Chapter 491: Progress of all parties

The annual output value of Loongson exceeds Aixia's orders, and Qin Yu is not in a hurry at all.

"The first shipment has been sent away?" Qin Yu asked.

"Yes, Aixia's new generation flagship machine will use our Loongson new chip."

"Well, after the product goes on sale, remember to ask Watson to transfer Aixia's call."

Qin Yu is very sure that after the first batch of Aixia products go on sale, they can't wait to place the second and third new orders.

Yan Xue and Watson can record this incident on the memo.

In comparison, Miracle Pharmaceutical's engineering progress is faster and more effective than expected!

Part of the credit for Ye Jinlan is that she stares at the progress of the project every day, which puts a lot of pressure on Shisan Division.

What's more, this matter involves Ye Lao's life!

Even if it was completed according to the original schedule, it was several months faster than required.

The Thirteen Division is unwilling to take any risk, even if this risk does not exist in the eyes of normal people...

"Yuanguang...you still need to go there in person." Yan Xue opened the last page of the memo.

There is only time and the writing of "High Light"!

Limited by the level of secrecy, Yan Xue didn't know much about Yuanguang.

She only knows that this is a 'military engineering contract enterprise' handed over to a private sector, which involves many advanced technologies and projects.

She didn't have enough authority to understand the specific internal situation, and could only remind him according to the time provided by Qin Yu.

As for reminding him what to do, it was recorded in Qin Yu's mind...

"Well, I will go there first after this trip." Qin Yu nodded and said, the car was already parked on the side of the road.

Backstreet of Shanghai Opera, Mao Cai shop.

"Ouch~ Our handsome guy is here." The lady boss stood at the cash register with her arms around her, and smiled at Qin Yu who was coming.

"Long time no see!" Qin Yu responded with a smile.

"Yes... it's all inside!" The lady boss glanced at the corner of her mouth into the room.

"Thank you."

"Or should I help you choose?"

"Row."

Qin Yu has never been picky about eating, and the proprietress's preference for him is still fresh in her memory.

More fish bubbles, strong flavor!

It was an insult to her memory if she couldn't remember just such a request.

"Where's that girl Lan Yue?" the lady boss asked while choosing dishes.

"In Jinling, the dance troupe has performances over there."

"When will you come back to perform, remember to send me a ticket!"

"..."

"Four, I have to take my family to see them."

The lady boss is not at all polite, and she needs four tickets to open her mouth.

Qin Yu is also used to it. The little fairies have eaten Maocai here for four years, so it's nothing to give a few tickets.

"Okay, I'm going in first." Walking into the inner room, Yan Xue was already talking and laughing with Li Wanxing.

"Qin Yu." Li Wanxing waved to him, smiled and said, "How's your time going this week?"

"Not bad, I have Yan Xue with me... how about you?" Qin Yu looked at Li Wanxing, Wen Yaxuan and Jiang Xiaoshan.

The four goddesses are big and beautiful, and a handsome and handsome little brother.

This combination puts it together and attracts the attention of other diners.

Those present here are accustomed to the gaze of hidden prying eyes.

After all, being handsome is a lifelong matter.

They are already so handsome, and I can't get rid of them. What if I'm not used to it?

Li Wanxing was the first to say: "It's still the same..."

In the past six months, she opened a model agency, specializing in intermediary business.

Thanks to the family relationship and the care of friends, business is booming.

Wen Yaxuan's answer was similar, with the only complaint a little bit more: "The boss always wants to give me all kinds of chores, but he doesn't give me the opportunity to participate in the design."

"I said, let you come out and open your own studio." Qin Yu glanced at her.

This is not the first time he has mentioned this matter and asked Wen Yaxuan to set up a design studio by herself.

Although it was a bit difficult in the early stage, with his care, it is easy to make a name for himself!

After gaining some fame and qualifications, it will naturally attract more outstanding talents, and the situation will get better and better.

But she refused very firmly, every time!

In Qin Yu's view, the reason for her refusal was lack of courage, and Wen Yaxuan did not have the confidence to support a studio on her own.

And develop it into what I imagined or what Qin Yu described.

So, she retreated and wanted to get more experience in the company...

"Well, maybe I should find time to talk to your boss." Qin Yu thought it was time to force her.

"No." Wen Yaxuan looked at him angrily, like a little milk cat about to bite.

Jiang Xiaoshan brushed her hair and said with a small smile: "Well, your appearance is not a threat except to make him beastly."

"What is a big beastly hair?" Qin Yu glared at her retortingly.

This woman... is getting more and more presumptuous!

"Isn't it?" Jiang Xiaoshan glared back at him, "Every time she looks like this, you...are more interested? Isn't that tactful enough?"

"Puff..." Yan Xue lowered her head and pursed her lips and chuckled.

It's hard to see the boss slumped outside, so she feels funny whenever this happens.

"Your meal is here." The lady boss held a portion in one hand and another portion between her wrists.

Put three copies of Maocai on the table at once, and the one with the most is Qin Yu's.

There was milky white on it, cooked just right, and fish bubbles covered with chili.

The portion with more vegetables is Wen Yaxuan and Yan Xue, and the half-meat portion is Jiang Xiaoshan and Wen Yaxuan's.

Jiang Xiaoshan is in charge of being a vegetarian, Wen Yaxuan is a carnivore...

By the way, to solve Jiang Xiaoshan's endless green dishes, who makes her never picky eaters!

"Here you are." The lady proprietress carried a plate of side dishes in the middle: "Send it, I will pickle the food myself."

Kelp seedlings and carrot diced, "Thank you lady boss."

The girls smiled sweetly, even Jiang Xiaoshan showed a bright smile.

Lao Huai nodded in relief, and the lady boss turned and left without saying anything.

I can see them again, knowing that they are still together, everything is fine.

The proprietress is satisfied, just like seeing her baby grow up, and she feels full of accomplishment in her heart!

To put it bluntly, three of the four girls are colleges where they finished their meals.

The boss has reason to be proud...

The only regret is that the main room she is optimistic about is not there.

'This girl won't come back again, she's floating outside... I'm afraid the position in the main room will be unstable! 'The boss's mind is lost and she thinks of when she was young.

At that time... it seemed that a handsome young guy was chasing him.

It's just that they are not as crazy as the young people now, nor are they so blatant.

...Young, so good!

"What about you?" The conversation at the dinner table continued, Qin Yu was asking how Jiang Xiaoshan's filming was.

"Perfect World", this is the script he finalized. UU reading www.uukanshu.com

"The progress is not very smooth... The literary director is more... picky!" Jiang Xiaoshan jumped up and down.

This proves that she is suppressing and concealing her description, and the situation is much more serious than she said.

The literary director is not critical, but almost paranoid!

He requires every frame of this play to be perfect, as if to bet on his career for this.

This is not like his previous performance, Jiang Xiaoshan can only guess.

The person who wrote the "Perfect World" script may be very important to him.

It is not an ordinary friend, but a very important relationship that makes him care more than himself.

"Lovers?" Qin Yu curiously asked: "But I have never heard of him having a lover."

Jiang Xiaoshan learned his way and shrugged: "Who knows! In the entertainment circle, the most indispensable thing is gossip and secrets!"

Chapter 492: Beyond Eclipse

As a regular army, several women already know each other's identities.

But it does not mean that they can be brought into the battlefield together.

Even if Brother Yu didn't feel that he would not be able to cope with it with his own abilities and skills.

However, after Li Wanxing said, "Four, foreplay alone takes an hour or two, you are sure you can stand it", Yu Ge hesitated a bit.

He is really not afraid of tongue cramps, mainly because he doesn't show enough respect for women!

A boxer must fight his kidneys...

Tonight, according to daily life, it belongs to Jiang Xiaoshan's time.

After eating and sending her other woman home, Qin Yu and Jiang Xiaoshan drove back to Binjiang One.

"How's the talk with the owners?" Qin Yu walked to the sofa after entering the door, throwing off his shoes.

Jiang Xiaoshan bent down to put his shoes away: "The asking price is too high."

Qin Yu intends to take a few houses in Binjiang No.1, which is regarded as an asset to Jiang Xiaoshan.

In addition, he is asking Joe to contact the German shipyard for himself to build a world-class luxury yacht.

Old Joe is very dissatisfied with this. In his words, what kind of private yacht is needed.

If Qin Yu likes to go to sea, he can change the battleship that Barrow retired and sell it to him for use.

However, after Qin Yu solicited the opinions of several people, he immediately rejected this proposal.

Not to mention that it was an empty shelf when I bought it. Looking at the majesty, the actual inside was almost completely emptied.

