Chapter 351: He has tens of thousands!

"Qin Yu, is this delicious?"

Brother Yu wanted to change the topic, but he was pulled back by Lazy Cat.

Look at her curious baby and want to try.

Qin Yu nodded and said: "Not bad!"

The silly Lazy Cat's eyes lit up, he picked up a piece with his chopsticks, and held it slightly open with a small mouth.

Woo~

The unique taste filled the mouth crazily, when the sour taste was fermented.

The lazy cat with his hand covering his mouth shed tears of grief.

Cats are so cute, why cheat cats?

Seeing her aggrieved, vomiting and embarrassed, Anadi took the initiative to draw a few pieces of paper and put it into her hand.

"Quickly throw up, few people are used to eating."

Anadi has become accustomed to such a scene, actually among the friends she invited to taste.

No one really likes its taste.

In the Western Regions, not everyone can be used to eating, even my parents don't like it.

Anadi forgot himself, when did he start to like it.

With Anadi's relief, the lazy cat who couldn't bear it turned his head.

'Oh, spit, spit...'

When she turned her head back, the contents of her mouth had already been processed.

He also looked at Qin Yu with a faint look, as if asking, 'Why do you want to deceive Maomao and hurt Maomao's heart?'

Qin Yu sternly smiled and said: "It's really not bad, maybe you are not used to it. Don't Sister Anadi like it very much?"

Seeing that he didn't look like a fake expression, Lazy Cat was dubious: "Is it really that I am not used to it?"

Regarding the innocence and stupidity of the primary school girl, Anadi said she was very helpless.

But she also didn't plan to expose Qin Yu.

After all, Lan Yue's cute look is so cute.

But it's definitely impossible to just let Qin Yu go.

Anadi's eyes rolled and pinched a piece of yogurt lumps, and put it in his mouth at will: "If you like it, please have another piece."

!!!Σ(?Д?ノ)ノ

"Okay!"

Gan.

Putting the yogurt lump in the mouth completely, Brother Yu only hopes that it will turn slowly.

"Huh?" His expression changed slightly, and Qin Yu suddenly felt that the taste was a little different.

It seems... not that bad?

Seeing him squinting his eyes slightly, his expression is slightly enjoyable.

There was a disgust in Anadi, 'is it necessary to pretend to be like this? '

In her heart, Qin Yu has changed from a stranger to a 'scumbag. '

I said it was unpalatable just now, so I can enjoy it immediately.

What else can it be?

tui~

Scum man.

'Do you want to remind the junior girl? 'I found that Lan Yue's eyes were full of love and dependence when looking at the other party.

There was even a strong color of worship, Anadi quietly dismissed his decision.

She is all concerned about each other with a heart.

'Sure enough, the scumbag has a deep routine, and the elementary school girl is tied to death. '

Eating hot pot absent-mindedly, Anadi perfected her "cute girl rescue plan" in her heart. '

It's just that over time.

She began to wonder if she had made a mistake? ?

Qin Yu's meticulous care and petting towards lazy cats didn't seem to be pretending at all.

"Ah~ it's hot!"

The anxious lazy cat scalded his tongue with the blood clot, and Tankou slightly opened his hand to fan the wind.

"Give you."

Passing her the ice juice next to her, Qin Yu reminded her to hold it in her mouth for a while before swallowing.

Lazy cat is coming to 'relatives' in these two days.

If the drink is not right, it should be uncomfortable for several days.

"Hmm~" Lazy Cat took a small sip and nodded repeatedly in his mouth.

Qin Yu used a colander to clamp the blood clot into her plate, and then clamped it into small pieces of just the right size.

Blowing carefully, the lazy cat's mouth doesn't feel hot.

"It just happens to be edible." Pushing the plate in front of her, Qin Yu went to the pot to fish for her favorite spicy beef.

Anadi was envious of this meticulous performance.

'Would you like to be so good? ? '

'Intentionally? '

'Looking at the performance of Lanyue's younger sister, it's not the same. It must have happened many times before I was accustomed to it. '

So, I misunderstood before?

Does he really think the yogurt pimple...not bad?

The heart beats two times together, and the sudden beating seems to be heard by the whole room.

Anadi suddenly grabbed his chest with his hands and lowered his head unnaturally.

"Senior sister?"

Seeing her strange behavior, Lazy Cat was surprised and worried: "Are you uncomfortable?"

I looked up and saw her worried and curious gaze, and Qin Yu also tilted his head to look at herself...

Following his gaze, Anadi quickly let go and sat up straight: "It's okay, I suddenly felt a little uncomfortable just now."

"If you are really uncomfortable, it is better to go to the hospital for an examination as soon as possible."

The position she just grabbed was that the heart was right.

Nowadays, life is under pressure, eating and resting are irregular, and young people like to stay up late.

If the heart is uncomfortable, it is best to check it as soon as possible.

However, her heart is really big...

"Well, I will go if I take the time." Anadi pretended to be generous with the dishes, and said casually: "Qin Yu, are you also in Shanghai opera?"

Qin Yu responded: "I am from Lixin, Department of Finance."

Anadi exaggeratedly smiled and said: "It turns out to be a big money owner in the future. If there is a plan to invest in the entertainment industry in the future, we must give priority to our reputation."

Anadi said and put the lazy cat in his arms: "Who let me have a good school girl? Right?"

The lazy cat with half of the beef hanging out of its mouth nodded blankly, chuckling his mouth.

I sucked all the beef into my mouth, chewed and swallowed it, and then said, "Do you want to invest in making a movie?"

"If that's the case, Shanshan will have a scene to film."

Seeing her enthusiastic and happy look, Qin Yu suddenly had an urge to get into her head.

No other meaning, just want to see how this girl's brain circuit is long.

Did you say anything?

It was obviously Anadi who was talking about it, why suddenly he wanted to make a movie?

At this time, Anadi was also amused by her, and she couldn't help but sucked on the lazy cat's face, and laughed: "Haha, you are so cute."

"Junior girl, making movies is not that simple."

"Even if a small cost is several million, there are only a few that have invested hundreds of thousands of dollars."

Lazy Cat was still immersed in the daze of being kissed by her before, and heard Anadi's voice.

Instinctively responded: "Several millions, Qin Yu has it!"

He raised his head in surprise and looked at Qin Yu, and found that he was eating with a natural expression.

Perceived his gaze, he just smiled, and didn't mean to refute.

Anadi was drawn out of curiosity: "I didn't see it, the junior is still a low-key little local tyrant."

Qin Yu shook his head lightly: "The local tyrant dare not be a little money to live!"

"It's really not too much to cross a few million in Shanghai, but it's not easy... the rich second generation?"

At his age, this is the easiest thing to think of.

At the same time, Anadi finally noticed the watch looming under his sleeve.

Previously, she just glanced at it casually, thinking it was an outdoor watch of some brand.

Thousands of dollars are great.

Observing carefully now, my heart is shocked.

Secretly said, 'Isn't this the hottest Richard Mille in the circle? So, the pink Rolls-Royce Phantom they drove that night was really their own car? '

Chapter 352: Bungalow

"rental?"

Lazy Cat blinked and said in surprise: "Is there a place to rent?"

Anadi also opened his eyes blankly: "Isn't there?"

The two asked and answered, they looked like two dumb-headed geese.

Qin Yu couldn't help laughing: "Cough, things will have to be boiled if you don't eat them."

Anadi also knew that he had made an oolong, awkward and elegant flutter.

"you have not answer my question yet!"

"Rich second generation? No."

Before getting the system, the family can at best be more than a better-off family than a well-off family.

Now!

Probably it is a little better than Xiaokang.

The house I live in is a bit bigger, the car I drove is a bit better, and the food and use are a bit more expensive.

Other than that, it is no different from ordinary people.

Really ordinary family!

Anadi felt a twitch in his stomach and almost didn't vomit.

Bringing millions of Richard Miller, driving nearly 10 million Rolls-Royce Phantom.

This is called an ordinary family?

"Man, do you have any misunderstanding of the word 'normal'?"

After dinner, Anadi called someone to pay the bill.

Put the hat on first, then wrap the scarf around the neck a few times, piled up to block the lower half of the face.

Finally put on the black toad mirror!

Even a familiar person can't recognize her as long as she is not very close.

Out of the door of the hot pot restaurant, the fresh and damp wind blows away the scorching heat.

It also made them smell the bottom of the red oil pot on their bodies.

"The hot pot is delicious, but the taste is too troublesome."

Anadi pulled up her clothes and smelled it, turning her head away with disgust.

Take the perfume out of the bag.

He raised his forehead and sprayed forward twice, and his steps turned forward in a circle.

The smell on my body was suppressed by the smell of perfume and became lighter.

"You guys can also spray it."

Naturally, Qin Yu and Lazy Cat had no objection, and the smell was indeed obvious in the fresh air.

He originally planned to go home and change his clothes after eating.

It can be seen that Lazy Cat obviously has no plans to leave, and discusses the next itinerary with Anadi.
shopping!

It's not easy to come out, free time unattended.

Accompanied by a cute elementary school girl, Anadi decided to take a good stroll today.

"Hengde?" Lazy Cat's tone was flat as if he were going home.

Anadi glanced at her weirdly, then turned his gaze to Qin Yu: "Do you often go?"

Lazy cat tells the truth: "Not very often."

Anadi felt that this was normal, so she heard Lazy Cat continue to say: "Go two or three times a week."

"..." Anadi suddenly felt disappointed and didn't want to go shopping.

What kind of person!

Your innocence is a disguise, right?

Master Fanxue, don't pretend, act quickly!

"Then we'll see you at the Hengde parking lot."

Anadi said, sat in the cute pink BMW mini and drove away.

Cute and compact shape, plus girly pink.

Sure enough, he deserves the title of 'IQ Harvester'.

"Let's go!" The low-key Palamela merged into the traffic and drove in the same direction.

...

"Brother Yu~"

Palamela got familiar with the license plate, and Han Hu and Liu Xing stepped forward quickly.

"Every time I see this license plate, I still feel bullish!"

Han Hu said with emotion to Qin Yu behind the car window: "Brother Yu, when you want to shoot, remember to be the first to notify me."

"There is no show in this life." Qin Yu opened the door and got out of the car after raising the window.

On the way to Hengde, Qin Yu received a call from Liu Xing, saying that he wanted to meet him.

The two of them had no other purpose this time, they just came to give gifts!

