Chapter 51: Map with red dot

Settings

The next day.

Qin Yu opened his eyes in the intimate wake-up service of the little anchor.

"What are you doing?" Qin Yu started to wash his face and brush his teeth with the Bluetooth headset that was surfing the Internet.

"Eating breakfast, the desserts in this hotel are so delicious." Cheng Xiyu responded.

"I said, in the live broadcast, your face is all round!"

"You're just a group, it's clear that the standard melon face is good," said the little anchor coquettishly.

"Fine, you are big, you have the final say. What do you think of the divisional game?"

"What's my business, I'm a salted fish anchor, so I can eat enough!"

The little anchor whispered: "Now the food is pretty good."

"You salted fish!"

Qin Yu smiled and vomited, "Prepare well for the divisional game, and leave the rest to me to arrange."

"Qin Yu, I really don't fight." The little anchor was a little anxious.

My own man spends money to hold himself, and even let the platform take the lead, it is not worthwhile to think about it.

"Don't you want to take live broadcasting as a career?" There was a truce when the two were online.

talked about some topics not related to war, but the little anchor said that he wanted to take live broadcasting as his career.

"But I just don't want you to spend money!" The little anchor Nuo Nuo said: "I didn't do it because of money..."

"I know." This goblin had no confidence in himself.

Give her a reward, is that greedy for her body?

That is to complete system tasks.

As for the divisional competition, it is still for the system task, and Brother Yu is still that simple and promising young man!

The little anchor's line was hung up here, and Lan Yue's call followed.

"What are you doing?" A soft voice came.

"Brush your teeth, miss you!" Qin Yu responded.

"Are you brushing your teeth or thinking about me?" Lan Yue smiled sweetly.

"When I brushed my teeth, I remembered that someone kissed me stealthily, so is there any conflict?"

"Who kissed you stealthily, I...I was upright..."

Just listening to the voice, Qin Yu's mind showed the shy face of a lazy cat with red ears and red ears.

"Are you in bed?"

"Hmm..." After answering, Lazy Cat felt wrong, and said angrily: "What is the bad guy thinking?"

"Miss you." In his mind, the lazy cat was wearing cute pajamas, burying her head in her chest and curling into a ball.

If you can push a hand, you must be full of energy for the whole day.

"You...I miss you too." After going around for a long time, Lazy Cat walked in again.

"When are you coming back?" Lan Yue's tone was full of dependence.

At this time, Qin Yu has already occupied her heart.

In the past two days of dancing, she was scolded by Teacher Shen how many times because she was distracted!

But she just can't help it, a woman who is in love.

Especially women who have just fallen in love, always turn into moths.

Even if you know that there is fire ahead, you have to fight yourselves.

"No. 1, I have to wait for my passport to come down."

Speaking of this, Qin Yu remembered, "By the way, I'm going to the Kremlin after school starts. Do you have time?"

"Barrow?"

"Yes, go together if you have time, and relax by the way!"

Lanyue was very moved by his proposal, but she thought of Teacher Shen and the line dance, but regretfully refused.

"This performance is very important, and Teacher Shen has high hopes for me. I can't leave everyone behind!"

"It's okay, there will be time in the future. I will find time after you finish the performance."

"Hmm!"

was talking outside the door and heard a urging voice from his mother Liang Chuyu: "Xiaoyu, come out to eat when you wake up."

"Come here." Qin Yu shouted at the door.

"Stop talking, my mother called me to eat."

"Okay, I should go out after packing up." Lan Yue naturally went to dance practice.

I didn't go home during the holiday, just for the end of the year celebration.

"Remember to eat early."

"I see, you're like my mother!" Lan Yue chuckled and said.

hung up the phone and opened the door to the living room. Qin Yu saw the necklace on his mother's neck at a glance.

is the gift he bought back!

"Mom, do you like the gift?" Qin Yu sat down, grabbed a fried dough stick and delivered it to his mouth.

I ate soy milk and deep-fried dough sticks this morning. It seemed that Dad Qin Han went out to buy them.

"Spending money indiscriminately!" Liang Chuyu gave him a blank look, but the smile at the corner of his mouth couldn't hide.

"Just buy a gift for your mother, how about mine?" Qin Han asked, from the corner of his eyes.

Qin Yu screamed, 'Mighty. '

"I'm ready early." Qin Yu ran back to the room, and ran back again.

"Dad." Putting the camera on the table, Qin Yu raised her eyebrows with joy.

"This...isn't it cheap?" Qin Han asked, taking up the camera, lovingly.

"The private money is spent, what do you say!" Qin Yu said casually.

"You have a conscience!" Old Qin smiled satisfied.

by the way, blinked at his wife, as if showing off, 'Look, the gift my son gave me is more expensive than you. '

"This camera cost you tens of thousands?" Liang Chuyu reached out and took the camera.

Qin and Han yelled 'eh eh' anxiously.

"What are you shouting, I will help you put it away first, and tell me if you use it, you can break such an expensive thing."

gave him a helpless look, Qin Yu snickered in his heart, 'Oh, is this over? '

Liang Chuyu is the kind of person who can save things and live his life.

Anything in her hands, it can be saved well.

is not good or bad, it's just a personal habit.

But the Qin family can have the present life, Liang Chuyu is indispensable!

"Your kid is out of money! When do you report, I will ask your dad to transfer the money to you."

After eating, Liang Chuyu asked while packing up the dishes.

"Mom, UU reading www.uukanshu.com is no longer necessary, I made some investment with a friend of a classmate's eldest brother, and the money I made is enough!"

"What investment?" Qin Han asked, carrying a briefcase and preparing to go out.

"Stocks, a bit of inside information, follow others to drink some soup."

Qin Han frowned, there is still insider information these years?

However, thinking that GEM is like a roller coaster, Qin Han thought he was talking about that.

"Keep your heart in mind, and others will say yes."

"I see, Dad, I have been paying attention!"

With his guarantee, Qin Han no longer speaks much, his son has always been very assertive.

has grown up now, as long as he doesn't do anything illegal, let him fight for it.

Man, which one did not stumble over.

Putting on his leather shoes, Qin Han hurried out.

In order to see his son today, he deliberately delayed the time to go out, and he was about to be late now.

"I'm going to work."

"Okay, you are tired!"

"Smelly boy begs!"

Liang Chuyu smiled angrily, and hurried out with the bag.

In a blink of an eye, there was only one of me left at home, and the time was still there, Qin Yu picked up the phone and swiped the notes.

Waited until after the morning rush hour before going out, and changed to the subway twice, but didn't even meet a 90+ lady sister.

made Qin Yu feel disappointed by the [Goddess Stalker] who had little expectations.

I don't feel that my 90+ little sister is less, why not?

After exiting the subway entrance, 200 meters ahead is the 4S shop. This shop has just opened and is being cleaned.

'Ding, a qualified target was detected.'

A map appeared in front of her eyes, a red dot flickered on the edge of the map, and then disappeared.

Chapter 52: Dad's big toy

The disappearance of the red dot did not disappoint Qin Yu.

Qin Yu is very satisfied with the effect of [Goddess Stalker].

deserves to be produced by the system, Ollie will give it to you!

As for the 90+ little sisters, I can only see you by chance!

took the car key from the front desk, Qin Yu felt something was wrong.

looked down, a small piece of paper stuck on it.

smiled and put it in his pocket, Qin Yu saw a ball running from the second floor.

"Mr. Qin." Zhaoyang smiled like a flower, and the squeezed facial features of the dough-like face were almost sinking in.

"Well, is there any new car?"

"It's still the same, Mr. Qin will ask for anything, and the headquarters will try to meet it!"

Qin Yu is at Lamborghini headquarters and is marked as one of the top customers.

Why Zhaoyang always wants to cheat him, this is the reason!

"How long does it take to order a Dai Niu?" in the Lamborghini brand.

Daniel is arguably the most popular and representative model.

"It will take about 3 to 6 months, provided that you are a VIP at your headquarters."

I normally want to order a Daniel, but 6 months is less.

"Forget it, too ordinary!" Qin Yu said boredly.

Zhaoyang smiled bitterly to himself, it is great to have money!

Daniel is reduced to "ordinary goods." '

I'm too difficult...

But when he thinks of the customized version of the Mavericks parked at the door of the boss, he can't speak.

Engine, scissors door, exterior, interior, combat steering wheel.

Golden Dragon Standard and Youlong Atmosphere Light.

is not as ordinary, what else can he say?

After a round, Qin Yu drove away without matching.

The models in the main are not suitable for parents to drive.

went out and took out the key, Qin Yu tore off the small piece of paper on it and threw it into the trash can.

No grievances and no grudges, always save some face for the little sister.

People are also kind, wanting to ask Brother Yu to eat seafood for free, but I blame him for being too savvy!