Let's talk about docking. If the battleship is changed, the civilian ports that are generally operated are not allowed to dock.

A trip to the sea requires particularly cumbersome procedures.

Also, there is no sense of experience! !

The battleship modification is simply like modifying the Wrangler.

Don't worry about comfort, luxury, enjoy these elements, hard steel, rough lines, simplified cabins, passages, and various designs for combat.

"Go out, take care of you and never want to go to sea again after you come back." As someone who came by, Yang Chengjun advised him not to do this.

Therefore, Qin Yu decided to buy a decent luxury yacht to meet his travel (spending money) needs.

In other words, it is also a big billionaire, there is no top private yacht... Is it fair?

Calculating the time, it's time to produce the design drawings in these two days.

Qin Yu has only one requirement for his yacht, beyond the Eclipse!

Barrow's super-rich, Xiaobu has been the number one for so many years, and it is time to move.

Change someone to sit down.

As for the money or not, it doesn't matter...

That 'Consumption Discount Card 3*' has never been used.

Qin Yu hoped that the shipyard would give him some help, so that he had to use the card in heartache.

Otherwise, let it go like this, Brother Yu will forget it sooner or later!

The lost thoughts regrouped. Qin Yu looked at Jiang Xiaoshan who was squeezing juice and said: "As long as it does not exceed 20% of the market price, the house in Binjiang is going up very well."

"It's not that there is no place to live. Investment must of course maximize the benefits." Jiang Xiaoshan said, turning on the juicer switch.

Buzzing...

With a roar, half a watermelon turned into two cups of freshly squeezed watermelon juice.

"Give you."

Taking the watermelon juice in the cup, Qin Yu dried it all in one go.

Cool and sweet, cool!

Although the weather outside has turned cooler, the room still maintains a constant temperature of 21 degrees.

"House prices will only get higher and higher, people go to higher places, and other places may fall... Hudu, Shangdu, and Yaodu are three places, it is impossible."

Qin Yu saw it very clearly that it has nothing to do with these three places if the house price does not fall.

As Zhili City, which capable young man does not want to stay.

The wealthy people who gather in these cities regard real estate as the best investment and real estate for value preservation.

How many listed companies have the habit of hoarding real estate as investment reserves!

Therefore, the more you wait, the price will only be higher.

"Then I will meet with them again tomorrow." Jiang Xiaoshan's filming has been finished, and she can rest at home these days.

After the overall shooting is over, I will be busy when I follow the crew to promote it.

"Hmm... Has Lazy Cat contacted you recently?" Qin Yu asked.

The Lazy Cat is in Jinling, performing with the Royal Dance Company. I don't know if she will have time to come back.

Qin Yu wanted to see her, but he was busy with school matters these days.

It should be said that the class leader Che Xuan held him and held him.

For the remaining problems of the orientation party, he promised that Che Xuan would perform at the orientation party.

But in the end, the reporting time was delayed because of too many things.

By the time he arrived at school, the orientation party was over early...

Therefore, when it comes to the New Year's party this time, Qin Yu can't escape.

"When you say something can't come at the orientation meeting, when you want to ask for leave... I didn't say a word."

The old car will come out to welcome the new year and will say something, what else can Yu brother who is in a bad sense.

It was he who promised the old car to perform at the welcome party to support the department.

It was he who called the old car and couldn't say it.

Gotta gooooo...

So, go on!

"Yueyue's WeChat account." Handed him the phone, 'I only have one night to rest after the performance, and I will go to Sujiang the next day.'

"Is it so rushed?" Qin Yu frowned.

It's not that he was angry because he couldn't meet, he was even more worried about whether the lazy cat's body could hold it!

"When you think of how she came over these years, don't underestimate Yueyue. In comparison, she is the most stubborn and resilient among us."

Jiang Xiaoshan said that she took the empty cup to wash, and then went to fill the bathtub with water.

When I changed my hairstyle, I put on silk pajamas, and the water was ready.

"The bath water is ready for you, let's go to the bubble first." Jiang Xiaoshan hung his clothes neatly in her arms.

When Qin Yu went to take a bath, she had to take her clothes to wash.

These can't be used in a washing machine, you have to rub them with your hands!

Fortunately, it is not dirty every day, just soak the water twice.

Qin Yu is also used to her arrangement, mainly for real enjoyment.

With Jiang Xiaoshan, she would think ahead of all what Qin Yu needs, without him preparing everything.

When the muscles were relaxed in the hot water, UU reading www.uukanshu.com Jiang Xiaoshan came as he expected.

Sitting by the bathtub, kneading his shoulders with his hands in a light weight fit for him.

With this thought, just say how can Brother Yu not love it? ! !

"By the way, I will leave the card with you tomorrow morning, and I will sign it right after I talk about it... I will let the lawyer arrive at ten o'clock?"

"It's nine o'clock! Several owners got up early to give off their children."

Jiang Xiaoshan obeyed his arrangement docilely. At this time, she didn't say it for a day or two, she had already accepted it in her heart.

This property is in her own name, but in her heart it belongs to her and Qin Yu.

Although she said she was a money fan all day long, only Jiang Xiaoshan knew about it.

Someday if Qin Yu really needs it, as long as she has it, he wants it mainly.

Jiang Xiaoshan doesn't care...

Chapter 493: Big toys

Jiang Xiaoshan's live horse pile is getting more and more diligent, and now it can be maintained for more than an hour, and the frequency of breathing and fluctuations are very standard.

This is a professional evaluation made by Yu Ge after personally verifying it.

Get up early in the morning, Jiang Xiaoshan has already prepared breakfast in the kitchen.

"You can get more sleep, I just buy some casually outside." Qin Yu was helpless to her persistence.

Jiang Xiaoshan, who had dressed herself in an exquisite and orderly manner, smiled and put breakfast in front of him.

"The clothes are on the table, close the door lightly." After that, she went back to the room to catch up.

Fried eggs, steamed buns, two hams, one fruit oatmeal.

The amount is just right.

After breakfast, Qin Yu put the bank card on the dining table, drew a piece of sticky paper, drew a smiley face and love, and pressed it under the card.

These two expressions have been integrated into his daily life!

I have to say that these two expressions, Yu Ge, can easily draw the most perfect state.

This is called professional!

In the underground garage, Qin Yu didn't open his Palamela today.

The moment the key was pressed, the lights of the muscle car with white stripes on black background turned on.

Dodge Hellcat red eye version, Li Xiao gave him a toy!

The king of linear acceleration, the neon **** of war who sprints and shoots in a straight line.

When the car arrived, all the sports components had been changed.

The whole set of sports modification, one thing that stands out: cool!

In addition to the white stripes on the black background, there are also two Hellcats of the same model and different colors parked in the garage.

Stopped next to them was my brother, the Dodge Demon.

And big brother, Dodge Viper!

These two were sent by Xu Hao and Yang Chengjun, so far the three big muscle cars of the Bald Eagle.

The Dodge Challenger Department, the representative work of Yu Ge is gathered.

Han Hu and Liu Xing naturally have to give gifts.

Qin Yu has the most cars under his name... Naturally Lamborghini.

Now that the poison is all there, how can the Sixth Element not come with one?

The whole car uses a large amount of carbon fiber, and the body, chassis, drive shaft and suspension are made of carbon fiber reinforced plastic. After testing by many industry giants such as Lamborghini and Boeing, the material can withstand the high temperature of 900 degrees Celsius.

In other words, on the track, the driver did not turn into meatloaf by accident!

Then, there is a high probability of not being burned to death by fire.

At most, it's the outer focus and the inner tenderness...

Equipped with a 5.2-liter V10 engine, the maximum torque is 540 Nm, which can output a maximum of 570 horsepower...

Although it's a little bit stingy, but thanks to the vehicle's weight of only 999 kilograms, it can still enter the club in 2.5 seconds at a speed of 100 kilometers.

Because of this, Yu Ge still has to go to Italy after the new year.

The sixth element can only be purchased by invitees, and Yu Ge's qualifications are of course sufficient.

Han Hu and Liu Xing are helping him fix the number of invitations. After paying the money, he still needs to visit the headquarters himself.

The cab of the sixth element is to be fully customized by the chief designer based on the driver's height, driving habits and sitting posture.

Buzzing...

The sound of the engine in the fibrillation chamber sounded, and Qin Yu drove towards the school.

I parked the car at the door and was about to leave. The car seat was sitting in the oncoming Toyota.

"You changed your car again?" Parked his Toyota, and the car Xuan circled the Hellcat several times.

"Dodge Hellcat red eye engine, 7900 Nm super abnormal, top speed 326, tut..."

