his best to come back." Lu Qing turned on the TV indifferently.

Like other children, her father also exists for her to gather less and more.

Isn't it the normal state to be busy with company affairs if you are not at home?

Half an hour later, He Hong, who personally handled a table of good dishes, greeted the two for dinner.

"Your Uncle Lu is going to hold a shareholder meeting today, so I can't come back!"

"It's important to do business. Turn around and tell Uncle Lu. If you like to drink tea, I'll bring it to him."

"Okay." He Hong picked up a bowl to serve the two of them with soup: "Try my pig's knuckle soup, Qingqing likes it best."

Pig's feet are a good thing for women, beautify the skin and nourish the body.

As long as the skin quality is not bad, it must be full of collagen!

'Come, have a taste. He got up and took the soup bowl in He Hong's hand.

After Qin Yu took a seat, he took a bite and his expression brightened: "It's delicious, it's much better than the outside."

Speaking of raising his head and lifting the bowl, three or two mouthfuls drank a bowl of soup clean!

Seeing that he likes to drink, He Hong is also full of joy: "Drink a few more bowls if you want to drink it. If you want to eat it in the future, just come and Auntie will make it for you."

Seeing the picture of the two being filial to each other, Lu Qing said amused: "Mom, I want too."

He Hong glanced at her faintly, "Isn't the bowl right there, don't you have a long hand?"

"..." Well, I am an outsider now.

After a long time, the clown was myself.

(͡° ͜ʖ ͡°)

Without waiting for Lu Qing to do it himself, Qin Yu took the initiative to do it.

Sheng Haotang blew first, feeling that the temperature was about the same before putting it in front of her: "Drink!"

Lu Qingxiao's eyes narrowed into a gap, and he proudly supported the chair with his hands, his legs rippling back and forth.

He tilted his head braggingly and looked at He Hong, clearly saying, 'If you don't hurt or someone hurts, are you out of breath?'

He Hong gave her an angry and funny look, but he was extremely relieved in his heart!

As long as the two children have a good relationship, Qin Yu really cares about her daughter.

She never asked for anything else in her life.

"Xiaoyu, isn't your school busy with your studies?" He Hong also mentioned his studies while eating.

Qin Yu returned to the abandoned capital too frequently.

Even if he is not busy, I am afraid it would be difficult to learn anything from him.

"It's not very busy, and the school understands my situation better." Qin Yu explained his situation roughly.

Knowing that he had obtained the school's approval, He Hong nodded and said: "That's fine, but if you have time, you should hurry up. It's always okay to learn more while you are young."

"Well, when the company here gets on the right track, I believe it will be stable for a while."

Qin Yu did have this plan, staying in school and studying with great concentration.

This is not only to learn something, but also to get my heart back on the ground.

Gone too high to recognize his position.

Like a castle in the sky, it will disappear without a trace in an instant.

This is not a good thing!

No matter how others praise it, Brother Yu knows it himself.

He looks beautiful now, but in fact he is compared with the real bosses and giant crocodiles.

It was just a small fish and shrimp splashing a little splash in the pond.

Is there a lot of tens of billions of net worth?

For ordinary people, that is a huge amount of money that they dare not even think of in a few lifetimes.

But if it is placed in the entire Xia Country, at most it will splash a small ripple from the starting point.

Putting it in front of real predators is not enough to see.

In the international market, he can't even hear him throw it in!

Not to mention many wealthy families, invisible giants.

Chaebol institutions, national players...

Therefore, even if relying on his own achievements to achieve today, Qin Yu will often warn himself.

Don't be complacent just because of a little achievement.

The distant mountains and the towering peaks hidden in the clouds are still waiting for him to climb and conquer.

One day, he will stand on the highest mountain and overlook everything in this world.

Become a legend and live up to miracles!

Chapter 335: Goodbye

The New Year's Eve is approaching, wide LED couplets are hung on both sides of the city wall.

The big red light tower was also provoked on the tower.

The street lights on both sides of the inner city streets, the green trees are also covered with neon xia.

At this time, the abandoned city, the inner city and the Internet celebrity attractions are full of lights.

But people can't feel the slightest taste of the year!

Passersby with weary smiles, expressionless social animals, indifferent internet celebrities and roadside shops waiting for customers to come.

There was no laughter, no crackling explosions of firecrackers.

There are no children chasing and running, and even no expectation.

I don't know when it started, the New Year has become a symbol that is no longer important.

Sometimes it can even be annoying!

Endless polite, socializing.

Seven and eight aunts and eight aunts talk about their work, life, love...

I can't wait to pick you up several times a night, all the depths and lengths are clear!

If it's just forbearance, it will pass.

But then they started bombing in all directions, and the wages were low, saying that you can't do it.

Look at whose child, he entered a foreign company just after graduation.

With a five-figure monthly salary and more dividends at the end of the year, I don't know how good the salary is.

If you say too much, you just exaggerated, "Is something at home, borrow some money?"

No money, don't borrow?

Then you blow a shit, if you don't have this little money, you are embarrassed to say how much your monthly salary is.

Even your parents have to be run on all kinds of things.

It seems that if you don't borrow money, your home is wrong, which is outrageous!

When it's done, it's endless lying dead, stopping by, eating and eating...

Qin Yu naturally has this standard process.

Therefore, he has no expectation for the coming new year.

Except for the New Year's Eve, I have a New Year's Eve dinner with my parents.

The Spring Festival Gala is still to be watched. Don't worry about it being boring, it will take at least two years to watch it.

This is the same as eating dumplings during the New Year in the north, which has become a custom.

Not looking at the Spring Festival Gala on New Year's Eve is like something less.

...

Driving past the tower, Qin Yu's car was full of New Year goods.

Boxes of Huazi, Moutai.

All kinds of gift boxes, red envelopes, all available!

This year, there are unavoidable New Year greetings, although Qin Yu said in advance that it would not be paid.

But there is no escape to prepare the goods for the new year.

Who left him alone at home now, and who he didn't do?

The holiday in Qin and Han Dynasties is always noon on New Year's Eve.

Liang Chuyu is similar, one day in advance, the twenty-ninth Chinese New Year.

Wages are not important to wages. The main reason is that you have to fulfill your responsibilities.

Parents have a strong sense of responsibility and mission.

Even now that he is rich, Liang Chuyu didn't ask for one more day off, and pushed one thing.

It should be done by yourself, it must be done properly!

It's private work outside, except for business dealings with textile factories.

Liang Chuyu and the boss are old friends, and they can't wipe their affection.

All other private activities let her push.

The boss personally talked to her, and the salary was easy to talk about, as long as people could stay.

