Chapter 3731 Too Calm

Gloria could not help but laugh out loud. She really enjoyed the feeling of having complete control over someone. "There's no need to feel regretful, Floyd. I'll send all of you to hell in a while. You can apologize to him after that. Ain't I merciful?" Gloria said sinisterly.

Every word that escaped Gloria's mouth left everyone shocked as if they were struck by sledgehammers. "So, there were more stories behind all of this? No wonder Floyd lost his rationality and attempted to kill Boss."

"Looks like what we found was just the tip of the iceberg." "Most importantly, what we suspected back then turned out to be true. Gloria is really wicked."

Phoenix and the others' shock doubled when they came to that realization. Investigating the situation and hearing Gloria admit to all of her doings were two entirely different things.

"She was the one who killed Linda. Yet, she somehow managed to make Floyd take the blame without realizing it." "What a piece of trash! She's so inhumane!"

"Then again, Gloria was still very weak at that time, yet she could control someone so greatly. That's so terrifying!" Zoey was shocked as well. When she turned to look at Floyd again, she realized the latter looked like a lifeless zombie.

"How can this be? How did I fall for these lies so terribly? I even willingly helped this devil accomplish her goals. I even attacked Master, who's like family to me. I deserve to die!"

Gloria felt utterly displeased. She had imagined them to feel scared to their wits. What she did not know was that Levi and the others had greatly improved their abilities. Hence, they did not fear the fighters of Void Sect.

In the face of true power, any forms of trickery were not worth mentioning. Especially when Wynona, Mia, and Cyrus had fought with the fighters of Bluesky Sect once.

Hence, they had a certain level of understanding regarding the so-called mighty beings of Kenfort. The fact that they were not weaker than their enemy was a boost to their confidence.

The party before them was exactly the same. Wynona and the others were not the slightest bit worried about their opponents, apart from Gloria and the Three Sages.

There were even a few Paladins who were not as powerful as Hansel and Jasper.

Moreover, Wynona and the others were aware that Levi was faking his injury.

Though they had no idea how powerful Levi was, they were sure that he would be at least on par with Gloria and Santino.

That was why Wynona and the others were so fearless.

Chapter 3733 Levi Is Not Poisoned

Levi, of course, was not afraid despite how much Gloria provoked him. In fact, he had been anticipating the battle for some time.

The fact that Gloria could fool so many powerful people made him want to see just exactly how powerful her combat abilities were as the lord of the Glorian Order. "Prepare to meet your end, Levi!"

Before Gloria even finished her words, she had disappeared from her spot. In the next second, she appeared in front of Levi with her palms enveloped in thick, black energy.

Swoosh! The area where the black energy came into contact corroded instantly, leaving a foul-smelling odor in the air at the same time.

"Poison Palm?" Levi muttered to himself. Despite that, he had no intentions of dodging it. He wanted to test her abilities.

Boom! A loud bang split in the air as their palms collided in the air. Violent waves of energy spread out from their fists and across the surrounding.

Chapter 3734 True Abilities

From the corner of her eyes, Gloria noticed that aside from Santino, who was observing the fight, everyone else was engaged in a tough battle, especially those ordinary Paladins from Void Sect, as they had already been completely subdued.

Only Grant had a slight edge over Cyrus in their duel, but the insignificant advantage gradually became non-existent as the battle wore on.

No wonder Bluesky Sect and Master Thundera suffered a loss and fled. I did not expect these people to be so strong. How did they accomplish this? I think they must have acquired this significant improvement recently. Otherwise, all of them would not have stayed hidden inside the base and been on the defense in this war.

Gloria was utterly bewildered.

“How dare you become distracted at a time like this?”

A cold voice sounded behind Gloria, pulling her back to her senses.

Reacting instinctively to danger, she immediately activated a technique and dodged sideways, leaving only an afterimage of where she stood a split second ago.

