## Chapter 491

### Chapter 491

The doctor said, "We haven't experimented on this white mouse yet. Anyway, even if it suddenly died, we won't be able to find any other reasons. You can deal with it later. I'll go do something else."

"Alright, thanks for your hard work." Olivia said with a fake smile.

When Ethan saw the results, he was still worried. "Can you trust the results of this **doctor's** examination?"

Olivia was a little impatient. "Don't worry, you can trust him. I'm not close to him, and I didn't ask him to fake the results. Mr. Jackson, if you're really worried, you can investigate it yourself."

Ethan did not want to **waste** any more effort. He took the sealed pill from Olivia's hand. "Alright, I'll believe you this once."

Olivia heaved

and, she was **also** a little surprised. Now, Ethan's hatred for Gabriel had reached such a peak.

Olivia heaved a sigh of relief. Ethan had

and he had finally **agreed**. However,

**After** Ethan carefully **stuffed** the poison pill into his **pocket**, he **asked** in fear, "Can this poison pill be in my pocket? It's harmful to my body, right? If I haven't fucking drugged Gabriel with this pill and I'm poisoned to death first, who am I going to seek justice from?"

Olivia wondered if Ethan was delusional.

"Mr. Jackson, it's true that this pill can't touch your skin, but it definitely won't hurt you through your clothes. If this drug has such a magical penetrative toxicity, you don't even need to drug Gabriel. You just need to secretly **put** the pill in his closet or his office area to kill him. But it's proven impossible. Last night, this pill was in my pocket. I brought it with me when I came to work **today**. I'm fine now, right? You know that this pill is very poi

sonous. I still have a bag in my pocket. If I were to die, I would have died long ago. Don't you think?" Olivia said.

Olivia's words were reasonable, and Ethan believed it.

"Alright, then wait for my good news," Ethan said.

After Ethan finished speaking, he suddenly realized how stupid his question was,

"Mr. Jackson, I believe in you. You will definitely succeed. As long as the two of them die, our future will be very bright," Olivia said **sincerely**. At the same time, she felt that she was too smart and quick-witted. She thought of asking Ethan to do this. It was really appropriate.

Ethan did not say anything. After being beaten up, he came to Blue Vale for a checkup. He still had to accompany Harry for lunch and did not have time to continue chatting with Olivia.

After leaving Blue Vale Hospital, Ethan drove to Grand Restaurant. On the way, he put on his hat, mask, and sunglasses, afraid that others would see his swollen face.

Ethan Jackson pushed open the door of the private room. Harry had already arrived early.

Harry's face had some injuries, but they were not as serious as Ethan's.

Because Ethan had covered himself up tightly, Harry did not recognize him immediately. He thought that a passerby had suddenly run into his private

room. Search the website to access chapters of novels early and in the highest quality.

Just as Harry was about to scold him

and eat him out, he saw Ethan take off his sunglasses and mask and say, "Harry, sorry to keep you waiting!"

Harry teased, "You're wrapped up so tightly. I thought some big star suddenly came to my private room

Ethan smiled awkwardly. "I can't help it. My face is too swollen."

Harry and Ethan Jackson as they ate. Ethan did not notice for a moment and knocked his sunglasses off the table with his elbow, Ethan bent down to pick them up.

The poison pill in her pocket fell to the ground.

Ethan felt a little guilty for no reason. He immediately picked up the poison pill and put it back in his pocket.

When he looked up at Harry, his eyes subconsciously avoided his.

Harry was someone who had experienced the vicissitudes of life. He could tell at a glance that something was wrong with Ethan. He asked, "What was that white pill that fell out of your pocket just now?"

Ethan suddenly felt his mouth go dry. "It's nothing, Harry. **Didn't** I go to the hospital for a checkup? The doctor prescribed me medicine. He said it's for pain relief. If my body hurts badly, I can take some."

Ethan's panicked look could not hide the fact that he was lying.

Harry's expression turned serious. He put down his fork and **said** earnestly, "Ethan, don't you trust me? What are those pills? Tell me the truth. Are you addicted to drugs? I'm telling you, **you** can't touch those things!"

