

## **Pinnacle 371**

### **Chapter 371: No distinction between high and low labor**

In the early morning, Xia Ke came to the company at a happy pace.

Yesterday, I went out with Xu Hao and bought another seasonal bag.

It is Xia Ke's favorite Diana bag.

Although she refused, is there any little fairy who doesn't like bags?

It was when he was rewarding him at night, it accidentally flashed to his neck.

The mouth and neck are still a bit uncomfortable now.

Rubbing his neck, Xia Ke's advancing figure suddenly stopped.

He took two steps quickly and looked at Yan Xue who was tidying up in the office: "Xuexue, you...were robbed by someone?"

The whole office was messy, and the carpet was crumpled up.

The sofa has a big depression, as if someone hopped on it all night and stepped on it.

And that keyboard, why did the keycaps fall to the ground.

The corners and corners are full of cracks, and you can see that they can't be used.

"Ah, Coco!" Yan Xue stood up in a panic, "Um, it's okay, I'm in a bad mood."

Hearing what she said, Xia Ke pulled her to comfort.

The strange smell in the air made Xia Ke look surprised.

I sniffed hard, isn't this the smell...

Looking at Yan Xue's evasive eyes, there was a hint of shyness.

"Tsk tusk..." Xia Ke stared at her with a faint smile: "Yes, Xuexue, it's crazy to play."

The demolished Yan Xue was a little nervous, and ran to close the door first.

This made her want to sit on the sofa, but Xia Ke pulled her up and stood up.

"Don't, don't sit on your sofa. I'll ask you to change it later."

Who knows what the \*\*\*\* is there, it's so crazy, I'm afraid the whole room has to be cleaned up.

"Let's talk about it, with whom?" Xia Ke was particularly curious.

Who can make Yan Xue be like this, gentle and elegant, gentle, beautiful young man initiative.

"No one, don't talk nonsense." Yan Xue blushed.

I thought of my acting drunk last night, and the bold act of taking the initiative to hug and hug.

She cursed herself crazy in her heart.

However, she does not regret her decision.

It's just that I feel guilty in my heart!

If Wanxing knew about this, would she forgive herself?

Seeing her expression suddenly became worried, worrying about gains and losses.

Xia Ke thought it was the man's reason: "Why, when I met a scumbag, the other party patted his \*\*\*\* and ran away?"

With a roll of his sleeves, Xia Ke said righteously: "Who is it, I'll go with you to find her, I have to give him abandon."

The guilt and guilt in my heart were dispelled by her weird behavior.

Yan Xue couldn't laugh or cry and pulled her: "No, he is very good...I took the initiative."

"Tsk tsk, then you are really bold enough."

Xia Ke laughed, and the conversation turned: "However, if you like it, you have to go after it boldly. Who the \*\*\*\* is it?"

Seeing she hesitated, wanted to say but didn't dare.

Xia Ke spread his thoughts and tried his best to use his imagination... a figure flickered in his mind.

.....No way?

"Qin Yu?" Although Xia Ke used interrogative sentences, his eyes were full of affirmation.

Seeing Yan Xue lowering her head, pinching her hands together, her fingers intertwined and turned in circles.

Xia Ke couldn't help being surprised: "It's really him?"

She guessed it, but she was a little surprised after she really confirmed it.

Yan Xue didn't mean that that was her best sister's boyfriend, how...

"I don't know, I don't know what's wrong, anyway..."

Yan Xue looked sad, and said with tears in her eyes: "Anyway, I just fell in love with him."

Xia Ke didn't know how true or false Xia Ke was when she opened her mouth.

However, seeing her excited look.

Xia Ke could only sigh helplessly, comforting her to calm down before speaking.

...

...

Firstblooddoublingkill.

"Fuck it, let's take a blood, Brother Yu is really good!"

In the bedroom, Qin Yu sat in front of the computer and controlled the head harvester.

The poodle playing in the field walks in the upper half of the wild area, swearing to the death to defend the glory of Shangdan Dad.

As for Shen Dong, this society is standing behind him, yelling 'Niu Bian, 666.'

Waiting for the first wave of team battles, the head dog frantically jumped and cut, and angered 5 heads.

After the "Aced" prompt came from the speaker.

Shen Dong was already excited and kept slapping the back of the chair with his hands, shouting loudly: "Niu Bian, push quickly, push quickly!"

"Are you here to play?"

Seeing his impatient look, Qin Yu stepped aside.

Three roads and two towers are all broken, leading the economy, and the heads are even weaker.

It's hard to lose this game!

"I'll come, let me see my five kills."

Shen Dong took over the character and controlled the character to kill forward.

The opponent held a group in the middle, and Shen Dong rushed forward regardless of his attention.

"Tongzi, don't..."

Just won the five kills, attracting enough hatred promises.

He was directly forced to death by the opponent, and he didn't even have a chance to fight back.

Brother Yu held his head silently...

Sorry, I asked too much.

Shen Dong smiled awkwardly, "Um, Brother Yu, or you still come?"

"No, don't be impulsive, go with your teammates, masters often need to understand the timing."

Under the command of Qin Yu, the promise hand controlled by Shen Dong quickly found an opportunity.

The opponent controlled all out, and a flash jumped into the crowd.

Spin, hook, flat A, flat A, jump...

"Now, it's harvest time."

Swish...

After five big jumps, Shen Dong took four heads.

The last ADC took the lead.

Even so, he slapped the table with excitement, shouting: "Dongge Niubi, who else?"

Yan Er came in from the door carrying the takeaway: "What kind of beef batch, I heard it from a long distance, so keep your voice down."

"Tong Zi just got four kills, and he is excited!"

Seeing that it has been pushed to the high ground, there is no possibility of a comeback.

Qin Yu came over to help the whole takeout, removed the bags, and put them all on the plate.

Yan Er bought a bunch of pots and pans and a microwave for the dormitory.

Specially used for hot midnight snacks at night.

He exercises a lot in a day, and he always feels hungry before going to bed, and he has to add something to fall asleep.

No matter how much, just add a bite anyway.

If he doesn't have this bite, then he won't want to sleep tonight.

The sound of the end of the game came from behind, Qin Yu smiled and said: "Push it, come to eat."

"Fuck it~" Shen Dong's roar came: "This can all be lost, this can all be lost..."

Hearing him say that he lost, Brother Yu was shocked on the spot!

Looking back, I really lost.

Look at the record again...

Pressing his right hand on his shoulder, Qin Yu said with pity and sympathy: "Dongzi, don't play anymore, this game is not for you."

"I....."

"This....."

"they....."

Pointing at the screen, Shen Dong sighed heavily, nodded and lowered his head and said, "Okay, no more."

This broken game must be at odds with your own horoscope!

I will change the game in the future... to play Chicken?

If you let the majority of chicken-eating players know that your favorite game will usher in such a scam.

Maybe it's gasoline!

What game to play? What game to play!

Isn't he good to study hard and work hard to make money?

"Last time I heard you talk about making money, did you have a clue?"

The three people gathered around the small square table, eating and chatting.

Shen Dong said that he would make money last time, but this time he came back to see him quite leisurely.

The game should be played, and I don't know how it goes.

"Hey~" Shen Dong grinned and said triumphantly: "That still needs to be said."

Pulling out a card from the bed, Qin Yushun took a look, "Brother Dong runs errands, the mission must be achieved!"

Running errands in school, is this business still alive?

According to Shen Dong, not only is he alive, but his income is pretty good.

The conditions at home are getting better and better, and students are becoming more and more wealthy.

The convenience brought by scientific and technological progress has caused latent inertia to breed crazily.

Go downstairs to get a courier, you have to get together with other things to go there.

Or, it's so tiring just to take a courier!

Therefore, Shen Dong took all these tasks.

What to take express delivery, take takeaway, make the bed, dry the bedding, clean the bedroom, do homework...

Anyway, he does all the messy chores!

It looks like it has earned about 1,800 in the past half month.

"The business has just started, some people don't know yet, and I'm alone, and time is very tight."

When I first started, UU read [www. uukanshu.com](http://www.uukanshu.com) Shen Dong is still afraid that there is no business and will not save face!

Can wait to taste the sweetness, what kind of face.

Can it have a ticket fragrance?

An income of more than 3,000 a month is not too much, but at least it is not an income.

Dealing with all kinds of people every day also made his lips slick.

I saw everyone, and people greeted me wherever I went.

It feels pretty good!

"It's just not advanced enough." Shen Dong put a piece of meat into his mouth, and smiled self-deprecatingly.

"What's not advanced?" Yan Er's eyes stared: "If you can make money by your ability, where is the advanced and not advanced."

"Second Brother's words are correct." Qin Yu nodded in agreement: "There is no distinction between high and low labor."

"If you have an idea, do it first... Besides, what do you think of the courier storage location?"

### **Chapter 372: Can't afford to die**

Courier storage point, collection and delivery by courier.

If an agreement can be reached with the courier company, the profit is very objective.

Shen Dong nodded thoughtfully: "Then the express company can see our campus?"

"Who said you can only be a campus?"

Qin Yu pointed to the surroundings amusedly: "The surrounding neighborhoods are not all businesses, it's just hard work."

"What's more, who said that a campus is not important."

"Who is the main consumer now? It's a young man. You look at the pile of express delivery at the door every day."

"Occasionally there will be lost or damaged, do you feel bad about it?"

"If there is a place for safekeeping, it is nothing more than taking two steps to get it, then it must be no problem."

Shen Dong thought about it and said: "It doesn't matter if you don't take it. I can arrange a period of time to deliver it to your door... It is paid, and it must be paid."

Seeing that he was interested, Yan Er spoke: "If you want to bring overseas purchasing agents, I have a way out!"

Cousin Yan Er is a flight attendant, mainly flying the neon line.

The medicinal cosmetics and facial masks over there are well received, and they are also very popular in Hudu.

"The little girl in our school, you can't help but buy cosmetics."

"It's not just our school... it's women who don't let go."

"This is wrong, you have to add a title: Young..."

The three of them talked about it until after the meal.

"It's done." Shen Dong slapped his thigh and stood up: "Brothers are united..."

Reaching out his hand to look at the two, Shen Dong was excited with excitement.

Qin Yu and Yan Er looked at each other, raising their hands and making a "cut" sound.

"We just come up with ideas, and you have to do the business yourself."

"Second brother is right... I have something to do, so let's go first." Qin Yu waved his hand and walked out without looking back: "What's the matter, call."

...

Shen Dong paid close attention to the courier storage point, and conducted investigations day and night in the next few days.

Go to each dormitory to ask for opinions, ask for opinions from the school, and go to the courier station for consultation.

