Chapter 751: sister?

When Qin Yu opened his eyes again, it was already half an hour later.

The first one arrived was Jiang Xiaoshan who was notified last, who made her the nearest.

"The lazy cat is on the boat, give you the key!" Qin Yu pointed behind him and returned the car key to her by the way.

In the past two days, the Cayenne is a bit addictive, with a wide view, and the driving experience and comfort are not critical.

It seems that I thought it was a mere appearance before, and it was sloppy!

After a while, Li Wanxing followed.

"Little color ruffian!" Wearing a red shirt dress, the little white Li Wanxing walked in arrogantly, turning the key on her finger.

"I think you are not sure where you are." Qin Yu raised his head and looked at her flatly.

Li Wanxing, who was arrogant before, suddenly remembered that the next two days would be spent at sea.

There is nowhere to escape

"Master, I'm kidding you!" He ran to Qin Yu's side quickly, took the next meal, raised a small fist and knocked him on his leg.

"Key point, didn't you eat?" Qin Yu said coldly.

Li Wan gritted her teeth, still muffled: "Oh."

Who made her spend the next two days on the scumbag site? If this annoys him, she will die for herself every minute.

No, no, you must please!

It's best for him to target the lazy cats. She doesn't want to spend two days and two nights in bed in a daze.

While enjoying the service of Little Xingxing, Teacher Shen also arrived.

A light blue dress, long hair fluttering, and simple summer sandals.

The moment I walked out of the door, the muse in the minds of thousands of men reappeared.

"Ms. Shen." Qin Yu got up to greet him.

Seeing this scene, Li Wanxing secretly pouted, "What is it, eccentric."

When everyone arrived, Qin Yu was the last one to get on the boat with a thumbs up to the cockpit.

Dirty

The whistle sounded, and the hull slowly shifted sideways, leaving the dock.

Shen Bing, who had just boarded the ship, was standing on the stern deck, watching the rising waves and the fading coast.

On the pier of the clubhouse, the supportive smile of the staff gradually distorted.

Of the eight passengers, Qin Yu was a man.

She is more prettier than the other.

Lively, cute, well-behaved, hot, glamorous, arrogant, mature and plump

The last teacher Shen, the dreams of thousands of men are talking about her, right?

Such excellent and varied women just got on the same boat.

Jealousy is beyond recognition.

This body is not a chaebol

Hate it!

On the boat, Qin Yu invited Teacher Shen to rest in the entertainment area, "The wind is a bit strong. After leaving the port, find a place to stop, and then slowly enjoy the scenery."

"It doesn't matter, it looks good here." Shen Bing said lightly.

The entertainment area is on the steps of the stern deck, and sitting here can also have a sweeping view of the stern.

The splashing waves splashed on the face from time to time, bringing a refreshing breath.

As the coast goes away, the vast sea is refreshing.

It seemed that all the worries and sorrows of the past were gone in a flash.

Shen Bing also relaxed his legs on the sofa and looked into the distance with his head supported by his hands.

The seagulls flew by, the fish that jumped out of the water, and the dolphins that suddenly appeared.

"Dolphin, it's a dolphin." Li Wanxing jumped and jumped happily when he saw the dolphin.

"That's an old friend." Qin Yu stood up, walked to the end of the deck and waved to the little light stalking down the water.

"Xiao Guang, come here." Qin Yu patted the hull of the ship from the side, and the dolphin following immediately changed direction.

Swim to the side of the ship, close to the deck, and jumped out of the water suddenly, just passing Qin Yu's fingers.

Li Wanxing stared at his glasses in surprise, and said in surprise: "It's so smart."

"Dolphins are one of the smartest creatures on earth." Qin Yu smiled.

"Can I touch it?" Li Wanxing stepped forward eagerly.

Looking at her nails, Qin Yu said decisively: "No, your nails will mark it."

Curly raised his hand, looking at the beautiful crystal nails on it, Li Wanxing hated it for the first time.

Shen Bing also stood behind Qin Yu this time, his eyes gleaming at the rising and falling light.

The proposal of Li Wanxing was even more heart-warming.

After hesitating for a moment, he said: "Xiao Qin, can I try it?"

With that, the man has put his hand in front of him.

Smooth, white, and neatly trimmed with fingers, it feels like two words: beautiful!

"Okay, Teacher Shen, wait." Qin Yu took two steps back, letting her stand in her place.

Then, naturally supporting her waist with both hands, fixed her body between her arms and chest.

Shen Bing's muscles tightened and his movements became stiff and heavy.

Qin Yu's indifferent voice came from ears: "The wind and waves are a bit big, Teacher Shen, when you move forward, remember to shift your center of gravity backward.

Be careful, believe me, the experience of falling is not very pleasant. "

Li Wanxing did not notice that the posture between the two was a little strange, but it was just normal safety precautions.

On the contrary, the experience Qin Yu said made her curious: "Have you ever fallen?"

Li Wanxing looked at him with a smile, as if making a bad idea.

Qin Yu looked back at her and said decisively: "Do you want to try?"

Considering that this is not his own territory, Xiao Jiujiu, who had just risen in Li Wanxing's heart, was forced back again.

I will bear, wait until I get ashore, and see how you little scumbag threatens me.

Humph, man, can tolerate what ordinary people can't.

In ancient times, I have tried my courage. Today I am Li Wanxing in bed.

Bah bah bah, what a mess, it must have been damaged by the little girl.

"Xiao Guang!" Qin Yu was now fully focused on ensuring the safety of Teacher Shen, and at the same time he called Xiao Guang to jump up.

In his cry, cruising on the side of the ship, the dolphin who had just been named "Xiaoguang" struggled to take off.

The smooth body flipped in the air, and the abdomen was facing upwards across Shen Bing's fingertips.

The slightly cool, clear and smooth body made Shen Bing feel the breath of life in the sea.

It was shocking, but I couldn't tell where the shock came from.

In short, the whole person is completely immersed in this sudden contact, and the body is also inexplicably hot and anxious.

He twisted his waist a little anxiously, and the touch from behind made Shen Bing momentarily sluggish.

She forgot that she is still in Qin Yu's arms and is tightly protected by him.

"Mr. Shen." The sweet call interrupted the almost frozen air.

Shen Bing suddenly broke free of his protection, and turned around Qin Yu to look in the direction of the sound.

At this time, her brain was completely blank.

Because, just behind the lazy cat who was running, followed a figure she never expected.

Zhou Xue, with a shocked face, called out in a trembling tone: "Sister?"

Quiet!

Rhapsody Paradise suddenly turned into an "exclamation mark The air is stagnant again

After 10 minutes, everyone gathered together and sat in the restaurant area on the second deck.

Shen Bing picked up the water in front of him and drank it in one breath without knowing it.

After that, he picked up what looked like a work of art, opened the cap of the little crown bottle, and poured water for himself again.

Except drinking water, she didn't know what she could do or what she could say at this time.

On the opposite side, Zhou Xue also looked complicated.

From the lazy cat, she saw some shadows, and she hoped from the bottom of her heart that she could find her sister.

But when all this turned into reality, the strong sense of unreality still impacted her sanity.

It turns out that she has always been in Hudu!

"Sister, how are you all these years?" Zhou Xue said affectionately looking at the face that was the same as in previous years.

All the questions, incomprehensions, complaints and doubts, at this moment there is only one caring greeting.

And Shen Bing's face also instantly shed two lines of clear tears.

"cough"

Qin Yu coughed and attracted everyone's attention to him, and then said to the lazy cat: "Yueyue, the swimming pool is now open, take everyone to visit."

"Oh!" The lazy cat wanted to stay, but he obediently nodded and agreed.

Li Wanxing was the one who didn't want to go the least, with a strong gossip fire burning in his two big eyes.

In the end, it was dragged away by Jiang Xiaoshan and Lazy Cat.

When I was leaving, the eyes that looked at Qin Yu were full of hostility, "Little seducer, I will never end with you!"

The threat of this girl is a joke to Brother Yu.

If you spare 2 or 2 hours tonight, she will take everything, hum

On the restaurant deck, only Qin Yu was with Shen Bing and Zhou Xue, and quietly calmed her excitement.

It was the first time he saw Shen Bing, who was crying and weak.

Chapter 752: Zhou Xue's confusion

I don't know how long it took, Qin Yu finished listening to the old stories between the two sisters.

And the origin of Shen Bing finally revealed the truth.

The daughter of Zhou's family, Zhou Xue's sister

It's a pity that the parents of the two sisters are not very favored. Shen Bing was wrong and Zhou Bing was forced to marry.

In the end, he lost the reputation of "Kev" and was forced to leave his hometown.

Under the pressure of the family, sister Zhou Xue suddenly chose to sever contact and focus on dancing. This has been more than ten years.

The two sisters could meet again today, but it was a wish.

For Zhou Xue, it gave her the opportunity to say "I'm sorry."

If it weren't for her, sister Zhou Bing would not agree to the marriage.

Because, the first person selected was Zhou Xue!

"So, I should call you Teacher Zhou." Qin Yu said as he looked at Shen Bing, who was holding hands with Zhou Xue and still wiping tears.

