Chapter 3381 No One Can Go Against Him

That statement scared Gloria so much that she could feel her heart beating fast.

Please don't come after me. Please don't let me be the one he is referring to...

If Levi were to find Gloria there, all of her previous efforts would be for naught, and that was not something she wanted to happen.

Moreover, Levi was too strong, and she would surely perish if he were to find her.

That being said... Something is wrong...

It might look as though Gloria was right there and knew exactly what was going on, but the truth was that she was far, far away.

The ones who had been monitoring the situation were her subordinates, and they were the ones who had been sending her the information.

That means my subordinates are the ones who are discovered, not me! Also, many people from the Ecclesiastic Order and Yatran are there, so there are many spectators there. He could be referring to them too, but he's definitely not talking to me. I am not one of the spectators.

Gloria was ever so glad at that moment.

She was happy that she had planned everything earlier and was monitoring the situation from afar instead of being right outside Levi's base.

If that hadn't been the case, she would be dead.

As suspected, Levi flushed out a powerful aura at the very next second.

"Ah!"

"No!"

All that was left was fear... the kind of intense fear that ground their bones.

They had never met anyone that strong before, and that battle had crushed their pride. It might even have destroyed their soul.

Everything that they had been proud of was disintegrated.

Hence, it was not an exaggeration to describe them as soulless zombies that had no drive or thoughts anymore.

All that was left in their gaze was emptiness.

Their devastation was understandable since they had never been defeated in the past.

A crushing loss like that would undoubtedly break them, and it was virtual torture for their hearts.

All the ten elites stared numbly at Levi.

They knew that death awaited them.

There is no way he'd let us go. Who cares, though? We're already dead inside, so what's the use of having a flesh and blood exterior?

They waited for Levi to kill them.

"It's as I said. You will fix everything you destroyed, and you can leave as soon as you complete that task."

The Top Ten jumped in surprise when they heard what Levi said.

Levi had Forlevia and the others leave the underground defensive base after everything settled down.

Everyone assumed that the place would be in a wreck, so they were surprised when they crawled out of there and saw the place.

It was all cleaned up.

There were still signs of cracks here and there, but overall, everything looked fine.

It was so, so different from what they imagined.

No one saw what things were like during the battle, but they could sense that it was an intense one.

Levi actually won?

Everyone smiled brightly at that.

On the other side.

Gloria received the news as soon as the Top Ten left.

At that moment, no one dared to target Levi's base anymore... No one except Gloria.

She tended to take bold risks and had her men monitor the place.

Chapter 3384 Is That All

If someone were to say that she would be able to get the cornerstone divine tools, no one would have believed him, including herself.

When she was in the West Pavilion, she had never even caught a glimpse of Ethereal Spear, let alone have the right to go to the restricted place where they kept the Ethereal Spear.

That divine tool was high and mighty, and she was but an ant.

Even a glance at it was a crime.

Yet, it was now in her hands.

As Gloria stared at the Ethereal Spear, she grinned.

At the end of the day, West Pavilion's cornerstone divine tool is mine. Ever since the Ecclesiastic Order has come into contact with the outside world, my chance has come.

"Levi, I really have to thank you for this. If not for your appearance, I wouldn't be here today. I have everything I want—the cornerstone divine tools and the Ancient Divine Sword!" Gloria bellowed as she laughed boisterously.

However, her expression soon darkened.

She now had the four cornerstone divine tools and the Ancient Divine Sword, but no matter how powerful she was, she could only use one of them—she could not use all five at the same time.

Gloria needed some external help.

Won't it be great if I can make these five weapons into one and maximize their powers? I have to think of a way to utilize them well. I can't possibly let these five divine tools become nothing but a decoration.

Staring at the top ten elites from the Ecclesiastic Order, Gloria laughed.

Chapter 3385 The Courage To Steal His Sword

The case was cracked!

Everyone had been guessing who was the brave soul to steal Levi’s Ancient Divine Sword.

As it turned out, it was Gloria who did it.

Sonja and the other few had been wronged.

Gloria was the culprit.