"Classic bald eagle muscle car, a tank of fuel can only burn for twelve or three minutes, this big toy ordinary people can't even add fuel!" Che Xuan knows how to touch the car cover with his hand, and likes it very much.

But if you like it again, he won't touch this kind of rich man's toy.

The price of Hellcat is not expensive, but for ordinary people, whether it is from economic considerations, or from practical and family considerations.

It's not an optional product...however, it's a big toy for the rich!

"There are still several cars at home, and I have the opportunity to play on the track!" Qin Yu said with a smile.

"Forget it, just because of my physique, I can't hold the steering wheel with a kick." Che Xuan refused, mocking himself.

In the adult world, you don't want to get it...

"How are your show preparations?" Che Xuan turned the topic to the show in the next second.

Seeing that this can't divert his attention, Qin Yu resignedly said: "A song."

"Yes, a song." Che Xuan smiled and nodded. It was not easy for him to make a contribution to the department.

No, it should be said that it is not easy to get him to show up!

Qin Yu has made a lot of contributions to the department, and the attention and honor he brought to the school after his identity was exposed has already caused the school leadership to laugh and faint collectively.

Investment genius, Oriental Golden Boy, the next financial giant.

Oriental Little Buffett...

Every time I heard these, Brother Yu couldn't help but want to spray them on the face.

A stock **** is a stock god. What does it mean to have to add a 'small' in front of it? ? ?

Fortunately, after a small half year of precipitation, people no longer pay attention to this matter as they did at the beginning.

The dog skin plaster squatting at the door came from the media.

And the "Ladies Group," who was holding a long-term meal ticket, finally disappeared.

Thinking of the ladies, a Porsche driving a water appeared in front of the school.

There were a few famous scenes that were found by car rental companies on the spot, and Brother Yu felt embarrassed.

However, it is obvious that the celebrities who have to shake their heads and slap their bags before leaving, have a dashing pace and proud faces, do not feel proud at all.

A perfect interpretation of what is called: As long as I am not embarrassed, it is others who are embarrassed.

"Don't worry, those lunatics will not come back again." Che Xuan was also impatient with what happened during this period.

Those women were crazy, so they asked Qin Yu's number, class, and dormitory number when they met.

With all his information, I want to find a way to approach him as much as possible.

This not only affects Qin Yu, but also affects the school very badly...

Imagine a group of flamboyant internet celebrities dressed in ultra-short one-piece dresses appearing at the school gate in a group of luxury cars.

Good guy...

Without the three-year start event, Che Xuan himself felt that it was a miracle!

Because of this incident, the school recently recruited more security guards to strengthen management and patrols.

Including the most important, UU reading www.uukanshu.com drove out non-school personnel who were standing guard at the school gate.

This will naturally attract some criticism, but compared to what these people do, the school's response measures are obviously more acceptable and understandable to the public!

"That's the best." Brother Yu likes hunting, and occasionally comes some game to change his taste.

But he was very sure that he had no interest in those 'female ladies' who took the initiative to send them to the door!

Remember, the first time I saw the ladies at the school gate.

Open the scanning system with great interest, and the result...

Brother Yu almost vomited.

From then on, he was determined not to come down to school when the door was blocked.

If it weren't for this, the school might not be determined to resolve this matter...

After all, for the school, the most important thing now is how to keep Qin Yu, a genius college.

Chapter 494: Missed opportunity

402 bedroom.

Qin Yu was lying on the bed and swiping his mobile phone, while Yan Erqin worked hard and conscientiously.

Shen Dong, who became the boss, resumed his daily game routine, "Grass, can you play?"

"My ninety-year-old grandmother plays with her feet better than you... You %*#* (¥ *

There was a burst of fragrance, and the air in the bedroom became fresh.

As for Hou Kun, he disappeared again after 'surviving' in the dormitory for a short time.

Yan Er said that once I saw someone like Hou Kun in a movie theater.

The reason for saying like...because that person is completely dressed up as a beautiful man.

All her gestures and gestures are feminine, her face is makeup and her hair is silvery white.

Following the noble grandmother, their hair matched pretty well.

It is too difficult for a person who is used to taking shortcuts to get him back on the right path!

When I was with a rich woman, the food and clothing were all the best.

When it was my turn, I became a poor student...

Even if you save some savings, but without a stable source of income, you still have to split a penny into two and carefully plan the spend.

It is easy to change from frugality to luxury, but it is difficult to change from luxury to frugality.

"Brother Yu, what are you doing?" Shen Dong, who was overwhelmed, saw Qin Yu playing the notes, leaned to his side and smiled: "I recently discovered a new anchor, Mengyue..."

Qin Yu glanced at him, "Is the village just connected to the Internet?"

The new anchor... Mengyue'er is already his "unconventional army," who has fought in many battles.

Over 100 million casualties...

Shen Dong actually told him that Mengyue's is the new anchor, isn't his news too outdated?

"..." Seeing his expression, Shen Dong's expression instantly changed to!!!Σ(?Д?ノ)ノ

"Brother Yu, don't talk about you and her... I... Are you really?" Shen Dong was stupid.

Qin Yu flipped through the live broadcast boredly, and said indifferently, "Don't you just watch the top one before paying attention?"

"I saw that the big brother on the list is called Banbu Chunqiu." Shen Dong responded.

Yan Er, who was lifting his iron, put down his dumbbells and vomited, "I don't know if I type a word in half a step in Spring and Autumn?"

"...Qin, my Gan, Brother Yu, can't you leave something for your brother?" Shen Dong vomited.

Doesn't this happen, how many is this?

He pays attention to one, Yu brother sleeps one here, he pays attention to one, Yu brother sleeps one...

Shen Dong started to doubt himself, is he reduced to a tool person?

Qin Yu found the target he wanted to hunt on his watch list? ? ?

ノ(▽)?

"You think too much, really." To be able to find Crescent Moon before she was found, all thanks to big data.

When you brush the notes, every time you see the beauty, you stay for 1 to 5 seconds.

Return after swiping away... It is best to have a message!

Then, all other content that was swiped was wiped away in an instant.

After maintaining this rhythm for a few minutes, the note will open another door for you...

Any current limit is used to deceive children.

"Let me see which anchor it is." Yan Er came over curiously, wanting to see who Qin Yu was staring at again.

Although he is not ashamed of his behavior, Yan Er still has a good view of him.

Nothing that he can admire is ordinary.

Qin Yu opened the backstage and found Mengyue'er, who was the only one concerned, and she happened to be live broadcasting right now.

"...I have someone here, it's a bit embarrassing, let's talk for a while, and then sing later!" Mengyue's happened to be live broadcast, and a staff member disrupted her rhythm.

"Yes, Brother Yu... deserves to be you." Yan Er shook his head enviously, and continued to lick his own iron.

The rest time is over, and he still has two groups to finish today.

As for Crescent Moon, except for the initial surprise, he was used to it.

When did Brother Yu have fewer women than women? Isn't there just another more...

Don't envy, don't envy at all!

(` ㄥ*)

"You will still pay less attention to the anchors in the future...As far as the ones you care about, you have to cry when you really meet!" As a roommate, Qin Yu thought he should give Shen Dong a point of caution.

He is also a boss now, small and wealthy!

It's okay to find a small anchor and be the big brother on the list for a week.

Qin Yu was afraid that he would be impulsive, face to face with tears and twitching...

"Don't worry, Brother Yu, I can't bear to spend money on this...wait" Shen Dong suddenly reacted: "How do you know which anchors I follow?"

"...Experience!" Qin Yu responded calmly.

"Really?" Shen Dong was a little envious, but also a little strange.

But when he thought of Brother Yu's bohemian private life, he felt okay again!

"Really? Don't worry, I can't bear to spend money on this." Shen Dong still saves money in terms of spending.

Even if he has some money now, he doesn't have the habit of lavish spending.

I'm afraid of being poor.

Besides, he still wants to accumulate more capital and wait for a chance...

The last time he failed to catch the opportunity of Yuge's investment made him regret to heartache now when he thinks about it.

Yan Er invested 2 million and waited for the end of a holiday.

Made 48 million...

Knowing the news at that time, Shen Dong was stupid.

His head hummed, as if there were countless bees flying around.

Yan Er's performance is not much better than him.

The only difference is that Yan Er excitedly contracted the public expenses for this semester after the shock.

He covers all expenses such as parties.

2800% return on investment...

Except for miracles, Shen Dong didn't know what to use to describe all this.

This also reminded him from time to time that if he hadn't sent the money back to his hometown to buy a house, he would hand it over to Qin Yu.