Shaking his head, Shen Bing showed a slight smile: "It's better to call me Shen Bing. After so many years, I have forgotten what the Zhou family is like."

"Sister!" Zhou Xue shook her hand anxiously and said, "Can you still not let it go?"

Shen Bing responded with a smile: "What does it matter if you can't let go of it? It's impossible to go back anymore."

Zhou Xue was silent, not only she, but even herself would never go back to the home where there was only cold and entangled interests.

In the eyes of their relatives, the two sisters are nothing more than valuable "goods" from beginning to end.

"Then, Mom and Dad!" Zhou Xue hesitated to say nothing.

She didn't know what position she should use to persuade her sister, and she didn't even contact them much, and how to convince others.

With a wry smile and shook her head, Zhou Xue gave up her plan to continue to persuade her.

It's good to be like this now, it's a blessing to be able to contact my sister.

In the future, at least they can keep in touch with each other, make phone calls, talk to their hearts, and have a bond and dependence on each other.

"Actually, I have always wanted to contact you, but I am afraid of dragging you down." Shen Bing finally calmed down and told his sister about the thoughts over the years.

Before that happened, the two sisters were very close.

Otherwise, Shen Bing would not be willing to marry for her, and finally the man died unexpectedly and was dubbed "Kef".

Later, in order to calm down the anger and loss of the other party's loss of son and successor, the Zhou family exiled Shen Bing, who was unknown to "Kef".

"Outrageous!" Qin Yu didn't know how to describe it.

An accidental car accident ended up being blamed on a woman who stayed at home and did nothing.

This Nima is outrageous! !

"How did he get into the car accident?" Qin Yu asked curiously.

Shen Bing lowered his head and said nothing, Zhou Xue said quickly: "Drunk driving, the car drove directly to the flower platform in the middle of the road and flew out."

""Well, this evaluation is outrageous.

This has something to do with "Coff", it's purely about lighting a lamp in the toilet to die!

"Okay, your two sisters have been reminiscing about the old for a long time. I think the others are already waiting for hungry. Would you like to ask them to come up for dinner?"

Qin Yu looked at the time, and it was already eight o'clock.

Had it not been for such an explosive gossip, his hungry chest would have stuck to his back.

Zhou Xue also saw the time, and said in surprise: "Is it so late? It's still light, I thought it was only five or six o'clock."

Shen Bing took a picture of himself in the glass bottle, wiped the tears in the triangle area with his finger, and said, "Hurry up and ask them to come up. They must be hungry."

Qin Yu stretched his head out of the deck, and a group of people below were standing on the deck, stretching their necks and looking up.

"It seems that they had listened very enthusiastically before, and they should have not missed any wonderful content.

Beckoning casually, Qin Yu said amusedly: "Come on, it's time for dinner."

"Yeah" Lazy Cat waved her small fist, pulling Li Wanxing into the cabin for the first time.

All the way to the deck restaurant on the second floor, Lazy Cat pulled Li Wanxing to sit down, panting and looking at Zhou Xue and Shen Bing.

The small question marks in her head made her want to find some clues from the faces of the two teachers.

What did they say just now?

What happened that year? Teacher Shen is from Shangdu, why should he stay in Hudu incognito?

So, Xuan Xuan is also a child of the family? ?

One question mark after another kept spinning in her little head.

"Come here." Beckoning to the lazy cat, Qin Yu hugged her in his arms and rubbed her dazed little head with a doting face.

"Cut!" Li Wanxing, who was sitting next to him, contemptuously curled his lips.

The light from the corner of his eye kept sweeping towards the two of them, full of envy inside.

"Go, tell the kitchen to start the meal." Qin Yu knocked on her head.

Li Wanxing clutched her head, squeaked her teeth, and said sternly, "Hmph, I don't know you as much."

In fact, the citric acid that has been planted in my heart is not good.

I'll go, shall I go?

The crowd gathered together, but their faces were full of question marks, and they clearly wanted to know what had happened before.

Although they pricked their ears below, they wanted to listen carefully.

can

The wind and waves were too strong, and nothing was heard except the sound of the waves beating.

Not at all as Qin Yu thought, the gossip fire in his heart burned more vigorously, and he was not satisfied at all.

And the dissatisfied woman is terrible

"Can you pass me the lemon?"

"Here you are, today's lemons are extraordinarily sour."

"Yes, my teeth are about to be sour."

"I think someone needs to be thrown into the sea to calm down after stopping the ship." Li Wanxing raised his hand and proposed.

This proposal was approved by everyone, including Lazy Cat, "Okay, okay, who is it, who are we going to lose?"

Still sitting in Qin Yu's arms, the lazy cat he cared and loved in all directions, didn't realize that the person the other party was talking about was him.

"You will know soon." Li Wanxing said with a deep sneer.

"!!!" The air seemed a bit gloomy, and the lazy cat shrank her body into Qin Yu's arms anxiously.

Looking up at the sky outside, curiously thought "is the wind blowing?"

Dinner is Italian style, with fruits and vegetables as the mainstay, basically "grazing."

The staple food is steak, and there are 7 servings in total.

It's not that one person doesn't eat, but Qin Yu eats 5 portions alone, and the other seven women share the remaining 2 portions together.

"It's too late, it's easy to gain weight by eating meat."

I have to say that this reason is very powerful for women.

Even if Li Wanxing wanted to indulge once, under the lead of others, she reservedly stated that she only needed a small mouthful.

As for the lazy cat, Qin Yu is responsible for feeding the whole process, and she is responsible for cutting meat, picking fruits, and adding ingredients for Qin Yu!

Frequent small interactions seem incompatible with the whole party.

There are two other people who are as close as conjoined babies.

That was the sisters Shen Bing and Zhou Xue who had just met each other recently. The two sisters whispered to each other, chuckled from time to time, and joked with each other from time to time.

The conversation was full of joy, but the voice was too small, and no one could understand what was being talked about.

Except Qin Yu

"Sister, what's their situation?" The topic suddenly shifted to Qin Yu, and Zhou Xue's intuition kept lighting up the alarm.

The atmosphere on this table is not right, very wrong!

Although everyone has verbal and eye contact, the core of attention has always been on Qin Yu and Lan Yue.

Envy, yearning, love and expectation flashed in his eyes from time to time.

It's not the emotion that a friend or girlfriend should have, let alone it still happens between everyone.

Even, including the sister beside him.

She had already concealed it well, but because she had been away for a long time and had just met each other, Zhou Xue put most of her thoughts on her.

This also allowed her to clearly perceive the slight changes in every detail in Shen Bing's expression and gaze.

She has been secretly paying attention to the two people opposite.

As for whether it is Qin Yu or Lan Yue

Zhou Xue didn't dare to continue thinking about it. Some things felt complicated just thinking about it.

And she is never good at dealing with emotional problems.

Otherwise, it won't be the same as today.

"cough."

Shen Bing lowered his head unnaturally, coughed lightly, and replied in a dodging tone: "Friends, their feelings are very good."

"Everyone?" Zhou Xue continued to ask, if she pointed out: "But he is not Lan Yue's boyfriend, so the distance between men and women should always be maintained?"

While speaking, Li Wanxing suddenly went to Lan Yue, trying to tickle her.

The whole person stuck to Qin Yu's shoulder during the play, and even his chest was squeezed out of shape.

This is not like a joke between friends.

Chapter 753: This month, really round!

Shen Bing looked up in surprise: "Isn't it?"

Zhou Xue shook her head and said, "It's not like."

"Then you must have read it wrong." Shen Bing replied with a certain tone.

Zhou Xue couldn't refute it for a while.

How should the person pretending to be asleep wake up, only to let her continue to sleep.

"You don't like him?" As soon as Zhou Xue's voice fell, she saw Shen Bing coughing violently.

The contents of her mouth even sprayed out, but fortunately, she kept her head down and all fell to the ground.

"What's wrong, Teacher Shen, are you okay?" Everyone asked eagerly and caringly.

With his head down, Shen Bing waved his hand to indicate that he was okay.

"Come on, take a sip of water." Zhou Xue handed her the cup with a smile, her eyes full of deep meaning when she looked at Qin Yu.

This little boy is more attractive than she thought

"I'm okay, let's eat!" Shen Bing's cough stopped, and his tone was flat to indicate to everyone that it was okay.

Afterwards, he took Zhou Xue's head to whisper.

"What are you talking nonsense? You can't talk nonsense like this." Shen Bing whispered.

"Am I talking nonsense?" Zhou Xue responded in a low voice.

"Of course." Shen Bing hurriedly retorted, but choked again for an instant.

"What did you just want to say?" Zhou Xue asked curiously.

"It's nothing." Shen Bing shook his head and refused to continue.

She couldn't tell Zhou Xue that, except for the lazy cat, the girls present, including her own daughter, were all closely related to this bastard.

As for the degree of this closeness, Shen Bing didn't even dare to think about it.

Thinking too much will make oneself fall into devil.

Enough has been trapped, and if this continues, will his heart be divided?

"The boat stopped." Jiang Xiaoshan suddenly looked up.

The turbulence became stable, and the ship anchored.

Slap

The two searchlights lit up, and the surrounding darkness was instantly dissipated.

