### Chapter 127

Olivia thought, 'Her nonchalant expression makes it look like she can regain her freedom anytime. Impossible! How can she escape the law with irrefutable evidence?'

Olivia immediately calmed down.

'I'm here for something,' Olivia said.

'Mom and the others have prepared a gift agreement. When you sign the contract, you will transfer all the assets under your name to the Miller family,

'They will then write you a letter of understanding and you'll be exempted from the death penalty. You'll be sentenced to life imprisonment instead. You'll be out in ten or twenty years if you behave well.'

Gina was slightly stunned.

Even though she thought that she already knew how ugly the Miller family was very well, she was still shocked by the shamelessness of the Miller family this time.

'Dream on,' Gina refused without hesitation.

Olivia was in disbelief. She tore off her disguise and said arrogantly, 'Gina, are you crazy? You're willing to give up your life for money? Would you be alive to spend the money if you don't give the assets to us?'

'This is the last bit of mercy we have left for you. Learn to appreciate our kindness.'

Olivia was so jealous that her heart ached when she learned of Gina's two hidden identities.

She even wondered if all of this was a dream.

She used to look down on the countryside girl who was inferior to her in every way. However, Gina had suddenly become a big shot. She could not accept this difference. But so what if she had more titles? Gina's reputation was ruined.

However, although she did not know how many assets Gina had under her name, she knew that it must be a lot of money.

Before coming, Olivia thought that Gina would agree to sign the contract and transfer her assets to save herself.

She could even see the beautiful future waving at her. In that future, she was enjoying a luxurious life using Gina's money. It was blissful

However, Gina actually disagreed.

Is she crazy? Olivia thought.

Gina smiled when she heard what Olivia said. 'Don't even think about getting my money.'

Olivia was a little angry. **'Alright, Ca. It looks like you won't repent until you have one foot in death's door. I'll fulfill your wish since you want to be sentenced to death. Apologize to Dad properly when you're down there! "The Miller family has already done our best for you. We have given you a chance to live. an act. She was even secretly observing Gina's reaction from the corner of her eye. She felt that Gina was stubborn. She thought that Gina would beg her for mercy and agree to transfer her assets when she saw that she was about to leave. However, Gina was still as calm as ever.. Gina did not show any signs of going back on her word. Olivia suddenly felt a little frustrated. She wanted to get the assets under Gina's name. Just as Olivia was about to slowly leave, Gina suddenly spoke again. The Miller family? You sure are something. You've been staying with the Miller family for a long time. Do you think you are from the Miller family because of that? "Olivia, were you never curious about who your biological parents are? You didn't think to look for them all these years?" Olivia was baffled by what Gina said. She thought, What's going on? Why is this bh suddenly mentioning my background?"

Olivia retorted, "You're right. I'm the Miller family's adopted daughter. However, you are not treated as well as me even though you are their biological daughter.

"Gina, you're really pitiful. Your family doesn't like you even though they acknowledged you. You should have known better and left. However, you shamelessly stayed in the Miller family. You brought this upon yourself!"

Gina ignored what Olivia said. Those words could not hurt her at all. She continued, "Actually, you don't have to look for them. They will come and look for you. Moreover, your father has always been by your side."

Olivia was completely stunned when she heard this.

She thought, 'My biological father? What does Gina know?

Olivia had a bad feeling. She wanted to leave. However, she was also very curious and wanted to find out who the biological father Gina was talking about was.

Olivia clenched her fists and said through gritted teeth, "Don't talk to me in riddles here. Can't you just say what you want to say?"

Gina did as Olivia wished. "Lucas Harris. He is your biological father,"

Gina had received the paternity test results from Michael before she was taken back to the detention center by the police.

Just as she had guessed, Olivia was Lucas's biological daughter. It was no wonder that Lucas had always been biased and protective of Olivia. It far exceeded the master-servant relationship they had.

Olivia felt as if she had been struck by lightning. "What nonsense are you spouting? Do you think you can humiliate me by saying that a servant is my biological father?"

Then what should I say? That you're not going to admit to having this biological father?

So, in other words, you prefer to be

called an orphan?" Gina said with a faint smile.

"You!"

Olivia was trembling with anger. "I won't believe your nonsense!"

With that, Olivia hurriedly left.

On the way home, Olivia's mind was filled with Gina's words.