After turning the corner, I saw the Mercedes-Benz logo, and in one direction, the rear of the car turned sideways, ejected and dived.

A strong feeling of pushing his back just hit, Qin Yu braked and stopped in front of the railing.

lowered the window and said to the guard: "Look at the car."

Mercedes-Benz Big G, the dream of a hunk.

Although Dad Qin Han is not young, his beer belly can top two tires because of socializing these years.

But this does not prevent him from having a macho dream!

top with G63, matte surface paint, dark night bag, blackened front bumper, headlights.

22-inch wheels, AMG red calipers.

Double carbon fiber steering wheel, with c23 components, carbon fiber interior panel, the sound of Berlin.

seat black and red diamond grid, three differential locks, IWC clock only available in the S series.

Deerskin top, heated seats, not to mention...

In terms of power, 4.0T twin-turbocharged engine, 585 horsepower, 9-speed gearbox.

Double wishbone independent suspension, self-adjusting damping.

all counted down, the landing price was 3,186,800.

No markup, no discount!

"How long will it take to arrive?"

"Mid to late next month, at the end of the month at the latest!"

Qin Yu guessed that he would also come back from Barrow by then, just in time.

"Okay, swipe your card!" After paying the money and taking the formalities, Qin Yu drove away under the envious gaze of the salesman.

[Old Driver] The title of max is very effective!

A few days ago, I put all my thoughts on don't come out, now I'm quiet, holding the steering wheel in my hand.

Qin Yu feels that the entire body is like a part of the body extending outward.

is like the short-distance drifting into the warehouse just now, the operation is easy and smooth, and there is no difficulty at all.

spent more than 3 million to buy a big toy for Qin Han, and the system is still short of 500,000 to upgrade.

Qin Yu drove to Wangfujing to shop and went straight to LV.

Four autumn outfits, two coats, exactly 52,000.

'Use the Crit Rebate Card. '

'Congratulations to the host for getting 4 times the crit and the funds have been transferred to the savings card...'

a small profit of 150,000!

Hundreds of thousands per second is okay?

.....

For four days in a row, Qin Yu almost stayed at home.

My parents also turned away from overtime and socializing, commuted to and from get off work on time, and took time out for the family to talk more.

On Monday, Qin Yu woke up early as usual.

didn't know if it was an illusion. Since he had the system, he has become more and more energetic.

There used to be a habit of lying in bed, but now it's dawn, I naturally wake up.

out of the room, parents have already left.

There is a morning meeting on Monday, which is always the busiest time.

Picking up the phone, there are several messages from Liang Chuyu on it.

There is another one from Dad Qin Han, 'Boy, save money, remember to eat well! '

You have a transfer of 5,000 yuan.

啧啧, Dad is generous in his actions, the pocket money he saved is going to be drained!

I told my parents about the departure, and Qin Yu went to get his passport first.

When was picking up the car, I ran into a little sister to hit up a carpool.

"My co-pilot has luggage!"

"I can hold it, it's okay."

"???"

So social, Brother Yu slipped away with a kick!

came to Lamborghini 4S shop again, Qin Yu handed the car key to the front desk and dialed Zhaoyang's number.

"Manager Zhao, I left the car in the store, Qianxinwei will transfer you."

"Shao Qin, don't bury the fat man, just take a ride, what money do you want!"

The two had negotiated, and Zhaoyang used the company's transportation vehicle to send Qin Yu's car to Hudu.

He will stay in Hudu for several years, and it is even more uncertain how long it will take in the future.

It happened that the system rewarded the No. 1 Mansion with Sea View, and he could park his car in the garage in the community in the future.

In other words, this luxury house has free parking spaces, right?

"One yard goes to one yard, remember to collect the money." Qin Yu hung up after speaking.

then transferred to Xiao Zhao 5,000 yuan, the transportation fee!

Zhaoyang looked at the transfer reminder in the WeChat account, UU reading www.uukanshu.com could not help but sigh: Why is there such a big gap between people?

Although the company's channels are used, Zhaoyang still has to catch the freight and favors.

The company has regulations, and sales of vehicles are not company property.

wanted to use this to make friends with Qin Shao, if possible, let him get some favor.

But people just understand the matter directly, one code is one code, and it is not allowed to refuse.

The temperament and the posture of the superiors are very tight.

The other party is only 18 years old!

Think about my 16-year-old bastard, who knows all day to get money from him...

Zhaoyang's palm suddenly feels itchy, shouldn't his seven wolves belt loosen?

Taxi rushed to the airport, the phone prompt sounded.

'Today's plane?' Li Wanxing.

Xingxing suddenly sent such a message, what did he want to express?

Qin Yu is a little unsure!

There is one more thing he is also uncertain about, that is, should he return now?

Sitting in the VIP lounge, Qin Yu, who was thinking, was disturbed by the ringing of his mobile phone.

"Hey, Sister Wanxing." Qin Yu said with a grin.

"What time will your plane arrive today?" Li Wanxing couldn't hear anything in her tone.

"Ah, Sister Wanxing, who told you about my plane today?" Qin Yu asked rhetorically, avoiding the seriousness.

At this time, 206 fairy bedroom.

In front of the hands-free mobile phone, the weak and helpless lazy cat is strongly suppressed by the three sisters.

Li Wanxing pressed her left hand, Wen Yaxuan pressed her right arm.

Jiang Xiaoshan puts her arms around her waist, and her right hand covers her mouth.

The faces of the three sisters are all stubbornly hot.

sly little scoundrel, don't want to run away again!

Chapter 53: 1 good show

Settings

Hudu, Qin Yu walked out of the gate with a smile.

Far away, he saw Li Wanxing, Lan Yue and Jiang Xiaoshan at the airport.

Three women stand together, each with their own characteristics, forming a beautiful landscape.

Anything going out from the exit, both men and women have to look at it.

There is a buddy who was taken away by his girlfriend who twisted his ears.

This head is still tilted at 45 degrees, just to look at it more.

Hehe, can such a person have a girlfriend?

"Sister Wanxing, why are you all here." Before the voice came, Qin Yu let go of the trolley case.

raised his mouth to the corner of his mouth, his expression was joyful, his eyes were full of his lazy cat with open arms.

"Miss me."

"Hmm." Lazy cat squinted and nodded obediently.

"Go away, you little scumbag!" Li Wanxing sternly tried to push him away.

clearly said in his heart, "Don't laugh, don't laugh," but still couldn't hold it back.

"Go ahead, what's the situation with you?"

"She is my girlfriend."

"I knew you would be cunning... Wait, you said she was your girlfriend?" Li Wanxing didn't turn around.

"Yes, otherwise?"

Qin Yu looked at her with strange eyes, and asked, "What do you think I would say?"

The lazy cat leaning on him smiled happily, and his beautiful eyes turned into a crescent moon.

She knew it would be like this, Qin Yu really likes herself, just like she treats him.

Lanyue still has some confidence in her intuition and vision.

"It's okay!" Li Wanxing was in a complicated mood.

is planted.

The food bill will double next month.

Fortunately, the lazy cat doesn't eat much. If Xuan Xuan, she would really reach out to the house.

What is even more depressing is Qin Yu's frankness, which has reduced her preaching to nonsense.

Did he really have no idea about hitting others? ?

"Let's go!" At this moment, Li Wanxing didn't know whether he was relieved or lost.

Maybe it's really passionate!

She just doesn't believe it anymore, she has nothing to say at the moment.

Looking back at Qin Yu, he was very natural on the road.

dragged the trolley case with one hand, and Lan Yue with the other hand, without any concealment.

Li Wanxing and Jiang Xiaoshan are one step behind, their eyes follow their backs, whispering from time to time.

"Which Kuo Shao travels is this again?" the passerby asked enviously.

"Take three women at once, and they are all so beautiful... It's nice to have money!"

"Do you want to bring it too?"

The man completely immersed in beauty nodded instinctively and said, "If you can, who wouldn't want it?"

At this moment, I didn't realize what kind of crisis I was facing!

"Okay...you don't look at your toad, just you...can you drive a Ferrari with one hand?"

"Break up, dead man." The girl left chicly.

The man realized that something was wrong, and turned around and hurried to chase his girlfriend.

"I was wrong, wife, only you are the best to me in the world."

A few minutes later, the dead man was forgiven, but the original single dog stayed alone in tears.

The whole world is targeting me! !

When he arrived at the parking lot, Qin Yu saw that he was wearing five nines.

"It's up to you to go back." Qin Yu wanted the lazy cat to practice more.

"That, sister Wanxing brought us here." Lan Yue lowered her head embarrassedly.

"Now, the key!" Li Wanxing handed him the key.

"I'm tired after taking a flight all the way!" Qin Yu went directly to the co-pilot.

"Luggage!" Li Wanxing was annoyed when she touched the trolley case with her foot.