I had been waiting for Qin Yu to come to the door before, but waited left and right. Knowing that he had already returned to Hudu, he couldn't wait for anyone.

No way, the two of them can only take the initiative to find the door.

Today, Qin Yu is no longer a small role, nor is it just a friend of wine and meat who eats, drinks and has fun.

But it can bring them enough benefits and benefits, and they need to be treated equally...

And even clinging to the investment prodigy!

The benefits that can be obtained from him are not only Han Hu and Liu Xing.

Even the families behind them are surprised!

Otherwise, do you really think they can have the courage and handwriting to buy a building to make gifts?

"Tell me the business." Liu Xing handed him the paper bag in his hand: "Brother Yu, there is a documentary proof here. Everything that should be done is done. Thank you brother for this matter."

"This is the key... Besides, the house is in disrepair.

Huzi and I mean to find someone to clean up and then give it to you. I want to ask what style do you like? "

This sentence is enough.

He gave him the house again, and asked him to spend money and effort to renovate and tidy the house.

If he really wanted to do this, Qin Yu had lost his sense of measure.

Therefore, it is better for him to find someone to do the renovation.

"I will accept the house. After these two days are finished, I will let my little brother take the lead in a gathering, and then everyone will gather together."

Han Hu and Liu Xing were naturally happy to respond.

It is not exactly what the two of them want to join the new circle where Qin Yu is in.

"Junior school girl, Qin Yu." Anadi, who drove away first, arrived late.

Seeing the strictness of the other party's package, he went directly to Qin Yu.

Han Hu and Liu Xing say goodbye: "Brother Yu, you have to tell us well when you look back."

Before leaving, Han Hu blinked with a wicked smile.

They are all old drivers, and you can tell that this outfit is a star at first glance.

I just don't know if it is the popular corner, or the kind of colorful eighteen lines rushing into the street.

Thinking in his heart, Han Hu deliberately glanced twice when he passed by.

There was an inexplicable surprise in the eyes, 'No way? '

After getting in the car and seeing the three people walking into the mall talking and laughing, Han Hu thought about it, the more things went wrong.

"Liu Xing, are you familiar with the person just now?"

Liu Xing glanced forward, the figure was gone, and he casually said: "Wrapped so tightly, I can see a ghost."

"Why, did you recognize it, let's talk about it?"

Liu Xing smiled and started the car, but he was also curious about which star it was.

Han Hu pondered for a moment, and said uncertainly: "It seems to be... Anadi."

squeak!

The car dashed forward and stopped where it was.

"Fuck, you just relax a little bit." Han Hu held the console with his hand, looking at him angrily.

Liu Xing didn't look at him at all, staring straight at the place where the three of them had disappeared.

"It's Anadi, are you making trouble with me?"

Anadi, that's the true goddess.

How many friends throw a lot of money, and want to get closer to each other.

In the end, they were all blocked by being famous in the world!

Don't think that the other party's boss is a woman, with a baby voice.

It looks soft and weak.

But after so many years in the entertainment industry, there are still wrists and contacts.

What's more, the opponent is still leaning on a big mountain behind him.

The unsuccessful young man can only lament that she has a good boss.

"It's really Anadi?" Liu Xing still didn't believe it.

Han Hu nodded and said, "You know, my little girl admires her very much and talks about her every day."

"I was forced to eat the yogurt lump thing three times."

Thinking of the tragic situation of vomiting three times in a row, Han Hu couldn't help but sway:
"Thinking about it, I feel toothache!"

Liu Xing slapped the steering wheel, "I lost it, Brother Yu, I really took it."

"If you have any words, it's better to hold back."

Seeing that he wanted to understand the inside story, Han Hu persuaded him to keep his business alone.

So many sister-in-laws, suddenly many Anadi.

Become a red star, a public figure.

If it bursts out, I can't cover it. When the backyard catches fire, Brother Yu can't take his skin off.

"Yes, it's better not to talk nonsense about this."

Liu Xing nodded in agreement, but he couldn't help but envy.

"Anadi! Tsk tsk..."

If he had the same ability as Brother Yu, wouldn't it be cool and earth-shaking.

I just don't know how he got Anadi.

That figure, that look...

Ma!

...

The episode happened in the parking lot The three people who were shopping were not clear.

At this moment, they are in the Balenciaga store, looking at stockings...

"Sister Mi asked me to bring her a few pairs back for the filming."

While choosing different styles, Anadi joked: "Sister Mi is my boss, do you want to meet?"

Qin Yu smiled: "Why, are you really staring at me?"

Anadi rolled his eyes: "Yes, handsome guy, staring at the bill in your pocket, are you satisfied?"

"Satisfied, I like to be honest with you."

Qin Yu nodded maturely, and looked at her with satisfied appreciation.

Chapter 353: Stockings...and stockings...

With the look of the old father's affection and approval, Anadi furiously jumped.

Raising Xiaoquanquan, let him taste the taste of Orchid's iron fist of the Western Regions.

However, because of being held by the lazy cat, he didn't make a half-step after earning money for a long time.

Don't look at her thin and weak.

Dance skills require high strength, especially explosive power.

Even if Anadi is famous for being strong, but the lazy cat has a miracle...

"Sister Xiaodi, don't be angry, Qin Yu actually has a very good personality."

Pulling his face unconvinced and grinning, Anadi is still waiting for an opportunity to look for an opportunity.

Lazy cat likes her more!

Sister-in-law, Sister-in-law or something, as if to get it!

"Hmph, my lord has a lot, so it's better not to be as knowledgeable as him."

Anadi patted his chest comfortingly.

Looks so fierce...

White, black, purple, blue.

Letters, lines, bars, fishing nets, sequins...

I bought all kinds of silk stockings to live together, passers-by and shop assistants looked at Qin Yu's eyes.

Become less serious.

How much this man loves stockings makes his girlfriend buy so many stockings.

Moreover, it is the woman who pays for her own money.

Isn't he handsome?

The fact is, being handsome is really amazing.

Except for the unknown, the creators (Master Readers) who observe the entire world.

When it comes to being handsome, Brother Yu is not convinced by anyone!

Of course, the ratio of a powerful and stalwart as powerful as the creator is beyond the reach of extraordinary people.

Can't compare, can't compare!

When Anadi stopped in front of the underwear shop again, when he was about to go in and pick stockings.

Brother Yu couldn't help it: "You came to the mall just to buy stockings?"

Anadi looked down at the silk stockings she was about to hold in her hand, "Ah, have you bought so many?"

Qin Yu reluctantly vomited: "More than that, there are more..."

His hands and arms are full of bags, all of which are silk stockings of various styles.

All together, there is at least fifty or sixty.

Adding so many stockings together is enough to make a cover blockbuster for a year or two.

Qin Yu never expected that rice would love silk stockings so much.

So, her specialty is [Stockings Collector]?

If the two sides come into contact with each other shortly, do a big fight!

Will you get a new title: [Stockings Reaper]? ? ?

Curiosity is not satisfied, Anadi's shopping desire is satisfied.

The lazy cat who ran with him for more than an hour did not buy anything!

In January, the new spring clothes were already on the market.

Autumn and winter clothing also began to engage in some activities, sales promotion!

Discounts are impossible, and it is impossible to burn them.

Just want to buy some specific new styles, you need to match autumn and winter clothes with different prices to be eligible!

This is not the first time a luxury store has done such a thing as a distribution qualification.

Of course, just buy some new mass-produced products.

Except that the price is more expensive, there are no special requirements.

I picked two grandma's spring and summer outfits, and bought several interior outfits in different colors at Dior.

The price is not expensive, only a few hundred thousand.

Just one afternoon passed.

Seeing that he was just picking things for Lan Yue from start to finish, he didn't buy anything.

Anadi looked complicated and said, "Don't you buy it for yourself?"

Qin Yu responded: "I have enough clothes to wear."

Admired, really admired!

Anadi, who previously defined him as a scumbag, would like to ask Lazy Cat.

Where did she find such a good man?

Why can't I meet it myself?

What Anadi didn't know was that countless predecessors had also asked themselves the questions in her heart.

Unfortunately, none of them got the answers they wanted.

Finding that Anadi was a little absent-minded, Lazy Cat supported her arm with concern and asked: "Senior Sister, what's wrong with you?"

Anadi stunned, and forced a smile: "It's okay, maybe it's a little tired."

Lazy cat nodded and said, "I'm tired too."

Turning his head to look at Qin Yu, the lazy cat smiled sweetly: "Tired."

Turning his back to her, he changed the bag in his right hand to his left.

Squatting on both knees, Qin Yu turned his head and hooked back: Come up.

Needless to say, he can understand what he means.

Lazy Cat opened his hands happily and ran forward, pausing in front of him.

A silly jump up!

Didn't go up...

Lazy Cat muttered embarrassedly: "It's too high!"

"Pop!" Anadi felt a sour smell floating in the air.

With his own breath, he burrows into his nose, along his throat and eyes to the lungs.

Then it expands wildly like a spider web, pours into the internal organs, and rushes to the brain.

With the taste of yogurt that she loves so much, sour tears flowed down her eyes.

God, what did I do to be so humiliated? ? ?

...

Eighteenth on the Bund, Ginza おのでら.

Qin Yu likes the sushi and raw food here, and specially ordered the bell of Ms. Ampere, the deputy chef.

The taste was as expected, and Anadi smiled intoxicated.

"Although it can't be compared with top-notch cuisine, the price-performance ratio is already high."

Anadi is also a person who has seen the world, and has eaten top neon dishes a few times.

However, she felt that the presentation and technique were similar.

It's just a little surprised about the ingredients.

"In Neon, there are many unknown chefs who specialize in cooking."

"Their craftsmanship is not worse than that of celebrity chefs. If you have the opportunity, you should try it."

The translator beside Ms. An Pei explained softly: "Ms. An Pei came out of the people."

Nodding their heads in greetings, several people remembered in their hearts and continued to talk and chuckle and ate.

They are not gourmets, they don't have so many insights!

Just remember that if you have the opportunity, you can go to the folk fly shop.

Maybe there will be surprises.

"Ah~" Anadi stretched out contentedly.

Putting down his hands and looking at the time lazily, his eyes suddenly widened: "Oh, it's already so late."

"What's the matter, senior sister, is there anything wrong?" Seeing her anxious look, Lazy Cat also became nervous.

"what!"

Opening her mouth, Anadi suddenly relaxed and smiled: "No, if it's too late to go back, Sister Mi should talk about me again."

