Chapter 681

Naturally, Zoey wanted to know what happened.

Levi told her everything, excluding the part where the Jones family plotted to turn him into a scapegoat.

“That’s right! How dare they! Where were they before?” Zoey was furious.

She hugged Levi tightly and said, “Darling, no matter what you choose, I’ll always be by your side.”

“You’re all I need. I’ve never treated them as family before!” Levi stated.

Julian waved his hand. “Follow him and see where he lives. We’ll kidnap him at night!”

Levi knew he was being shadowed when he and Zoey had dinner. However, he didn’t care.

After sending Zoey back to the Black family, Levi returned to the Warzone compound as usual.

Julian, together with several men, surrounded the Warzone compound soon after.

“He’s telling me that he doesn’t care about becoming a young master of the Jones family when he’s living in such a shabby place? What a farce,” Julian exclaimed in a satirical manner.

The Warzone compound was in a dilapidated state. Its walls were peeling off and the main door was demolished by the Gates family two days ago.

It appeared horrendous.

“Move out. Leave as soon as you capture him,” Julian instructed.

I’m still her son, whether I admit it or not.

I can never erase this identity of mine.

He felt moved when he heard the endearment.

So her name is Emma Jones.

Despite feeling repulsed, her name was etched into Levi’s memory instinctively.

“Levi, it’s all our fault that you’ve been orphaned for years. Supposedly, grandpa should come and bring you home personally, but he’s unwell now. That’s why uncle is here to take you home. Don’t worry, Levi. I’ve prepared a grand reception to welcome you back. Twenty Rolls-Royce and ten limousines are waiting outside to pick you up.”

“Other than that, I’ll make you the boss of a large conglomerate and transfer ten billion to your bank card. You’ll be staying in a luxurious villa in South Hampton. In order to make amends to you, we’ll make you the head and heir of the Jones family as well, and you’ll have the final say in all our family affairs,” Daniel babbled on.

He was trying to sweet-talk Levi into returning to the Jones family by offering him the best of everything that the Jones family had, even the entire Jones family.

I would have been so touched if I hadn’t known what happened to the Jones family recently.

Daniel seems to yearn for my return wholeheartedly by making these offers.

Levi knew that this was not the end, as the Jones family was desperate to make him take the fall.

Hence, they definitely had some alternative plans.

But Levi couldn't care less about it.

So what if the Jones family is royalty?

Why should I care?

Even the Warlord Elijah, whom the Jones family fear, almost died at my hands.

If I wanted to, I can wipe the Jones family out without breaking a sweat.

In the tower opposite the Morris Group.

Daniel asked coldly with a stern face, "Is everything ready?"

"Yes, everything is ready."

In the afternoon, Zoey went out for a business appointment together with Syllas.

At that time, Hades was away for medical treatment.

But they had no rival against them now, as the entire South City was under Levi's control.

The two pulled over in front of their business partner's office tower.

Just when Zoey was about to get out of the car, Syllas discerned that something was wrong.

He's here to hint at me that he has directed those attacks, and he can kill Zoey anytime he wants.

In other words, Zoey's life is in his hands!

Levi sniggered at his words.

Who does he think he is to threaten me?

He's messing with the wrong man.

Daniel continued saying, "Next time, the bullet and the knife won't miss their target. Oh, there'll be a deadly ambush and car accident as well."

"How fragile human life is. Sometimes, you're bound to lose your loved ones no matter how well you protect them."

Daniel's tone was threatening.

He's saying that Sylas won't be able to protect Zoey.

And Zoey will probably lose her life the next time he attacks her again.

"I wonder if she has offended anyone that she has been attacked four times in such a short time. I'm sure no one will dare touch her if she's a part of the Jones family."

While talking, Daniel handed Levi a note with a contact number on it.

Lurking in the dark where Zoey might show up, the assassins were ready to pounce on her. These assassins were highly skilled that any of them could take Zoey's life effortlessly.

However, Daniel had only instructed them to injure her.

At the office's basement carpark, a figure appeared. Within a few seconds, he had pried open Zoey's car door and secretly gotten in the car.

The moment Zoey comes in, I'll be able to hurt her in a split second.

Just as the assassin was feeling smug, he suddenly realized that there was a man in the front seat who was gradually turning his head around to look at him.

And it almost scared the daylights out of him.

Before he could escape, the man got hold of him with one hand.

Bang!

The man slapped him with another hand, and blood spurted all over the car.