In the end, Liang Chuyu couldn't be shaken, and this was helpless.

In these years, you have to find a reliable and pragmatic one.

It's not easy to be able to do a good job and to have a strict accountant!

...

The north railway station.

The tall G63 parked in the parking lot, like a standout.

"Brother Yu, what do you think Xu Ya looks like now?" Gao Bo, who was sitting in the co-driver, was full of gossip.

They and Xu Ya haven't seen each other for many years.

Xu Ya didn't notice anything at all when she was in junior high school.

Almost quite small and transparent, leaving the deepest impression on people, probably because she speaks very lightly and is a gentle girl.

Furthermore, Baozi has a crush on her.

This was what they learned later, and Qin Yu had a good memory of this, but couldn't remember what she looked like!

Just remember that there are some small freckles on the face...

"I have forgotten what she was doing before, you ask me?" Qin Yu looked forward, just in time to see the fat man dragging luggage at the exit.

"Here." Qin Yu smiled and waved as he pulled the car door: "Bun."

...

Hotel, Qin Yu, Gao Bo sit aside.

Tang He and Xu Ya sat across from each other, when Qin Yu had time to see her clearly.

Guazi face, skin is very good.

My face does have a lot of small freckles, but it looks pretty inexplicably after applying light makeup.

He likes to laugh, his eyes are small but he is enlightened, and his voice is still very soft and gentle.

"I haven't seen each other for so long. I don't know each other anymore." Xu Ya smiled slowly and said, "Especially Qin Yu, the change is so big."

Brother Yu touched his face, and said in amazement: "Is there? Hasn't he been so handsome all the time."

Baozi smiled and rolled his eyes: "I told you, Brother Yu's face is this."

Xu Ya nodded in agreement: "It's a bit worse than the abandoned city wall."

Qin Yu retorted: "It's not that the city wall is far behind me."

Joking and joking closer to the strange distance between each other.

Gao Bo brought the topic back to the junior high school era, and started to make the buns old. "I knew that Baozi had a crush on you, but we encouraged him to come to you to confess."

"It's a pity that I was so embarrassed that I didn't dare to go. I was so angry."

Baozi laughed and cursed: "Go away, who dare not go, that's not a chance."

Xu Ya tilted her head and smiled softly: "You don't have to make appointments for dinner every holiday. This is called no chance?"

Official complaints are the most deadly.

Gao Bo waved his hand and said, "Okay, Brother Bao."

"I didn't expect you to have a lot of sneaky little moves, let alone, drink!"

The buns were not annoyed when they were dismantled and run, so they picked up the cup and did three of them.

Drinking, he is not afraid...

Looking at Qin Yu who was faintly smiling, Tang He took the words back.

"Have you all found a girlfriend? Would you like me to introduce it." Xu Ya looked at the two, searching for a suitable person in her mind.

Gao Bo is quite tall, about a meter eight.

He has thick eyebrows and big eyes, thick lips, and a strong body.

Not a handsome man, but he is also a handsome guy!

Qin Yu...

He has changed a lot, if it weren't for Tang He and Gao Bo.

Xu Ya would definitely not recognize it when she encountered it on the street.

I have never seen this kind of appearance that can be directly debuted.

Hearing his girlfriend's question, Tang He wanted to laugh but didn't dare to expose it.

Brother Yu... Girlfriend...

Sorry, the sea is open at home.

Qin Yu said in a straightforward manner: "Yes, childhood sweetheart."

Gao Bo also smiled and said: "It's a pity that we met a bit late!"

Xu Ya is not surprised, quality stocks like this must have long been targeted.

It would be weird if not!

Just curious, how many?

"By the way, who of you still has contact with your former classmates?"

Seeing that they all shook their heads to deny, Xu Ya continued: "I still have contact with monitor Wang Wei. In a few days, everyone is going to get together. Are you coming?"

"Brother Yu, what do you say?" The doctor looked at him.

The bun is definitely going to go, and anyone who doesn't go to his girlfriend's bureau has to go.

Qin Yu felt that it was fine to go or not, and everything from the junior high school period passed for a long time.

People's impressions have also faded.

Besides, the best things he played back then were Baozi and Doctor.

For other people, there is no nostalgia.

However, seeing Xu Ya's look in expectant eyes.

Brother Yu didn't refuse either: "Let's see if there is time at that time."

"Well, then I will let Baozi inform you when that happens." Xu Ya nodded and smiled.

...

Get off at the door of the house and watch the G63 go away.

Xu Ya's light eyes showed strong curiosity.

See you again today, Qin Yu has really changed a lot from that year.

Not only became handsome, but also became more mature and stable.

The voice has also become particularly nice, giving people a feeling of electric shock.

No wonder many people liked him at that time.

I also feel good about him...

But things are over, the emotional impulse when I am ignorant, I just feel warm and fun when I want to come, and there is nothing else.

Xu Ya also felt incredible to be able to meet Tang He again and associate with him.

But in retrospect, I feel that something seems to have been destined.

As a girl, how could he not be aware of his thoughts, but at that time I had no thoughts of falling in love.

Until I met again, after he bravely confessed and revealed his heart.

Xu Ya thought, maybe the time has come.

...

Shangdu, Ye's family.

A courtyard surrounded by trees and flowers.

The quaint rocking chair was placed under the cypress. An old man lying on it, closed his eyes and slumbered.

Squeaky~squeaky~

The rubbing sound of the rocking chair is stimulating to fall asleep!

"Grandpa." Silently, the cold call suddenly sounded.

The corners of the old man's mouth raised, and he said heartily: "You girl, you have to be scared of you to get sick if you are replaced by someone else!"

Ye Jinlan stepped forward and squatted down beside the recliner, reaching out to beat the shoulders for the old man: "I won't come for others."

At this time, she smiled comfortably, with rich expressions in her expression, where there was still the coldness of the past.

In the sunken eye sockets, the irritable and prestigious eyes slowly opened, shining with a wise light.

Chapter 336: Something happened to the Ye family

"How are things going?"

The old man Ye asked about Kuafu Technology, and only with his approval, the shares would be placed in his own name.

Ye Jinlan understands the purpose of the old man, he is arranging a way out for himself.

"It's all done, grandpa, is your body okay?" A trace of worry flashed in Ye Jinlan's eyes.

But compared to these, she cares more about Grandpa's body.

The old man looked at this granddaughter with a smile, and he couldn't help sighing: If she were a boy, how good would she be!

The family has the rules of the family.

Outsiders only see the scenery, but they don't see all the dangers and helplessness.

Some things, even if it's like Elder Ye, will shake on the stomping, a powerful figure.