"Does the senior sister live nearby?" Lazy Cat was a little curious about the big star's home.

Anadi shook her head and said with a wry smile: "I am too busy at work. Today I will be in Shanghai, and tomorrow will be in Shangdu."

"The world is flying, so... I haven't figured out where to settle."

While speaking, Anadi glanced at Qin Yu horribly.

"??" Meeting her weird gaze, Brother Yu was full of innocence.

Where do you live is your business, what do I do?

Anadi didn't know why she wanted to see him, and her heart was a little irritable.

"I'm going back." Anadi stopped as if thinking of something again when she got up to leave.

"That... Qin Yu, are you interested in investing in film and television dramas?" Anadi thought of a recent incident in the studio, and suddenly wanted to ask him if he was interested.

Qin Yu looked at her and asked, "Seriously?"

Anadi nodded, "Yeah."

Qin Yu thought about it, but didn't let her wait long.

"If it is a high-quality film, I am interested in investing."

Qin Yu jokingly said, "Don't give me a 1% share. That would be too boring."

Anadi took out his mobile phone and said, "Leave a number. I'll let Miss Mi contact you when I turn back."

After exchanging numbers, the two followed suit.

However, instead of going to the parking lot, they came out along the gate.

Walk along the street to the Bund.

After eating, take a walk and digest.

Blowing the sea breeze to see the night view of the Bund, a small day that can't be more arbitrary.

"Qin Yu, look at the performance there." Seeing the street performance in front, the lazy cat ran forward excitedly.

Reluctantly shook his head, Qin Yu also ran up.

Click~

Photographs were formed in his hands, and each one recorded the most beautiful look of the lazy cat.

Sometimes shy, sometimes charming, sometimes cute, sometimes lazy...

She in every picture is so different!

The sand raised in his hand fell suddenly, and the lazy cat screamed and ran away with a smile.

Seeing Qin Yu standing in place, turning into a Luoshaji, couldn't stop smiling.

"Haha, what you look like...haha...so funny."

Seeing his dumbfounded innocent expression, the lazy cat sat on the ground with a smile and couldn't stand up.

She just wanted to create some romance on the beach, which she didn't expect to be like this.

Fiddle with to shake off the sand on your head.

Qin Yu stepped forward to sit next to her, and looked up at the lazy cat's shoulders.

The dark sky, two or three stars.

When I was young, the starry scene has become a precious memory.

Lazy Cat leaned his head on his shoulders, pointed at the lanterns of Wanjia in the distance, and said something twittering.

Neon, sea breeze.

The echo of the waves hitting the embankment, combined with the smile of the lazy cat.

It's so fascinating.

Life is nothing more than this...

Chapter 354: Old man is going to do it

Leisure time always flies quickly.

Brother Yu just rounded all the women around and started school somehow.

Today is the day of the report.

Qin Yu had already talked to Yan Er and Shen Dong on the phone.

The two arrived last week, just waiting for him to come back for drinks and skewers!

"Guardian, go for a drink at night?"

After signing up, when passing by Shen Wanqian's room, Qin Yu grabbed the edge of the door and said to the room: "Take the teacher's feet on your feet, let's get together."

Shen Wanqian put away all the illustrations on the desk, and put away the white and green books.

He replied blankly, 'Okay.'

Both of them were very tacitly silent about the illustrations in that book.

The inexplicable hotness only comes from the hot and cold weather, this weather...inexplicably irritable.

Walking towards the bedroom, Qin Yu couldn't help but think: Lao Shen's aesthetics is not stabbed!

"Second brother, Xiaodongzi, sir, I'm back."

Lifting his foot to kick open the bedroom door, Qin Yu walked into the room at a pace that his six relatives did not recognize.

"I Gan, do you want a big punch bag?"

Yan Er, who was watching Shen Dong playing a game, touched his left palm with his right fist and turned back and forth.

"Would you like to have a big sole of size 45."

Qin Yu lifted his leg and kicked his foot in a beautiful roundabout.

"I'm lost... When did you learn it?" Yan Er smiled happily: "You have to teach me this."

"Go away, family-renowned stunt, I won't pass it on."

Standing behind Shen Dong, Qin Yu looked at the upper right corner of the screen.

A fierce record of 2-13-0.

Brother Yu called out: Good fellow.

In Shen Dong's cursing operation, the 14th head was finally released.

Qin Yu also saw Tian Ye's record.

8-18-20...

Compared with Shen Dong's data, it is much better.

The number of deaths is so high, but also because every time you have to create opportunities for teammates.

Had it not been for him to hold on, this game would have ended long ago!

Even if he didn't watch the live broadcast, Qin Yu could still think of Tian Ye's complaints at this time: I can't take any action! ! !

...

"Don't fight anymore." Shen Dong grabbed the earphones and was about to fall, thinking about it, and then gently put it down.

He wants to continue to be willful, but conditions do not allow it.

On this trip home, his living expenses were cut by one-third.

It's all to blame for the long-tongued woman, my aunt, who is okay to talk in front of my mother, how her son saves.

Boys need to be tempered, not too spoiled, Barabara...

It made my mother unable to pull herself down, and she was also implicated.

Thinking of the half of the living expenses in Xinwei, Shen Dong wanted to cry without tears!

"Brother Tianye, I went out with Brother Yu, and we will play again another day."

"Okay, say hello to Qin Shao for me, hehe..."

After the game, the atmosphere suddenly became heavy: "Brother Yu, I went to Yaodu during the holiday."

Demon City, Yang Youyou.

"Speak clearly." Seeing him nodding, Qin Yu pressed his shoulder: "This is a good thing."

"The old ones don't go, and the new ones don't come." Yan Er said grinningly: "Man, you can afford it, you can put it down."

"Go." Shen Dong waved his hand disgustedly: "Of course you are easy to say, your Xiaobai is so good."

Yan Erhan scratched his head, his eyes filled with triumphant sneer.

"Luck, it's all luck!"

Xia Bai really had nothing to say to him, and Shen Dong was envious of an outsider who saw it.

"Hou Kun didn't report?"

Seeing that the bed belonging to Hou Kun was empty, Qin Yu was a little surprised.

The golden house hides the milk dog, this is not going to go back to the dormitory.

Yan Er glanced at his mouth: "That's good, it's not the right way anyway!"

Shen Dong didn't say anything, his expression was a little dim.

Finally, the two tempered each other, and the relationship eased.

Suddenly something like this happened!

Pong Fu has nothing to do, she has her own choice.

Shen Dong didn't deliberately alienate him, but Hou Kun took the initiative to open the distance.

Thinking about it, there was still a little sadness in my heart, but it was just that, and it passed quickly.

"How to arrange for the evening?" Yan Er looked at Shen Dong.

Shen Dong did his part and said: "I have arranged everything, tonight..."

Ringing!

Seeing the name of the caller ID, Qin Yu turned and walked out: "I will answer the call first."

"Hey... Jinlan."

"Qin Yu, grandpa is dying." Ye Jinlan's voice choked with depression.

Her inner pride did not allow her to show weakness in front of Qin Yu.

"I'm leaving now." As the 'quasi-grandson-in-law of the Ye family,' Qin Yu must be here.

"Second brother, Dongzi, I can't get together at night, I have to go there..."

"In a hurry?"

Seeing him, Yan Er took the key and said, "Go, I'll take you to the airport."

Qin Yu thought for a while, and threw the key to Shen Dong directly: "You use the car first and go."

Seeing that the two had just left, Shen Dong wanted to cry without tears holding the car key in his hand.

Whatever is needed, he hasn't learned a driver's license yet!

Take the latest flight and fly directly to Shangdu.

After leaving the airport gate, the car arranged by Ye Jinlan had arrived.

"School Lieutenant Fan!" Ye Jinlan said that he was the guard of the old man.

"Mr. Qin." The other party nodded unsmilingly.

There is a bit of traffic jam on the road, and the time has become relatively long.

After noticing that Fan Bing was observing himself through the rearview mirror for the Nth time, Qin Yu smiled and said, "Lieutenant Fan has anything to say."

Fanbing looked at him for a moment, and said with a serious face: "Mr. Qin, you and Miss?"

"Do you want to ask about our relationship?" Qin Yu said with a light smile: "It's what you see."

"..." Fanbing was silent.

Fake marriage contracts are nothing new in the world.

But the problem involved is not small at all, if the old man is not there.

If the truth is revealed, not only Ye Jinlan, even if he receives attention from above, it will not be better.

After all, attention is nothing more than attention.

If you want the above to really pay attention, just relying on a Kuafu is not enough.

Fanbing didn't know at this time that Kuafu was no longer so simple.

A lithography machine, leading the world's chip technology for decades.

Both will bring about earth-shaking changes.

Believe that at this time, the upper hand is also secretly worrying about this matter, right?

...

In the Health Bureau, Qin Yu and a group of strangers were standing in the corridor.

When he first arrived, he got news that the old man's condition was very bad, and the doctor was in charge of the rescue.

Only the direct line of the family can enter the ward.

Ye Jinlan was also called in by the old man himself, otherwise she would not be qualified.

"Are you Jinlan's fiancée?" The pale, gloomy young man approached Qin Yu.

Seeing the hostility in the opponent's eyes, Qin Yu sighed helplessly: "I knew there was trouble coming."

The other party ignored his sigh and said: "You can't wade in the muddy water of the Ye Family. If you break the marriage contract with Jinlan as soon as possible, the only thing for you is..."

"Qin Yu, Qin Yu."

Ye Jinlan suddenly appeared in the hallway, and when he saw him, he hurried forward and pulled him into the ward: "Grandpa is awake and wants to see you."

The young man who was warning Qin Yu became more gloomy.

The old man woke up, did not find any family members, but called this outsider in?

In an instant, Qin Yu became a thorn in the eyes and a thorn in the flesh of many people.

Even if the old man is about to be gone, it is Qin Yu's fault to be paid attention to by him.

"Sorry, the old man wants to see me."

Qin Yu smiled at the other party and murmured before leaving: "In addition, my lord, it's 2021 now, and the previous dynasty is dead."

Regardless of the opponent's dark complexion, Qin Yu walked into the room.

"Cough, cough..." The old man was lying on the bed, his face pale, his eyes sunken with light black and purple.

The breath is free, and you can tell at a glance that it won't last long.

"My old man's kidney function has been exhausted..."

The doctor is telling Ye Jinlan's uncle, the current head of the Ye family, about his illness.

