Chapter 171

Lily broke down and cried. "I want to retract my confession. It was **Olivia** who instructed me to do those things. She threatened me with my nude photos. Even if I returned the money I borrowed previously to her, she still refused to delete my photos!!"

After **Gina** confirmed that Lily was going to retract her confession, she stood up and prepared to leave.

"Gina..." Lily called out to her.

Gina turned around to look at her.

Lily shed tears of regret. "I'm sorry. I've done so many things to hurt you. I was wrong. I was **very** wrong I don't ask for your forgiveness. I just want to sincerely apologize to you."

Gina could tell that Lily's apology was sincere, but she did not care. Lily regretted it too late. It was only when she was in prison that she began to regret it. She had also ruined her life and paid a painful price. She had brought this upon herself.

Gina did not reply and left.

At the Grand Restaurant.

Ella recalled, that the last time she came here, she had a **meal** with Ethan's parents. She felt very

it very aggrieved **at that** time.

Olivia could tell that Ella was recalling the past. She diverted her attention and **said**, "Mom, let's go to the first Phoenix room for dinner today."

"What?" Ella **was** scared out of her wits. She thought, 'It costs **a** lot of money to come to Grand **Restaurant** for a meal already. The first Phoenix room requires a capital check if one wants to go in for a meal. One has to be worth more than 600 million dollars to go in for a meal!

Ella came back to her senses. This meant that Olivia's current net worth **was** at least 600 million dollars. She **was** shocked by **that** realization.

Ella was a little worried and her expression was ugly. “Olivia.... Tell me the truth.

Is the money you h

ave related to Cole?”

Olivia nodded. “**Yes**”

Olivia believed **that** this was the inheritance left to her by **Cole**, but it was obtained by threatening Gina.

However, Olivia did not want to tell Ella where the money came from, nor did she want to lie.

Ella’s expression changed instantly. She didn’t think that this money came legally.

Olivia could tell that Ella **was** worried. “Mom, don’t worry. This is clean. Every cent is clean.”

After all, Gina had “voluntarily given” it to her.

Ella did not believe it.

Olivia was a little unhappy. “Mom, if this money wasn’t clean, would I still be standing in front of you? I would have gone to jail long ago.”

Ella had to admit that what she said made sense.

Just like that, Olivia entered the private room to eat with Ella, who was feeling a little nervous. Olivia **ordered** the dishes and said, “**What** a pity. This private room has the same rule as Prover Hospital. Every customer can only bring one companion to eat. Otherwise, I’ll get my brothers to eat with us.

Without waiting for Ella to answer, Olivia replied as if she were talking to herself, “Mom, you must want me to save some money, right? We’re family. There’s no need to be so polite!”

Olivia smiled and grabbed Ella’s hand. Ella subconsciously wanted to dodge, but after seeing Olivia’s stubborn gaze, she chose not to. She even said, “Yes, after all, money is not so easy to earn. No matter how much money you have now, you still have to **have** a plan on how to use it.”

Olivia smiled. “I **knew** it. You care about me the most. In the past, I **always** wanted to treat you nicely, but I didn’t have the chance. After all, I was still

studying and didn’t have much money on hand. It’s different now. I have money, so of course I **have** to spend the money on you!”

Ella smiled stiffly. She did not understand why Olivia still wanted to return to the Miller family after they **had** fallen out.

When the dishes were served, Olivia picked up some food for Ella. “Mom, have some”

Ella said, “Okay.”

Olivia felt that the atmosphere between the two of them **was** too awkward. She put down her fork and said, “Then, do you think that it’s reasonable for me to take revenge on the Miller family after cutting ties with you like Gina did?”

Ella was shocked. She thought, “Is my doubt so obvious? If she **did** not **ask** clearly, she would not be at ease, so she nodded.

“Mom, this is the difference between me and Gina. After all, you didn’t raise her. She treats Ruby as her biological mother. She has never treated you as her mother. I’m different. Although we’re not related by blood, we’ve been together for more than 20 years. Mom, no matter how you treated me and spoke ill of me in the past, I can’t take revenge on you. You’ll **always** be my mother in my heart!” Olivia spoke with sincerity and her eyes reddened.

Elle was moved. She wanted to let go of the grudge. She hugged Olivia and said, “From now on, let’s forget the past and live on like a family.”

Olivia leaned on Ella’s shoulder and smiled smugly. “Yes!”

After hugging, Olivia called Gina. She had to show off how loyal she was to Ella and the fact that she had returned to the Miller family.

Olivia had been prepared that Gina would not pick up the phone. Unexpectedly, Gina picked up.

Olivia said, "Gina, would you like to have a meal with me?"

Gina asked indifferently, "Are you very free?"

Olivia sneered. "I think you're quite free. Otherwise, why would you answer my call? It's mainly because I'm in a good mood **and** want to share some good news with you. For example, I'm back in the Miller family and I'm going to take over the position of design director of Miller Jewels."

She knew that Gina didn't care about these things, but she just wanted to annoy Gina. After all, she used Gina's money to achieve these things.

Ella was stunned. She did not expect Olivia to call Gina. She was a little flustered. "Olivia, let's eat and hang up."

Olivia invested 200 million dollars in Miller Group, so Ella was naturally much more polite to her. She thought, 'Crap, Olivia is provoking Gina. This time, Gina is going to be even more distant from us. This made Ella feel very uncomfortable and nervous. She wanted Olivia to stop talking and quickly hang

"Sure," Gina said calmly,

Olivia was a little surprised that Gina would agree. She felt that Gina was triggered by her, which was why she agreed to come. Nevertheless, this was exactly what Olivia wanted.

After hanging up the phone, Olivia saw that Ella's expression was not quite right. She was a little unhappy, but she still pretended to say nicely, "Mom, I'm introducing the opportunity for you to interact with Gina, I hope the two of you can reconcile."

Ella smiled awkwardly. "You've put in a lot of effort."

"I just hope that our family can unite again," Olivia said with a fake smile.

Even Ella felt that it was fake. She knew that Olivia was not telling the truth, it was just that Olivia was not pretending anymore.

Half an hour later, Gina arrived at Grand Restaurant.

Olivia happened to call again to ask if she had arrived. "I am here."

"Gina, I'll come to pick you up," Olivia said in a strange tone.

Gina did not answer. She did not care what Olivia was up to or what she wanted to do.

When Olivia said that she would pick up Gina, she stood at the door of the room and watched as Gina walked towards her.

Olivia watched as Gina slowly approached. When she saw the waiter guarding nearby stop Gina, Olivia smiled smugly.

"Miss Miller, hello. Are you here for an invite or to host? Or are you eating with Mr. Neil and the others?" Olivia was stunned when she heard what the

waiter said.

Memories surfaced in her mind. The last time she ate with Ethan's parents, she met Neil near this room.

At that time, she wanted to know who Neil was treating. Now, she knew that Neil was treating Gina to a meal in this room.