Now that he is a multi-millionaire, he can consider buying a house and settling in Hudu.

Therefore, he has been trying to save money.

Waiting for the next opportunity...

It's just that Shen Dong is a little unsure whether Brother Yu will invite himself next time.

After all, he has already rejected him once.

Even if they are classmates + roommates, it does not mean that the other party must take care of their own ideas.

Besides, Qin Yu had already given him a chance, but he didn't want it...

"How are you two preparing for the show?" It will feel boring after reading Qin Yu turned off the phone and sat up from the bed.

"Don't mention this, we are still friends." Yan Er directly dropped the dumbbell in his hand.

Fortunately, a silent mat was laid on the floor. Since the number of the small treasury exceeded 10 million, Yan Er has re-decorated the style of the bedroom.

Wallpaper, sound insulation, dust-proof and moisture-proof...

The rest didn't have much trouble, this is already the instructor's special care.

The show Qin Yu mentioned was exactly what caused his headache.

After performing the show last time, it worked well.

Che Xuan directly booked this time, and didn't even give him a chance to refute.

Yan Er really couldn't think of what else he could perform.

How about a sword swallowing?

Otherwise, how about the back door spitting fire...

Chapter 495: These days, everything is fast

fooling around at noon, Brother Yu left the dormitory building.

As for what Yan Er will perform, it is swallowing a sword, or breathing fire at the back door...

Brother Yu is actually quite looking forward to it!

Before he left, he also specially reminded Yan Er that he should inform himself when deciding which show to perform.

In order to express his gratitude to him, the second brother grabbed the pillow and threw it to the door...

Dodge red-eyed Hellcat driving a bang.

Although its price is only one-fortieth of the poison, the degree of blasting is definitely no less than it.

The bald eagle muscle car is very rare in the country.

After all, it is a niche model, so there are not many opportunities to see it!

See it's windy appearance, sharp lines and headlights, and a grumpy engine.

My sister has already defined it as a Thousand Marriott car.

Good looks are still good...

Before going home, I added some gas, and then drove the car back to Binjiang No.1.

Parked in the parking space when he was leaving, Qin Yu first called Jiang Xiaoshan.

"At home or?" Qin Yu said.

Today she is going to talk to the owners about the contract, and she doesn't know if she is busy at this meeting.

"You're back? I'm at the local restaurant at the door, are you coming?" Jiang Xiaoshan was having dinner with the owners.

The price is almost the same, only the contract is left!

Just in time for noon, Jiang Xiaoshan acted as the host and had a meal together.

"I'll be here soon." Qin Yu said.

Ten minutes later, Qin Yu met Jiang Xiaoshan and the eight owners in the box.

"Here." Jiang Xiaoshan got up and smiled.

Seeing her like this, the other owners couldn't sit down anymore, and they all stood up.

"You are welcome, sit down, sit down!" Qin Yu walked to Jiang Xiaoshan and sat down.

Everyone sat down, Jiang Xiaoshan arranged the tableware for him, and asked her about today's itinerary in a soft voice.

"Miss Jiang, is this your husband?" the kind-faced eldest sister asked.

Jiang Xiaoshan glanced at him, nodding her head as an acquiescence.

This is manifested in the eyes of others, and they thought it was a guilty conscience...

Looking at Qin Yu's appearance and figure, wouldn't it be a soft meal?

It's not easy to ask about people's private matters.

The owners are waiting to sell the house to get the money, and the price Jiang Xiaoshan gave is very suitable.

No one will be in conflict at this time.

So, laughter and laughter for a meal.

The content of the conversation was all about the house. Inside and out, it was said that Jiang Xiaoshan could not lose money after buying it now.

Jiang Xiaoshan smiled politely, not indifferent attitude, the owners are also used to it.

This is the third time I have met, and it is considered half an acquaintance.

Compared with the first meeting, Jiang Xiaoshan's attitude is already very good.

Not all of the eight owners came alone, but two of them were husband and wife, which means that they talked about six houses in total.

There was a difference between what Qin Yu thought, but it didn't make much difference.

Buy these six sets first, and then buy them slowly when you have the opportunity.

Qin Yu greeted the property and asked them to pay attention. If there are owners who want to make a move, they can notify themselves first.

Such a small matter, the property naturally agreed.

The small favors that Qin Yu usually gives on holidays play a certain role at this time.

At least, there is nothing wrong with doing such a thing!

After dinner, it was 13 o'clock in the afternoon, and everyone agreed to meet at the notary office, and then they drove away.

Qin Yu didn't drive himself, but sat in the co-pilot of Cayenne.

"You can wait for me at home." Jiang Xiaoshan said.

"I'm fine, who won't I accompany you?" Qin Yu responded.

Hearing what he said, Jiang Xiaoshan smiled brilliantly.

This smile can only be seen in front of him.

Go to the notary office, sign the contract, do notarization...

After finishing all the work, Qin Yu sent the information to Li Xiao, and the person on his side confirmed that there was no problem, and began to go through the transfer procedures.

Qin Yu called Shen Chuxia and directly transferred the money to six accounts.

Even if the transaction is concluded...

Seeing him on the phone, directly call the bank transfer.

Everyone knew that he was the righteous master, and his tone of voice slowed down unconsciously when he spoke, and he was a little more obedient.

The snobbery nature of the locals, Qin Yu has already taken offense.

When the owners inquired about the account, Li Xiao's procedures had already been completed.

The procedures are complete, that is, input, change the information, and then retain the foundation.

Own people, just add a few minutes of effort and it will be done.

Or else, how can someone in the DPRK be easy to handle?

It was just a few days before the house.

All the owners who were satisfied with the price left after the smiles opened.

Qin Yu said to her: "The formalities have been completed, and the book will come out in two days, and I will have someone send it over."

"Well, no hurry..." Jiang Xiaoshan didn't rush from start to finish.

It's not that she didn't know that these houses are worth tens of millions, and she is now worth half a billion.

Instead, there is the jade in front, the Lazy Cat's Lvheng Mountain Residence...

She has been helping to manage, rent, collect rent, and help with trivial matters!

Now, the initial excitement has long passed.

With this calculation, is the lazy cat taking away the excitement and satisfaction that should belong to him? ? ?

In any case, I can't get excited anyway.

Happy, but really happy.

The half-billion-dollar house falls under the name, who is unhappy?

However, how should these six houses be arranged?

...

...

After thinking about it all night, Jiang Xiaoshan noticed in her heart.

Cooperate with the platform to turn six suites into short-term rental homestays.

You only need to manage the occupancy status of the house, if someone makes a reservation, send the password to the other party.

Refund the deposit and go up occasionally to make sure that the housing facilities have not been maliciously damaged.

Others, such as hygiene, room service before and after check-in are all responsible for the platform.

Although we have to separate some benefits, but fortunately, it saves effort and worry.

A Lvheng Mountain Residence, with Li Wanxing's help, is too annoying, and he can't stand it again.

With a decision, there is nothing to suppress in my heart.

Jiang Xiaoshan's mood also improved a lot, humming a song to make breakfast for Qin Yu.

He was treated well in Hudu for a few days. He just wanted to make it for him every day, and he didn't have a few chances.

This walk was another two months, and Jiang Xiaoshan decided to wait after the propaganda was over.

Make an appointment with someone to take a walk abroad and take a look.

She grew up so much that she didn't go out much except in Southeast Asia.

She wants to visit the fog, Paris, Tokyo, these places.

As for New York, Jiang Xiaoshan thinks it's better to avoid it.

In the bald eagle country, ethnic conflicts have intensified in recent years, and they are always shooting at close range.

Jiang Xiaoshan felt that there was no need to take this risk, and she did not yearn for the breath of freedom!

"early."

"early."

Brother Yu, who rinsed well, kissed her lips and sat at the dining table with the breakfast plate.

After a while, Jiang Xiaoshan also came over with her breakfast.

"Are there any big melons in the circle recently?" Qin Yu asked casually while eating breakfast.

Jiang Xiaoshan thought about itExpression and taste: "There is a news... I heard that Sister Weiwei has disappeared."

"Are you talking about Wei Ge?" Qin Yu thought for a long time before realizing who she was referring to.

However, this news is really exciting.

It's not that Weiwei and his wife are in a particularly good relationship, and the children are so old, why suddenly they left.

"I don't know, I also heard that divorce is not normal now?" Jiang Xiaoshan said indifferently: "It's just that the star belongs to a public figure, and all problems will be magnified by the lens..."

This year alone in Hudu, the number of divorces received 84,000.

Compared with this, Xiaogu, Weiwei, and a few more, which add up to only double-digit divorce incidents.

