Chapter 3521 I Just Want To Piss Him Off

Xylas was stripped of everything he had at that time.

Although he still had the elemental spiritual bone, that was still nothing compared to what Gloria had.

There's no way she's saving me for free.

There's no free lunch in the world.

Xylas was worth no more than the pests in the wilderness at that moment, so he could not understand why someone who risk everything just to rescue him.

He was genuinely curious what Gloria saw in him that was valuable to her.

His question elicited laughter from Gloria and Bone Grandmaster.

Indeed, Xylas meant nothing to Gloria.

To her, he was nothing but a weak and useless person.

In fact, he was just a piece of trash to her.

"Well, I saved you simply because I didn't want Levi to have things his way. I just wanted to piss him off. I knew he really wanted to take revenge, so depriving him of it was exactly what I did. That's all. It's all just kid's play."

Then, it all made sense to Xylas. He was nothing but a tool—a toy—to Gloria.

Despite how heartless Gloria was, Xylas was still impressed by her cleverness.

He was utterly useless before he met her, but after she rescued him, she was able to turn a priceless bait into a tool for her plan.

That would mean Xylas existence itself was powerful enough to control Levi's actions.

No matter how invincible Levi was, Xylas would forever be his weakness.

Although there was no physical harm done, it was enough to crush Levi's morale.

Gloria, Gloria...

You're unbelievably smart!

Xylas almost chuckled out loud at the thought.

Not only will she spare my life, but she will also protect me.

This means I'm safe with her.

No one will be able to kill me now.

Chapter 3523 Eternal Glory

To rein in the assassin organization was no mean feat.

Not only did it require impeccable fighting skills, but it would also take a lot of effort to locate their members because people did not even know their identities.

It meant nothing to just have skills, but still, that was no challenge to Gloria.

She had some intel on the organization.

In fact, she had all the details of their members, so that would be an easy assignment for her.

"My next target is the Ecclesiastic Order. I shall vanquish them."

Gloria's face lit up in a vicious smile. Her suggestion suddenly intrigued Bone Grandmaster.

He had always wanted to do that.

He worked with Gloria to make her the devourer spiritual bone because he wanted to annihilate the Ecclesiastic Order.

"When I take over, the same rule will apply to the Ecclesiastic Order—anyone who disobeys dies. Of course, it goes without saying that everyone in the West Pavilion faction will have to die."

Gloria was completely consumed by hatred. When Bone Grandmaster heard her plan, he was all excited.

That was exactly what he wanted all the while.

“When the Ecclesiastic Order is gone, I will have all the power to my own.”

Since Gloria’s skills had already peaked, she no longer aspire to be any stronger.

Chapter 3524 Levi Was Intrigued

“Bravo! Everyone in the Glorian Order will have to greet me using ‘Mr. Xylas’ from now on. This is way better than the time when I was at the Ecclesiastic Order.”

Xylas laughed out loud as he spoke.

Bone Grandmaster nodded and started treating his knees.

His kneecaps were already shattered, but that was no big deal to Bone Grandmaster.

After Xylas recovered, Gloria started training him since she had made up her mind to do so.

She taught him the technique of the devourer.

Gloria had actually been modifying Forlevia’s technique for some time to make it a better suit for herself.

With that modification, it would fit a devourer better.

However, Gloria did not pass down everything to Xylas just in case he rebelled one day.

What she taught him was enough to elevate his skills to an extremely high level within a short period of time, but it would not be enough for Xylas to be on par with Gloria.

Gloria was apprehensive because of Xylas’ background. Although she was able to control him, he was still the only bloodline of two big deviant clans. Besides, he trained under Solocus.

In terms of ability and intellect, Xylas really had what it took for him to rise up against Gloria.

Gloria did not want to take the risk.

Chapter 3525 Urgent News

“Ha! Interesting!”

Levi’s voice suddenly broke the silence.

Unlike the others, who were still buried in self-pity, Levi was the first to see through Gloria’s plot.

So this is what you wanted?

You wanted to intercept our revenge and take Xylas away.

You even used God Crusher to target Floyd so you can humiliate me.

Well, good for you. You have reached your goal.

Indeed, Azure Dragon is wracked, but you have no power over me.

Having seen through everything, Levi was not affected at all.

Since he knew what the enemy wanted, he chose not to fall into the trap of self-doubt, but that did not mean that he had given up on revenge.

He still wanted to do it, but that could wait.

It’s okay. I’ve got time.

Not only did Levi not get angry, but he also found the whole plot interesting.

