Chapter 3641

Floyd Has Been Used Again

“They are here!” Shortly after, Floyd sensed the arrival of several foreign auras. His figure leaped into the air and hurried toward the location where he sensed the auras.

Indeed, Floyd saw Sonja and the other two running ahead at full speed, looking all disheveled. “Oh, it’s Floyd. We’re saved!” Sonja was elated when she spotted Floyd.

To her, Floyd was Levi’s most valued disciple. Telling Floyd the truth would be akin to telling Levi the truth.

They would protect her, and she would be safe under their protection.

“Floyd, Gloria is the leader of the Glorian Order!”

“Yes, she stole the God Crusher. We saw her doing that with our own eyes.”

“Gloria was also behind Top Ten’s kidnapping. She then blamed it on Mr. Garrison.”

Sonja and the other two revealed everything they knew to Floyd honestly.

Soon, they realized Floyd wasn’t shocked or delighted after hearing what they had to say.

I knew it. It looks like Gloria has justified herself ahead of time. "Floyd, this is the truth. I can't do anything if you refuse to believe me. I insist on meeting Mr. Garrison. I believe he'll make the correct judgment."

Sonja had a change of plans as it was useless to continue arguing with Floyd. Offending him might cause things to backfire on them.

We need to figure out a way to meet Levi.

"Dream on! I won't let you meet Master," Floyd declared.

That was his plan. After all, Levi would definitely grow suspicious after hearing their words.

That would counteract his plan of introducing Gloria to everyone as soon as possible.

Before resolving the misunderstandings, Floyd wouldn't allow anyone to bring harm to Gloria.

"What do you want?" Ralph snapped.

“Floyd, Gloria is lying to you. Wake up!” Sonja and the other two regained consciousness. They kept badmouthing Gloria on the way here. Finding them annoying, Floyd knocked them all out.

“Floyd, you’re a fool. Gloria’s fooling around with you!” “Gloria, drop the act and reveal your true strength!” Both Kato and Ralph yelled out loud.

The three of them were on the verge of despair. They exhausted their strengths and finally escaped prison, but Floyd brought them back to Gloria.

It wouldn’t take much to imagine how Gloria would torture them later.

Sonja and the other two felt a shiver go down their spines when they recalled their days in prison.

“Gloria, they won’t see reason. I think you can kill them directly,” Floyd said sternly.

Sighing, Gloria replied, “The leader of the Glorian Order had a perfect plan. I don’t blame them for trusting her lies. I can clarify things later. We should spare their lives for now. I will explain everything so they wouldn’t be used by the leader.”

Floyd heaved a sigh of relief inwardly. He was actually trying to sound Gloria out, so what he said was partly false.

Chapter 3644 Being Annoying

We shall be a match made in heaven, envied by everyone. At the same time, Phoenix and the like were
asking around in confusion. According to their informant, Sonja and the others were seen heading to the
base.

However, they were tracking Sonja and the others down when the latter suddenly disappeared without
a trail. It was as if they had vanished into thin air.

Phoenix and the rest immediately started a search all over the mountains.

"Floyd suddenly took charge of the perimeter defense of the base. Do you think he knows something
about Sonja and the others' disappearance?" Azure Dragon asked with a frown.

Sonja and her companions would be able to reveal the identity of the mysterious leader of the Glorian
Order.

However, the important clue disappeared right outside the base. It was natural for Phoenix and the
others to feel exasperated.

"Oh, speak of the devil. Let's ask him about it," Phoenix said and pointed at Floyd, who was whistling as
he walked back to the base.

"Floyd, I'm glad to see you here. Our informant told us that Sonja and the other two were heading back
to the base. You're in charge of the perimeter defense tonight. Did you discover anything strange?"
Phoenix went straight to the topic.

The rest observed Floyd carefully as they waited for his answer.

Chapter 3645 Another Trump Card For Levi

Levi had no idea what happened back in the base. He was focused on metamorphosing with the help of the remedial ley line. The remedial ley line was capable of nourishing one's body and veins, so Levi's power increased to a new level.

Going into seclusion, he focused on nothing but cultivation for several days and finally completed his metamorphosis. By then, Levi could sense the rampage of energy in his body. Even his veins were more flexible now.

It felt amazing as though he had gotten himself a new body. After Levi came out of his solitary training, Chad grinned and commented, "There is still quite a lot of energy left in the remedial ley line. I thought you'd use them up."

"I've completed the metamorphosis, so using the remedial ley line further would be a waste."

Levi was pleased by the results of the metamorphosis. Chuckling, he added, "I want to bring a few more people here so they could increase their energy."

Chad's lips twitched, for he assumed he could use the remaining energy to cultivate some magical medicine.

He had no idea Levi wanted to bring the others here after increasing his strength.

"You win!"

Chad felt it was time to find a spiritual ley line so he could cultivate his magical medicine.

Chapter 3646 The Sealed Super Spiritual Ley Line

Good news came from Digital God, his best friend. Since they last bade goodbye to each other, Digital God remained in Xyperia to continue his own research.