Hearing the three words 'kidney function', Qin Yu's expression suddenly moved.

Kidney function, kidney power...

"Jin Lan... let them, cough cough cough... go out, all go out first."

The old man coughed, his body curled up, as if he was about to cough up his lungs.

"Dad, don't get excited." Ye Hua, who was discussing the condition with the doctor, hurried forward.

Several other children also leaned over to the bed: "Dad, you are like this, where should we go?"

"Yes, we have to guard you, don't worry, we are all here!"

"Cough..." The cough gradually turned lighter, and the muddy eyes suddenly became clear, as if there was light blooming.

"Get out, I'm not dead yet!" There was a violent noise, and the noise disappeared.

The few people looked at each other, and finally all looked at Ye Hua.

Against the gaze of the brothers and sisters, I felt the sharp scrutiny of Old Man Ye.

Ye Hua's expression was tangled, and finally, he nodded fiercely, turned and walked outside the door.

He knew what the old man wanted to tell Ye Jinlan and Qin Yu. They were afraid of accidents if they wanted to stay.

The old man left behind the favors and connections, which should be inherited by the Ye family.

Instead of handing it over to an outsider because she loves her granddaughter.

'I'm so confused!'

However, Ye Hua also had his own plans.

Even if the old man fainted and made an irrational decision.

But also have time to arrange and arrange.

With a few of their elders, the Ye Family still hadn't had a turn for Ye Jinlan to be a girl.

After they come out, ask the old man's arrangements, and then deal with them carefully.

Chapter 355: Come, take medicine

"Come here."

In the ward, Mr. Ye called Ye Jinlan and Qin Yu to his side.

So no one was around to anger him, and the old man's breathing was much smoother.

People also seem energetic.

However, both of them can see that this is just a glimpse.

Ye Jinlan's eyes flushed immediately, but he was desperately suppressing the grief in his heart.

At the same time, I feel melancholy for my future destiny.

Once the old man is gone, he can only rely on himself in the future.

"Cough." After a heavy cough, the old man wiped his mouth with paper.

He raised his head and stared at Qin Yu, as if trying to see him through.

Qin Yu just stood there, smiling in response to his scrutiny.

Under his gaze, he was still calm and composed, his expression unchanged.

The old man's eyes gradually softened, and he couldn't help but regret: If I met him a few years earlier...

"I heard that you have a lithography machine on hand?"

Ye Jinlan was stupid as soon as Mr. Ye spoke.

What is it, why didn't I hear the wind?

She naturally didn't know, this news is still being closed.

Only a few people know the inside story.

These people are all in contact with the machine and cannot be concealed.

"Yes, count the time... it should be the end of tomorrow."

Qin Yu confessed decisively, even if the old man had retired.

But the level is there, and someone must have notified him of this kind of thing.

If you want to hide it, it's better to admit it generously.

"Okay, okay... Jin Lan's eyes are good."

The old man was always pleased, as if he was on a stimulant for a while, and he was full of breath in what he said.

Looking at Qin Yu again, the old man also found it more pleasing to the eye, "You should know that even if the things are in your hands, if you want to put them into production, it is difficult for you..."

Now that you have decided to entrust your granddaughter to the other party, it is natural to be tactful.

Young man, arrogant.

If you feel that your face has been lost, you will inevitably have a grudge in your heart.

Although he didn't think the young man in front of him had even this measure.

But the old man couldn't afford to gamble, and he didn't have time to investigate.

Five years earlier, he must have been outspoken: by yourself, you don't know how to die.

"It's a bit difficult, so..." Qin Yu's smile became playful.

"So?" Elder Ye was a little surprised, the other party seemed to have something to follow.

That self-confidence is not like a bluff, is there something you don't know?

Thinking of his appearance technique one after another, what team is behind the rumors.

The power in Barrow is extraordinary...

Elder Ye is really a little uncertain, whether what he thinks is correct.

However, there is no time for him to hesitate now: "Although my old man is no longer able to do it, there is still a bit of human favor."

"Your project will land smoothly, but I have a request."

The old man turned his gaze to Ye Jinlan, his tone softened a bit: "It's better to say... it's a request."

"Grandpa." Ye Jinlan understood what he meant, her eyes reddened again, and teardrops instantly fell.

The old man's eyes widened and said: "Don't cry, you will have to rely on yourself in the future. What problems can crying solve?"

"I want you to marry Jin Lan, not fake, but really take care of her for the rest of my life."

This decision made the old man feel entangled in his heart.

In fact, even now, Qin Yu is not the best choice in his heart.

There are many aristocratic families in Shangdu, and it is not that there is no one who can compare with Ye family.

And his old friend's house also has a child of the right age.

Although the other party is not interesting, but if he can pull down his old face and beg for death.

Bao Ye Jinlan was wealthy and wealthy throughout his life.

Unfortunately, she didn't want these.

People are about to die, and the obsession of the old man's heart is gradually let go.

Since this is what she wants, then do it as she wants.

Relying on my old face, I ensure that no one in the chip industry can understand and is in the hands of two people.

Put a few more layers of insurance, as if the two are divorced.

Qin Yu's shares need to be transferred to Jinlan girl half and so on...

In this way, she should be able to fulfill her wish, which is also the limit that the old man can do.

While he was thinking about whether the plan was disclosed, Qin Yu suddenly interrupted: "Well, I have a medicine here, do you want to try it?"

"..."

A piece of clean tin paper without a word on it.

Not to mention the factory standard, anti-counterfeiting, etc.

Looking at Qin Yu's three-non-products in tin cardboard, the grandfather and grandson looked at each other.

Does he use this to fool the old man? ? ?

He is dying, not dementia!

Qin Yu smiled unchanged, and said: "You should know your physical condition, even if it doesn't work, it won't be worse than it is now."

Qin Yu was already expressing her meaning very tactfully.

When a dead horse is a living horse, it will die anyway.

Even if it doesn't work, it's a death, it doesn't make a difference.

"Qin Yu, don't mess around." Ye Jinlan was a little nervous, because she found that grandpa was a little moved.

If something goes wrong with this, buckle the big hat.

Things are not as simple as it is now.

"I just suggest, it's up to the old man to try it."

Ye Lao stared at him for a long while, thinking of his physical condition, the doctor said that he couldn't last three days at most.

The brats still wanted to hide from him, but the doctor glared at him and said everything.

Which dare to hide?

Three days is already the limit.

Left and right are dead, the old man decided to try.

"This thing comes from the team behind you?" The old man looked at Qin Yu while holding the unfamiliar medicine pill.

Keep smiling and keep quiet.

The more you say is more wrong, the less you say is at a loss, and it's up to him to guess.

Qin Yu can't tell the origin of the medicine...

The old fox is full of intestines, guess for yourself!

What's more, it is still unknown whether this medicine has any effect.

Now I'm boasting about Haikou, and I'll look better when I'll be slapped in the face.

"Jin Lan, ask the doctor to come."

Seeing the old man swallow the medicine, Qin Yu decisively asked her to call a doctor.

Ye Jinlan said in surprise: "So fast?"

No matter how magical a pill is, it also takes time to evaporate and have an effect.

How can it work as soon as it is swallowed? ?

"I, I seem to feel a little more comfortable." Qin Yu doesn't need to speak, the old man Ye on the hospital bed has already given her the answer.

The dark-purple sunken eye sockets were obviously rosy, and the pain of the body was gradually weakening.

Still have strength...

The old man tried to sit up with his own strength, and Ye Jinlan hurried to help.

Judging from his performance in the past two days, the old man has difficulty even turning over, let alone sitting... sitting...

Sit up!

"Grandpa?" Ye Jinlan Pear Flower's rainy face showed a surprise smile.

If she hadn't seen it with her own eyes, she wouldn't believe that things would change in such a dramatic way.

"I think it's better to call the doctor."

"Yes, please call the doctor." Old man Ye felt more anxious than anyone else.

If you can live a few more years, watch your granddaughter get married and start a family.

It is best to have a great-grandson around his knees, and he will have no regrets in this life.

"Okay, I'll go now." Ye Jinlan cried with joy, turning around and going out.

Sweeping his eyes across Qin Yu, his gratitude is self-evident.

"By the way, don't talk to anyone about it yet." The old man deliberately asked: "Lest you have time to rejoice."

When Ye Jinlan calmed down, she walked out of the room with a gloomy expression.

Qin Yu had to sigh with emotion that a woman deserves to be a born actor.

As for Father Ye's excuse, the inside and outside are just an excuse, but it doesn't matter whether it's credible.

"Qin...Little friend." The word Xiaoyu couldn't be said anyway.

"The old man is still the same as before, just call Xiaoyu directly." Qin Yu smiled.

Hearing what he said, Ye Lao was no longer polite: "Okay, then my old man is not polite."

"Xiaoyu, your medicine?" Ye Lao cared most about the pills he took out.

Just after eating, there was such an obvious reaction.

This.....

Isn't that the magic medicine?

Human technology has reached such a terrifying point Why does he never know?

Or...what's the secret in this?

"Lao Ye, I have to wait for the doctor to determine if it is effective." Qin Yu turned the medicine in his hand, and put it back into his pocket under Ye Lao's intent gaze.

"As for where the medicine comes from, please forgive Ye Lao!"

Choosing to use "Miracle Kidney Power" to treat Ye Lao is a gambling element.

For one thing, the effect of betting on pills is not too exaggerated.

Second, the gambling system will arrange the origin of the 'pill' without any disclosure.

For the third time, betting that Ye Lao is just as rumors to the outside world, doing things fair and emphasizing love and justice.

Chapter 356: Ye Jinlan's changes

Soon, the ward became busy.

Various instruments came and went in and out of the ward, but the Ye family looked at each other.

What's the matter? ?

When the doctor appeared again, he muttered with a puzzled look: "This is not right, it's impossible~"

Ye Hua couldn't help calling the other person: "Doctor, what's wrong with my dad?"

"Ah~ Ye Shangshu."

The doctor stopped and said with a surprised look: "That... the old man's disease is healed."

...

After all the items were checked, the doctor also accepted the facts he saw.

"If it is right or wrong, it should be said to be suppressed."

Pointing to the film, the doctor explained: "Look, the atrophy of kidney function originally caused a series of problems."

"But...I can't explain, Ye Lao's condition got better anyway."

"This is a good thing."

The doctor roughly guessed the problem, and all the changes occurred after Qin Yu entered the ward.

It must be what he did that made Ye Lao's condition be contained.