Does this guy use himself as a driver?

"Sister Wanxing, I'll come." Lan Yue picked up the luggage and put it in the trunk.

is just a few pieces of clothes, they don't weigh much.

"You bully the lazy cat!" Li Wanxing got into the cab angrily.

"How can it be too late for me to hurt her!"

Qin Yu's pun tone added a touch of matte to the face of the lazy cat who just got in the car.

"Tsk, this dog food... is dead." Jiang Xiaoshan slapped her hand in front of her.

It was like trying to get the sour smell of love in the air out of the car.

"Lazy cat, why don't you use a car?" Qin Yu asked, leaning on his side.

"I don't have enough time to practice dancing every day. I don't have to take out food to eat, but someone else takes it. Where do I drive?"

Before Lan Yue could speak, Li Wanxing gave him a quick word.

The depression in my heart finally has a place to vent.

Women are like this, you praise her for being beautiful, she suspects that you are greedy for her body.

If you ignore it, she feels she has lost.

It is very simple to want to pick up the girl. It is very easy to call the group of three or five brothers.

During , everyone will focus on you, and you must be on any topic.

Don't ask, there must be a girl who has taken the bait.

The girl couldn't tell how curious she was, 'how awesome is this buddy? '

As long as the topic is held, the matter is half done.

After all, I invite the brothers to have a meal, change the 'protagonist' and do it again, every night Shengge.

Of course, there is no need for money to be so troublesome, just sprinkle money!

"Sister Wanxing is right, I really have nowhere to use a car." Lazy Cat said with a smile.

"You use the car?" Qin Yu asked casually.

"What? Can I use the lazy cat?" Li Wanxing choked.

"No way, you can take it if you like it."

"Okay, then this car will be driven for me." Li Wanxing said angrily.

"No problem, this car is for you!" When Qin Yu said this, he didn't stumble and fight.

"You... also give me the license plate?"

"Send ~www.mtlnovel.com~ to send me to school and drive away."

Li Wanxing was shocked, Jiang Xiaoshan was stupid.

Thousands of millions, he said to give it away, really or not?

Only Lan Yue was like a little fox, pursing her mouth and chuckling silently.

Li Wanxing, who came back to his senses, murmured angrily: "You dare to send it, but I dare not ask for it."

"You can just take it and drive, just to be a driver for the lazy cat!"

Hearing what he said, Li Wanxing raised his hand angrily and patted him.

"Well, you little scumbag, you really treat me as a driver. Besides, I have a car!"

"Your car is uncomfortable. My lazy cat can't stretch her legs after dancing. I'm afraid I will wrong her."

Qin Yu looked back at Lan Yue seriously, "Do you often have performances in the future? Or I will buy a nanny car and hire a driver to pick you up."

Just watching the lively Lan Yue, Huarong was so frightened that Huarong was pale, and waved his hand again and again, "Don't don't, I don't want it."

I am an ordinary student, even if there are any activities, I have to listen to the unified arrangements in the department.

arranged an event in the department, and everyone else would go by bus or by themselves.

In the nanny car, the driver picks up...

At that time, she will not be excluded from the circle by other students, and the instructor will not give her a good face.

What kind of dance do you dance?

"It's sour, so sore, forget it." Jiang Xiaoshan resigned herself to her fate and seemed to collapse in the back row.

"Then let him give you one too, aren't you about to practice internship?"

"At that time, go in the nanny's car, so majestic!" Li Wanxing didn't think it was too big to add fuel and jealousy.

"Okay!"

"As long as the lazy cat agrees, I will be fine." Jiang Xiaoshan looked at the lazy cat and said as if joking.

Chapter 54: The consciousness of the lazy cat

"I have no objection!"

Lanyue's unexpected answer left Jiang Xiaoshan at a loss as to how to pick it up.

Qin Yu stared, and said, "Your girlfriend is really competent!"

"They are all sisters, don't the fat water flow into the field of outsiders!" Lan Yue looked at him with a smile if he pointed out.

Lan Yue is stupid?

Don't look at her soft and weak, shy and introverted.

But she is not stupid at all!

The thoughts of the sisters in their own bedroom, Lan Yue can see clearly.

Fortunately, she was the first one to be deceived.

Or for her style of keeping her girlfriend and boyfriend away, Qin Yu wouldn't even have the opportunity to come into contact alone!

As for why it is said that the fertile water does not flow into the field of outsiders, anyway, she does not believe that Qin Yu is the only one.

Although there is no proof, Lan Yue believes in her instinct even more.

Four to one???

She didn't believe it and couldn't keep Qin Yu's heart, as for the future...

People, just think too much and do too little.

Living in the moment is the most beautiful!

Actually, how do lazy cats know, they are far more than four...

"Lazy cat, you have a high level of awareness!" Li Wanxing said in a weird manner.

She doesn't know what she is angry about, in short, it is just thorny, and everything is not pleasing to the eye!

Lanyue smiled sweetly, "Then do you want to?"

"Bah, I don't want it."

"I think you are in a demon." Li Wanxing's ears were hot, and she pretended to be calm.

It is Jiang Xiaoshan, who has turned her mind, and if she has realized it, she has a smile on her delicate face.

If the lazy cat really doesn't mind...

"Your school is here." Li Wanxing parked the car on the side of the road, unfastened the seat belt and got out of the car.

"Where are you going?" Qin Yu asked.

"Take a taxi back to school." Li Wanxing opened the door and got out of the car.

"Qin Yu, do you live in school or?" Lan Yue asked, leaning on the back of the front seat.

"It depends on how you do it. Why should I buy a suite near your school?"

Qin Yu looked at her playfully, just like the eyes of the big bad wolf looking at Little Red Riding Hood.

Lanyue gave a foolish smile, leaned back and said, "If you want to be beautiful, you have to be willing to find someone else."

Oh...

The little girl has also learned to test.

Brother Yu is so pure and honest, are you afraid?

"I am unaccompanied here, there is no one else." Brother Yu looked at her pitifully.

Lanyue was very satisfied with his answer, smiled triumphantly, and felt that he was a bit pitiful.

looked at Shanshan beside her, and pressed her cheeks slightly red and said, "Wait until the dance is finished, okay?"

Qin Yu looked at her seriously, the look made Lan Yue think that he had said something wrong.

Then he pressed a big hand on his head and shook it like a kitten.

"What do you think! Am I greedy for your body? I feel distressed that you don't know how to take care of yourself."

Lanyue's face instantly turned red, and a layer of mist gushed out of her eyes.

If it weren't for a seat to block her, she would definitely have to jump into Qin Yu's arms to act like a baby.

"You two are enough, this is going to close the door and beat the dog, is it to the death?"

Jiang Xiaoshan had a sour tone, and said with envy.

is simply an improper person, not such a dog abuser...

Believe it or not, put the two of you online, let the key immortals gather together, burn the corpses and frustrate the bones, then give them a boost?

铿铿!

Li Wanxing, who couldn't wait, knocked on the window and asked, "Are you two going, the car is coming."

"This is coming."

Muma kissed him on the cheek and got out of the car happily.

stood on the side of the road and waved goodbye, waiting for the car to go away.

Qin Yu walked around the front of the car and sat in the cab.

turned around, and Qin Yu drove towards Seaview No.1 designated by the navigation.

There are still 4 days to report, so there is no need to rush for it.

In comparison, the 160 million river view mansion is obviously more worth looking forward to!

Qin Yu originally planned to take Lazy Cat with him.

But she was obviously not ready yet.

Seaview One, the big parcel stopped in front of the sales service department.

"Sir, are you here to see the room?"

Several people were wearing blue uniforms, and the sales of black silk swarmed.

looked at him like he was about to swallow him.

"I'll check in!"

As soon as Qin Yu said this, the sales enthusiasm was lost by most.

But he was very polite and invited him to the VIP room, "Sir, your last name!"

"Qin Yu."

"Okay, Mr. Qin, please wait a moment, your real estate consultant will come soon."

nodded, Qin Yu looked ahead, as if seeing something interesting.

At this time, in his line of sight, on a semi-transparent map.

The three red dots are blinking continuously.

Data is being generated...

Wang Hong:

Age: 31.

Face value: 91↑.

Body: 90↓.

Freshness: 85↓. 【Sub-health state! 】

.....

Li Yanran:

Age: 26.

Face value: 93↑.

Body: 85↑.

Freshness: 89-.

.....

Shaman:

Age: 23.

Face value: 95-.

Body: 95-.

Freshness: 88-.

The last girl named "Shaman" made Qin Yu look surprised.

This is the first time he has seen someone who can compete with the small anchor in terms of appearance and figure.

However, the "mood value" and "favorite degree" are missing from the message. '

Qin Yu guessed because the two parties did not know each other, so only the basic information!