It seems that the matter of Yangyouyou has a great influence on him.

This time I really want to run into my career, and I've gotten into it with all my thoughts.

Qin Yu should attend class, and occasionally go to the library to sit and sit.

After class, I went to Luheng Group, otherwise I went to the western-style building that was being renovated.

Lazy cat and Teacher Shen are in Shangdu, and it will take two days to come back.

Jiang Xiaoshan did a good job in the last scene, and this time she took another role.

Coincidentally, it happens to be famous all over the world and is also one of the investors.

Anadi is the protagonist, Jiang Xiaoshan is regarded as an important actress, and she plays a murderous devil.

In Jiang Xiaoshan's own words, there are pictures of her, either on the murder or on the road.

In short, it's just killing all the way.

Finally, it is natural to belch to set off the magnificence of the heroes and heroines!

Gee, it sounds a bit miserable...

However, Li Wanxing has been very free lately. Without helping in the hospital, she can be seen in the western-style building.

"I'm about to graduate, don't you want to find an internship?"

Others are busy with various relationships, trusting favors, and trying their best to find a way for themselves.

She did well, basking in the sun in the garden of the western-style building every day.

Drink coffee and eat dessert.

Turn on the beauty camera, click...

Come two standard afternoon teas for ladies, and you will have a good time.

It's just that today, her state seems not quite right!

There is no takeaway coffee and desserts, and no self-portraits of 'Kaka'.

"I don't want to go, why, does staying here hinder you?"

Li Wanxing seemed to have taken gunpowder and exploded at one point.

"I'm just afraid that you won't be able to lift up your energy anymore if you stay idle like this."

Qin Yu is really not afraid of her being idle. If she is willing, it will be fine to raise her directly.

How much can Li Wanxing spend in a month?

One or two million is not enough, 20 million a year, can afford it!

Is the key to her willingness?

"What's unpleasant, can you not be happy to be raised and spend money every day?"

As Li Wanxing spoke, the smile on her face gradually disappeared, and her mood seemed very depressed.

"What's the matter?"

Seeing that something was wrong with her, Qin Yu hooked her chin with her finger and raised her head to look at herself.

"Auntie...is gone!"

Li Wanxing threw herself into his arms, and wept bitterly with tears in her eyes.

Qin Yu was stunned, and quickly realized who the aunt she was talking about was.

Yan Xue's mother, no wonder she didn't go to the hospital today.

"When?"

Qin Yu thought of Yan Xue who pretended to be strong and disguised herself as a copper wall and iron wall.

How much pain should she have at this time?

"Yesterday... Xuexue was dealing with funeral affairs, let me come back to rest!"

From yesterday to now, she has only slept for 2 hours, and she is in extreme exhaustion.

But I can't sleep anyhow, and my heart is empty.

She often went to Yan Xue's house to play since she was a child, and Yan Xue's mother was like another mother to her.

She is always very gentle, speaks softly, with the demeanor of everyone.

I have never seen her loudly or blushing with anyone, she is so noble and elegant at all times.

It's such a person, saying that he will not be there.

Qin Yu hugged her in his arms, leaned on his shoulder and comforted softly.

After a while, Li Wanxing fell asleep like this.

In the dream, she still seemed to feel sad, and she would make choked breathing sounds from time to time, and her body twitched slightly.

"What's wrong?" Jiang Xiaoshan looked at the shapes of the two in surprise, this pose...

Amazing!

"What are you thinking about?" Qin Yu gave her a fierce look, when can this stupid girl be more reliable.

Put Li Wanxing on the chair, and put her coat on her.

Qin Yu confessed that Wen Yaxuan was taking care of her here, and she wanted to go out by herself.

"What happened?"

"Mother Yan Xue is gone, now she is the only one to deal with the funeral..."

"I'll see if I can help."

Knowing the truth of the matter, Wen Yaxuan urged him to go there quickly.

A girl, helpless...

Just thinking about it makes me feel distressed, Wen Yaxuan patted her chest: "Sister Wanxing will just leave it to me."

After Qin Yu left, Wen Yaxuan stood by Li Wanxing.

After playing with the mobile phone, my stomach groaned suddenly.

He glanced at Li Wanxing, who was frowning and slumbering.

Wen Yaxuan decided to endure, but within a few minutes, she felt like a cat's claw in her stomach, and it seemed as if a hole had been broken, and she was constantly pumping out as uncomfortable.

'No more, no more. Wen Yaxuan opened the ordering software and glanced at Li Wanxing quietly.

The sky is so big, you have to fill your stomach, right?

Finding the most acclaimed store nearby, Wen Yaxuan was instantly captured by gourmet food.

This looks delicious, and this one is also good...

This is the highest praise...

Wow, it's new in the store, you have to try it, you have to try it!

...

After getting on the bus and preparing to set off, Qin Yu remembered forgotten to ask for the address.

But this didn't bother him. I found out Li Xiao's phone number and dialed it, and the other party knew it.

"We'll be rushing over there, Yan Xue alone...it's embarrassing for her."

"Being brave, hum!"

You don't need to ask to know that it is Yang Chengjun, his temper is getting more and more stinky, and good things have to be said badly.

"That's OK, meet up somewhere."

After hanging up the phone and setting up the navigation, Qin Yu also set off.

Half an hour later, Huilong Park.

Li Xiao and the others hadn't come when Qin Yu arrived.

From a distance, I saw a new tomb about to be buried.

Wearing a white funeral gown, wearing linen and filial piety, Yan Xue stood there, with a black belt on his arm.

"and many more."

Qin Yu yelled from a distance, and ran forward quickly.

Xu was the workers who stopped and disturbed Yan Xue.

The divergent gaze regained focus, looking in the direction where the workers were looking.

"Woo~~"

Yan Xue rushed into Qin Yu's arms as fast as he could, and Yan Xue cried presumptuously.

It seems to vent all the grievances, sorrows and pains in my heart.

"Cry, cry, it's okay."

Caressing her back, Qin Yu motioned to the workers in the cemetery not to move.

...

After 45 minutes, Fu Shou Garden.

Yan Xue was in front, holding her mother's urn Qin Yu and Li Xiaoxiao followed around, and Li Xiao, Yang Chengjun, Liu Xing, Han Hu and others followed.

Even Ge Qing, who has gradually ceased to be in the circle, has also come.

Although these people are added together, they still appear to be thin.

But at least it was better than Yan Xue who came alone before.

For the cemetery, the higher the location, the better.

Qin Yu chose one of the best positions.

I was able to order it because of the premium, and I ordered it for 40 years in one go.

Handed over 1.2 million.

In any case, the poor these days have extravagant hopes for death.

A better cemetery costs four to five million yuan, and the deadline is only 20 years.

Poor, can he afford to die?

### **Chapter 373: How many good sisters do you have?**

The atmosphere of the funeral was deep and solemn, and it was overwhelming.

Fortunately, the people around him and everything in front of him gave Yan Xue a little comfort.

"Mom, this is Qin Yu, my... good friend."

"He arranged these for his daughter."

"Here, the best place in Hudu is the Fushou Garden we talked about before."

"Look, is the surrounding environment particularly good?"

"Mom~ woo... I miss you, ah..."

Everyone couldn't bear to turn their heads away, and Li Xiaoxiao secretly wiped his tears.

Seeing that she has been kneeling in front of the tomb and crying, crying out of breath.

Qin Yu stepped forward and helped her up: "Go, your body won't be able to take it any longer."

Yan Xue still didn't want to leave. Finally, after everyone's persuasion, she decided to come to worship another day.

...

For three days in a row, Yan Xue lay at home quietly.

Li Wanxing originally wanted to take care of her, but Qin Yu blocked her back.

"The two of you lie together, only crying all day long, let her calm down."

Although such a regret has happened, we still have to continue doing what we should do.

"I don't know how Lixin is now."

This time, Lixin is to compete with Yaoyang in the foreign exchange market.

To succeed, it will take the Cheng family half-life.

No, it is nothing more than Lixin earning more and less.

This time, Li Xiao and others also invested money in it.

It's just that Qin Yu has made it clear in advance that this time it is the goal of making money.

Therefore, it is still unknown whether it is a profit or a loss in the end!

Upon hearing the news, Xu Hao exploded.

"Brother Yu, who do you look down on!"

"If you have money, you are a brother, so you can invest money together. If you don't have any money and you need help, you just pat your \*\*\*\* and run away. Is that a human?"

This time, Li Xiao, Xu Hao, Yang Chengjun, Han Hu, and Liu Xing.

Each of the five members of the small group that reached a new group with Qin Yu gave him one billion.

No matter what the other party's picture is, what's the plan in mind.

This love Qin Yu must be kept in mind!

At the same time, Ye Jinlan added 2 billion into Lixin's account without saying a word.

When Qin Yu called and asked, the other party just said lightly, "Follow to make money," and there was nothing to follow.

Therefore, the rich woman deserves to be a rich woman.

The Ye Family's background is really beyond the reach of ordinary people.

I'm afraid that Ye Jinlan can transfer 20 to join Lixin, which is also the tacit approval of Ye Lao.

Qin Yu took the money with peace of mind.

Although Ye Lao's condition has not been completely resolved, it can at least extend his life for a year or a half.

Is it worth 2 billion?

This time, the amount of private placement abroad reached 7 billion.

Lixin's own funds were thrown away from the 2 billion shares of Kuafu and 900 million from Qin Yu's subscription.

The remaining 2 billion.

With this calculation, all the money added up is 9 billion.

"How can this money not be spent!"

I thought I had too much money to spend, but I realized that I was sloppy.

Where there is no end to spend, it is simply not enough!

The money is gone without much spending.

Compared with those big players in the industry, my own assets are still not enough!

If 9 billion are thrown into the market, a small splash can also be made.

But that is for others.

If you have the information to believe, you will get nothing.

Even if Jiang Luo is partial to him, Qin Yu will inevitably be disappointed.

‘Stock Prediction Card.’

This card is not for nothing.

Although crude oil is a futures, this card cannot directly predict its curve.

But Qin Yu has other ways.

If you use this card on a national player, you can naturally see it in detail.

However, this requires extremely careful observation and a keen sense of smell.

Whether Jiang Luo can do it is still unknown!

...

Abandoned capital, Lixin Investment.

Countless information was gathered in front of Jiang Luo, and she kept scrolling in her mind.

There were beads of sweat on his forehead, but Jiang Luo didn't seem to notice it at all.

Orders came from her.

Apart from her voice in the room, there was only the keyboard tapping of the keyboard ‘crackling’.

"President Jiang, this is the latest change and news."