However, with Ye Lao's age and physical fitness.

Even if the condition is contained and relieved, I am afraid that there is not much time.

...

In the ward, Qin Yu handed all the remaining 5 tablets of Sanwu products to Ye Lao.

"I only have so much, how long can I last..."

How long it can last depends on Ye Lao's own fate.

As for whether you will get the 'kidney power' rewards in the follow-up, those are all things to follow.

In short, he really only has so many in his hands now.

"Xiaoyu, thank you."

Elder Ye grabbed his shoulder, and said earnestly, "Your business in the future will be my old man's business."

This was a bit heavy, mainly because Ye Lao was overly excited from death to life.

Qin Yu wouldn't hold back the favor, and smiled: "I just want to do a little business and live a stable life."

"Just do it, my old man can last a few more years!"

Ye Lao cast his gaze at his granddaughter, his eyes twinkling, it was clear that he was thinking about something.

What power is behind Qin Yu is still a mystery.

Just like him.

But for the moment, he is a good boy who knows the truth and knows good and evil.

Just be able to get that lithography machine and settle the project in the abandoned capital.

You can see the opposite direction!

Life...

It's a bit corrupt.

But the other party is just an ordinary businessman, doing business and making some money.

No one can say anything if you love me.

In addition, it is normal for young people to be promising and to be more romantic.

When he was young, it was not a song every night, he had to turn more than a dozen a day...

Cough!

"When people are old, they always like to remember the past." Looking at the two young people, Ye Lao said with earnest and earnest words: "You young people, in the future, you still need to get closer."

...

Out of the ward, watching the Ye family crowd in, squeezed into the ward.

Of all the compliments and concerns, some of them are sincere.

I'm afraid only Ye Lao knew it in his heart.

As for those strange gazes, Ye Lao temporarily suppressed him, and he was not afraid of anything.

This time, he was right.

How long Ye Lao can last is still unknown.

But as long as he can last for half a year, Brother Yu will be confident that he will not be as passive as he is now.

However, things still have to come one by one.

The first problem to be solved must be the Cheng family.

Now that you have been guilty, don't think of anything to settle down.

Or the other party will have a large number of adults and don't care about it.

Really holding such a naive idea, it's useless even if you don't lean against Zhoushan.

After seeing Qin Yu coming out, Ye Jinlan asked in thought, "What are you thinking?"

With restraint, Qin Yu calmly said: "Business matters."

"Thank you this time, Qin Yu."

Ye Jinlan's mood at this time was the most complicated, he was overjoyed and compassionate, and he was extremely excited after being born.

She couldn't keep her calm in the past.

"It's just a coincidence. If Ye Lao got another disease, the medicine I gave may not work."

Qin Yu didn't say anything nonsense about this. The most powerful function of kidney power is the kidney.

Other improvements will be weaker.

This is what Brother Yu has personally experienced.

Seven nights battles, I didn't feel the slightest fatigue, I can see it just by this point.

No matter what, the turmoil in the Ye family was put on hold.

Ye Jinlan also has buffer time to develop his strength.

This time, what happened to Ye Lao suddenly critically ill.

Let Ye Jinlan understand a truth.

People can only rely on themselves in the end, and only the power in their own hands is true.

...

Returning to Hudu, Qin Yu received a piece of good news as soon as he got off the plane.

The lithography machine has reached Kuafu.

To be precise, the machine is placed in the warehouse of the local Yamen, and Kuafu's people take over and take care of it.

At the same time, a group of mysterious scientists stationed in the warehouse.

"As long as things are not damaged, they are free."

"This thing is expensive. I don't have a place to do maintenance. Be careful."

"Well... let them learn slowly first, don't break things."

"There is not enough space, there is not enough space. You can find someone who can grant land. Why do you find me?"

After exchanging opinions with Xu Hao, the other party turned around and went to find Ye Jinlan.

There is not enough space to find people who can grant land, but Brother Yu said this himself.

If you let Qin Yu know, he would be sold by Xu Hao again.

Maybe he will be directly transferred back to the abandoned capital and strangle him alive with his hands.

Anyway, he was like this, it was not saved at first sight!

The next few days were calm and calm, and Qin Yu stayed in the school every day to attend classes with peace of mind.

If you have time, take time to stay at No.1 Seaview, No.1 Riverside and Oriental Garden for one night.

In addition, the garden house has officially started to be repaired.

Qin Yu left it to Wen Yaxuan to do the design, but this time she found a few partners for her.

Jinxu Studio, Qian Zhaofu, Wen Yaxuan participated in the design as "Party A".

You don't need to ask to know that there will definitely be friction between the two parties.

This is a very good training for Wen Yaxuan, and I hope she can gain something.

...

Shangdu, Ye's family.

Since the old man was discharged from the hospital, people from the families who can rank in the top have come to pay a visit.

All kinds of gifts are piled up like a mountain, and Ye Lao always accepts all those who come.

However, after the guests left.

The Ye family will immediately prepare a return gift of equal value and send it to the door in person.

This gift-giver was not someone else, but Ye Jinlan.

Today, Ye Jinlan is coming to give the Cheng family a gift.

"Miss, Shi Lang Cheng is also at home, will it?" Ye Lao's body has improved, Fan Bing no longer sullen his face every day, with a faint smile on his mouth.

If you don't pay attention, you really can't tell that he is smiling.

"It doesn't matter, we leave the present."

Ye Jinlan rubbed his head, recalling the appearance, information and position of everyone in the Cheng family.

These days, she doesn't have a minute to spare.

It's not running around between families and giving back gifts to each other on behalf of Grandpa.

It was memorizing information about members of the aristocratic family, entanglements with the Ye family, positions, and so on.

In the past, Ye Jinlan wanted to leave the Ye family with all his heart, and never cared about it.

All he knows is only a few friends who have made friends with the Ye family, who often come to visit Grandpa's uncles.

This time, she sorted out all the information of the Shangdu family.

It is precisely because of this that her temples have been humming in the past two days.

This is a manifestation of lack of sleep and excessive use of the brain!

"Miss, here it is." Fanbing parked the car in front of Cheng's house.

Get out of the car and open the door for Ye Jinlan. Someone has already come out of the Cheng family's door.

Looking at Cheng Yaojin who was standing at the door, Fanbing walked to the trunk blankly to get the present.

These things are not something he can intervene. It is Fanbing's job to drive the young lady and protect her safety.

"Jinlan!" Looking at Ye Jinlan, who seemed to have changed himself, Cheng Yaojin's expression was extremely complicated.

Ye Jinlan looked at him with a calm expression, and said coldly: "Please call me Ye Jinlan. I'm already engaged. I don't want my fiancée to misunderstand!"

"Why is he?"

Cheng Yaojin growled with a gloomy expression: "So, did you just treat me as a fool?"

Ye Jinlan didn't explain, even if he explained the other party, he wouldn't believe it.

She just didn't want to participate in the **** of the family, she wanted to leave.

But now, she knew that even if she wanted to leave, it wouldn't be in this way.

If you can't even save yourself, how can you leave?

However, Cheng Yaojin would never believe this.

Let Miss Ye Family not do it, want to be a commoner?

Broken brain?

Since it is useless to explain, why bother to explain.

Watching Fanbing move out the gift, Ye Jinlan motioned to him to send it over: "This is a gift from Grandpa."

Without waiting for Cheng Yaojin to respond, he opened the car door and sat in.

Ye Jinlan expressed his attitude with actions: there is nothing to say between us.

Cheng Yaojin stood there without saying a word, staring at the woman in the car.

Fanbing held the gift in both hands and stood beside him waiting.

After a long time, Cheng Yaojin clasped a fist to Fanbing and leaned, "Thank you, Mr. Ye for the gift. I received it from the Cheng family."

Chapter 357: Dream~

"Cheng family, you have to be careful... I owe you this time."

"It doesn't matter whether you owe it or not, in the eyes of the Shangdu family, I abducted Ye Family Pearl, hehe..."

Ye Jinlan felt happy when she heard the insincere smile in her ears.

"But how do I feel that you are a little bit off guard?"

"Ashamed."

"Don't ask, ask is that you are good, but I don't deserve it."

Ye Jinlan looked dazed, her breathing stopped, and then she shouted: "Qin Yu, you bastard!"

Qin Yu, who was far away in Hudu, took the microphone far away and heard her cursing constantly.

Resolutely hung up the phone, Qin Yu said with a smile, "Little Niangpi is very energetic!"

"Brother Yu, who is this again?" Yan Er drink who was on the other side blushed.

Qin Yu was about to answer, and Shen Wanqian said first: "A confidant must be a confidant!"

Qin Yu nodded and smiled: "Yes, confidante!"

Che Xuan's eyes were blurred, his face flushed like a monkey, and he knocked a chopstick on a tea bowl in his hand.

Ding ding, ding.

"Life has a confidant, wonderful, wonderful, wonderful~"

"Wonderful, wonderful... fart! Being able to sleep is the truth, everything else is hiccups... nonsense!"

Yan Er put his arm on Che Xuan's shoulder, and the two argued as brothers and sisters.

Xu Hao held the wine glass, lowered his head and shook left and right, hiccups constantly.

Except for Qin Yu, the instructor Shen Wanqian was the most sober.

He squinted and sat there smiling, holding a few peanuts in his hand.

Throw one into your mouth and chew.

Finally mixed with the wine and swallowed, "Ah~tsk..."

Put down the wine glass and fill yourself up again.

A grain of peanuts throws a precise arc and falls into the mouth.

Ha ha ha ha...

"Brother Yu, I'm uncomfortable!" Shen Dong raised his head, his eyes had lost focus.

This kid came up with tons and tons, and even two bottles!

I didn't eat a bite of the dish, and it was not uncomfortable.

"Why did you say she didn't look at me?" Shen Dong's expression was distressed, and he really couldn't understand.

It's true that she is an ordinary family, but she hasn't been so good at Yangyou.

In terms of appearance, melon seeds, face, jaws were thin.

Dressed up a little, Shen Dong is also a handsome guy.

It's nothing worse than her raising pomelo, so why would you send yourself a good person card?

"You are a good person."

Hehe, I'll just go...

thank you!

"Can't let it go?"

Brother Yu asked amused: "Would you like to arrange it for you?"

"Ann... arrange..."

The next day, waiting for Shen Dong's brain to regain consciousness.

The first thing I noticed is heavy, so heavy...

The limbs and chest seemed to be crushed by a large rock, which made people breathless.

