Chapter 3821 Honoring Levi

Despite the glances Cheriette gave them, the elders paid her no heed. To them, Levi was simply a reprobate who had come from the mundane world, and they took delight in mocking him.

“There’s been an enslaved fighting contest going on lately, hasn’t there? Get this guy to join it.” “My thoughts exactly. I heard the winner gets a top-class spiritual energy crystal.”

“Empyrean Cheriette’s the one who bought this slave. We have to ask what she thinks about this.”

The elders turned to Cheriette, only to realize that the usually calm woman had turned pale and was even trembling slightly. “Are you all right, Empyrean Cheriette?”

The elders were puzzled. Why does she look like she’s afraid?

“If you don’t shut your mouths, I’ll help you with that.” Levi’s voice rang out before Cheriette could respond. Despite his nonchalant tone, everyone felt a chill run down their spines.

Yet, the elders were furious. Given how revered they were in Astre Lune Sect, to be threatened by someone they deemed a reprobate from the mundane world was simply unacceptable.

“Do you have any idea what you just said, you reprobate?”

Chapter 3822 All At Once

The journey was silent, and the crowd finally arrived back at the headquarters of Astre Lune Sect after a few days of hurrying. It was located within the mountains surrounded by clouds and mist, its building large and magnificent.

Levi instantly unleashed his energy to run a check on Eclipse Sect. He felt many powerful auras within the group, thus getting a rough idea of its combined abilities.

“There’s no need to lurk around in the dark anymore,” he commented, unable to contain his laughter. These so-called fighters from Astre Lune Sect posed no threat to him at all.

Cheriette brought Levi to meet the sect’s council members as well as its leader right away. She naturally wanted to win his approval since such a formidable fighter like him was sure to bring their group’s power to the next level.

The leader of Astre Lune Sect, Quirina Morell, wanted to meet him personally after learning about how he had saved Cheriette and obtained the dragon ley line.

She was seated in the middle of the guest hall. She looked like she was in her thirties despite actually being past fifty years old.

After exchanging some pleasantries, the woman changed the subject. “Is there something you have in mind, Mr. Garrison?”

“I do, actually. I’m just not sure if you’d agree to it,” Levi answered with a chuckle.

"Insolence!" the vice sect leader, Alistair, shrieked as he stabbed Levi's heart with his sword.

Whoosh! Even the sound of the sword slicing through the air could be heard. Yet, Levi remained unmoving as if he did not sense the approaching danger. "He's not avoiding it?"

"He must not have reacted to it yet. Sir Alistair is known for his speed." "His sword is capable of destroying a part of the world. If he takes the blow with his body, he'll either die or be gravely injured."

Most of the crowd could imagine the incoming bloody scene. In contrast, Cheriette and some others who had seen Levi fight for the dragon ley line were not as optimistic as the crowd. They had witnessed how insanely powerful Levi was. "You're courting death!"

Alistair was livid, seeing that Levi did not make any move to evade his blow. Finding the lack of movement a provocation to his terrifying reputation, he exerted more strength in his attack.

His sword changed into the shape of a drill bit and spun rapidly, looking as if it was going to pierce through everything in its way.

Clink! An ear-piercing sound of metal against metal could be heard. The crowd fixed their eyes at the scene, only to see that Alistair's sword was stopped by some kind of invisible energy right before it could pierce Levi's skin. "How is this possible?"

Alistair was equally stunned. Although his sword was no ultimate weapon, it was still one of the top weapons, especially when it had been kept in a dragon ley line for years.

Furthermore, he had channeled his technique, so the sword should have sliced through any kind of barrier like a hot knife through butter.

The crowd gasped when Alistair admitted defeat. Many did not know what had just happened; they did not even see how Levi had attacked.

"Sir Alistair was defeated even when he used his ultimate move!" "Garrison's way too strong!"

"Why are you panicking? Our sect leader hasn't made a move yet, and we still have a few elders who haven't stepped in. Garrison might not have the last laugh."

Quirina's gaze was exceptionally solemn. She knew well how powerful Alistair was. The angry strike of Meteor Burst had been thwarted, and yet, Levi still seemed as relaxed as ever.

"Elders, prepare the amalgamated array. I'll be assisting the attacks from the outside," Quirina ordered.

"Remember, all you need to do is to defeat him. Do not endanger his life!"

"Understood!"

Dozens of elders appeared in the yard. Once they positioned themselves, they began activating their techniques.

Energy burst out from their bodies and formed dozens of energy whirlpools.

As time ticked away, the energy whirlpools began connecting with each other to form a terror-inducing energy whirlwind.

Chapter 3825 With Just One Punch

Levi had first destroyed the energy whirlwind of the amalgamated array, then sent Quirina flying with a flick of his finger. His daunting combat prowess made the Astre Lune Sect council members freeze in their spots.

They even thought they were hallucinating. “The amalgamated array is supposed to be able to slay someone as powerful as sect leaders, but Levi broke it with just three punches?”

“Our sect leader attacked at the perfect timing, but Levi still detected her. This is unbelievable!” “Why do I sense something ominous?”

For the first time, the members of Astre Lune Sect were starting to doubt their sect’s invincibility. Most importantly, Levi did not seem to have used all of his strength all this while.

“It’s my turn to attack now. If your array can withstand three punches from me, I’ll consider this my loss,” Levi declared. A smile abruptly crept up on Quirina’s lips as she uttered, “I hope you mean what you say.”

Other than the capability of gathering power and releasing it in a burst, the amalgamated array was also capable of defense. It could hold its ground against even more powerful fighters.