There are also times when they are helpless and powerless.

Being in a high position, you naturally have to bear the responsibilities and be restricted by it.

"Cough cough~" The heart was frustrated, and the old man couldn't help coughing again.

Ye Jinlan hurriedly stroked his chest with his hand, comforting him: "Grandpa, don't worry about it."

Elder Ye lay down again, but couldn't help but ask: "You really don't want to marry Cheng's family?"

Although the Cheng family wanted to take advantage of the situation, this might not be a bad thing.

Everything in the world, the rise and fall, has always been alternating and changing endlessly.

Regardless of the dynasty, no matter the family!

Who can ensure that they prosper for a thousand years.

The Ye family has already enjoyed its glory, and it's time to make way for other families after one hundred years.

If you still occupy a position that does not belong to you, it will only bring disaster!

For Ye Jinlan, the Cheng family might not be a good place.

With her disposition and means, she would definitely be able to secure the position of this mistress.

However, even if the Ye family wanted to make a difference, they had to take away the benefits they gave from her.

Also consider the meaning of the next Cheng family!

After all, Ye Jinlan became the mistress of the Cheng family, and in the future, those assets will not have to be left to her children.

In the end, don't all these children have the surname Cheng?

Therefore, the Cheng family will definitely protect her at this point, and will naturally protect her from life and wealth.

just.....

"No." Ye Jinlan replied simply: "I have no feelings for Cheng Yaojin..."

When it came to his lips, Ye Jinlan changed the word "jue" to the word "love".

If she mentions the word 'feeling' again, I'm afraid the old man will be even more angry.

The world is full of people.

What do you feel about it? Didn't human beings become extinct thousands of years ago?

Feelings depend on the right person, and they are nurtured.

What fate is destined, it's all nonsense!

"Hey~" The old man sighed and waved his hand to indicate that she could go out.

Having said so much, he was a little tired and wanted to take a nap!

...

"Brother Yu, something big is going to happen to the Ye family."

Before receiving Xu Hao's call, Qin Yu heard his bluffing voice before he could open his mouth.

However, the news he said made Qin Yu's heart startled.

Kuafu Technology is just on track, and it will be officially put into production in a few months.

A large number of shares were surrendered just to take advantage of the big trees.

At this time, something happened to the Ye family, which is not good news for them.

"The Ye family is very ill, and he has been sent to the Department of Health."

The Ye Family's father is critically ill, and he seems to be dying.

This news spread all over the country in just one night.

Those related to the Ye family, and those who have nothing to do, were all inquiring about the situation in private.

Year twenty-nine, night.

The six Shangshu went to the Health Bureau in person, and soon left in batches with solemn expressions.

In the early hours of the morning, Cheng Yaojin, the assistant minister of the staff, went to the Health Bureau to ask to see the Ye family father.

I heard that I didn't see anyone in the end, and I was chilled for most of the night.

When Cheng Yaojin walked out of the Health Bureau, his face was pale.

New Year's Eve, morning.

The head of the Ye family, the eldest son of Elder Ye, and the official minister, Ye Hua, hurried to the Health Bureau.

The second child of the Ye family, Ye Kai, was also with him.

The third child, Ye Qiu.

The youngest daughter, Ye Shuangrong and granddaughter Ye Jinlan.

Thirty nights after I found them, these people did not come out of the Health Bureau.

...

Lingling~

In the kitchen, I'm making New Year's Eve dinner with my parents.

The tinkling bell rang endlessly.

Since noon, the two mobile phones have not left.

Text messages and phone calls full of blessings rang endlessly.

On Qin Yu's side, the phone never rang.

Knowing that he had set up a whitelist, the two people understood a little bit.

Otherwise, they thought that their son was isolated from society and was not good at socializing!

"Human relations are indispensable outside the society."

"Your business is not small now. Remember to take the initiative to maintain the relationship that should be maintained."

Qin Yu naturally nodded in agreement with the teachings of his parents.

Otherwise, the New Year's Eve dinner tonight will not be eaten!

Pinch the edge of the dumpling, his mouth tightened, and his left hand squeezed inward slightly.

The dumplings are shaped and placed on the dustpan.

Ding Ding Ding~

The phone rang again, and Qin Han and Liang Chuyu looked at their phones at the same time.

I found it was not my own, "Xiaoyu, your phone."

Seeing that their screens were black, Qin Yu wiped his hands and walked to the living room.

I was a little curious about who would call this, not that I would accompany my parents to make dumplings for the holidays!

Caller: Li Xiao.

"Brother." Qin Yu walked to the study with a serious expression.

Not long after, he returned to the living room with a face full of confusion, with suspicious eyes gleaming in his eyes.

The Ye Family's father suddenly recovered magically.

It is said that all the Ye family members have gone back, and only the granddaughter Ye Jinlan was left behind.

Help take care of the father's daily life.

Here, the Ye Family is telling everyone the good news. The rejoicing and fear in words do not seem to be fake.

Although there was some suspicion, many families in the Ye family camp felt relieved.

After sending my blessings, I plan to wait and see for some time!

Let's see if the Ye family will come out of the Health Bureau, not everyone can go home after just a few days of recuperation.

Qin Yu also had speculation in his heart: "Is the old man of the Ye family really good, or is it secretive?"

So many families can't find out the truth, what can he do?

That's it~

With eyes bright, Qin Yu opened the contact list and found the name of 'Ye Jinlan'.

Scanning analysis system:

Ye Jinlan:

Age: 19.

...

Mood value: 75↑↓.

...

This is the first time that Brother Yu has seen the two signs behind this value.

According to his understanding of the system, does it mean that Ye Jinlan's mood at this time is in the ups and downs?

So does this mean that the Ye family is okay, or is it not okay?

Qin Yu, who couldn't figure it out, could only leave this time behind and continue to go back to the kitchen to make dumplings.

At 7:45, a sumptuous dinner was placed on the coffee table.

There is a TV in the living room, and it happens to watch the Spring Festival Gala while eating, and the atmosphere is more lively.

In previous years, every thirty in their family, their family also ate together on the coffee table.

Qin Han went to the study, and when he came out he held a bottle of Maotai Feitian in his hand.

"Xiaoyu, have two drinks with dad!"

Qin Han opened the wine, poured a glass for his wife, and then filled the two glasses in front of him.

Liang Chuyu asked, "Xiaoyu, if you can drink, don't drink it, and ignore your dad."

The index finger rubbed his chin, and Qin Yu said uncertainly: "Can I drink two glasses?"

...

"You, your kid, fly so fast, what do you do so fast, hiccup!"