Olivia originally thought that the waiter would stop Gina like how he stopped her previously. She did not allow the waiter to chat with Gina.

She was infuriated, Olivia said, "Isn't the rule of entering the first Phoenix room to check the funds? Although she came here before, I've already brought my companions. If she wants to go in, she can't be considered as my companion. Am I right?"

The waiter looked at Olivia with a strange expression. He thought, "Good lord, since she invited Gina, why did she bring a companion?"

However, Olivia was right. The person understand what Olivia was doing,

The waiter said to Gina, "Miss Miller, Mr. Neil treated you to a meal last time so we didn't check your net worth. Please cooperate with me this time."

"Okay," Gina agreed.

Olivia had called Gina over for another purpose. That was to test Gina's bank balance. After all, Gina had transferred a billion dollars to her. She was very curious about Gina's current net worth.

Of course, she had no way of knowing the exact number of assets Gina had, but this test would give her an idea. Search the (F)indNOVEL.net website to access chapters of novels early and in the highest quality.

After checking, the waiter gestured to Gina to enter the room.

Gina directly walked past Olivia and entered the private room.

Olivia was a little indignant. She asked the waiter, "What's her net worth? What assets does she have under her name?"

The waiter was speechless. "This is Miss Gina's privacy. I'm sorry, but I can't comment"

Olivia gritted her teeth and asked, "Then let me ask you, is my net worth higher or hers?"

The waiter felt that Olivia was overestimating herself by asking this question. He smiled faintly and said, "It's Miss Gina."

Olivia clenched her fists.

She thought, 'After Gina gave me a billion dollars, she still has a lot of money. How rich is she?'

She now felt that Cole had negotiated a bad deal. Instead, he should have asked for two billion dollars.

After Gina entered the private room, she saw Ella. Ella stood up as if she was sitting on pins and needles. She revealed a fawning smile and said, "Gina...."

Gina's expression was cold as she ignored Ella.

Ella was disappointed. She remembered what he

ther son had said and thought, 'Gina just can never be close to us....'

Olivia then walked into the private room. She was very unhappy and pretended to be generous as she placed the menu in front of Gina. "Gina, let's eat first. You can order the dishes. Anyway, I can afford it."

After all, she was spending Gina's money. Olivia always tried to anger Gina with this idea.

However, Gina did not react. She opened the menu and looked at it.

The more Olivia thought about it, the angrier she became. She wasn't sure whether Gina actually cared about the a billion dollars that she took.

Olivia thought, "If she doesn't care, why does she want the money back? if she cares, why is she not upset when she sees me spending it?"

She sat down unwillingly. When she saw that Gina had ordered a few very expensive dishes, she sneered and thought, "She is not being polite at all!"

Olivia cleared her throat and said, "Gina, I hope that you can reconcile with Mom. Let bygones be bygones. In the future, our family will love each other. What do you think?"

Olivia said this purely to disgust Gina.

Gina smiled instead of getting angry. "That's thoughtful of you."

Olivia sneered. "That's right. After all, I'm not like you, Gina. I don't have any feelings for my own mother. I've been in the Miller family for more than 20 years. The Miller family has always been my home. The Miller family will always be my family. I'm someone who is loyal to my home. Gina, you've probably been an orphan for too long and can't understand it."

Ella's face turned pale. She could not sit still anymore. Olivia was not creating an opportunity for them to reconcile. She was simply adding fuel to the

fire.

Ella couldn't take it anymore. "Olivia, you're going too far. It's my fault and Phillip's fault that Gina became an orphan. How can you say that about her!"

Ella was a little confused. "What money?"

She suddenly reacted and said to Olivia, "Olivia, the money you have now is Gina's?"

Olivia simply said, "Yes, it was Gina who voluntarily gave it to me."

Gina sneered. "Cole kidnapped my mother and threatened me to give you a billion dollars. It's not a voluntary gif."

"Kidnap your n

mother? Isn't our mother doing fine here?" Olivia said sarcastically.

Ella suddenly interrupted, "Ruby has raised Gina. It's not a problem for Gina to call her mother."

She did not know that Ruby had not adopted Gina, but she had saved Gina.

Olivia felt a lump in her throat. Her mother was now completely biased towards her biological daughter. She clenched her fists in anger and said shamelessly, "Gina signed a voluntary gift contract. It's a voluntary gift. How are you going to deny it?"

"Gina, your village mother is already dead anyway. Our mother has already apologized for her past mistakes. I apologize to you too. Our mother has already decided. As long as you're willing, you can take the position of the CEO of Miller Jewels. I'll take the position of the design director. Let's work together..." Olivia's lips curled into a nasty smile.

Gina stood up and slapped Olivia without hesitation. Olivia immediately felt dizzy and felt a hot stream flowing out of her nose. She wiped it in disbelief and her hand was covered in blood. "Gina, are you crazy?"

Ella subconsciously wanted to stop her, but she quickly restrained herself. She repeatedly reminded herself that Gina was her biological daughter and

she had to side with Gina. Hence, she sat stiffly and did not move

Olivia wanted to retaliate, but Gina grabbed her hand and swung it back. Olivia fell off the seat in a sorry state.

Olivia's arrogance was extinguished by Olivia's power. She asked Ella for help in fear, "Mom, help, Mom!"

Ella was unmoved. "Olivia, what you said just now was too much..."

It meant that she deserved it

Olivia was in disbelief.

She could only say stubbornly, "Gina, if you hit me again, I'll call the police. I'm not afraid of you! This a billion dollars is my money, not yours!"

"Call the police? Are you trying to turn yourself in?" Gina looked down at Olivia with a faint smile.

Olivia retorted, "Why? The gift contract is on me. Do you want to deny it?"

Ella saw that the atmosphere was getting more and more tense, so she persuaded Olivia, "Olivia, return the money to Gina. You obtained it through improper means... It's only right for you to return "

Olivia was so angry that she almost spat out a mouthful of blood. She had invested 200 million dollars into Miller Jewels without hesitation. However, Ella still treated her like nothing.

Olivia's phone rang. Seeing that it was a call from the police station, Olivia was shocked and picked up the call uneasily. "Hello?"

A police officer said, "Miss Olivia, your friend Lily Allen has accused you of instigating her to do a series of things to hurt Miss Gina. Please cooperate with our investigation."

Olivia was stunned. She had almost forgotten about Lily.

The police said, "Miss Olivia, where are you now? We'll send someone to pick you up and return to the police station to investigate"

Olivia panicked. "She's lying. Lily Allen, that b i t c h, she's lying. Why is she blaming me for what she did? Don't believe her!"

The officer on the other end of the line said, "Watch your words, please!"

"She's at the Grand Restaurant," Gina answered for her.

The police said, "Okay, Miss Miller. We'll pick you up later."

After hanging up the phone, fear appeared in Olivia's eyes. She hurriedly flipped through her phone.

She thought, 'That s l u t Lily actually dared to betray me? I am going to publicize Lily's nude photos and send them to the group chats of Trowell University. I want everyone to know that Lily is a shameless bi h!"