Ethan hurriedly waved his hand to deny it. "Harry, this **is** not a drug. This is definitely not a drug. I won't touch those things."

"What is that thing? Tell me," Harry **asked**.

Ethan thought about it. Harry even knew about his car accident and had helped him settle the matter of him driving drunk and killing someone that day. What secret could he not tell Harry? Moreover, looking at Harry's reaction, he definitely did not believe that the pill was not a drug.

Ethan directly said. "Harry, this pill is used to kill people. It can be ground into powder and dissolved in water, It's colorless and tasteless. It's also made by an especially powerful poison master that no one can cure!"

"Where did you get it? How did you get it?" Harry asked.

"Olivia **gave** it to me. I don't know where she got it from" Only then did Ethan realize that he had not even asked Olivia this

question. However, forget it. It did not matter where it came from. What was important was that it was useful.

“You

her and asked her to get it for you?” Harry asked.

“No, she just **gave** it to me. She hopes that I can kill Gabriel and Gina.” Ethan observed Harry’s expression. If he realized that Harry’s expression was not right and wanted to object to him doing such a “rebellious” thing. He would immediately change his words and say that he would definitely not do so.

Harry was a little surprised. Unknowingly, Ethan’s hatred for Gabriel and Gina had already become so deep?

Harry could be

He had been said to be very happy

happy. It was a good thing that Ethan wanted to kill Gabriel

“Harry?” Ethan called.

Harry did not speak. Ethan could not read Harry’s mind, so he called out carefully.

“Do you think I’m too **scary**?” Ethan asked tentatively.

He wanted to kill his family. Ethan did not want to admit that Gabriel was his family, and Gabriel Jackson did not treat him as family. Treat Gabriel as **family**?

Chapter 491

Ethan was worried that Harry would scold him. After all, Harry seemed to care a lot about kinship. After all, Harry had been concerned about his grandfather’s health for so many years.

Harry sighed. "Ethan, I can understand how you feel. After all, you almost died at Gabriel's hands in the past. He treated you so ruthlessly, so why should you **be** merciful to him?"

### Chapter 492

Tears welled up in Ethan's eyes. He did not expect Harry to understand him so well.

As expected, Harry v

was the person who treated him the best.

Harry suddenly changed his **words**. "But Ethan, are you: that these pills can kill people without a trace? Are you sure that you can escape unscathed after killing them? I don't want you to lose your life because of them! In particular, because of that bitch, Gina."

Ethan was very touched. Harry was so considerate of him. "Actually, Harry, I'm not **that** confident either, but this pill is indeed powerful. As long as the process of drugging it is hidden a little more, it will definitely be foolproof. However, I'm a little uncertain now, so I want to ask you if you can help me?"

Harry's face stiffened, but he thought that this kid was quite bold to make up his mind to kill those two bitches himself. Harry did not expect Ethan to ask him for help.

However, Harry did not refuse. After all, Gabriel's death **was** a

**s a** good thing for him. **Even** if either Gabriel or Gina died, the two of them could not die at the same time. Otherwise, it would be too eye-catching. If they killed without leaving a trace, it would also arouse suspicion.

When Ethan saw that Harry did not answer, he thought that Harry had rejected him. Would Harry be disappointed in him?

After all, he was still valiant and spirited just now. Now, he needed the help of Harry. He had already troubled Harry too much. It was indeed **a** little shameless to **ask** Harry for help this time.

Ethan immediately corrected himself. "Harry, just pretend that you didn't hear me say these words today. I'll handle this matter myself."

Harry asked, "**Have** you really made up your mind? When are you going to do it?"

Ethan had a flash of inspiration. "I will wait for a perfect time when no one knows."

Harry was a little anxious. Gabriel and Gina were about to get engaged. He could not let them become husband and wife, even if it was only an engagement.

"Ethan, I didn't **say** that I wouldn't help you. Give me the pills. Harry will handle the rest."

Ethan was extremely shocked. He really did not expect Harry to be willing to help him deal with this matter. However, Harry was actually easier to get

close to than him.