Judging from the distribution of the map, these three women all live in No.1 Seaview.

So... Is this the president's little wife?

If it is true, Qin Yu has to feel sorry for the presidents.

With this freshness, it is simply a violent thing!

If you continue to let it go, sooner or later the family will be robbed...

"Mr. Qin." Looking at the young man sitting on the sofa, Wang Hong's tone was full of uncertainty and surprise.

This person is too young, right?

"I am." Qin Yu smiled and nodded.

At the same time, the other party's complete information appeared in front of him.

Wang Hong:

Age: 31.

Yan value ~ www.mtlnovel.com ~ figure: 90↓.

Mood value: 73↑.

Favorability: 45↑.

Freshness: 85↓. 【Sub-health state! 】

This is one of the three red dots that appeared on the map just now.

Originally, the other party was the sales consultant of Seaview One.

The other person is in a good mood, and his favorability is a little bit higher than that of the stranger.

"Mr. Qin, this is Wang Hong. The headquarters appointed me to check in for you. I am glad to meet you."

Wang Hong leaned slightly, and extended his hand in greetings politely and professionally.

"Hello, I don't need you, what you call me, I'm only 18 years old this year, it sounds awkward!"

Qin Yu's performance was generous and generous, and Wang Hong was amazed by the irresistible tolerance in his words.

Is there any hidden son brother again?

160 million luxury homes just buy it, or pay in full!

At his age, Wang Hong can only think of this possibility.

What's more, this transaction was approved by the chairman himself, and the other party just has money?

Who believe it!

'18 years old! Wang Hong was full of emotion in his heart.

When I was 18, I had 10 yuan for lunch with two vegetarians and one meat, or 8 yuan for three vegetarians.

And people already own a mansion with more than 100 million yuan!

Even in this city, there have been countless surprises and sighs.

At this time, the feeling of huge drop still hit Wang Hong's heart like a flood.

"Then I will call you Shao Qin."

"I'll just call you Sister Wang, I might have to trouble you in the future!"

A simple name, in Qin Yu's line of sight, Wang Hong's favorability instantly jumped from 46 to 70.

Look, it's that simple for rich people to make friends!

Chapter 55: Wouldn't someone really have only one home?

With the name of "Billion Jinren", let Wang Hong treat him as a friend.

The next conversation was naturally relaxed and pleasant.

After completing the procedures, confirm the identity and sign.

Qin Yu got his own room card and key.

"Qin Shao, what you bought is the position of the king of the building, overlooking the entire river view and the other side view."

"The total height is 36 floors. Actually, it should be calculated based on 36 and a half floors. You have 35, 36 and a half floors above."

bypassing the disc swimming pool of the yacht club, the two walked into the elevator together.

After clocking in, the original normal elevator button, the outer circle of the 35-36 two layers turned on white lights.

Press the 35th floor, Qin Yu intends to visit it as a whole!

The half-story Wang Hong said was half a staggered floor above the 36th floor.

Actually, it should belong to a vacant rooftop.

However, the developers still make full use of it and make it the hottest infinity pool nowadays.

The elevator opens, and the entrance is the family reception hall, which can freely lead to the elevators on both sides of the room.

In order to ensure communication and privacy needs, the houses of No.1 Seaview are unified into two elevators and one household.

Passing through the family reception hall is the main living room, which is 7.5 meters empty.

The huge crystal tassel chandelier hangs down from the spiral staircase.

The huge glass floor-to-ceiling bay window provides an unobstructed view of the river and the opposite bank.

If you look to the right, you will see the famous Tomson Grand View.

The first floor is mainly composed of reception hall, main living room, meeting room, tea room, kitchen, study room, bar, etc.

Of course, guest rooms and nanny rooms are also on the first floor.

The second floor is the master bedroom, study room, sun room and other rooms with more privacy requirements.

Go up the stairs at the end of the corridor, first there is an open space of about 5-60 square meters.

There are a few deck chairs on the right side of the fence, the height of the glass fence is 160cm.

not only guarantees safety, but also does not affect the appearance.

To the left is the infinity pool, you need to step up a few steps to go up.

"In order to ensure safety, a sunken safety groove is made at the edge of the pool....."

Wang Hong carefully explained the structural features of the house and various safety measures for him!

What makes Yu brother uncomfortable is that every time this woman bends down, she will show off her Huangfeng waist.

MD, is it poisonous?

"Qin Shao, what else can I explain to you?"

"Or do you want to see the room again?"

This statement is really the heart of Sima Zhao...

Qin Yu sat on the lounge and said casually: "I want to see the actual effect of the swimming pool. Are there any swimsuits here?"

"Shao Qin wants to try the water?" Wang Hong smiled.

"Forget it, I'm afraid of heights...but you can try."

Although he knew that there was a sunken safety trough outside the swimming pool, Qin Yu still felt his legs were soft.

Sitting on a recliner makes people feel light and light.

Why is it so high?

Two-story villa with a vegetable garden in front of it.

"The company did not prepare a swimsuit, but..."

Wang Hong hesitated for a moment, and then said, "If Qin Shao wants to see the effect, it doesn't need to be so troublesome."

put his hands behind his back, the sound of the zipper sounded, and Wang Hong quickly removed his work uniform.

sat by the pool, put his hands into the stockings, his toes stretched straight, and rolled down a little bit.

Putting the black stockings and clothes together, Wang Hong smiled indifferently in a three-point style: "Then I'm welcome."

"Please do it yourself!" Qin Yu raised his hand and smiled.

squatted by the pool and tested the water temperature with his toes.

Wang Hong wandered into it, letting the slightly cooler pool water submerge his body.

"Wow~" Both hands raised the water.

Wang Hong, who was a little nervous, completely relaxed and played in the water leisurely.

30-year-old woman, it is from youth into reality, but at the age of fairy tales in her heart!

If there is a choice, who wouldn't want to be a princess?

Lie on the unbounded edge of the swimming pool, looking at the slow living beings under his feet, the waves and the waves.

This blossoming city has never shown her a good side, and suddenly it opens up.

Complex and chaotic, blurred and rapidly changing, it is elusive.

is like a dream, a step to heaven, a step to hell, the junction of cold and hot, the collision of reality and fairy tales.

is like being in magic.

It turns out that this is what Hudu really looks like.

A drop of tear ran across his cheek, and Wang Hong raised his hand to make an impression, only to realize that he was already in tears.

wiped the tears from the corners of his eyes, Wang Hong showed a familiar smile and swam back to the other side.

Wow!

The beauty was out of the bath, and the naughty wind whirled around, causing him to shiver and hug himself.

A soft and wide bath towel was draped over his body, "Be careful of the cold and go to the house!"

"Yeah." Wang Hong squeezed the towel tightly with his hands, and ran into the room with bare feet.

Looking at the clothes discarded on the chair, Qin Yu picked it up with a wry smile.

Standing in the living room, Wang Hong looked at him mixedly, "Qin Shao, is there anything else I can do?"

"Yes, turn around..."

.....

After working hard all afternoon, Wang Hong dragged his tired body back to the sales department.

She only felt that her back was sore, and she was almost tossed and fell apart!

Thinking of what Qin Yu asked her to do, Wang Hong was ashamed and annoyed!

"Oh, sister Wang is back, you are very tired!"

As soon as he opened his mouth, the rich green tea flavor came to his face. He must be a senior tea craftsman.

"It's a bit tired, but it's worth it... Xiaohe, remember to help me put the performance in the library!"

Wang Hong said to his colleague with an arrogant look.

"Okay, Sister Wang, you are really this..." The young man gave a thumbs up, full of admiration.

The headquarters said before that whether this list can be considered a performance depends on the satisfaction of the owner!

Unexpectedly, one afternoon, UU reading www.uukanshu.com Wang Jie will get Kuo Shao done.

However, I think of sister Wang's straight long legs wrapped in black silk, her beeping waist and plump buttocks.

That figure, that temperament...

Don't say that she is like the former Kuo Shao, even a woman has to be bent.

Everyone has jealousy, envy, flattery, and flattery.

Only Wang Hong had mixed feelings in his heart, who would have thought that she would stay there all afternoon.

In addition to experiencing an infinity pool, she was actually working as a maid for Kuo Shao!

"Yes, turn around, do you see the ashes on the table?"

"The house is a bit dirty, so I have to clean it up!"

.....

The next day.

Qin Yu woke up under the noisy bell.

picked up the phone and saw that it was only 7 o'clock, frowned and got up.

Press the button, and the curtain will automatically open.

Qin Yu looked at the other side of the river, and the bell came from there.

called the property, Qin Yu learned that this is a tradition, every morning there will be a bell ringing!

Qin Yu originally planned to let the lazy cat live here, but now it doesn't seem to work.

That girl usually works hard enough and kills her life.

After a long break, I was woken up by a 'duangduangduang' before I woke up.

