Chapter 3411 Everyone Is Afraid Of Levi

The elites of the Ecclesiastic Order were about to make a move when a deafening voice pierced the sky.

The voice shocked everyone into halting their movement.

Levi was now the entire Ecclesiastic Order's nightmare.

Everyone would shudder with fear upon hearing his name.

By loudly announcing his arrival, he stunned everyone there.

"Levi?"

The eight Paladins paused in their tracks.

Ever since the Holy Guild leave the mountain, the name they heard the most was none other than Levi.

It was almost a permanent trauma that would accompany them for the rest of their lives.

The eight Paladins were arrogant and behaved as though they were the rulers at the top of the world.

They were more arrogant and presumptuous than the Top Ten.

They didn't take orders from anyone other than the Ministers, Solocus, and Eusof. They didn't even pay attention to others, who, in their opinion, would not pose a threat.

Even those in the class of Elders from the major factions didn't have their respect.

Chapter 3413 Devouring The Top Ten
The Top Ten pleaded incessantly with Gloria to have mercy.
"Just kill me, please. I'm begging you. Just do it quickly."
Flavius was begging too.
His talent and spiritual bone were his pride and joy.
They were more important than his life.
He could accept death but couldn't handle it if someone dug away his spiritual bone.
Digging out his spiritual bone was like crushing his soul, and he couldn't take that.

The same went for the rest of the Top Ten.

They would rather die than accept a fate like that.

However, Gloria wouldn't let them have the chance.

"Begging is pointless. All of you are destined to be my stepping stone to conquer the world." Gloria cackled.

"Please, I beg you..."

The Top Ten continued to plead, but their pleas turned to screams and later became dead silence.

Bone Grandmaster soon extracted the spiritual bone of the Top Ten with

Chapter 3414 Even Levi Cannot Make It

Boom! A loud boom sounded from the Corpse Pit.

Gloria had succeeded in devouring all the martial skills from the Top Ten and negative energy from the Corpse Pit.

She was like a tsunami—terrifying power and extreme aura surged through her.

It was as though she had changed into another person. Her powers had just exceeded the celestial level—a level higher than before.

“Hahaha! Even the strongest elders from East Pavilion won't be a match for you. If they want to defeat you, the elders from the four Pavilions and other factions will have to join forces. Your combat prowess is probably on par with Solocus and Eusof's. You can even fight with them now! Other than the supreme fighters, No one in the Ecclesiastic Order can do anything to you!”

Looking at Gloria, the Bone Grandmaster smiled in delight.

The more powerful she was, the closer he was to achieving his crazy revenge.

“Don't be anxious yet! After I finish the devourer spiritual bone, you'll immediately surpass Solocus and the rest, eventually emerging as the top fighter in the Ecclesiastic Order! When that moment comes, both Levi and the Cetus will be crushed underneath your foot!” exclaimed Bone Grandmaster.

“Hahaha! So is this how it feels like to wield extreme power? It feels amazing!” Gloria could not help but burst out laughing.

Chapter 3415 You Have Changed

Those people were high-rank officials from the Ecclesiastic Order’s various factions.

When Gloria looked for them back then, she wanted to have them under her control. However, they were so hard to deal with that she still could not defeat them.

They even humiliated her back then, causing her to harbor hatred toward them.

However, as they were simply too powerful, she could not kill them.

Things were different now—she now possessed terrifying power.

Now that the Ecclesiastic Order was unified, she would be delivering herself to death if she killed those high-ranking officials.

The Ecclesiastic Order and the Holy Guild would notice it.

This feat, however, was not a difficult task for Gloria. In fact, it was very simple.

Now that the Ecclesiastic Order was being unified, everything was in chaos.

Hence, Gloria played some tricks to create internal conflict. Then, she secretly found the high-ranking officials she wanted to kill.

Chapter 3416 Gloria Is Shocked

Indeed, Levi’s got his eyes on me. He reacts so quickly! Even the Ecclesiastic Order isn’t doing anything yet. Oh no!

It was very troublesome to be under Levi’s scrutiny. He was the only one whom she feared.

If he went looking for her, he could find her very easily.