"However, I think it's better to kill Gina first. After all, Gabriel is still our family. Perhaps Gabriel did those disrespectful actions just because **he** was bewitched by Gina? We might as well give Gabriel a chance."

Ethan did not care which one of them died first. He was already overjoyed that Harry was willing to help him. Of course, he would listen to Harry's

arrangements.

"Alright." Ethan nodded. "I'll listen to **you**, Harry."

Oriata City's Quaria headquarters.

Gina and Gabriel came to pick up the wedding dress and diamond ring that Gina had finished designing. In three days, it would be their engagement party. The wedding dress and diamond ring should be taken back to Norwood.

"I want to see your chief of Quaria."

Elaine's voice came from the front desk. The receptionist said helplessly, "Miss, we don't have the contact information of the chief designer either. Please don't make things difficult for me."

Chapter 492

"if you don't, then tell Gina to come see me. Tell her to call the chief designer over, I want to see the chief designer!" Elaine roared.

It was obvious that she wanted to **make a scene**.

“There’s no need to call me. I’m right here. Why are you looking for the chief designer?” Gina said,

Elaine turned around and saw Gina. “I want to poach **her**.”

Gina was slightly surprised. Then, she smiled and said, “What makes you think that you can poach her?”

“I’m confident that I can poach her. How can I meet her? I want to poach your chief designer. Are you starting to panic? Gina, don’t hide the chief designer from me. If you have the ability, let me meet her. Oh right, I like the diamond four-leaf clover filigree bracelet she designed for me last time. I heard that Gina is going to marry Gabriel. Why don’t I see you, the boss, getting the chief designer to design a wedding dress and diamond ring for you? It seems like you don’t have a good relationship with the chief designer, right? I also think that with her talent and ability, there’s no need for her to stay in Quaria. Even if you don’t give me the contact information of the phone designer today, I’ll think of a way to find her and poach her!” Elaine **said**.

Elaine glanced at Gina and the others.

the chief designer had designed a wedding dress and diamond ring for Gina, Elaine felt that Gina would not have kept it a secret. Firstly, she could show it off, and secondly, she could promote it.

“There’s no need to look for her. She’s standing right in front of you,” Gina said calmly.

Elaine was stunned and felt cold all over. “What did you say?”

“saic. I’m Quaria’s chief designer. Do you hear me? Miss Barnes, even if your ears are bad, I won’t repeat it a third time,” Gina said.

Elaine Barnes was unwilling to accept it. When she found out that Quaria was Gina’s company, she had already collapsed.

However, she really liked Quaria’s jewelry, especially the series of jewelry designed by the chief designer.

She could not bear to part with it, but Gina told her that she was also the chief designer,

At this moment, Elaine was so furious that she wanted to kill everyone in the world. Why did all her favorite jewelry come from this bitch, Gina? Elaine could not accept this reality.

“Gina, you bitch! How dare **you** lie to me? You’re just trying to disgust me, aren’t you?” Elaine was furious. She waved her hands and tried to scratch Gina.

Gabriel raised his hand and grabbed Elaine's wrist.

Elaine lost her balance and fell to the ground. Gabriel looked at Elaine coldly and said, "Get out."

Elaine refused. "Gina, you must be **lying** to me! Do you think I'm easy to deceive?"

Elaine said calmly and continued, "By the way, let me reveal that I wasn't the one who designed the four-leaf clover diamond necklace. Back then, you were looking for trouble and wanted Quaria's chief designer to customize it for you. It's impossible."

"Then who designed this bracelet?" Elaine **asked**,

Elaine was going crazy.

"A little kid you don't know. Since you liked my design earlier, can't you tell that the design style of this diamond **necklace** is too different from my previous style?" Gina asked in **amusement**. Search The website to access chapters of novels early and in the highest quality.

from the chief designer's previous style, she thought it was custom-made for her, hence showcasing the designer's intentions and thoughtfulness for her.

**However**, Elaine did not expect the opposite to happen.

This only proved Gina's attitude.

Elaine thought about how she still wore this bracelet like a treasure every day, and how this bitch, Gina, probably mocked her all this time.

### Chapter 493

“Gina, I want you dead!” Elaine screamed.

