

## C1 You Can be Gentle Can You be Gentle

Night, Marcel Hotel, banquet hall.

A fluent Croatian Fantasy Song attracted cheers from the audience!

Hsu Yan, who was wearing a evening gown, stood up from the piano. On her face was a confident smile that belonged to the young mistress of the Hsu family, a family from the City J!

Today was her 23rd birthday banquet, and it was also the day she agreed to her boyfriend's proposal!

Three years of love, a perfect match!

Her boyfriend was too happy and drunk, so she was left to entertain the guests.

"Yan, I also congratulate you! When I turned 23 today and found such a good husband, I will welcome my own life and become the Young Madam of a listed company!"

Suddenly, the young stepmother, Ning Ya, brought a champagne glass with a fake smile on her face.

Hsu Yan's expression was cold, "Little Mom do not need to be polite. Even if we are married, I will still frequently return home and help my mother clean up the family!"

Ning Ya was her four year old college roommate and also her best friend. However, when her mother was in critical condition, she secretly crawled into her father's bed!

She even pretended to be innocent and said that it was to relieve her father's worries! In the end, not long after Hsu Yan's mother died, she took the position.

The relationship between the two of them had long been like fire in the sky, both in the open and in the dark!

Ning Ya's expression changed, "Hsu Yan, how can you say that? I am at least pregnant... If not for the rules of the banquet, I would need you to toast my wife. I won't trouble you. There are so many people watching. You'd better not make it difficult for me! "

She used her hand to deliberately touch her flat abdomen for less than three months. From the corner of her eye, she hinted at a servant beside her to pass another cup of wine to Hsu Yan.

"Sorry! There is only one wife in the Hsu family who is my mother! If it wasn't for this piece of meat in your stomach, I would have thrown you out right now! I don't need this blessing. I'm afraid that I won't be able to sleep well due to the nausea."

Hsu Yan curled her lips and sneered. Without waiting for Ning Ya to move the cup, she took the wine and gulped it down in one gulp. Today's day was grand. Otherwise, she would not drink this cup even if she was beaten to death.

"You!"

Ning Ya's face was close to turning green as she looked at Hsu Yan's proud back. Jealousy filled her chest!

But very quickly, a vicious smile emerged from the corner of her mouth.

At this moment, Hsu Yan walked into the bathroom.

She did not believe that Ning Ya would have any good intentions. She spat out the wine in her mouth.

However, before she could turn around from the washing table, her body suddenly heated up!

Hsu Yan turned her head. The door was also locked at this moment!

The problem was the wine glass!

As expected, two hooligans walked towards her with saliva dripping from their mouths.

"Impudent! I am the young lady of Hsu family. How dare you act rashly?"

Hsu Yan stepped back step by step!

"Hehe... even if you die under a peony flower, you will still be dissolute even if you become a ghost! Young lady Xu does not want to be thrown out later. If it is too ugly, then cooperate!"

What a good Ning Ya. She actually chose the happiest day of her life and wanted to make her lose her reputation in front of everyone!

The medicinal effects were very strong. Very quickly, Hsu Yan's forehead overflowed with sweat and her entire body seemed to be burning!

She retreated to the dark window and suddenly pinched her throat, "Two big brothers! This is my first time. You two can be gentler. Can you tell who is in front and who is behind?"

How could a coarse man have seen such a beauty trick?

The two brothers actually guessed it.

Hsu Yan looked at the potted plant beside her feet and grabbed a handful of soil. She stepped on the potted plant and jumped up high!

The two hoodlums immediately came back to their senses, "Not good! Stinky woman dare to lie to us! Quickly chase! Aiyo!"

Hsu Yan nimbly raised her hand and lifted the dirt towards the two people's eyes. She pushed open the dark window and jumped out!

Bang! It landed in the room next door in the men's restroom!

Why didn't it hurt?

The feeling behind her was hard and soft. Hsu Yan actually pressed down on a man?