However, Olivia could not find Lily's nude photo even after flipping through her phone for a long time. The more she flipped through it, the more anxious she became. Tiny beads of sweat appeared on her forehead.

She thought, 'Where did the photos go?"

Gina asked calmly, "Now, can you

can you return

the money?"

Olivia suddenly raised her head and looked at Gina. She said with a trembling voice, "You... You instructed Lily to change her confession?"

"Photo... Photo, you did this?" Olivia asked subconsciously. She felt a chill on her back and wondered how Gina was able to delete the pictures on her phone. She thought, 'Does Gina have some other hidden identity?"

"What photos?" Gina asked with a faint smile.

Olivia was terrified. "Stop pretending!"

Gina smiled faintly and asked, "Can you return the money?"

Olivia gulped. "If I return the money, will you forgive me and not let me go to jail?"

Olivia felt that her legs were so weak that she could not stand anymore.

Gina nodded. "Give me back a billion dollars."

Olivia had just had a little hope when it completely perished. She had been spending money like crazy for the past few days. She did not have a billion dollars anymore.

1... I invested 200 million dollars in Miller Jewels. I... I even spent some on shopping, I don't have a billion dollars anymore." In order not to go to jail, Olivia's tone and attitude instantly softened. She even knelt down in front of Gina and had a drastic change of expression, "C i n a, I'm not human, I'm a beast. Hit me and scold me. Do whatever you want to me. I promise I won't say a word!"

After Olivia finished speaking, she tried her best to put on a fawning smile.

Chapter 173

Gina looked at her submissive appearance and smiled. It was not that she was happy to see Olivia in a sorry state, but the speed at which Olivia changed her expression made her feel ridiculous.

Gina said calmly, "Why should I hit you or scold you? I said give me back a billion dollars, not a single cent less."

Olivia understood that Gina would not give her any room for negotiation. She simply gave up and said, "I said I don't have it. I can't return it! What should I do? Why don't you kill me? I'll give my life to you!"

"Sure," Gina replied.

Olivia was stunned. She thought, "Is Gina actually going to kill me?" She did not believe it and still wanted to take a chance. "I'm right here. Take my life!"

Olivia glanced at Ella and realized that Ella seemed to be unconcerned about everything. To be precise, she did not care about Olivia's fate.

Gina **pointed** at the window. "This is the tenth floor. You can jump out of this window. You should be able to die."

Olivia **was** so scared that she broke out in cold sweat. Looking at Gina's calm expression, it seemed that after killing **her**, Gina could really settle everything.

Olivia was terrified and hysterical. "Mom! Say something! Just say something for me! I invested 200 million dollars into Miller Jewels. Can't I ask you to plead for me?"

Ella was getting impatient. She felt that Olivia had been using the money to coerce her. "The money you invested in Miller Jewels isn't money you earned. You stole it from Gina. How do you want me to speak up for you?"

Olivia gritted her teeth. "So what if I did? If I didn't steal it, would the Miller family and the Miller Group be able to have it? She wants me to return a billion dollars, doesn't that mean she wants to return the money that I invested in Miller Group? **Then** Miller Group won't **have** any investment! I've always been caring about the Miller family, Mom! Has Gina ever done that? Now that you're on her side, will she be grateful to you? No! **Gina**, let me ask you, if I return the money to you and Mom begs you to invest 200 million dollars in Miller Group, will **you** agree?"

"No," Gina answered without hesitation. **She** did not bother to lie.

Olivia laughed out loud. "Mom, **did** you hear that? She didn't even pretend. She **said** she wouldn't. Do **you** want Miller Jewels to lose 200 million dollars?"

Ella's expression turned ugly.

Gina said calmly, "However, I've changed my mind. I don't intend to take back the 200 million dollars that you invested in Miller Jewels, Give me back 800 million dollars."

Olivia was stunned. She did not expect Gina to change so quickly

The worry on Ella's face disappeared. She was overjoyed. "Gina, thank you! You saved Miller Group! Miller Jewels has been unable to operate recently. You've been a huge help! Thank you so much."

Gina said nonchalantly, "You don't have to thank me. I just suddenly remembered that I'm a shareholder of Miller Group. I still have 20% of the shares in my hands. For the time being, I don't want Miller Jewels to close down."

Gina's words reminded Ela. She looked at Olivia unhappily and **said**, "Olivia. The shares of Miller Jewels and the position of the design director that you asked me for

previously can't be fulfilled. The investment of 200 million dollars is Gina's money, not yours. You don't have the right to use this

investment to ask us for a return."

Olivia's eyes were filled with despair. She smiled coldly and gave up resisting, "Gina, I still **have** 780 million dollars on hand, I can return it to you directly... I really can't return the remaining 20 million dollars to you right now."

"Then write an IOU, Olivia. If you don't fulfill your promise to return the money, you should know the consequences." Gina reminded expressionlessly.

Olivia seemed to have lost her soul. In order not to go to jail, she could only do as Gina asked.

Gina stood **up** and prepared to leave. "Transfer the money to my account. My patience is limited, If you make me wait too long, I'll send you to jail directly."

Olivia was devastated. She wanted the money, but she didn't want to go to jail. She felt that with Gina's methods, it wouldn't be a problem for Gina **to** make her be sentenced to **jail a** decade or two. [SEARCH the website to access chapters of novels early and in the highest quality.](#)

At that time, she was out of touch with society and she would be old. Moreover, while she was in prison, Gina might have thought of another **way** to take the money **back**. There were too many variables. She could only choose to compromise when **Gina was** still willing to negotiate with her.

"Gina, wait for me!" When Ella saw that Gina had left, she quickened her pace to catch up with Gina.

Olivia suddenly thought of something **and** hurriedly walked out. Just as she walked out of the door, she was stopped by the waiter. The waiter asked **with** a smile, "Miss Olivia, why are you in such a hurry to leave? Before you leave, please pay the bill."

Olivia's expression turned ugly. She could **pay**, but the money she had **now** was all Gina's. If she paid with this money, she would still have to **pay** it back

to Gina later.

She looked at the waiter who **looked** like he was about to call for security and shouted at Gina's back, "Gina, come back! You ordered the most expensive dishes just now. Come back and pay the bill"

When the waiter heard this, he felt embarrassed for Olivia. He thought, 'A person who is worth over 600 million dollars doesn't even want to **pay** for a

Gina turned a **deaf** ear.

After walking out of the Grand Restaurant, **Gina** saw Jason on the side of the road. When he saw Gina, his expression became very ugly. Gina did not care.

She ignored Jason and headed for the parking lot.

However, Jason walked up to Gina. "Isn't this the famous Director of the Prover Hospital, Gina?"

Gina glanced at him. "**Don't** block the way."

Jason sneered. "Gina, don't be too arrogant. You want me to leave the industry and compensate Prover Hospital for the loss of **20** million dollars just because you can arrang for James to be admitted to the hospital?"