Lao Qin's face was red and his ears were red, and he shook his body and raised his fingers to Qin Yu, "Let me, Laozi, hiccup..."

"A sense of accomplishment, none at all, whoever I am looking for, whoever tells me to go."

With a sharp wave of his arm forward, he almost knocked the bottle over.

Fortunately, Qin Yu's eyes were quick, and he took the bottle away first.

Liang Chuyu's face was also a little bit of Xiahong, she was too strong to drink, so she stopped drinking after two cups.

Besides, I am currently pregnant.

It's okay to drink two cups less, but I'm afraid it will be bad for the child.

At this time, seeing her husband drinking too much, she removed the pretense of being strong in the past.

It's childlike, funny and angry, and a little distressed.

I am helpless here, with my own efforts, I have the current family background.

Only Liang Chuyu, the bedside person, knew the difficulties and sadness.

At the same time, the heart is full of pride.

Recalling that when the two were just married, there was a bungalow, and the family was surrounded by walls.

Even the quilt that accompanied the bed was made by his mother.

The three big pieces I bought at that time were Phoenix washbasin, electric kettle, and cast iron pot.

Look again now.

What's not satisfied? ? ?

Listening to her husband's constant nagging, Liang Chuyu looked at her son kindly Yes, if he could grow up slower.

Just better...

They are naturally happy for their sons to have their current achievements.

But he suddenly showed steady maturity and achievements.

Suddenly, the two of them were given a feeling that the chicks were leaving the nest, and they no longer need to care about them.

Everything happened too fast and it was too unexpected.

Lao Qin still has a lot of life insights that he hasn't given him, and Liang Chuyu hasn't experienced the joy of growing up.

Caressing the lower abdomen with his hand, his expression is a little more relieved: Fortunately, there is still a chance!

Chapter 337: best gift

Ding dong, ding dong...

Halfway through the meal, Qin Yu's mobile phone rang frequently like a reminder to the supermarket to collect money.

From time to time, people play videos!

At first, Liang Chuyu didn't think anything, but when she realized that the girls in the video were more beautiful than the other.

There is something wrong in her heart, why does she seem to smell the sea?

Didn't prepare seafood today?

"Xiaoyu, who are you?" Liang Chuyu couldn't help it when his son hung up the video again.

Qin Yu said with a natural expression: "It's all friends and classmates."

Surprised and looked at her funny: "Mom what do you think?"

Liang Chuyu's heart fell slightly, but he was a little disappointed inexplicably.

These girls all look good, if they can all be wives for their sons...

Think about it, people must be very good, how can this kind of thing be possible?

Abandoning unrealistic illusions, Liang Chuyu corrects the mentality that elders should have: "You can't live up to Lu Qing."

In addition, the reading app I am using recently has a lot of books, full of books, and fast updates!

"If you are staring at it, then you definitely can't!" Qin Yu responded casually.

Liang Chuyu gave him a dissatisfied look: "Go, dare you without me staring?"

Qin Yu smiled angrily, shrinking her neck instinctively: "Don't dare, don't dare!"

It will certainly not fail, but the number of people may be a little too large.

...

Halfway through the Spring Festival Gala, the video popped up again.

Looking at the name, Qin Yu got up and said, "Mom, I'm going back to the room first, I have something to discuss."

"Okay, it's time for me and your dad to clean up and sleep." Liang Chuyu stared at the TV, saying, 'Now the party is getting more and more foolish.'

"Qin Yu, a good Chinese New Year." Seeing her son's back upstairs, the girl's voice came from her ear again.

The smell of seafood in the air just a little bit faint, and it aggravated!

...

Go back to the room and close the door.

Qin Yu looked at Ye Jinlan in the camera and said in amazement: "Is there anything I have to meet and talk about, it's the New Year."

Ye Jinlan was still the same as before, expressionless.

There was a bit of hesitation and helplessness in her eyes, which broke through her disguise on the surface.

'It seems that the situation of the Ye family is not good.'

If Elder Ye is healthy, how could Ye Jinlan feel scared like a little girl's home.

"I have to see you. It's very important." Ye Jinlan emphasized in a more serious tone: "It's only good for you, it won't have any influence."

"Are you sure?" Qin Yu doesn't think things will be as simple as she said.

Besides, the Ye Family is at a critical juncture.

What is the purpose of letting yourself be an outsider to see her?

Wanting to coerce and lure him, let him hand over the remaining shares in his hands and strengthen his right to speak in the family.

After the old man returns to heaven, he can have the capital to gain a foothold in the family by himself.

Wouldn't it be sold out by the family as a bargaining chip in exchange for profit?

It is possible, but why does she think she would hand over the shares so easily?

Still, she has enough chips to shake herself.

No matter what he thinks, Qin Yu doesn't think it is a good idea to go there at this time.

"I need time to think about it."

"Okay, then I'll call again in 1 hour."

Ye Jinlan hung up the phone very happily, she knew that Qin Yu at this time not only had to think.

Will also seek the opinions of other people, such as Li Xiao, Yang Chengjun and so on.

However, even if he knew that they would not say anything good, Ye Jinlan was helpless.

Ye Jiashu has big roots, but he is just a green leaf drifting in the wind.

Now, what matters is my own comfort and the future.

She had nothing to do with the Ye Family, and it was impossible for her to threaten each other in the name of the Ye Family.

Because this is not the result she wanted...

On the contrary, it may be counterproductive, causing misunderstanding and disgust, and alienation.

After thinking about it, Ye Jinlan felt that he should take the initiative to attack.

Waiting here will only waste time, and there is not much time left for her.

...

At this moment, as Ye Jinlan thought, Qin Yu was talking with Li Xiao.

"Don't go, whether it's good or bad, it's all bad for you."

Li Xiao pointed out the reason sharply, before Ye Old Man showed up.

All the news cannot be counted.

Now all parties are staring at the Ye Family, and anyone involved in the affair will be recorded.

At this time, Qin Yu appeared in Shangdu, and had some intersection with Ye Jinlan.

It is likely to be included in the Ye family.

Although there was previous cooperation with Kuafu Technology, this is only a purely commercial cooperation.

It is completely different from the current situation, and the nature is even more different!

In short, this will step into this muddy water.

It is definitely not a wise move. "I knew that today's situation would happen. When Cheng Yaojin proposed it, I would reject it on the spot."

If they refused at that time, even if the Ye family would be unhappy, they wanted to suppress and target them.

I will not use my full strength, I only need to survive this one month.

Once Mr. Ye's situation came out, all the problems would be solved.

With the support of the Cheng family and the Hudu family, Kuafu Technology will still receive the support and policy preference of the local government.

