C11 Hubby Was Escorting Her

Ning Ya was mocked until her face turned red and she said guiltily, "You, what nonsense are you talking about, Hsu Yan?"

She arranged a servant to accompany her to the wedding and inquire about the news. How would she know whether it was reliable or not?

Now, the ground was full of burial items, but the bride was healthy and healthy... This time, it was a huge slap in the face!

"That's right, Ning Ya. Hsu Yan is alive and well. Why did you bring these dead people's things?"

Gu Yun also became suspicious. He was, after all, nurtured by the Gu family and was also a talented student who had the ability to distinguish between the two.

"Brother Gu Yun, this is a misunderstanding." Ning Ya bit her lower lip and hurriedly explained.

The few of them stared at each other and did not realize that a black car drove into the Zhan family villa.

Seeing this scene, Hsu Yan was very happy but she stopped when she saw the good news, "Since Little Mom's acting was ruined, why not go back and take a good look in the mirror to avoid making a bigger joke at home. I am very busy with my wedding, so I will not see you off!"

But Ning Ya was not someone who was easy to get rid of. She suddenly pulled Hsu Yan back. She put on a fake smile again, "Hsu Yan, this Zhan family villa is really big and bright. Since you have come, you have become the noble Mrs Zhan. Why don't you invite us in to have a seat?"

Hsu Yan already knew that she had a backup plan. She smiled coldly and pushed Ning Ya away, "This is the Zhan family. A Mo can enter as he wishes? If I, Mrs Zhan, do it, wouldn't I lose face? "

" It can't be that I'm an abandoned woman with no reputation, right? Otherwise, why wouldn't she dare to invite us in? "

Ning Ya immediately laughed sharply. Once it was true, even if Hsu Yan this fake wife survived, she would immediately become the laughing stock of the upper class!

" Why are you still a guest? Hsu Yan, come with me now."

Gu Yun was about to attack, but the coldness in Hsu Yan's eyes intensified. These two people were really difficult to deal with.

She walked out of the new house alive. The Zhan family servants were so shocked that they couldn't react in time, which was why they allowed her to enter and exit freely.

However, the woman's Qi was real. "I don't have any reason to do that. But if you anger the people inside, Little Mom, don't blame me for not warning you."

Even Gu Yun felt afraid when he heard that.

There were many rumors in the store that someone had once said bad things about Ninth Master Zhan outside. His tongue had been cut off and thrown onto the road, crushing him into meat paste.

The Zhan family could not be offended at all. It was definitely not baseless!

Ning Ya, however, was unwilling to walk in. She smiled and said, "Just take a look! You are already a member of the Zhan family. What's wrong with letting someone see your husband? Could it be that you are actually alone in your room? "

She was sure that Hsu Yan was lying. She rushed over and pushed open the villa's door.

Her actions were too sudden. When the bodyguard who was guarding made a move, the door was already half open!

Hsu Yan also held her breath, but no one expected that Ning Ya, who had been aggressive just now, suddenly froze on the spot like a zombie in a horror movie.

The woman was so scared that her face turned ashen on the spot, "Zhan... Zhan..."

The moment the door opened, a man wearing a gold Qilin mask and sitting in a mechanical wheelchair suddenly appeared.

The mask made it look terrifying and hideous! The man's narrow and noble phoenix eyes looked straight ahead through the gap in the mask! His sharp and threatening gaze revealed a malicious intent that all living things feared!

"How dare you disturb Ninth Master!"

Qii Zhan walked out from behind the wheelchair. The bodyguards and servants at the entrance of Zhan family all lowered their heads in fear.

Even Gu Yun was shocked! This frightening Ninth Master Zhan, not only rarely appeared in the outside world, but he could even kill people with just one look?

Only Hsu Yan was the only one, her big, spirited eyes.

What? This was the real \_\_\_ who teased her and the dog cave last night?

"Which one of you is blind to let your wife come out alone to blow the wind?"

Under the mask, a man's cold voice was heard.

The moment he spoke, the entire world seemed to freeze!