Can this work?

It seems that if you want to build a love nest with lazy cats, you have to change the place!

In that case, Qin Yu decided to let the little anchor come to live.

Living in a luxury Linjiang mansion, at least there must be a heroine who can afford the scene to be more presentable.

Living alone in such a big house, there is no home atmosphere.

As for the lazy cat, wait until she is ready and arrange it.

There will be no real people, there is only one home, right?

'Ding.'

'A good environment allows the host to get quality sleep and feel happy!'

Qin Yu, who was washing, saw the prompt and was happy, 'It's interesting! '

Ordered a takeaway with his mobile phone, Qin Yu planned to go to the gym to have a look, when the doorbell rang suddenly.

? ? ?

Both electronic identification cards are in his hand, and no one should be able to directly come up.

Is it a takeaway?

But it takes less than 5 minutes to place an order, can the takeaway guy fly?

Passing through the reception hall, Qin Yu opened the electronic door.

A man and a woman were holding things in their hands, standing at the door in uniforms.

"Are you?" Qin Yu saw the other party's badge when he spoke, the property owner?

"Qin Shao, I am the cattle manager of our property. I have come to visit you especially and apologize to you!"

Niu Bin came up and filled with sincerity and attitude, which is hard to pick.

"Come in and talk!" Qin Yu opened the door open and asked the two of them to speak in the reception hall.

"Old people are used to hearing the bells that are not opposite, but they are noisy for young people."

"I wanted to find a chance to talk to you before, but I don't know when you will move in!"

Manager Niu said and put things down with his colleagues.

"Shao Qin, this is Madoka." Manager Niu pointed to the girl next to him and introduced.

"The most sensible girl in our property management office, just ask her to do anything in the future."

has a sweet smile, a round face, a small circle with two small tiger teeth, and a business card in both hands.

"Shao Qin, I am very happy to serve you!" Xiaoyuan said excitedly.

Manager Niu said, as long as she serves this extraordinary young master, she can get her regular.

"Hmm." Qin Yu nodded silently.

Although the words sounded a little strange, the attitude was very sincere, and he felt it too.

As for the apocalypse, it's just an excuse to come here.

Don't really take it seriously!

After all, the clock is not under the control of the property.

"These are special products, small ornaments, thinking you just moved here, can add some color!"

Manager Niu pointed at the present on the floor and smiled.

"Thank you, Manager Niu, then, I happen to be looking for you for something."

Ask the two to sit down on the sofa, and Qin Yu raised the issue of parking spaces and management fees.

"Qin Shao, your mansion comes with 6 parking spaces, I think so."

Manager Niu moved forward, "Arrange two for you to be placed at the entrance of the clubhouse, which is convenient for communication!"

"The other four are arranged underground for private use, what do you think?"

The other party's proposal was very reasonable, and Qin Yu readily accepted, "What about the management fee?"

"There is a five-year discount for the management fee, which is a matter before us and the developer."

Yes, the system has already arranged for him to understand.

Ding, dingding.

connected a few reminders to sound, picked up the phone and looked at it, the little anchor woke up.

was about to reply to her message, Manager Niu got up and said: "Then we won't bother you, you are busy!"

"Okay, thank you for your present." Qin Yu got up and wanted to send it.

"You are polite, Shao Qin, what can you tell me at any time." Manager Niu handed over his business card at this time.

Qin Yu took it over with a smile, saying, "This manager is also a good person!" '

The other party talked for a long time, and it happened again.

This business card is definitely not easy to refuse.

So, this kind of people who are sociable in society have something to do.

put the business card in the storage box on the shoe cabinet at the door, and Qin Yu returned a message to the little anchor.

'I'm here, the guard won't let in! {Crying face}' little anchor.

directly dial the number, "Give the phone to the security guard."

"Master, please answer the phone."

"Hello!"

"Hello, I am the owner of the 36th floor, Qin Yu, this is my friend, please register."

"Mr. Qin is polite, I have to video with you so that I can see you with my own eyes!"

"Great."

Using the little anchor's mobile phone and the other party's video, Qin Yu waited for the elevator to come up, press the first floor, and swipe his card again.

Then let the elevator go down to the first floor empty, and pick up the small anchor.

Smart elevator, really smart!

"Wow, boss, do you live here?" As soon as he walked in, the little anchor screamed in surprise.

looked around with curiosity, and looked to the west, as if he had never seen the world.

"Don't be so real, you are also an anchor anyway!" Qin Yu vomited.

"Hee hee, why do you pretend to be in front of you, it's really big here!"

The little anchor took his arm and shook his coquettishly.

"Are you going to the tea art training class?" Brother Yu raised his brows, the tea was full of flavor.

"...Don't all men like this?" Xiao Zhibo was a little discouraged, lowered his head and muttered, "I was wrong."

Seeing that she raised her head from time to time, her eyes were cunning, and she knew that she was not sincere.

"Don't pretend, go everywhere and see if you like it or not, you will live here in the future!"

Qin Yu waved his hand and patted it, full of elasticity.

"The boss is so bad, I like it so much!" The little anchor twisted pp and ran to the second floor.

'Ding. '

'A pleasant mood will always bring surprises, flicks, and random rewards are triggered. '

'Congratulations to the host for getting: Bomb Bomb, a big draw for the pachinko machine. '

'May I draw a lottery? '

'Yes. '

A translucent pinball machine appeared in front of Qin Yu's eyes, and the music of Linglingling was real.

A transparent diamond-like marble fell into the card slot.

'The host has won a car pachinko machine this time, please start the draw! '

I saw the machine lit up, and various luxury car brands appeared in the winning card slot inside.

Porsche, Lamborghini, Ferrari, Koenigsegg, Pagani, Aston Martin...

and the top three???

The three question marks in the middle are golden yellow, with silver on the left and brass on the right.

"Heh, it's still graded!" Yu Ge was confident and read the lottery silently.

I saw the lever move back and forth~www.mtlnovel.com~ The obstacles in the pachinko machine began to cramp wildly.

‘Let it go.’

The strength was almost maximized, and the marbles were shot out.

匡唧唧 ~

Watching the transparent marble beating repeatedly in the translucent machine, it hasn't fallen for a long time.

Qin Yu's heart unconsciously lifted up.

clang yell!

The marbles fall into the card slot, and the pachinko machine gradually fades.

‘Congratulations to the host for winning a Porsche 911R.’

‘Comprehensive coverage of vehicle information, cognitive self-correction...A suitable place is detected.’

‘The rewards are now being issued. The Porsche 911R has been parked in the underground parking lot of No.1 Seaview, the host.’

‘Car keys, please pick them up in the second drawer of the door cabinet.’

Wait until the prompt ends and the screen disappears.

Qin Yu came to the reception hall again and opened the second drawer on the shoe cabinet.

The two car keys lay quietly in the cabinet.

Failed to draw the top???, Qin Yu was a little bit disappointed.

But this sentiment was quickly banned by the 911R in the basement.

White car paint, with red raceway stripes.

looks like a beast that is always ready to eject and leap.

The simple interior does not see any levers, dials or complicated electronic operations.

In this era when all major car companies are developing towards electronics, automation, and intelligence.

Porsche chose to return to the wild, allowing the driver to return to the cab to experience the most primitive speed and passion.

Hoom!

The pure primitive mechanical sound echoes and spreads in the enclosed space.

DiDi...

The frequent sound of car sirens caused the security guards who were patrolling to rush over.

Chapter 57: Shanghai Super Sports Car Team

The security guard who came to learn the truth, could not help but look at each other, crying and laughing.

"Mr. Qin, can you please step on it lightly before leaving the warehouse? Otherwise, there will be another complaint from the business owner."

Not every wealthy person is kind, it is true that there are several residents in this community.

"Okay, it won't make it difficult for you!" Qin Yu responded.

The other party is so polite, making the security guard feel differently: 'Quality has nothing to do with money!'

After the security guard left, the little anchor excitedly said: "This car is really handsome, can I use it for live broadcast?"

"Go, go for a round!" Qin Yu also wanted to test drive.

This kind of pure mechanical beast is a bit wronged when running on the road.

Turned on the phone and took a look at the takeaway. The seller has not issued an order yet.

Found that the time has not expired, Qin Yu directly clicked to cancel, and by the way gave a five-star praise.

Life is not easy.

The other party did nothing wrong, and Qin Yu would not say that he was rich.

I feel that I am superior, and I can easily embarrass others.

More than 40 yuan is not a problem for Brother Yu.

No, the daily salary that arrives in the early morning is 129,600 yuan.

Not bad!

carried the small anchor to broadcast the community, and it happened to be the morning peak.

started to block when going out, and directly blocked Yu Ge.

He has forgotten that this will not pass the morning rush hour, and the driving experience is extremely poor!