Desperately dispelling the exhaustion in his mind, Shen Dong opened his eyes.

She has long, smooth black hair scattered on her shoulders, and the scent of the shampoo smells good.

On the left is short golden hair, which is very well managed.

On the right is long gray hair, also scattered behind him.

It's just a figure from the back, making his heart beat faster, so white, so thin...

The squeezed wrist hooks inward, grabs, grabs!

Um, soft~

Although there was no way to raise his head, Shen Dong was also clearly aware of it.

There are two more...

Keng Keng!

"Dongzi, Dongzi?" Yan Er's voice came from outside the door.

Shen Dong no longer cares about entanglement, is he pretending to sleep, or pretending to sleep? ?

Carefully withdraw his hand, and then push away... on his body and legs.

Feeling a little lost inexplicably, he walked out the door quickly.

Opening the bedroom door, Shen Dong saw the living room covered with clothes and stockings.

"Tongzi? This kid won't give up, right?"

Outside the door was Yan Er suspiciously talking to himself.

Reluctantly scratching his head, Shen Dong was too lazy to cover up, and opened the door directly.

"Damn, tell me not to open the door for a long time, you..."

The spoils everywhere made Yan Er hesitate to say something, showing a familiar smile of lsp.

"Hey, Dong brother, did you fly cool last night?"

Shen Dong scratched his head, his eyes blankly annoyed: "I don't remember anything."

Shen Dong felt even more depressed when he thought that he didn't even remember anything.

Are you letting people sleep?

Or was it turned to sleep? ?

I don't know if it is true or the result of psychological suggestion.

Shen Dong supported his lower waist with his left hand.

Kidney pain!

The waist is pierced and pierced.

"Where is Brother Yu?" Shen Dong was curious.

Yan Erda stabs lying on the sofa: "Leave early...Come on, my brother will show you something good."

Yan Eryan smiled and took out his mobile phone and turned on the video to aim at Shen Dong.

In the shaky and dim picture, the drunk-eyed Shen Dong hugged from left to right.

He kept yelling: "Kiss, kiss."

Seeing his performance in the video, Yan Er laughed wantonly.

Shen Dong fell heavily on the sofa.

Stop talking and let me die!

...

"The overall design of the house is based on your ideas, you treat them as part-time workers, and make an exception when you need to make a decision."

"You are Party A, the father of the gold master, what are you worried about their thoughts?"

"If you spend money, why can't you change it?"

After taking Wen Yaxuan's reassurance pill, Qin Yu's cell phone rang again.

This time it was from the studio: "Mr. Qin, Ms. Wen's design is completely inclined to personal preference, which will affect the overall style..."

The other party's meaning is very simple, Xuan Xuan's design is too niche and girlish.

This is likely to affect the feelings of residents and secondary sales.

Qin Yu's answer is also very simple: "This house is for her, she doesn't know yet, I want to give her a surprise!"

No need to say anything, the other side already knows what to do.

You only care about the design, subsequent content filling and detail supplementation.

All the scattered tasks are left to us.

Beat the workers diligently!

Is this the master's father designing the house?

This is to please girls, pick up girls...

The most important thing in doing business is to figure out what the key points are.

As long as Miss Wen is satisfied with this list, the sponsor's father will readily pay for it.

What should I do, do I need someone to teach it?

After a while, Yan Er and Shen Dong returned.

Qin Yu, who was playing the notes, sat up and joked, "How did you play last night?"

"Yeah!" Shen Dongsheng nodded irresponsibly.

Putting his body on the bed, Shen Dong didn't want to say anything now.

He has died in the dormitory!

correct.....

"Brother Yu, that video last night." Shen Dong held the last glimmer of hope.

Only Yan Er saw his embarrassed side, so that he felt that he could be rescued.

"What video?" Qin Yu turned to the bright gaze of Shen Dong: "Oh, you said that."

"Teacher Che and the instructor are also there, we have seen them all."

Click~

Shen Dong only felt an invisible lightning falling on his head, and his whole body was instantly blackened and cracked.

As soon as the cold wind blows, it turns into fly ash and disappears into the world.

Therefore, not only the two of them saw, but also the old car and old Shen.

Die, or die!

Hopeless.....

"Hey~" One stood up and jumped out of the bed, Shen Dong clenched his fists.

The soul of middle two exuded all over his body: "Make money for money, or make money is the most real thing."

"When I get the money, Brother Yu, I will definitely arrange one for you."

Yan Er smiled when he found out that the dumbbell was holding and lifting, and asked, "What about me?"

"How can I forget my second brother, it must be arranged."

Shen Dong waved his hand and said boldly.

Yan Er smiled and shook his head decisively: "Forget it, I always feel that your kid is not at ease."

"How is it possible." Shen Dong smiled awkwardly.

He didn't want to do anything, he just planned to give his second brother a short video.

If you have time, please Xia Bai sister-in-law to taste and taste.

No other meaning, mainly to promote harmony between the two couples.

Who makes himself a good brother of the second elder brother!

"Go away, you know you didn't follow your good intentions at a glance."

As if seeing through his thoughts, Yan Er smiled and cursed: "Ghosts believe, I have to guard our family Xiaobai like a jade."

"Oh~" Qin Yu and Shen Dong turned and vomited at the same time.

Such a brazen person is rare in his life!

"Yes, you two are chatting slowly, I'll leave first."

Lazy cat sent a message asking him to visit Teacher Shen's house.

It seems that there will be two more weeks before the official interview with the Royal Dance Company.

Some things have to be arranged in advance.

Shen Dong wanted Lazy Cat to make his own decision, but she had to ask Qin Yu to discuss it together.

Implication: What he says is what he says.

In this regard, Shen Bing could only sigh helplessly, but his heart was strange.

During the recent period, she has always had some strange dreams.

In her dream , dressed in white and green tulle, she slept in the middle of a majestic palace.

A faint mysterious white mist surrounds him.

On both sides of the palace stood horrible stone sculptures of demons.

She can see the inside of the entire palace, but she can't wake up from her deep sleep.

Until last night, a figure broke the ten-foot-high gate of the palace.

As the cold wind entered the hall, the quiet stone sculptures of demons began to crack and explode.

Between her and the coming people.

What makes her uneasy, all feelings are tangled...

The face of that figure was exactly the same as Qin Yu.

Chapter 358: compromise

Walking along the trail to the teaching building, Qin Yu's expression was full of joy.

[A big gun] broke the record for the first time last night!

Fight out of the 'Valley of Extinction,' cut down the [Devil Dragon] and open the gate of the palace.

Then, Brother Gun was hacked to death by the resurrected guard demon lord in the palace...

At that time, the scene was terrible, and flesh and blood flew around.

The last picture that Brother Gun saw was the chopped jo flying towards the sleeping beauty witch in the middle of the palace.

I don't know how coquettish the jo's style is!

From opening the door to the recovery of the "Petrochemical Demon Lord", it only takes 2 seconds.

Therefore, the idea of solving them before the demon lord recovers is useless.

There are a total of 8 demon lords in the hall, and each one has the strength of [hero] level.

The two lords closest to the center of the seal, [Cynical Bull] and [Jealous Snake] are the strongest.

Even if singled out, the strength of the gun brother is not enough.

"The gun is not hard enough, you have to continue to polish it!"

Meng whispered, Qin Yuren was already standing at the door of Teacher Shen's house: "Mr. Shen..."

Called to open the door, Shen Bing walked in coldly with his brows: "You guys, let's discuss it!"

Click it!

The door of the back room was closed, leaving Qin Yu, Lazy Cat, and Xuan Xuan in the living room staring at each other speechlessly.

"Why, did you make Teacher Shen angry?" Brother Yu was baffled by this blank eye.

Wen Yaxuan scratched her head: "No, just mother is quite happy."

"Maybe it's my problem." Lazy cat guessed that he didn't listen to her, which made the teacher angry.

As everyone knows, the most innocent one on the scene.

Is the culprit!

The dream last night made Shen Bing a little uneasy, and he didn't know how to face it.

A woman dreams of a man.

What does this mean? ?

Old-school she can only think of one reason, and this reason is the most unacceptable to her.

...

Said it was a discussion, but the lazy cat was actually talking about it, Wen Yaxuan added.

Qin Yu was a listener quietly.

Two weeks later, it's not too early to go now.

"Has accommodation arrangements been made?"

According to the previous plan, Qin Yu is going to go with her.

But the lithography machine at the abandoned city disrupted his schedule.

Qin Yu needs to go back.

In addition, others will also be there, including Cheng Yaojin.

The chip manufacturing plant will be controlled by Kuafu in the form of a 'subsidiary'.

Meeting is also to negotiate the issue of shares!

"It doesn't matter, it's okay for Teacher Shen to accompany me, just stay in a nearby hotel."

Lazy Cat knows that he has a lot of important things to do, and he can't help him in these things.

The only thing that can be done is not to add obstacles to him!

"In this way, I will arrange accommodation, and someone will pick you up at the airport."

Qin Yu thought about it, and decided to say hello to Ye Jinlan.

Since Ye Lao knows the women around him so well, it means that Ye Jinlan knows everything too.

So, there is nothing to hide.

In addition, calling Ye Jinlan also has another meaning.

Everyone said that the competition within the Royal Dance Company is fierce, and it is impossible to be selected without any background and relationship.

Then, there was a greeting from the Ye family.

Is this background enough? ? ?

After receiving Qin Yu's call, Ye Jinlan was a little surprised: "It's strange, you actually called me?"

"Have you ever heard of not going to the Three Treasures Palace?"

The other party's frank attitude made Ye Jinlan speechless: "Let's talk, what's the matter?"

"In two days, there is a friend who is going to do some work, and I want you to send someone to receive him."

"Male, female?"

"female."

"Is that a girlfriend?" Ye Jinlan said in a playful tone: "I think about it... Lan Yue, right?"

Sure enough, Ye Jinlan knew the woman next to him well.

"Well, go to take the exam for the Royal Dance Company." Qin Yu responded.

There was a moment of silence on the other side, and a faint smile came: "How can you be sure that I will agree?"

Qin Yu smiled back: "Because you are a qualified partner."

Ye Jinlan asked, "Is it just like this?"

"Otherwise?" Qin Yu asked back: "What else?"

The marriage contract between them was originally a transaction, and it is the same now.

In fact, Qin Yu has mentioned whether he announced the dissolution of the marriage contract.