During his research, Digital God discovered a sealed-off super-spiritual ley line in the plains of Elterton in Xyperia. Oh, great. Luck is truly on my side this time! Levi was elated.

He was able to increase his strength again. Back at the base, someone reported the recent updates to Levi.

Master Eusof is still at large, so the Glorian Order is busy trying to find him. I can take advantage of the situation and use the super-spiritual ley line to increase my strength.

Having made up his mind, Levi told his men to release news that the base and Levi's subordinates would do their best to save Eusof.

The moment the news broke, it sent a shockwave through the world.

Back at Corpse Pit, which was the Glorian Order's headquarters, Gloria's brows snapped together when she heard the news.

"What? Levi ordered his men to do their best to save Master Eusof?"

Her stress level was truly off the charts.

At that moment, the various forces of the Ecclesiastic Order remained at the base. None of them dared to take action.

Chapter 3647 I Chose The Right Person

Levi gathered his power and delivered a blow at the super-spiritual ley line's protective energy shield.

This time, Levi did not hold back. As the powerful energies collided, the surrounding ground trembled.

Crack! Cracks emerged on the shield, spreading at a speed visible to the naked eye. After some time, it shattered completely, and condensed spiritual energy filled the vicinity.

Levi dusted his hands and said to Wynona and the others, "Okay. Let's not waste time and begin metamorphosing now!" "Wow. This spiritual ley line is more powerful than the one in Atlantis' underwater project!" Wynona exclaimed.

Levi had realized that as well. The spiritual ley line in front of them was crimson red, like blood.

On top of that, the concentration of the spiritual energy was way denser than the one in the underwater project.

“All the more reason to seize the opportunity and cultivate,” Levi urged.

Based on his observation of the spiritual energy, Levi was worried the leak of the spiritual energy might attract the shield maker’s attention.

Hence, Wynona and the others nodded, immediately channeling their basic technique and began metamorphosing.

“Don’t worry, Gloria. As long as Master Eusof is found, all suspicion against you will be cleared. After that, I’ll bring you to the base and let everyone know about our relationship. No one will spout nonsense anymore,” Floyd uttered ambitiously.

However, all Gloria felt was disgust. Do you have no shame? How can a piece of trash like you have the guts to say such a thing?

Unfortunately, with the current situation, Gloria had no choice but to force herself to lie through her teeth, “Floyd, I’m looking forward to that day, too.”

With cautiousness written all over her face, Gloria continued, “I’m tired of being misunderstood.”

Floyd said sternly, "They're idiots for misunderstanding you. I've always believed you were innocent. Once we find Master Eusof, the truth will be revealed. I'll slaughter anyone who dares to slander you after that."

"I feel much at ease hearing this from you." Gloria paused for a while and asked suddenly, "Floyd, what if your master still has a prejudice against me even after the misunderstanding is cleared? Are you really going to take the risk and kill your master?"

"Uh..." Floyd stiffened. In that split second, he suddenly felt a murderous intent surging in his heart.

Chapter 3649 Kenfort

Just as everyone in the Holy Guild was busy locating Eusof, they received another piece of news from Thundera. He was returning in two days.

At the same time, the news also informed them of the arrival of some powerful people. One of them was the elder of Bluesky Sect, which Thundera joined. The former's cultivation level had already attained perfection.

Even with the powers of the Holy Guild's three ministers combined, they were not a tenth of his.

And though Thundera had been cultivating for many years in the legendary world, he still could not last ten rounds under the elder's attack.

This time, the elder's purpose for tagging along with Bluesky Sect's young master was to train his physical and mental state.

At the same time, he wanted to help resolve the Ecclesiastic Order's problem.

"That's scary. How can the three ministers' powers not even reach a tenth of that supreme being's?"

"Master Thundera was already invincible even before the search for the legendary world began."

"So, the legendary world is called Kenfort. Wow. Even the name sounds immortal."

"Don't forget about the young master of Bluesky Sect. I bet there'll be other elders coming along, too."

"With so many powerful people overseeing us, Levi and the Glorian Order will be nothing but pests."

In the meantime, Eusof was munching on wild fruits to satisfy his hunger in a hidden cave among the woods. After all, he used magical medicines to restore his powers, which were not as intense as true cultivation.

On top of that, fighting and escaping for several days in a row had exhausted him. Despite that, Eusof was thrilled when he heard the Glorian Order's members talking about Levi dispatching all his forces to rescue him.

Back then, his only option was to rush back to the Ecclesiastic Order. This time, however, he could also head to Levi's base.

If one were to compare those two forces, Levi's would definitely be the better option. Eusof would be safer there.

"Levi's effect of participation is amazing. The Glorian Order's search is not as tight as before," Eusof muttered to himself.

After observing the surroundings, he quickly made his way to Levi's base.

Along the way, he encountered several obstructions from the followers of the Glorian Order. Thankfully, their abilities were on the average side.

After killing his way out, he ran all the way to his destination.

It took him about four hours to reach the base.