It's nothing at all...

In this era when everything is fast, flash marriages and divorces are normal.

What else is surprising and unforgettable?

Chapter 496: good sign

"Do you want me to introduce you?" Lie on his chest, Jiang Xiaoshan chuckled as he listened to the vigorous heartbeat.

"What?" Qin Yu asked, only to realize that she was talking about Weiwei.

"Do you know each other?" Qin Yu said.

"Sister Mi and Sister Weiwei are best friends, she came to the crew to visit the crew when filming." Jiang Xiaoshan said.

"...I heard about it, but I didn't expect them to be so close!" The plastic sisters in the entertainment circle, Hua, are they still seeing few?

"They can be regarded as pitying each other for the same disease! The recent situation is similar, it is not easy to walk along the way. So they are a little bit sympathetic.

"understood."

"So, do you want to know?" Jiang Xiaoshan pointed out.

Qin Yu was surprised: "Why should I know her?"

This kind of thing...I know it, but I can't admit it.

What can he do?

It was just a chance to get to know each other by chance, and that was just for signing autographs for the star fans at home.

Who?

That's too much to go, who wouldn't like chasing stars?

...

...

The next day, Qin Yu was woken up by the phone.

Looking at the time on the phone, 6:25...

The caller shows: Auntie.

After hesitating for a while, Qin Yu still pressed the answer button.

"Hey, auntie..."

"Xiaoyu, didn't you bother you?"

"...No, I woke up."

"School is hard... Auntie wants to tell you something..."

Qin Yu knew exactly what she wanted to say, and it was about the stock investment return last time.

At the beginning, Qin Yu wanted to give some preferential treatment to his family!

Asking them to put the money into Lixin, his brother Liang Guochao invested 200,000, and Liang Chujia invested 400,000.

In this action, Qin Yu gave them their share.

My uncle Liang Guochao took 4.8 million, Liang Chujia took 9.6 million...

Since then, his phone has never been cleaned.

But Qin Yu also explained that this kind of opportunity is not encountered every day.

Regarding the last operation, the media and various financial experts have thoroughly analyzed and analyzed it.

Fortune plus opportunity, excellent vision!

But not every day has such a good opportunity, nor is it that every day there are industry leaders waiting to breathe.

It's just that this kind of thing is said to a layman who doesn't understand it at all.

To her, it was all evasive words!

Fortunately, today, Qin Yu's achievements and aura make anyone need to be careful in wording and attitude when talking to him.

After some explanation, Qin Yu hung up again.

Tired!

The good mood of the whole day today is so tossed out.

Jiang Xiaoshan was also very uncomfortable because her schedule was disrupted.

"You look beautiful." Looking at Jiang Xiaoshan sitting in front of the dressing table, Qin Yu turned over and lay down: "I will sleep for another 20 minutes, and you can continue."

Jiang Xiaoshan, who was putting on make-up, was stunned, and a nice smile appeared at the corner of her mouth.

The timeline for resuming her habit made Jiang Xiaoshan feel better.

However, she still suggested that Qin Yu resolve the matter as soon as possible.

Since he wants to take care of his family, why bother to embarrass her?

"It's not embarrassment...it's the principle! I can give them opportunities, but I can't directly give money."

What's more, Liang Chuhong has already taken 2 million from his mother before and after.

If I now agree to her to put the money in Lixin Investment, then what is it?

Use your own money to make money for her, which is not the way to do it.

"Well, don't talk about these unpleasant things, I'm going to Jinling tonight."

"Go see Yueyue."

Jiang Xiaoshan was not surprised. Among them, Lan Yue was always the most favored.

"Yes, do you want to be together?" Qin Yu invited her.

Jiang Xiaoshan gave him a white look: "I don't want to make light bulbs."

"No...Have you seen the maid housekeeper?" Qin Yu asked jokingly.

"I, no, yes." Jiang Xiaoshan replied very firmly.

Then, after breakfast, she bought two sets of housekeeping maid outfits for herself online.

...

...

In the basement, Qin Yu drove the poison out of the parking space.

First, I went to the Oriental Royal Garden and took a few of the small Totoro dolls in the house.

Lazy cat said last time that he forgot to bring his doll when he came out.

This time I passed by, and it happened to be brought to her.

After looking at the room, Qin Yu closed the door and left.

As soon as I came down here, I ran into Jin Xi head-on.

"Qin Yu." Jin Xi's expression was first surprise, then indifferent, then angry.

In the past six months, I have never seen him again.

Mainly go to him and get the answer is also busy.

So busy, why still have time to find Sister Mi? She still stayed in her office for four hours.

This matter has been spread all over the company, and Jin Xi naturally heard a lot of rumors.

Now, the entire company knows.

The relationship between Qin Yu and Mi Jie is not simple, it is a matter of direct official announcement to show their identities.

"Why, jealous!" Qin put his arms around her waist, and Qin Yu found that her **** had grown a few inches.

This is a good sign.

Now that I have encountered it, it is not appropriate to leave again.

Qin Yu coaxed a few words, and Jin Xi walked towards home with a smile on his arm.

She is not really angry, as long as she is not stupid, she will not do it.

Jin Xi is very clear that everything he has now is obtained by this man.

Including the care she has received in the famous world, those film appointments, and the brand she is currently filming endorsements.

Therefore, Jinxi knew exactly what to do.

Play a little temper, make a little temper, no problem!

But if you use this to play tricks, get angry, and make a face to Qin Yu...

It won't be any good fruit!

There is no shortage of women around this man.

No matter if he is so pretty or those inexplicable self-confident monsters.

...

...

"Have you repainted the walls?" Qin Yu found that the color tone in her room had changed as soon as she entered the room.

The new dark gray, the overall tone is biased towards cold light and melancholy...

"Well, this is more suitable for my state, loneliness, don't you think?" Jin Xi took the opportunity to vent his little depression.

"It's pretty good." Qin Yu responded calmly, taking out his mobile phone and sending a message to the class guide.

It seems that today I will be absent again!

Putting out the bath water, Jin Xi began to talk about his recent development. UU reading www.uukanshu.com

Overall it is not bad, rice takes good care of her.

Perhaps it was because of her own reasons, or she really saw enough potential from her.

In any case, her life is very good now!

"I'm going to buy another house for investment... Do you have any good suggestions?" Jin Xi asked while wiping his back with a towel.

"Brand, quality, and Hudu area are all worth investing." Qin Yu responded.

In fact, he had just taken a bath, but he didn't mind being close to the water.

Swimming specialization: water affinity.

Put him in the water, there is a kind of super comfortable feeling of ease.

Therefore, Qin Yu never resists being close to water.

In the water, he was as free as returning home, and it seemed no problem to wash it a few times.

Chapter 497: Diamond diamonds, specializing in porcelain work

to invest in a house and save myself some savings!

This is a wise choice, eat a youth meal, one day to finish eating sooner or later.

Even with the current technology, the death of beauty can be delayed...

But not for everyone, and it will eventually leave.

Therefore, before Meili leaves, prepare for the rest of his life, it is understandable!

Actually, Qin Yu thinks that every woman should make the same preparations.

Because, even he himself doesn't know what the future will be like.

to himself and the women around him.

There is nothing left and right, while enjoying Jin Xi's wiping back, he opens the system panel.

The experience value is still 2 billion, and Yu Ge is also very helpless.

He has tried his best to spend money, but he can't find a place.

Before he wanted to buy a few more luxury cars, but before he could do it, Li Xiao and others had already taken the initiative to send those big toys.

Including the purchase qualification of the sixth element...

Han Hu and Liu Xing also prepaid all the expenses for him...

[King Kong Kidney] was upgraded by Brother Yu with a 'Promotion Card', the effect is remarkable!

As for 'Brazilian Jiu-Jitsu,' it's a course he learned by himself.

Brazilian Jiu-Jitsu's lock-in technique is very useful and has the effect of being strong against weak enemies.

Talisa has always been worried about his safety. In order to reassure her, Brother Yu added this course.

Qin Yu is looking for shbjj from Hudu, and the coach is a master of Brazilian Jiu-Jitsu.

He spent a lot of money on this, so he can learn the true essence, not just the fancy.

After several actual battles, Qin Yu can say very clearly.

In case of need, he can lock the enemy and tear off the opponent's shoulder.

Just keep his shoulders dislocated first, and then apply about 500 pounds of force and pull upwards...

Well, this is just a metaphor, let us forget this!

Brother Yu is a good, law-abiding citizen...