That was a novel way of targeting him, but there was a caveat to it.

The enemy he was facing was a strong one.

Chapter 3526 Why Are You Not Dead

It was Black Hawk from Shield.

“What’s the matter?” Levi asked.

“The South Pole! We found out that the spiritual energy from the super-spiritual ley line was sucked dry!” Black Hawk reported in haste.

When they found out about it, everyone in Zarain and Yartran was staggered.

Although that super-spiritual ley line was not in its prime condition, the spiritual energy that it held was terrifying.

No one would imagine that it would just vanish out of thin air like that.

Who did it?

No one could think of a good answer. Even the super machines in Yartran did not have the capacity to do that.

Besides, from their monitors, it showed that it only took half an hour for the spiritual energy in the super-spiritual ley line to be sucked clean.

No one could come up with any explanation for what they just heard.

When Black Hawk found out about this, the first thing he did was to run to Levi.

“I see...”

To everyone’s surprise, Levi was not startled at all.

As a matter of fact, he looked as if he expected the piece of news.

Chapter 3527 Floyd Is Sad

Suddenly, Floyd felt as though the roar of an ancient god of lightning struck him.

He thought he had heard Gloria wrong. Are my ears malfunctioning? It has to be, right? Why else would she be saying a thing like that?

"What did you just say, Gloria? I didn't hear it correctly!" he asked again.

"I said, 'why aren't you dead yet?'" Gloria enunciated word by word.

It was like thunder exploding in his mind.

Floyd heard every single one of her words clearly, and each of them felt like cannonballs firing at him.

Boom!

He almost vomited blood when he heard that. What? She's wondering why I'm not dead yet? If she's repeating the same thing, that means I'm not hearing her wrong! Does she really want me to die? I can't believe it.

Chapter 3528 Gloria Is Serious

The worst part was that Gloria wasn't planning to stop. "I'm starting to realize that you never seem to understand the gravity of any situation! You never look at the bigger picture! Your perspective is too narrow, and your thinking is too childish!

Even though it's an important matter, you're treating it like an excuse to be lovey-dovey. It was the same in the past, too. If you had been stronger, your master wouldn't have needed to save you, and you wouldn't have been targeted! My point is that everything bad that happened to you is because you're too useless! Even though you're incompetent, you still poke your head out whenever something happens!

Do you think you're capable? Are you that blind to your inabilities? Why do you feel the need to act cool in any situation? I really hate you when you act like this! I wish you would've died instead! That's it! I want you to stay away from me as far away as possible! I get annoyed every time I see your stupid face!"

After her rant was over, the call was disconnected.

Floyd was stunned.

Chapter 3529 Waiting All Along

Gloria hated Floyd the more she looked at him.

He's the worst! He's like a stinking worm crawling around in the mud. I can't believe he has the gall to seek comfort from me! What's in that brain of his? Water?

She exploded, "My God! I should've killed him from the beginning! He's utterly shameless! What makes him think he can be my partner? Because he's a man showing his weakness and seeking comfort from me? What a joke! How could Levi have a disciple like that? It's tarnishing his reputation!"

Gloria cursed Floyd out again and again to vent her anger.

Bone Grandmaster laughed and said, "This is merely a testament to how far that fellow has fallen for our Lord Gloria! He would probably give you his soul if he could!"

At last, his praise improved Gloria's mood.

Chuckling, she replied, "So what? He is of no use to me! How marvelous would it be if I had Levi wrapped around my finger instead?"

Disbelief was palpable in Bone Grandmaster's expression as he sputtered, "That's a grand challenge, one that even I find rather unimaginable. If you can control Levi, you can control everyone on the face of this Earth!"

shook her head and lamented, "Too bad Levi is nothing like his useless disciple, Floyd! Plus, I would've lost interest a long time

"Besides, he knew I was in West Pavilion all along. However, none of the people in West Pavilion were fighters because they were all growth-type! After that, sooner or later, everyone's going to know about how I devoured the super-spiritual ley line in the South Pole. Who knows? He might've already found out about that! Lastly, when he notices how much stronger I've grown in such a short period, he'll immediately know I'm eyeing those two super-spiritual ley lines!"

After Gloria comprehensively analyzed all the factors, she was sure Levi already knew she was going after those two super-spiritual ley lines next. Levi must be waiting for me.

Indeed. Gloria had seen it coming, and Levi was actually keeping an eye on those two super-spiritual ley lines.

Gloria then smiled and continued, "Too bad, though. I have no intention of going near those two super-spiritual ley lines in the meantime."