“I doubt your true abilities would—”

The rest of Santino’s sentence was stuck in his throat as he saw Levi suddenly release a terrifying surge of energy. The sheer intensity of the force disrupted the balance of the energy field around the area.

Boom! A loud rumbling noise tore through the area, and the ground started shaking violently. The surrounding trees and stones were ground into powder by the strong air current.

A massive energy whirlwind formed with Levi in the center. The vortex absorbed the spiritual energy in the atmosphere, and the spiritual energy rapidly flowed into his body.

Levi’s body emitted a golden glow as if he was a god who had descended to Earth. His every gesture was laced with a hint of dignity, which prompted those who lay their eyes on him to have the urge to serve him willingly.

Levi’s previously sickly appearance vanished without a trace at that moment. Brilliant golden lights layered his cheeks, giving him a slightly divine vibe, especially his eyes.

His eyes gleamed with a striking and holy glint. Others were fearful of meeting his gaze. “H-How is this possible?” Gloria was in utter disbelief as she took in the scene before her.

Divine Perish is utterly ineffective? More importantly, how can Levi be so powerful? Our last meeting wasn’t even that long ago! Besides, according to the information provided by Floyd, Levi cultivates using the basic technique, so there is no way he can achieve such remarkable improvement in a short period because his cultivation method takes time to attain significant results.

Phoenix and the others were overly excited. “Most importantly, how did Boss get cured of the poison?”

Although Mia and Wynona had shown outstanding and powerful combat prowess, fighters like Phoenix who could fight Santino and Gloria didn’t think very highly of Mia and Wynona.

However, now that Levi had returned, things had completely changed. “Is Master okay?”

Floyd had also regained consciousness, but his breathing was very weak. Gloria’s attack injured him badly. “That’s great. I’m glad you’re okay, Master.”

At first, Floyd was shocked, but he became glad and was happy afterward. It was as if his guilt had subsided a little. However, he became extremely puzzled later on because he remembered clearly that he had stabbed the powerful short sword into Levi’s body.

After that, Master’s conditions had obviously worsened. How did he recover all of a sudden?

“Floyd, you insolent fool! How dare you lie to me? I’ll skin you alive!” Gloria’s emotions shifted from shock and confusion before they became extreme anger.

She thought that Floyd had worked together with Levi to lie to her. It infuriated her because she was used to being the one who fooled others for her own amusement. At that moment, she finally got a taste of her own medicine.

“Gloria, Floyd didn’t lie to you. It’s just that you’ve become a victim of your scheme. I have already sensed Floyd’s hostility toward me from the beginning, so I decided to go with it before making my move. I wasn’t injured at all from the very start. So, do you like this surprise?” Levi asked with disdain.

"Watch out, Santino!" Grant shouted out of warning. Meanwhile, two Paladins closest to Santino moved quickly and stood between Santino and Levi. "Sh*t! Retreat!"

Santino glanced behind him and saw that the vague golden fist had spread out and surrounded the two Paladins. Boom! Boom!

The two Paladins exploded, and blood sprayed everywhere before the two realized it and had the chance to scream. With that, they were dead. However, they delayed Levi's attack and saved Santino.

"Levi, I'll cut you into a million pieces!"

Santino was infuriated. Due to the pain in his left shoulder, he could only endure it and unsheathe his ancient bronze sword with his right hand. The glow from the sword was eye-catching.

Hiss! The others at the scene inhaled sharply. Gloria finally returned to her senses. When she saw the two Paladins of Void Sect die in front of her, she felt extreme fear deep in her heart.

"Lord Gloria, now is not the time to fall into a daze. We can win against him if we work together," Santino said. Gloria nodded and replied, "All right, Santino. I'll attack the left flank."

"Okay!" Santino and Gloria devised a plan immediately. "Void Sword Technique!"

Santino summoned the high-level sword technique of his sect. Soon, layers of energy appeared around the ancient bronze sword.

“With how scarce spiritual energy is in the mundane world, it’s simply impossible to gather that much spiritual energy for the sword in such a short period of time.”