Zhang Qili put the printed information in front of her, and the person returned to his seat.

On the three screens in front of him, countless information was spread out in the size of a pencil box.

Everyone was waiting, waiting for Jiang Luo's command.

The clock is ticking...

Seeing that time was about to pass, Jiang Luo finally saw the answer he wanted.

The nervous expression suddenly relaxed, and he whispered softly: "It's time to start."

...

Qin Yu couldn't ask questions about Jiang Luo's actions in the abandoned capital.

Qin Yu did nothing these days, the only thing he cared about was the business with Wei Lan.

Since the appearance of the lithography machine, the construction of Kuafu Technology has been faster than expected.

Seeing that it was about to be put into production, Li Yi's Azure also began to make preparations.

Whether this batch of batteries is really as magical as rumors, the market will eventually test it.

Withstanding the test, Wei Lan made the right bet this time.

If it can't stand the test...

I'm afraid Li Yi's position is about to be unstable.

Oriental Royal Garden, early morning.

Qin Yu was running around the garden when a familiar figure suddenly appeared in front of him.

"Hey, I finally saw you again." Jin Xi happily ran to him: "I can't see you when I run every morning. I'm still worried that you moved away!"

"What's the matter?" Seeing the other's undulating chest, Qin Yu not only glanced twice.

No other meaning, just a bit too eye-catching.

It is impossible to pretend to be invisible, but to appear hypocritical.

"You haven't told me what your name is." Jin Xi put his hand on his chest unnaturally.

The other party's gaze made no concealment, which made her unconsciously beat faster, which felt particularly weird.

Although, I never lacked the same look in myself.

But he is his own savior, and he feels naturally different.

However, he just looked at himself so boldly...

Is it too much?

"Qin Yu." Qin Yu said.

"My name is Jinxi, thank you for saving me last time."

Although a little awkward, Jin Xi still wants to thank him.

When she went to check up last time, she also informed the doctor about the fainting that had occurred before.

The other party supported her for good luck, if it weren't for fainting, she would be discovered in time.

She may faint and hold her breath. Even if there is no life worry, prolonged lack of oxygen may cause brain damage.

Jin Xi couldn't help being scared when he thought that he almost became a fool!

Qin Yu smiled and said, "You have already thanked you last time."

"It's not the same." Jin Xi shook his head and looked up at him abruptly: "Why don't I invite you to dinner!"

"eat?"

"Yes, thank you for saving me."

Look at the other person's expression seriously, not as polite.

Qin Yu not only felt a little impulse to play a joke in his heart: "By the way, shouldn't the life-saving grace be promised by the body?"

Jin Xi's face was flushed, and he glanced at him angrily and said, "What age is it now? There is no way to agree with him."

"No?" Qin Yu shook his head regretfully: "It seems that you are not sincere!"

Hearing the ridicule between his words, Jin Xi rolled his eyes and chuckled lightly: "Okay, then let me agree with my body."

Reaching out to take his arm, Jin Xi slyly said with joy: "Then how about we get the certificate now?"

"My home is on the top, so I can steal the account book when I go back."

"..." Seeing the other party's provocative look, Brother Yu directly said: "Okay, then I'll be waiting for you here."

"You...Bah." Jin Xi said angrily: "I thought you were a good person, but I didn't expect to be a scumbag."

Her expression suddenly changed, and Jin Xiwan's taste: "You are not the sea king who wants to raise fish, are you?"

"Do you think I look like?" Qin Yu opened his hands and behaved very openly.

It's just that Jin Xi has seen through his true colors.

This is a little sun rhetoric, I don't know how many girls have been coaxed.

But he...

There is indeed a little capital, both in terms of appearance and own conditions.

Those who are handsome and have the capital are called Haiwang, scumbag.

He looks ugly and likes to be a demon without capital. It is not a scumbag, it is a scumbag.

"I said your women are too realistic. Whatever is good if they are handsome?"

Walking along the garden side by side, Qin Yu couldn't help but complain: "So, you can do anything if you are handsome?"

Jin Xi shook his head and retorted, "No, he is handsome and rich in order to do whatever he wants."

Qin Yu smiled in surprise: "Your requirements are quite high."

"Of course, scumbags are not something that everyone can do." Jin Xi squinted and asked mysteriously, "So, how many good sisters do you have?"

### **Chapter 374: Passed**

"What sister?" Brother Yu didn't understand what she was saying at all.

younger sister?

I am a typical generation of only-children, so what kind of sister is there from.

Even if the mother is a girl this time, the child still hasn't come out in her stomach!

"Pretend!" Jin Xi rolled his eyes before he didn't believe his nonsense.

If the man's mouth can be believed, the pig can fly to the sky.

"You belong to prejudice, and good men still have it."

"such as?"

"like me?"

Look at his sincere face and sincere and confident eyes.

Jin Xi was speechless, and said to his heart: Why is there such a cheeky person.

"By the way, what did the doctor say?"

When Qin Yu asked about the condition, Jin Xi sighed, pretending to be relaxed: "It's nothing serious, the doctor said that he needs to be nursed."

"Then you still come to run?" She was running last time, why doesn't she have a long memory?

Jin Xibai gave him a glance: "Not just to meet you."

"Why, fell in love with me at first sight?" Qin Yu approached her happily.

"Go, why are you so thick-skinned?" Jin Xi pushed him away in an angry manner and strode forward.

As soon as he walked, he ran, and Qin Yu followed.

"Didn't you say that everyone likes scumbags?"

"So, you admit that you are a scumbag?"

"How is it possible, I am a person with dreams."

"What dream?"

Qin Yu stopped and looked up at the sky: "My dream is very simple."

"For all the beautiful ladies in the world, a warm and comfortable home."

Jin Xitan opened her mouth slightly, with a look of astonishment, and looked at him with a somewhat incredible expression.

Seeing her surprised expression, Qin Yu smiled lightly: "Why, do you think my dream is particularly great."

"you....."

Jin Xi didn't know what to say anymore, her face changed and she ran out of shamelessness, and ran away quickly.

This time Qin Yu didn't chase, but smiled and shook his head to turn back where he came from.

Xuan Xuan's meeting should also start, and it's time to bring some breakfast home.

When Qin Yu arrived home, Wen Yaxuan was already up.

There is a big class this morning, and she intends to listen to it.

After the end, you have to go to the bungalow and stare at it.

It's time to get the furniture in these two days. If no one is watching, what should I do if I bump such expensive furniture?

"breakfast."

Put breakfast on the table and see Wen Yaxuan combing her hair in front of the dressing table.

Qin Yu stepped forward and took the comb and helped her manage her hair.

Wen Yaxuan smiled and sat quietly on the chair, her face filled with happiness throughout the room.

These days are her happiest moments.

Although it is a bit selfish to think so, but there is no day when Lan Yue is here.

It's great to be able to occupy Qin Yu alone...

"If something happens tonight, I won't be back."

Qin Yu has an arrangement tonight to get together with my little brother and them.

I don't know what time it is at the end, there is no need to let Wen Yaxuan wait.

"Then I will go home tonight, so I won't live here." Wen Yaxuan responded with a smile.

Since no one is here, she'd better go home and live.

After all, this is a small space belonging to Lan Yue, and she is already content to be able to occupy Qin Yu alone for so long.

...

Shangdu, Royal Dance Company.

Today is the day to list, although the confirmed list will be sent to everyone via email.

But everyone is still used to gathering at the door, wanting to find their name from the list.

Naturally, Lan Yue can't be immune!

The reason why the interview ended during this period of time has not yet returned to Hudu.

Just to see with my own eyes whether I have passed the selection.

While waiting anxiously at the door, a figure suddenly appeared beside him: "Lan Yue."

Turning to face each other, Lan Yue said in surprise: "Yes, are you?"

"Ye Jinlan, Qin Yu's...friend."

Ye Jinlan's eyes were indifferent, but in fact he was looking at the girl in front of him.

Beautiful, even if she is also a woman, she has to admit her beauty.

The cautiousness between the eyebrows, the tenderness and tenderness exuding from the bones...

Such a woman will naturally trigger a man's natural desire for protection.

No wonder Qin Yu cares about her most, let alone him.

Ye Jinlan saw it for the first time, and there was something in her heart that wanted to care about and protect her.

"Miss Ye is good." Knowing that it was Qin Yu's friend, Lan Yue kindly took her arm.

Ye Jinlan's expression became stiff, and his body became unnaturally tense.

But soon, she relaxed in the laughter of Lan Yue.

This woman... is poisonous!

Ye Jinlan never thought that he would easily identify with a person.

But now, she has to change her thinking and judgment.

"It's about to be put on the list." Seeing someone coming out with the list, Ye Jinlan walked forward with her.

The list is posted in the bulletin board, waiting for the person to leave the list.

A group of people hurried up.

Ye Jinlan and Lan Yue are weak, so naturally they can't squeeze in.

However, there are people around them to help.

Fanbing opened his hands to protect the two of them all the way to the front.

Lan Yue!

The second in the first line is her name.

Passed!

"Me, did I pass?" Seeing her name, Lan Yue still felt unreal.

She really did it, and she became a member of the Royal Dance Company.

The highest hall of dancers, the teacher's dream.

She did it!

"Congratulations."

Ye Jinlan smiled and congratulated her sincerely.

"Thank you Sister Ye..." Lan Yue looked around after speaking, "Right, where's the teacher?"

"Should I have someone help you find it?" Ye Jinlan asked casually.

"Ah~ no, the teacher may be out for something, so I'll just wait here."

"Okay, then I have something to do, so I'll leave first." Ye Jinlan patted the back of her hand: "You can find me if you have anything to do in the future."

"Thank Sister Ye, goodbye." Lazy cat smiled sweetly and waved goodbye to her.

Fanbing handed her a business card: "Miss's private number."

After receiving the business card, Lazy Cat glanced at it casually, put it in her small shoulder bag and curiously said, "Isn't Sister Ye's identity very big?"

Fanbing looked forward without squinting his eyes, and simply replied, 'I can't say it.'

In this regard, Lan Yue has taken offense.

These days, getting along with ordinary soldiers, the opponent is so cold, like a wood.

Sometimes Lan Yue wonders if there are all kinds of machinery and circuits hidden under his seemingly real skin.

It's completely a robot.

However, she dared not say this in front of Fanbing.

The other party's serious look is still quite scary...

Soon after, the disappeared teacher Shen suddenly appeared: "Is it over? Let's go now."

"Teacher, I was hit, I succeeded." Lan Yue was excited, but didn't notice the nervous and sad expression between Shen Bing's eyebrows.

"Okay, I already know." Shen Bing took her to walk out quickly, looking around from time to time, as if she was avoiding something.