“Aren’t you a gutsy one, Gloria? I can’t believe you have the courage to steal Levi’s sword! If he finds out about this, you’re dead meat!” Flavius and the others cried out.

The moment those words were out of their mouths, Gloria shuddered in fright.

Gloria used to be unafraid of Levi.

However, after the earlier battle, she had become downright terrified of him.

Even the mere mention of his name would make her quake in her boots.

Therefore, when she heard them mention his name, her face and lips turned ashen.

She could already imagine how Levi would come after her.

The elites were too used to their haughty ways.

Even in a situation like this, they were still trying to show themselves off around Gloria.

What they did not know was that Gloria was a ruthless individual.

How dare her prisoners act all arrogant in front of her?

Gloria sneered. "I'm not even afraid of Levi; I've even taken his sword. What makes you think I'm scared of you?"

Just as those words were out in the air, the top ten elites went quiet.

Indeed. She's not even scared of Levi, so what else could she possibly be afraid of?

Gloria barked out a laugh. "Moreover, you now know my secret! There's no way I'm going to let you go alive!"

Instantly, the top ten elites' faces paled.

Oh no, we're doomed!

They were in a precarious situation now that they had been caught by Gloria.

At that very moment, all of them realized Gloria was the one in control of everything the entire time.

"But I was scared that you would hurt my target, Forlevia, so I told Levi about it."

At that, Flavius widened his eyes. "It's because of you that we saw no one else when we went!"

"That's right!"

It seemed like Gloria enjoyed sharing her plan with the others.

The satisfaction she felt was beyond words.

Soon, she was walking around the Top Ten, carefully observing their spiritual bones.

"It seems like I won't be able to get Levi's daughter's spiritual bone anymore. I guess I'll have to make do with yours."

In a flash, Gloria studied all ten spiritual bones.

However, she kept shaking her head.

The Top Ten really are the best for a reason. D*mn! Each and every one of them is so gifted, and their spiritual bones are unbelievably impressive! They're truly the legend! I've only heard of these in ancient manuals. This is outlandish!

However, she soon laughed.

She could utilize the Top Tens' spiritual bones for her own use.

She would be able to use their spiritual bones to create a brand new devourer spiritual bone.

Moreover, Gloria knew an expert in the field of spiritual bones.

Hehe! She cackled inwardly.

Experts in that field tend to be from deviant clans, whom the Ecclesiastic Order had once gone after in the past.

Nevertheless, the Ecclesiastic Order did not manage to decimate all of them, so some still survived.

Still, many members of those deviant clans were now rogue cultivators.

Coincidentally, Gloria knew an expert who specialized in devourer spiritual bones.

They would be able to extract the essence from the Top Ten's spiritual bones to create a devourer spiritual bone.

At that thought, Gloria burst into maniacal laughter.

We're screwed!

They knew everything was over.

“Ah!” Katri’s face twitched as she howled in pain.

She wanted to move her body as she was in so much pain, yet she could not because all her joints were locked.

She felt she was about to be sucked dry!

Gloria immediately stopped the process.

Had I not stopped the process in time, I would have devoured all of Katri’s energy.

I can’t let her die just yet. I still need her.

At least I’ll have to remove her spiritual bone and absorb her power first.

Gloria looked at the Top Ten as if she was looking at her prey.

As soon as I absorb all their power, I’ll definitely become more powerful than Forlevia.

To prove that she had the power to devour them, she would not touch them for the time being.

Yet, there were still others around.

She gradually turned her attention to Sonja and the other people.

The Top Ten were utterly terrified.

This is really scary!

Shortly after, Gloria stopped because the four divine tools were too powerful.

Had she persisted in absorbing all of its energy, it would have triggered a huge change.

That was not ideal as it would mean that others would easily discover it too.

She had only two choices. It was either to slowly devour its energy dry or to do it in a secret room, so
that there would be no changes seen externally.

As soon as she stopped, the four divine tools seemed to dim slightly.

With just a little bit of its essence extracted, it was already more than sufficient to turn Gloria into a top-
notch elite.