"Who's next?"

Levi wiped his hand and lit a cigarette before walking away.

Subsequently, the other assassins who were hiding inside the office and around the building were taken down one after another.

Soon after, all the assassins had been annihilated.

Chapter 686

Daniel shrieked furiously.
Usually, no one would dare lay a finger on him after knowing his identity.
Back then, the Caesar family alone was enough to oppress everyone in South City when they were only a quasi-royal clan.
But the Jones family was the true royalty.
Anyone who dared mess with the eldest son of the Jones family was only digging his or her own grave.
"I don't care who you are. Anyone who breaks the rules has to be punished. Go get him!"
Yet, these people couldn't care less and darted forward to beat him recklessly.

In the end, they broke all his limbs, and Daniel sprawled on the floor like a dog with an appalled expression.

Did I just get beaten up by a bunch of gangsters?

This is outrageous!

“This is only a warning from us. Bear in mind that there’s no place for any monkey business for an outsider like you in South City. If you ever repeat it, you’ll be dead.”

After reprimanding him, the group of people left.

“What? He wants me to pick him up myself? Who the hell does he think he is?” Michael yelled at the top of his lungs.

The others were enraged. “How dare a nobody like him behave as if he’s a big shot?”

“You’re right. In fact, not a single person in Quebec is qualified for grandpa to bring him back himself.”

“I guess Levi is as useless as his parents!”

Despite feeling furious, the butler said, “Anyway, we still have to bear with him. We still need him, don’t we?”

“Let’s just abduct him back here. I really can’t stand his arrogance!”

“Grandpa, please hurry up. It’s only five days away from the deadline Elijah set for us.”

“We must get it done as soon as possible, lest Elijah demand for more from us.”

Everyone voiced out their opinions one by one.

Then Michael’s eyes glinted with malice as he said, “Alright, let’s abduct Levi, and I want everyone from the South City underworld dead!”

Suddenly, the brightest man in the third generation of the Jones family, Tyler said, “Grandpa, could Levi be the one who sent the gangsters to cripple uncle? Perhaps he did this as a counterattack since uncle hired assassins to attack his wife.”

Chapter 688

Grover's sudden roar startled Michael that he jolted and almost flung the phone away.

What's wrong?

Why does Mr. Cooke react this way when I mention Levi's name?

Is Levi some kind of taboo to him?

Meanwhile, anger was stirring within Grover.

Last night, Levi instructed me to send my people to beat someone up, so I did.

I only realize today that the person is Daniel Jones.

Though the Southern Union is more superior compared to the Jones family, I still have to confront them about this matter.

Now I discover that Michael is actually Levi's grandpa...

"Mr. Cooke, what... what's wrong?" Michael asked in a shaky voice.

"Okay, it's up to you what you want to do in South City. But I have to warn you, it's better that you avoid coming to South City now. You'll probably lose your life here."

Chapter 689

Levi was rendered speechless by Zoey's question.

He could hardly imagine how it felt to have his own parents.

Even his adoptive parents treated him like an outsider and had never shown him love.

Nonetheless, he felt moved on the inside when he heard about his parents, although he refused to admit it.

"I... I don't know..." Levi answered.

"Just listen to me and go home. They're your family, after all," Zoey said with a smile.

"Maybe they'll come to me before I go home."

Levi knew that the deadline given by Elijah was only days away.

The Jones family must be extremely anxious about it, so they would surely come looking for him.

But Zoey misunderstood him and said in surprise, "Is your grandpa coming to pick you up himself? He's so good to you. The head of such a prominent family is coming to bring you back home himself. He must be sincere then."

I guess Michael truly loves Levi, and that's why he's coming to take Levi home himself.

Mia shut her eyes in fear, but the slap never landed on her face.
It turned out that Levi had held the man's wrist.
"Let go! Let go of me now!" Wales demanded furiously.
He yanked his hand forcefully to break free, but Levi clutched his wrist tightly in a vice-like grip.
"Are you trying to hit her?" Levi asked.
"I'm only disciplining my own family members. What does that have to do with you?" Wales scolded him.
"Ouch..." in the next second, Wales shrieked in agony.

The pain in his wrist made him slowly collapse on the floor.

Everyone present could hear the sound of bones cracking.

Mia couldn't stand it and hurriedly said, "Levi, please forgive him."

Then Levi let go of Wales, who then bent down and gasped for breath.

Shortly after, a bunch of the Joneses came over and surrounded them.