Fanbing looked around with some curiosity, and found nothing unusual!

This made him wonder what is it about [www.mtlnovel.com](http://www.mtlnovel.com), which makes her so nervous, who has always been calm and calm?

...

On the side of the road, Fanbing went to drive, while Teacher Shen and Lan Yue were waiting in place.

At this time, Teacher Shen's expression returned to normal, with excitement and pride in his eyes.

"Yueyue, I know you can do it."

"Thank you teacher, I will work harder when I enter the Royal Dance Company."

"Well, but you should also pay attention to your body. I don't want to hear your...Qin Yu's nagging."

"Teacher~"

During the conversation, someone behind him suddenly called Lan Yue's name.

Looking back, Shen Bing's complexion changed drastically when he saw that the person came, quickly turned away and stopped looking at him.

Even Lan Yue noticed the panic.

### **Chapter 375: past**

"teacher?"

"Ah~ I have something, we will see you later."

Before Lan Yue could speak again, Teacher Shen hurriedly threw her hand away and ran to the side.

"Teacher?" Lan Yue wanted to catch her, but didn't have time.

"Lan Yue..." Ye Jinlan stood beside her and looked forward with her: "What's the matter, who is that?"

"My teacher..." Lan Yue looked weird, and looked at Ye Jinlan with a little more suspicion.

Lan Yue has a delicate mind and is most sensitive to changes in people's hearts.

Naturally, I realized that the teacher only suddenly changed color when Ye Jinlan came.

Then he hurriedly made excuses to leave...

To say it had nothing to do with her, Lan Yue definitely didn't believe it.

'Do they know each other? 'I thought that the teacher had also been in Shangdu and was a member of the Royal Dance Company.

After arriving in the capital, whether it is to go to the interview or to put on the list.

Every time she waited for someone to leave before she appeared...

These strange behaviors combined, if Lan Yue hadn't noticed it.

Then it's not confused, it's lack of heart and soul!

"Your teacher... are you okay?" Ye Jinlan asked.

Lan Yue shook his head and chuckled, "No, private affairs... Why is Sister Ye back again?"

"Oh, yes." Ye Jinlan suddenly took out a letter.

That's right, it's just a letter wrapped and sealed with a yellow letter.

"This, I want to ask you to give it to Qin Yu for me."

Ye Jinlan didn't say anything, but asked her to help herself forward the letter to Qin Yu.

Lan Yue was curious and funny, why would someone write letters at this time?

Write as you write, how can you let yourself forward it? ?

Countless question marks turned in her mind, so that she didn't even notice when Ye Jinlan left.

"People...go away?" At the same time, there was also Shen Dong who disappeared in a hurry.

Looking at the complicated and weird look she had never had before, Lan Yue endured her but still couldn't hold her back.

"Teacher, do you know Sister Ye?"

"I don't know." Shen Bing replied decisively and firmly.

But it was this decisiveness that made Lan Yue believe that there must be some connection between them.

A dance teacher from Hudu, and Yejia in Shangdu...

? ? ? I can't figure it out, I can't figure it out no matter what.

Shen Bing put away his expression, his expression returned to his previous cold and elegant expression:

"What did she let you do?"

Lan Yue said 'oh' and took out the letter: "Let me bring her a letter!"

"For whom?"

"Qin Yu."

"Then you are not curious?"

"Curious!"

Lan Yue nodded and turned around with the letter in her hand.

Everyone can tell that she is really curious about this letter.

Seeing that she was turning around like this while holding the letter, she kept pasting it in front of her eyes from time to time, as if she wanted to see through the envelope...

"Open it." Shen Bing hoped that she would open the letter directly.

See clearly what is written in it, and then decide whether to tell Qin Yu.

Otherwise, just throw it away.

When I asked back, I said that there was no such thing, and I would help her testify!

"Teacher..." Lan Yue widened her eyes and looked at her in astonishment.

It's like looking at a stranger.

The teacher in my impression is not such a person.

"Forget it, you decide for yourself."

Shen Bing also knew that his proposal would not be accepted by this stupid girl.

She just wanted to give it a try!

but.....

If it hadn't been for this visit, she wouldn't have known that Qin Yu had a relationship with the Ye family in Shangdu.

Moreover, it seems that this friendship is not shallow! !

"Teacher, the tickets are already booked, let's go back and get them directly!"

"Great."

...

Knowing that the lazy cat was coming back, Qin Yu had been waiting at the airport early.

As soon as he came out of the exit, Lazy Cat dropped his suitcase and went straight to Qin Yu.

Qin Yu hugged Qin Yu with a slight jump upwards.

With his legs sandwiched between his waist, he couldn't stop laughing.

Lazy Cat put his head on his shoulder and murmured, "Miss you."

"Me too." Qin Yu tilted her head and poked on her lips.

Shen Bing pushed two suitcases over: "Cough, stuff!"

Looking sideways to the outside, deliberately not to look at the crookedness of the two.

Lazy Cat thought that the teacher thought the two of them were too tired and crooked outside, and jumped down a little shyly in his heart.

"Go, go home first."

Holding her in one hand, carrying her luggage in the other, loading her things into the car and preparing to leave.

"That's right." Lazy Cat opened the small bag and took out the envelope from the inside.

Seeing this scene, Shen Bing thought, "Fool." '

But I also understand why she is the most favored by Qin Yu, 'I don't know where Xuan Xuan ranks in his heart? '

"Sister Ye gave you this."

After receiving the letter, Qin Yu asked a few words and learned that Ye Jinlan didn't say anything.

My heart is full of questions!

What does she mean to be pen pals with herself? ?

Open the envelope and open the folded letter paper.

Three pieces of white paper, empty inside, without a word.

Turning the envelope and letter paper back to Lan Yue's hand, Qin Yu asked, "She really gave it?"

"Hmm, she gave it." Lan Yue flipped through the letter paper curiously, and muttered, 'Why are there no words? '

After thinking for a moment, Qin Yu opened the car door and said, "Wait for me, I'll make a call."

Shangdu, Ye's family.

Ye Jinlan, who was checking the accounts, received a call from him: "Why, someone has arrived?"

"What do you mean by your letter to Lazy... Lan Yue?"

"It's nothing, it's not reliable to see her."

"How does her unreliability have anything to do with you?"

Hearing the irritation in Qin Yu's tone, Ye Jinlan smiled slightly: "Since you are to be friends, you naturally have to know if people are reliable."

"...A friend like you, she'd better make less."

Toot toot...

After hanging up the phone, Qin Yu returned to the car: "It's okay, just kidding."

"Lazy cat, keep in touch with Ye Jinlan in the future!"

"Why?" Lan Yue retorted: "Sister Ye is pretty good."

Seeing her serious look, Qin Yu could only shook his head helplessly: "She is not as good as you think."

Well, if she is really good, there won't be this letter.

Think a letter can create a gap between yourself and Lan Yue?

Even if she does tear it down, throw it away...

I don't think there is anything.

Is Ye Jinlan a little too underestimated, her own mind?

"Qin Yu, are you keeping up with the Du Ye family?"

On the way back, Shen Bing suddenly asked about the Ye family.

Qin Yu didn't elaborate, but said that he had some business dealings with each other, and that he could be regarded as a business partner.

Shen Bing didn't ask any more, turned his head outside the window and fell silent.

However, judging from her expression, it seemed that she suddenly became a little more sad and worried.

"Where is this going?"

When Shen Bing woke up from contemplation, he found that he had passed the school and the car was still driving north.

"Go somewhere, Xuan Xuan is also here." Qin Yu turned around and smiled and explained: "She prepared a surprise for you."

Teacher Shen frowned and wanted to say, 'she doesn't need any surprises.'

But the words came back to the lips.

When the child is older, the mind is alive, and sometimes it is necessary to take care of her feelings.

I don't care about it, but I have to consider how she feels.

However, things like this kind of surprise always make people very tired.

Hope it won't be too long, she just wants to go home now.

Lie down on a bed you are familiar with and have a good sleep.

In Shangdu these days, she hardly had a good night's sleep.

Either you are reminiscing about the past, or you are afraid of being recognized...

Back then, I was like a fool, desperate for love.

Unmarried first pregnancy, so that the family face is lost.

That man walked away again, letting himself fend for himself!

In the end, she had to travel far to Hudu, so she had no contact with her family.

This walk is more than ten years.

She was about to forget what she looked like in Shangdu, and those years when she was young.

I thought I had put it down, but I didn't expect to return to Shangdu.

I knew that in my heart, I had never let go of it.

Shen Bing only hated that he was blind at the beginning, so he would regard the ignorant as someone who can be entrusted to life.

Otherwise, why would she...

"Teacher Shen, Teacher Shen." Qin Yu pointed to the courtyard wall next to the street after waking up a flustered Shen Bing: "We are here."

Follow Qin Yu into the small courtyard, a secluded and serene environment surrounded by greenery.

In an instant, Shen Bing liked this place. What is this place? "Just looking outside the door, this should be a place for the dead."

Did Qin Yu bring them here as a guest?

While thinking about Shen Bing, she saw that the door was opened, and Wen Yaxuan trot up and hugged her: "Mom..."

Standing stiffly in place, Shen Bing patted her back lightly.

It was comforting and reminding her that it was enough.

Wen Yaxuan didn't care either, she had long been used to it.

He took his mother's hand and walked in, and said as he walked, "Look, do you like it here?"

Shen Bing nodded and said seriously: "I like it very much. Whose home is this?"

Wen Yaxuan's last hesitation disappeared when she said she liked it.

Leading her to stand in front of the floor-to-ceiling windows, smiled and responded: "Of course it's your home."

## **Chapter 376: insomnia**

"Me, my home?"

Even with Shen Bing's temperament, this meeting was also taken aback.

How could I have this... Western-style building, garden.

With a value of at least over 100 million, how could she afford it?

Yu Guang swept towards Qin Yu and saw a satisfied smile on the corner of his mouth.

Shen Bing turned to face him: "You did it."

"Yes, I bought it."

Qin Yu took out the prepared real estate certificate, "The name is Xuan Xuan, this house is now in her name, and all the facilities are new."

"How much is it?" Shen Bing took the real estate certificate and looked at the name of her daughter above in silence for a while.

"Not much money..." Seeing her persistent gaze, Qin Yu stretched out a finger: "Little goal, little goal."

Small goals, is that more than one billion?

Such a precious thing, how could she...

Just as he was about to reprimand his daughter, Shen Bing saw that she was standing beside him stupidly.

She looked completely stunned, her mouth couldn't close.

"Well, didn't you mean... didn't you mean borrowing?"

