Chapter 3761 I Will Send You To Him Soon

“Levi, I’ll give you one last chance. Surrender now or suffer the consequences. This is the alliance of the five sects. These few here are sect leaders. Even Santino doesn’t stand a chance against them. You’ll be dead meat if we go into battle,” Hansel said arrogantly.

Levi shrugged. “You’re asking for it, then,” he replied with an air of nonchalance. He was looking down on them without even trying to hide it. “Stand down, Hansel.”

Zerach took a few steps forward as he stared at Levi with fiery eyes. “Levi, your arrogance will cost you your life.” “Is that so? Well then, all of you should come at me simultaneously to save time,” Levi urged.

“You arrogant brat. Let’s see how capable you are to hold your own.” A burly figure launched himself at Levi at lightning speed before he could finish, aiming a punch at his face.

Whoosh! The force of his attack was so strong that the displaced air could be felt before his fist landed on its target. He was moving so fast that a whistling noise was heard as he cut through the air.

“I heard that Milo, the Ironfist Clan’s elder, has perfected his punch. It can smash ten mountains into pieces in an instant. We’ll be asserting our dominance over Levi even if he survives this.”

The crowd whispered among themselves. None of them were taking Levi’s ability seriously. In fact, they attributed Santino’s defeat to gross underestimation of his enemy’s capabilities.

Levi narrowed his eyes slightly, for he could sense that the five sect leaders were more powerful than Santino. "Come on!" taunted Levi in a deep voice.

"Leader of the Order of the Sacred Saber, Thaddeus Stroud!" "Leader of the Order of the Witching Star, Gunther Stanfield!" "Leader of Ironfist Clan, Akain Krebs!"

"Leader of Aether Sword Clan, Locklen Ocasio!" "Leader of Bluesky Sect, Zerach Xanadu!" After the introduction, the five leaders spread out and surrounded Levi. Wynona and the others wanted to help Levi, but he immediately stopped them.

"I'll deal with them; you guys take care of the rest. Take as many lives as you can so we can end this quickly," instructed Levi coldly. Even though the group worried about Levi, they would never question his orders.

"Charge!" As soon as Zerach shouted, the five rushed toward Levi in unison with all sorts of weapons. Ready to give their opponent their all, the leaders tightened their formation and ensured Levi had nowhere to run.

"Good!" Levi's fighting spirit was immediately lifted. After performing a basic technique, the man began to exude a powerful aura. Before long, the golden light surrounding Levi turned into an energy shield.

Chapter 3763 It Is My Turn To Attack "In the face of absolute power, your plan is futile," sneered Levi. The five leaders refused to give up, so they launched another round of attack. No longer holding anything back, the leaders finally managed to break Levi's energy shield.

"This is it!" Zerach found the perfect opportunity he was looking for when the shield was shattered. In the blink of an eye, the man got behind Levi.

Zerach thought there was no better time to strike, for he was convinced that even if he failed to kill Levi, he could do serious damage to the man. Swoosh!

Light gleamed on Zerach's sword as he tried to plunge it into Levi's back. Clink! As though it had hit solid metal once again, the sharp weapon got bent into an almost impossible shape.

On the other hand, Levi remained unscathed. Only a tiny white spot had appeared on his body. "That was a pretty good sneak attack. Still, I can't believe you fell for the so-called weak spot I dangle in front of you," mocked Levi with a chuckle.

"Oh, no!" Zerach had a feeling that he had put himself in a terrible position. Instinctively, he tried to withdraw his sword and retreat.

"Too late!" uttered Levi in his cold voice before spinning toward Zerach like a top and swiftly pinching his enemy's blade with three fingers.

"Let go of my weapon!" Zerach spun around as well, planning to utilize the momentum he would gain to pull away from Levi.

However, Levi effortlessly foiled Zerach's tactic as if he was wrestling with a child.

"You're too weak," stated Levi mockingly as he extended his left hand to flick the long blade.

After only around ten seconds of continuous bloodshed, eight elder-class fighters died on the spot. Immediately, the scene was filled with the sound of injured men inhaling sharply.

Levi’s power was so fearsome that it utterly stunned the fighters of all five sects. Instead of charging at Levi again, they all retreated.

Levi stopped Wynona when she tried to chase after the scared fighters. “There’s no point in going after them. Besides, they can’t do anything as long as we have these guys.”

Then, Levi zoomed back to Zerach and the others and secured them with energy. Filled with disbelief, the five leaders exchanged awkward looks with each other. Never did they expect that Levi could take them all out so effortlessly.

“I need you to answer some questions for me. If I’m pleased with your answers, I might just consider sparing your lives,” uttered Levi coldly. Even though the leaders were reluctant to help Levi, they had no choice but to cooperate.

The five were as miserable as sin when Levi took their magical potions and herbs from them. All they could do was watch helplessly as the man emptied their pockets.

Chapter 3765 Improving Those Around Him The fact that Gloria did so with such dishonorable methods only infuriated the group further. Floyd's face became as grim as death while he clenched his fists and dug his nails into his palms.

"Why is Gloria doing this to me? How can she throw herself into another man's arms so soon just to gain more power? Maybe Primo forced her to do it. From what Zerach said, the man's obviously a playboy. Still, she shouldn't have treated me this way!"