Now Ye Lao can hold on for a few more years, leaving enough time for Ye Jinlan.

There is no need to pretend to protect yourself on the grounds of engagement.

However, every time he brought up this topic, Ye Lao smiled and led the topic elsewhere.

The old fox didn't mean to answer at all, making him helpless!

"Understood..." Ye Jinlan's tone was a little lost.

However, in a blink of an eye he became strong again: "Don't worry, I will arrange it."

Qin Yu said sincerely: "Thanks."

"If you want to thank you, I should be the one to thank you... Let's talk again when you meet at the waste capital!"

Within a few minutes of hanging up, Ye Jinlan sent him a number.

At the same time, there are arrangements for accommodation, car use, and driver.

Seeing that she left her driver, Lieutenant Fanbing, to Lazy Cat.

The last trace of worry in Qin Yu's heart disappeared.

With him, even if Cheng Yaojin has any arrangements, I believe he will be blocked back!

"It's done, remember this call, the person who picked you up is Fanbing, the on-the-job lieutenant..."

Forward the information to Lazy Cat and ask her to behave well.

So I decided to take the exam for the Royal Dance Company.

The air ticket was booked the day after tomorrow, just like Qin Yu.

There was a difference of 40 minutes before and after, so I could just walk together.

"Shanshan said, I will see you off at that time." Wen Yaxuan remembered Jiang Xiaoshan's request and hurriedly told them the news.

"Then it's settled." Qin Yu got up and looked at the bedroom, knowing when there was a gap in the door.

Pretending that nothing happened, he shouted into the room: "Mr. Shen, then we will leave first."

"Cough, um!" Shen Bing's calm voice came from the room, and the door closed quietly.

Seeing this scene, Qin Yu thought amused: her daughter is so old, she's quite arrogant!

"I'll send you off." Wen Yaxuan picked up her jacket calmly, and walked to the door behind them.

Seeing her thief, she clearly wanted to follow the two of them.

The marrow knows the taste.

It is the period of passionate love, and I have just experienced the beauty of it.

Watching others accept the moisture of rain and dew every day, the face is full of red light...

How can Wen Yaxuan bear it because she has no share?

Just as she was about to walk out the door, Wen Yaxuan's face showed a little bit of complacency.

He winked and motioned for the two to be quiet.

Squeak~

The door of the room behind him opened, and Shen Bing stood at the door quietly looking at her back.

Wen Yaxuan raised her right foot and retracted backwards like a replay: "Then I won't send you off, bye."

Weeping face made a helpless move, Wen Yaxuan was about to close the door with her head down.

"Go, come back in the evening... before 12 o'clock." The harsh voice came into her ears, which was the biggest compromise she could make.

Click it!

The door closed again, Wen Yaxuan jumped up and turned around excitedly, and shouted into the house: "Mom, I love you."

"Remember to come back on time."

"Okay, I promise."

She quickly put on her coat, closed the door, and Wen Yaxuan took the two of them and ran to the parking lot.

Shortly before the path of the parking lot, panting Wen Yaxuan stopped.

She was afraid that Teacher Shen would suddenly repent and would not let herself out.

Even if she is a mother and daughter, it is often difficult for her to understand her mother's thoughts.

They all talk about women's hearts, needles on the bottom of the sea.

But her heart can only be regarded as the Marmara Sea at best, and Shen Bing's heart is the four oceans.

Not comparable at all!

However, when she calmed down, she thought of her previous performance.

Like a bad girl who can't wait to steal food...

Wen Yaxuan's face suddenly reddened like a ripe peach, and she felt it hot when she touched it with her hand.

"You said, does mother already know?"

Wen Yaxuan raised her head to look at Qin Yu and found that he was snickering noncommittal, and could not help chasing and hitting him angrily.

"I blame you, this is over, I am no longer a good baby in my mother's heart."

Grab her both hands and put her in his arms.

Qin Yu deliberately joked: "Why, are you still an unweaned baby?"

"Oh, we are really wronged, Xuan Xuan."

"It's okay, I have a bottle, so you won't be hungry when you keep it."

Lazy Cat flushed, and croaked "Bah" before trotting forward quickly.

She didn't want to stay to listen to this, and she was talking nonsense outside, which was getting more and more serious.

I couldn't help but recall the strange knowledge Jiang Xiaoshan popularized for herself.

It's about whitening...beauty...protecting the intestines and enhancing resistance...

Chapter 359: All ordinary people

55 Anting Road, inside the courtyard surrounded by stone pillars and iron fences.

The lush green shrubs were trimmed neatly, with crystal water drops on them.

There are three old trees planted on both sides of the path where the main entrance enters.

Luxuriantly branched.

At noon, the three trees just blocked the noon sun.

The shade of trees is sprinkled on the grass to form a natural parasol, which can be used by the host to entertain guests and cool off the heat.

When it's autumn, the branches and leaves will wither and fall off.

There will be plenty of sunshine in the courtyard, which can be seen.

The owner who built this bungalow must have worked hard.

There are two entrances and exits in the whole bungalow, and the front entrance is at the crossroads, where people leave.

The one on Anting Road is used to enter the car, and the gate can just pass a car.

The previous owner built a small house for the servants in the family.

However, on Wen Yaxuan's design drawings, this house has been completely erased.

The servant's room was arranged by her on the side of the bungalow, separating the original half of the reception room.

Now, parking is difficult in any city.

If you don't prepare two common parking spaces, just looking for a parking space can make people angry when you come back.

The good mood of the day was ruined.

Is anyone still willing to return to such a home? ?

"I am going to cut the bushes here in half so that it is connected to the servant's room, which happens to be two parking spaces."

"All the bricks and tiles of the old house are preserved, those that can be repaired are repaired, and those that cannot be repaired are replaced."

"This aspect is the credit of Splendid. They found some abandoned houses and drew materials from them..."

Although the old bungalows are expensive, the situation inside is also very complicated.

Such a single-family old house is rare in Hudu.

In total, there are only dozens of buildings.

Many old houses are used by several households, and they are all public rental houses.

Many of them were directly rented out by the rent, one household upstairs and one household downstairs.

There is one household on the left and one on the right. This is very common.

Therefore, damage is inevitable.

By the time people realize the value of it, many bungalows have been frustrated.

The cost of maintenance and repair is not small.

What's more, everyone lives here, who should pay, pay more and pay less.

Who is willing to do it, not willing to do it.

It's all problems!

As a result, many heads of households also broke the pot.

The house is simply refurbished, and the old bricks and tiles from the past are preserved and sold directly outside.

Not to mention, someone really made a lot of money after such a toss!

Nowadays, there are people on the market who specialize in recycling old bricks, tiles, floors of bungalows...

Beams and the like.

Anyway, as long as it is an item in a western-style building, it can be sold more or less!

This is also convenient for a big benefactor like Qin Yu who is not bad for money, as long as the effect can be restored to the best.

"I mean to add another layer, from the original 3 layers to 4 and a half layers."

"However, there seems to be a requirement in this regard, depending on the results of the communication between Jinxiu and Yamen."

After making a round in the yard, Wen Yaxuan took him outside and made a bend back and forth.

On both sides of the street, only the red roofs and white chimneys of the western-style buildings can be seen, and the view is all blocked by green plants.

Looking around, the nearest high-rise building is also two or three miles away.

The privacy of the western-style building is guaranteed, which is very nice~

"Do you like it here?" Qin Yu asked.

Looked at the red-brick western-style building that was already being rebuilt and completely repaired in the hands of the workers.

Wen Yaxuan nodded yearningly: "Yes, every Hudu person has a dream of a foreign mansion, haven't you stopped?"

"Didn't you hear it now?"

Qin Yu touched his earlobe with his finger, and said with a chuckle: "In this case, this western-style building is ready for you."

"Huh?" Wen Yaxuan looked at him in surprise, pointed her finger at herself, and then at the room.

Qin Yu looked at the layout of the house casually, as if muttering to himself: "This kind of old house has a taste, but it is not convenient and advanced."

"If all kinds of automated facilities are installed, and there is no taste, tut..."

Brother Yu shook his head regretfully: "So, I still prefer modern architecture."

"Then why are you buying it?" Wen Yaxuan couldn't figure it out, looking at him dumbfounded.

After doing it for a long time, did you decorate yourself in the end?

But such a bungalow, how much does it cost to buy it.

Wen Yaxuan could not imagine the price, but she knew that just repairs would cost 10 million yuan.

There is also a full set of furniture custom-made for the house, namely Jujube wood and Phoebe nanmu (Xiaoyezhennan).

Adding up the pieces, the price is almost close to 30 million.

Letting herself live, Wen Yaxuan shook her head desperately, and said with a face full of rejection: "No, I can't afford to live."

"Who said you can't afford to live?"

Qin Yu grabbed her hand and said softly, "With me, there is nothing you can't afford."

Wen Yaxuan lowered her head shyly, still uneasy in her heart.

She is a bit careless, but it doesn't mean she has no common sense.

That's not silly, it's stupid!

Wen Yaxuan's preliminary estimate of the final value of this house is at least over 100 million yuan.

Just living with herself like this, Wen Yaxuan was more than shocked.

More is to be scared!

I am just an ordinary family, and I suddenly welcome over 100 million mansions, so cool to take off?

Hearing what she said, Yu Ge was very happy.

He's good at this!

They are all ordinary families, very kind and topical.

The house, don't care about the value, it's just used to live in.

It's nothing more than a bigger room and better food.

"Ordinary people have three meals a day, and you also have three meals a day."

"Ordinary people sleep in one bed, and you have the same bed, right?"

Hearing what he said, Wen Yaxuan felt that this was the reason.

But she faintly felt that something was wrong, that is, she couldn't tell.

If Li Wanxing was there, she would have to complain: "A bedroom of 8 square meters and a bedroom of 80 square meters, can it be the same?"

"Okay, turn around and talk to Teacher Shen, and move in when the house repairs are over."

"By the way, don't take Teacher Shen to see it, give her a surprise!"

Wrap her arms behind her, put her in her arms, and look out over the red tiled roof.

Qin Yu laughed softly: "You also want to see Teacher Shen's surprised expression, right?"

Imitating her mother's expression of surprise and astonishment in her mind, Wen Yaxuan suddenly became particularly looking forward to it.

The house matter also became less important.

If you can see her tan mouth slightly opened, her eyes twinkling expression.

That will be very, very interesting!

It happened that she was going to Shangdu with the lazy cat. In two weeks, the house was almost ready to move in.