Lazy cat put down his knife and fork and shouted eagerly: "Go to the sea, didn't you just say that you want to throw someone down?"

The girl smiled like a sly cat, but her expression was silly.

Tang Shi couldn't stand it any longer, and touched her lightly and said, "They are talking about you."

This girl is clearly a pure and honest girl.

"???"

Lazy Cat froze for a second, then instantly backhanded to hold Qin Yu's waist, shaking his head like a drum: "Don't don't, husband help!"

brush!

This is the first few times today, the air has fallen into absolute stagnation and silence.

"Well, is anyone going into the water?" Jiang Xiaoshan was the first one who couldn't stand it.

Usually, whether it is filming or daily work, she looks cold.

At first it was because of my personality.

Later, it became a kind of personality, and it was necessary to maintain a cold and noble temperament at any time, so as to meet the expectations of fans.

The staff felt that she was cold and noble and difficult to touch, and they were afraid that something bad would happen.

Her colleagues thought she was cold and difficult to touch, and she didn't want to ask for trouble!

Therefore, fewer and fewer people are able to speak.

Jiang Xiaoshan is also accustomed to not having a nap, or listening to music quietly when she is free on set.

But it doesn't mean that she likes this. In a quiet personality, there are also moments where she hopes to be cared for and to have fun with friends.

She didn't come to this party to continue to be a noble lady.

"Yes, let her go first." Li Wanxing said, stepping forward to grab the lazy cat.

This girl clung to Qin Yu's neck tightly and shouted for help.

But the body involuntarily left his embrace, and was willingly held by his sisters to the stern deck.

As soon as he blurted his words, Lazy Cat noticed the embarrassment in the air.

It doesn't matter what she calls it in private, she shouldn't call Qin Yu "husband" in front of all her sisters.

Even if the object is her, others will have jealous anger in their hearts.

Therefore, the lazy cat willingly cooperated to let them vent their small dissatisfaction.

Qin Yu followed closely behind, and came to the stern deck together.

"Our elder is worried?" said Li Wanxing, who was dragging the lazy cat with his hands under his armpit, with a smile.

"Of course I don't worry, Lazy Cat is his darling." Jiang Xiaoshan smiled actively.

At this time, she was much more lively than when she was cold and glamorous in the past.

"Isn't this dangerous?" The good girl Tang Shi was still worried about safety.

Yan Xue roared beside him and said, "I'll shout the slogan, 1"

"2."

"3, yeah don't"

The moment Lazy Cat was thrown off the deck by Li Wanxing and Jiang Xiaoshan and fell into the water.

Qin Yu directly opened his arms and swept the four women on the scene, bringing them all into the water.

None of Li Wanxing, Jiang Xiaoshan, Yan Xue, and Tang Shi escaped.

Amidst a burst of exclamation, the collective glory was lost!

On the second deck, Zhou Xue and Shen Bing were holding the fence and looking down. The joy and laughter infected the innocence in their hearts, "Let's go too!"

"Good." Shen Bing nodded.

People are easily infected by her emotions. Listening to the happy laughter below, Shen Bing also showed a happy smile on his face.

She also wants to be in close contact with the sea and experience the simple happiness.

Under the leadership of the staff, the two went to the guest room to change their swimsuits.

However, when I opened the cabinet door, I found that it was not a one-piece with a backless and waistless, or a tight-fitting bikini.

"How about this?" Zhou Xue generously selected a halterneck knitted one-piece hollow swimsuit, which was both **** and charming.

Shen Bing hesitated slightly and chose a black halterneck woven one-piece hollow swimsuit.

After putting on her face shyly, Shen Bing stood in front of the mirror, and immediately wanted to take it off again.

Too exposed!

"No? How can this be called exposure, sexy." Zhou Xue stood behind her, pushing her out with a snicker.

"Xiaoxue, don't push me, wait, I'll take a scarf"

"What kind of scarf, there is no one else on the boat, why do you want to hide such a good figure? It's not a 17 or 18 year old girl."

"Xiaoxue, you" during the dispute, the man has been pushed onto the deck.

Qin Yu, who was splashing water and playing with the girls in the water, turned his head and looked up when he heard the voice.

The stunning color between Yinglang's eyebrows made Shen Bing stiff.

The undisguised hot gaze, like two burning candles roasting and walking on the body, the legs are as if they are filled with lead, and as if they are suddenly weak and unable to move!

"Does it look good?" A voice came in my ear.

"It looks good." Qin Yu nodded calmly.

One is black and the other is white, as if two rays of light enter his heart, and everyone has a heart for beauty.

What's wrong with yearning for beauty?

Li Wanxing made him laugh angrily, and said angrily: "As far as you have the most false theories, do you yearn for something beautiful? You clearly want to own it all!"

At the last sentence, Li Wanxing couldn't help lowering her voice, only she could hear it clearly.

Qin Yu also pretended not to hear him, looking at her and asked: "What?"

"It's okay, hum" Tsundere snorted, Li Wanxing flopped towards the lazy cat.

Can't stun him, can't stun that silly girl?

Speaking of her figure seems to have grown up again, Li Wanxing decided to measure it personally, is it real or an illusion.

"Ah Wanxing sister help!" The lazy cat who was hugged by Li Wanxing from behind laughed and begged for mercy.

What was ushered in was the presumptuous ridicule and laughter of the sisters: "You scream, scream, it's no use screaming to break your throat, hehehe"

"Let me see if I have really grown up." Yan Xue held up her hands, pretending to be ferocious and grabbed to the surface.

Supporting the deck with both hands, Qin Yu is already sitting on the edge of the deck, "Ms. Zhou, Ms. Shen, do you need help?"

Raised the swimming ring and floating board in his hand, motioning for them to choose the same.

"Who do you look down on!" Zhou Xuebai gave him a glance and walked straight forward: "I'm a good swimmer."

"Really?" Qin Yu asked amused.

"Of course, if it weren't for dancing, I would have been taken away by the national team." Zhou Xue said to herself.

Standing by his side, legs separated naturally, Zhou Xue raised her right arm, grabbed her elbow with her left hand to the left, and then changed her left arm to repeat the previous movement.

A faint fragrance drifted into the nasal cavity, and at the same time, there was an extra body temperature on the left side.

It was Teacher Shen. At this time, she was standing on Qin Yu's left, spreading her legs like Zhou Xue, warming up with a natural expression.

Looking left and right, Qin Yu hugged his head back with both hands and lay back on the deck.

Well, this moon is so round and smooth!

Chapter 754: Storm is coming

Boom!

Zhou Xue and Shen Bing one after another, like two mermaids jumping into the water.

Qin Yu looked up again, "Oh, it turned out to be a crescent moon."

While talking and laughing, people have already jumped into the water...

"Wow~haha." The laughing girls were splashing water at each other, as if something slipped by under them.

"Ah, something has touched me." Hua Rong was shocked by Li Wanxing who was the first to meet.

Then, Jiang Xiaoshan also realized that she was hitting her leg, "There is something."

Then the person was suddenly pushed up by a huge force, bowed his head in an exclaim, Qin Yu's head appeared in sight.

"Ah, don't." In the panicked laughter, Jiang Xiaoshan was thrown into the water by Qin Yu's head.

I knew that it was not a water monster who was acting underwater, but Qin Yu.

The tension in the hearts of the girls dissipated, and the mood was more relaxed than before.

After all, there is a reassuring Neptune who walks down the water to protect everyone's safety, and they can play more confidently.

It's just that in the process of playing, there is more fragrance that is not easy for outsiders.

At 23:11, Qin Yu received a call from the captain's room. A storm is expected to come tonight, and I hope they will return to the ship as soon as possible.

"It's going to be windy, everyone is going back to the boat."

Qin Yu said that a fierce son plunged into the water, and the head-man had appeared next to Shen Bing and Zhou Xue, who were the farthest from the ship.

"Teacher Zhou, Teacher Shen, the storm is coming." Qin Yu shook the water on his head and looked at the two with a serious expression.

"Ah? Why is there a storm suddenly?" Zhou Xue was a little worried.

Shen Bing is also worried, this, nothing will happen, right?

"The Paradise has the most advanced stabilization system, and it is a big ship, even if there is a strong storm, it will be fine. However, we will get back to the ship as soon as possible..."

A little storm is nothing to Rhapsody Paradise.

But people are insignificant in front of nature, and a wave comes over, and they can't be saved even if they want to.

"Then let's go back quickly!" Zhou Xue started paddling and swimming, and suddenly found that the night wave had become stronger.

I was too happy to play before and didn't pay attention to my physical strength. I was swimming now, but was pushed farther away from the boat by the waves.

Shen Bing's situation is even worse, her water level is not as good as Zhou Xue.

At this moment, the waves are big, and people are like lone boats drifting with the waves, ups and downs on the sea, wandering indefinitely.

"Qin Yu." Looking at Qin Yu beside him, Shen Bing grabbed his arm, and the excitement in his heart turned into anxiety and panic.

Looking around, apart from the faraway paradise, there are only dark and undulating waves with invisible fingers.

The darkness deepened the influence of fear, and made her feel that her body was gradually getting colder.