Elaine was incompetent and furious.

She refused to leave. Gina had already asked the security guards to send Elaine out. Before Elaine left, she asked unwillingly, “Gina, you disgust me. You definitely don’t like me either. Then why didn’t you block **me** so that I can never buy Quaria’s jewelry again? Why did you deliberately disgust me? I hate you, I hate you!”

Gina curled her lips into a smile. “Miss Barnes, you’re my customer. You bought my family’s jewelry and gave me money. Why should I block you? I don’t **like** you, but I don’t mind earning money from you.”

Elaine screamed in anger and was forcibly dragged away by the guards.

Finally, the annoying person, Elaine, was taken **away**. Gina and Gabriel continued upstairs.

The wedding dress and diamond ring were placed in a special independent exhibition room.

The moment they walked in, **Gina** saw the wedding dress and diamond ring that she had designed. After being customized by an international craftsman, the three-dimensional design was presented in front of them. The effect was very good. Gina and Gabriel were very satisfied.

Gina was with Gabriel. Gabriel’s suit was easier to wear. He first walked out of the fitting room. When Gina walked out of the fitting room in her wedding dress, Gabriel’s eyes were filled with unconcealable amazement. He felt as if he had seen a fairy descend to the mortal world.

Gina was too beautiful

She was so beautiful that everything in the world seemed to pale in comparison.

Gabriel stepped forward and held Gina’s hand. He could not help but lower his head and kiss Gina’s hand that was wearing a diamond ring.

When he looked up at Gina, his heart was filled with happiness.

“Gina, I love you. You’re finally going to be my fiancée. Although you’re still a step away from being my wife, I’ll continue to work hard,” Gabriel said sincerely and passionately.

Gina smiled and **said**, “I’m willing.”

Tears welled up in Gabriel’s eyes. He was very excited and wished he could tell the world that he had married the woman he dreamed of

He was the happiest man in the world.

Gabriel took a photo of their ringed hands and sent it to Neil. Neil was also very happy to see the photo.

Gabriel held Gina’s hand tightly. The wedding dress on their diamond rings had a unique design in this world.

Just like their **love**, it was **usually** unique.

At the Bush family’s house.

Three days. There were only three days left until Gabriel and Gina’s engagement banquet, Jasmine was locked in her room and could not even go out or do anything. There was no way to stop all of this from happening. Her mental state was **already** extremely bad

.

She was about to break down. She even began to scratch her walls anxiously, causing her nails to bleed.

Chapter 493

Suddenly, the door opened. Jasmine looked at the door with a haggard expression.

She saw that it was her mother.

She instantly rushed forward as if she had seen her savior. However, Hannah stopped her. Jasmine said in surprise, “Hannah, when did you become like Jabari? Even you want to stop me? Can you just let me **out**? I won’t cause trouble. I won’t **do** anything I just want to go out and see Gabriel. Is that **not** enough? After all, he will no longer belong to me in three days. He will be snatched away. Can’t I even see him once more?” Jasmim cried.

Seeing her daughter so haggard **and** broken, Hannah’s heart ached terribly..

On the one hand, she was worried that if she let her daughter go out, Jasmine would do something irreversible at the engagement banquet, causing the relationship between the two families to completely fall apart and affect their business.

On the other hand, she could not bear to see her daughter continue to look haggard. Hannah only went upstairs to open the door when Jabari was on a business trip.

If Jabari was at home, she would not be allowed to open the door at all. However, Hannah opened the door and let her daughter come out of the room to **walk** around. It was not only because she wanted to comfort and accompany her daughter, but also because Harry came to the Bush family. He said he wanted to see Jasmine..

"Harry is

Jasmine was a little surprised. After all, the two of them rarely met in the past.

She was very surprised **that** Harry would come looking for her.

"Let's go downstairs," Hannah said gently.

Jasmine originally did not want to see Harry, but Harry was the only person she could see now who was related to Gabriel.

She could not see Gabriel, but she wanted to know the current situation of Gabriel.

In the end, Jasmine decided to go downstairs to see what Harry wanted to say to her.

Jasmine came to the living room and sat down.