After finally getting on the circular elevated, Qin Yu drove straight towards Shang sai.

If you want to play the performance of this 911R, you have to get on the track.

is the best choice as a top match that can undertake F1 events.

"I started broadcasting!" When the game was about to start, the little anchor turned on the camera.

"Hello, friends.'

'Today we started broadcasting ahead of schedule, and the friends here are blessed today. "

The hustle and bustle in the live broadcast room are all asking the little anchor how to start the broadcast so early in advance.

It's less than 10 o'clock, it's too early!

'The little anchor is in the car? What kind of car does this look so crude? '

'Ask if you don't understand, ask what car? '

'Looks like a racing car, won't the little anchor go off the track, right? '

'What's next?'

'Sewer, 2333...'

The water friends made a fuss, and more and more people saw the prompt to go online.

The little anchor is now in the game area, and that's the one with the cards.

'Welcome Largo 996 to the live broadcast room. '

I also saw the reminder that Largo is online.

Little Coco's thing is disgusting to him, and he plans to retire from the Internet.

If no one took over, Qin Yu suggested that a union be established, and the transaction would be for nothing.

dismissed his thoughts, this number has been changed.

The reason why pays attention to small anchors is that Qin Yu made it clear that he wants to support small anchors.

The second is to see if her anchor style can carry the banner of the union.

Three times, before Largo gets better, he has to find a clean place to stay.

'Who did the little anchor go out with? 'La Lago 996.

He doesn't care about the small anchor, but the union plan for hurting brother.

He talked to many older brothers, and everyone expressed interest.

However, most people said that the eldest brother's number still belongs to them, nominally...

has become a trade union marketing account, and it's forced to burst in an instant. What's so fun?

We are about to integrate the opinions and start to make trouble.

The little anchor went out with people. If it weren't for the night to hurt the big brother, it would be a big deal.

"Welcome to Largo, today's event is sponsored by mysterious guests, we are going to the game now."

"The car I'm in, some friends have already guessed it!"

Cheng Xiyu looked at the 911R floating on the screen, deliberately selling Guanzi.

'Fuck, it's really a 911R, is it? '

The water friends who guessed blindly before were shocked, the key is really, it can definitely make a sensation in the entire Xia country car circle.

This is the first one in China, Wang Zhan!

At the same time everyone guessed, the name of the live broadcast room was also changed.

[Domestic starter, Porsche 911R, first experience in the competition!]

Almost at the same time, Cheng Xiyu's live broadcast was featured on the homepage.

There was a frying pan in the live broadcast room, and a neat 666 drifted past.

There are a few sentences in the middle, 'the big guy is awesome, it depends on the real big guy'.

'Isn't he and the hurting brother? 'La Lago 996.

Others care about the car, Largo cares more about who is driving next to her?

"What's wrong?" Qin Yu asked casually when the little anchor was always looking at himself.

'This voice...the golden boss. '

'What golden boss, that's Shenhao's father. '

'Isn't the golden guy just the hurt eldest brother? '

'Flap, happiness is gone! '

La Lago 996 presented to Drizzle Silent Super Rocket X10, come and watch~

Knowing that she was with Ye Wounded, Largo directly sent 10 super fires.

"Thank you Lara Ge, the hurting brother said that there is something to send to WeChat!"

The small anchor is equivalent to picking out the relationship with Qin Yu.

'Great. 'La Lago 996.

Hearing the reply from the little anchor, Largo was completely relieved.

The public screen has been maxed out, 'go away, happiness is gone. '

'The little anchor is going to be hidden by the snow, take a screenshot. '

'It's over, another anchor who doesn't know when it will disappear. '

'Little anchor, don't stop broadcasting! '

There are also old fans who are concerned about whether the little anchor will stop broadcasting suddenly one day.

"I will continue to do the live broadcast. If I don't broadcast it any day, it is my own choice~www.mtlnovel.com~ I found that some people started to take the rhythm. Cheng Xiyu talked about the house management privately.

"The room management pays attention to the field, we will continue today's live broadcast."

The car drove into the side road and moved forward to the entrance of the upper race.

Qin Yu could see from afar, more than a dozen supercars stopped at the entrance, waiting to line up to enter the stadium.

The 911R driven by Qin Yu stopped behind the team, followed by an Audi R8.

Then the door of the R8 cab opened, and the young man with dyed yellow hair ran over with excitement.

"Fuck, fuck, fuck, it's a 911R, I thought I was wrong!"

Xu Hao knocked on the car window, "It's 3.7 seconds per hundred kilometers, brother, it's too awesome to get this car!"

"Thank you, R8 is not bad too!" Qin Yu pulled the car door, got out of the car and chatted with the other party.

When the two were talking, the owner of the luxury car in front also followed.

This would stand next to the car, while admiring this mechanical beast, whispering to each other.

"Who is this? Haven't seen it before?"

"Newcomer, face is so great, 911R can get it."

"Will it be the dragon from above?"

"Shangdu...It's really possible!"

"Brother Xiao, what do you think?" Everyone looked at the young people surrounded by them.

Any circle has a backbone and leader.

Li Xiao, known as Brother Xiao, is the leader of their small circle.

"Let me say hello!" Li Xiao was also curious about Qin Yu.

The circle of Hudu is so big, small but small.

If you can get a 911R, you must also be a car lover!

As for whether it is local to Hudu, just go up and ask.

Chapter 58: It turned out to be the eldest brother!

Settings

Seeing Li Xiao, Xu Hao took the initiative to introduce: "Brother Xiao, introduce a friend to you, Qin Yu."

"This is the eldest brother of our team, Li Xiao, everyone calls him little brother."

Bro?

I don't know if I can sing "Hey hey..."

Li Xiao took the initiative to extend his hand to greet: "I haven't seen it before, where did Qin Shao come from?"

Surnamed Qin, Hudu Qin family is not well-known, let alone get 911R.

This car is forbidden to be sold in the interior!

What can be afforded can't be done, and what can be done can't be afforded.

Even if he can afford it, he dare not buy it!

I bought it to cause trouble for my family.

Because of this, everyone is interested in this 911R.

also became very curious about the identity of the owner, Qin Yu.

"Brother, I'm here for nothing." Qin Yu responded with a smile.

Abandoned capital, is there such a master with hands and eyes in the northwest?

Li Xiao was curious, but kept talking.

"It turned out to be a friend from the Northwest, the car is really good!"

Li Xiao looked down at the car, the corner of his eye just swept over the mp-05 on his wrist.

"You just said it was from the abandoned capital?" Li Xiao said in a weird tone: "Do you know Li Wanxing?"

"Sister Wanxing, you know, who are you?"

This time Brother Yu didn't talk about it anymore, the lesson of the beautiful witch is vivid.

When came to pick him up at the airport, Wen Yaxuan was the only one missing. The meaning in it was fine!

"You are the guy who bought the MP-05."

Li Xiao laughed and said, "I am Brother Wanxing, Li Xiao."

Brother Yu was shocked!

Turns out to be the older brother...

呸呸, it turned out to be my eldest brother, fate!

Knowing that it was a child of his own girl, Li Xiao stopped carrying it either.

enthusiastically put his arms around his shoulders and shouted: "Come here all and introduce you a little brother."

"These are Wanxing's friends, Qin Yu, Qin Shao, and they will be their own brothers from now on."

"Wan Xing's friends are his own, Liu Xing, Qin Shaohao."

With a round face and a round belly, Liu Xing said with a smile like a Maitreya Buddha.

As soon as he saw him, Qin Yu thought of Baozi, and became a little closer naturally in his heart.

"Shaohao Liu."

"Yang Chengjun, wait a lap!" The speaking young man kept a short flat head.

The waist is straight, a military man.

"No problem, I was worried that someone would be bored before I came." Qin Yu shook hands with the other party in response.

"Han Hu, how many did Qin Shao spend on this car?" Han Hu, who was squinted, stepped forward and asked.

This person feels bad for Qin Yu, like a poisonous snake waiting for an opportunity to move.

"Old Han, is that about money?" The trendy guy with fancy clothes and a chain on his pants spit out.

"Give you 10 million, but you also get one for your brother."

Han Hu turned around to retort: "Ge Qingtou, don't talk coldly here, first take out 10 million!"

"What if you guys take it out today?" The trendy man called Ge Qingtou asked unconvincedly.

"If you can take it out, don't you keep your eyes on my GT3 and sell you."

Everyone plays big in a circle, knowing the roots and knowing the bottom.

If Ge Qingtou can really come up with 10 million, Han Hu will never pick it up.

"I."

Ge Qingtou still wants to stubbornly say a few more words, but he thinks that there are outsiders around, and he is unwilling to curl his lips: "When I did not say.

"Qin Shao, I am Ge Qing, just call me Qingtou, wait for the car to let me run a lap!"

