Chapter 3391 A Pawn Who Might Be Able To Kill Levi

The advantage for Gloria to keeping Floyd around was to access Forlevia's spiritual bone and news about Levi.

However, it seemed like she might not need Forlevia's spiritual bone anymore.

Moreover, Levi was way too powerful for her to gain an upper hand.

Since she was able to find a replacement and would most likely be able to discover the devouring power of the technique, she had no need for Forlevia anymore.

She could grow to become more powerful on her own.

As for news about Levi, she thought of using other means to get them.

In this case, she realized that Floyd had become a useless pawn that she could easily discard like an unwanted waste.

"Just let him be. I won't meet him," rejected Gloria.

"Well, we didn't go anywhere. There's an underground facility in my master's base camp where we hid ourselves," Floyd spilled the beans.

Gloria finally had a grasp of the situation.

Lo and behold, Floyd and the others did not leave the base camp at all. They were not seen anywhere during the war because they had discreetly entered a secret annex.

At that moment, she connected all the dots and concluded that the pawn was still useful.

Instantly, the mystery was solved.

Floyd added, "First, I couldn't contact you. Second, I didn't dare to do it. What if the others find out? They will surely treat you like an enemy, and I don't want that to happen."

At that instant, there was panic in Gloria's eyes.

That is indeed possible. It's easier to expose oneself when there's an emergency situation. Thank God I've brainwashed him to think in this direction.

"Phew, that's good. I had ants in my pants the whole time. By the way, how was the battle? Did your master injure himself?" Gloria asked innocently.

Gloria seemed somewhat troubled. "I've been waiting for the right moment to meet Master and the others, but it doesn't seem like I have much time left!"

Seeing how anxious the woman was, Floyd immediately comforted her, "Be patient, Gloria. I'm sure you'll get your chance."

Once again, Gloria's deviousness got her what she wanted by deflecting the man's request. She even got him to pity her.

"I just don't think this is fair to you. I mean, you've done so much for me, and yet nobody even knows who you are!" complained Floyd.

To that, Gloria smiled in response. "It's okay. I know how critical the situation is right now. As long as we can still see each other, nothing else matters."

"You're right," agreed Floyd gladly.

"Why don't you head back first? I have to go check on the order and see if they've come up with a new plan." Anxious to tend to other matters, Gloria tried to get rid of Floyd as quickly as possible.

The Elders, too, were furious at Levi for what the man had done. "Of course. We'd never let Levi get away after what he did!"

"This, we swear on our lives!"

"He thinks he's all that, does he? We'll see how he fares when every one of us in the Ecclesiastic Order goes up against him in unison."

"Now that the Elders of every faction have gathered, I doubt he'll stand a chance."

After suffering a great loss, the order finally decided that it was necessary to band together to face a threat as deadly as Levi.

"That's right. If we don't do something soon, the entire order will be under Levi's thumb."

"The level of threat he's posing is comparable to that of the Cetus back then. He's not going to have any trouble taking us down if we remain divided as we are now. In fact, it's going to be a walk in the park for him!"

"Even if we don't take our revenge on him, he'll destroy us anyway, sooner or later."

"That's why we must unite and return to our former glory as an order."

The group spoke incessantly about how they planned to deal with Levi, and the Elders nodded in agreement after listening patiently.

Chapter 3395 Levi And His Thoughts

“But we let the Top Ten go. We even let them keep their divine tools! How can they just blame us when their elites go missing. Unbelievable!” exclaimed Floyd depressedly while the others, too, got upset with the accusation.

We’ve admitted countless times to taking our enemies’ lives, so what’s ten more? But the fact is we didn’t kill the Top Ten! The cornerstone divine tools are nothing but trash to Master, so why would we have any reason to take them? Floyd had every reason to be angry because the allegation was utterly ridiculous.

“Master, I’m going to make this right. We know we showed those men mercy and even let them keep their divine tools, so we can’t just stand by while others distort the truth,” voiced Floyd angrily.

Floyd was about to walk away when Levi responded, “There’s nothing you can say to change it. No one’s going to believe you.”

Zoey and the others agreed with Levi. “He’s right. There’s no use trying to explain ourselves since nobody can find them or the divine tools.”

“Besides, the Ecclesiastic Order treats us like their sworn enemies now, so why would they believe anything you say? They wouldn’t even listen to a word that comes out of your mouth.”