"What? As a celebrity, you can't fork out 20 million dollars?" Gina retorted.

Jason was instantly enraged. "Who said I can't? But let me tell you, **I'm** not afraid of you. So what if you know the higher-ups of Star Entertainment Company? I won't compromise and **leave** the industry. I won't bow down to you!"

"Jason, how can you speak to your sister like that!" Ella walked out and glared at Jason.

Jason snapped, "Olivia is my only sister!"

Before Gina could speak, Ella was very angry. "I think you've lost your mind. Olivia has nothing to do with us. She's not your sister!"

Jason was very surprised that Ella would say that. "Mom? What are you **talking** about? After Olivia became rich, she thought about investing in Miller Jewels to help Miller Jewels tide over the crisis. What about her? Does she care about Miller Jewels's survival? She even took **20%** of the shares from Miller Group!"

Ella was very angry. "What do you know? Olivia relied on her murderer father to kidnap Gina's adoptive mother and extorted a billion dollars for Olivia. She took Gina's money

and pretended to be a good person. **Gina** wanted her to return the money, but she was unwilling! Additionally, Gina doesn't want her to return the 200 million dollars that was invested in Miller Jewels. In that case, in fact, it's still Gina who invested!"

Jason was a little stunned by the amount of money. However, he still did not like Gina. He braced himself and said, "So what if she invested 200 million dollars? Mom, have you forgotten? When we broke off our relationship, Gina took 600 million dollars from us!"

Jason was really shocked that Ella would speak up for Gina now. He said, "Mom, wake up. No matter how much you please her, Gina will not appreciate it. She will never get close to us!" Jason glared at Gina.

Ella stepped forward and slapped Jason. "What are you talking about? Show some respect to your sister!"

Jason was in disbelief after being slapped, and his resentment towards Gina increased. "Mom, I think you"

I've lost your mind! So what if she invested in us? If she invests 600 million dollars in us, I'll change my opinion about her! Miss Miller, don't you think it's inappropriate for you to only invest 200

Gina did not even want to look at Jason. "I've already donated the 600 million dollars that I took away. You don't have to keep thinking about it."

Jason said disdainfully, "How should I believe you?"

Gina gave him a sideways glance. "Do I need to prove it to you?"

Jason thought that Gina was feeling guilty. "If you donate the 600 million dollars, I'll donate 200 million dollars immediately!"

Gina smiled and thought, it will be truly beneficial to the society of a stupid celebrity like Jason can quit his career.

Gina did not waste any time. She directly showed Jason the records that could be found on the charity website. Jason was still stubborn. "It must be someone with the same name!"

Gina sneered and showed the more detailed information to Jason. When Jason saw it, his face turned pale. He was just bragging just now. Gina looked at him with a faint smile and said, "Are you ready to donate 200 million dollars?"

Jason turned hostile and said, "I was just joking just now.

just joking just now. What can you do to me if I don't donate?"

He looked like a despicable person who had gotten away with what he said. He did not feel ashamed at all for boasting just now.

Gina said indifferently, "It's true that I can't force you to donate,

e, but if I upload the recording of our conversation on the Internet, it should have a considerable impact, right?",

Jason's expression turned even uglier. He said, "You... you recorded it? Why did you record it? Did you plan to frame me?"

A lot of people on the Internet already disliked Jason for framing Gina to kill her father on Twitter.

He still had some diehard fans. If Gina messed with him again, he would have to leave the entertainment industry. He understood that this was Gina's scheme. She deliberately angered him and made him fall into a trap to force him to leave the industry.

Actually, Gina did not have a recording at all. She just wanted to tease Jason. It was especially funny to see him angry.

Gina did not want to talk to Jason anymore. She wanted to b y p a s Jason and leave, but Jason blocked the way. "What do I have to do to stop you from releasing the recording?"

Gina glanced at him. "You need to donate 200 million dollars."

Jason braced himself and said, "I don't have that much money!"

Gina nodded. "Alright, 40 million dollars then. 20 million dollars will be your compensation for the losses of Prover Hospital. The other 20 million dollars will be the price you have to pay for bragging."

Jason was speechless.

When Ella heard Gina mention compensation for Prover Hospital's losses, she said, "Gina, don't worry. I'll definitely get him to donate. I'll help you keep an eye on him. After he compensates, can you consider arranging for James to enter Prover Hospital?"

Gina said indifferently, "I've mentioned the conditions. He has to do both."

Jason was about to explode from anger. He felt that Gina was deliberately making things difficult for him. "Gina! Don't go too far! I know the CEO of Star Entertainment Company, I dare you to get the CEO of the company to reject Olivia's investment. If you want to ban me, you might as well let her stop

using me. Why do you have to make such an unreasonable request to annoy me?"

Gina did not retort. She smiled and said, "Yes, I want to annoy you. I've been annoyed by you guys a lot, so I need you to have the same experience."

Jason felt like a fishbone was stuck in his throat and he could not refute her words..

Ella pushed Jason away so that he could distance himself from Gina. She said to Jason, "Stop talking. Just shut up!"

Then she said to Gina, "Gina, don't be angry. I was just discussing it with you. If it doesn't work, forget it."

Ella thought that she had already shown enough respect

Gina was unmoved. She did not say anything and walked away.

Ella wanted to stop her, but she did not know what to say. She could only sigh. Jason glared at Gina's back and spat. "B**h!"

Ella glared at Jason and slapped Jason's mouth. "You brat, haven't you learned your lesson? Don't you know that trouble comes from your mouth?"

Jason said, "Mom, look at you. Look at how much you have done for Gina. Is it worth it? Has she ever been nice to us? We have apologized for everything we have done to her. We said that we would make it up to her. However, she is the one who doesn't want to accept it."

Ella frowned and did not say anything.

When Olivia came out of the Grand Restaurant, she was in a daze. She did not know how to fill the hole. She could only curse at her dead father, "B a s r d, you said that you have an inheritance for me, but you actually took it from Gina. What kind of inheritance is this?"

"Why did you come back to find me? You've caused me so much trouble!" Olivia cried helplessly as she squatted by the roadside.

She thought, 'Who else can I ask for help now? I have to get some help right away...

She hurriedly took out her phone and called Noah, She thought, 'Noah probably still doesn't know that the money I had belonged to Ginal"

After the call went through, Noah's voice was ratlier cold. "What's the matter?"

Olivia said, "I need some help. I need to embezzle some of the 200 million dollars invested. 20 million dollars will do!"

She felt that she was too smart. When she got it, she would return it to Gina, which would perfectly solve her debt problem.

Noah said coldly, "What are you talking about? That money belongs to Gina"

Olivia's heart skipped a beat. She broke down immediately. "How did you know so quickly?"

Noah sneered. "Because Mom said in the family group chat that the money you have was obtained by your biological father threatening Gina! Olivia, you keep saying that you don't acknowledge Cole as your father and that what he did **has** nothing to do with you. But what he did was all for you. Tell me honestly, were you

involved in the murder of my father?"

