The Policewoman Chapter 9

Squeak!

Suddenly, a door slammed and the door to the master bedroom was opened from the inside.

The two bodies parted as if they had been electrocuted.

Tang Huimin hurriedly lifted her halter top up, while Lin Kai fled into his bedroom.

Yang Xiaobo didn't seem to be awake and didn't see clearly what the two were doing in the living room, only to rub his sleepy eyes and ask.

"Mum, why aren't you in bed yet?"

"Oh," Tang Huimin said as she tried to steady herself, "I just talked to your brother Xiao Kai about something, I'll sleep soon"

Yang Xiaobo said leisurely, "I just dreamt about my dad, you should come in and stay with me, I'm scared"

"Ah? You dreamt of your father" Tang Huimin remembered the scene of her cuddling with her late husband's nephew just now and felt a pang in her heart, thinking, "I have to find my late husband's murderer as soon as possible to avenge his death. I have to find my late husband's murderer as soon as possible and avenge his death"

The first thing I did was to take my son's hand and go into the master bedroom and lie down on the bed with him.

.....

When Lin Kai returned to his bedroom, he lay quietly on the bed, only to see his eyes staring at the ceiling, unable to fall asleep.

At this moment, the sexy body of his sister-in-law Tang Huimin, especially her two sets of differently coloured bras and lingerie, always lingered in his mind.

Just as Lin Kai was staring at the ceiling with his eyes staring up at the ceiling, a noble smell of perfume beside him assaulted his nostrils.

Lin Kai swept his eyes to the side and found his sister-in-law, Tang Huimin, draped in her pink camisole, standing beside the bed.

Shyly and affectionately, she looked at Lin Kai with tender eyes, bowed her head and whispered.

"Little Kai, I came over to see if you have slept yet."

Hearing this, Lin Kai looked at her silently, and Tang Huimin's eyes just made contact with him and lowered again, not daring to look at the cool little nephew of her late husband in front of her, with her head bowed.

“Where is Xiaobo?” Lin Kai asked in a whisper.

“He he has gone to sleep.” Tang Huimin responded.

As Lin Kai listened to Tang Huimin’s words, his heart suddenly swirled a little, so he slowly reached his hand out and gently held her jade hand.

Tang Huimin did not object, but only gave a soft “mmm” and slowly leaned her head down against Lin Kai’s chest like she wanted to welcome him.

Lin Kai lowered his head and gradually moved his mouth closer and closer, finally kissing him fiercely.

Lin Kai gently lifted his aunt and placed her on the bed, pressing his hand against the pink nightgown and stroking it through the thin shirt.

Then, pulling her nightgown downward to open it, lowered his head and came over.

.....

He rubbed his eyes, felt his side and found the bed empty, his mother was no longer in it.

So he got up and got out of bed, left the master bedroom and went to the living room.

The door to the bedroom where his cousin Lin Kai lived, his own, was hidden, and he peeked over to take a look, and the scene before him made him dizzy

Looking at the two people on the bed, Yang Xiaobo was stunned!

His own mother got into Lin Kai’s blanket and wrapped her arms around him.

Her long legs were wrapped around him and her whole thighs were pressed against his belly, her body touching Lin Kai’s erect area

He saw his mother’s legs clamping around Lin Kai’s waist become tighter and tighter, and those long, white legs, which were kept incredibly attractive and hot due to the police officer’s profession, were a huge shock even for Yang Xiaobo to watch.

Just at this moment, he also saw the speed of Lin Kai’s movements, becoming faster and faster