Harry said to Hannah, "Can I talk to Jasmine alone? I know this child is deeply in love with Gabriel, but Gabriel is about to get engaged. I heard that Jasmine hasn't been doing well recently, so I wanted to talk to her."

Perhaps Gabriel was worried that Jasmine would cause trouble, so he asked Harry to warn Jasmine!

Or was it for something else?

In short, Hannah did not refuse and left silently.

An hour later, Harry left.

Jasmine also walked out of the living room. Hannah immediately went up to check on Jasmine. She was also worried that her daughter would sneak

out.

Hannah saw that Jasmine had not left the house and **was** still sitting obediently on the sofa, looking much more energetic.

Hannah was a little surprised and asked, "Jasmine, what did Jabari say to you?"

Jasmine said calmly, "Harry told me that sometimes people will be killed by their obsession, so I shouldn't be too stubborn. He told me to let go of

Gabriel. He just enlightened me. I think it's very useful. He's right. I can't continue to be dispirited like this. If I continue to be dispirited, I feel like I'm about to be abandoned by the world. Hannah, I've decided that I don't love Gabriel anymore. Can you tell Jabari not to lock me in the room anymore?! I promise you that I won't go out."

Hannah was very relieved to hear these words. It was great that her daughter was willing to let go of Gabriel.

"I'll call Jabari," Hannah said,

After the call went through, Jabari heard that Harry had come to enlighten Jasmine. Jasmine was suddenly enlightened and was willing to let go of

Gabriel

Jabari felt that it was quite strange.

"Hannah, is Jasmine with you now?" Jabari asked.

"Yes," Hannah replied.

"Then put me **on** speaker, Jasmine, I don't know if you're pretending to be calm to trick **us** into relaxing your freedom of movement. It's useless if you still want to lie to **us** that you've already let go of Gabriel. When the time comes, you'll find an opportunity to run out and ruin his engagement party. I'm telling you that it's impossible because I won't allow you to go out before their engagement party ends. Do **you** understand? So it's useless for you to pretend to let it go now." Jabari shouted over the phone.

Jasmine did not have much of a reaction. She said, "Alright, Jabari, let's do as you say. I won't go out."

At this moment, Jabari was indeed a little shocked. He thought that Jasmine would be hysterical and shout at him. Search the website to access chapters of novels early and in the highest quality.

said.

At the bar under Gabriel, Night Bar, the night before the engagement banquet. “For the next three **days**, Night Bar drinks will be free. Let’s celebrate **Mr. Jackson and Miss Miller’s engagement banquet!**” the host shouted.

The cheers and applause thundered.

Gina and Gabriel also stayed in Night Bar to celebrate.

Gabriel took a sip of wine. “I’m a little nervous, Gina. I’m so worried that all this beauty is just a dream. I’m so **afraid** that I’m just drunk. When I open my **eyes after** I fall asleep, you won’t be by my side.”

Gina could not help but laugh. “Mr. Jackson, you’re still so sentimental”

Gabriel smiled and wanted to be intimate with **Gina** for a **while**. **Suddenly**, there was a knock on the door. Gabriel pressed the button to open the door. The manager stood at the door in a hurry and **said**, “Mr. Jackson, Miss Miller, I’m really sorry, I didn’t want to disturb you, but the police came and said that they had received a report that someone was suspected of selling drugs in our bar, They asked us to cooperate with the investigation.”

Gina and Gabriel looked at each other for a moment. Both of them did not have much of a reaction, as if they already knew that this would happen. **They** even chatted and laughed. Gina **said**, “Mr. Jackson, are you sober now?”

“Yeah,” Gabriel said.

It was time to watch the show begin.

Two hours later, after cooperating **with** the police investigation, the so-called drugs were not found in Night Bar.

Instead, Gina provided a new lead to the police officer. “I’m reporting King Bar for drug trafficking.”

The police officers immediately **moved** to investigate King. As expected, they found a large amount of drugs in King. That night, Colin was arrested and brought to the police station.

Everything was within **Gina’s** expectations.