After being pulled by her mother, Wen Yaxuan came back to her senses, stumbling and muttering, 'I'm not talking about borrowing, how come it's mine, this house is so expensive...'

Suddenly, from an ordinary college student, she became a rich woman worth over 100 million.

Did this change come a bit too suddenly and completely unprepared?

"Anyway, it's for you and Teacher Shen. What does it matter whose name is written?"

Qin Yu said it very lightly, as if it was the case.

Anyway, I live there. What does it matter if I write a name? Shouldn't I live with them?

Can the facts be the same?

One is to live, and the other is the right of ownership in the legal sense.

Whether it is its ownership, property rights, residency rights, etc., all belong to Wen Yaxuan.

As long as it is her own intention, no matter how she wants to deal with this house, it will be fine.

It's okay to sell it directly.

'He's so self-confident and doesn't worry that Xuan Xuan will leave him?'

Shen Bing was a little confused, he really didn't worry, he was particularly confident.

I still don't care at all, I just want to be nice to her.

Give her more sense of security and belonging?

For a while, even Shen Bing, who thought he could see through men, couldn't answer.

A house worth hundreds of millions of dollars will be given away.

I just finished the house and said that he was just for fun, who has this courage?

Could it be that he still wants to marry him...

Before Shen Bing could understand, Wen Yaxuan had already plunged into Qin Yu's arms, and Li Hua began to cry with rain.

Seeing her daughter's expression of attachment and obsessiveness, she knew that people had fallen into it.

Ugh!

But I have to change it for myself to meet such a man, such a handwriting...

Whether he can stand it, Shen Bing still has no answer in his heart!

There is even a glimmer of beautiful hope deep in my heart.

Back then, if I met him, I believe my life will be very happy now!

"Okay, okay, don't cry... You will become a cat face if you cry again."

Carefully comforting Wen Yaxuan, helping her wipe away the tears, Qin Yu rubbed her belly: "I'm a little hungry, aren't you preparing lunch?"

At the mention of eating, Wen Yaxuan's attention was immediately diverted.

"It's all ready, hot pot!" With a clap of her hands, Wen Yaxuan ran towards the restaurant first.

She has to start the fire first, and boil the water before she can eat it!

Before long, Li Wanxing and Jiang Xiaoshan also arrived with things.

Today is a celebration of the housewarming of Teacher Shen and Wen Yaxuan.

The second is to welcome Teacher Shen and Lazy Cat to come back safely.

"In addition, I have some good news to announce." Lan Yue stood up holding the cup, reached out and took out a notice from the bag: "Dangdangdang, I was admitted by the Royal Dance Company!"

"Ah~~~" the sisters cheered and screamed, and then they got messed up.

Holding them one by one, they jumped and jumped, and kept asking questions.

How difficult is the interview process?

How did she behave, do you know where she is?

In the future, when I go to the Royal Dance Company, do I often go abroad to participate in major performances?

How long are you going to take the title of chief dancer?

When there is a chance in the future, is it a free package for them to watch the show?

"Hey~" Qin Yu tapped on the edge of the pot with his chopsticks, and said amusedly: "Can you talk while eating? If you don't eat the pot, you will have to boil it dry."

"Everything is cooked, sit down." Shen Bing followed, and the girls sat down obediently.

However, the celebration has to be celebrated.

The drink on the table was changed to red wine, and Shen Bing was also entangled by Lazy Cat and Xuan Xuan, and picked up the wine glass.

"Come on, let's wish Lazy Cat together as soon as possible the number one dancer in Xia Country, cheers!"

"Cheers!"

...

After eating a meal late at night, everyone drank, naturally they couldn't go back.

Fortunately, the western-style building has enough rooms to accommodate so many people.

Lazy cat and Wen Yaxuan were both drunk, and they were with Li Wanxing and Jiang Xiaoshan respectively.

It's on the second floor, easy to take care of at night!

Qin Yu and Shen Bing live in a separate room on the third floor.

It was late at night, but the lonely brother Yu couldn't sleep.

Downstairs are full of lambs waiting to be slaughtered.

It happened that he, a big bad wolf, lives upstairs, you say irritating is not irritating?

No way!

One turned over and sat on the side of the bed, Qin Yu wearing shoes planned to sneak downstairs.

Rubbing his hands and feet, he opened the door and heard nothing at the end of the corridor.

Qin Yu turned around and closed the door, and walked gently towards the stairs.

Just a few steps away, the door at the end of the room suddenly opened.

Thump thump...

A figure quickly ran past her, and the wind-swept blue silk put her face on her face.

With a kind of unique fragrance!

The other party passed by him directly and headed for the bathroom.

Wow~

Standing at the door of the bathroom, Qin Yu hesitated and knocked on the door: "Mr. Shen, are you okay?"

Wow...

There was a flushing sound from inside, but no one agreed.

Qin Yu yelled twice again, seeing that no one answered, he could not help but push the door open in fear.

What caught your eye was Teacher Shen in a thin nightdress sitting on the ground.

He was leaning against the toilet, with his arms resting on the toilet lid, and he was dizzy and not conscious.

Tonight, she drank a lot.

At first there were people who persuaded the cup, but she took the initiative to drink it later.

Drinking one cup after another, silently drinking, you can see that there is something on your mind.

It's just that the girls are busy congratulating Lazy Cat.

She didn't even notice that she was drinking boring wine alone, except for Qin Yu.

But he didn't say anything.

For nothing else, the main reason is to let her vent.

Shen Bing's temperament, it is impossible for her to confide in her mind.

Therefore, it would be better to let her vent by drinking.

If there are too many other things in my mind, it is not good for people.

"Men...good things, none of them..."

The drunk Shen Bing mumbled something, seeing that she didn't mean to be sober at all.

Qin Yu glanced back vaguely, and there was no one in the corridor quietly.

He didn't know what he was guilty of, he was a little uncomfortable anyway.

However, she can't be left here.

Wearing such thin clothes and a bad waist, what should I do if I catch a cold?

In a dilemma, Qin Yu still bent forward, resting his shoulder with one hand and his thigh with the other.

Hugging her horizontally, her silky nightdress droops down...

See no evil, see no evil.

indecent.....

Carrying the person back to the room, Qin Yu was already sweating profusely.

Who can withstand this test of cadres?

"Qin Yu?"

Just as Qin Yu was wiping sweat, Wen Yaxuan's voice was heard abruptly behind him.

"Hush!" With a heartbeat, Qin Yu made a silent motion.

Quietly walked out of the room, gently closing the door.

Qin Yu just breathed a sigh of relief and explained softly: "Mr. Shen just fell asleep in the bathroom. He should have thrown up. I just took him home.

"Oh, are you okay now?" Wen Yaxuan asked worriedly.

"It should be okay, I think I was asleep, and fell asleep after climbing on the toilet lid."

Qin Yu didn't mention her dreams, otherwise Wen Yaxuan would have to think about her wildly.

"Don't talk nonsense." Wen Yaxuan raised her small fist and hammered him in the chest.

Catch it, Qin Yu laughed strangely: "Hey, aren't you drunk?"

Wen Yaxuan flushed, lowered her head and murmured, "I was drunk and awake again."

"So?" Qin Yu reached out and hugged her into his arms and walked toward the room like this.

Wen Yaxuan stepped back and said, "I, I'm here to see my mother, don't... don't mess around."

Will Brother Yu believe this?

Don't care why he came here, he is burning!

Everyone has arrived at the door, if you miss it again...

Hehe~

...

Click~

There was a crisp sound of closing the door, in the master bedroom.

Teacher Shen, who was drunk in the bathroom, opened his eyes, his eyes as clear as the sky.

Where is half drunk!

But there was a strange feeling of anger and anger, which made her awake all night!

## Chapter 377: 1 night 78 next .....

"Ah~" Teacher Shen yawned and sat at the dining table with two dark circles under her eyes.

Seeing her like this, Lazy Cat asked curiously: "Teacher, did you sleep last night?"

"Yeah." Teacher Shen snorted, and gave Qin Yu a cold eye.

Last night, his door kept ringing.

It rang at least six or seven times before and after.

She couldn't remember how many times the sound of running water rang.

In short, the silly girl except Lazy Cat was really drunk last night.

The remaining.....

No fuel-efficient lamp!

Seeing Shen Bing's eyes looking at him, Qin Yu's heart moved.

Looking at her suspiciously: "Mr. Shen, am I bothering you?"

At a glance, Shen Bing could see the sly snickers in his eyes, and turned his head away angry.

Too lazy to care about him.

Didn't make any noise, don't you have any points in your heart?

At night, I can't sleep peacefully.

However, the soundproofing at home is done well.

All night she heard nothing except the sound of opening the door.

Xuan Xuan, this girl, didn't she have premeditated, right?

Thinking of going to Shangdu, I was moved inexplicably when I came back...

"Ah... this house."

"Mom, have a crab noodle bun. This is what Qin Yu bought at your favorite store early in the morning."

A crabmeal bag, naturally, can't stop Shen Bing's mouth.

It can be watched by my daughter making a pie. The chopsticks are placed on a crab noodle bag, ready to move.

This is clearly a statement by herself, she is going to clip one for herself.

Think you can buy yourself by eating?

Shen Bing dismissed it, picked up the crabmeat packet, and took a small bite.

Fragrant~

Breakfast was spent in peace, waiting for the meal to be finished.

Qin Yu took the lazy cat one step ahead, and the others bid farewell to Shen Bing one by one.

After a while, only the mother and daughter were left in the yard.

"Mom, here I will clean up, you go to the yard to bask in the sun."

"Early morning, where is the sun?"

Having said that, Shen Bing still failed to resist the temptation of the courtyard.

Push open the glass door leading to the yard, the creeper on the wall on the left, and the wild flowers on the right.

The green lawn is clean and tidy, with a swing hanging under the thick branches in front.

It is made by making two holes in a wooden board with twine.

It looks very rough, and the lines are messy.

But it is this roughness that gives the yard a little more natural flavor.

Shen Bing originally wanted to try the swing, but she thought that Wen Yaxuan was still in the room.

Enduring the urge in my heart, I lay down on the bamboo chair next to me.

The small round table is handy, it is very convenient to put something.

After sitting for a while, Shen Bing got up and came to the courtyard wall.

Picking up a small shovel and a water bottle, I plan to clean up all the flowers and plants in the yard.

After Wen Yaxuan finished cleaning the house, she looked out.

Shen Bing was bending down and squatting in front of the flowerbed, taking care of the flowers and plants on it.

"Mom, I'm going to school first."

"Ok."

Shen Bing was busy with the work in his hands, and answered without looking back.

