Levi ordered as he stared at Gloria and the people near her.

Rumble...

Gloria's face turned pale when she heard that. Has he discovered me? This isn't good! This is really, really bad! I'm doomed!

After being mentioned by Levi, the fear in her heart expanded rapidly.

Her body was shaking, her heart was thumping, and cold sweat was covering her face.

Like the others, she raised her head in fear.

Everyone was terrified.

While her head was raised, she avoided eye contact with Levi.

From Levi's perspective, it didn't seem like there was any difference between those people lowering or raising their heads.

They looked normal at a glance.

When they saw him, they were so afraid that they didn't dare to look at him.

However, he was concerned that the culprit was good at hiding.

He had to use some methods to test out who it was.

His cold gaze swept past their faces.

Chapter 3473 This Is Not Right

What do I do? I'm one foot in the coffin right now! It's already too late for me to fight back! I've missed my golden opportunity to escape! It doesn't matter if I expose my true strength now! I'm going to get killed by him! There's no chance for me to escape his death grip!

I can hear Solocus and the others shouting, but if they don't stop Levi physically, he won't! Is this how I'm going to die?

I thought about how I would die before. Most of them involved me dying as I fought against Levi. I thought I'll perish in a violent battle against him, but dying like this is something I never thought would happen. This is utterly humiliating, but there's nothing I can do! I can only wait for my death now!

"Stop! Stop it now!" Solocus and the others exclaimed.

They tried to stop him, but Levi wasn't paying attention to them at all.

He was going to kill all his suspects, regardless if his target was really hiding among them.

Boom!

Suddenly, Levi, Solocus, and the others noticed someone disappeared from the crowd.

Levi immediately chased after that person and let Gloria live.

The person who suddenly ran away was the Bone Grandmaster.

Even Solocus and the rest raised their brows as they watched Levi.
The tension in the air grew so thick it could be sliced with a blade.
Levi's actions had trampled upon the Ecclesiastic Order's pride greatly.
How dare he threaten to kill our people right before our eyes? That's insulting!
Fortunately, he didn't take action.

Otherwise, it would be embarrassing for the Holy Guild.
Most of the people present were simmering with anger.
They refused to be ridiculed to such an extent.
Besides, Levi was just a reprobate from the outside world.

Most sects from the Ecclesiastic Order were used to Levi's acts, for they had suffered in his hands previously.

However, this was the Holy Guild's first encounter with Levi.
Besides the eight Paladins from the Holy Guild, the rest had never met Levi previously.
Of course, they were mad! They had every right to be.

They would've taken action if Solocus were to give his orders.
Levi was delighted to learn that they couldn't stomach the humiliation.

"Great! Come at me. Take action now! I can wipe you out immediately without having to waste time searching for you," he declared.

Chapter 3475 The Scheme Of Solocus

"Uh..." Solocus and the rest were stumped.

It was likely the organization would have to suffer a great loss if they agreed to the battle.

There might be a possibility that Levi would still be alive even after they sacrifice everyone there!

Indeed, a fight would make them feel better and allow them to rid of the disgrace.

Alas, it was too heavy of a price to pay.

Solocus would have to watch as the Ecclesiastic Order got wiped out of existence under his command.

However, if they refused to take up the challenge, both the Ecclesiastic Order and the Holy Guild would be nailed to the pillar of shame.

That would be their most humiliating day ever!

A reprobate from the outside world had forced them into submission.

How would they explain to the higher-ups of the Ecclesiastic Order and Minister?

In fact, the Ecclesiastic Order's dignity would be destroyed in their hands.

What should we do? Should we accept his challenge? Look at how Levi is provoking us arrogantly!

"Don't back down. Come, take my life. I shall give you a chance to do that!" Levi continued taunting.

Everyone else turned to look at Solocus.

They were waiting for his order.

Chapter 3476 Should I Use Floyd

All the while, Solocus had been making use of the situation.

Accepting the challenge Levi issued wasn't important at all, for his main goal was to win over the masses.

