### Chapter 3321 Got Off Easy

At the moment, no one could figure out who Levi was.

Levi was against both sides. It was only natural for people to be confused about his identity.

Not to mention the fact that his powers far exceeded even the Three Sages.

If Levi was in the Ecclesiastic Order, surely he would be in one of the top classes.

Yet, they had never even heard of the guy who had defeated everyone while barely lifting his finger.

Perhaps the Ecclesiastic Order had hidden him as their ultimate weapon.

The top secret weapon that no one should know of.

After all, the Ecclesiastic Order was huge. It was not impossible for them to have secret powerful elites.

Not to mention that the order had a history of being unpredictable.

Not everyone could appreciate the value of the magical herbs in North Pavilion.

Levi stood in the middle of the field and looked around. Not a single man remained standing. All around him from the front to the back was a huge pathway.

Satisfied, Levi nodded.

“There we go! This is more like it! I’ve asked you to make way for me. It’s your fault for not listening and forcing me to take matters into my own hands,” Levi commented.

After hearing Levi’s comment, sighs could be heard from all corners of the field.

There was no doubt that everyone was regretting their choices.

They should not have angered Levi.

As of then, those from North Pavilion could not do anything to defend their turf.

On the other hand, those who came to attack North Pavilion could not attack either.

All of them were sprawled onto the ground with serious injuries. It would be a miracle for them to even stand up.

## Chapter 3322 They Cannot Die

It turned out that there were merely several dozens of people who came.

Of course, the one leading them was Gloria.

Dead bodies were lying all over the ground along their way to North Pavilion.

What exactly happened? Who killed all of them? So many elites lost their lives just like that?

As they went closer to the vicinity of North Pavilion's main hall, they only grew more confused.

Logically speaking, the battle should be in its climax right now. How is it possible that there are no movements at all?

Indeed, it was dead quiet.

It was to the point they were taken aback and dared not step forward.

As such, they had observed from a concealed spot for a long time and only stepped out after ensuring no threats were around them.

The unexpected scene before their eyes had Gloria and the rest pale with fright as they walked out.

Despite the vast number of people around, no one was left standing.

Regardless of which factions they were from, everyone had collapsed onto the ground and was severely wounded.

Why is it like that?

Chapter 3323 Here To Kill All Of You

Upon hearing Levi's roar, the few hundred people surrounding the Three Sages stopped what they were  
doing at once and turned to look at him.

At that point, the Three Sages were barely alive.

"Darn it! Are you people trying to kill these three old men?" Levi was seething with anger.

In contrast, the three, who had blood at the corner of their mouth, broke into smiles as soon as they  
heard that familiar voice.

We get to live! North Pavilion is going to be fine too!

No one could believe that the last hope of North Pavilion would turn out to be an outsider.

An outsider saved North Pavilion.

Hundred over pair of eyes all fell on Levi at once.

Those elite fighters were unlike the rabble outside.

Even though the latter was equally powerful, those hundred elites were tremendously formidable since  
they were, after all, enlisted to deal with the Three Sages Of North Pavilion.

All of them had capabilities that were on par with the leader of Divine Tiger Palace.

“Dude, who are you?” Everyone glared at Levi questioningly.

“The one who will kill all of you!”

As soon as those words fell, the crowd turned absolutely hysterical.

#### Chapter 3324 The Totem Reappear

“And that bunch of people is the Ecclesiastic Order’s biggest arch-enemy. They’re the most almighty deviant clan that even the Ecclesiastic Order can’t suppress. Both parties have fought a tough battle for a long time, almost as if their lives depended on it. Later, when spiritual energy depleted, the Ecclesiastic Order found a place with a spiritual ley line to hide away. And likewise that deviant clan as they hid themselves up too!”

Levi listened intently to their explanation.

Suddenly, Bulder heaved a sigh. “Huh! Sadly, the Ecclesiastic Order gradually diverged into several independent factions and later into various forces, just like what you see today! They’re in shambles, and that’s why they are so powerless against the deviant clan. It’s lucky that the clan’s prowess has gradually weakened over time and is no longer as capable as they were in the past. That’s why they didn’t dare recklessly attack the Ecclesiastic Order as much as they know how the latter lacks a solid foundation.

But if the Ecclesiastic Order ever comes together and joins forces again, it’s no doubt destruction will befall them. That’s because the overall ability of the Ecclesiastic Order, even though they’re in such a divided state, is far more impressive since the various factions have been expanding in an unrestrained manner and wielding great power.

Of course, it’s almost impossible to gather all of them into one again. the Ecclesiastic Order is now only a title and essentially something of the previous era. The deviant clan has evidently seen things through; otherwise, they wouldn’t break the divisions of the Ecclesiastic Order one after another!”

Exto chimed in, “Truth be told, the Ecclesiastic Order will never come together again. Not only will that not happen, but they are instead hoping and anticipating to see each other getting exterminated. That has thus caused the arrogance and hostility of that deviant clan.

"We recognized that totem! It belongs to the deviant clan that the Ecclesiastic Order has destroyed! At that time, there was a total wipe-out for that clan, so there's no way someone would still be alive. Additionally, this totem has disappeared for so long. How can it reappear just like this?" The Three Sages were left wondering.

"Well, it had indeed reappeared! And those people are following his orders!" There was determination in Levi's tone.

"If that's the real totem, then it seems likely that those deviant clans would obey his commands," Extro analyzed.