She knew that Elaine had come to Quaria to cause trouble. She had gotten someone to chase Elaine out in an unseemly manner. Elaine would definitely cry to Colin when she returned home. In return, Colin thought of a **dirty** trick in a fit of anger. **He** secretly placed the drugs in Gabriel’s bar and then found someone to report it.

However, Gina had long discovered this matter. She sent the drugs back to the bar under Colin’s name and directly made Colin suffer the consequences

of his own actions.

What awaited Colin would be the trial of the law.

On the day of the engagement, the old residence of the Jackson family was bustling with activity.

Gina and Gabriel performed the ceremony and exchanged the rings with everyone’s blessings.

Then, a waiter handed them red wine.

Not far away, with Harry’s help, Jasmine sneaked out of her house and disguised herself as a kitchen helper. She successfully ground the poison into powder and poured it into Gina’s glass of red wine.

08:05 Wed, 19 Jun

## Chapter 494

She **poured** a lot of it, almost grinding the entire packet of poison pills into powder and pouring it into the glass of red wine. With this toxic dosage, Gina would die in less than two days. She had finally completed what she wanted to do.

Jasmine watched as Gina and Gabriel happily snuggled together.

She clenched her fists so tightly that her palms were bleeding. She wished she could rush up and drag Gina down,

However, Jasmine told herself to calm down. After all, Gina was going to die tomorrow. She believed that Harry had given her the power of the poison

tablet.

So what if Gina became Gabriel's fiancée?

Once Gina was dead, she would no longer be able to continue enjoying Gabriel's love.

At the thought of this, Jasmine, who was biting her lip, laughed again. She even laughed until tears welled up in her eyes. When she looked at Gina and finished the entire glass of red wine, she laughed until tears flowed down her **face**. Then, she turned around and left. Next, she just had to return home and pretend that she had never left the house.

She just had to wait for the news of Gina's death when she woke up on the second day.

The next day.

Gina and Gabriel woke up in the same room. When Gabriel saw Gina lying in his arms, he experienced what it meant to be happy.

The two of them got up together, washed up, and went to look for Neil.

From today onwards, Gina would have to change her name. In the future, Neil would be her father-in-law.

However, Neil, who always woke up early, did not sit in the living room and wait for the morning.

Isaac also said that Neil might have been too happy last night and exhausted too much energy. He was still sleeping. In the past, he would have woken up long ago at this time.

Isaac said that when he opened the door just now, he saw that Neil was still sleeping, so he did not disturb him and left.

id, "I'll go

in and take a look."

Gabriel said,

When he opened the door, he found that Neil was indeed lying peacefully on the bed.

When Gabriel wanted to wake Neil up, Gina, who was at the door, noticed that something was wrong. She immediately walked to the **bed** and checked Neil's breathing. Then, she was shocked to find that Neil was no longer alive.

When he saw Gina's movements, Gabriel understood something.

He grabbed Neil's hand anxiously and realized that Neil's hand did not have any warmth at all. It was extremely cold. At that moment, he felt as if the world had collapsed and he could not accept this reality.

He had just gotten engaged to Gina. Why did this happen? Was it because of Neil's heart? Gabriel froze on the spot.

Realizing what had happened, Isaac's eyes widened and his legs went weak as he fell to the ground. How could this be? On the second day after Gabriel's engagement, Neil passed away. Although Neil had been hospitalized a few days ago, he had recovered very well since Miss Miller's return!

Gina's hands were also trembling

Unknowingly, Gina **was** already in tears. Meanwhile, Gabriel was like a dead tree with no signs of life on his face.

Isaac blamed himself, "It's all my fault. I thought he was just asleep. If I had discovered it earlier, maybe he wouldn't have passed away."

Gina took a deep breath. "Isaac, it's not your fault. I deduced that he was fine last night."

Gina placed her hand on Gabriel's shoulder. "Gabriel, Neil's death was definitely not natural. It must have been done by someone. I'm sure of it."

Gabriel silently knelt down. For a moment, he felt like he was in heaven, and for a moment, he felt like he was in hell. It was as if he wanted to tear himself apart.

Gina placed her hand on Gabriel's shoulder. "Gabriel, Neil's death was definitely not natural. It must have been done by someone. I'm sure of it."