Ge Qing has been greedy for 911R for a day or two, this guy is a racing fan.

Almost all of the pocket money in these years has been spent on car-related matters.

"Small things, shall we go in first?" Qin Yu reminded when he saw someone watching in the distance.

A group of second-generation luxury sports cars are blocked at the gate of Shangshai.

If this is photographed and posted on the Internet, it will definitely be a hot search.

"Yes, all get in the car, let's go in!" Li Xiao also found someone watching.

With a big wave, everyone moved.

Qin Yu returned to the car and found that the little anchor had closed the live broadcast, and gave her an approving look.

It's better to keep less publicity about this kind of thing. Pinkeye is not a cure.

"Boss, who are those people? The second generation of Hudufu?" Cheng Xiyu asked curiously.

"Almost."

Although they have just met for a while, Qin Yu is sure that these people are not just as simple as the rich second generation.

Take Yang Chengjun as an example, the family may have something to do with the Ministry of War.

However, Qin Yu didn't inquire about the other party's privacy.

He came to the competition, just playing cars.

Entering the stadium, the staff is ready to guide the car to the designated location.

Xu Hao's R8 slowed down and lowered the window and said, "Qin Shao, if you book the venue today, you just need to follow in."

"Good." Qin Yu expressed his understanding.

More than a dozen sports cars lined up at the crossing of the track, waiting for admission.

After all, everyone is here to play, not many professionals.

is prone to accidents, so basically they are all lined up one by one.

The front runner is finished, the back runner will keep up.

Of course, whoever wants to have confidence in his own technology.

can also play two laps like Yang Chengjun and Li Xiao!

Li Xiao drove a Lamborghini Bull. It can be seen that he is quite familiar with the car and the track.

The ease and smoothness when cornering is pleasing to the eye.

Yang Chengjun drives a Porsche, which is the GT2RS Qin Yu asked before.

Compared with the ease of the younger brother, the GT2RS under the control of Yang Chengjun is full of violence.

The rough operation every time when cornering, UU reading www.uukanshu.com makes the brake pads make a harsh noise.

The tires leave scratches on the road, which is distressing.

If someone who doesn't know the car comes, I see you vying for me and chasing the two.

I'm afraid that I will think of an idiom: pecking at each other.

Where are you playing cars!

is simply a prodigal...

"Shao Qin, do you think Old Yang Special dishes?" Xu Hao leaned over and asked with a grin.

"Looks like deliberate...personal style?"

Hearing what Qin Yu said, Xu Hao gave a thumbs up and said: "With eyesight, Lao Yang likes this kind of violence."

"It's just that way, it's a bit expensive!" Qin Yu joked and joked.

This kind of development, it can't stand up to any car.

No, after three laps, Li Xiao's big bull came out directly.

Yang Chengjun's GT2RS turned into a fork and went for inspection.

"Lao Yang's tires are going to be scrapped. This is the first one."

Seeing the car being erected from a distance, Xu Hao was speechless, saying, 'I can buy a car if I open a waste tire.'

Then it was Han Hu's turn to play. He drove a 911 with modified tires and components.

The car paint is a gradual color. According to Xu Hao, the light car paint cost 85,000.

When Xu Hao played, Li Xiao, who accompanied Yang Chengjun, also returned.

"The two front tires of Chengjun are useless. I have called a truck and will come and take it away later."

Yang Chengjun didn't have to play anymore, standing glumly outside the track in a daze.

'I knew it would be like this, he changed those two old fetuses before he came. '

Actually, he was just upset. If he had money to change it, he would have changed it a long time ago.

Six tires were scrapped in two months. Who can stand it?

Chapter 59: Good food and fun

"Shao Qin, it's time for you, it's fun!"

Xu Hao rubbed his hands wretchedly, staring at 991R as if he was looking at a big girl.

His R8 went up just now, and a few drifts were thrilling and exciting.

is too technical, and the amplitude is so large that the car body shakes.

"Don't be so wretched, okay?" Qin Yu said in a huff: "Come down and let you drive twice!"

are young people who love to play and have fun.

speaks sternly, old-fashioned, but it makes people feel distorted.

"Then the feeling is good!" Xu Haole said.

He is just waiting for Qin Yu's words!

One of them counts as one. Who dares to say that he doesn't want to go up and drive twice?

"Say it first, don't play tricks, your technique can't control it."

Qin Yu said that this 911R is a pure mechanical beast.

But because of this, it has extremely high technical requirements for handling and the driver.

Like Xu Hao's just now, there is only one end of drifting with the 911R.

handsome rollover...

"Should I drive a circle?" Yang Chengjun leaned over and asked stiffly.

This is his virtue, he speaks sonorously, and people who don't know think he's here to fight for trouble.

"You iron-headed baby, half a circle can't do it." Xu Hao was anxious.

If this is to let him go up and drive around, other people are still playing a fart?

Everyone squatted in a circle, crying at the smoking tire...

Do you think the iron head baby's circle is really a circle?

is on the track, but can he get off the hook?

The tires are not wasteful and the people are not retired. If it weren't for this, could he be called Tietouwa?

"Qin Shao, don't be soft-hearted. Going up into the army can really give you this new car."

Discovering that Qin Yu was a little moved, Xu Hao quickly persuaded him: "Six tires were scrapped in two months."

"Whenever you go on the track, you must tire to sacrifice to the sky. You can weigh it yourself!"

In order to increase persuasiveness, Xu Hao also pulled Li Xiao over.

"Heh, the mouse's tone is a bit exaggerated..."

Just when Qin Yu wanted to answer, Li Xiao continued: "But it's true, it's the truth!"

Uncle, your tone is heavy.

"It's okay, I believe Brother Jun will not embarrass me." Qin Yu smiled and looked at Yang Chengjun.

"Don't worry." Yang Chengjun nodded.

Xu Hao rolled his eyes and said, "Don't worry, the tires will blow up for you."

"Go away, do you want to practice?" Yang Chengjun was annoyed.

"Don't, leave your casserole-sized fist to others!"

"Say okay first, I'll drive first when Shao Qin comes down." Xu Hao stance out with both arms, revealing a desperate posture.

"I would rather go up and compare with you."

Yang Chengjun didn't bother to take care of this treasure, but looked at Qin Yu's gaze somewhat regretfully.

Li Xiao thought for a while, and suddenly patted him on the shoulder: "Soldier, drive my big cow."

"Fuck, brother, don't you want the car?" Xu Hao asked with wide eyes.

Others were also surprised, why is my brother so generous today?

Does he want to change cars?

"Go away, when have I been stingy, let's talk about the booking fee A." Li Xiao pointed and cursed with a smile.

"Brother is grand, talking about money hurts feelings." Xu Hao smiled and looked away.

It seems that what he said just now was not what he said.

"Brother Jun, come for a round?" Qin Yu also looked at Yang Chengjun, eyes full of provocation.

It's too boring to go on the track alone. His Qiu Mingshan [old driver] can't show his strength at all.

"Row."

Yang Chengjun agreed, looked at Li Xiao and said, "Brother, I will pay you for the tire!"

"What's the matter? I have to pay, and I will lend you the car."

Li Xiao raised his hand and said, "Don't talk nonsense, get in the car and show everyone something exciting."

"Would you like to point the head?" Ge Qingtou walked over, the chain on his leg banged.

"I have no opinion." Qin Yu responded with a smile.

"Brother, you decide, the car is yours." Yang Chengjun handed over the choice to Li Xiao.

"Then have a little fun, who loses and pays for consumption tonight."

Li Xiao smiled and said: "It just happened to save me!"

"Yes." Yang Chengjun nodded briefly.

Qin Yu also agreed and took the small anchor into the car.

"We, Shao Qin, is still a romantic figure, and we have to bring girls when we play in the car!"

Ge Qing shook his head and said.

"People are the players. They both experience speed and enjoy passion."

"You think you are the same as you, if you are in such a suit, the girl will not look at you directly!"

Xu Hao spit out disgust, his aesthetic of Ge Qingtou is really powerless to appreciate.

"You know what a fart, I'm a trendy boy, don't you know what street fashion brand, you are a turtle!" Ge Qing retorted.

"Let's pull it down! You are still a trendy guy... vomiting." Xu Hao tilted his head and retched.

"Don't make trouble."

Li Xiao frowned, and said solemnly: "It's not a good thing to have one more person's weight!"

"The 911R is light, does he want to increase the load to stabilize the balance?" Xu Hao guessed.

"Oh, you really treat it as a regular game!" Ge Qingtou seized the opportunity and replied.

"It's about to start." Han Hu reminded him, who hadn't spoken.

Everyone stopped arguing and looked at the track with all their attention.

They know something about Yang Chengjun's technique.

In addition to the younger brother, he is the strongest in the circle.