On the contrary, I won't run into such troublesome trouble as now!

"Understood, then I will assume that nothing happened."

After hanging up, Qin Yu thought about calling Sha Man's video call.

The video was connected soon, and Sha Man could be seen staying in the living room of the room at this time.

All the lights in the house are turned on to the brightest, and the lights outside the window are also bright.

Even so, the cold loneliness can still be heard in her reluctant smile and tone.

"There is a surprise for you in the evening, remember to receive it." Qin Yu smiled mysteriously.

Sha Man's heart was a little empty, with more expectations: "What is it, can't you tell me in advance?"

"Of course not..." Qin Yu resolutely refused, saying "Happy New Year" and closed the line.

When the hour hand turned to nine o'clock, Qin Yu simply changed his clothes.

Take out the limited Overlord from the glass cabinet and wear it on your wrist.

After going downstairs, Qin Yu walked out of the house softly and found that his parents had returned to the room.

...

Ding Dong!

Watching the pendulum clock's hands have stopped at midnight.

The sound of the pendulum struck Sha Man, who was in a daze, sobered up and looked at the silent door.

Sha Man murmured a little disappointedly: "So, is the gift just for comfort?"

Just thinking about it, the doorbell rang.

Sha Man jumped off the sofa excitedly, and ran to the door without even wearing her shoes.

Looking out through the cat's eyes, he was the security guard who delivered the courier to himself in the past.

A rectangular box about the size of a three-door refrigerator stood behind him.

"Miss Shaman, your courier." Opening the door, the security said, pointing to the box behind him.

"Thank you." After Sha Man signed for the receipt, the two security guards took the initiative to help her move the box to the living room.

"Then we go first, I wish you a happy new year."

"You too, thank you."

Sending the two out of the door, Shaman returned to the living room and circled the box.

Then remembering something, hurriedly ran into the kitchen.

After a while, he came out with a kitchen knife in his hand.

Wipe~

Use a knife to open the box along the corners. Inside is a packaging box with a pink pattern.

Sha Man was a little helpless to vomit, "Is this a matryoshka?" '

I saw the bow ribbon on the box and the cut I accidentally cut.

She decided to open the box in the normal way.

In case there is something fragile inside, it will be bad if it breaks.

Untie the bow, remove all the ribbons and throw them aside.

Before Sha Man opened the mouth of the box, the whole box took the initiative to spread out like petals.

A figure suddenly appeared in the gift box...

"Ah~~~" At this moment, Sha Man jumped into Qin Yu's arms like crazy, screaming and shouting.

The tears in his eyes burst out like a bank.

She really didn't expect that Qin Yu would come to Hudu at this time.

For myself, only for myself...

This touch is something Shaman has never experienced, and never expected that she would have it.

This is the best gift she has received since her parents passed away.

"Happy?" Holding Sha Man who was slightly calm and sobbing, Brother Yu was so embarrassed!

He didn't expect Shaman to cry like this. Looking at the dirt on his chest, nose, and tears, 'I had known this, so he had to prepare two more sets of clothes.'

"Happy." He found that his eyes were full of ridicule.

Sha Man was startled first, and then quickly ran into the bathroom.

After a while, there was a sound of Ding Ding Dong Dong.

All kinds of bottles and cans have been opened, and Shaman is trying to save her embarrassed image.

It's just that she hasn't waited for her to start.

The vigorous figure rushed like a cheetah, amidst her exclaimed laughter.

Splashing water, white fog on the bay window!

Chapter 338: Coming up is to propose, Gan!

The next day, ten o'clock in the morning.

Liang Chuyu and Qin Han had a rare sleep.

When the two woke up in the kitchen to prepare for breakfast, it was almost noon.

During the Chinese New Year these few days, Aunt Qiao was also given a holiday, and she won't come until after 15.

The two of them also enjoyed a rare cozy time, cooking, talking, quarreling and amusing each other.

Time seems to suddenly go back to when I was young...

Patter, patter~

There was the sound of slippers hitting the stairs, and Liang Chuyu looked out.

Qin Yu was walking downstairs with a yawn, "Didn't you go for exercise today?"

She has become accustomed to her son's work and rest. She used to get up earlier than they did. She slept late today?

"Well, it's not new, give yourself a holiday and be lazy!" Qin Yu responded with a smile.

Sitting on the sofa, Qin Yu said nothing about the disappearance last night.

He entered the house at more than 9:50 in the morning, and the timing was just right.

At the same time, [Time Manager] has also been promoted again.

'Ding, this title has been promoted due to the best efficiency of the host's time management and planning.'

After closing the panel again, Qin Yu began to seriously think about how to upgrade the system.

The real consumption quota of 1 billion, is it to be used to buy a real estate investment?

Still speaking of directly investing in a company, he thought of the "stock prediction card he had obtained before." '

It's just that it's a waste to just use it up.

If you find the right time, let Lixin and Flamingo do it.

I believe that the benefits this card can bring to him will maximize the benefits.

It is only used to judge whether a stock is of high quality, which is really overkill.

The sudden ringtone interrupted his thinking, looking at the name on the phone.

Brother Yu put it helplessly in his ear: "Miss Ye..."

...

Half an hour later, in a cafe not far from home.

Qin Yu looked at Ye Jinlan who was sitting opposite, surprised at the decisiveness and courage of the other party.

At this critical juncture, I rushed to Fudu all night to find myself.

If the old man has a problem at this time, she is not afraid of nothing?

Also, this life will leave regrets.

From the population of Li Xiao and others, Qin Yu has learned that Ye Jinlan is the most favored by his father at home.

She almost grew up next to him when she was a child, and she was also the person she cared about most in the Ye family.

If you fail to see the old man for the last time, you will inevitably regret it for life.

"I've seen you too, what can I say now?" Qin Yu raised his coffee and raised his eyebrows to look at Ye Jinlan who looked hesitant.

Without his urging, Ye Jinlan was more anxious than him at this time.

It's just that this matter is too important and somewhat difficult to tell.

She was even more worried that Qin Yu would reject herself, so...

But she also knew that her time was very tight.

Grandpa said before he came, he wanted to hurry back before dark.

So Ye Jinlan made up his mind and took a deep breath and said, "Qin Yu, I want to propose to you!"

Puff~

His eyes were wide open, his mouth was slightly open, and there were coffee stains on it.

Brother Yu was really shocked this time!

"Who meant this?" Qin Yu wiped off the water stains on his mouth and tried to keep himself calm.

With Ye Jinlan's life experience, what kind of young talent can't be found.

It's not that Cheng's attendant has been pursuing her all the time. It would be fine if he wants to marry someone and promise.

