### **Chapter 3511 You Are Doomed**

To begin with, Solocus was afraid of facing Levi alone, their brief encounter the previous time had already stunned Solocus with the terrifying extent of Levi's power.

It would take every ounce of strength even to stand a chance against him.

Their defeat would be imminent at the inclusion of the Ecclesiastic Order.

The second Azure Dragon and his group caught sight of the Cetus, they felt so bitter and angry that their heads almost split open with rage and pain at the recollection of the torture and unbearable pain they had been through.

Flashes of the incident that day appeared in their minds, threatening to engulf them.

A vague sense of discomfort tingled menacingly all over them.

Their eyes bulged with fury upon seeing Solocus and his group, they shook irrepressibly as cold sweat began seeping through their clothes.

It's them!

Though they could not quite see their faces, Azure Dragon and his group recognized their outfits as even the pattern of its embroidery had been seared in their subconscious mind.

It was simply too horrifying.

He was panting, and he was on the verge of a mental breakdown.

As he looked at the other party’s bloodthirsty gaze, he knew he was doomed.

There was no way he would walk out alive by the end of the day.

Not even God would be able to save him.

It was horrifying.

Moreover, he knew that he was not going to die a simple death. He was going to be tortured endlessly before the grim reaper came for him.

It would be a fate worse than death.

They were going to crush him and cut him into pieces!

He could not imagine what his future was going to be.

No! I don’t want to die! I don’t want to be tortured!

Xylas Geurin was about to cry.

His body was shaking.

They were not going to be affected by anything or anyone.

Nothing else mattered on that day.

They only had one aim, and that was to kill all the people in the Cetus to take revenge.

Nothing could kill the determination in them.

"Kill them!"

The colors drained from Solocus' face.

He thought that he still had hope since he managed to convince the members of the Ecclesiastic Order.

However, Levi's side was too determined in their cause.

There was nothing he could do at all.

"All of you have to die today! None of you will get away alive!" Floyd roared.

"Azure Dragon, the five of you have suffered because of my mistake. Today, I will be in the front to avenge you all!"

Floyd was ready to be on the frontline.

What he said infuriated Gloria.

“What does this have to do with him? Who does he think he is? Doesn’t he know what his worth is? Without Levi, how is he going to take this revenge? Levi’s right behind him, but he’s showing off as if he’s the mastermind behind this! What a useless piece of trash. All he knows is to play the hero. He’s even trying to stand on the moral high ground.”

Now that Floyd was no longer of any use to Gloria, she hated him.

#### Chapter 3514 Just A Theory

The moment those words were out of his mouth, the smile on Gloria's face disappeared.

As a matter of fact, she froze.

That made Bone Grandmaster realize that he had said the wrong things.

Just as he was about to apologize to her, Gloria said, "It's fine even if he discovers us. If I came alone, he would've never discovered me. But I've come with you, so I guess that he must have discovered you a long time ago."

Bone Grandmaster instantly panicked. "What? I've been exposed?"

The truth was that Bone Grandmaster was fearful of Levi.

He was almost caught when he volunteered to lure Levi away outside the Ecclesiastic Tower the other time.

"But it's fine. He won't have the time to come after us even if he knows we're here. He's too preoccupied with taking revenge for his comrades. By the time he comes for us, we'll be long gone. Also, there's no need for you to be scared of him with me around."

Gloria had a confident look on her face.

She used to be afraid of Levi, but now, she was confident that she would be able to go up against Levi.

She would not fear him even if it was going to be a head-on confrontation.

Gloria was certain that she could kill Levi, though she also knew that it would not be an easy feat.

There is no way I'll be scared of him.

As a matter of fact, Gloria was ruminating about what she should do later as she watched the battle unfold.

Should I help out the Cetus, or should I help out Levi?

## Chapter 3515 The Best Opportunity To Show Off

More and more elites of deviant clans were falling to the ground.

Thus, there were fewer and fewer guards beside Xylas.

Xylas was devastated.

When he looked at Azure Dragon and the other four, he could see that they seemed like they were about to devour him whole.

He could not help but shudder.

This is too d\*mn scary.

The thing was that they were getting closer and closer to him.

He could sense Levi's gaze locked onto him.

There was no way he could escape.

Levi had slaughtered most of the deviant clan elites, and he had single-handedly ended most of their lives.

That was why the Ecclesiastic Order and Floyd were getting the upper hand.

Moreover, it was getting clearer that they were going to emerge as victors.

After all, their enemies were getting lesser rapidly.

Yet, their combat prowess was unchanging.

Naturally, they would beat their opponents.

"Kill them!"

The Ecclesiastic Order elites were shocked, and they began killing their enemies with even more vigor.