When I heard the footsteps drifting away, I couldn't hear it at all.

Only then quietly looked back, looking around and looking out...

After confirming that her daughter is no longer there, she put down the tools in her hand and got up and clapped her hands.

With a small smile, he came to the tree and sat on the swing with hemp rope.

Creak, creak...

Shen Bing was a little intoxicated by the sound of the hemp rope tightening.

I remember when she was young, she liked to sit on a swing and let people push her behind.

...

Wen Yaxuan, who turned back home, happened to see Teacher Shen put her head on the twine.

Straighten his legs, rippling gently under the tree.

There was a beautiful smile on the corner of his mouth, as if he was reminiscing about his youth.

Rubbing his hands and feet, he returned to the living room and picked up the bag he had forgotten.

Wen Yaxuan quickly disappeared into the courtyard in a low voice.

It's just that in my mind, I can't forget the beautiful happiness of a small smile.

...

"You don't understand, I have never seen my mother smile so happily."

Wen Yaxuan, who was sitting in the back row, kept thinking about the previous scenes in her mind.

Looking up at Qin Yu, Wen Yaxuan thanked him again with emotion.

If not for everything he did.

Mother will not think of the past, let alone show a happy smile that she has never had before.

"To make you happy is what I should do."

Qin Yu smiled back, and the lazy cat beside him raised his head and asked, "What about me?"

A little bit on her light nose, Qin Yu smiled and said, "The same is true for you."

"Cut, Huaxin big carrot." Lazy cat grinned and snorted, and quickly jumped out of the car and ran away.

But after running away, he suddenly turned back.

Waved goodbye to Qin Yu in the car, and then ran towards the school again.

If you don't run, the big class she wants to listen to should be over.

Seeing Lan Yue who disappeared from the distance, Wen Yaxuan sighed with emotion: "Sometimes I really envy her, carefree!"

Qin Yu turned around suspiciously, and squeezed her face with a hand.

"What's wrong, it hurts!" Wen Yaxuan covered her face with her hand and looked at him grievously.

Inexplicably, what do you pinch your face for?

On the contrary, Qin Yu nodded earnestly and said: "Fortunately, fortunately, it was not someone who changed his skin to pretend."

"Qin Yu." Wen Yaxuan stomped her feet in embarrassment, and opened the door to get out of the car.

Qin Yu asked faintly: "Let's go to eat fish maw together at noon!"

"Okay!" The previously embarrassed expression was banned by the bright smile, and the expectant light was shining in his eyes.

Flower maw!

Although my mother also cooks it at home, it is not as delicious as the restaurant.

I haven't been late for a long time!

Silly~

Seeing her leaving happily, Brother Yu was also dumbfounded.

Sure enough, for foodies, there is nothing that can't be solved by a delicious meal.

If so, let's have another meal!

Everyone was gone, Qin Yu glanced at the time.

There are still three or four hours before noon, and there is nothing to do, so it is better to go to school and go around.

I don't know how Shen Dong's 'storage point' is doing.

Has it been opened? Do you need any support?

The only support Qin Yu can give him is money.

No matter how much, he will not give it, and the other party will not ask for it.

What Shen Dong needs now is experience and discipline.

If Qin Yu behaves like an aunt, fix everything for him.

Just expect him to sit there and collect money, then he may only know how to collect money in his life.

Failure is not terrible, whether it can be done this time or not.

As long as Shen Dong runs, understands, investigates, and does it by himself.

What is experienced in these processes is the most precious.

Young is the greatest capital!

"Guide, are you chasing drama again?"

Passing by Shen Wanqian's office, greeted him.

Old Shen took out a cigarette and handed it to him: "Are you going to stay a few more days?"

Since the school's special approval, he has spent more time in school.

He used to feel that he could not show up a few times a month, but now he comes every two or three days.

It's strange that I have attended courses more often!

"Come back for a meeting, I'll go up first."

Putting the cigarette between his fingers, Qin Yu went upstairs like this.

Back to the bedroom, there was only Yan Er in the room.

The snoring sound was like a trembling thunder, and the whole floor could almost be heard.

"Second brother~"

Pushing him, Yan Er rolled over, rubbed the corners of his eyes and opened his eyes.

"Brother Yu, why come back so early?"

"It's almost 10 o'clock, is it early?"

Qin Yu knocked on the case and said with a smile on his face.

"It's early. Recently I slept until noon. This is not no class in the morning, but more practice sessions in the evening."

"Where to practice?"

Hearing his question, Yan Er scratched his head, grinning stupidly without speaking.

I thought he knew something...

Qin Yu, who originally didn't know anything, knew what his expression was like.

"Out to play?" Qin Yu said.

Yan Er nodded and said 'um'.

I've been playing crazy in the past two days, mainly because of my unhappiness and my physical needs.

Double stimulation, naturally need double happiness to solve.

"You still need to relax, be careful that Xia Bai knows." Qin Yu still wanted to persuade him.

It's not a double standard, but through contact and self-confession, he still knows a little bit about Xia Bai.

It is impossible for Xia Bai to accept this kind of thing happening. People have different personalities.

The environment in which you grow up is different, and the things you can accept and endure are naturally different.

Xia Bai has a happy and harmonious family with parents who love her.

Although it is not rich and expensive, but it is also a worry-free.

Furthermore, their parents respect each other and love each other, and both of them are first love.

From falling in love in high school, to a different place at university, to another place at work.

Finally, overcoming difficulties and coming to the same city, we worked hard together.

In short, it is very beautiful and romantic.

This also led to her single-minded, loyal conception of love and family, including romantic expectations.

If you let her know what Yan Er did, I'm afraid it won't be so easy to prevaricate.

"Brother Yu, I occasionally, occasionally... You know, young and vigorous, I have to vent."

Yan Er grinned and grinned I didn't feel proud in his heart, but he didn't take it seriously either.

As long as he doesn't say such things, Qin Yu and Shen Dong don't.

Who else would go to Xia Bai to chew his tongue?

Furthermore, she knew both of them in Lixin.

People are now in Yaodu again, and there is no way to let her know even if they want to know.

Seeing that he had an idea in his heart, Qin Yu didn't say much.

Outsiders really don't mix things with feelings!

No matter how close you are, you have to remember the word 'provision'.

Otherwise, in the end, you can only do bad things with good intentions, not people inside and outside.

"Where is Dongzi? Go to class?" Qin Yu took the initiative to change the subject.

The purpose of his coming is to ask about Shen Dong's progress, to see if he needs any help.

### **Chapter 378: Play stupid...**

"It went smoothly. I said that I had already negotiated with the courier side. I had to hang up four first and rebate..."

Express rebates, do not have to bear the rent and other expenses, and can avoid the waste of personnel and time.

The dormitory may be messy when you go back, and everything has to be placed here first.

"Did the supervisor say hello?" Qin Yu was surprised.

"Hehe." Yan Erhan smiled: "I didn't make an appointment with the instructor and Teacher Che for a supper last time, you didn't come..."

Last time?

Qin Yu remembered that Ye Lao was in critical condition, and as the 'grandson-in-law' he wanted to rush to the funeral.

It's wrong, use the 'kidney power' to force the old man to continue his life!

In other words, this old man was also a wolf when he was young.

The kidneys are all dried up, cruel...

Just that time, their brothers drank to the instructor and Teacher Che.

Now, it can be regarded as the celebrity in front of him.

Such a small hassle is nothing!

"When will it open, I will give a few flower baskets, and another one will be arrogant."

Qin Yu pointed to the vacant seat opposite the door, thinking that he would have to buy a suitable one.

"Brother Yu, please spare me!"

Shen Dong, carrying a large bag and a small bag, moved in begging for mercy.

There were three or four pieces on his legs, and he was limping when he walked, or else he couldn't hold it anymore.

"I'm going, you are... embarking on the path to wealth?"

Just these big bags and small bags, there are not a few thousand dollars that can't be paid.

Wouldn't he also embark on the shortcut to get rich quickly, want to go with Hou Kun?

If this is the case, what should I do...

Soft rice is hard to eat? ? ?

Yan Er lowered his head and looked at his lower abdomen. The muscle stiffness was still okay.

"Fuck you, brother!" Shen Dong smiled and pushed him away: "These are all pieces I helped retrieve, and they will have to be delivered to the door after get off work hours."

"That's how your business started?" Yan Er was a little surprised.

Didn't you think of a way to get close to the community security kit yesterday, and did it today?

"Hey, eat and drink one-stop, arrange!"

Shen Dong didn't work hard, and he didn't spend less money.

Arrange for the security captain inside and out.

No, the other party will call as soon as he goes to work and ask him to go directly to get the key card.

Enter another fingerprint by the way, face recognition!

In the future, it is easy to move in and out of each building.

"Yes, Dongzi." Qin Yu took a picture of him and praised him: "I am willing to invest in the early stage, right?"

Shen Dong showed a bit of distress on his face and nodded vigorously.

More than 4,000 yuan, not too little spent.

If it wasn't for a captain, he would not be willing to invest so much if he was killed.

"That's right." Yan Er flipped through his bed and took out a wad of brand new tickets.

"This one is for you, yes, 1 point is not less."

This money was lent to Shen Dong on his own initiative, with a profit of 1 cent.

Don't take this 1 cent profit, Shen Dong will definitely not accept this money.

The closer the relationship is, the more money should be taboo.

The account must be clear.

Otherwise, the small and piecemeal problems will accumulate, and they will definitely affect the relationship between the brothers in the end.

"Thanks, second brother." Shen Dong didn't have any friendship, and put the money in it.

Just keep this love in your heart, and see it in the days to come.

"Polite ass!" Yan Er smiled and looked at Qin Yu: "Brother Yu, have lunch together at noon?"

As soon as the voice fell, Qin Yu's phone rang.

"I'll answer the phone first." Reluctantly picking up the phone, Qin Yu walked outside the house.

"Hey, brother..."

"Li Xiaoxiao invite me to dinner?"

"Why do I think this meal is not delicious..."

Hearing the sound coming from outside, Yan Er knew that there was nothing to play again.

"Yes, let's order takeaway at noon."

No matter left or right, Yan Er lay on the bed and started looking for what he wanted to eat.

I have eaten all the takeaways nearby, this time I have to try something fresh and uneaten.

...

At noon, Waldorf Astoria on the Bund.

Butler Yao led Qin Yu to the cubicle. Only Li Xiao and Li Xiaoxiao sat inside.

"Sister Xiao Xiao, didn't you say someone wants to see me?" Qin Yu greeted and took a seat.

Li Xiaoxiao smiled and said: "First serve the food, people are on the way."