Why do you need to find a small person like yourself, so you can control it?

"Mine is also grandpa's."

Now that he had said it, Ye Jinlan no longer hesitated, and directly stated all the plans.

The engagement is naturally fake. Although she is a little curious about Qin Yu, it is limited to this.

The reason for doing this is just to protect oneself, and also to free oneself...

"Grandpa personally appoints them, even if they have opinions, they can't resist."

"But I will not intervene in your life. Whether you are in love outside or looking for a woman, it has nothing to do with me."

"What about you?" Qin Yu looked at her curiously, as if looking at a fool.

"I will stay in Shangdu and strive to leave the family as soon as possible, and then we can dissolve the marriage contract."

Ye Jinlan said calmly, this was just a deal.

She hates the high attitude and deceit of the family, but she will not just find someone to commit herself to marrying.

If you can really get rid of the trouble of identity...

Then, what she is looking for must be the only one she loves and loves herself.

Hearing her innocent remarks, Brother Yu didn't know whether to cry or laugh.

Or just praise her for having dreams, please come on!

"Sorry, I can't agree." After Ye Jinlan finished speaking, Qin Yu shook his head and refused: "I am a gentleman, and I don't want to participate in the disputes of your family."

Not to mention anything else, Cheng Yaojin alone is enough trouble.

Almost everyone in the aristocratic family knew that he was pursuing Ye Jinlan, and that night he was left hanging out in the Health Bureau for a long time.

This was a stark rejection and at the same time he was hitting him in the face.

At this moment, a man suddenly appeared to be engaged to Ye Jinlan. What is this?

Doesn't it count after slapped, standing proudly on his head, peeing and humiliating?

Needless to think about it, Cheng Yaojin will definitely not let it go.

If he comes to someone stronger than his family, maybe he will swallow his anger.

Qin Yu, why? ? ?

Besides, what do the children of other aristocratic families think, what do the Ye family think?

Why is my family's jewel in the capital, so picked by an obscure kid.

Still a foreigner!

Not to mention the Ye family, don't talk about helping, don't take the initiative to trouble him, it's good to fan the flames.

"You won't listen to my terms?" Ye Jinlan was not surprised at his refusal.

He had already thought of it before he came, and Qin Yu would probably refuse.

Because no matter how you look at it, there is no benefit in this matter.

He also had to face pressure from the Ye family and Cheng family, two big families.

Ye Jinlan would not agree to be herself.

"No, Miss Ye, I don't think much of you, we are not people of the same world."

Qin Yu looked at her earnestly: "Not now, and it won't be in the future."

To be bigger and stronger, contact with the court is inevitable.

But to master the degree.

It is necessary to have contact, but also to maintain a sufficient distance.

This is what Yu brother thinks.

Let him directly participate in it, and fight with a group of old foxes every day.

Whoever loves to go to this kind of good thing, anyway, Brother Yu doesn't want to take it.

Just thinking about it makes people head big, slipping away, slipping away.

Chapter 339: Self-defeating

"Kuafu's shares, the ones that belong to me are all yours."

Seeing that Qin Yu got up to leave, Ye Jinlan threw out his own terms.

At this time, the fists placed under the table were tightly clenched by her, the surface was calm, but the heart was full of anxiety.

Qin Yu is his only choice, if he refuses...

Ye Jinlan doesn't know how long she can last at home, it depends on the expiration date of Grandpa Yu Wei!

Why do you have to choose Qin Yu?

Just as he thought, there were a lot of young talents beside Ye Jinlan.

As long as she speaks, she will deliver it to the door herself.

But that is not what she wants, what she wants is the intrigue of leaving the family.

Live a free, simple, and yearning life!

The court attaches great importance to the battery pack technology of Kuafu Technology and the meaning behind it.

As a technology holder, Qin Yu's ability surprised the court.

At the same time, he was also defined as a mere "middleman" in a team.

Elevate to the level of importance of 'technological innovators' and 'core representatives of the team'.

Some people speculate that Qin Yu may be the head or core member of this 'mysterious scientific research team'.

Therefore, it is possible to make an important decision to put this advanced technology in the production and promotion of Xia Guo!

This is undoubtedly a blessing for the court.

Plus some special reasons!

It can be said that even the Ye Family and the Cheng Family can only do things within the rules if they want to suppress them.

In this case, if Yu Wei, who has a grandfather, is still there, the Ye family will not behave in a few years.

Ye Jinlan naturally understands the character of his family.

At that time, they would only feel that these were nothing but Ye family assets deposited in the hands of 'Qin Yu'.

Waiting for a few more years, the matter of the old man is not so much concerned.

Uncle Ye Hua was able to support the big tree of Ye Family, and wanted to take these things back.

It is a matter of one sentence.

Qin Yu is nothing more than a wage earner from the Ye family.

Let him be proud of it for a few years, and then look at it...

Of course, if you meet it in person, it must be cynicism in words.

But these are all harmless, and a bit of noisy is indispensable for a piece of meat?

Cheng's side...

Ye Jinlan will try his best to deal with it.

Qin Yu who took advantage of it also had to bear part of the pressure.

Otherwise, wouldn't the benefits he took out would make him useless prostitution?

Qin Yu roughly guessed what Ye Jinlan was thinking, although not as thorough as she thought.

But Ye and Cheng definitely couldn't get around.

Compared to the benefits she took out, it was still more troublesome.

Furthermore, Qin Yu is really not interested in her so-called 'condition'.

With 40% self-owned and 20% held by Lixin (Fleming), his shareholding ratio has reached 60%.

In addition, it holds important operational decision-making power.

He has enough control over Kuafu, and Ye Jinlan's 15% is more than a bonus.

Is Brother Yu the kind of poor person?

"Sorry, I'm not interested!" Seeing his eyes that didn't hesitate at all, Ye Jinlan's spirit was suddenly decadent.

The body fell backward, leaning on the back of the chair shaky.

She knew that she had no choice left to herself.

Now, either carry it by yourself or accept Grandpa's suggestion.

Marry Cheng Yaojin...

Just when Ye Jinlan was unwilling to be upset, Qin Yu's figure suddenly appeared in front of him.

"We can talk about the matter just now." Pulling the chair away, Qin Yu took a seat again with a strange expression.

...

When the time was pulled back three minutes ago, Qin Yu just walked out of the cafe door.

The phone rang, and when I picked it up, I couldn't help laughing: "It's a coincidence."

"Brother Jiner, happy new year."

"Haha, thank you. I'm not busy for the holidays, so why don't you have time to call me..."

Qin Yu greeted the other party politely, since he didn't mean to be hostile.