After taking a shower, wrapped in a bath towel and walked out of the bathtub, Qin Yu looked at Jin Xi's red knees: "Find an opportunity and do some targeted maintenance."

try{mad1(\gad2\');}catch(ex){} When she uses her knee in the future, it is not a good thing to wear it like this.

A pair of beautiful knees can arouse Yu Ge's more nature!

The pure and natural is the most expensive.

If you want to protect them, the money and energy you need to invest are endless.

"I'm looking for a suitable place, you know, this kind of place is very troublesome to find."

Being a public figure is troublesome, even if she is not a popular star.

Besides, she is on the rise!

Besides, a strictly professional beauty center is not so easy to find.

Rice introduced her to a family, but with Jinxi's current income, she still can't afford the kind of customized consumer services from top institutions.

"This is for you." Qin Yu took out a card from his handbag: "There are 2 million in it, as allowance."

"2 million pocket money." Jin Xi smiled and smiled: "So, this is our current relationship."

"Is there a problem?" Qin Yu said.

"No, that's great." Jin Xi put the card on the table and took his hand to the bedroom: "Now, I should behave well for this reward."

.....

.....

The pocket money of 2 million obviously made Jin Xi repay with due diligence.

Her cumbersome balance ball was also played by Jin Xi in new tricks.

is about ten stories high...

Brother Yu is satisfied in a person for the first time, this is rare!

So that when he walked out of the elevator again, his footsteps were a little vacant.

It has nothing to do with the waist and kidney. Brother Yu has this diamond, so he doesn't bother to work on porcelain.

【King Kong Kidney】 As strong as ever.

Just two more, Yu Ge thinks he can stand it...

is that some of the previous movements were too difficult, which put a burden on his thigh muscles and caused them to have temporary muscle cramps.

However, it only takes a short journey to recover.

When Qin Yu arrived in Jinling with the poison on, the hour hand was pointing exactly at 5:20.

At this time, the sky is still dark, the last performance of Lazy Cat should end at 7 o'clock.

He should have enough time to rush to the theater to watch her dance performance...

beep, beep!

There is a traffic jam ahead and it moves very slowly.

Something seems to have happened on the side of the road, and a group of people are gathering there.

When passing by, Qin Yu, like other drivers, lowered the window to listen to gossip.

slap~

The loud slap and the crying scream of the woman made him look twice.

Through the gaps in the crowd, Qin Yu saw two big men clutching a woman, lashing each other's face and head frantically.

"Ah, help, call the police..." Some people in the crowd were persuading in a mess, but most of them chose to sit on the sidelines of nothing.

When seeing the woman not far away, the little girl holding the doll was sitting next to a fallen electric car crying blankly, Qin Yu turned the steering wheel to the right.

The car stopped on the side of the road, Qin Yu closed the door and walked back.

"Let let, let let..." Pushing away from the crowd, Qin Yu saw two men who were beating a woman.

try{mad1(\gad2\);}catch(ex){} one is five big and three thick, one is burly and powerful, and the hair is a little pale.

'S mouth and face are full of viciousness, and he keeps yelling, 'make your mouth cheap, believe it or not, I'll kill you...'

The fat man even grabbed the woman by the neckline, so that she could not dodge, and could only raise his hands to block the blow.

reached out and grabbed the fat man's wrist and twisted backward!

The other party knelt on the ground, yelling, "CNM, ah..."

The spitting fragrance was replaced by more intense pain. Qin Yu let go of the opponent's hand, stepped forward and grabbed the white-haired man's wrist, doing the same thing!

After both of them calmed down, Qin Yu let the woman stand aside: "Who can tell what's going on?"

"Woo, call the police, I'll go to the Yamen to report..." The woman just cried, her cheeks were red and swollen, and she seemed to have been beaten seriously.

The two men murmured in their mouths, as if they were spraying 'freshener'.

"You hit my car, you have to call the police, report, if you don't report, I have to report."

"Call the police, let the arrest come soon, let me see who dares to move me."

"Boy, you're in trouble, you know?"

"Children, you can't manage everything these days."

"Believe it or not, I keep you from getting out of Jinling."

This old-fashioned threat made Brother Yu stunned.

What kind of people, Jinling boss... the kind who can't survive if they are provoked.

is a bit scary I want to drink Bing Kuo Le!

Qin Yu took a step forward with cold eyes, and the two of them stepped back timidly, and their mouths stopped.

"That, it seems to be a friend of these two people. The woman and the child in the back seat were knocked down by the car door, and then they had a quarrel." Someone on the side of the road said.

Then, all the babbled descriptions poured out.

"CNM, you know Jill, Lao Tzu..." The fat man yelled at the passerby, his face full of flesh to rush towards him.

Qin Yu raised his foot and kicked forward, kicking on the opponent's knee.

咚!

At least 125 kilograms of fat, fell heavily on the ground.

The other party hugged his knees and screamed, which sounded more horrible than killing a pig.

Qin Yu also learned what happened from everyone's retelling.

Mercedes-Benz with the back door open by the side of the road is the white-haired man, and the fat man is his fellow friend.

The opponent parked the car on the side of the road and opened the back door directly.

The woman riding an electric car passing by was knocked down by the suddenly opened door, and her daughter also fell to the ground.

Then, out of anger, she stepped forward to find the other party to reason.

The fat man thought that the other party had no eyes, hit the car door, and scratched part of the car paint.

Then, he and the white-haired man of the car owner slapped the woman, obviously to teach the woman a lesson.

A poor man riding a battery car, dare to yell at himself? ? ?

I didn't ask you to compensate for the paint loss. He was already very kind, like riding a battery all over the street.

Don't say opening the door and scraping, you deserve to be killed! ! !

Chapter 498: 17 years and 04 months

Just when Qin Yu asked passers-by to call the police and controlled the two men.

A man in old clothes who looked stubbornly squeezed out of the crowd and walked straight to the fat man.

"Fuck~"

"Gosh~"

Amidst the chaotic shouts, the fat man fell to the ground feebly, his body stained with blood.

The white hair beside him fell to the ground in fright, and crawled back with his hands and feet together.

He was terrified!

10 seconds before time went back, the stubborn guy squeezed out of the crowd and pulled out his right hand inserted in his jacket pocket.

What appeared in the palm of his hand was a sharp knife, like a triangle iron sharpened by a file.

is just sharp, sharp!

Then, I stabbed the fat man several times in his chest...

Plug, pull, plug, pull...

"Ah~" The scene was in a mess, everyone was stupid.

Who would have thought that a passer-by would suddenly appear, and he would pull a knife and turn it over.

So reckless? ? ?

There is a grudge, or what...

The man took the knife and continued to walk towards the white hair.

The woman standing next to Qin Yu suddenly jumped on like crazy, grabbing the man's wrist in the horrified eyes of everyone.

Fuck, is this woman looking for death?

This kind of fierce person who doesn't say anything but directly uses the sword, she dare to provoke.

also took the initiative to move forward, isn't it a death-seeking thing?

"Qi Liang." The woman shouted angrily.

The man's movements stopped, as if he was suddenly frozen.

Then, he dropped the triangle iron in his hand and turned to face the woman: "It's okay."

Seeing the quiet conversation between the two, Qin Yu also learned about their relationship.

husband and wife!

This reckless man turned out to be the husband of a woman, and he undoubtedly confirmed this after seeing him picking up the little girl and calling 'Dad' while sobbing.

"Come, let us, let us all." A group of arrests came late.

Actually, it's not too late.

From the time someone called the police to the present, but 10 minutes, the speed is not slow.

After seeing someone falling to the ground injured, the catchers' expressions immediately became serious.

Injury incidents are obviously much more serious than ordinary fights...

The reckless man was not accidentally handcuffed, and the ambulance arrived soon and carried the groaning fat man into the car.

The woman has been unwilling to let go of the hand of the reckless man, her expression is complicated...

But she resisted and didn't make any mischief. It seemed that she knew what she was facing next.

After the man was arrested, take it away and leave his address.

The woman hugged the little girl to express her gratitude to Qin Yu: "Thank you, sir...I want to go to the Yamen, thank you."

While the woman was crying, she bowed her thanks to Qin Yu.

If it weren't for him, a woman didn't know what she would be like.

But she has no intention of thinking about this, and now she just wants to get to the Yamen as soon as possible to see how to solve it later.

"Here you are." Qin Yu took out a business card and handed it to him under the surprised eyes of the woman.

is not his own, Brother Yu hasn't printed his business card yet.

This is Jiang Dechuan's business card, which he left for himself before in case of emergency.

"Call the person above and tell him that Shao Qin asked you to call." Qin Yu didn't say much, and I believe the woman would not listen.