Chapter 3516 The Levi Effect

Unlike them, the people of the Ecclesiastic Order were getting braver in the killings of their enemies.

Not long after, the deviant clan elites fighting the Ecclesiastic Order were all killed.

The only ones left were the few thousands who were shielding Xylas while fighting Levi.

The others were all dead.

Moreover, Solocus and Magdalena were grievously injured after the onslaught of attacks from their enemies.

The battle situation was far worse than they expected.

They thought that both parties in the battle would be suffering tremendous losses, but as it turned out, it was a one-sided slaughter.

Barely anyone in the Ecclesiastic Order was killed.

Moreover, the members of Levi's party only had minor injuries. It was as if they were fine.

The two were dumbfounded.

Of course, that was the Levi effect.

Levi was the one who changed the situation on the battlefield.

He killed many and stunned many, so the others had much lesser stress.

Chapter 3517 It Is Time For Revenge

“No! Stay away! D-Don’t come any closer!”

Kneeling on the ground, Xylas shook his head violently in terror, but Azure Dragon only encroached closer.

Xylas was on the verge of going crazy.

He was aware of what awaited him.

He would die a bloody death—or maybe—even worse.

Azure Dragon and the other four looked at him with hideous smirks on their faces, getting ready to devour that frightened man.

To Xylas, those were not looks of humans, but of savage beasts.

He had a feeling they would really eat his flesh raw and drink his blood fresh.

The thought of it was enough to churn his stomach and torture him to death.

His iniquity would be recompensed tenfold, or even a hundredfold.

The man had a feeling that with every step Azure Dragon took toward him, they were peeling his skin off bit by bit.

Even his bones felt like cracking under the pressure.

At that point, Xylas was not even sure if he was hallucinating because he was too fearful. He felt his blood was sucked dry and his spirit was immolated.

Little did he know, that was not even the beginning of his suffering.

His body was already experiencing pain before Azure Dragon even lifted a finger against him.

Their presence was enough to torment his soul and evoke immense terror in him.

With that said, he pulled out a pocket knife and handed it to the five men.

It seemed like Floyd came prepared.

The five was pleased to see the little weapon.

That's Floyd for you. He never goes anywhere unprepared.

What Floyd offered was exactly what they needed.

They planned on letting Xylas have a taste of his own medicine.

They would see to it that he suffered all the atrocities he inflicted on them.

Gloria frowned looking at what just unfolded. "I didn't know Floyd could be this heartless," Bone Grandmaster noted.

He thought Floyd would be tame and kind since Gloria had him all in her hand, but from how he devised the torturing of Xylas, Bone Grandmaster knew Floyd was not someone to be trifled with.

"Well, he's one ruthless fuc\*er, I must say. He could have done so much more given how shrewd he was, but too bad, he met me."

Bone Grandmaster could not help but chuckle.

Floyd could have well been an eminent talent, but he met the wrong person.

Chapter 3519 Gloria Attacks Levi

Xylas closed his eyes as he accepted the finality of his fate.

Azure Dragon and the other four pierced their swords through his body, waiting to hear screams of anguish from their victim, but they realized something was not quite right.

It did not feel like their swords went through human flesh, but rather, soft cotton.

In fact, they felt as if they were waving their weapons through the air, missing their target completely.

What the he\*I is going on?

There was no way Xylas could dodge their attack, so Azure Dragon was astonished that they actually missed him.

When they finally wrapped their heads around what happened, Xylas was already about ten meters away from them.

How did that even happen?

They instantly noticed the man behind Xylas.

It was Bone Grandmaster.

They were stunned when they saw him there.

Some of the older people in the crowd could still remember who he was, but they totally did not expect him to show himself in front of everyone.

Besides, that was a pivotal moment for the five men.

Everyone wondered if he was there to save Xylas.

As for Levi, he was not even surprised when he saw Bone Grandmaster.

He already sensed his presence earlier on, but he decided not to act because he had a more pressing matter at hand.

Floyd was stupefied. He froze right where he was with cold sweat streaming down his back.

That was close!

He stared into the air, aghast. The tip of the weapon almost brushed against his throat.

He still bled although the tip of the sword did not cut his skin. The ripples of its movement were enough to injure him.

Considering the fact that God Crusher's force was enough to cut his skin, Floyd would have been dead if Levi had not stopped the weapon in time.

For a moment, Floyd thought he saw Gloria amidst the commotion.

Don't tell me that was really her.

Was she trying to kill me?

No. She would never do that. She's the person I love the most.

It must be me. I'm seeing things since I thought I was going to die.

Floyd thought he must be imagining things in the moments right before his death.

Yeah. That's why I thought I saw Gloria.