Say two beautiful words, hello, everyone, I'm all happy, and nothing is missing.

It's just that he thinks so, but not everyone thinks so.

"Xiaoyu, I don't want to circumscribe, let's open up and say."

"Okay, you say."

"Ye Jinlan is with you, right?"

Qin Yu's brain turned quickly, and his mouth responded: "Yes, Miss Ye said to talk to me about something."

"Yeah." Xu Shi Qin Yu did not deceive, so Cheng Yaojin was satisfied.

At the same time, I am a little overwhelmed, with inner communication and a natural sense of superiority.

At this point it is fully revealed: "No matter what she promises you, you should think clearly."

"Whether you are a person or doing things, the most important thing is to recognize yourself and don't take trouble, especially if you are outside of your ability."

Listening to the admonition between the other's words...

"Otherwise, you will get into trouble in the end, and no one will support you."

"The most important thing for a person is to rely on oneself. Don't touch what you shouldn't touch. You shouldn't move your mind, let alone not move."

No, this is no longer a warning, but a blatant threat.

The smile on Qin Yu's face gradually faded: "Brother Jin'er, is this a warning or a threat?"

Hearing the change in his tone, Cheng Yaojin's expression was startled.

I seem to be a little too eager, I have said it.

But since it has been said, naturally it has not been taken back.

In any case, he is also the grandson of Cheng's parents, and he spit on his lips when he said something.

Just take it back casually, do you need face?

"What do you think it is, what is that..."

Cheng Yaojin hesitated for a moment, and emphasized: "You'd better not mix up the entanglement between the family in the upper capital."

The other end of the microphone was exceptionally quiet, as if even the sound of breathing had disappeared.

After a while, there was a sudden burst of laughter: "Okay, then thank you, Brother Jin'er."

After closing the line, Qin Yu smiled and looked at Ye Jinlan, who was desperate in the French windows.

If there was no such call, Brother Yu would definitely not interfere.

Provoking these troubles is not contrary to his idea.

But now, Brother Yu's mood is not beautiful.

Resolutely dialed Li Xiao's number: "Brother, Ye Jinlan asked me to marry me, I agreed..."

...

Ye Jinlan realized the joy and compassion of life in just a few minutes.

Although I don't know what made Qin Yu change her mind, this is a great thing for her.

"What else do you want?" After experiencing despair, Ye Jinlan's bottom line was once again pushed down to the extreme.

However, Qin Yu did not take advantage of the fire as she thought.

"Just as you said, but I have three conditions."

"First, the marriage contract cannot be publicized. I don't want my girlfriend and my parents to misunderstand."

"Second, during the marriage contract, you must cleanse yourself and keep a distance from the opposite sex."

Seeing her weird expression, Qin Yu continued: "Don't worry, I won't bother with normal communication, but I'm not interested in getting a hat... even if it's just a name."

"Third, don't let your people from the Ye family bother me."

Qin Yu was not interested in acquainting a bunch of inexplicable relatives, and came to him if he had nothing to do with him, to fight the autumn wind.

Although Brother Yu doesn't care about three melons and two dates, he has to be disgusted every day.

Must live ten years less!

"Okay." Ye Jinlan agreed immediately: "I promise to do what you said."

Qin Yu looked at her with a very serious expression: "Are you sure, you have to know what you promise others, you can't do it, but there will be a price."

Ye Jinlan's expression was slightly unhappy, is he threatening himself?

It can be imagined that the situation is pressing, and he is now the weaker side.

I can only bite my lower lip and nod his head fiercely: "I never break my promise when it comes to others!"

As everyone knows, Brother Yu is giving himself insurance.

As he said, even if it was just a name, he was not interested in finding a hat for himself.

If Ye Jinlan abandons her promise, she will realize what it means to harvest by yourself! '

Seeing that Qin Yu has no other problems, Ye Jinlan hurriedly got up: "Then we will go back to Shangdu now."

"??" Qin Yu's face was dumbfounded, eldest sister, it's okay to have a promise.

Are you still going to have some ceremonies, how do you receive gifts and treat guests?

Let me tell you, I won't refund the money.

...

At the Shangdu Airport, Qin Yu turned on the phone and told his parents that he was safe.

"Well, I will go back as soon as I finish processing it. It won't be long, at most tomorrow..."

"Okay... I see, I must bring Qingqing a gift... Hmm, you and my dad can just live in the two-person world, hehe..."

"Yes, yes, please kneel down for the mother, the younger one will get out of here!"

Hearing the jokes between Qin Yu and his mother, Ye Jinlan's eyes flashed with envy. UU reading www.uukanshu.com

These are the most common, but they are priceless in her world.

Putting the phone back in his pocket, Qin Yu asked, "What's next? Go directly to the Health Bureau?"

"Yes, Grandpa is waiting!" Ye Jinlan looked forward and quickly found the car that came to pick them up.

Longqi, with the flag of Daxia Country hung on the front of the car.

The windows are clean and there are no messy passes.

This makes Yu brother a little curious, shouldn't the big man's car be covered with various certificates?

When I arrived at the gate of the Health Bureau, I saw the driver directly took out his safety card and handed it to the other party.

After saluting each other, the car drove into the hospital.

Qin Yu knew that he was sloppy...

The school lieutenant is a driver, what kind of pass do he need? Isn't this a living pass?

Chapter 340: The world is unpredictable

The Health Bureau, walking in is no different from an ordinary hospital.

At best, the corridors are wider, the rooms are bigger, and the furnishings are more.

Besides, the nurses are more beautiful.

Not for anything else, mainly for pleasure!

Find some pretty-looking nurses who are dangling in front of your eyes every day.

The patient looked happy, and when he was happy, his condition would naturally be relieved.

This is a good thing...

I didn't see a few guards along the way, but Qin Yu could see something in the nurse's smile.

Overlord flower, the hidden ones are quite deep.

In the innermost independent ward on the first floor, Qin Yu saw the Ye family father for the first time.

At this time, the person is lying on the bed with a respirator.

He looked tired and his face was a bit yellowish.

But his eyes were somewhat wise and clear, not at all what an old man should have.

From beginning to end, Mr. Ye said three sentences.

"Jin Lan is a good boy, but he's in jail and can't see clearly!"

"When you do things, you should be indomitable, fearful of your hands and feet, but hurt others and yourself... It's a pity."

"With this experience, you two can be regarded as friends in need. Even if you can't get together, you should support each other!"

What a pity the old man is, what are these warnings alluding to.

You can only rely on the two of them to guess by themselves!

Exchange the ring in front of the old man, staying on the left middle finger.

This matter is even settled.