"Lucas is your biological father."

"No, I don't want to... He's not, he's not!" Olivia muttered to herself with all her might.

"Olivia, what are you talking about?"

Olivia was muttering with her head lowered and did not look at where she was going. She almost bumped into Noah.  
N-Noah.”

Olivia was shocked.

Ella hurriedly went forward when she saw Olivia return. She asked, ‘Olivia, how did your discussion with Gina go? Did she agree to transfer her assets?’”

Olivia shook her head. “No, Gina didn’t agree. She even said...

“Forget it. It doesn’t matter what she said. She didn’t say anything nice anyway. I’m worried that you will be in a bad mood. after hearing it, so I’d better not say it.”

Ella’s expression darkened. “Don’t stay silent. Tell me.”

“Gina said that she would not give us a single cent even if she had to burn her money. She also said that she did not reveal her true identity back then because she was afraid that we would cover her money. She also said that we are having designs on her assets now that her hidden identity has been exposed, and that we are shameless... Olivia looked innocent and conflicted. She spoke as if what she said was true.

Ella’s expression changed, and she felt a little guilty. “How dare that father-killing b\*\*d say that we’re shameless? I was just giving her a chance at survival on account that she’s still my child. Yet she dares to be so brazen? She’s worse than a beast!”

Ella cursed and once again believed what Olivia said.

It was as if she had selectively forgotten that Olivia was a natural liar.

**That s!t! Scrooge! How is she going to spend that money after she dies? Yet she’s not even willing to exchange money for. her life! What an idiot!”** Noah cursed. **Ella felt a little depressed that she was not going to get Gina’s “inheritance.”** She rubbed her temple and turned around to go upstairs to rest with a tired expression. **Only Olivia and Noah were left in the living room. Noah said to Olivia, “Olivia, come with me. I have something to tell you.”** Olivia felt a little strange. **“Noah, what do you want to say that you can’t say in the living room?”** Noah looked at the second floor meaningfully. **Olivia thought, That means... He’s afraid that someone hears them?”** Although Olivia found it a little strange, she did not think too much about it and obediently followed Noah into the room. **After entering the room, Noah suddenly turned around and hugged Olivia. Olivia’s heart sd a beat and she immediately struggled. “Noah, what are you doing... Let go of me.”**

“Olivia, we’re the only ones here now,” Noah emphasized and refused to let go.

Olivia looked at Noah in horror. “What do you mean?”

“Olivia, my baby. I miss you.”

To be precise, he missed her body. He had to admit that Olivia was experienced and knew how to do that. Noah could not forget the taste of that time in the hotel. It was just that he did not have the chance to have sex with Olivia again.

It was precisely because they were in a confined space that Noah became bolder and started to touch her.

Olivia felt uncomfortable. She had done it last time because she needed Noah’s help to

please Ella. She did not want to have a second time with Noah.

“Noah, don’t! I don’t want to!”

Olivia struggled with all her might and finally pushed Noah away.

Noah said with a dissatisfied expression, “Did you forget who put in a good word for you when you were angry? Did you forget who agreed to put on an act with you? Did you forget who got the company’s accountant to cook the books and fool the world?”

“Who made Eisen change his mind and not withdraw his investment in Miller Jewels so that you can return to this family?”

“Who was the one who tried their best to help you explain the situation and appease Ella’s anger after she found out you were a fake?”

“Olivia, won’t you do it on account of all the kindness I’ve shown?” Noah questioned.

Olivia looked troubled. She braced herself and said, “How could I forget your kindness? I want to repay you, but can I do it in another way?”

“I don’t need other ways. I don’t need those. I just miss you. Olivia, I like you!” Noah said,

“Do you know how happy I was when you said that you thought I was the best brother?”

“I like you, and not in the way an older brother likes his sister!” Noah emphasized.

Olivia felt like she had eaten a fly. Although he was very close and familiar with her, such a relationship made her feel a little uncomfortable. She had had no choice last time.

Today, no matter what, she would not let Noah touch her.

“Noah, don’t be like this. I’m back in the Miller family now. I’m the Miller family’s daughter and your sister. What happened in the past is in the past. Let’s not mention it again, okay?”

Olivia tried to have a good talk with Noah.

Noah, on the other hand, did not have the patience. All he could think about was having sex with Olivia.