The fact that elites from everywhere tried to kill him only made Levi even surer that he was right about there being a mastermind behind it all.

He did not find it strange that the elites of the Ecclesiastic Order worked together to get him.

However, when Zarain-supporting Yartran, the Cetus, and all kinds of rogue cultivators and assassins tried to murder him one after another, he knew something was wrong.

Levi refused to believe it was all just a coincidence because the different parties could not have staged such an attack without someone coordinating the assault.

The cascade of attackers came at him like they had trained countless times together as a team.

However, that was not the case since Black Hawk told him that Yartran operated on their own and without consulting Shield.

If Yartran really wanted to seize the opportunity to kill Levi, they would have gone to Shield first because the organization knew him well.

The man meant that it was not the right time to take action against Levi just yet.
Nobody, including the Ecclesiastic Order, would expect the Cetus to be under someone's command.
How the man got the deviant clan to obey him like dogs was an even greater mystery.
Meanwhile, Gloria had arrived at a godforsaken place filled with graves and skeletons of various creatures.

Not too far away from Gloria, a crow cawed as she called out loudly, "Bone Grandmaster!"
It did not take long before a frail and skinny figure appeared before Gloria with a frighteningly ferocious look.

The figure was so slender that it looked like he had nothing but bones underneath his skin.

Even Gloria could not help but shiver in fear when they met.

The Bone Grandmaster meant that he lacked the necessary raw materials and resources to get the job done.

In response to that, Gloria simply chuckled. “Bone Grandmaster, what if I tell you that I have the Top Ten’s spiritual bones?”

“What?” At that point, it was impossible for the slender man to widen his eyes any further.

“The Top Ten of the four Pavilions are unparalleled talents! They all have legendary class spiritual bones, and two of them even have one that’s more powerful than an elemental spiritual bone!” exclaimed the Bone Grandmaster as he trembled uncontrollably, trying to catch his breath.

“I have the Top Ten with me, and I can take their spiritual bones any time I please. The resources you need aren’t going to be a problem either. So will you be able to create a devourer spiritual bone if I can provide you with everything you need?” asked Gloria with a smirk.

Chapter 3399 Losing To A Girl

Countless corpses of fighters from the Ecclesiastic Order filled Corpse Pit. Deviant clans had been laying corpses of the fighters there ever since eons ago.

It was a place feared by the Ecclesiastic Order.

Even though Gloria was powerful, she could not locate Corpse Pit.

Hence, she was surprised that Bone Grandmaster knew about it.

“That’s great! As long as we’re at Corpse Pit, nobody will know where we are!”

Gloria was overjoyed.

It did not take long for Gloria to take the Bone Grandmaster to where the Top Ten members were imprisoned.

The Top Ten members were startled at the sight of them.

“Y-You... Are you the loser who was chased out by Medical Guild?”

Flavius and the others had extensive knowledge. Hence, they managed to recognize Bone Grandmaster at a glance.

“Hahaha... What did I tell you? The whole Ecclesiastic Order deems me a loser!” said Bone Grandmaster as he laughed.

It had further cemented his intention to help Gloria.

“Hmm? Did you really manage to gather all the divine tools of the four Pavilions? What a bunch of losers! How did you guys manage to lose out to a girl?” mocked Bone Grandmaster.

He was starting to believe in Gloria.

Then, he started to examine the spiritual bone of the Top Ten members.

Nonetheless, they were the mastermind behind it all.

Sonja and the others were pinning all their hopes on Levi.

They prayed that Levi would detect the problem soon and realize that Gloria was the mastermind behind the scenes. They hoped that Levi would be able to track Gloria down and kill her off before she grew out of control.

Otherwise, it would be difficult to manage Gloria afterward.

Hence, all hope was on Levi!

“After going back, give me some time to look into and do my research, so that I can develop devourer spiritual bone. Do look for anything else that I require then!” said Bone Grandmaster after thinking for a moment.

Soon, Gloria moved her own base to Corpse Pit, the place that topped the list of the deadliest places—Deadly Seven.

“Hahaha!” Gloria chuckled.

After getting to Corpse Pit, Gloria was overjoyed as she found that the place was truly suitable for her to practice her cultivation.

That way, she would be killing two birds with one stone.