When the time comes, I will bring the things here first, and give her a big surprise when she comes back!

"Good, good!" Wen Yaxuan applauded happily.

At this time, Shen Bing, who was doing yoga at home, did not yet know.

I was sold by my girlfriend so easily! !

...

The bungalow and Wen Yaxuan have arranged here, and it's time to leave.

Jiang Xiaoshan drove her Cayenne and personally sent the three of them to the airport.

Beautiful appearance, comfortable and luxurious interior.

Shen Bing just fell in love with this beautiful car as soon as he got in the car.

"Shanshan, thank you for sending us."

Hearing Shen Bing's words, Jiang Xiaoshan smiled lightly: "Teacher Shen, please don't be polite to me, I didn't thank you when I went to the house for a meal!"

"Well, when I come back this time, I will make good food for you." Shen Bing said softly.

"Great."

Both of them are cold-tempered and finished in a few words.

I wanted to continue talking, but found that there was no topic suddenly, and a bit of embarrassment arose in my heart.

"Okay, count me." Qin Yu, who was sitting in the co-pilot, was not polite.

He immediately said that he would bring one himself, he was a little expert.

Teacher Shen cooks a big meal, how can he be missing?

Lazy Cat took her arm, put her head on her shoulder and said coquettishly: "Teacher, I want to eat fried shrimps!"

The corner of Shen Bing's mouth was slightly raised, and he whispered softly: "Okay, I will make it for you."

Lazy Cat smiled proudly and looked at Qin Yu, UU reading www.uukanshu.com raised his eyebrows, as if saying, 'Teacher's favorite is me! '

Watching her silently lip shape, Lazy Cat's face turned red.

He buried his head in Shen Bing's arms and didn't want to lift it up, "Wow, the teacher is so interesting!"

Lazy Cat was amazed by the sense of facial contact, raised his head and glanced carefully.

Then he buried his face in it again, so soft and comfortable...

Seeing the faint blush on Shen Bing's cheeks, the lazy cat rubbed back and forth with enjoyment.

Brother Yu is stupid!

I am so envious, why not me...

cough!

Brother Yu swears to the fluorescent lamp that he simply wants to measure the size.

What bad thoughts can a young man like him in the new era have?

Chapter 360: Out

Stepping out of the terminal, Qin Yu finally put away his mobile phone.

Fanbing has already received someone.

"Qin Yu."

The devil's face, the devil-shaped Talisa smiled and waved to him.

Huh!

All the eyes of the young and old at the scene turned to him, jealousy and hostility seemed to cut him off.

The little fat man who was pulled by his father lowered his head and said fiercely, "I hate handsome guys."

Next door, the enlarged version of the fat old man nodded in agreement: "Me too."

As the car drove into the city, Talisa, who was lying on his lap all the way, raised her head.

Wiping the saliva from the corner of his mouth with the back of his hand, he said in a daze, "Where are we?"

"As soon as you enter the city, you can sleep for a while." Qin Yu responded.

Talisa shook her head and lowered the blocking glass in the middle: "Go to the hotel, I'm a little tired."

Seeing her raise the glass again, Qin Yu asked in surprise, "Don't you go to eat first?"

Talisa said with a weird face: "I'm full, you can order food at the hotel."

Back to the hotel room, looking at the sofa, the clothes, shoes, and bags left everywhere on the floor...

"Are you going to stay in the hotel all the time?"

"Any questions?"

Facing Talitha's stunned gaze, Yu Ge silently shrugged and responded: "No, you like it."

Knead the clothes on the sofa into a ball and throw it aside casually.

Talisa slumped on it and said: "There are people cleaning here, you can order meals and provide various services at any time, I like it very much."

For her, staying in a hotel is much more comfortable than staying at home.

The facilities in the hotel are complete, and there are full-time drivers to go out.

Whatever you want, a phone call can be done most of the time.

Why don't you like staying in a hotel? ?

Expensive, no way!

The rooms here are obviously very cheap.

Unless there is a better choice, like the love nest prepared by Qin Yu for her.

Otherwise, Talisa would decide to live here forever.

Pick up the black lace hollow three-point pattern on the single sofa and set it aside.

Qin Yu sat down and said, "Talk about business!"

"It's up to you to decide how to divide the shares this time."

Talisa turned over and lay on the sofa, tilted her head and looked at him with a smile: "Anyway, I'm just here to cooperate with your puppet!"

Huh~

After a few days, the puppet will use it.

"You need to come forward directly this time, and I want to kick someone out!"

...

The next day, W hotel meeting room.

Talisa guaranteed the use of the meeting room for a week to facilitate the negotiation.

After the staff tested the instrument and delivered hot coffee.

Everyone exits the meeting room, leaving only the people involved in the meeting.

At both ends of the oval long table, Qin Yu and Cheng Yaojin were seated separately, like two forces fighting against each other in a branch office.

It's just that everyone else is sitting on the side close to Qin Yu.

And he, there is only one person alone.

Cheng Yaojin naturally understands his current situation, if his guess is correct.

This time, they wanted to liquidate themselves.

The progress of the meeting was as expected by Cheng Yaojin, and it can be said that it exceeded his expectations.

What he didn't expect was that Ye Jinlan would be the first to stand up.

As Qin Yu's pawn, does the Ye Family's face look so unbearable to her?

"Want to get me out?"

Cheng Yaojin suppressed the shame in his heart, and said with an indifferent expression: "What if I don't agree?"

Ye Jinlan turned his gaze to Qin Yu, but didn't get a response.

Just when she was a little surprised, Talitha stood up: "Mr. Cheng, I think you'd better accept it."

"Oh?" Cheng Yaojin's squinted eyes sparkled with an inexplicable luster: "Are you threatening me?"

"No, we just noticed some problems."

Talisa's smile remained unchanged: "Your family is seeking overseas expansion. Six months ago, it bought the shares of the Australian mining giant."

"Now, the other party is in big trouble, and the investment of tens of billions of dollars may be wiped out at any time. I think this is also a trouble for you."

Cheng Yaojin's heart jumped, and she remained calm on the surface: "So what? My Cheng family can afford this little turmoil."

"Yes, but someone needs to push behind at this moment..."

Qin Yu stood up and winked at Talisa.

The opponent re-seats and returns the initiative to him.

"Recently, there is an investment company named Shangxin that is doing long oil stocks."

Qin Yu looked at him with enthusiasm and curiosity: "Why, what inside information does Brother Jin'er have, don't you tell me something?"

If Cheng Yaojin was able to maintain his composure before, he was already overjoyed at this time.

The shock in the eyes didn't count for a long time, and I was clearly saying, 'how did you know?'

How did Qin Yu know?

Of course it is by virtue of his innate insight and careful observation and analysis.

Looking at the 'predicting information about major events' that only oneself can perceive in front of me, there is a message highlighted in it.

Many countries increase their share of oil imports, and international oil prices are picking up again!

For the time being, the deep meaning and layout will not be considered.

But at least let Qin Yu understand that Cheng Yaojin also has his own news channel.

Moreover, this channel is extremely powerful.

It may even be directly related to national players.

Otherwise, before such a big move, there will never be the slightest leak of information.

And everyone that can be known in advance will not be a small role!

It is naturally feasible for the Cheng family to take advantage of the momentum to make a fortune in oil.

The prerequisite is that no one gets in the way and catches fish in troubled waters!

"Do you think you have the power to shake oil prices?" Cheng Yaojin said coldly: "Qin Shao, are you overconfident?"

"Or, try it?" Qin Yu looked at him with a smile.

Cheng Yaojin couldn't make up his mind.

Lixin has been established for a short time, but its record is too sturdy.

Furthermore, this matter matters a lot.

If the news is leaked ahead of time and it is done by someone, it is likely to affect the overall situation.

Maybe the entire plan will be revised, and extension is the most likely.

But the giant crocodiles can wait, but the Cheng family can't wait.

The money is placed in the market, and it may be missed by a sudden wave at any time.

If you encounter a 'black swan,' the situation is even worse!

The Cheng family's capital chain is already very tight, and Cheng Yaojin will not admit this in person.

But he was very clear in his heart that what the other party said was the truth.

bet?

Cheng Yaojin didn't think it was worth it, and he didn't dare to gamble.

Naturally, there is nothing wrong with winning the bet.

But if the bet loses...

What hurts will be the root of the Cheng family. He can't afford to gamble, let alone make such a decision.

"It seems that I have to withdraw this time?"

Accepting this reality, Cheng Yaojin relaxed instead.

After the two sides turned their faces, he knew that sooner or later there would be such a day.

But he didn't expect that this day would come so quickly.

"Brother Jin'er is humble, but it's just a coincidence."

Qin Yu had neither condescending sarcasm nor arrogance.

There is only confidence between the eyebrows to hold the winning ticket, and the determined gaze seems that nothing can shake it.

"Great."

Cheng Yaojin sat back calmly: "Come on, I'll sign!"

A long-prepared contract was placed in front of him, and Cheng Yaojin opened it and carefully screened it.

When he saw the unconditional and voluntary agreement to transfer shares equally to other shareholders, his expression was gloomy and terrible.

"good very good."

Cheng Yaojin picked up the pen and stared at Qin Yu faintly threatening before signing, "Are you not afraid of the consequences of doing too much?"

Qin Yu smiled and said, "Is there a difference between the left and right sides?"

Cheng Yaojin was dumb, indeed.

The two sides have already torn their skins, seizing the opportunity is of course to trample to death.

Is it possible to leave a little more room for the other party.

So that the future counterattack will be more violent...

If it were him, he would only do more absolutely and ruthlessly, and directly press the opponent to death.

Swish~

Signing his name, Cheng Yaojin gently put down the pen.

Close your eyes and take a deep breath.

When he opened his eyes again, he had completely restored his former composure.

"In this round, you are the first to win."

Without waiting for others to speak, he pushed aside the chair and strode out.

Click~

The door of the meeting room closed again, and everyone looked at each other but there was not much joy in their eyes.

This time, the Cheng family was completely offended to death.

Next, be careful to deal with the opponent's counterattack.

A carelessness, Cheng Yaojin's today is their tomorrow...

However, he finally picked the other side's heart thorn from Kuafu.

"Next, Loongson news can be released."

Hearing what Qin Yu said, Li Xiao shook his head dumbfoundedly and said: "When he hears this news, I am afraid he will hate you deeply."

Qin Yu spread his hands indifferently: "Is it different from now?"