He just doesn't want a simple family to be ruined by two scum.

And... Brother Yu is very interested in the stubborn guy who was captured just now.

The man's reckless and cold-blooded performance made Qin Yu believe that he was an excellent...helper.

Cough, maybe it will be used anytime!

Being a person requires two-handed preparation.

Don't feel that you don't need anything. The truth is that life is impermanent.
everything is possible!

Sometimes life will inadvertently create a surprise for you!

If it weren't for rushing to see Lazy Cat, Brother Yu would be very interested to follow up and see the follow-up development of things.

However, now that Jiang Dalu is in charge, I feel relieved.

On the way, Qin Yu received a call from Jiang Dechuan, explaining to the other party that he would pay for the follow-up expenses.

Jiang Dalu took the order happily!

He is not happy for this small business, but happy that he has business contacts with Qin Yu.

Qin Yu can think of himself for the first time when something happens.

means that the other party trusts him and has a deep positive impression of him.

This is a good start. Jiang Dechuan believes that they will have more social and business contacts in the future.

This is exactly what Jiang Dechuan expected...

Grand Theater, Qin Yu didn't have time to catch up with Lazy Cat's performance.

The performance inside has ended. He is waiting for the lazy cat to come out at the entrance of the staff passage.

About 20 minutes later, Lazy Cat and a few girls in overcoats walked out of the theater arm in arm.

"Lan Yue~" Qin Yu, standing in the shadows, walked out.

"Ah~" Lazy Cat was stunned. After seeing him clearly, the whole person screamed and threw into his arms.

The teardrops oozing from the corners of her eyes proved how excited she was at the moment.

Two months of loneliness, longing, so-called grievances and hard work all broke out at this moment.

"who is this?"

"Yueyue's boyfriend! He should be right."

"...I never heard her say that her boyfriend is more handsome than a star."

try{mad1(\gad2\');}catch(ex){ "To be honest, I am a little jealous."

"Me too... suddenly I want to fall in love again."

"Bah, I think you are gluttonous."

"Fuck you, don't talk nonsense, let Yueyue hear you badly."

The girls' conversation made Lan Yue realize that they were still outside.

wiped away the tears from the corner of his eyes, Lan Yue held his arm with a bright smile, and introduced to several colleagues: "This is my boyfriend, Qin Yu."

"Hello, thank you everyone for taking care of Yueyue." Qin Yu smiled and nodded.

"Hello, handsome guy... can I ask you a question?" The tall girl with long hair fluttering and the temperament approached him generously.

"What?" Qin Yu said.

The girl first glanced at him, and finally snickered and said, "Do you have any older brothers or younger brothers, or else there are friends who are like you... No, you have one-fifth of your handsome friends, you can introduce them to us."

"Yes, yes!" The other girls nodded in agreement like quail.

Qin Yu thought about it, and said with a serious expression: "Brother doesn't have oneThere is really one younger brother."

"Really? Really? Is he still single?"

"handsome or not?"

"We don't mind being young, small fresh meat is the best."

"Go... don't scare the handsome guy away."

"You nympho...I am the best among these people. Introduce it to me."

The girls were joking and joking with each other, but they were really looking forward to it.

In terms of Qin Yu's appearance, this younger brother's appearance is definitely not bad.

Not to mention the daily expenses and treatment of the lazy cat, all provided by this 'mysterious boyfriend'.

In terms of financial ability, there is no need to worry at all!

But, why do you think he is a bit familiar? ? ?

"Uh...you may have to wait a few more years, he is exactly eight months now."

Seeing the dull faces of the girls, Qin Yu laughed with satisfaction: "Lan Yue, I'll take it away first. See you in 18 years."

The girls rolled their eyes together, spitting out: "I believe you a ghost, for eighteen years, the day lily has been cold."

"I thought that sweet love was coming, but I didn't expect it to be a huge wave... I vomited."

"Eighteen years... will there be anything else with me then?" The self-pity and self-love girl covered her face, as if lamenting the passing of youth.

"That, shouldn't it be seventeen years and four months?" Only the girl with a slightly fat cheek was counting the time in a whisper.

Looking at her, she seemed to be seriously considering it.

Seventeen years and four months later, is there any chance for me to have a close contact with Xiao Xianrou after the 20s!

Chapter 499: accurate

No, it can no longer be called a room, it is more like a disaster looted by a tornado.

The tables and the ornaments on the table are scattered all over the place.

The carpet becomes crumpled, and the sofa is like being crushed by more than a dozen big men in turn...

Only, two figures who miss each other are close together!

"Say you miss me." Lazy cat moved his hand on his lips.

"Yes, I miss you very much, very, very much..." Qin Yu responded sincerely.

"Say it again." Lazy Cat moaned softly with crescent eyes.

"I miss you, very, very, very, um..." Qin Yu's mouth was blocked.

Hearing his voice, looking at him, smelling his smell...

The lazy cat at this time is extremely satisfied, nothing can make her feel closer to happiness than now! !

"How do you feel about your body recently?" Qin Yu is still worried about her old injuries.

"It's all pretty good. Compared to others, my physical condition is already very good." Lazy cat replied continuously, as if she was about to fall asleep.

As she said, compared to the other members of the dance group, her situation is the best among them.

Not only there are no hidden injuries, but also no hidden dangers such as habitual dislocations and sprains.

Those skin care products and instruments still play a certain role after spending a lot of money.

It's just that every time she moves, her luggage is more than double that of others...

"I told you to arrange someone for you, and I promise that she will never show up when you don't need it."

Qin Yu refers to a helper like Chi Ni who can help her solve some small problems in her daily life.

Like handbags, schedule arrangements, hotels, takeaways, errands...

When necessary, she can withstand danger for her to ensure her personal safety.

Such people are not difficult to find, in fact, there are not many people in King Kong Barbie.

The number of people engaged in fitness in the whole country is about 15 to 20 million. This refers to the number of people who take fitness as a career and truly devote themselves to it.

The proportion of women is about 1.2 to 20%, which is about 2 million people.

The number of people who can persist for several years is even smaller, and they are scattered to each region, and the number will not exceed 1,000.

Taking into account the male to female ratio, this number probably does not exceed 200.

No matter how you say it, it's not much.

try{mad1(\'gad2\');}catch(ex){} But in terms of Qin Yu's current contacts, it is not difficult to find such a person.

Because he does not need to be limited to one area.

If necessary, whether it is domestic or foreign, you can choose!

With this calculation, the number of people who can choose and the target are much larger...

"No." Lazy cat refused without thinking: "I don't like being followed, being served like a lady...I have hands and feet!"

Although she knew it was Qin Yu's kindness, she thought of someone by her side.

Pour tea and water, hush cold and ask warm...

This feels very strange... Lazy cat just has a hard time persuading himself to get used to it!

"Well, I'll listen to you." Qin Yu didn't seem to be able to click on her nose: "Go to bed early, and catch a plane tomorrow."

.....

.....

The next day, Qin Yu deliberately got up half an hour early.

called the hotel room service, prepared breakfast, and then asked the lazy cat to get up.

Obviously, the consequence of dependence is that the lazy cat relaxes the standard, she is lying in bed...

loved to let her lie in bed for five minutes, Qin Yu had to interrupt the short warmth of the morning, "It's time to get up, otherwise, you will be late for the assembly time."

"Ah~ why don't you call me earlier." Lazy cat hurried to wash up. She didn't want to be called by the leader alone in front of everyone.

"???" Brother Yu was stunned, so blame me!

After having breakfast, Qin Yu sent her to the meeting point, which is the bus stop behind the hotel.

"Oh~~" Seeing the two appear together, the team members made a neat strange call.

Lazy Cat blushed and said softly, "I'm leaving."

Qin Yu pulled his wrist into his arms, and he fell into his arms.

The lazy cat raised her head in surprise, her hot sniffing tightly...

"Wow~" Seeing the two kissing on the spot, the scene exploded.

was originally embarrassed and shy to watch lazy cats, but now, instead of eating ready-made dog food!!!

MMP~

What's wrong with single dogs, do single dogs have no human rights?

Amidst anger, the car set off smoothly, and Qin Yu also had a face-to-face meeting with the group leader.

didn't say much, the head of the group had a general understanding of his identity, but there was no need to come forward to curry favor.

It is not good news for them that there is a little princess in the group who needs special attention.

However, even if he feels upset, he knows what he should do and what he should not do.

try{mad1(\gad2\');}catch(ex){} waved his hand and watched the car go away. The face of the lazy cat posted on the back gradually disappeared, and Qin Yu lowered his raised arm.