Floyd continued, “Furthermore, this force definitely has something to do with Sonja and the other three’s disappearance. This mysterious force is also responsible for the Cetus’ attack on our base! It stole the God Crusher too. Master’s guessing that the force is hidden within the Ecclesiastic Order. They are probably not high-rank officials. Instead, they’re just people who are easily glossed over regularly. But there’s something odd...”

Gloria panicked. “What?”

“Master still can’t figure out why the force seems to be very familiar with us. They know him, Forlevia, and everyone well. They even know what’s happening all around the world now, including the fact that Yartran is backing Zarain up. From that perspective, the culprit doesn’t seem like someone from the Ecclesiastic Order.”

Floyd continued, “The North Pavilion is probably the most familiar about external affairs amongst the Ecclesiastic Order. But it’s impossible for the culprit to be anyone in it. Logically speaking, the others in the Ecclesiastic Order probably don’t know about what’s happening outside. Everyone is so arrogant and dignified—they could not even be bothered to find out what’s happening. Perhaps, this is what the force is strong at. They can stoop down from their dignified status and learn more about the lower class, which they so despised.”

Floyd revealed all of Levi’s guesses.

Chapter 3417 Floyd Is Suspicious

"Huh? Are you okay, Gloria?" Floyd was alarmed.

What's wrong? Why is she so scared? This is unbelievable! Is... Is there a problem?

At that moment, Floyd thought that something felt amiss, though he could not put a finger on it.

"A force that can toy around with Master, the Cetus, and the Ecclesiastic Order?" asked Gloria as she trembled, feigning a terrified look.

She also realized that she was overreacting. If this continued, she would be exposed.

"Yeah! This is definitely true for now," replied Floyd firmly.

"Why don't I know about that? I can barely imagine what kind of force could toy around with those three! That's impossible, right?"

Gloria was still in astonishment.

Quickly dispelling his suspicion, Floyd smiled and said, "It's because this force is too good at hiding. Well, no one knows about you too, anyway. But Master's already investigating it and the Ecclesiastic Order is unifying. There's not a lot of space for the force to survive in, so it's easy to discover its existence."

Gloria panicked secretly.

It's true. Everything is disadvantageous to me now.

Since Levi already had his eyes set on this, he could quickly discover her with his abilities.

When Gloria said that, Floyd immediately asked, "What decision?"

"I..."

She started pretending to be shy again. This made him so anxious that he almost broke into a cold sweat.

"Tell me! I'm worried sick!" Floyd kept sighing.

"Floyd, we might not have a chance anymore, so I've decided to entrust myself to you. I want to truly become your woman!" blurted Gloria after mustering her courage.

"What?" At that moment, Floyd thought that he had heard her wrongly.

What did I hear? Gloria wants to become my woman? What?

He felt like he had just been struck by lightning.

Chapter 3419 Becoming The Woman Of Floyd

“Oh, right! We should keep our relationship secret for the time being. I’m in a difficult position now. The Ecclesiastic Order has unified and is about to go against Master! But I’m from West Pavilion. What should I do? If the Ecclesiastic Order finds out about our relationship, they’ll treat me like a traitor. I will definitely die! That’ll be the same outcome as North Pavilion. The Three Sages of North Pavilion died because they became traitors. If Master finds out, he’ll definitely treat me as a traitor and kill me. I’ll be stuck between a rock and a hard place!” Gloria deliberately exaggerated the severity of the issue.

Upon hearing that Gloria might be in danger, Floyd was alarmed. After all, she was more important than anything and anyone.

Her position in Floyd’s heart had just been elevated.

“Don’t worry, I will never reveal this to anyone, including Master and the rest!” promised Floyd firmly.

She’s the most important person to me.

This was how devious Gloria’s tricks could be. After becoming Floyd’s woman, things were different now—he would sacrifice his life for her anytime. It was a piece of cake to make him keep a secret.

Previously, Floyd treated Levi and Gloria as his family. However, his family was now Gloria alone. This drastic change happened in the blink of an eye.

“All right. You should go back! If you’re gone for a long time, Master might be suspicious. You should look for me less frequently from now on,” urged Gloria.

“Okay! I understand.” Floyd left immediately, obeying all of her commands.