Olivia panicked. Although she did not participate directly, she had indirectly helped. She tried her best to remain calm and said stubbornly, "I didn't! L

didn't!"

She did not expect Ella to be so eager to tell the whole family about this.

"I think you must have! Olivia, how dare you? Is Dad not good to you? Tell me!" This was the first time Noah had spoken so emotionally to Olivia.

Olivia refused to admit it. "I said Ino. If you don't believe me,

e, call the police and let them arrest me. If they didn't, it means that I am innocent!"

Noah sneered. "Olivia, I don't care about anything else! From now on, don't even think about having anything to do with the Miller family! Your surname is not Miller, your surname is Yale! You are Olivia Yale! Your father is my enemy who killed my father, and you are our enemy! You can't afford to pay Gina now, right? You actually want to trick me into transferring money for you. Dream on! If you don't have money, how about you go prostitute yourself? Anyway, you're a piece of trash!"

Olivia was furious. "Noah, if I'm a fucking piece of trash, then you're also a piece of trash. When you fucking slept with me, you were so nice to me. Now you despise **me**. Good! Very good! Let me tell you, I have AIDS, and I have given it to you. You are going to die!"

Olivia lied. She did not have it, but she **just** wanted to scare Noah and make him nervous

“What?” As expected, Noah panicked. “Bitch, I’ll kill you!”

||

Olivia said, “Alright! Noah, come and kill me! I’m the daughter of a murderer. I won’t show mercy when I kill people. Let’s go to hell together!”

Noah cursed, “Fuck, just you wait!” Then, Noah hung up.

Olivia was out of options. She grabbed her hair tightly and cried. After crying for a while, she called **Ethan** while trembling.

Ethan was currently working at Jackson Group. He listened to **Harry’s** suggestion and decided to endure the humiliation and start from the bottom before surprising Gabriel, who looked down on him.

Although he did not have to start as an intern, **as** a newcomer, he had a lot of things to do. This made him especially frustrated. Just as he was worried that he had nowhere to vent his anger, Olivia’s call came in. Ethan said, “Isn’t this Olivia who said she wanted to buy Night Bar? Why are you calling me?”

Olivia said, “Ethan, let’s **continue** working together. Gina isn’t dead yet. Let’s work together and kill her!”

Ethan did not expect Olivia to turn **around** and work with him. He looked around and was **worried** that the wall would have ears. He walked to the corner **of** the corridor to answer the call. “Aren’t you very rich now? You even **hired an** assassin. I don’t even **have** any connections. **Can’t** you do this alone? Chapter 176

Ethan was speechless. He cursed, “Do you fucking think I’m a fool? Your money is useful, my money...”

Ethan lowered **his** voice. “You want me to give you my money to kill Gina? Do you think I’m stupid?”

Olivia’s brain was working rapidly. “Just listen to me. What if, **what** if the truth comes out one day? I’ll plead guilty and help you clear your name...”

Ethan asked, “You’ve thought it through, haven’t you? Why should I believe you?”

Olivia said, “I’ll try my best not to be exposed. Therefore, I need to use my money to prepare for a plan B. You want Gina to die, I also want Gina to die, Isn’t it good for us to work together and win?”

“If you’re so capable, you can do it alone!” Ethan did not want to say anything else and wanted to hang up.

Olivia had expected this. Ethan was just sitting back and enjoying the fruits of her labor without paying anything. It **was** all her **fault** for showing off her wealth previously. “Ethan! Let me tell you, don’t even think about sitting back and enjoying the fruits of my labor. Even if I succeed in this matter, if you don’t contribute a single **cent**, when the matter is exposed, I’ll drag you down with me. Anyway, we did work together the first time. You won’t feel wronged, right? Even if I die, I’ll drag someone down with me!”

Olivia sneered. “You also know how much Gabriel likes that bitch, right? Tell me, if Gabriel finds out that you teamed up with me to kill Gina, what do you think he will do to you?”

“Olivia, you!” Ethan gritted his teeth and finally compromised. “How much do **you** want?”

“Two million dollars!” Olivia also wanted to say 20 million dollars, but according to her understanding of Ethan, he was so stingy that two million dollars was already the limit.

Ethan said, “Are you crazy? Two million dollars? How dare **you**?”

“Do you think Gina is still that country bumpkin? She’s the dean of Prover Hospital! She’s worth more than 2 billion dollars! Do you

think it’s so easy to take **her** life? Besides, she’s very good at fighting. When I was in the Miller family, she broke Liam’s ribs. Liam was trained in boxing and won an international award! Moreover, she seems to have more identities than we know of...”

Ethan was shocked. “What? That slut Gina has another identity?”

He couldn't believe it and asked, "What **else** is she capable of?"

Olivia said, "I don't know yet... However, I am sure that either she or one of her subordinates is **a** highly advanced hacker."

Olivia felt terrified whenever she thought of the fact that the pictures on her phone were secretly deleted. She suddenly realized and **said**, "Wait, I am **not sure** if my call would be monitored. Ethan, we have to talk face-to-face from now on."

She realized why Cole **always** liked to meet up whenever they needed to talk about doing disgraceful things in the past. It was harder to leave evidence

that **way**.

Olivia's tone that **suddenly** became serious made Ethan nervous. He said, "**Sure**... I will transfer two million dollars to your card right **away**."

Chapter 177

Ethan was still a little worried. "Olivia, you can't fail this time. You have to take Gina's feel"

Olivia was impatient. "Alright, got it! Hurry up and transfer the money over."

Then, she hung up.

Ethan was speechless. He cursed, "D a m n it, you want money from me and you're still so arrogant!"

The door at the side of the corridor opened and a man poked his head out. It was Ethan's senior from the same department. The man looked at Ethan in disdain. "So you're here? I've been looking for you for a long time! Why are you hiding here? Aren't you going to work?"

Ethan held back his anger and followed the senior out.

The man lectured him as he walked. "It's fine if you want to rest for a while, but you can't be so lazy. As a newcomer, how can you be so lazy? Do you still want to stay in Jackson Group?"

Ethan sneered. He thought, 'This d* *n idiot actually thinks that I can't stay in Jackson Group? What a joke!'

The man continued to lecture Ethan, In the end, he said, "Come and make ten copies of this document. It will be used in the department meeting later."

Ethan was instantly infuriated. "You've been looking for me over such a trivial matter?"

The man was puzzled. "Isn't this part of your job?"

Ethan could not take it anymore. "F**k, I'm not here to run your errands. Do you f**g have no hands? Don't you know how to use the copier yourself? You have to trouble me with such a small matter but you don't teach me useful things. Do you think I'm your assistant?"

The man was speechless. "Ethan, what are you saying? What has gotten into you today? Why are you so angry? Are you crazy?"

Ethan said, "How dare you call me crazy? Do you know who I am? Let me tell you, I am..."

"What are you arguing about?" Gabriel's low and cold voice sounded.