Qin Yu also found that the two had played too much before and consumed too much physical energy, which would have been unable to support the fact that they would swim back again.

However, this is nothing to him.

"Don't worry, Teacher Shen, come on my back." Qin Yu took her hand and let Shen Bing lie on his back.

Afterwards, she was instructed to embrace her neck with her hands, her upper body tightly attached to her back, and her lower body floating with the help of the buoyancy of the water.

Then, he pulled Zhou Xue, who was holding on alone to prevent him from being pushed away by the waves, to his side.

"Qin Yu, you take your sister home first, and then let someone pick me up in a motorboat." Although she was also scared, Zhou Xue was still strong.

Although the waves are a bit big at this time, there is not much danger in fact.

It's just because of weakness that I can't break free from the rush of the waves and return to the boat...

It doesn't mean that anything will happen, but the inner fear is deepened by tension, which naturally produces a sense of urgency.

"It's okay, I'll take you back together." Qin Yu asked her to turn around, face to face with herself.

Then she swam forward a little distance, and her left hand was wrapped from her arms to her back, and her five fingers spread out to drag her back.

In this way, Zhou Xue became a floating posture with her body leaning back and looking upward.

Because of Qin Yu's arm fixation and palm support, and with the help of the buoyancy of water, people are easily protected in his arms.

But the backstroke couldn't see the posture of the boat, which made her instinctively nervous.

Unconsciously, he hugged Qin Yu tightly around his arm, and his chest was surging under the crowd of his arms, as if he was about to pop out of the neckline.

Qin Yu just glanced, then moved his gaze away instantly.

D.....36.....At least this number.

Unfortunately, it's not a holographic viewing, the effect is a bit poor.

"Good fellow." Brother Yu took a deep breath and told himself to calm down.

"Xiaoyu, are you okay?" Shen Bing's worried voice came into his ears, and his exhalation warmed his auricles.

"It's okay, I can stand it." Qin Yu said with a firm face, and his whole body was stuck to the surface of the water.

Then, Shen Bing and Zhou Xue sensed a strong thrust, leading them to gallop forward.

It feels...like wakeboarding!

The Rhapsody Paradise in the distance is getting closer and closer, and it feels like just a blink of an eye, people have been able to reach the stern.

"Teacher Shen, Teacher Zhou, are you all right?" On the stern deck, the two were pulled up by the girls

As for Shen Bing, Yan Xue is now supporting him towards the cabin.

It may be the reason for being too frightened. He was so soft that he could not straighten his waist, and even the steps he took forward seemed to be shaky.

Li Wanxing, who went to find the staff, brought people, and the staff behind him was carrying a diving suit and an oxygen cylinder with a nervous expression.

Seeing that there was no danger, he smiled and said hello to Qin Yu, and went back with his things.

This is not where he should come, unless there is an emergency, there are strict requirements for space management on board.

Where can I go and where I cannot go.

What time period and where should you appear can be linked to your salary.

Make a mistake, let alone making money, maybe you have to find it to the club.

Others are concerned about Shen Bing and Zhou Xue, but Jiang Xiaoshan quietly walked around behind Qin Yu and asked in a low voice: "Sir, are you okay?"

Qin Yu shook his head and said, "You don't know my water quality? It's okay."

With his words, Jiang Xiaoshan was relieved.

I thought that Teacher Shen was only accompanied by Yan Xue, walking quietly into the cabin and disappearing into the corridor.

"Qin Yu, are you okay?"

After confirming that Zhou Xue was okay, Lazy Cat ran over for the first time and touched him with a worried expression on his face.

"It's okay, it's okay."

Qin Yu stood up, turned around and said with a smile on his face: "Look, what's the matter?"

Without hearing the answer he wanted, Qin Yu looked back.

It was discovered that everyone's eyes, including the lazy cat, were focused underneath his body.

Head down~

"Ah, I'll change my clothes." Forced to act calmly, Qin Yu quickly walked into the cabin.

This test is very difficult It is really difficult for Xiaoyu.

When Qin Yu left, Lazy Cat, the hostess, smiled and said, "Everyone will go back to the cabin to rest first. There will be a storm tonight, so I won't be able to play."

Zhou Xue had a strange expression and appeared very quiet.

Tang Shi blushed to the base of her ears, her head tucked into her chest, and fled into the cabin like a shy quail.

Only Li Wan raised her eyebrows sharply and deliberately teased: "It's quite big, huh?"

Lazy Cat looked at her with a smile, and said in a shocking tone: "It's not big, hasn't Sister Xing Xing tasted it personally?"

"...Die Yueyue, you have become fat." Li Wanxing made a big blush on the spot, and went after her as he said.

You ran after me and disappeared on the deck, but didn't notice that water was dripping from Zhou Xue's eyes.

Sitting on the ground with his legs crossed, his body trembled involuntarily when the cold wind blew.

The sky on the sea changes when it changes. Tonight, it seems that I can't rest well.

Chapter 755: traitor

Wow~pop~pop~

The waves slapped the hull, and the bow like an axe went straight to the tip of the boat.

In the disc-shaped captain's room, Qin Yu stood beside the captain David, watching the bow burst one after another, rushing towards the highest wave.

When encountering wind and waves, be sure to aim the bow of the ship towards the wave and directly rush towards it.

Instead of influencing the waves from the side, if a wave comes down, the whole ship will instantly roll over and disappear without a trace after being submerged in the sea.

"Wind speed?" David asked grimly.

"72 knots."

"Wave height?"

"9 meters 2."

"Report our location to the coast, positioning system?"

"Normal, contact the coast."

"All displays are normal. The storm has not reached the warning line. It is expected that the storm will pass in 2 hours."

There was a touch of relief in David's stern expression.

Seeing this, Qin Yu said, "I am pleased here, David."

"Boss, rest assured, the Paradise can withstand such storms, and the bumps will pass soon." David responded with a smile.

According to the latest data, they can easily weather the storm.

Singing room, music plays!

There was only a monotonous original melody inside, and everyone seemed absent-minded.

Until Qin Yu pushed the door in, the sound of music stopped instantly.

Everyone looked at him with expectant eyes, waiting for him to announce the good news.

"The captain said, this kind of storm is just a small bump for the paradise, it's okay."

Qin Yu smiled and waved, and said to Jiang Xiaoshan who was sitting next to the machine: "Music, who will accompany the dancer?"

"I'm coming." Lazy Cat stood up without letting her go, and now she had put on a blue Hawaiian dress.

He got up and grabbed the sides of the skirt and turned in a circle, full of vitality.

However, she did not intend to be on stage alone.

"Teacher Zhou, Teacher Shen, and Senior Sister, let's come together." Lazy Cat grabbed Zhou Xue and Shen Bing and dragged them onto the stage.

The two still wanted to shirk, struggling not to get up.

Just go up and make a fuss. As teachers, what do they look like when they go up?

But I don't know who pushed the handle behind, and the two of them staggered forward involuntarily, and they were already standing in front of the screen.

Tang Shi was also pushed out by the booing Li Wanxing and Yan Xue, and applauded happily: "Fairy Tang, come on!"

"Chief Tang, you are the best."

"Tangtang wife, HoHi~" Li Wanxing was already cheering up.

"What song should I order?" Lazy cat ran to the machine, nodding the corner of his mouth and tilting his head thinking.

"WorthIt." Qin Yu said in her ear.

"Okay, just click this." Lazy Cat's eyes lit up and his fingers quickly selected the song.

In front of the screen, Zhou Xue and Shen Bing looked helplessly at each other, while Tang Shi stood there alone, looking at a loss.

She was completely pushed up by the duck, "Now, what are you going to do?"

Although helpless, since they have already been on stage, none of them have stage fright.

Isn't it just dancing?

In my line of business, I ate this bowl of rice.

When it comes to dancing, there is one who has never been afraid of.

In the eyes of the audience, the four women on the stage have their own merits.

The lazy cat is lively and cheerful, and the skirt is light and cheerful when it turns.

Shen Bing's glamorous and elegant appearance, a white T-shirt with a collar, a pair of denim trousers, and a simple twist of his hair.

Simple and generous, just like the beautiful big sister next door.

Zhou Xue's dignified and decent, round-necked silk shirt with a small yellow suspender underneath and a pair of white casual suit pants underneath.

Standing there barefoot, like the pretty sister-in-law who only appeared in books or movies and TV dramas, met on a street corner, and smiled dumbly at herself.

The poems of the Tang Dynasty are polite and gentle, standing there...a little feeling alive and well.

But when the music sounded, her expression came alive instantly.

It's like activating some kind of code, it becomes vivid and fascinating!

Slap~

The beer on the table has been opened, and the beer will taste the best at this time.

Buckets of ice cubes were placed on the table, and the atmosphere burst instantly.

Above, the four people just glanced at each other, and there was a tacit and silent communication between each other.

The moment they danced, everyone just hated why they had two eyes.

This is not enough to see!

And Qin Yu, squinting at the moment, leaning on the sofa, calm as an old monk.

Who knows that in the air, tens of millions of nanoworms are transformed into meticulous works, returning the picture to the subject at 720 degrees in all directions without dead ends.