But how powerful the family is, they don't have a bottom line. Who will let them be a group of rookies playing coffee!

In order to practice large-angle drift ~www.mtlnovel.com~Xu Hao doesn't know how many times he has flipped it!

Commonly known as: It's so delicious and fun.

In the Porsche 911R, the little anchor pulled the seat belt nervously.

After confirming the fastening, I held on tightly.

I didn't feel it before entering the track, but the atmosphere immediately changed when I got on the track.

made her feel very nervous, and her palms were sweaty.

glanced at Daniel in the next room, staring at Yang Chengjun in front of him.

Qin Yu grabbed the little anchor's hand and smiled: "Don't be nervous, I promise you will fall in love with it once."

"Well, I'm not afraid." The little anchor nodded, holding his hand a little white.

"Prepare!"

Released the little anchor's hand, Qin Yu put his hand on the gear lever, and his eyes became sharp and focused.

'So handsome! The little anchor who saw this scene was distracted by the beauty and became less nervous.

Immediately afterwards, she felt a strong inertia rushing forward, her whole body clinging to the seat.

The car made a terrible roar, as if it was about to fall apart in the next second.

'Boom! '

As the inertia reached its extreme, the little anchor was almost out of breath, and the car flew out instantly.

Actually, the whole incident lasted less than 2 seconds.

The reason why the small anchor will feel long.

is just a brief 'deception on the brain caused by the tremendous pressure caused by tension and the chemical reaction of the body.'

When the car rushed out, a harsh scream floated out of the car.

Yang Chengjun, who was observing Qin Yu, was so scared that his arm twitched and his direction instantly deviated.

Fortunately, he reacted immediately and adjusted the direction in time.

Otherwise, this voice must be given away to him!

Chapter 60: Coach, I want to learn drag racing

Holding the steering wheel with both hands, Yang Chengjun, who returned to the track, chased forward with a kick on the floor oil.

Daniel let out a painful moan, flying forward like an arrow from the string.

Li Xiao outside the runway looked at the blue smoke floating from the skid, and his expression became stiff.

The corners of his mouth were slightly upwards, like a stuck second hand twitching back and forth.

At this time, Qin Yu has already rushed to the first corner, in the eyes of everyone's expectation.

With a beautiful tail swing, the car leaped over the curve smoothly, and 'take off again.'

"This..." Li Xiaoren was stupid.

This kind of rapid cornering is like a textbook-like timing and control.

'This guy is a professional F1 player, right? Li Xiao roared inwardly.

Only with his eyes can he see how professional the 911R is just now!

There is almost no extra space and waste, the simplest but direct and rapid insertion into the curve.

The handy and relaxed performance is like controlling one's own body.

"Fuck!" Xu Hao jumped abruptly, and Yang Chengjun had clearly caught up with the fastest speed.

Why is there already a corner distance, and the car surnamed Qin is equipped with nitrogen?

At this time, inside the Porsche 911R.

The huge loud roar and the primitive roar from the collision of the machine.

is like an angry giant roaring up to the sky.

The body is so stable that there is no shaking, as if it is in a weird and delicate state.

The little anchor opened his eyes wide and looked at the road quickly passing by.

The body swings with inertia, but it also seems to be in a static space.

Those rough roars disappeared in my ears as the speed soared.

The body slammed to the right, and a sense of stagnation suddenly came.

Then the pointer bounced to the red area, and the speed instantly reached 5000+

The feeling of pushing the back and the explosion of the piston, like a war drum beating in my heart.

The little anchor grew up with her mouth wide, and she covered her trembling atrium with her hands, making no sound.

The wind beam of '咻咻' seemed to penetrate the surface of the car body until the recoil driven by the huge inertia hit.

The balance ball responsible for coordinating the center of gravity suddenly ejected and tightened. Snapped...

The white buttons on the neckline collapsed, and the top of the creamy white balance ball swelled with a layer of ripples.

is really charming!

"Huh, huh..." The little anchor was like a drowning victim, breathing fresh air.

looked at the exquisite scenery outside the window, and suddenly said: "Is it the end?"

"Hmm." Qin Yu grasped the palm of the steering wheel and rubbed it back and forth gently.

This 911R is perfect with his [old driver] powerful technology.

is a bit difficult for the co-driver, it is not easy to wear a buttoned shirt.

'Ding.'

'A pleasant mood always brings surprises. Congratulations to the host for winning a race and trigger random rewards!'

'Reward 1: Consumption discount card 1*.'

'Consumption Discount Card 1*: Enjoy 20% off any consumption.'

Hu...

Until this moment, Daniel screamed past his car.

The roar of the engine seems to be finding the driver's dissatisfaction and unwillingness...

"Fuck, fuck..." Xu Hao ran all the way.

came to the front of the car and raised his arms, suddenly clapped his hands together and shouted:
"Coach, I want to learn to drag racing!"

"Brother Yu, I will TM directly...Serve!" Liu Xing shouted after him.

Look at his red face and his eyes glowing.

Little fat guy can't orgasm, right?

This guy is like Xu Hao, he is good at cooking and fun.

Witnessing Qin Yu's superb driving skills with his own eyes, he was shocked in his heart.

Although I didn't understand too much, the contrast is there.

and the army's big cow pulled out two and a half bends, what's the concept?

So, if he runs another lap, he can directly overtake Yang Chengjun.

"Xiao Qin, your technique is better than a car!" Li Xiao was not calm, and gave a thumbs up with admiration on his face.

"Brother, you must let Brother Yu join our club, this is Wang Jian!"

"Next time, those **** will make trouble again, let them see what is called a car god."

Xu Hao danced with excitement, talking endlessly.

Li Xiao smiled and did not respond, and asked Yang Chengjun who was walking: "Soldier, how do you feel?"

"The gap is too big, not one level." Yang Chengjun admits frankly.

It is a man who wins and can afford to lose.

What Yang Chengjun looks down on most is the kind of red-eyed dog that can only win, not lose.

At this time, the little anchor sitting in the co-pilot also got out of the car, his cheeks flushed, making the men smile meaningfully.

"Forgot to introduce, my girlfriend, Cheng Xiyu." Qin Yu said with a smile on the waist of the little anchor's devil.

"Brother Yu, you are really this!" Xu Hao already admired the five-body cast.

Even if you drive well, the key co-pilot is still a fairy.

Just this figure, looks good!

Good fellow, direct good fellow...

"Sister-in-law, my name is Xu Hao, and my friends like to call me a mouse. Brother Yu's driving skills are too good."

This guy said, winking at Qin Yu, as if to suggest: Brother Yu, how good is the assist?

"Hello." The little anchor Yingying smiled and greeted everyone.

"Soldier, it's up to you to make arrangements tonight." Li Xiao patted Yang Chengjun on the shoulder and smiled.

Yang Chengjun nodded and said, "Brother Yu will catch the wind tonight."

Although he didn't say it directly, Qin Yu's driving skills just now had already conquered him.

is Xu Hao, this will definitely shout: Yu brother Niubi!

"Shao Qin, have you participated in the competition?" Han Hu asked curiously.

"No, in fact, this is the first time I have been on the track. Maybe I like cars by nature!"

Hearing what he said, everyone looked at each other.

Listen, is this what a person can say?

Car God, please don't be humble and be a man!

"Come around!" Throwing the car key to Xu Hao, Qin Yu walked out of the field to be a spectator~www.mtnovel.com~Who knows that Xu Hao ran over after him.

"How?" Qin Yu asked curiously.

"Brother said I can't control your car, I'm afraid that something will happen!" Xu Hao scratched his head in distress.

If others want to say that, he has to go back.

can be changed to be a little brother, he only has to listen obediently.

It's not that the other party has many cows at home, but how good he is.

But what the younger brother has done over the years is admirable.

That is respect from the heart.

Since he said it, it must be true.

"I gave the key to the soldier, Brother Yu, don't feel bad!" Xu Hao said with a gleeful smile.

"Cars are made for, distressed? Doesn't exist."

It would not cost him a day's wages to change four tires.

Brother Yu needs to feel bad?

You are afraid that you have any misunderstanding about making one million a month.

Besides, everyone is exaggerated and ridiculed, even with the rough and wild driving skills of the iron head baby.

After a few laps, all four new tires will not be dried up.

911R has been activated on the track.

After the initial sprint, the sudden deceleration into the corner was shocking.

"This... Mouse, are you sure that it is a soldier driving?" Liu Xing asked with a face full of ghosts.

Xu Hao's expression is not much better than him. This is not the style of a soldier, right?

Li Xiao is very calm, don't look at soldiers who are usually tough and straight-tempered.

What should be done and what should not be done, there are still some people in the world.

After running a steady lap, watching Yang Chengjun getting out of the car, everyone looked like they had eaten flies.

When I used my own car before, why didn't I see Tietouwa be so careful?