“No, we’ve already done that. You should know that we can’t be ordinary siblings anymore. Olivia, you give yourself to whoever you want. Why can’t you give it to me?”

Olivia was speechless.

Noah was impatient. He pulled Olivia onto the bed and pressed her down.

“Noah! Noah, calm down!”

Olivia resisted.

Noah held Olivia’s hands. “Be good and listen to me. I will be very gentle with you!”

Olivia did not have as much strength as Noah. She was exhausted after struggling for a while. She was about to go crazy. She did not want to do it with Noah.

However, Noah was already frantically tearing off her clothes.

Olivia felt deep helplessness and despair.

Suddenly, someone hit the back of Noah’s head violently. Noah was in so much pain that he almost fainted. He immediately fell onto the bed dispiritedly. Olivia was a little confused, but she had already instinctively pushed Noah away from her. She hurriedly tidied her messy clothes.

Olivia put on her clothes and looked up, only to see Lucas.

Lucas had an ashtray in his hand. He had smashed the ashtray on Noah's head. Noah slowly regained his senses and turned around, grimacing. "Lucas? What the hell is wrong with you? You hit me? Are you crazy?"

**L's expression was terrifyingly dark. "Noah, she's your sister. What were you going to do to her? Huh? Let me ask you, what were you going to do to her?"**

**Noah was stunned. He did not know why Lucas was so angry. Moreover, he looked like he wanted to eat him up. 11:54 Fri, 24 May Chapter 128 JUG 90%**

Lucas did not reply. He only gripped the ashtray tightly in his hand, looking like he was going to hit Noah's head again at any moment.

"I'm talking to you. Do you f\*\*g not understand?"

Noah stood up, wanting to s n a c h the ashtray from L c a s 's hand and hit him.

Olivia hurriedly went forward and stopped Noah in case the two of them had a bigger conflict. "Noah, don't!"

Noah looked at Olivia in surprise. "Olivia, you're on his side? A s e r v a n t?"

Olivia was not protecting Lucas. She just did not want to alarm the rest of the family and let them know about her current relationship with Noah.

"Noah, you don't want others to know about us, right?"

Noah thought about what Olivia was saying.

He suddenly figured it out. Perhaps Lucas would tell others about him having sex with Olivia. Even though they had not done it, it would not be good if word spread out.

Someone who cared as much about his reputation as him...

Chapter 129

However, Noah was still angry. He threatened Lucas, "You old f a r t, I'll kill you if you dare to spout nonsense."

At the same time, he was also

a little curious about why Lucas wanted to meddle in someone else's business.

Luca's gaze was terrifyingly dark, but he did not say anything else. Olivia could see the killing intent in his expression.

Olivia's heart s i p p e d a beat. For some reason, she was a little afraid.

"Lucas, you can leave. Please don't tell anyone about me and Noah," Olivia instructed.

"Understood," Lucas grunted as he nodded in agreement. "I'll pretend that I didn't see anything as long as Mr. Noah doesn't fool around anymore."

"Miss Olivia, come with me," he added.

Noah might do something to Olivia if Lucas left alone.

“Noah, calm down by yourself first,” Olivia said, then quickened her pace and left Noah’s room.

Lucas glared at Noah before he left.

Noah cursed. “You old f a r t, just you wait! I’ll dig your eyes out if you don’t stop staring.”

Lucas did not say anything.

He followed Olivia to the backyard. Olivia had something to say to Lucas. “Are you crazy? Why did you hit him? How can I stay in the Miller family if he gets angry and tells Mom?”

Her life was finally going to return to peace, just like before the family acknowledged Gina, now that Gina was in prison awaiting sentencing.

She didn’t want anything to ruin her happy and luxurious life.

Olivia was a little worried at the thought of Gina. “Are you sure what you did was foolproof? I went to see Gina today. She’s fearless.”

It was as if she was confident that she could escape unscathed.

Olivia was inexplicably worried. Gina was in jail, but she was still worried.

“Miss Olivia, don’t worry. The evidence is irrefutable. How can she have the chance to come out? It’s just that we don’t know how many assets she has under her name. It would be a pity if we can’t take them all.”

Lucas looked regretful.

“Anyway, we can’t let Gina have a chance to make a comeback, Olivia said.

They would be in trouble if C i n a made a comeback.