Sensos and Bulder sighed. "The totem of the sky-devouring python has appeared in the Ecclesiastic Order, yet none of us knew about it. I'm afraid there might be a plot behind it, and ultimately, this could spell the fall of the Ecclesiastic Order! Aren't we giving that person an opportunity if we're fighting amongst ourselves now?"

Turning to look at Levi, the three assured, "Don't worry, Mr. Garrison. Leave this matter to us! We will find out the identity of that man with the totem of the sky-devouring python!"

"All right! And I shall personally investigate the Invincible Clan! Since we now know who it is, things will become much simpler! The juniors of North Pavillion were worried that they would bring disaster upon the faction if they revealed the truth! But I shall wait. I shall wait for their arrival!"

A cold glint flashed across Levi's eyes.

I don't care what the Invincible Clan is all about! They will have to pay an equivalent price for hurting my comrades!

"But Mr. Garrison, we have a small request. We still need you to help us out!" The Three Sages gazed at Levi expectantly.

Gloria thought about it and felt it would be a very difficult task.

However, she now had a rare opportunity to act.

Since Levi came to North Pavilion, Gloria could use the opportunity to get to Forlevia through Floyd.

Still, she did not dare to do it because she had not finished her preparation.

After all, transplanting spiritual bone was time-consuming and required extensive preparation.

Furthermore, Levi knew about the Ecclesiastic Order and all its Bonemasters.

Thus, it would be too risky for her to transplant Forlevia's spiritual bone.

Furthermore, he could easily find her hiding place.

She believed if she took action now, Levi would soon find her.

Therefore, it was not a good time to act yet.

She needed to wait a little longer.

After all, she had just started training Forlevia's technique and was not strong enough.

She needed to master Forlevia's technique and reach a sufficient stage of advancement.

Gloria arranged for someone to keep watch before leaving to meet with Floyd.

Soon, Levi came out of North Pavilion's main hall and noticed more than ten thousand people observing him.

"Listen closely. I shall protect North Pavilion from now on! So, scram!" Levi said and burst out a tremendous wave of power in all directions.

Pfft! Pfft! Pfft!

The spies hidden in the surroundings exploded one by one.

It was a warning and a show of power!

Thus, no one dared to even think of attacking North Pavilion anymore!

They knew they were no match against Levi.

Levi alone was more powerful than all the Three Sages combined.

Therefore, who would dare to offend him?

Based on the present situation, none of the prominent factions would stand a chance if they did not send their top fighters.

Perhaps, even sending their top fighters would not help much.

Still, the Ecclesiastic Order would have to send its top fighters if they were to have any chance against Levi.

"Huh? Is there a war in North Pavilion? Is my master in danger?" Floyd asked anxiously.

Gloria glanced at him and secretly felt disdain for him.

Why do you need to worry about him? How can you doubt your master's abilities? Your master has incredible combat prowess. None of the members of the Ecclesiastic Order can stand against him. He is more powerful than the strongest of the Invincible Clan.

"Of course, he won't be in danger! Your master is powerful. It is pointless for you to worry about him!" Gloria said.

"Yes, you're right! My master is invincible. No one can stand a chance against him!" Floyd said.

He looked at the documents with information on the Invincible Clan and said, "My master would be happy to see these after he returned. Thank you, Gloria!"

Gloria suddenly thought about something and asked, "By the way, do the others know that your master had left?"

Floyd shook his head. "I'm not sure whether the others know too."

"Did your master take Forlevia with him?" Gloria's eyes gleamed with anticipation.

"No, Forlevia is still here," Floyd answered.

Gloria clapped her hand. "That's bad! I heard someone knew your master went to North Pavilion! I fear someone would use this opportunity to harm Forlevia. That would be bad!"

"Is that so? That won't do! I can't let anything happen to Forlevia! Gloria, I need to check on Forlevia. You should go back!" Floyd became anxious upon hearing Gloria's warning.

Why didn't he use Ancient Divine Sword? Isn't it a waste to put it here?  
Gloria did not know that the sword was nothing more than a killing tool to Levi.  
He did not gain his power or abilities through the sword.  
Furthermore, he could easily replace the sword with a rock or a leaf in his attacks.  
He could even turn tea into a weapon.  
Furthermore, who could understand the extent of Levi's abilities?  
What others regarded as a treasure was worthless to Levi.  
Gloria's eyes gleamed with desire as she looked at God Crusher.  
She felt tempted by the sword and wanted to take it for herself.

That was understandable. How could anyone not be tempted when a legendary sword was within their reach?

Gloria's breath quickened, and her face became flushed.

She felt an urge to grab the sword and keep it for herself.

“Master, the identity of these men in black robes is easy to find. The slightly more experienced members of the Ecclesiastic Order would know. I’ve already found their identity. They’re the Ecclesiastic Order’s foe, Invincible Clan.”

Floyd immediately handed the relevant information Gloria gave him to Levi.

Levi did not doubt the information at all.

After all, I heard about them from the Three Sages of North Pavilion, and many members of the Ecclesiastic Order knew about the identity of the men in black robes. But, they didn’t dare to tell me. It isn’t anything shocking that Floyd managed to find out about them.

“Master, I’ve already found out the identity of the men in black robes, but I got nothing on the sky-devouring python totem. I supposed not many know about that since they’ve never even seen it before,” Floyd said regretfully.

“I already knew about these men’s identities and the sky-devouring python totem. I’ll just continue my investigation,” Levi said casually.

“What? You’re awesome, Master! So that was the reason you went to North Pavilion?” Floyd exclaimed.

Meanwhile, Gloria returned to Sonja and the others’ holding cell.