"Good." Qin Yu nodded in response.

The wait is half an hour, the dishes are all on the table, and the talents are long overdue.

Inch, the national character face.

His complexion was not angry and pretentious, his eyes were sharp and enlightened, and the suit he was wearing was ordinary.

But it was taken care of without a trace of wrinkles.

Look at the age of about forty years old, it is the age of R&F.

"I'll introduce you to both of you." Li Xiaoxiao stood up and wanted to introduce her.

When the visitor raised his hand, he smiled and said, "No, Qin Shao, I've been admiring the name for a long time."

Holding the opponent's hand, Qin Yu smiled and said politely: "I don't know how to call it yet?"

"My surname is Bai, from the Forbidden Army, my position..."

"and many more....."

Qin Yu interrupted the other party with an apologetic smile, pointing to a fish on the table and asking, "What kind of fish is this?"

Steward Yao immediately stepped forward: "The Yangtze River sturgeon, artificially bred."

"Can the artificially cultivated food taste good? Besides, it's cold, so I replaced it with turbot."

After finishing the order, Qin Yu looked at the other person when they removed the plate, "Where did you just say you came from?"

"Forbidden Army, the position is..."

"Wait, sorry."

Suspiciously interrupting again, Qin Yu frowned and looked at the small plate of black gold caviar in front of everyone.

"Why is it so small?"

"Shao Qin, caviar has always been provided by Lunke, if it is not enough, you can add it."

"What does it mean to add?"

Qin Yu raised his eyebrows and said coldly: "I can't see me serving guests, who is enough to eat?"

"What do outsiders say? Do you mean I can't afford it?"

"Do you mean I can't afford it? Isn't it, ah..."

Butler Yao just bowed his head and said nothing.

"Change, change the market, put it in one box per person."

"Yes, I'll change it for you now."

"Haha, sorry, sorry, the hotel will not come, you just said that you are here?"

"Forbidden Army..."

"Wait, wait..."

"what is this?"

"Crawfish."

"imported?"

"Yes, from..."

"Don't worry about where it came from, change it. I don't know what's going on outside, what should I do?"

Steward Yao was still a little worried before, whether Qin Shao had any opinion on himself and the hotel.

But this time he probably understood it.

This is where I am looking for my own troubles, obviously there are other plans.

Just listen for yourself, and cooperation is over.

Qin Yu made a smile again and looked at each other politely: "Did you just say you were?"

"..." Director Bai would naturally not fail to understand things that Steward Yao could understand.

The other party is looking for trouble with dishes, obviously he doesn't want to go on.

Bai Ze was stunned, his eyes helplessly said: "Bai Ze, from... Shangdu!"

"Bai Ze, good name, connotation, domineering!"

Enthusiastically grabbing the other's hand and sitting down, Qin Yu looked at Li Xiao and Li Xiaoxiao without letting go: "Bai Ze, this name makes you feel cordial when you hear it, doesn't it?"

Li Xiao and Li Xiaoxiao wanted to laugh and did not dare to laugh, but they were really uncomfortable.

This will lower his eyebrows and pleasing his eyes, nodding desperately with a red face that looks like constipation, 'kind, very kind!'

Bai Ze was angry and helpless.

Before I came, I heard that his personality was a little bit rascal.

I thought I was ready, but then Bai Ze knew that he was too sloppy and naive.

"Come here, the food is finally ready."

When someone brought the Turbot, Qin Yu greeted him: "Eat first, and talk while eating!"

"Good." Bai Ze was also polite.

I've seen everyone, but I'm afraid that I won't be able to run away?

Besides, he was here to negotiate a deal with the other party, not to arrest someone.

After eating and drinking, Qin Yu took the initiative to ask: "Mr. Bai Ze, I heard Sister Xiao Xiao say that you want to discuss business with me?"

Interrupt the other person's thoughts at first and hold the initiative of the conversation in your own hands.

For the next conversation, he had to follow his rhythm.

"Yes, on behalf of...I'm here to discuss business with you!" Bai Ze is still a little uncomfortable.

Where did you go in the past, after reporting your home.

Which is not polite, even if you don't look at his face, you still have to give him three points of origin.

How can someone pretend to be stupid in front of him like now, and just take his greatest advantage.

"Well, you say, I'm listening!" Qin Yu said frivolously while holding the juice.

The careless nature made Bai Ze look at him high.

He is obviously acting stupid, knowing his origin.

It is unique to be able to act so calmly, pretending to be a fool for his sake.

### **Chapter 379: Understand a little**

Talking about business is a business that Bai Ze can come to talk about.

The size is not mentioned, but it is definitely a particularly important industry.

Just like... Lithography machine!

A small "core dirty," affects the hearts of countless people.

Now, Godson has equipment that can produce it.

But the outside world knows nothing about its technology and what kind of chips it is going to produce.

Not to mention the outside, even the shareholders of the company such as Ye Jinlan are also confused.

Previously, the 5-nanometer lithography machine had already made them lose their ability to think.

Just think about how to keep the equipment in your hands.

When asked about the product and technology, Ye Jinlan was dumbfounded...

This is also the main reason why Bai Ze will appear here!

"Our product name is: Dragon 1 chip."

"For specific information, I can ask the secretary to pass it to you... leave a contact information?"

"Good." Bai Ze agreed.

"Mr. Bai, I came to Shanghai this time just to meet me?"

Halfway through the meal, Qin Yu asked casually.

He just wants to know how much weight the lithography machine has in the eyes of some people.

"Yes, I made a special trip this time."

It doesn't matter whether Bai Ze tells the truth or guesses what he means.

As long as there is this sentence, this attitude will do.

What happened when the other party met you in the next few days.

What you say and the attitude you show will naturally pass into the ears of interested people through different channels.

This is the effect Qin Yu wants...

After the meal, Bai Ze suddenly proposed to go with him to get the information.

"Just in such a hurry?" Qin Yu was a little surprised.

There is only one office in Hudu, and there is only Yan Xue in it.

I didn't see much after going there, it was just waiting for a while to see the information.

"It's better to go there in person, it's easy to reveal if it is passed around!"

Bai Ze insisted that Qin Yu would naturally not object anymore.

Drive Palamela and drive him to the headquarters of Luheng Group.

"You are not curious about Li Xiaoxiao's identity, why she will be the lead."

When Bai Ze spoke, Qin Yu probably understood why the other party had to make this trip.

This is something I want to tell myself, "I heard that Sister Xiao Xiao is a soldier."

"Yes, she is ours..."

Bai Ze spoke for a while, and then thought of the other party's attitude when he reported his family earlier.

The look of pride and pride became decadent and helpless: "You really don't want to know who I am?"

"I really don't want to." Qin Yu replied very firmly: "I'm just an ordinary person, and I have two bad money."

"It's okay to play with the car, play with the watch, and relieve some beautiful ladies... Do good deeds and be good people."

"There is really no lofty ideal, just such a vulgar little person."

"It's better to ask less about you big people, and listen less."

"If you ask too much, if you know too much, you will naturally get involved, and you will not be able to escape if you want to."

After hearing him say so much in one breath, Bai Ze looked at him with complicated eyes.

There is not only appreciation and helplessness, but also a bit of displeasure and contempt.

If you observe carefully, you can still see the envy that flashes away.

Little people, ordinary people, simply live their lives?

These few things he said have completely read all the dreams in the hearts of the nine people in the world.

But what does this have to do with him?

Without mentioning him, just the women he stayed with.

Which one has the bait with the four words 'common and ordinary'?

"Okay, then you will treat me as Bai Ze... a business matter."

"The Ye Family has already taken a copy, doesn't it count?"

Qin Yu didn't know how many shares were distributed behind the Ye family, but they were definitely not unique.

Qin Yu must be unwilling to let him share another share.

It's like dividing the cake and sending it all to oneself.

Then let myself put it back and divide it again.

This is a bit less than the initial score, and it feels more uncomfortable.

Look at him with a resisting expression that he would rather die than, 'love who and who, don't make my mind'.

Bai Ze silently remembered two pens in his heart: Greedy!

After going downstairs, the two of them had no communication anymore.

Go to the Luheng headquarters building and come to the office.

Yan Xue was sorting out the transferred information and was preparing to send it out according to the address given by Qin Yu.

"Don't post it, just pretend it." Qin Yu said.

The boss ordered that Yan Xue naturally did so.

Handing him the swollen document bag, Qin Yu changed hands and handed it to Bai Ze.

"It's all here, what's the problem... Call me!"

Bai Ze glanced at him, jokingly said: "Do you know this too?"

Qin Yu smiled, and replied calmly: "I developed and designed it."

...

...

Let people take things away, and Li Xiaoxiao wants to invite himself to dinner here.

Qin Yu politely refused.

As soon as I felt it was unnecessary, he shared his opinion.

Secondly, the two are not so familiar, knowing she is interesting to Xu Hao...

Lonely man and widow, but pretending to be someone else in his heart.

This meal doesn't taste good at first.

On the WeChat account, the photos and news sent by Shen Chuxia are quite interesting.

It turns out that it's also addictive to use a private car for public use!

I was used to being a private car, and suddenly I was treated like an off-road vehicle.

I realized that there are so many tricks to toss about, and the world suddenly becomes rich.

Run loose and uninteresting city traffic again...

I always feel that there is a little bit of primitive and wild taste, no passion and excitement.

The sense of expectation is different, so naturally there is no way to be satisfied!

The more dissatisfied it is, the more upset it is and makes people want to stop.

No, I'm worried!

Shen Chuxia: "Qin Shao, when will you come back, I want to discuss business with you in person."

Shen Chuxia: "Picture X3. '

Qin Yu: "I'll go back to do something in two days."

Shen Chuxia: "Okay, Shao Qin, you must remember to notify me when you come back."

...

Fighting tooth's activities were promoted vigorously, and it was the first time to restart the carnival after the merger.

After receiving the attention of many fans and the media, the local fans of Hudu were even more excited and expressed their intention to participate in this grand event.

I don't see anything yet, but at least it is certain that it will not be cold.

Compared with this matter, Qin Yu paid more attention to crude oil in the foreign exchange market in the past two days.

Almost every day, he can see that he is paying attention to market fluctuations on the APP, and he is watching very seriously.

The lunch was settled in the school cafeteria and found that he was still watching the market curve.

Yan Er couldn't help but curiously asked: "Brother Yu, are you investing money?"

"Yeah." Qin Yu raised his head and smiled, and put the phone away.

"I have invested a lot of money, and I have never seen you so hard before."

"Not much, billions!"

"Billions, that's really not... much..." Yan Er said, his expression was not right.

