Chapter 3451 Successful Transplant

It was the moment all of them were looking forward to.

Bone Grandmaster did not dare blink lest he missed something.

Sonja and the others watched nervously as well, though they were expecting, even hoping that Gloria would fall short at that critical moment.

To their dismay, Gloria was destined to succeed.

Not only did Levi fail to locate her in time, but the transplant proved successful.

In the end, her body had perfectly incorporated the devourer spiritual bone and began to work its power through her veins.

That was one of the strengths of the devourer spiritual bone.

Other spiritual bone transplants, like the one belonging to the Azure Dragon, required a lot of time for the host body to get used to. Even up to that point, they still had not shown up.

As it remained foreign to the human body, extra time was needed for the practitioner to accustom their system after the procedure.

However, devourer spiritual bones were different.

There was no adaptation process. Instead, the act of giving in to the devourer spiritual bone's instinct for consumption was the adaptation itself.

Therefore, the last step was relatively simple.

"Hah! I made it!" Gloria cackled upon her recovery not long after.

Bone Grandmaster stared at her nervously. "Do you feel any discomfort?"

Chapter 3452 The Power To Anger The Heavens

Originally more shrewd than many male elders, the sudden gain of near-limitless power had not
distorted her sense of reality.

Instead of feeling uncomfortable, Gloria felt that power had been her birthright.

That confidence had been instilled in her long before the transplant.

“Are you seeing this?” Gloria shouted at the Top Ten. “I am a true Paladin! You all are nothing beneath
me!”

Anger glinted in all of their eyes as everything they were proud of now belonged completely to her.

“However,” continued Gloria as she gazed at Sonja and the others once more, “do not despair. I will
fight for your deepest desires as you have for me! Together, the world shall be ours, and we shall live
like kings and queens! Join me and witness the moment of my ascent. You will not die to our foes under
my protection.”

At her words, Bone Grandmaster savored in the imagination of his far-fetched plan to avenge himself on
the Ecclesiastic Order.

“Power!” Bone Grandmaster laughed maniacally. “Unlimited power! Consume everything in sight!”

Gloria did not stop. She intended to swallow everything within the Corpse Pit.

That should take me further than any mortal has gone before!

Chapter 3453 Levi Suspects Floyd

Holy sh*t! If this goes on, who else in the world will be powerful enough to stop Gloria?

The Top Ten closed their eyes with utter desolation by that point, while Sonja and her two companions were similarly dismayed.

It doesn't matter if Levi and the Holy Guild manage to find Gloria now. Even if she isn't strong enough, she can merely escape to buy herself time to accumulate power. It's frightening how there seems to be no end to her limit in sight. She can probably even completely regenerate herself within a single night. It's all over. Nobody can stop her now.

The day Gloria emerged from the mountain would be the day chaos descends on the world.

"Do you know what I want to do right now?" Gloria cried, her face sparkling with anticipation. "I want to fight Levi to assess how far I am behind him!"

"Is Levi that powerful to even intimidate you even with your newfound power?" Bone Grandmaster asked in surprise.

"You'd be a fool not to be afraid of him! I would assume that he is still stronger than I am."

As she spoke, Gloria's mind was cast back to the memory of that battle.

Despite mobilizing the cornerstone divine tools past their limits, the Top Ten was still soundly beaten by Levi who showed no sign of fear of the cornerstone divine tools.

Chapter 3454 Where Will You Run To

At that moment, Floyd had just dealt with Callahan at the Heavenly Base.

Needless to say, it was for Gloria’s sake.

Though Callahan announced himself a representative of the West Pavilion during his public appearance, it was Floyd’s careless brag about leaking a fake trail of his whereabouts that roused Levi’s suspicion.

Sure enough, the news soon spread within the Ecclesiastic Order of the incriminating and inseparable relationship between him and Callahan.

Although the Ecclesiastic Order had attempted to identify the source, their frantic search had been in vain.

Having identified a clear target to pursue, Levi’s search had been narrowed down with many things falling into place.

It makes more sense now!

Levi also sent a message to Floyd to ask him about Callahan, which frightened the boy quite a bit.

He did not expect his master to head straight for the West Pavilion, or even having his sights on Callahan, as Floyd was well aware of Callahan’s identity as one of Gloria’s inner circle members.

Meanwhile, Gloria rushed to find Floyd.

Floyd was unhappy to see her. "Didn't we agree not to meet for some time? Why do you insist on taking such a risk? It would be troublesome if someone discovered you! Luckily, Master is not here. If he is, he would have caught us when I sneak out like this."