Lucas said, “Miss Olivia, don’t worry. I will not implicate you if things get exposed.

Besides, I did all those things on my own. I’ll take responsibility for my actions. It has nothing to do with you.”

Gina had said that Lucas was her biological father.

Olivia subconsciously sized up Lucas.

She did not think she looked like Lucas Gina must be lying to humiliate her. She would not be deceived.

What kind of father and daughter did not look alike?

At that thought, Olivia heaved a sigh of relict.

She did not want to be the daughter of a s r v a n t.

Olivia put on the airs of a high and mighty employer and said, “You’ve done well, Lucas. There will be benefits for you. I’ll tell my mother to increase your salary immediately. In the future, I’ll think of a way to give you any benefits you want.”

Olivia thought that Lucas only wanted money.

Lucas did not say anything and only nodded.

Late at night.

At the Jackson Group.

“Mr. Jackson, you’ve been watching it the entire day. Why don’t you rest for a while?”

David asked when he saw Gabriel’s eyes become bloodshot.

“Gina isn’t safe yet. I can’t rest,” Gabriel replied  
Gina was now in the detention center, but he had yet to find evidence to prove her innocence. How could he rest in peace?  
he hospital to find evidence conducive to proving Gina’s innocence.  
Gabriel had David collect surveillance footage of the day of the incident from the  
He had gotten someone to investigate, but he was still worried that others would miss something. He had to take a look at the footage himself.  
He wanted to see if any suspicious people had approached the ward. He would screen the people who appeared near the ward closely  
Since they had no clues, they could only try finding a needle in a haystack. It was a stupid method, but there was nothing else they could do. The real murderer had been very meticulous.  
Or rather, the murderer seemed adept at killing people and wiping out any traces of his involvement. He knew how to avoid detection.  
David sighed. He felt a little helpless when he saw how gloomy Gabriel was. The real murderer had hidden his tracks too well.  
They couldn’t find a suspicious person anywhere within two meters of Phillip’s ward in the surveillance footage.  
They had to screen the people from a further range, but it was very likely that these people would just be passing by. They would not be the real murderer at all. Moreover, it was impossible to kill without contact.  
David thought, ‘How could the murderer enter the ward if he didn’t go through the door? Through the window, perhaps? However, he would probably be discovered if he climbed up from the window.  
David said, “Mr. Jackson, do you think this murderer took an unusual path and jumped in through the window...”  
Gabriel looked up and glanced at David. He felt that what David said made sense.

## Chapter 130

Soon, David obtained information about the team of workers.  
There were seven of them.  
They did not know how many of the seven people were suspicious. Gabriel did not rule out the possibility that a group of people had committed the crime.  
It was also possible that all seven of them were clean. He would have worked for nothing.  
However, compared to finding a needle in a haystack, he had already narrowed the scope by a lot.  
The chances of getting Gina’s innocence were much higher.  
However, it was late at night. Without concrete evidence, he could not ask David to round these people up overnight.  
He had to wait until dawn  
“Mr. Jackson, there are still a few hours until daylight. Rest for a while. I’ll bring everyone from the construction team

over the moment you wake up.”

Gabriel looked at the time. Although he was anxious now, everything had to wait until dawn.

Gabriel sighed. His heart would not be at peace and he would not be able to sleep peacefully as long as he thought about how Gina was still in the detention center

He was very worried about Gina.

Although he knew very well that

t Gina would not be bullied given her personality, he was afraid that she would be uncomfortable.

“Mr. Jackson, aren’t you going to the lounge to rest?”

David looked at Gabriel in surprise as Gabriel lay down on the sofa.

Gabriel had never been such a nonchalant person.

He must not be in the mood to care since Gina was still in jail.

Gabriel said, “Go and rest too. You’ve worked hard.”

“Not at all, not at all.” David took a deep breath. He had been by Gabriel’s side for many years. The work intensity was high, but Gabriel treated him extremely well

It was all worth it. Gabriel had even given him a Porsche some time ago.

Therefore, David felt that it was not difficult at all to work for Gabriel, not to mention that it was for Gabriel’s lifelong happiness.

After David left the office, Gabriel closed his eyes but he was not sleepy at all. He did not know how long he had been lying there. Gradually, he felt that the office, which had its lights turned off, began to slowly light up.

it was dawn.