Minister wasn't there, and he could control the entire Ecclesiastic Order, but it couldn't change the fact that he was just a stand-in.

Many members hadn't thought of him as the leader of the Ecclesiastic Order.

Most of them were unhappy at the news.

Hence, he had no control over the masses, for they wouldn't listen to him well.

The Ecclesiastic Order was in danger, and the masses merely elected him to solve the problem.

They didn't really acknowledge him as the leader of the Ecclesiastic Order.

After all, they only had respect for Minister, and Solocus was just a deputy minister.

He could take over the spot temporarily to deal with some problems.

However, he would never appease their worry or gain their respect.

It didn't seem nice to use his own disciple.
Levi couldn't bring himself to do it.
Using Floyd would allow him to get rid of his enemies easily, but he wasn't going to resort to this plan
just yet.
It might be useful at the very end.
However, it was a win in his books, for he successfully caused trouble for the enemies.
He also had to expose himself.
Levi was pretty sure that those from the Ecclesiastic Order would know who the person who escaped
was.

Hmm? Wait a minute. Something seems off. It seems like that person had absorbed a large amount of spiritual energy!

Levi saw the equipment inside the Ecclesiastic Tower, but he didn't know what they were meant for. After seeing the energy core, he knew its function was to store spiritual energy.

However, most of the spiritual energy inside the energy core was gone.

There were only one quarter of spiritual energy left.

The huge fluctuation of energy waves earlier and the loss of spiritual energy proved that someone had absorbed the energy.

How could one absorb that much spiritual energy in such a short time?

Chapter 3478 Too Cruel To Imagine

It was a crucial moment, and there was no time to think but act subconsciously.

No one can accomplish that!

That was why Levi dispelled his suspicions.

Nevertheless, he had no idea Gloria was this bold to take a gamble even though the situation was grave.

The test had ended, but he wanted to kill them all. He'd rather kill everyone than miss the enemy.

Still, she didn't resist.

Even at the brink of death, she refused to reveal anything.

She didn't even mind if she were to die, for she had given up.

Levi didn't know she'd go to this extent.

Meanwhile, after the Ecclesiastic Order dealt with the wounded members, someone stated his doubt.

"Wait. Why did Levi come here for no reason? He wasn't here to fight with us!"

"Mm? Yes, that's right. Why did he even come here?"

Comprehension dawned on everyone.

They were so overcome with their emotions earlier and didn't think much about Levi's arrival.

Levi was searching for someone earlier. He was nearby the Ecclesiastic

How could he? He nearly took Gloria’s life!

Floyd got so emotional that he nearly lost his cool.

After all, his woman nearly got killed.

How could he possibly not be mad?

He couldn’t imagine what life would be without Gloria.

Should he ignore it, or should he take revenge by killing his master?

He couldn’t be sure about it.

Levi was his master, but Gloria was his woman.

"Perhaps it's because the previous few incidents were connected to you. You indirectly leaked the news. He isn't suspicious of you. He is afraid you'll leak the information that he tells you and affect his plan in the future," Gloria explained. "This time, Master nearly caught someone in the act—a traitor of the Ecclesiastic Order. That only serves to prove that he was right."

Floyd nodded. "Yes, these few incidents were related to me. I was at fault! I'm afraid Master won't let me know what he would do or his whereabouts. This is upsetting. It feels like he's trying to sideline me."

Floyd felt upset at Levi's actions, but Gloria was upset as Floyd could no longer provide news regarding Levi to her anymore.

She wouldn't get to know Levi's whereabouts, and that would only put her at a disadvantage.

If Floyd was still useful, she could find out where Levi was and plan ahead of time.

Alas, that wasn't going to happen from now on.

She couldn't help but feel dejected.

Floyd is going to lose his purpose as a pawn. He was really useful previously, but he's no longer useful now. I can't believe this day will arrive this soon. Floyd will soon get to know my real identity, and by then, he'll be totally useless to me.

There wasn't much that Floyd could do now.

She could sow discord between him and Levi so he would assassinate Levi.