Quirina found it ludicrous for Levi to say that he could break it in three punches. After all, Levi had had to use four punches to get rid of the energy whirlwind earlier. “Form the array!”

At that, the elders started activating their techniques again. Soon, numerous thick energy barriers appeared and surrounded the elders. “Break, you piece of junk!”

Chapter 3826 Wiping Out Void Sect

How has he been cultivating all this while? Cheriette was astounded, for Levi had almost overwhelmed the elites of Astre Lune Sect earlier effortlessly.

In his deep voice, Levi said, "Since you're now my followers, I won't mistreat you, of course. Please rise to your feet." The people stood up, still reeling in from the shock after witnessing his strength.

Quirina was exceptionally impressed. She had no doubt that Levi would be able to obliterate the entire Astre Lune Sect if he wanted to.

"I heard from Cheriette that Astre Lune Sect is close to Void Sect. Do brief me on Void Sect's situation," Levi continued. As the leader of Astre Lune Sect, Quirina knew a lot about Void Sect.

Naturally, she would be the one to inform Levi about the details of Void Sect.

Chapter 3827 Holding Eclipse Academy Accountable

Meanwhile, the members of Eclipse Academy were busy looking for the culprit behind the drainage of the dragon ley line. The many deaths of Eclipse Academy fighters made them even angrier with the culprit.

Yunus had declared that he would sentence the culprit to death, and he had brought his own men out to look into the matter.

After Eclipse Academy's thorough investigation, they discovered that there were three sects who posed a threat to the black-robed men—the Septistar Order, Astre Lune Sect, and Void Sect.

Yunus and his team proceeded to investigate further into those three sects. They found out that the Septistar Order team members had all ended up dead.

Even Jayceon Moore of the Septistar Order was among the dead.

It was unlikely that the Septistar Order had done that to get rid of the suspicions of others. It was too great of a sacrifice if that was true. Thus, Yunus temporarily dismissed the Septistar Order as one of the suspects.

Void Sect's team remained intact, but Primo and the others could never use up the dragon ley line's power in just one day.

Besides, other sect members had witnessed Primo taking his men and retreating from the dragon ley line that day.

"Mr. Lohse, I really don't know what happened," Quirina said, her face scrunching up. On one side was Levi, and on the other was Eclipse Academy. Quirina did not know how to reply to Yunus.

She could not afford to cross either side. Most importantly, Levi had never told her what to do, so she wouldn't dare to make any moves without his permission.

Unsurprisingly, Yunus flew into a rage. He threw the teacup onto the ground and uttered, "How dare you lie to me! You must have a death wish!"

From the corner of her eye, Quirina glanced at Levi, hoping that the latter would give her a hint as to what she should do. At that moment, Levi was pacing in the hall, seemingly lost in his thoughts.

When Yunus heard nothing from Quirina, his anger intensified. Right as he was about to continue to pressure her, he noticed Levi walking around as if no one else was in the hall.

"D*mn it!" Yunus slammed his palm onto the table before pointing a finger in Levi's direction. "Kneel before me and apologize, or you shall die today!"

The other people of Astre Lune Sect were all silent, and some were even sprawled on the ground, but Levi was still pacing around. He was challenging Eclipse Academy, and that made Yunus feel as if his pride had taken a hit.

"Who are you to tell me to kneel before you?" After a pause, Levi continued, "The name's Levi Garrison, and I'm the one you're looking for. I was the one who killed the team from Eclipse Academy at the dragon ley line too. Now that you've found out the truth, what can you possibly do to me, you old fart?"

Chapter 3829 How Disappointing

The members of Eclipse Academy exploded with anger when they heard Levi’s insult. Even large sects would treat us with respect! This guy is a nobody from a medium-sized sect! How dare he show us such disrespect? We can’t let him get away with this! He must die!

Quirina and the others let out huge sighs in response. They really didn’t want to make an enemy of Eclipse Academy. “All right, enough talk! Just come at me all at once!” Levi said provocatively while making a beckoning gesture with his finger.

“I’ll deem you worthy of fighting me after you survive their attacks!” Yunus replied coldly with a sneer. Levi simply smiled at him without saying another word. He had his reasons for choosing to fight them all by himself.

I could easily crush Astre Lune Sect and become the head that way, but the sect members might not be willing to submit to me. Their resolve will easily be shaken when faced with strong foes like Eclipse Academy. However, if I can easily kill the elite fighters of these super sects, then their doubts and fears will disappear.

One of the members of Eclipse Academy shouted, “Kill him!”

That prompted the sect members to all attack at once. They launched palm strikes, punches, and energy waves at Levi from all directions.

“Take this!”

With an icy-cold look in his eyes, Levi unleashed a powerful wave of energy from his body.

Like a tidal wave, it drowned out all their attacks as it swept across the area.

The carefree look on Levi's face made it seem as though killing those fighters was a walk in the park. The others at the scene gasped in shock when they saw what happened.

The Astre Lune Sect members felt somewhat relieved that Levi had gone easy on them. Otherwise, they could've all died a long time ago.

They had heard Cheriette's stories about Levi slaughtering the elites of Eclipse Academy, but witnessing it in person felt completely different.

Although they figured Levi would probably emerge victorious, they didn't think it would be this easy for him. Levi made it all look easy that they were even starting to look down upon the elite fighters of powerful sects.

Yunus couldn't believe his eyes. T-These are all elites of Eclipse Academy! How is he able to defeat them all so effortlessly? This guy has got to be an elite fighter from some kind of super sect! There's no other way to explain his terrifying level of cultivation!

"W-Who the heck are you?" he asked coldly.