Gabriel opened his eyes and took a sip of water. It was still early. He did not plan to wake David up to work. He wanted David to rest for a while.

When it was about eight o’clock, his secretary entered the office to organize the documents. She was a little surprised to see Gabriel in the office. “Mr. Jackson... Good morning.”

“Yeah,” Gabriel replied indifferently.

The secretary thought, ‘Why does Mr. Jackson look a little dispirited and haggard?

What’s going on? Moreover, it seems like he had not left the office the entire night.

There’s even some stubble on his chin. When has Mr. Jackson been so slovenly?’

The secretary was puzzled, but it was not appropriate for her to probe further.

She left after sorting out the documents.

Gabriel got up and prepared to go to the bathroom to wash up.

His secretary returned. “Mr. Jackson, a woman downstairs wants to see you.”

“I’m not meeting her,” Gabriel refused without thinking.

He did not want to see anyone now. He also pushed back his work and focused on investigating Gina.

“Understood.”

Just as the secretary was about to leave, Gabriel seemed to have thought of something and asked, “Who’s that woman? Did she say why she wanted to see me?”

“She said... she had something about her daughter that she wanted to talk to you about  
The secretary thought that t  
the woman wanted to introduce her daughter to Gabriel. She had seen many delusional  
people like her.

Gabriel was stunned for a moment before saying, “I’ll go downstairs to pick her up.”

The secretary was surprised. “Huh?”

Gabriel went downstairs and saw Ruby.

“Gabri... No, Mr. Jackson.”

Ruby’s eyes were red and swollen.

Gabriel was puzzled. “Ruby, didn’t I say that you can just call me Gabriel? You don’t  
have to call me Mr. Jackson, You’re being too polite.”

Ruby frowned and pursed her lips. She mustered up her courage and said, “Mr.  
Jackson, I know that I shouldn’t have come after the Jackson Group issued the  
clarification announcement, but I have no choice..

“I only have Gina. I can’t lose her again.”

Gabriel recalled Gina saying that Ruby had lost her father in her early years and her son  
several years ago.

Ruby continued, “She couldn’t have killed her biological father! She must have been  
wronged! She’s my daughter. I know her. Mr. Jackson, I beg you, can you help me  
investigate this matter and clear Gina’s name?”

“I’ll kneel...”

Seeing that Ruby was about to kneel, Gabriel quickly supported her. “Ruby, what are  
you doing?”

Ruby continued, “I know that I shouldn’t be shamelessly begging you after the Jackson  
Group made that announcement, but I don’t know who to ask for help. I’m not familiar  
with this place...”

It seemed that too many people had misunderstood the announcement.

Gabriel hurriedly explained, “Ruby, Gina asked me to make the announcement. She  
doesn’t want to see me in a difficult position and implicate me. I have never thought of  
severing ties with Gina. Just like you, I believe that Gina is innocent.

“Also, I’m collecting evidence to prove Gina’s innocence. The truth will soon be  
revealed. Gina will be back soon.”

Ruby looked up in confusion, “Gina asked you to make...”

She thought about it and felt that it made sense. Gina had always had a cold exterior  
despite having a kind heart. She must have known that her matter had affected the  
Jackson Group’s share price, and so she asked Gabriel to make that announcement.

Ruby was relieved. She thought that Gabriel did not believe Gina was innocent.

She could understand if Gabriel did not believe Gina was innocent. After all, Gina had  
only known him for a short time.

She was quite surprised by Gabriel’s unconditional choice to trust Gina.

“Ruby, don’t worry, and don’t cry. I’ll handle this. Please believe me.”

“I trust you. I trust you,” Ruby said, nodding vigorously.

“I’ve heard Gina mention that you are not in the best of health. Don’t be too sad or it’ll

affect your body. Rest well. I'll handle the rest," Gabriel said.

"Is there anything I can do to help?" Ruby asked without much confidence.

"I'll handle it," Gabriel said.

"Alright, alright." Ruby nodded. How could a rural woman like her help?

All she could think about after learning that Gina was arrested was to ask Gabriel for help.

She was even afraid that Gabriel would reject her before she came and was prepared to kneel and kowtow to him.

She knew she was useless, but she couldn't just stay anxious and do nothing.

Gabriel arranged for someone to send Ruby home. Before he left, he even comforted Ruby and asked her to wait for the good news at home.
