Chapter 761

Clang! Clang! Clang!

Boom! Boom! Boom!

At the next moment, the ground started to tremble, as if there was a giant army rushing in their direction.

Everyone glanced around in fear, only to see a huge troop of soldiers surrounding them.

The soldiers' expression changed as they realized that this troop was the Dragon Legion from the Iron Brigade.

"I want to know who dares to touch the God of War?" bellowed Alfie as he strode over.

Boom! Boom! Boom!

The Dragon Legion arrived simultaneously, blocking all possible paths of escape.

Sarah and the other influencers were shocked to their core by this intimidating scene.

After all, they had never seen anything like that before.

Pierre and Jenson exchanged a bewildered gaze as their expressions drastically changed.

These men seem to be coming for Levi!

“Huh? Who are you to know Anson? What a joke!”

Pierre shot a disdainful glance at Levi.

Anson is the right-hand man to the God of War. Naturally, an insignificant person like you won't know him.

“He's the God of War you're referring to!” announced Alfie.

“What?”

A look of astonishment appeared on Pierre's and Jenson's face. The color had been completely drained from their faces.

“How is that possible? How can he be the God of War? I don't believe you.”

Naturally, Pierre was unwilling to face the reality.

“He's really the God of War. Sir, Captain Mortimer reports!”

Mortimer saluted him.

Witnessing this scene, Pierre and Jenson felt like a bombshell had been dropped on them.

Levi's question came like a bolt from the blue, causing Sarah and the rest to be struck by lightning.

Their bodies were already drenched in cold sweat.

He still remembers this?

Initially, when Sarah insisted on demanding an apology from Levi, he claimed that no one could bear the consequences of his apology.

He even had the audacity to say that everyone must kneel when listening to his apology.

Back then, everyone scoffed disdainfully at his presumptuousness.

Now, they all understood finally.

Indeed, no one could bear the consequences of his apology!

After all, he was the mighty God of War!

"I did. Not only did I mention your name, but I also even brought up Anson's name. Then, I got chased out..."

Pierre was overcome with worry.

Having offended the God of War, I'm doomed.

What'll happen to me in the future?

"What? It didn't work even after you mentioned mine and Anson's name? Were you mistaken? How dare Mike disrespect the Jones family!" Exclaimed Michael furiously.

"Mr. Jones, you don't know this, but the God of War came today! This man is Erudia's legend. Mentioning anyone's name would still prove futile." Replied Pierre agitatedly.

"What? In that case, there's no way around it. But the Jones family is acquainted with the God of War. Didn't you mention Anson's name to him? Anson is his right man! I don't think he'll make things difficult for you as a favor to Anson." Said Michael, feeling puzzled.

"Don't even mention it. The God of War said he doesn't even know Anson. I was almost shot dead! Mr. Jones, you're so unreliable."

Michael was confused.

That included Star Entertainment's boss and eighteen of its most popular celebrities!

What's going on with them?

This sudden scene caught everyone off guard.

Why are they kneeling?

Zoey and the others had no clue of what was happening.

Aren't they supposed to come for revenge?

Zoey, the secretary and Seth exchanged incredulous glances with one another.

The first person who simultaneously appeared in their minds was Levi.

When Levi said that, everyone glanced at him with bated breath.

Zoey and the other two had the same idea.

Could it be that this is all Levi’s doing?

The timing is just right.

Previously, Levi said that he’ll settle this incident.

When he returned, Pierre and the others came.

It must be him!

But how did he do that?

Zoey was very pleased with Helena's results and character.

"Helena, your popularity skyrockets recently. A lot of people might be seeking you out now. Please resist the temptation and not fall into any traps." Advised Zoey.

"I understand, Ms. Lopez."

Helena was too popular now.

Numerous advertisers sought to hire her as their spokesperson, while many agencies tried to steal her away by offering high salaries.

However, Helena was not tempted at all. Instead, she followed all Zoey's arrangements.

When the billionaires from overseas offered high amounts of money to invite Helena to drink with them, she refused.

Yet, what she did not expect was that she caught the eyes of the South Hampton Prince Gang.

At that moment, a group of youngsters were smoking and drinking together in a luxurious club at South Hampton.

Tyler and Wales Jones were amongst them.

Exchanging glances with each other, Tyler and Wales subconsciously said, "We know Zoey. She's indeed one of the best! Although she's married, she's still a virgin."

Lucas glanced at them suspiciously. "How do you guys know her so well?"

Wales explained, "Because the Jones family..."

At that moment, Tyler interrupted him, "It's because we saw Zoey personally during our trip to South City. I think she's a much better choice."

As he spoke, he fiercely glared at Wales, reprimanding him for almost mentioning Levi's name.

The Jones family refused to acknowledge Levi's identity and existence.

Revealing his identity was a humiliation for them.

Zoey's eyebrows knitted together.

It's a short time before the wedding day.

How can he earn one billion by then?

Oh, right.

The Jones family!

Zoey agreed instantly. "Sure! One billion it is then."

"Remember, no one else can help him." Reiterated Robert.

"Yeah, that's right! Six years ago, he gained a net worth of billions within a single year. Now, he has to depend on himself to earn a billion. We want him to recreate what he was capable of back then!"

After listening to their points, Zoey knew she had fallen for their trick.

Lucas commanded, "After the fan meeting, invite them to our party."

"Understood, Lucas. Consider it done." Chorused everyone simultaneously.

The man left afterwards, waiting for the two women's arrival at a French restaurant.

He loved formalities, always ensuring that everything was romantic.

Otherwise, it would be such a waste to just sleep with these women.

As the atmosphere must be perfect, he instructed the others to invite the ladies over instead of forcing them to come.

In the evening, Helena and Zoey were about to leave after the fan meeting ended.

However, there was an Rolls-Royce parked at the entrance.

A few servants, all wearing suits, stood at the side of the car.

The butler at the front bowed in a gentlemanly manner. "Hello, Ms. Lopez and Ms. Engler. On behalf of Mr. Lucas Quinn from South Hampton, I extend his invitation to dinner to both of you."

Right at that moment, Levi drove to the front and blocked the Rolls-Royce's path.

"Hop in. I'll treat you to a meal." Said Levi.