Synthesize the most realistic 3D sensory effects in Qin Yu's brain, as if being in it.

"The invention of nanoworms is not for this." Qilin's voice sounded in his mind.

"You are still a child and don't understand the happiness in it." Qin Yu responded with a smile.

This is the correct way to open Nanoworms.

Singing and dancing, drinking beer that Jiang Xiaoshan brought to her mouth, filled with ice cubes.

In this small day, I won't be a fairy!

The happy time always flies quickly, in the roar of laughter again and again, the time soon arrives early in the morning.

When the first ray of sunlight fell in the sky, the sea returned to calm.

In the singing room, everyone who had been crazy for a night lay on the sofa crookedly, all weakened.

Qin Yu touched this, looked at that, no one was willing to move.

In desperation, Qin Yu could only go up and hold one hand to the room.

First send Lazy Cat and Tang Shi to the same room, put them on the bed, and cover them with quilts.

Helped her take off her skirt again, as for Tang poetry...

Think about it or forget it, just feel uncomfortable!

When you get ashore, take a good rest.

Then came Jiang Xiaoshan and Li Wanxing, they both lived in a cabin.

Suck it, get it done!

Then Yan Xue and Teacher Shen were sent to a cabin by Qin Yu.

Don't pay attention to that much today, just rest and relax.

In the end, only Zhou Xue was left.

When Qin Yu returned to the singing room, Zhou Xue, who was originally lying on the sofa, sat up, shaking his mouth with an unknown glass and pouring wine into his mouth.

"Ms. Zhou, you can't drink anymore." Qin Yu stepped forward to grab the cup, but she dodged her back.

Half of the wine in the glass was spilled, and the rest was poured into her mouth, "I, I still want to drink, ok, finally indulge, let it go."

He raised his head, squinted at Qin Yu with blurred eyes, and it took a while before he recognized him.

"Little, little, little...Qin." Zhou Xue had a funny expression, her fingers drooping and nodding.

Qin Yu is full of black lines, so Xiao Qin will be Xiao Qin!

Why did he become a little Xiao Qin again? Heaven as proof, he is not young.

Before Qin Yu recovered, he felt that his waist was cold, and the waist of his trousers fell directly on his calf.

"Hiss~" This day is really terrible.

...

...

Sitting up from the bed with his head on, the lazy cat felt top-heavy and had no strength at all.

Opened his blank eyes and looked around.

She is in the cabin, who is on the bed next door?

She reached out and pulled the quilt away, and she saw that it was Tang poetry, "Senior Sister, Senior Sister, wake up."

The good girl Tang Shi frowned and struggled out of pain: "Yueyue, early."

"It's getting late, it's 6 o'clock in the afternoon." Lan Yue glanced at the phone and said silently.

"Is it so late?" Sitting up with a heavy head and leaning against the bed, Tang Shi didn't know what to do.

So tired, I just want to keep sleeping.

Why did she drink alcohol last night, it feels so uncomfortable...

"Others!" After sitting for a while, the slightly sober lazy cat put on a skirt and walked out unkempt.

Knocking on the hatches one by one, Li Wanxing and Jiang Xiaoshan, Yan Xue and Teacher Shen, but Teacher Zhou was not seen.

"I'll go to Qin Yu's room to have a look." Lazy Cat's dizzy brain seemed to wake up in a flash.

Walking quickly to the master cabin softly, Lazy Cat raised his hand to knock on the door, and then hesitated to let it go.

Lift up, put down, lift up, put down.

After gritting his teeth, he quietly opened the door.

With her white and tender feet resting on the foot of the bed, Lazy Cat recognized that it was Teacher Zhou from her slightly turned thumbs.

However, she was relieved that UU reading www.uukanshu.com was the only one on the bed.

Where is Qin Yu? ? ?

With full curiosity, Lazy Cat set out to find Qin Yu.

Looking all the way, when I reached the stern deck, I saw him sitting in the rest area, talking with Jiang Xiaoshan.

"Are you always here?" Lazy Cat's eyes flashed with rare tact, incarnate as the ultimate detective, wanting to see through Qin Yu's disguise.

A big hand lifted up and placed it on her head...

Meow!

Forget it, this kind of thing is not suitable for me, so let others worry about it.

Shanshan is so smart, since she didn't say anything, she must be fine.

The lazy cat who shrank into a ball in Qin Yu's arms, enjoying the caress, never thought that Shanshan, whom she trusted, had already betrayed the trust of the organization.

One day, she will shout out the slogan: "Among us, there is a traitor."

Chapter 756: This kind of treasure, please come to more than 100 million

The sea is calm and the waves are calm, and the sky is clear.

The sun also showed a gentle side, no longer as hot as fire, and spreading warmth to the sea.

Hangover women appeared on the deck in twos and threes, "I want to sleep in the sun again."

Li Wanxing pulled an inflatable bed, tied it into the hook at the stern, and ran into the water with Jiang Xiaoshan.

Then lay on it, resting leisurely between the water and the sun.

The women who saw this scene learned everything and found all kinds of inflatable beds and threw them into the water.

After a while, a bunch of ropes hung from the stern.

The undulating ripples are gentle and delicate, and the soft inflatable cushion is like a childhood cradle, swinging!

"Ms. Zhou hasn't woken up yet?" Jiang Xiaoshan, who stayed on the deck to accompany Qin Yu, asked with a chuckle.

"Maybe too tired!" Qin Yu responded calmly.

"It's because of someone that makes me too tired, isn't it?" Jiang Xiaoshan had guessed it as early as when he saw him.

First of all, his hair is wet, and the broken hair will swing back and forth when the wind blows.

This shows that he has taken a bath, and if he goes to the sea, his hair looks very hard, rather than flowing.

Sit with one hand on the back of the sofa and one hand on your lap.

The left leg is crossed on the sofa, and the right leg is leaning on the ground.

The corners of his mouth were raised, and there was a look between his eyebrows.

This is an arbitrary performance only when he is happy.

Secondly, the allocation of rooms.

Did not send Teacher Zhou and Teacher Shen to the same room, but Yan Xue, this is suspicious.

Furthermore, Teacher Zhou was sleeping in his room, but he was sitting on the sofa in the deck lounge area.

As far as Qin Yu Jiang Xiaoshan knew, he wouldn't be wronged to sleep on the sofa.

If it is really because Zhou Xue has occupied his room, he has nowhere to go.

Then he will definitely come to find himself and Wanxing, there is no doubt about that.

In addition, Zhou Xue hadn't gotten up until now, and when Tang Shi went to call, she was so sleepy that she couldn't even open her eyes.

Based on the above, Jiang Xiaoshan can almost be 100% sure.

Zhou Xueren is gone.

"It's none of my business." Brother Yu kept the nine-character mantra in mind.

He didn't take the initiative at all, it was completely Zhou Xue's fault.

She was bitten when she lost her mind.

"I won't blame you, as long as you are happy." Jiang Xiaoshan smiled and looked towards the stern.

At this time, Lazy Cat was pushing and shoving on the inflatable bed with Tang Shi, having fun.

"As long as you don't hurt the kitten's heart, she can't stand the blow." Jiang Xiaoshan said softly.

"No." Qin Yu also looked at the lazy cat, unable to hide the doting in his eyes.

No matter what, he won't hurt the blue cat.

Jiang Xiaoshan believes that what he said is true, and will do everything possible to prevent this from happening.

But some things can't be avoided by thinking.

Ring!

The satellite phone on the desk rang.

Qin Yu took a look and said to her: "For work matters, go and play with them!"

After answering the phone, Qin Yu walked towards the cabin.

Sitting in the sun room, Qin Yu looked at the latest report from the notebook.

On the phone, Xu Meixin was giving a brief explanation.

"Sanxin Semiconductor and The Shilla Hotel have separated from the group, and all shares are controlled by Ms. Li Zhen.

Secondly, the shares of Sanxin Group in her hands fell into the hands of her brother.

The exact delivery time was 14:25 yesterday afternoon. "

"The land purchase procedures in Lingang have been completed. According to the contract, the money must be credited to the designated account within 24 hours.

The agreed investment funds will be credited to the third-party supervision account within 48 hours. "

"Mr Tang of the Internet company wants to inquire about the release of overseas editions."

Hearing this, Qin Yu interrupted: "Tell Mr. Tang, don't mention it in the overseas version for five years."

"I have already told you what you mean, but Mr. Tang thinks that this will cause great losses to the company, at least in the hundreds of billions."

Xu Meixin is also very embarrassed about whether to release an overseas version of "The Monster".

As the boss's accompanying secretary, she knows the boss's ideas best.

In the near future, it is certainly impossible.

As the boss of the Internet company, Mr. Tang's consideration is also out of his concern for the company.

A good company is profitable, otherwise, no matter how great it is, it will be eliminated by the market.

What has always existed with losses is no longer within the definition of "company".

He was also out of good intentions, but he didn't understand some inside information.

It should be said that there is speculation, but it is impossible to believe it.

Maybe I keep asking questions again and again. What I want is not the successful release of overseas editions, but an exact answer.

"After I go back, I will talk to Mr. Tang personally about this matter." Qin Yu ended the discussion.