Things are in urgent need, but now the old man is lying on the hospital bed, and he is going to be dying.

Yiying etiquette is naturally simple.

When the Ye family members received the news, the ceremony was over.

Once the old man Chrysostom opened, no one dared to refute.

Even Ye Hua, who was already in the position of Shangshu, could only respond with promise.

"There is nothing wrong with you two juniors here, go back!"

Let the three brothers Ye Hua stay, Qin Yu and Ye Jinlan were driven out.

The aunt waiting at the door looked at Qin Yu curiously, "Jin Lan, are you really thinking about it?"

It sounds like this girl knows something.

Ye Jinlan nodded at her and said, "Well, I've decided."

The other party sighed and said, "Then I can only wish you good luck."

Born in a family, you can't help it!

She, a married daughter, has the deepest feelings.

At the same time, there is a little envy in my heart.

If she also had the courage of Jinlan back then, why bother to fall to the point of being a widow?

Farewell to Ye Zhiqiu, Qin Yu and Ye Jinlan got into the car.

Ye Jinlan said to the school lieutenant: "Go to the airport."

Turning to look at Qin Yu, he asked, "Have you bought the tickets?"

Qin Yu responded: "It's not too late to buy now."

"Forget it, let me make it for you!" Ye Jinlan made a call.

After that, he asked him to take his ID card and collect the ticket at the airport. All arrangements were made for the last flight.

It was too early for the meeting, and Qin Yu saw a flight at 6 o'clock and 8 o'clock respectively.

Why must it be arranged to be almost 10 o'clock? ? ?

After hesitating for a moment, Brother Yu asked, "What else is there?"

Ye Jinlan looked away, pretending to be natural and said: "It's okay, let's have a meal together."

I don't know when, in the ward, in front of Grandpa, I exchanged and put on the ring.

It's still time to get out of the ward and get blessing from my sister-in-law.

Ye Jinlan found that she was starting to become something wrong!

cough.....

I have some inexplicable emotions and thoughts in my heart.

Are you going to make a kiss?

Look carefully at this fiancé, his appearance, height, skin color...

It's more than letting a woman fail.

Ye Jinlan couldn't help but complain: "Which one of us is a woman?"

It's just that she also told herself in her heart.

Knowing that Qin Yu respected herself and stayed away, she didn't want to be boring.

Thinking of this, Ye Jinlan felt a bit wronged!

I think she is also a well-known beauty in Shangdu. In terms of looks, no one can beat her.

Besides, family background and knowledge are not bad at all!

The disguised character alone looks a bit tiger~

But others don't know, Qin Yu should know, that's just a layer of disguise.

In this way, he is not half interested in himself?

how.....

Are his confidantes, all the coquettish looks of the country and the city?

What's worse than them, Ye Jinlan, who has seen the photos, admits that he did not.

She still has this pride and confidence, but Qin Yu's attitude makes her skeptical...

If she knew a girl named Xu Yue in the abandoned city.

When the two meet each other intimately, they will discover how similar each other's situation is!

Qin Yu didn't care about Xu Yue at all.

Sometimes I have fun and mediate my loneliness.

It doesn't matter if there is none.

Moreover, Xu Yue relied on her own beauty, and she was already a little proud of herself.

If Brother Yu doesn't give her the start, he will press it down, and he may have any wrong thoughts in the future.

On the contrary, it is ugly, so I deliberately ignored her and hit her.

To Ye Jinlan...

To say that there is no idea at all, it is hypocritical!

But compared to the troubles behind her, there is also a bad personality.

On the contrary, Qin Yu hoped to keep a distance between the two.

It's okay to be friends.

With an empty skin and a lack of soul, it will eventually become bored and even hate it.

It's better to find the right position from the beginning and be a good friend.

Fortunately, the three of Li Xiao are not there.

If they were to hear this, they would vomit on the spot!

Listen, is this what people say?

"Be a friend." Ye Jinlan's tone was a little bit more resentful, and he was only worthy of being his friend.

Thinking of those aristocratic children in the past, they were obedient to themselves, flattering and flattering.

Ye Jinlan opened her mouth slightly and bit her red lips lightly.

The sole of the foot was stamped fiercely, and Ruoyoruowu 'hum' the prestige outside the window.

...

Qin Yu thought it would not take much time to eat a meal.

When I got to the place, I realized that I was a little different.

Yuelongtai, Yangyuanzhai.

The last time I came here was Cheng Yaojin as the host. I didn't expect to have a chance to come again so soon.

It's just that simply eating a meal, do you have to go to this arrangement?

What's the opinion of Qin Yu who came here for free?

Just eat it.

"Last time..." Ye Jinlan's throat seemed to be blocked by something and suddenly jammed.

Looking up, she was looking behind her.

Qin Yu turned his head and looked back, "Brother Jin'er, what a coincidence."

Cheng Yaojin's face turned pale, his eyes seemed to be burning, but he was firmly pressed by him.

"Qin Yu, I reminded you." Cheng Yaojin was even more angry as he scanned the rings on the fingers of the two of them.

I reminded him not to touch things that shouldn't be touched.

It seems that he didn't take it seriously anymore?

"Yes." Qin Yu got up and responded with a smile: "But as for me, I have had ideas since I was a child, and the most unbearable thing is the threats of others!"

"If anyone makes me feel unbeautiful, then I have to pay it back."

Seeing Cheng Yaojin's surprised and unbelieving gaze, Qin Yu said freely and freely: "Actually, when you called, I already rejected her and prepared to go home, do you believe it or not?"

Cheng Yaojin couldn't help being dumb, and nodded after a moment: "I believe it!"

Qin Yu smiled indifferently and said, "So, things are unpredictable."

Cheng Yaojin wanted to say something, but he didn't know where to start.

Apologize, bow your head.

Since it's impossible, what else is there to say.

This incident has wiped out their own face, and also the face of their Cheng family.

Naturally it has to be counted.

Elder Ye's current situation is unknown. After he is gone, he will settle it out gradually.

And Ye Jinlan, is it fun to play with herself all the time?

I found Cheng Yaojin staring at herself Ye Jinlan looked as usual and said: "Would you like to eat together?"

The anger that was finally suppressed, almost hit the forehead, smoking on the spot!

"No, you eat slowly."

Looking at Qin Yu again, Cheng Yaojin said calmly: "It seems we still can't be friends."

"You should ask Brother Jin'er. Have you ever regarded me as a friend from the beginning?"

Cheng Yaojin was slightly surprised when he heard Qin Yu's words.

Then he nodded in relief and turned away without saying a word.

It's not his style of doing things, or making a big fuss, or making verbal abuse.