Floyd got so upset that his chest heaved up and down. "We only lost the God Crusher because of me, so there's no way I'm going to let Void Sect have it. I'll get it back even if it costs me my life."

Floyd was determined to get the God Crusher back, but when he thought about how hard it would be to go up against Void Sect, he got angry with himself.

"I have to continue to devour so I can become stronger. Only then can I do what I have to do." Floyd was so caught up in his own thoughts that his face became distorted.

Meanwhile, Floyd had been cultivating in a maniacal manner because he wanted to go to Kenfort to clarify things with Gloria as soon as possible. After that, he wanted to take revenge. Devour! I need to devour!

Floyd was cultivating like crazy at the location given by Digital God. When he was doing so, Levi, Forlevia, and the others had been advising him otherwise because the extreme devouring technique had its side effects.

When the cultivator was without devourer spiritual bone, the side effects of the extreme devouring technique were especially bad. One could even die as a result.

However, their advice had fallen on deaf ears. Floyd was too focused on strengthening himself because he wanted to take revenge. Since he wouldn't listen, Levi and the others gave up on advising him.

Luckily for Floyd, Digital God had found enough divine ley lines for him to strengthen himself. Floyd could feel his strength increasing exponentially.

Chapter 3767 Marrying Primo After trashing Stoneheart Swordsmanship, Primo continued, "I cultivate Hedonistic Sword Technique." "Hedonistic Sword Technique?" Gloria pretended like that was the first time she had heard of it.

Primo stood with his hands clasped behind his back as though he was the almighty. "Humans are filled with emotions, so the Hedonistic Sword Technique is a lot stronger."

Seeing that Gloria was still unconvinced, Primo laughed and said, "Try a few moves on me. I'll show you what Hedonistic Sword Technique is made of." "Sure! I shall fulfill your request. Pardon me," Gloria replied.

Gloria made a move but saw that Primo didn't flinch. All of a sudden, a bamboo sword appeared in his grip. With a gentle wave, everything in the area seemed to have changed in an instant. And Primo had vanished.

A moment later, Gloria saw a lot of people kneeling before her. One of those people was Levi.

Seeing that, Gloria was overjoyed. Subconsciously, she curled her lips into a smile. Something's wrong! How did Levi suddenly appear before me? What's even more absurd is the fact that he's kneeling before me!

"Master sent me here. Lead the way, will you?" Floyd uttered haughtily.

Hansel didn't dare to ask anything further because he was afraid that his father would die if he were to cross Floyd. Since Levi could forgive Floyd even after the huge mistake he had committed, Levi must think very highly of him. Hence, Floyd is most probably sent by Levi.

With Hansel leading the way, Floyd quickly entered Kenfort. Floyd was thrilled when he felt the pure spiritual energy in the area. He was especially excited when he saw the abandoned super-spiritual ley lines.

I'm going to devour everything and get even stronger! With that in mind, Floyd uttered in a deep voice, "Bring me to Bluesky Sect and prepare magical herbs for me."

"Okay!" Hansel was very upset, but he couldn't risk crossing Floyd. The two arrived at Bluesky Sect, and Floyd was treated with the utmost respect. Nevertheless, no one knew Floyd had gone there without Levi knowing.

Floyd had gone there for two things. Firstly, he wanted to find out more about Gloria. Secondly, he wanted to cultivate with the resources left by the leaders of the five sects. In fact, he planned to keep cultivating maniacally.

"I've already said what I needed to say. If he still wants to go his own way, there's nothing I can do. If he wants to take revenge, let him be! After all, he's the one who started this, so he can end it if he wants.

Stay out of it, you guys. Keep cultivating and try to become as strong as possible before we go to Kenfort." Levi had a stern expression on because that was his priority.

The resources for cultivation in the mundane world were very important. Digital God had also been looking for these resources endlessly.

In fact, Digital God had been sending the locations where they could find divine ley lines and holy ley lines incessantly so that the core members could strengthen themselves.

Chapter 3770 Honoring You

However, Gloria knew that her position in the Void Sect was not yet secure and that it was best to keep a low profile. Gloria knew better than to attract too much attention when she was not strong enough to fend for herself. Hence, she tried her best to mask her true abilities.

Even so, Primo still thought highly of her. Ever since Gloria had agreed to his marriage proposal, Primo had visited her more often. "Gloria, you're getting more and more beautiful. I can't wait to tie the knot with you," Primo said with a huge grin on his face.

There was a hint of obsession in his eyes as he said so. "Primo, you're such a sweet talker," Gloria said coquettishly. Primo practiced the Hedonistic Sword Technique, so naturally, he was quickly infatuated with Gloria.

On top of the fact that Gloria's abilities were still improving, it would not take her much effort to seduce the man. Her Charm Technique stoked the fiery lust already burning inside Primo as a result of him practicing the Hedonistic Sword Technique.

If it were not for Gloria claiming that she was feeling under the weather these few days, Primo would have taken her. "Gloria, I'm really sincere. If you don't believe me, feel me right here!"

Primo grabbed Gloria's seemingly fragile and small hands and placed them on his chest. "Primo, I'm still worried. Will I get ostracized by the others as you indulge me so much?" Gloria asked in a worried tone.