Gabriel's eyes were bloodshot, and the veins on the back of his hand were bulging, "I will send the person who killed my father to hell."

Gina nodded. "Gabriel, I'll help you."

### Chapter 495

Jasmine had a mental breakdown after learning of Neil's death. She did not understand why Neil died when she clearly placed the poison in the glass of

red wine that Gina wanted to drink?

Jasmine fell into a state of panic.

Not long after, Gabriel came knocking on their door. After investigating with Gina, they found out that Jasmine had sneaked into their engagement venue and sneaked into the kitchen. Gabriel had reason to suspect that Jasmine had tampered with the food.

**When** Gabriel barged into Jasmine's, the bag of poison pills with two pills left was still on her dressing table. Gabriel had almost never touched a woman, but Jasmine was a woman who **was** seriously suspected of causing his father's death. He could not control himself.

Even though Jasmine felt guilty, she was still very happy to see Gabriel looking for her. Even if he was criticizing her, she was still very happy. "Gabriel!"

Before she could finish her sentence, she was slapped **by** Gabriel. Hannah, who had just caught up, screamed when she saw this situation. She immediately grabbed Gabriel's hand and said, "Gabriel, are you crazy? Did you suddenly come to my house to hit my daughter? My daughter stayed at home obediently yesterday. She didn't do anything. Why did you hit her?"

Gabriel ignored Hannah. Instead, he picked up the packet of poison pills on the dressing table and questioned Jasmine, "Tell me what this is? Tell me!"

When Jasmine saw Gabriel taking the bag of extremely poisonous pills, she panicked and wanted to snatch the pills from Gabriel's hand.

Gabriel thought that she was feeling guilty, but he did not expect her to **say**, "Gabriel, put that down quickly.

That one is especially poisonous. Put it down quickly. If it's in your hands, it'll hurt your body."

Gabriel ignored her and pulled Jasmine hard. "Answer my question."

Jasmine broke down and cried. At this moment, her mental state had already broken down, "I don't know how this matter became like this either. Gabriel, you have to believe me. I really didn't want to kill Neil Please believe me!"

Jasmine cried with a swollen face. [Search The website](#) to access chapters of novels early and in the highest quality.

When Hannah heard the truth, she was stunned.

"Didn't you stay at home yesterday? Jasmine, what happened?" Hannah asked,

Jasmine admitted everything. "Ethan helped me go out and even helped me sneak into the Jackson family's old residence. He was also the one who gave me the poison pill. He clearly told me to give this pill to Gina to drink red wine. Gina would die, but I don't know why the person who was poisoned to death was Neill"

Gabriel wanted to strangle Jasmine to death, but he held back. He still needed to settle scores with Harry, but he had already called the police. The police would soon arrive at the Bush family to take Jasmine away.

Looking at Gabriel's departing figure, Jasmine regretted it. "Gabriel, don't go. Let me explain. I really didn't want to kill Neil. I really didn't!"

Hannah grabbed Jasmine tightly. She was afraid that Jasmine would be beaten to death by Gabriel if she chased after him.

On the other side, Harry knew that Jasmine had made a mistake, Gabriel would definitely come looking for him. All his plans had collapsed, leaving only the option of escaping. Everything was his fault for being too hasty. He did not expect **Jasmine** to cause such a huge mess for him. He wanted to escape, **but** he was too late. He was **stopped by** David at the airport.

Gabriel only let Harry live.

They investigated Harry and found out the truth that Ibrahim and Harry were in cahoots. The so-called all-in-one medical examination machine was a

large-scale fraud project that was used by Blue Vale. It was also a cover. "Dr. Jacquard", which was Ibrahim, made use of his position as the director of Blue Vale **Hospital** to find a hacker and register the information of **the** person who came to Blue Vale for a physical examination in advance.

After getting the hackers to take the medical report they had done in other hospitals and **change a** few statistics, even if it became a new medical report, Blue **Vale** Hospital's ultimate goal of collecting the patient's blood **was** as Gina had guessed. It was to carry out organ trafficking. After the truth **was** revealed, Blue Vale Hospital closed down.