"Mr. Jackson!" The man quickly shut up.

Ethan subconsciously wanted to call him uncle, but after Gabriel gave him a cold look, Ethan could only swallow his words.

"Mr. Jackson!" Ethan greeted.

The man said, "We're not arguing about anything. There's just been a small rift at work. We'll take care of it."

In front of Gabriel, Ethan did not want to blow things up. He reluctantly agreed, "Yes, it's just a small conflict."

"Alright" Gabriel glanced at the man. "You can go back first,"

The man left with a sigh of relief.

Gabriel looked at Ethan, In fact, he had heard most of the content of their argument and knew what had happened.

He said to Ethan, "If you're impatient and unwilling to start from the bottom, you can resign. S~earch the FIndNøvel.NET website to access chapters of novels early and in the highest quality.

also understand that you want me to get more experience. After all, I don’t have any experience in business. I’m already very happy that you gave me this opportunity. I’m not unwilling!”

Ethan racked his brains and said all the polite words he could think of in his life.

David walked over. “Mr. Jackson, I’ve found a suitable land!”

Gabriel asked David to help Gina find soil suitable for planting medicinal herbs. Gina listed her requirements in detail. David spent some time and finally

found suitable land.

Gabriel asked, “Where?”

David answered, “It’s a piece of land under the Bush Group’s name. I asked around and Bush Group seems to be planning to use it to build a golf course.”

Gabriel said, “Talk to them. See if they can agree to sell!”

“Yes!” David replied.

When Ethan heard this, he felt that it was an opportunity for him. He did not want to work in the company all day long. If he could help Gabriel negotiate for this piece of land, Gabriel might look at him in a different light.

Ethan interrupted, “Uncle Gabriel, why don’t you let me talk to Bush Group? David is your special assistant and is usually very busy, the Bush family has a good relationship with our family. Buying a piece of land from them is definitely not something difficult to negotiate. Don’t bother David. Let me go!”

Gabriel glanced at Ethan and did not say anything. Ethan was a little nervous. “Uncle Gabriel, do you think that I’m not qualified?”

5 3 3 3 3 3

Gabriel did not think so. After all, as long as the price was high enough, and with the friendship between the two families, he did not think that the Bush Group would refuse to sell. Letting David negotiate is a safe way. If Ethan went, it would be hard for him to mess it up.

Gabriel never had any intention of suppressing Ethan. Compared to loafing around and drinking. Gabriel hoped that Ethan had something serious to do so that he would not embarrass himself by committing to bad things outside and embarrass the Jackson family.

“Alright, go ahead and negotiate then,” Gabriel agreed.

Ethan was overjoyed. “Alright. Uncle Gabriel, don’t worry. I’ll go to Bush Group in the afternoon. I will definitely take down this task successfully!”

Gabriel did not say anything and walked towards the elevator.

Ethan stopped David. “David, why does Gabriel want that piece of land for?”

“To give it away,” David casually said.

“Who is he giving it to?” Ethan asked again.

STUND

David came back to his senses. He felt that this matter concerned Mr. Jackson’s privacy and should not be told to Ethan. So he shut up.

Ethan realized that David didn’t want to talk about it, so he said, “Forget that I asked.”

David faked a smile and followed Gabriel.

Ethan thought, ‘This land is for someone, and David doesn’t want to say who it is. Could it be a certain partner? However, David should tell me if it was for a partner. Could it be... a gift for Gina?’

Ethan remembered that Gabriel had given Gina a 600-million-dollar diamond mine.

In the guest room of the Bush Group.

“Gabriel...” Jasmine Bush walked into the guest room. At noon, she heard from Jabari Bush that someone from the Jackson Group would come over to talk about something. Jasmine happily rushed over to Bush Group, but she didn’t expect to see Ethan.

“It’s you.” Jasmine’s expression turned cold. She had not seen Gabriel for a long time because she had been sent out for a vacation by Jabari some time ago and had just returned.

Ethan and Jasmine knew each other, but they had never been very close. He also knew that Jasmine liked Gabriel. “Did you think Gabriel would be

Jasmine didn’t want to talk to Ethan. “Boring.”

She rolled her eyes and Ethan was unhappy. “Jasmine, can’t you be more polite to me?”

Ethan sneered. “According to seniority, you’re the same as me. You have to call Gabriel Uncle, why are you addressing him so intimately like you are Beducing him?”

Jasmine immediately flared up. “Ethan, are you courting death? You’re saying that I am seducing Gabriel? I’ve known Gabriel since we were young. We were childhood sweethearts. The person who seduced Gabriel was Gina, that b**h!”

Ethan didn’t like Jasmine, so he continued to mock her, “Then why don’t you reflect on why Gabriel still didn’t like you although you two grew up together and fell for Gina instead?”

Jasmine was so angry that her lungs were about to explode. “Ethan, if you say another word, I’ll tear your mouth apart!”

Ethan laughed out loud when he saw Jasmine’s hair stand on end. “You are triggered now! Jasmine, do you know what you look like now?”

Jasmine was stunned.

Ethan laughed and said, "You look like a clown! Your red nose fell to the ground. Pick it up!"

Jasmine couldn't contain herself anymore. She reached out to Ethan. "I'll tear your mouth apart!"

Ethan easily threw Jasmine onto the sofa.

Jasmine flew into a rage out of humiliation. "Get lost You don't deserve to be in our company!"

Ethan was impatient. "Alright, Jasmine. No wonder Uncle Gabriel likes Gina and doesn't like you. Look at yourself. Do you look like a young lady from a prestigious family?",

Although Ethan didn't like Gina, he had to admit that Gina was prettier than Jasmine. Moreover, he had never seen Gina acting this way. Although he could not stand Gina's aloof appearance, he could not help but feel that Gina was charming in her own way.

The more Ethan thought about it, the more uncomfortable he felt. Suddenly, he regretted not being able to sleep with Gina after drugging her previously. He thought, "I wish I could take her down and make her my woman!"

Ethan sneered. "Jasmine, advise you not to be a simp for Gabriel. Do you think Gabriel cares about you?"

"You probably don't know yet, right? Gabriel went to Eldoria and bought a diamond mine worth 600

600 million dollars and gave it to Ginal"

Jasmine was stunned. "What did you say?"

At that moment, Jasmine felt like her world was about to collapse. "Impossible, impossible! Gabriel was just playing with that **h. He will return to my side. How could he give that b**h such a precious gift!

"Impossible? It's true! By the way, I came to Bush Group this time to help Uncle Gabriel buy a piece of land. I reckon it's also for Gina."

"What?" Jasmine broke down and started crying.

Ethan was speechless. "Why are you crying?"

Jabari walked into the guest room and heard Jasmine crying. He frowned. "Jasmine, why are you here? Why are you crying?"

Jasmine only cried and did not speak.

Jabari glanced at Ethan.