Next is the progress of "invisible cloth". So far, the daily output is still not very optimistic.

The cost remains high, with an average cost of 2.15 million per square meter.

Qin Yu needs more than 1,000 square meters, which is 2.15 billion in whole numbers.

It is still on the basis of ensuring the existing success rate, if there are more failures.

The price has to go up again.

"The freight is high enough." Brother Yu has a toothache, and no matter how rich he is, he can't stand it.

However, now he has no good options, so he can only pin his hopes with Jing Yuan and others.

Find out the correct ratio as soon as possible, increase the success rate, and lower the cost.

"For money matters, let the finance go through the previous process. Are there any problems with the rest?"

After listening to the report, Qin Yu gave accurate instructions and planned to close the line to see Zhou Xue.

Just finished the gorgeous transformation, just tossing all night.

I don't know if her body can bear it, whether she can withstand the second round of conquest.

Today, it is difficult for Yu brother to be influenced by pure desire.

But Zhou Xue has this charm, as long as she thinks of her, the original impulse will prevail.

Peerless beauty is still not enough to describe her charm.

Qin Yu hoped that she could stay in Hudu for more time.

It is easy to communicate, and communicate more to deepen mutual understanding.

"Ms. Li Zhen said that she will come to Xia State some years ago to find you to complete the agreement."

Xu Meixin conveyed the news in a weird tone. She had heard about the agreement.

I thought it was a joke, but she didn't expect that she really had to pay for it.

It can only be said that she herself is as crazy as her business performance.

Who would have thought that, as the eldest daughter of the three cores, she would be the first to attack the three cores.

Moreover, she succeeded.

Although the two companies still bear the name of Sanxin, it can be seen in the eyes of those who are interested.

Three cores, this big mountain that presses on top of everyone's head, makes people breathless.

A clear crack appeared.

With its fatal weakness, it is no longer so scary.

Before long, someone will attack it again, trying to shake this behemoth.

The result will be judged by time!

Now, Qin Yu is wondering how true and false Li Zhen's words are!

After thinking about it, Qin Yu came to a conclusion: She really did this kind of thing.

Feeling happy or helpless, Qin Yu detoured to the master cabin.

Pushing the door open, Zhou Xue was thrown into a deep sleep.

Sitting by the bed watching her sound asleep, Qin Yu chose to open the system to check the rewards.

"Congratulations to the host for conquering the peerless stunner with his own specialties and triggering the intermediate reward."

"Reward 1: Material Analyzer*1."

"Reward 2: Sunshine value +2."

"Reward Three: Material Conveyor*1."

"Reward 4: Eagle Falcon Battleship*1."

The four awards are exactly the same as the ones I saw when I was interrupted by Jiang Xiaoshan.

Qin Yu was excited again, Zhou Xue, really a huge treasure.

For treasures like this, please come more than 100 million!

Chapter 757: 5th class Ma Run is not a human

Sunshine value +2, this kind of reward Zhou Xue is the first.

Even Lazy Cat and Lu Qing only brought him a change in sunshine value of +1.

Therefore, it is absolutely correct to say that Zhou Xue is a treasure!

Not only that, she also became a devout believer in miracles.

I don't know if Yugos is too charming, or he suddenly realized it! !

Or is it the effect of alcohol? ?

In short, her belief value reached 88 points, only one step away from [Mad Believers].

This change was unexpected by Qin Yu.

Qin Yu is now very entangled, and hopes that she will reach [Mad Believers] as soon as possible and create new value for herself.

I am also worried that she will become a [mad believer] and have the qualifications to carry miraculous lives.

Brother Yu is accustomed to carrying a knife without an umbrella, wearing a small umbrella, Xiaoyu will be awkward!

Or, give Teacher Zhou a maternity leave? ?

Qin Yu thought for a while, and felt that he still had to calm down, and that he really wanted to kill him, and then he watched it lively.

Not to mention his confidants, girlfriends, confidantes, and princes, the mother-sage alone can't spare him.

If I didn't learn well at a young age, I just messed around outside.

...Horizontal batch: The waves are flying.

The change brought about by the sunlight value +2 has already shown its effect at noon.

The main reason is the inner temperament, which makes Qin Yu look more attractive.

That kind of gentle gentleman, gentle and elegant temperament, people can't help but want to get closer.

This change is particularly obvious in Tang poetry.

Because the two have not been in contact for a long time, their perceptions of him are also in a calm "third-party" perspective.

Because of his inner emotions, he has been carefully observing his words and deeds.

Therefore, Tang Shi found his changes in the first place.

And other women, because they are in it, they can't see clearly...

However, they found that when they watched Qin Yu, they always became very happy.

That unreserved trust brings a sense of security that people who have never experienced it before can't imagine.

In this regard, Yu Ge was very calm.

Whoever makes us handsome as a kid is used to it.

Compared with the increase in appearance and temperament, he values actual rewards more.

Material analyzer (one-time): After use, it can reverse all processes of synthetic materials and form detailed records.

It is almost like tailor-made for the "invisible cloth", Qin Yu now has the urge to land as soon as possible and send things back to the institute.

Substance conveyor*1: It can transmit all known substances.

Tip 1: If you enter the wrong coordinates, you will be responsible for the consequences!

Tip 2: Overtime transmission has a high risk, and the loss caused by it will be borne by the user.

Tip 3: All right to interpret this instrument belongs to the manufacturer? ? ? all.

The Falcon battleship, to be correct, should be the "Falcon-class" battleship. It represents extremely fast speed, super aggression and an unyielding spirit.

The entire battleship is like an enlarged version of the goshawk.

The wings on both sides spread backwards, the eagle head has a 360-degree transparent cockpit, and the lower end of the cockpit is a sharp beak.

In close dog fights, this beak often works wonders.

The defense of warships tearing apart places, bombings, mechanical or personnel invasion, in short, the magical effect is endless.

The jet thruster with a huge tail can bring powerful power to it.

The power cabin uses a controllable nuclear fusion engine, like the future trend of earth technology.

Above the hull, the eagle's back and wings conceal many defensive and offensive weapons with strong lethality.

The most powerful is the main gun hidden in the back firing chamber, the super-light laser cannon.

In theory, if this thing has sufficient energy, it can directly sweep a galaxy.

However, with the power of the Falcon-class battleship, it is impossible.

By the way, it also has a nice name.

Little doctor!

It specializes in all kinds of difficult hybrids, with remarkable curative effect, and solves the problem itself from the root cause.

With this battleship, the safety of farming in the lunar ecosystem is somewhat guaranteed.

By the way, where is the progress of NASA's "Project Helios"?

Whether to set off a large near-ground firework for everyone, or sparks from outer space, this is a question.

"Reward distribution has been completed, coordinates XXX:XXX, please receive as soon as possible, instruction code: XXX..."

Following the message sent by the system, Qin Yu contacted Qilin as soon as possible: "Kirin, take over the Eagle-Falcon-class battleship."

"The target has been locked, the link is built... Enter the instruction code... The takeover has been completed."

Outer space, the back of the moon, the eagle-shaped hull hovering still in the dead space, suddenly turned on a light.

Afterwards, the lights inside the cabin were lit up, and the empty cockpit also turned into daylight.

In the lower ecosystem, the safety valve opened, and two naked [creators] appeared on the moon table.

Looking up at the sun, the electronic eye locked the position of the Hawk Falcon-class battleship.

Then, two fires spurted from under his feet, and flew toward the position of the ship's body.

About 20 minutes later, the Falcon-class battleship stopped on the concave surface on the left side of the ecosphere and resumed its silent state.

More [creators] walked out of the ecosystem and disappeared inside the hull.

Earth, bald eagle.

The paint brush of the Statue of Liberty has decayed, and the future of freedom can no longer be painted.

NASA launch base, the spacecraft built with all its strength enters the take-off test phase.

A combat team composed of three astronauts and 12 elite ground fighters is intensively training for liftoffs.

"I know, most of you have never thought that one day you will need to fight in space.

It is an honor for you and the Marines to undertake this great mission now. "

Below "CNM's FK~", a Marine cursed in a low voice.

First-class navy, second-class air force, third-class land, fourth-class guards, fifth-class Ma Run...

Take the least salary, use the worst weapon, take on the wildest tasks, and play the hardest life.

This is the Marines...

It doesn't matter if you are made by Kejin on the earth, after all, you can still be buried in the earth when you die.

Although most of the time, the corpse has been rotten and unsightly, otherwise it will just "bang."

Scattered flowers~

But it can also be regarded as nourishing the mother earth and contributing to the earth.

It's better now, and I have to be sent to outer space to set off fireworks, "So, the fifth class is cheap, like the president..."

The commanding authority of the Marine Corps belongs to the President, which is the fundamental reason why they became the fifth-class Ma Run.

This thing is a malformed product.

The command power is not yet in your own hands, so what are the equipment and personnel doing so well?

What if you want to change the president one day, and you rush to rebel?

"Hey, man, be careful to be heard." Someone reminded him that it's better to say less.

In this excess of freedom, the freedom of speech has certain limits.

Freedom is within the boundaries, and outside the boundaries...