Fortunately, Gina had reminded Gabriel to draw **a clear** line with this project, so Jackson Group was not affected.

Ibrahim, Olivia, and Ethan were **all** in jail

Meanwhile, Jasmine had a mental breakdown and committed suicide.

In addition, Colin's previous plan to frame Gabriel's bar with drugs also involved Ronnie's supply of large amounts of drugs to Colin, drug trafficking, and drug use. Ronnie and Jason were both imprisoned.

The Miller family was completely torn apart.

It was said that Ella was sent to the hospital in a fit of anger.

However, this **was** not a problem that Gina would be concerned about. She came to the detention center and met Ethan.

Ethan **lowered** his head and refused to look up at Gina.

Gina said, "You're still unwilling to repent. How many heartless things have you done? There are some things that don't have enough evidence, so we need your testimony."

Ethan remained silent.

Gina continued to attack his heart. "Ethan, you're really very pitiful. At this point, you still don't realize that you've been deceived by Harry. You think that he helped you cover up the fact that you got into a car accident and killed someone, but in **fact**, you helped him cover up the truth. The person you killed is Mr. Long. After Mr. Long underwent a physical examination at Blue Vale Hospital, his blood was taken for a match. It **was** found that his heart was successfully matched with the heart of a buyer with heart disease. Then, Ibrahim secretly arranged for him to undergo a heart transplant. In the end, the disposal of the corpse **was a** problem. He pretended that Mr. Long had died from a drunk driving accident and even said righteously that he would help you deal with this matter. In the end, you willingly became his subordinate, right?"

At first, Ethan thought

that Gina was trying to sow discord.

It was not until Gina showed Ethan the photo of Mr. Long's heart in Olivia's phone that Ethan believed Gina's words. He immediately broke down. He thought of Harry, whom he respected so much, who had always doted on him the most. Harry had been using Ethan to play with him from the beginning to the end.

After the collapse, Ethan agreed to be a witness.

After everything was settled, the bad guys were punished. The truth was revealed to the public. Harry was the culprit of all the sins. Gina's adoptive - parents, whom she met when she was 10 years old, Max's biological parents, who were reporters, accidentally discovered that Harry was involved in the

human organ trafficking business and wanted to expose Harry.

However, they were discovered by Harry.

The entire family was killed, and Gabriel's mother was the first to be contacted by the reporter couple. Emily was surprised and wanted to expose Harry, but the reporter couple's death was due to insufficient evidence. In addition, Harry poisoned Emily's hairbrush, causing Emily to die of cancer.

A few **days** after he was imprisoned, Harry also died. Some said that he committed suicide to avoid punishment, while others said that he was beaten to death

In short, he died tragically.

A month **later**.

Gabriel, who did not dare to enter his father's room for a long time, finally walked in. He found Neil's will on the desk. Gina accompanied Gabriel to read

It.

"Gabriel, Gina, when you read this letter, I guess I've probably left this world, but don't be sad for me. Actually, I wanted to accompany my wife a few years ago, but I was worried about Gabriel. Now that I see that he has found his true love, I have nothing to worry about. By the way, I have something to confess here. Gina, **don't** be angry **with** me. On the **day** of your engagement, the fragrance of wine filled the air. I really couldn't help but drink a glass of wine. Yes, it's the wine that the waiter was about to send to the two of you. I **casually** picked a glass. After drinking it, I **suddenly** woke up in the middle **of** the night and suddenly felt that I couldn't hold on anymore. I know my body very well, so I chose not to disturb you. Just let me leave like this. I've lived for so long, but I've actually lived enough, I can't continue writing until here, so Gabriel, my good child, I hope that you and Gina can live happily ever after. I don't regret it. I drank that glass of wine ."

At the end, Gina and Gabriel were in tears. When Neil wrote his will, he realized that there was something wrong with the wine, but he did not regret it. He drank it himself and was even glad that they did not drink it.

Gina held Gabriel's hand tightly. "Neil, I will. I will always be with Gabriel. We will always be happy.

They would stay by each other's side for the rest of their lives.