Ethan hurriedly dissociated himself from the matter. "Mr. Bush, I didn't bully her. She thought that Gabriel was the one who came to discuss a collaboration. She came in high spirits, so ... I just advised her not to chase after Gabriel because he likes someone else. Then, she started crying..."

Jabari knew his sister's personality very well. He did not think that Jasmine was bullied by Ethan.

"Don't cry. Be quiet," Jabari said indifferently.

Seeing that she did not stop crying and was even crying louder, Jabari knew that Jasmine was crying on purpose.

He was upset. "If you want to cry, go out and cry."

Jasmine glared at Jabari. "I won't. If you dare to kick me out, I'll tell Mom that you bullied me,"

Jabari was speechless. He felt that his face was about to be thrown away by this mischievous sister.

However, Jabari could not do anything about Jasmine. He simply ignored her and said to Ethan, "What do you want to talk about?"

Ethan went straight to the point. "My Uncle Gabriel has taken a fancy to a piece of your property in West Town District. It's the piece of land that you're planning to develop into a golf course. I want to buy it."

Jabar understood. He thought for a moment and said, "Although this piece of land hasn't been developed yet, the planning and design have been prepared. We've invested quite some manpower and resources already. If Mr. Jackson wants to buy it, you shouldn't mind covering our losses of investment, right?"

Jabari felt that selling a piece of land was not a big deal. Since Gabriel wanted it, he could sell it to him as a favor. However, the Bush Group could not suffer a loss. Gabriel had to pay him accordingly.

Ethan nodded. "That's for sure. So, Mr. Bush, do we have a deal?"

Before Jabari could reply, Jasmine, who had been crying, suddenly said, "No! We are not selling!"

Ethan was stunned. He looked at Jabari. "Mr. Bush?"

Jabari frowned and said to Jasmine, "He's talking to me, not you. You have no right to speak here!"

Jasmine exploded. "I don't care. My birthday is coming soon. I want to use that piece of land to build a golf course, I also want that golf course as my birthday present. Jabari, do you have a problem with that? What you say doesn't count. I'll tell Mom and Dad and let them back me up."

Jabari was speechless. He did not know what was wrong with Jasmine. "Quit fooling around."

Jasmine said, "I'm not fooling around. I won't sell it. I won't sell it!"

Jabari wanted to beat Jasmine, but according to how much their parents doted on Jasmine, if she really complained to their parents, they would definitely stand on Jasmine's side.

Jabari didn't even want to talk to Jasmine anymore. He negotiated with Ethan, "Ask Mr. Jackson if it's okay for him to buy another piece of land from us. We still have a lot of land under our name.

In other words, he wanted to give that land to Jasmine.

Ethan had yet to realize the seriousness of the problem. He nodded. "I'll call and ask Gabriel"

Ethan dialed Gabriel's number.

Ethan said, “Uncle Gabriel, I’m at Bush Group now. I’ve met Mr. Bush.”

The golf course could be built on any piece of land, but Gina’s herbs could not grow on any land.

Ethan did not know how to answer. “Because.....”

“Does she have any conditions? As long as she gives up the plot of land, she can name any conditions she wants,” Gabriel said.

Do you want to buy **our** family’s land and give it to Gina? I

Ethan did not know what to say. The phone was suddenly snatched away by Jasmine. “Gabriel, you don’t agree!”

Ethan **was** stunned. Before he could react, his phone was snatched away, Jabari was speechless.

Gabriel frowned. “How did you know who I **was** going to give it to?”

Jasmine said, “Ethan said it. Ethan also said that you bought a 600–million–dollar diamond mine for Gina. Gabriel, my birthday is coming soon, so you have to give me a gift too!”

“Jasmine..” **Jabari** reminded Jasmine to stop being unreasonable, but Jasmine refused to listen.

Gabriel’s expression darkened. He directly negotiated with Jasmine. “What do I have to do for you to sell the land to me?”

Jasmine said, "I won't sell it unless you are not giving it to Gina."

Jabari said, "Jasmine."

Gabriel's tone became extremely low and cold. "Who do you think you are? How dare you tell me what to do?"

Jasmine's heart skipped a beat, and her attitude instantly softened. "... Can **you** agree to anything Lask?"

Gabriel said, "Enough is enough. There's a limit to my patience."

Jasmine said, "Then, then as long as you date me for a day, I'll agree to sell that piece of land to you."

Gabriel's anger was already **burning**. "In your dreams."

Jasmine cried out in grievance, "Gabriel, don't be so mean to me."

If not for the irreplaceable nature of that piece of **land**, Gabriel would have hung up long ago. Jabari felt that he could not let Jasmine fool around anymore. If this continued, something would happen.

He snatched the phone from Jasmine's hand. "Gabriel, it's me, Jabari. How about this? Let's have a meal together. The three of us will discuss the land face to face. How about **that?**"

Ethan originally wanted to return to his department and work. He did not expect to encounter David when he entered the department.

Ethan's heart instantly jumped to his throat. He had a bad feeling, but he still braced himself and went to Gabriel's office. The moment he walked into the office, Ethan began to smile apologetically. "Uncle Gabriel..."

Gabriel said coldly. "Quit it. Let me ask you, why did you tell Jasmine that I wanted to give that piece of land to Gina?"

Ethan was so nervous that he was sweating profusely. "L.. I didn't do it on purpose. I just spoke too quickly. Uncle Gabriel, I'm sorry. I know I was wrong. I'll be careful in the future."

"In the future?" Gabriel sneered. "You can even mess up such a small matter. How can I believe that you can achieve anything in the future?"

Ethan thought, "Is Gabriel going to fire me?"

Ethan was flustered. "Uncle Gabriel, this was really an accident. I'm not someone who can't even handle such a small matter. Can you give me another chance? Don't fire me!"

Gabriel's face was cold. "Then the reason why you messed up is because you deliberately messed it up?"

Ethan was at a loss for words. He had said those words back then to provoke Jasmine so that Jasmine could find trouble **with** Gina. He did not expect things to develop out of his control. "I'm not. I didn't. Uncle Gabriel... I am sorry, Don't like me!"

Gabriel's expression darkened. "Ethan, I'll remind you one last time. Targeting Gina is targeting me. You have to consider the consequences,

understand?"

Ethan looked at Gabriel's cold gaze and his heart trembled. **The** warning was so strong that Ethan felt that Gabriel would kill him.

He swallowed. Even though he was afraid, he was still unwilling to accept being fired like this. Before **he** was going to add, someone entered the office without knocking.

Gabriel frowned.

Ethan turned around. He was curious about who it was that did not knock

Harry appeared in their line of sight.

At that moment, Ethan felt as if he had seen his savior. "Harry!"

Harry said, "Hey, Ethan is here too. What's going on? Gabriel, **are** you lecturing or instructing Ethan?"

Ethan hurriedly interrupted, "it's a lecture, Harry. I did something wrong!"

He told Harry everything that had happened, hoping that Harry could plead for him.