When people are gone, there will be no problems, and freedom will continue, Ullah!

...

...

At 8:20 at night, the Futuristic Rhapsody Park stopped at the pier where it sailed.

A rich dinner was prepared in the club to welcome them back.

It's just that no one is interested in what dinner.

They just want to go back now, take a good bath, and sleep again.

"Go to Shanshan to rest tonight?" Qin Yu asked the lazy cat with a smile.

Hmm (three beeps)

The lazy cat shook his head quickly, full of resistance.

She will go back to the hotel to rest tonight, otherwise, she will definitely break down when she is with the group tomorrow.

"Sister Wanxing and Shanshan are with you, I'm leaving first." With a silver bell-like laughter, Lazy Cat pulled Tang Shi and disappeared outside the door.

She won't be fooled!

Besides, there is also Teacher Zhou...

Just become my own sister, give her more time.

However, Lazy Cat made a decision silently in his heart.

Never bring a beautiful girl to see Qin Yu again in the future... a young woman... not even familiar. UU reading www.uukanshu.com

Lan Yue ran to the door and got into the taxi. The poet of Tang Dynasty hadn't recovered yet: "Yueyue, Teacher Zhou didn't get in the car."

"Don't worry, someone will send her back." Lan Yue said with squinting eyes.

"But..." Tang Shi wanted to say something else.

"Don't do it, Senior Sister, I do it for your own good." Lan Yue rarely looked at her seriously.

If it weren't for pulling her to run fast enough, she would have to passively join the battle tonight.

When the time comes, things will change rapidly, and she is a good girl, passively accepting temperament.

It's normal to be eaten, but I just took her to escape from the clutches...

Although, this clutch is sinking.

But for this kind of karma, it's better to let yourself bear it.

Besides, there are enough sisters sharing together.

Chapter 758: Want you to feed me

"Do you want me to see you?" Jiang Xiaoshan looked at the Cayenne car and waited on the roadside, Zhou Xue, who was helpless like a little girl, smiled playfully.

Teacher this week, looks solemn and elegant, but I didn't expect the addiction to be quite big...

Just one night, I was reluctant to leave.

"You send Wanxing and Teacher Shen back first." Qin Yu's expression remained as usual.

As a sea... Well, five good young people.

This thing of face can sometimes be taken down and put away.

They are all from their own family, and there is nothing to see outside.

"Be careful, don't mess it up." Jiang Xiaoshan pursed her lips and chuckled, greeted Li Wanxing and Shen Bing to get into the car.

Sitting in the car, Li Wanxing's expression was a little bit resentful, but her mouth refused to admit defeat: "Little Sebastian, I wish you a good time."

"Well, we will have dinner together tomorrow night." Qin Yu nodded and smiled.

His eyes lit up, but his mouth was saying: "Who is going to have dinner with you, the uneasy little colorist, hum."

Watching the car go away, Qin Yu shook his head dumbfounded.

This girl is good at everything, except that she opens her mouth too much.

If you don't have that mouth, it must be a good car.

"Ms. Zhou, let's go!"

Coming to the side of the road, stretched out his hand to hold the shy Zhou Xue, and the two walked forward side by side.

In such a good weather, of course, it is necessary to bring the teacher down the road and enjoy the romance.

Sometimes, it is not only money that can create romance.

Salary can also be used~

On Cayenne, Shen Bing, who was sitting in the back row, put his hands around his chest, closed his eyes and looked calm.

But from her ups and downs and exaggerated fluctuations, it can be seen that her heart is not as calm as she looks.

Some things made her unclear and messed up.

Looking around carefully, Shen Bing unexpectedly found that she was surrounded by "enemy troops."

In a circle familiar with ease, except for myself, all the Qin's army...

As he walked all the way to the Bund, Zhou Xue, who was previously nervous and at a loss, has completely let go.

Holding Qin Yu's arms generously, like other young lovers, walking forward talking and smiling.

Although things are as they are today, it is somewhat accidental.

He is Lan Yue's boyfriend again, and seems to have an unclear relationship with other girls.

Even Shen Bing had such an ambiguous taste.

But since it has already happened, Zhou Xue will not go too entangled.

This year, she is 34 years old.

For 34 years, I haven't really experienced the taste of love.

Now that I found it this time, why should I give up on my own, just because of the secular definition and vision?

If she is a person who cares about worldly views, she has already been married to the son of the family under the arrangement of the family.

Where is she now, the absurd thing of last night?

At the thought of her daring move, even after the cardamom year and becoming a young woman, Zhou Xue was still ashamed of herself.

Before last night, she was still a pretty girl.

Suddenly, he made such a bold move, still with a clear consciousness.

Of course, Zhou Xue didn't admit the point of "clear consciousness".

It's all alcohol...

Otherwise, the moonlight is too fascinating. Some studies do not say that the moon tide will cause mood swings in women, but she is one of the victims.

As for "waking up?"

No matter how sober, everyone wakes up and I am drunk alone, it is impossible to wake up in this life.

"Xiaoyu, do you dislike me?" asked Zhou Xueyouyou, who was standing on the Bund with the sea breeze in his arms and being held by Qin Yu.

Age is a hurdle that cannot be overcome.

Although Zhou Xue admits to herself, she doesn't need any difference.

But the traces that the years leave on the body cannot be erased.

Even this trace is much slower than people of the same age, much less.

But after all, she couldn't compare with the little girl of seventeen or eight, and there were one or two faint smile lines on the corner of her eyes.

Women are always so sensitive to the issue of age.

She was a little bit worried about gains and losses just after being together.

She is 34 years old, 11 years older than Qin Yu. How can she ignore such a big gap?

With her chest tight, Zhou Xue hurriedly put her arms in front of her in a panic, her cheeks were already slightly shy.

But in my heart, it is tight with joy!

She didn't resist the little action of this bad guy at all.

And for the answer she wanted, Qin Yu also responded with the most straightforward action.

She kissed those red, tender and moist lips, and Zhou Xue was confused by the passionate emotions in her heart.

"If this is just a beautiful dream, I hope I will never wake up." Zhou Xue.

...

...

At night, weird sounds are always mixed.

Just like in a hotel room, the wailing all night made the big brother on business toss and turn around and stayed up all night.

When going out in the morning, people stared into the eyes of two pandas.

The eyes that looked next door were full of jealousy and unspeakable resentment.

If it weren't for the difference in size between the two parties, he would have to talk to the other party for anything!

However, the thought of the stunner who followed the other person into the room made the eldest brother's heart twitch.

In this life, he may never fall in love again.

Solemn and elegant, graceful and luxurious, elegant, and gentle, any beautiful words that can be thought of are not enough to describe her beauty.

The elegant and plain smile, the temperament exudes enough to overwhelm all sentient beings.

But why is there always the screams of the goddess wailing in my mind.

Oh oh oh...

It's so difficult for me!

Keng Keng~

Open the door and let the waiter push the dining car to the living room. Qin Yu took out a red ticket and put it in the other's hand: "Thank you."

"Please take your time, Mr. Qin." The food delivery man quickly swept around his eyes with the corner of his eye.

I didn't find the figure that drew my mind, and I couldn't help but feel a sense of loss in my heart.

Even the red notes in his hand are not fragrant anymore.

The entire hotel knows that there is a man and a woman living in Room 806, looks, build, and temperament.

I don't know how many times better than any celebrity. The people I met when I opened the room last night looked like a lost soul.

Just for the job of delivering the food just now, I was fighting to death and death.

In the end, the little brother was better at delivering food, pushing the car while everyone was vying for it and ran away.

It's a pity that there is no chance to see the goddess.

Presumably, the goddess is still sleeping soundly in the room, right?

Covering his heart with his hand, the little brother staggered out of the room, moving gently to close the door.

With a funny look at the meal delivery brother who seemed to be possessed by a dramatist, Qin Yu took out the snack box from his handbag again.

I took two chips to moisturize my throat first, then pushed the car to the bedroom.

In the bedroom full of red roses, there are only dilapidated flowers and willows left.

The petals on the carpet seem to be crushed repeatedly by some heavy object, and they become disfigured.

The bed sheet was crumpled and crumpled, and there were a few scratches on it that looked like nails scratching a car.

"Ms. Zhou, get up for dinner." Qin Yu pushed Zhou Xue on the bed when he parked the dining car by the bed.

"Well, I have to go to bed again, so sleepy~" Zhou Xue said coquettishly.

The corners of his mouth turned up, showing a happy smile.

"If you don't get up again, you won't be able to keep up with the dance troupe's car." Qin Yu opened his cuff and said after looking at the time.

"Ah~" Suddenly got up, UU reading [www. uukanshu. com](http://www.uukanshu.com) Zhou Xue sat upright on the bed, looked around and asked, "What time is it?"

"7:25." Qin Yu responded.

"Ruined."

Lifting the quilt, Zhou Xue quickly searched for it: "Oh, socks can't be worn... Why are the pants torn, clothes..."

Seeing all the strange holes in her outfit, Zhou Xue was anxious and made a big red face.

This, is she possessed by a demon?

If she asks Qin Yu personally, she will surely get a satisfactory answer.