Floyd was anxious because Levi had recently asked him about Callahan.

If Floyd was not careful, Levi could find out about Gloria.

Thus, it was dangerous for Gloria to come here to see him.

Gloria looked dejected. "I know it is dangerous, but I miss you! I can't sleep if I don't see you for even one day..."

Her words shattered Floyd's stern stance. "I'm sorry. I shouldn't have blamed you. It's the same with me. I wish to see you and I miss you all the time!"

Floyd pulled Gloria into his embrace.

Gloria trembled slightly. She did not expect Floyd to suddenly hug her.

After all, only those from West Pavilion were familiar with its surroundings and could disappear without a trace.

It was because of how perfect the crime was that it exposed the origin of the perpetrator.

Thus, Levi was sure that it was someone from West Pavilion.

There was no one else who could do that.

Gloria smacked her forehead.

I didn't expect hiding my act too well would end up exposing me? No wonder Levi suspects West Pavilion. If I were him, I would have suspected the same.

On the other hand, Floyd did not find it strange that Gloria was shocked by what he said.

After all, she was someone from West Pavilion.

It was understandable that she would be troubled to find West Pavilion in trouble.

"West Pavilion? That is unbelievable! I never thought someone from West Pavilion could be behind it! Why is there someone like that in West Pavilion?" Gloria pretended to be astounded by the information.

Why Is Gloria So Anxious

Floyd comforted Gloria, "Gloria, don't be afraid! I'm here for you! Even if Callahan drags you into this, I will explain to my master! I will prove to them that you did nothing wrong! Furthermore, I promise to clear your name even if I die!"

That was what Floyd planned to do if there was no option left.

Gloria realized she had behaved out of character. Therefore, she nodded immediately. "Sure, you have to protect me when the time comes!"

Still, Gloria had already figured out a backup plan.

If Callahan exposed her, Floyd was her only chance to victory.

Therefore, she needed to control Floyd to pressure Levi.

However, Floyd did not know that Gloria had the intention to kill.

I can't let Levi find the secret location! He must never know!

Gloria was panicking.

She began contacting Callahan using a special method.

Meanwhile, Callahan arrived at the secret location.

He and Gloria frequently met up at the secret location to discuss their matters and hid many things there.

Suddenly, Gloria used a secret method to contact him, prompting Callahan's expression to change drastically.

Previously, they agreed to only use this secret communication method during the most urgent emergencies.

Since Gloria is contacting me using this, does it mean something severe has happened?

Callahan broke out in cold sweat and began to shudder with fear.

Then, he felt a threatening aura.

"Callahan, listen closely! Levi is now targeting you! You have no chance of escape and have exposed the secret location to him! Furthermore, he is now approaching you!" Gloria's voice sounded.

Callahan could not help but tremble.

Chapter 3459 Coming Closer To The Truth

If Callahan knew that he had been targeted, he might have ended his own life.
He would not have come to the secret location, let alone exposing such an important spot.
Hmm, something is fishy.
Callahan must have only figured out that he had been targeted after arriving at the area.
Levi was irked that he had been too slow. Otherwise, he would have been able to stop Callahan.
Most importantly, it was because he thought someone would come to meet with Callahan here.

The truth was that Gloria was supposed to meet Callahan there.

Levi's guess was right, and he had done the right thing to wait there.

Unfortunately, he had been discovered.

Levi's expression drastically changed as realization struck him hard.

He realized that Callahan must not have figured it out himself; someone must have told him about it.

Someone else realized that Levi was targeting Callahan and knew that Levi was already at the secret location.

Chapter 3460 All Points To Floyd

Fortunately for her, she knew that Levi was one to wait for his prey—he would be waiting for her to come.

Hence, she used that time to get Callahan to destroy all the evidence.

Initially, she was worried that Callahan would refuse to end his own life. If that were to happen, things would become troublesome.

Therefore, the moment earlier was the toughest moment Gloria had to experience in her life.

She never thought she would still have to fear Levi despite how powerful she had become.

But there's nothing I can do about that fear. Levi is simply far too mighty. For now, there's nothing I can do about that.

As Gloria looked up at the sky, she let out a sigh of relief at how she had just escaped death.

It had been a close call for her to escape Levi from right under his nose.

But what about the next time? Will I still be able to flee from him? I'll eventually be exposed. What I need to do right now is to strengthen myself as quickly as I can. I can only stop fearing him if I'm as powerful as him. Hm? That's not right. Floyd! Oh no!

After Levi realized that Callahan had destroyed everything, he soon deciphered that Floyd was the one to reveal his tracks.

Therefore, he went after Floyd.