"Huh!" Qin Yu went back to the hotel to check out after sighing out a little lost.

When he turned to the parking lot, his car was already surrounded by three circles inside and three circles outside.

A group of people are taking pictures frantically, and there is a net red face wearing a bulgingbulging pleated skirt, holding the front car cover with his hands and showing coquettishness.

"Let's let." Some brutally squeezed the crowd away, because there was a shout, "Hey, what are you doing?"

"If you understand the rules, you hit me."

"Fuck, what the hell?"

The car lights were shining, and Qin Yu pulled the car door directly, and both the internet celebrity face and the self-media acting as a model were taken aback.

Then, the atmosphere became awkward!

got in the car and closed the door. The internet celebrity who had been photographed in the front of the car stepped on high heels trot around to the cab: "Keng Keng~"

The other party knocked on the glass, bent his knees and smiled: "Handsome man, can you give me a ride?"

"No." Qin Yu responded with a cold face and sounded the horn.

step on the gas pedal, hum...

The violent engine sound frightened everyone, and the crowd in front of them instantly stepped away.

"Grass, is it great to have money?"

"That is, I drove a luxury car, and I don't know where I borrowed it."

"What's so great, so arrogant!"

Hearing the complaints and complaints coming from around, Qin Yu lowered the car window and said blankly, "Sorry, money is really great... and I can be more arrogant, do you want to try?"

Someone wanted to refute, but saw others turn and leave.

Although he was a little angry, he still held up his breath and comforted himself silently in his heart, not to be insightful with him.

When it comes to the two skills of face and self-comfort, they are professional.

Waiting for everyone to leave, Qin Yu kicked the accelerator and rushed towards the exit, venting a lot of depression in his heart.

He knew he was a little naive just now! !

If it is usual, like this kind of cock, he will not care about it at all.

In addition to being able to use his mouth, I am afraid that there is not even 100 yuan in my pocket. It is a waste of time to care about them.

But he was in a bad mood today, so I can only blame them for touching the muzzle.

If someone continued to pick things up just now, Brother Yu wouldn't mind moving his bones and let him know what is called Maga Jiu-Jitsu...

Chapter 500: Hire

rush to leave Jinling.

He has to go to the Yamen first, and by the way, find Jiang Dechuan for the latest situation.

"Shao Qin...nothing big!" Jiang Dechuan's tone was full of weird.

Actually, before he took over this case, he didn't expect the process to be so interesting.

The other party's preparation is very comprehensive,

Indirect mental illness proved to be mad and generous after being stimulated.

The attitude of admitting mistakes is good, there is no sign of absconding or threatening the society, the murder weapon he carries...

That thing is really a file, but it wears badly during the 'use'.

Don't say this is a quick catch, even Jiang Dechuan wants to hit someone.

A file worn to the point where the front end is sharp, both sides are smooth, and there is no tooth?
??

Can you believe this?

But apart from this, there is nothing wrong with him.

has no criminal record and has a good personal reputation.

As a frontier army, with PTSD certification...

These proofs are the best proof of exoneration, so that Jiang Dechuan was embarrassed to collect the money.

There is nothing he needs to do, except to reach a private settlement with the victim.

The fat man who was stabbed and sent to the hospital by him looked seriously injured, but in fact it was just a skin wound.

As for he would be in a coma, he was completely frightened by himself.

When he was just stabbed, he thought he was going to belch...

The fact is that he only needs to treat the wound in the hospital and he can leave like a normal person.

..... It may be a little difficult, strenuous exercise will cause the wound to crack.

"Impossible, I was stabbed like this, tens of thousands of dollars want me to reconcile?" The fat man yelled with a full face.

Lawyer, do you think he is afraid of lawyers?

Anyway, that lunatic has been arrested, what is he afraid of.

"Sir, I think you may have misunderstood a little..."

"If you don't want to reach a settlement, you will only delay each other's time. Going to court can't change anything..."

"If you say no, then no, who do you think you are? Judge?"

"No, of course not..." Jiang Dechuan smiled and said, "I just want to solve the problem."

Snapped!

The other party slapped the table and stood up, "I don't want to solve the problem, look, look, hiss..."

The over-excited fat man pulled the wound and grinned in pain!

try{mad1(\gad2\');}catch(ex){} Then, he saw that the door was opened.

Qin Yu was stunned with a ram... No, he should be called Wu Wu.

He walked in with He Wu, followed by two catchers...

The fat man who was very arrogant before, the moment he saw He Wu, his calf began to tremble unconsciously.

"He, he, he..." The fat man fell down on the chair, and the white hair watching the show immediately straightened his back.

like that...like a bad student who met the dean.

"Shao Qin." Jiang Dechuan gave up his position and politely invited Qin Yu to sit down.

"No, you sit on you, you are the lawyer, I just came to watch." Qin Yu didn't mean to overwhelm the host.

He is not a lawyer, he just came to pay the bill.

When first walked in, it sounded like the other party was not very satisfied with the settlement agreement.

"Is there any problem?" Qin Yu asked.

"The other party does not agree to a settlement!" Jiang Dechuan said.

"Agree, why don't you agree." The fat man was anxious and jumped up. He didn't cry anymore when he pulled the wound. His expression twitched and showed a smile that was uglier than crying: "Who said that I disagree, I am, that is... "

"Price." The white hair suddenly prompted.

"Yes, add money, you must add money..." The fat man yelled, noticing He Wu's eyes, and then shrank his neck timidly, "Well, I have suffered such a serious injury, should I add more?"

Now he sees He Wu, he is very frightened!

The look in He Wu's eyes... cold like a snake, without any emotion.

Being stared at by that kind of eyes, it was like turning into a cold corpse, it was terrible!

"How much do you want to add?" Qin Yu asked first without Jiang Dechuan.

"50...50,000, 50,000 will do." The fat man's price increase sharply dropped ten times under He Wu's attention.

"Deal." Qin Yu agreed.

completely ignored Jiang Dechuan's hint and He Wu who wanted to speak.

For him, this money is not for the fat man.

is an investment in He Wu!

The more you give, the heavier this favor is, and the higher Qin Yu is likely to hire him.

mean, no, this can only be counted as a small trick.

can't even wipe the despicable!

Really mean, but much more exciting than what he did.

paid the check and reached a settlement!

He Wu said nothing during the whole process, and when he walked out of the yamen, he said to Qin Yu, "I will find a way to pay you back the money."

`try{mad1(\gad2\');}catch(ex){}` Judging from his clothes, this method is not reliable.

But Qin Yu believes that he can do what he says. This is a man who values commitment.

It's just that his goal from the beginning was not money!

"I want you to work for me, as a soldier?" Qin Yu said.

He Wu looked at him, still expressionless: "I have been."

"I need a driver, can I drive stably?"

"Open to the leader for a few years, no mistakes!"

He Wu's answer was very confident. If it weren't for his wife and daughter, he might have followed the leader and entered the Ministry of War.

"Monthly salary is fifteen thousand, holidays, and year-end bonuses." Qin Yu gave his own quotation.

Anyone has a price, no one can make an exception!

If someone gives Yu Ge a trillion he will immediately lie flat...

The premise is that the other party is a young, beautiful, black and straight white moonlight.

It's not normal to ask for a little bit as a hanger?

"I have to ask my wife." He Wuzheng responded with a straight face.

values the family and fears his wife.

OK!

"Mobile phone." Entering his number in He Wu's mobile phone, Qin Yu said to him, "After discussing it, give me a message."

"By the way, I work in Hudu...I often travel on business, so I can call me if I think about it!" Qin Yu and Jiang Dechuan left together.

"Qin Shao is very optimistic about Mr. He." On the way to the parking lot, Jiang Dechuan asked out of curiosity.

"Well, it suits your appetite, don't you think?" Qin Yu smiled.

"Haha!" Jiang Dechuan grinned reluctantly, not feeling that way at all.

But, be a driver and bodyguard.

This kind of person who dares to fight and fights, but also has a sense of measure, is really good.

"It's okay, then I'll go now, Shao Qin." In the parking lot to say goodbye, Jiang Dechuan also mentioned a few words by the way, hoping to cooperate more in the future.

"Definitely." Get in the car, honked the horn to Jiang Dechuan who was waiting on the roadside, and Qin Yu drove away.

Although he is optimistic about Jiang Dechuan's ability, his own business is mainly concentrated in abandoned capital.

Northwest China, the future will also focus on development here.

Hudu is a personal business here, I am afraid it is difficult to have a large in-depth cooperation, but it is a pity!

However, if given the opportunity, Qin Yu wouldn't mind leaving the business to him.