The possession of the devil was far more terrifying than she had imagined.

Also, the succubus belongs to the devil, not the devil...

"Someone will bring the clothes later, and eat first." Qin Yu untied the lid, revealing an excellent breakfast.

Soft-boiled eggs, a few slices of whole wheat bread, and a glass of freshly squeezed orange juice.

This is just for Zhou Xue. After Qin Yu's breakfast is delivered to her, he will go to Jiang Xiaoshan to eat it.

She made a special breakfast for love and waited for the Lord to arrive.

It is not that simple to want to be a young and promising young man.

Without superb time management experience, it will be overturned every minute!

Fortunately, Brother Yu is an experienced [time management master], drifting and thief...

Realizing that it was useless to be anxious, Zhou Xue calmed down again.

Sitting on the edge of the bed, holding the bed with both hands and smiling elegantly: "I want you to feed me."

That pesky tenderness was like water, completely different from the feeling Qin Yu experienced with other women.

Young women will act like a baby, and gods will also fall down.

It's dying~

Chapter 759: Tutu: well-behaved, sensible, red-eyed

After breakfast, I bought clothes and delivered them to my room.

White T-shirt, jeans.

A light yellow transparent outer jacket perfectly sets off Zhou Xue's temperament.

Using the car arranged by the hotel to take Zhou Xue to the place, Qin Yu did not rush to leave.

The lazy cat is still on it, so he is not allowed to meet.

And Chief Tang, everyone is now a friend. As a half landlord, he can't give it away if he is going to leave.

This kind of politeness is still necessary...

Take the elevator upstairs with Zhou Xue. As soon as the door opened, she ran out like a wind.

"I'm leaving first, remember to miss me, and I will come back to you when I have time."

Between waving his hands, Zhou Xueren had disappeared in his room.

Is it free and easy, or reluctant to face parting.

Maybe there are both, but Qin Yu should be more concerned about the lazy cat now.

The days of meeting between them were short enough, and another sister was brought up this time.

Although Lazy Cat still didn't know anything, Qin Yu was still full of guilt.

However, this guilt could not stop him from yearning for beauty.

This is the most helpless place.

This is a nature, a nature that is integrated into the soul and DNA, and cannot be eliminated.

What resistance does he have to beauty?

"Lazy cat!" Qin Yu said to the room after knocking on the door.

Although I know no one will hear it, I still say it habitually.

Click!

The door opened, and the lazy cat, who had already painted light makeup, looked at him in surprise:

"Why are you here?"

"Of course I'm here to see you off." Qin Yu was justified.

"Muma~" sent a fragrant kiss, and the lazy cat happily took him to the room: "Senior Sister, Qin Yu is here."

"what?"

There was a scream from inside the room, and then flashed from the corner wearing a Tang poem built in.

Only wearing a cute tube top, Tang Shi didn't want to be seen.

"Sister, he is tired of the look of your swimsuit." Lazy cat yelled into the room with his hand on his mouth.

After speaking, he was already laughing in Qin Yu's arms.

"Don't talk nonsense." Qin Yu hugged the lazy cat and said to his heart, "I'm not tired of it!"

This can only be said in my heart.

In front of the lazy cat, it is not good to be too straightforward.

"I'm ready." When Tang Shi walked out of the room again, a light makeup was applied to his face.

The white on the inside and the outside, wearing a thin coat.

"Me too, let's go!" Lazy Cat said with a smile.

Holding Qin Yu's arm on one side and Tang Shi on the other hand, Lazy Cat walked out the door happily.

After meeting her teammates, Qin Yu was the only one in her eyes.

Before getting into the car, Lazy Cat hugged him and said happily: "This is the happiest day for me this year."

"Me too." Qin Yu responded guiltily.

Facing such a perfect lazy cat, Qin Yu felt like a hopeless bastard.

How could he be worthy of such an excellent and perfect lazy cat.

"Don't be like this, you are the love of my life."

Caressing his side face with his hand, Lazy Cat told him affectionately the confession deep in his heart.

The keen heart makes Lazy Cat aware of his guilt, but she doesn't need it.

All she wants is to be able to stay together with Qin Yu, no matter what...

"I will miss you." Qin Yu said seriously.

"Me too." He tiptoed up and kissed him on the mouth, and the lazy cat ran to the bus.

Goodbye!

After making a special trip to the last row, Lazy Cat waved his hand and said silently, with a happy smile on his mouth.

Qin Yu also stood there, waving goodbye to her continuously.

Qin Yu slowly lowered his hand until he could not see the shadow of the bus at all.

In the car, the lazy cat's smile gradually faded.

There was a touch of melancholy in his expression, and the lazy cat rarely showed a soft side.

At this moment, a hand was placed on her shoulder.

Looking at Lan Yue who turned around, Zhou Xue said with a serious expression: "Yueyue, we have to talk."

...

...

The collision between old and new is not only between women, but also between competitors.

Just like Xia Guo Semiconductor suddenly appeared in the eyes of the public today.

This name, which has never appeared before, detonated the entire network as soon as it appeared.

No, it should be said that it is global.

EUV lithography technology, which was originally only mastered by ASML, was suddenly broken by an unknown company.

Before that, the company had never even appeared in the public eye.

Through the enterprise APP query, it did not exist three days ago.

From scratch, it only took three days.

We have the most advanced lithography technology in the world...

The shareholding structure of Xia Guo Semiconductor is also very interesting.

Luye Capital holds 60% of the shares, and the remaining 40% is owned by Miracle Company.

The dark horse of science and technology that has been in the limelight over the past two years and has remained enthusiasm.

But where did Luye Capital come from, and what is its background?

In recent years, Miracle Company has been cared for by Xia Guo in all aspects.

In the eyes of foreign media and institutions, it has a serious red tendency and hidden background.

Therefore, it can develop smoothly and rise rapidly.

Then, if you can take away the majority of equity from such a miracle company, Luye's backing is bound to be not small.

Various investigations have come in one after another, and there has also been a so-called identity rise on the Internet.

Soon, the background of Luye Capital was investigated, and the other party did not want to conceal it.

Anyone who logs into the enterprise APP can see the name written in the column of legal person: Ye Jinlan.

ASML therefore gave an urgent note to the court, trying to figure out what happened.

The serious warning of the Bald Eagle made the Netherlands and ASML extremely nervous.

At the same time, the global industrial structure was greatly shaken by this news.

East, a great country.

With its own endeavor, it closed the technological gap and broke the technological barriers of the Western world.

Step out of your own road to a powerful country, mighty!

"The response from the outside world is very strong, the people are very excited, and the Internet is already noisy."

When referring to the public opinion raised by Xia Guo Semiconductor on the Internet, Ye Jinlan smiled from ear to ear.

As the representative who was elected by the court this time and held shares.

Ye Jinlan's status in the Ye family has risen, and now even her uncle can't help it.

The meeting is more of turning a blind eye, and the cynicism that pokes the heart is gone.

Brothers and sisters of the same generation at home have also become cute little bunnies.

Well-behaved, sensible, red-eyed!

"How is the old man's body?" Qin Yu asked concerned.

Ye Lao has checked his body regularly, and he doesn't know what happened last time.

"It's still the same, it can only be maintained!" The excitement in Ye Jinlan's tone quietly receded.

Grandpa's physical condition has been maintained in a stable state.

As for how long this situation can last, it is currently unknown.

The research on "kidney power" is not only miraculous, but also a team of medical experts in the court.

However, the progress is not as good as expected.

They made some progress, but they didn't help Ye Lao's condition.

According to the expert group: "Now, it can only be seen how long the old man's body can last."

Do everything and know the destiny!

If you can't hold it for a day, it will be difficult to cure the medicine, and it will be useless if the gods come.

"Don't worry, UU reading www.uukanshu.com will be fine." Qin Yu said comfortingly.

Ye Jinlan took a deep breath and smiled, "Actually, Grandpa is mentally prepared, and so am I..."

By Ye Lao's age, he was already bearish on life and death.

Had it not been for this precious granddaughter who could not rest assured and wanted to support her, Ye would have wanted to rest long ago.

Go down to see my wife, old comrades-in-arms.

The old man missed them.

Ye Jinlan couldn't look away at first, but today, it's time to look away.

"Whenever you come, just take a look at me and grandpa." Ye Jinlan told her miss.

"I went to stay a few days ago." Qin Yu responded.

Just half a year, but it seems like a long time in the past, it's time to go and see it.

"The equipment required by the miracle will be delivered in the first batch, and you will make people ready for handover."

Godson's output has been at full negative, and now, I can finally breathe a sigh of relief.

As for the orders of other companies, they must be placed at the back.

However, Godson's "dominant family" monopoly will inevitably be broken.

"Our leading position in the chip will not be shaken by this. At most, we will lose some of the low-end market."

When sharing technology with the court, Qin Yu thought of this possibility.

However, such a big pot must be memorized by a tall man. The miracle is not that I can't memorize it, but it's unnecessary.

The harm is greater than the advantage. In this case, the miracle is placed in a weak position and the court will be in the limelight.

It will not lose his benefits, but also paralyze the opponent.

After all, this technology is not so glamorous.