He looked at him in astonishment, and repeatedly confirmed that he was not joking.

He couldn't help taking a breath, and the rice grains in his mouth happened to be stuck in his throat.

It was so choking that he coughed violently, coughing up tears.

"The mentality is calm, this little money is really not enough to see in the foreign exchange market."

Qin Yu looked at him with a calm expression, and sipped the soup methodically.

A bowl of soup contains a small piece of seaweed and a few chopped green onions.

Said it was soup, or it was because of the seasoning in it.

Or else save the 'soup'.

"Big Brother... My Brother..."

Yan Er had a noisy mouth, held it in his chest, and couldn't vomit it out, and couldn't swallow it.

It was so stuck, one face was red and purple.

Snapped!

A slap on the back suddenly smashed the frustration in Yan Er's chest, "Brother Yu, Brother, what are you talking about?"

It was Shen Dong who was here, sweating profusely, and his body was covered with ashes.

When talking, the smile is a little unnatural.

"Cough, cough, cough..." Yan Er coughed a few times and gasped for a few breaths, which was considered to be relieved.

"It's okay, the second brother just got choked, you just came here, slap it."

Qin Yu didn't mention what the two said just now, so he can tell Yan Er.

But he can't listen to Shen Dong, who is running towards his own small goal and starting a career, so as not to dampen his passion.

"Second brother What's your situation?" Shen Dong asked amused: "How old is it to choke even after eating?"

Yan Er glanced at Qin Yu bitterly, and replied: "Yes, I am too careless."

"Stop talking about him, tell me about you, how's the business?" Qin Yu changed the subject with a smile.

As soon as he mentioned his small business, Shen Dong immediately became energetic.

The business at the depository was better than he expected. Within a few days of the opening, there were four to five hundred pieces collected every day.

This is still a situation where many people don't know, if you wait.

Maybe you can walk eight hundred or one thousand a day.

The single piece collection rebate is 0.3 yuan, so calculate.

Collecting this piece alone can bring him nearly 10,000 yuan in income every month.

Coupled with the cost of running errands he earned from home delivery, the monthly income of over 10,000 is easy.

### **Chapter 380: Whatever you ask for is hard**

Dongzi suddenly made over 10,000 yuan a month, which made Yan Er couldn't help but look sideways.

I had some admiration for him, and I started to wonder if I could find something to do for myself.

The first thing that comes to mind is to drink some soup after Qin Yu.

But when he thought about the other party's "not much," Yan Er's idea was dispelled.

It's not of an order of magnitude, and you can't play a piece at all.

and so.....

"Dongzi, do you want to expand your collection point?" Yan Er smiled like a black back who just wanted to pounce on people.

...

Yan Er approached Shen Dong to discuss the expansion of the collection point, and Shen Dong happened to feel that he was too busy.

The two hit it off, Yan Er provided funds, and Shen Dong was in charge of running the business.

Perform their duties and make money together.

Seeing that there was nothing wrong with him, Qin Yu slipped away early.

Staying here and listening to two big men discussing business, can you have the fragrance of going home to find a small anchor to play games?

It's just halfway through.

Qin Yu was stopped by a message.

Wen Yaxuan: "Mom is looking for you for something, but I can't get your number, so you can give her one back..."

Program the mobile phone number into the contact: Beauty Witch.

Qin Yu dialed the number: "Teacher Shen, this is Qin Yu..."

...

...

At 55 Anting Road, the low-key Palamela drove into the back door and parked in the parking space.

After getting out of the car, she looked at Mr. Shen who closed the door and walked.

Qin Yu's expression couldn't help but brighten up!

Simple round neck T-shirt, comfortable and loose dark bloomers, flat shoes.

The hair bun was rolled up high.

Two strands of broken hair hung on the temples, his face was cold and luxurious, and his eyes seemed to have indescribable complex emotions.

What a glamorous survivor...

"Ah, Teacher Shen." Qin Yu greeted with a smile.

"Sit down!" Shen Bing pointed to the high stool in the courtyard, and took a seat by himself.

Shen Bing wondered how to speak, but Qin Yu waited for her to speak actively.

For a time, there was only the rustling sound of wind blowing over the leaves in the yard.

"Xiao Qin..."

"in."

The complex expression in his eyes flashed away, and Shen Bing asked tentatively, "If I have something to ask you?"

Seeing her hesitating to speak, she wants a promise.

Qin Yu calmly patted his chest: "For Teacher Shen, I naturally will be hard when I ask for it!"

Looking at his sincere expression, it doesn't seem to be casual at all.

Even with Shen Bing's temperament, his heart could not help but feel a little moved.

Such a man, if I let myself meet...

"I want you to promise me..."

"Never take Xuan Xuan to Shangdu, let alone let her have contact with the family around you."

After speaking in one breath, Shen Bing stared at him with scorching eyes.

It seemed that there was a disagreement, and he would not be able to get out of this yard.

I totally ignored my own request, and it sounds unreasonable to make trouble outsiders.

Without avoiding Shen Bing's aggressive gaze, Qin Yu pondered and asked, "Can I ask why?"

Shen Bing shook his head and said, "No."

"...You can't keep hiding from her."

Qin Yu can roughly guess that her past has something to do with the Shangdu family.

She hides her ears and steals the bell, hoping that Wen Yaxuan will not discover the truth.

The mentality that being able to conceal one day is one day, after all, is not the solution to the problem.

Shen, Shen family?

Neither Li Xiao nor Ye Jinlan had heard of them mentioning a family with the surname Shen.

Or is it because the threshold is too low to be remembered by these young and old ladies?

Why don't you find a chance to ask?

"You don't need to ask, I don't use my real name." Shen Bing saw his thoughts.

After thinking for a while, he continued: "Don't ask me about it either, otherwise...you are forcing me to take Xuanxuan to leave Hudu."

If Qin Yu really went to inquire about her, regardless of the risk of exposure.

Shen Bing will always choose to take Wen Yaxuan to leave Hudu, and look for her in another place.

Trouble is a little troublesome, but it's better than being discovered.

She has a very peaceful life now, and she doesn't want to have any entanglements with the past!

"I only ask one question!" Qin Yu looked at her earnestly: "What is the relationship between you and Ye Jinlan?"

Lazy Cat never concealed any details about the trip to Shangdu.

Anything worth noting was told to him.

What made Qin Yu care about the surprise most was that when Ye Jinlan appeared, Shen Bing's expression changed drastically to find an excuse to leave.

Before combining with her, she said that she is not using her real name...

Shen Bing hesitated for a moment, his eyes gradually calmed down.

Looking at Qin Yu as if made up her mind: "I really want to count, she should call me aunt!"

"..."

After a long silence, Shen Bing became a little fidgety.

Tell Qin Yu so much, if he doesn't agree to his request.

Then, she really can only choose to leave.

...Shen Bing was reluctant to bear the current life, and this yard, she liked it so much.

"Only, as long as you don't talk nonsense, promise my terms."

Shen Bing bit her lower lip, her cold eyes fell slightly, becoming charming and soft: "I won't reveal your... purpose."

Seeing her pair of indifferent eyes turned into attractive peach blossom spring water.

Qin Yu just wanted to say: This is too horrible!

"Purpose?" Shaking his head blankly, Brother Yu said sincerely, "What is the purpose of eating a meal?"

"Then you always go to the kitchen to help..." Shen Bing was a little anxious.

It's nothing to do, hang up high.

But if it's about yourself, it's not so easy to lose heart.

Thinking of my peaceful life for many years, I might be broken.

Even with Shen Bing's temperament, it is inevitable to get angry...

Caring is chaotic, and she is a bit reluctant to speak.

Otherwise, I won't mention Cengfan... the kitchen...

Seeing Shen Bing's gaffe, Qin Yu did not rush to agree.

Looking at her playfully with a smile, he asked, "In the kitchen...Isn't that to beat you?"

"Are you trying to help?" Shen Bing gave him an annoyed look: "Was you so smashing... who did it?"

"Teacher Shen, you can't wrong me."

Qin Yu waved his hand in a panic, "I have always respected you."

"Bah~" Shen Bing murmured fiercely, and his chest rose and fell fiercely.

It was a slack, low-cut round neckline, and when she got it like this, a large area of white flowers came into the corner of her eyes.

Brother Yu grabbed a handful of grapes from the small round table and threw them into his mouth leisurely one by one.

The grapes look good, each one is big and round.

The color is black and purple!

Pinch it with your index finger and thumb and rub it back and forth... well, it's very elastic.

Gently bite, the delicious and sweet juice bursts in the mouth...how can it be described as juicy.

Aromatic, sweet, and lingering, it is endless aftertaste!

"Do you agree or not?"

Seeing him just eating, Shen Bing's calm chest made waves again.

Magnificent and majestic, beautiful scenery!

Throwing the last grape into the mouth, Qin Yu clasped his fist and nodded, jokingly said: "I didn't give Teacher Shen the answer before, for you, it is naturally hard to ask for it."

Shen Bing's mood gradually calmed down after getting the answer he wanted so easily.

Looking at Qin Yu again, he thought of the words he had said earlier.

Blushing his cheeks with inexplicable shame, Shen Bing's voice was a little bit more shy than he had ever heard: "Thank you."

"Then, can I come to Cengfan from now on?"

".....Ok."

"Go to the kitchen to help you, and lay a hand?"

"Cough..." Shen Bing turned his head away, but didn't know that the back of his ears was already red: "As you wish!"

Qin Yu accepted it as soon as he saw it, and didn't try to stimulate the other party again: "What else does Teacher Shen have to order?"

Going on, Teacher Shen is afraid that she will seize the road and run away.

"No... it's okay."

Although Shen Bing didn't run away in a panic, he still turned his back to him and stopped looking at him.

When I heard the words 'kitchen', 'help', 'slaying hands', etc.

The body trembled like an electric shock. I don't know why?

Brother Yu, who couldn't figure it out, left with full of doubts.

A young boy who is as simple as he is, in this age of material turbulence and the proliferation of sex.

That's really not much...

...

...

Huajiao shop Wen Yaxuan, who arrived early, has already ordered the dishes.

Seeing Qin Yu's arrival, his eyes lit up immediately, and he said to the waiter: "It's time to serve food."

"Have you waited for a long time?" Qin Yu said.

"I haven't waited long... By the way, what is your mother looking for?" Wen Yaxuan tilted her head and looked at him curiously.

My mother would look for Qin Yu, how she thought the two of them had no special relationship.

Then, it can only be about yourself...or lazy cat?

Wen Yaxuan was a little worried. If her mother really showed her attitude, she would not allow herself to be with Qin Yu.

that.....

I can only stay with him secretly.
