### Chapter 3481 Phoenix Gets Suspicious

Levi wasn't suspecting Floyd on purpose.

As he paid attention to Floyd, he only asked that question casually after spotting Floyd in the crowd.

Following his question, everyone glanced at Floyd.

Azure Dragon and the rest had just asked Floyd the same question a while ago.

Levi's question hit Floyd like a bolt out of the blue.

Alas, the very thing he feared happened.

Master is suspicious of me. Gloria predicted that, but she told me not to expose her.

Floyd began to panic.

"I..." he stammered, at a loss for words.

Obviously, there was something wrong with him.

Levi's gaze grew sharp as he stared at Floyd.

Floyd was shocked.

Her sixth sense told her that something was wrong with Floyd, so she had to keep an eye on him.

In fact, she wanted to head to the Heavenly Base to discuss it with her friends.

She had met Gloria previously. As a woman, she knew Gloria was not an ordinary figure.

Strangely, Floyd seemed to be infatuated with Gloria.

Back then, she found his action strange.

Floyd later claimed they had stopped contacting each other, but her doubts remained.

The recent events and how Floyd grew anxious when Gloria was mentioned all pointed to one thing—something was wrong.

Phoenix was a woman, so she was meticulous and got suspicious of Floyd.

Meanwhile, Gloria was pretty nervous.

She might’ve escaped unscathed, but she knew she was still in danger.

In fact, she was in grave danger.

Levi would investigate her thoroughly, and even the Bone Grandmaster had been exposed.

He was a great help to her.

Besides, she couldn’t keep it a secret for long from the Holy Guild and the Ecclesiastic Order.

"No wonder you're Master Eusof. You sensed my arrival swiftly," Gloria announced with a chuckle.

She thought she managed to sneak in without alerting anyone, but Eusof caught her the moment she got in.

He might be infatuated with creating pills, but he was still a powerful being.

In fact, he was rumored to be stronger than Solocus.

Nevertheless, he did nothing but make pills.

Otherwise, he could've been in charge of the Holy Guild and be the next Minister in line.

Gloria was surprised at how powerful he was.

Indeed, Master Eusof is the most powerful person in the Ecclesiastic Order! Even Solocus isn't his match.  
If the Minister isn't here, he'll be the most powerful person.

She had no idea she would run into the strongest being upon arrival.

Eusof was young and handsome.

His gaze was fixed on Gloria as he noticed something was off.

“Who are you? Why are you here?” he asked.

“Well, I came here to devour all the magical medicine in the Medical Guild,” Gloria revealed with a grin.

“All the magical medicine? Aren’t you afraid of exploding from the excessive energy?” Eusof scoffed.

#### Chapter 3487 Everything Would Soon Change

Hold on... This means I've got a hold of the most complete information at the moment! Xylas has never shown himself to the members of the Ecclesiastic Order, so I wouldn't even have known of his existence otherwise. Looks like they're the ones who removed the spiritual bones from Levi and his friends! Hahaha!

It all makes sense now! The ones in control of the Cetus from behind the scenes are Solocus and Xylas! They're the ones who took the elemental spiritual bones away! Now I see why Solocus is familiar with everything on the outside! Turns out, he already had everything under his control! With his strength almost on par with that of Solocus', Xylas has become the greatest talent in the Ecclesiastic Order!

While Xylas may be really powerful with the elemental spiritual bones, he's nothing but small fry to me! After all, I have both the Ecclesiastic Order and Solocus at my mercy! None of that matters right now, though. What matters is the fact that I now know the location of the Cetus and the elemental spiritual bones, so things are going to get exciting from here on!

If I so much as tell Levi about this, he'll focus all of his rage toward the Cetus and go after them! The Ecclesiastic Order would go after the Cetus too, so there will be chaos everywhere! Not only would it buy me a lot more time, but I might also be able to benefit from the aftermath!

Looks like luck really has been on my side this whole time! I've encountered so many obstacles, but I managed to survive them all just fine! Even in a time of crisis like this, I was able to discover the existence of the Cetus and the Holy Guild's biggest secret.

By leaking this information to the public, I'll buy myself so much time to strengthen myself that Levi won't even stand a chance against me. It'll be too late for them to do anything by the time they realize it was my doing. The discovery of this huge secret has truly shifted the situation in my favor!

#### Chapter 3488 Gloria Stopped Contacting Floyd

Given how much he hated everyone in the Medical Guild and the Holy Guild, there was no way he would spare anyone he got his hands on.

Gloria, on the other hand, continued strengthening herself while making the preparations to set the Cetus up.

Of course, she wouldn’t just leak the information out like that.

She needed to prolong the duration of the chaotic conflict between those different factions and distract them long enough for her to strengthen herself.

Gloria was devouring more and more as she grew stronger.

It wasn’t long before she had completely devoured all the elixir and treasures that she stole from the Medical Guild and the Holy Guild.

Even so, she wasn’t satisfied and continued looking for things that she could devour while slowly completing her preparations to release the information.

Meanwhile, Levi found a lot of clues while searching for Gloria and could sense that she was nearby.

#### Chapter 3489 An Emergency

Gloria's reply would never come no matter how long he waited, so the act of waiting itself was completely pointless, to begin with.

After all, she had no reason to waste her time on a pawn that she had no use for.

Levi had set his sights on Floyd, so he couldn't possibly get any information out to Gloria.

On top of that, there was even a chance that Levi would use him against her.

Therefore, Gloria had deemed him useless and wouldn't contact him unless absolutely necessary.

If anything, the sight of his attempts at contacting her only disgusted her to the core.

Could it be that she has found someone else? Or maybe she's in danger or something? She would never go so long without contacting me, so something must've happened

#### Chapter 3490 Gloria Lashes Out

With that in mind, Gloria racked her brain trying to figure out how she might have accidentally exposed her location to Levi.

As she couldn't think of anything, she took a few deep breaths and called Floyd back.

"What happened, Floyd? Hurry up and tell me!"

Gloria was trembling all over despite trying her hardest to stay calm.

Floyd, on the other hand, was so excited to hear from her that he nearly let out a scream.

"Oh, my goodness! You've finally called me back, Gloria! I've been missing you to death!"