As expected, Harry's expression **changed** slightly after hearing Ethan's description. "Gabriel, are you going to fire **Ethan** for such a small matter?"

"A small matter? I'm **disappointed** that he can't even handle a **small** matter well" Gabriel spoke bluntly. Moreover, Ethan was definitely **deliberately** stirring up trouble. Otherwise, Ethan didn't have to say that Gabriel bought a diamond mine for Gina.

It caused Jasmine to push her luck and make demands of him. Ethan was simply incompetent as it turned out.

Ethan thought, 'Only Harry would be so bold to challenge Gabriel directly, Gabriel singlehandedly brought Jackson Group to its peak. No one in this family dared to criticize Gabriel except Neil and Harry'.

"Harry, do you mean that as the CEO of the company, I don't have the right to fire the employees?" Gabriel looked at Harry with a sharp gaze, Harry was so upset that he decided to bring Neil into the conversation. "Fine, if my words don't count, let's see what Neil has to say about this."

The call was on speaker. After hearing his grandfather’s words, Ethan finally heaved a sigh of relief.

He thought, ‘Fortunately, Grandpa is not on Gina’s side this time!’

Harry looked at Gabriel smugly. “How is it, Gabriel? Do you still want to fire Ethan?”

Gabriel’s expression did not change. He was still cold and distant. “I’ll listen to Dad and give Ethan another chance.”

Ethan hurriedly thanked him. “Thank you, Uncle Gabriell”

However, he hated Gabriel even more in his heart.

He thought, ‘Uncle Gabriel has been completely bewitched by that b**h. He has unconditionally chosen to side with Gina. He is simply crazy!’

Gabriel looked at Harry. “Harry, what do you need?”

Harty snorted. “Something’s up, Gabriel. I’m here to remind you that you postponed the last shareholders’ meeting for no reason because something happened to Gina, right?”

After Harry saw the report of the murder in the unfinished building in the eastern suburbs, he knew that Gabriel had postponed the meeting to help Gina.

Harry continued, “In the past, you talked back to your elders for that woman and never asked for anything in return. You’ve always put your work first, but this time, you actually delayed important work for Gina and made me and the other shareholders wait in the meeting room for more than ten minutes for nothing. Don’t blame me for saying this. You’re simply bewitched by a vixen!”

Gabriel thought, “Never ask for anything in return? The Spirit Orchids that Gina gave me actually helped my failing o**s to start recovering, I am also able to stretch my fingers

which were becoming numb in the past. Such a magical and precious medicinal herb Spirit Orchid was personally developed by Gina. I feel that a mere 600 million dollars cannot compare to the value of such herb.

Although others might not understand the truth, he knew that Gina was slowly accepting him and felt that this was enough for him.

“If this goes on, I’m afraid Jackson Group will be ruined by your” Harry said emotionally.

Gabriel raised his eyes and looked at Harry coldly. “Harry, don’t be an alarmist.”

Harry said, “An alarmist? I’m trying to persuade you with good words!”

“Persuade me nicely? Or are you coveting the chair I’m sitting in now?” Gabriel asked.

Harry paused for a moment. “What are you talking about? Gabriel, you’re getting more and more ridiculous. I think you’re looking down on me. Don’t forget that I became a shareholder of Jackson Group with my own effort, not with your help!”

Harry’s words were true.

Before Jackson Group was founded, the members of the Jackson family were in different situations.

In the early years of Neil, he started a small business and had savings. When Gabriel wanted to start a business, he gave his savings to Gabriel. Later on, when he was developing, Gabriel encountered a shortage of funds. At that time, the other members of the Jackson family were still waiting to see what was going to happen to the Jackson Group. Although it started off great, they were worried that Gabriel was too young to run the company.

Those who didn’t have much money did not help Gabriel out. Those who had money didn’t help because they were afraid that they would lose their investment

At that time, Harry worked overseas and earned some money. He was bold enough to give forty thousand dollars to Gabriel. He even claimed that Gabriel didn’t have to pay him back if he ended up losing this money.

Gabriel did not make Harry lose money, nor did Harry pay for nothing. In the end, Harry became the third largest shareholder of the company.

The money had been repaid, but it was difficult to return the favor.

This was what Harry wanted to express.

Gabriel said indifferently, "I never said that letting you be a shareholder is my gift. Harry, you're thinking too much."

Harry was so angry that he almost vomited blood. He could not win against Gabriel, so he simply rushed out of the door in exasperation.

Ethan carefully asked Gabriel, "Uncle Gabriel, can I... leave now?"

"Get lost," Gabriel said coldly.

Ethan quickly left as if he had been pardoned.

After leaving Gabriel's office, Ethan caught up with Harry. "Harry!"

Harry stopped in his tracks and turned to look at Ethan. He pretended to be surprised and said, "I knew that Gabriel wouldn't come out to apologize to me. I'm sorry, Ethan. I'm old and my ears and eyes aren't good anymore... Sigh, in my life, I have no children, What I hope to see the most is harmony between my family. I really didn't expect that s**t Gina to be able to cause so much chaos in our family."

Ethan agreed with Harry. He felt that Harry was much more sensible than Neil. He suddenly sighed. "If it weren't for your wife passing away early, your children would definitely end up being much better than Gabriel. Someone like you who values kinship should be the head of the family! I think Grandpa

is old and muddle-headed....

Ethan's words made Harry overjoyed, but he could not make it too obvious. "Ethan, aren't you afraid that Gabriel will hear you? Be careful not to give him a reason to fire you."

Ethan was disdainful and looked like he had given up. He said, "Let him be. He looks down on me anyway. If he wants to fire me, he can make up a lot of excuses. I just feel unwilling that he tries to fire me because of Gina!"

Harry seemed to understand his feelings very well. He patted his shoulder and said, "Ethan, it's been hard on you. If you encounter any trouble in the future, you can look for me. I will help you!"

Ethan nodded vigorously.

Gina came to the Grand Restaurant to meet Elsen Frost. The diamond mine that Gabriel had given her had already been mined. Elsen brought a few samples for Gina to see.

-Elsen greeted Gina at the entrance of the Grand Restaurant. "Gina! Long time no see. It's really not easy to see you!"

Gina smiled faintly. "Let's take a look at the sample."

"Okay" Elsen gestured for Gina to enter first. After all, although he was Dale Group's CEO on the surface, Gina was the actual boss. He had to be polite to

his superior.

Elsen and Gina walked towards the first Phoenix room.

Noah, who had just finished negotiating a collaboration, walked out of an ordinary private room. He was feeling the pinch of spending a lot of money to

treat someone to a meal at such an expensive restaurant in order to discuss a collaboration. Unintentionally, he saw a familiar figure.

He thought, "Gina?"

Noah noticed the brown-haired man beside Gina. The man's figure was also very familiar.

He thought, "Is that Elsen Frost, the CEO of Dale Group? Why are the two of them together? Do they know each other?"

Noah's eyes widened in disbelief. Search The website to access chapters of novels early and in the highest quality.