Feeling troubled by their current situation, Santino could only inject his own energy into the ancient sword in order to make it stronger.

Gloria didn’t stand idly by either as she started using the extreme devouring technique. Soon, black energy enveloped her before it turned into a black energy blade about a few feet long. The power emanating from the blade was so terrifyingly strong that it distorted the air surrounding them.

Whoosh! Having a corrosive nature, the black energy blade was highly toxic, making some of the people with lower cultivation levels dizzy when they inhaled the poisonous gas.

“Charge!” Following Santino’s battle cry, the two of them attacked once again. Acting in perfect sync with the ancient bronze sword, Santino held it with both his hands as he charged at Levi, aiming for his heart.

At the same time, Gloria swung her black energy blade at Levi’s neck. Both of them were moving extremely fast, and in the blink of an eye, they had reached Levi.

A faint smile tugged at Levi’s lips. “Now this is more like it!” He could tell that this was the limit of their power. Looks like they’re going all out. This will be their strongest attack then.

Even with that thought in mind, Levi made no move to dodge the incoming attacks. Instead, he rushed toward the duo, meeting them head-on.

“Are you trying to stop my attack with your bare hands? Hah! You’re basically asking to die, Levi!” Fury surged within Santino as he never expected Levi to be so cocky.

Even my own master would have dodged such an attack for the sake of safety.

“D*mn you, Levi! Aren’t you underestimating us a bit too much?” This is the strongest attack I can dish out, and Levi’s just going

“Charge!” Levi released a powerful burst of energy. All the Fatalis Warriors that were rushing toward him suddenly stopped in their tracks. Bam! Bam! Bam! Blood sprayed, and dozens of Fatalis Warriors died in an instant.

However, even after seeing their comrades die a tragic death, the remaining warriors continued charging forward undauntingly, for their minds and will have long been controlled by Gloria.

Meanwhile, the members of the base finally snapped to their senses, and they hurried over to offer their assistance. Although the Fatalis Warriors’ strengths were weak compared to Levi’s, their huge numbers soon proved to be too much for Levi to handle. In fact, they were slowing him down.

This in turn created an opportunity for Gloria and Santino to escape. “Don’t even think about escaping!” Levi kept his gaze trained on Gloria and Santino.

After dealing with the Fatalis Warriors in front of him as fast as he could, he wanted to give chase to the duo, intending to end their lives.

However, the moment he lifted his feet, two figures blocked his path. “You’ll have to go through us first if you want to get to Santino!” It was two Paladins from Void Sect.

Although they were well aware they weren’t Levi’s match, they had no choice but to offer up their assistance since they would suffer a fate worse than death in Santino’s and Void Sect’s hands should they choose to escape.

If it wasn't for the magical potion, the internal injuries that Gloria suffered would have been too dire for her to pull through. Apart from her, Wade, Santino, and Grant had also made it back to the Glorian Order's base safely.

As for the other four Paladins of the Void Sect, they had sacrificed their lives in order to ensure their escape. Santino was bursting with fury. "D*mn that b*stard from the mundane world! I'll definitely wipe them all out sooner or later!"

He could feel his veins popping when he thought about how the ancient bronze sword that was gifted by his master was destroyed by Levi. Upset, he muttered, "How am I going to explain this to Master?"

Overwhelmed by the emotions roiling within him, blood started trickling down the corner of his mouth. Santino quickly popped a few pills into his mouth in order to calm himself.

As for Grant and Wade, they had their heads lowered, looking dejected. The arrogance and menace they were exuding at the beginning were nowhere to be seen. When Grant thought back to how Levi had ended the lives of his comrades with a single punch, a shiver ran down his spine.

While passing a few pills to Gloria, Santino urged, "Gloria, go and pack your things. We need to leave this place immediately. I doubt your Fatalis Warriors can hold Levi back for long. I reckon they will be knocking on our front doors soon enough."
